The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

No. 188A.

The Committee on Railroads, to whom was referred on February 25, 1902, (Minutes, page 497) the annexed ordinance in favor of granting a franchise to operate a street surface railroad in the Borough of Queens to the Ocean Electric Railway Company respectfully

REPORT:

That, having examined the subject, they recommend for adoption the following resolution:

Resolved, That, in accordance with the provisions of section 74 of the Greater New York Charter, the said ordinance be and the same hereby is referred to the Board of Estimate and Apportionment to fix such sum as may be deemed an adequate compensation to The City of New York for the franchise sought for.

Whereas, The Ocean Electric Railway Company has presented to the Board of Aldermen of The City of New York its application in writing for its consent and for the grant of a franchise or right to use certain streets and highways in the Borough of Queens, in The City of New York, for railroad purposes, and for the construction maintenance and operation of a street surface railroad of standard gauge, to be operated by the overhead trolley system;

Now, therefore, in pursuance of the provisions of the Charter of Greater New York, it is

Resolved, That the following grant to the said The Ocean Electric Railway Company embodied in the form of an ordinance be published at least twenty days in the "City Record" and at least twice in two daily newspapers published in the city, to be designated by his Honor the Mayor, at the expense of the said applicant, to wit:

"Be it ordained by the Board of Aldermen of The City of New York as follows:

"That a grant of the franchise and right to use the certain streets and highways in the Borough of Queens, in The City of New York, hereinafter described, is hereby given to The Ocean Electric Railway Company, its successors, lessees or assigns, upon the terms and conditions hereinafter mentioned for the period of twenty-five years; and there is also hereby given to the said The Ocean Electric Railway Company, its successors, lessees or assigns, the right of renewal of said franchise and right to use said streets and highways for twenty-five years after the expiration of said original period of twenty-five years at a fair revaluation or revaluations, provided, however, that on the termination of the franchise and rights herein granted there shall be a fair valuation of the plant of the said The Ocean Electric Railway Company located in that portion of the streets and avenues hereinafter set forth, and such plant shall become the property of the city on paying the grantee such valuation. Such payment shall be at a fair valuation of said plant as property, excluding any value derived from the franchise. And the city shall have the option either to operate the plant and property aforesaid on its own account or to lease the said plant and property and the right to the use of the streets and public places in connection therewith for limited periods in the same or similar manner as it leases the ferries and docks.

"The following is a description of the streets and avenues covered by the franchise and right herein granted: Beginning at the termination of the existing tracks of The Ocean Electric Railway Company at or near the intersection of Broadway and South street in Far Rockaway in the Fifth Ward of the Borough of Queens and City of New York, and running from said point through, upon and along South street in an easterly direction to Grand View avenue at the point where said Grand View avenue intersects South street; running from thence along Grand View avenue, as opened or proposed to be opened, in a southerly direction, crossing Far Rockaway Inlet or Bay to the Atlantic Ocean. Also, from the point of termination of the existing railroad tracks on Washington avenue, so-called, in Rockaway Park on Rockaway Beach in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad tracks

of the New York and Rockaway Beach Railroad Company in what is now known as Hammels, in said Fifth Ward of the Borough of Queens and City of New York.

"Together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands for the convenient operation of said street surface railroad and for the accommodation of the cars of the said The Ocean Electric Railway Company which may be run over said railroad tracks by said The Ocean Electric Railway Company, its successors, lessees or assigns.

"And also consent and permission is hereby granted to said The Ocean Electric Railway Company, its successors, lessees and assigns, to the erection along the line of said extensions of the necessary apparatus and poles for stringing wires so that the cars of said The Ocean Electric Railway Company may be used and operated thereon by means or power of electricity.

"Provided, however, that said railroad shall be so built and at all times kept and maintained on the surface of the streets and highways aforesaid in safe and suitable condition and the surface of the street shall be restored to its former condition as soon as can be done.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall be entitled to fix and collect the following rates of fare as compensation for transporting any passenger thereon, to wit: five cents for passage over the whole of the line of said The Ocean Electric Railway Company, or any part thereof.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall keep and maintain the railroad and its property in the streets and highways aforesaid throughout the full term of this grant and shall give the public good and sufficient service.

"And the said The Ocean Electric Railway Company, prior to and as a condition of the making of this grant, shall enter into a binding agreement, to be duly executed by it, to pay to The City of New York three per centum of the net profits derived from the use of the tracks constructed by it upon the streets and highways hereinabove specified, after there shall have been first retained by said The Ocean Electric Railway Company, its successors, lessees or assigns, from such profits a sum equal to five per centum upon the amount expended to construct the railroad upon that portion of said streets and highways covered by this grant.

"And the consent of this Board of Aldermen is hereby given to the construction, maintenance and operation of the railroad aforesaid for the public use in the conveyance and transportation of persons and property in cars propelled by electric power, or some other desirable mechanical power other than steam, for compensation upon the surface of the streets hereinabove specified.

"And consent is hereby given to the construction of all necessary connections, switches, sidings, turnouts, turntables and stands in connection with said railroad necessary for the convenience and accommodation of passengers and for the convenient operation of said railroad." And it is further

Resolved, That the above ordinance be and the same is hereby referred to the Board of Estimate and Apportionment for its consideration and action. To the Honorable the Board of Aldermen of The City of New York:

The petition of The Ocean Electric Railway Company respectfully shows:

I. That your petitioner is a street surface railroad corporation, duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York entitled "The Railroad Law."

II. That, as such corporation, your petitioner is the owner of all the property, rights and franchises of The Rockaway Village Railroad Company, a domestic railroad corporation.

III. That your petitioner is now engaged in operating a street surface railway at Far Rockaway in the Fifth Ward of the Borough of Queens in The City of New York, and that your petitioner has obtained the consent of the Board of Railroad Commissioners of the State of New York to a change of motive power on the lines of said Rockaway Village Railroad from animal power to electricity or any other suitable motive power except steam.

IV. That your petitioner's railroad tracks in Far Rockaway aforesaid as now laid run from the railroad station along Central avenue to Lockwood avenue, along Lockwood avenue to the Turnpike road, or Broadway, and along the Turnpike road, or Broadway, to South street where they terminate. South street is a highway running parallel with the ocean front at Far Rockaway, and your petitioner desires to extend its said railroad tracks along South street to Grand View avenue and thence along Grand View avenue as projected, southerly to the ocean. Your petitioner's railroad is mainly used in the summer time by the public who desire to reach the beach at the ocean for bathing and purposes of recreation, your petitioner's railroad running from the station of the Long Island Railroad at Far Rockaway aforesaid, and being the only means of street railroad communication with the beach aforesaid. At present the public desiring to reach the ocean, after leaving your petitioner's cars, are obliged to walk for a long distance before they reach the water, and there is a public demand for an extension of your petitioner's railroad so that its passengers can be carried directly to the ocean front.

V. Your petitioner also desires to extend its lines of railroad track from their present termination on Washington avenue in what is known as Rockaway Park, by way of Eastern avenue to the Boulevard, and thence along the Boulevard through the Seaside, Hollands and Hammels districts to Park avenue in Hammels and along Park avenue to the present railroad right of way of the New York & Rockaway Beach Railroad Company. During the years 1900 and 1901, a rapid transit service has been operated by the overhead trolley system between Far Rockaway and Rockaway Park aforesaid, passing through Seaside, Hollands and Hammels aforesaid, and through Arverne as well. This trolley car service has been operated upon the right of way of the New York and Rockaway Beach Railroad Company, which company operates a steam railroad between Long Island City and Brooklyn and Rockaway Beach. Owing to the number of trains moved over said steam railroad tracks and the volume of passenger business using said trains, there are not sufficient facilities for the local rapid transit service between Rockaway Park and Far Rockaway. It is the desire of your petitioner to lay a double track from the termination of the existing street surface tracks on Washington avenue, Rockaway Park, and along Eastern avenue to the Boulevard in Hammels to what is known as Park avenue, thence along Park avenue to the right of way of the said steam railroad. These additional tracks will supply your petitioner with additional track room and enable it to move its cars safely and expeditiously and to accommodate the public desiring to travel between Far Rockaway and Rockaway Beach and intermediate points.

VI. For this reason your petitioner prays and makes application to the Board of Aldermen of The City of New York for its consent and permission to be granted to your petitioner, its successor, successors, lessees and assigns, to construct and maintain an extension of its present street surface railroad for the public use, through, upon and along South street from the intersection of the turnpike or Broadway to Grand View avenue, and from thence along Grand View avenue, as proposed, to the Atlantic Ocean; and from the present termination of the railroad tracks on Washington avenue in what is known as Rockaway Park, by way of Eastern avenue to the Boulevard, and thence along the Boulevard easterly to Park avenue; thence along Park avenue northerly to the right of way of the New York and Rockaway Beach Railroad Company; all in the Fifth Ward of the Borough of Queens in The City of New York, together with all necessary connections, switches, sidings, turn-outs, turntables, cross-overs, and suitable stands for the convenient operation of said railroad, and for the accommodation of your petitioner's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns; and also that consent and permission be granted to your petitioner, its successors, lessees and assigns, to the erection along the line of said extended railroad of the necessary apparatus for stringing wires, so that the cars of your petitioner may be used by the means or power of electricity.

Dated January 27, 1902.

THE OCEAN ELECTRIC RAILWAY COMPANY,

By Frank E. Hoff, Secretary.

PETITIONS AND COMMUNICATIONS.

No. 519.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—The undersigned would respectfully petition your Honorable Body for the grant of a permit to build, construct and operate a street railway for the purpose of carrying freight, beef, provisions and merchandise for the convenience of merchants and dealers in Wallabout Market, of the Borough of Brooklyn. The propelling power to be used is electricity. The track to commence on East avenue, Wallabout Market, twenty-five feet north of A street, in said Borough of Brooklyn, and thence running in a northwesterly direction to the bulkhead at Wallabout Basin, with the necessary switches appertaining thereto. The said road is to be built in compliance with the laws, regulations and ordinances of The City of New York and the approval of the Finance Department, and under the direction of the Commissioner of Highways and the Bureau of Markets. This road, when built, will not be detrimental to any interest, but, on the other hand, a great benefit to the merchants and dealers of Wallabout Market and all its patrons, besides being a source of revenue to The City of New York. The advantages of this system have been amply shown by those markets having special railroad facilities in various parts of the city, to wit: Fort Green, North Sixth street, Thirty-ninth street, East New York, Jamaica, Gansevoort, Manhattan and Westchester avenues. Wallabout Market desires the same facilities as are now enjoyed by the markets above named.

On the 18th day of January, 1901, a large majority of the persons interested in Wallabout Market petitioned the Comptroller for these facilities. A copy of the names of those who signed said petition is hereto annexed, the original being on file in the Finance Department of The City of New York.

Dated May 6, 1902.

Respectfully yours,

JOHN H. VREELAND,
CHARLES SMITH.

To the Board of Aldermen of The City of New York:

Gentlemen—We, the undersigned, owners of property fronting on Somers street, between Sackman street and Broadway, in the Borough of Brooklyn in The City of New York, respectfully petition that the assessment for the grading and paving of Somers street, from a point three hundred and seventy-five feet east of Stone avenue to Broadway, which was confirmed on the twentieth day of December, 1897, by the Board of Aldermen of the City of Brooklyn, be vacated and canceled, for the reasons that since the said assessment was laid the Eastern parkway has been extended across Somers street, thereby lessening the amount of paving to be done under the said assessment, and no part of the assessment has been paid in and that when the said street shall be paved we prefer that it be done under the existing laws providing for local improvements.

No. 522.

Whereas, By section 11 of title 19 of chapter 583 of the Laws of 1888, being the Charter of the City of Brooklyn, it is provided that the Common Council of said City may at any time before any contract shall be made for any local improvement referred to therein, cancel such assessment, and any and all proceedings had relating thereto, or to the improvement for which the same was laid, and that in case of such cancellation all moneys paid for or on account of such assessment shall be refunded to the person or persons who shall have paid the same, or to the legal representatives of such person or persons; and

Whereas, By section 46 of the Greater New York Charter, it is provided that all the powers and duties conferred or charged upon the Common Council of the City of Brooklyn, shall be exercised and performed by the Municipal Assembly of The City of New York, subject, nevertheless, to the power of approval or disapproval by the Mayor of said City as provided in said Charter; and

Whereas, The improvement known as the grading and paving of Somers street, from a point three hundred and seventy-five feet east of Stone avenue to Broadway, with trap block pavement, was such a local improvement as is referred to in the section of the Brooklyn Charter above cited; and

Whereas, By sections 7 and 8 of title 19 of said Charter, before any contract for such local improvement could be entered into, an assessment therefor must be laid and one-third of the amount thereof collected; and

Whereas, In said improvement of grading and paving Somers street, from a point three hundred and seventy-five feet east of Stone avenue to Broadway, with trap block pavement, such assessment was laid, but one-third thereof has never been collected and no contract has ever been entered into for such improvement, and no work has been done thereon.

Resolved, That the resolution of the Common Council of the City of Brooklyn, known as Resolution No. 54, for the meeting of June 21, 1897, relating to the grading and paving of Somers street, from a point three hundred and seventy-five feet east of Stone avenue to Broadway, with trap block pavement, and the resolution of said Common Council, known as Resolution No. 71, of the meeting of September 13, 1897, relating to the same subject, and the resolution known as Resolution No. 51, of the meeting of December 20, 1897, confirming the assessment for the said improvement, be and the same are each and every one rescinded; and that the said assessment for grading and paving Somers street, from a point three hundred and seventy-five feet east of Stone avenue to Broadway, and any and all proceedings had relating to said improvement be and the same are hereby canceled.

Resolved, That all moneys paid for and on account of said assessment be refunded to the person or persons who shall have paid the same or to the legal representative of such person or persons.

No. 523.

Howe & Hummel, Counselors-at-Law.

New York, April 30, 1902.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On behalf of Mr. Al. Hayman, proprietor of the Knickerbocker Theatre in The City of New York, we address your honorable body to secure from you the repeal of sections 540 to 544, inclusive, of the ordinances of The City of New York, which apply to what is well known as "theatre ticket speculators."

You are, of course, aware, by reason of the existence of these ordinances, which we propose hereinafter to demonstrate, were passed without any power in the city to give them legal effect, that a horde of men possess themselves of this so-called license, and prey on the adjacent theatres.

Letters from different persons on the subject of this nuisance have been published, and the New York Herald has particularly shown the manner in which theatre patrons have been waylaid and defrauded; and, as a result, theatre proprietors have by a special contract, endorsed on each ticket, adopted means which make the ticket valueless to any but the original purchaser. Mr. Hayman and Mr. Charles Frohman in their endeavor to get rid of this nuisance, refused admission to persons purchasing tickets from such speculators by placing on their premises large placards with notice that such tickets so purchased would not be accepted. They are compelled to put themselves to large expense by employing persons to watch these so-called speculators, and each night there are outbreaks in the vicinity of the theatres where there may be public demand to witness the entertainment there taking place, by "ticket speculators" claiming to possess rights by reason of your license.

The subject of the regulation by the theatres with reference to the contract on which the sale of the ticket at the box office is made, so well as the right of theatre managers to refuse admission or redemption of the ticket, has been raised in different cases, the latest being the decision by the Appellate Division of this Department affirming the refusal of the Supreme Court to enjoin our clients, Al. Hayman & Co., from the use of the placards and from refusing redemption of the tickets. In that case the Court unanimously decided the managers' contract on the ticket was a valid one and that the action of the theatre managers in refusing the tickets and using the placards, and warning intending purchasers not to buy from speculators, is lawful and justifiable, intimating that no right existed in the ticket speculators to turn the streets of The City of New York into shops for the sale of these theatre tickets.

In addition, there are decisions where the power of this city was held not to exist to an appropriation of the public streets for purposes such as the ticket speculators claim to have under their license.

See People ex rel. O'Reilly vs. The Mayor, 50 How. Pr., 279.

In this case, Supreme Court Justice Daniels reviewed the powers of the Common Council, where that body had authorized the occupation every Saturday night of Forty-second street and Ninth avenue, in this city, for the sale of market produce, and mandamus the Commissioner of Public Works to remove the obstructions and not permit their existence, notwithstanding the ordinance of the Common Council.

To the same effect is the case of

Ely vs. Campbell, 59 How. Pr., 333.

where Justice Van Vorst held the same proposition. Justice Barrett's opinion in the case of

The People ex rel. Bentley vs. The Mayor, 18 Abb. N. C., 123, and Mr. Justice Patterson's decision in

The People ex rel. Mollen vs. Newton, 20 Abb. N. C., 387.

define just how far the Common Council may act in conferring privileges.

Surely, under the circumstances, there can be no reason for the continuing among the ordinances of this city of this unnecessary and void provision, permitting persons to secure from The City of New York a license which fails to give the slightest legal protection and affords only an opportunity to those acting under such a valueless license, making of themselves general nuisances, so well as encumbrers of the public highways.

Yours respectfully,

HOWE & HUMMEL.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Corporation Counsel:

No. 525.

Law Department—Office of the Corporation Counsel.

New York, May 2, 1902.

To the Board of Aldermen:

Gentlemen—I have the honor to acknowledge the receipt of a resolution of your Board, adopted February 25, 1902, which is as follows:

"Resolved, That the Corporation Counsel be and he is hereby respectfully requested to inform this Board by what authority certain employees of the Bureau of Public Buildings and Supplies in the office of the President of the Borough of Brooklyn are compelled to purchase and wear uniforms in the discharge of their official duties."

Section 383 of the Charter provides that the President of the Borough "shall have power to appoint a secretary and such assistants, clerks and subordinates as he may deem necessary, if provision be made therefor by the Board of Estimate and Apportionment and the Board of Aldermen. The said secretary, assistants, clerks and subordinates shall hold office at the pleasure of the President, subject to the provisions of the Civil Service Laws. He shall, within the borough for which he shall have been elected, have cognizance and control * * * of the construction, repairs, cleaning and maintenance of public buildings * * * of the care and cleaning of all offices leased or occupied for public uses."

In my opinion, the President of the Borough of Brooklyn has authority to make such reasonable regulations concerning the duties for which his subordinates are appointed as he deems necessary for the more effective discharge of such duties.

Respectfully,

G. L. RIVES, Corporation Counsel.

Which was ordered on file.

No. 278—(G. O. No. 52).

The Committee on Public Education, to which was referred the preamble and resolutions presented to this Board at its stated session, March 11, 1902 (Nos. 278 and 279), and printed in the Minutes of that date, pages 1352 to 1362, inclusive, respectfully

REPORT:

That it has given careful consideration to the subject matter, and has held a public hearing at which many representative citizens were present. No one appeared to oppose the granting of the privileges asked for by the National Historical Museum.

We find this society is duly incorporated under the laws of the State of New York, and that among its officers, directors and membership are included many distinguished citizens whose names guarantee the high character of the association, and who are well known for their benevolence and philanthropy.

The objects designed to be accomplished by this society are educational and patriotic. It desires to establish and maintain a museum free to the public, where shall be exhibited relics of revolutionary and later times.

The building they desire to use for this purpose is known as the Old Hall of Records, which we learn was erected prior to the Revolution as a debtors' jail, and during the war was used by the British for the incarceration of many officers and soldiers of the Continental army. After the capture of Fort Washington, in Manhattan Island, on November 16, 1776, the prison was crowded with the unfortunate captives. The story of their inhuman treatment under the notorious Provost Marshal Cunningham, is one of the most tragic in the history of the Revolution, and is only equaled by that of the prison-ship martyrs.

This venerable structure is the oldest municipal building in the city. Although its exterior appearance had been changed somewhat by the addition of the porticos, the building is well preserved, and the old dungeons can readily be recognized in the basement.

In view of the evident general approval of the purposes of the National Historical Museum, the Committee on Public Education, without a dissenting voice, recommends to this Board for adoption the following:

Resolved, That the Commissioners of the Sinking Fund of The City of New York be requested to lease the historic building known as the Old Hall of Records, situated in City Hall Park, for a nominal amount not to exceed \$20 per annum, to the National Historical Museum, a society duly incorporated under the laws of the State of New York, to be used by said Museum for the free exhibition of the collection of relics now owned and which shall be hereafter acquired by this society.

That when this building shall be vacated and no longer needed for the purposes for which it is now used it be dedicated and set aside for the uses of the National Historical Museum, under the usual conditions of reversion to the city consequent upon failure on the part of said Museum to assume, maintain and enjoy the privileges herein granted, which privileges are limited to such rules and regulations as shall be exacted by the Commissioners of the Sinking Fund.

The said Commissioners shall have full power to enter into a contract with said National Historical Museum, which shall especially provide that the city shall be represented on the Board of Management of the Museum, and furthermore that the lease shall cease and determine at the pleasure of the city authorities, and that the building shall be used only for the purposes above set forth.

That all changes in the interior of the building, required by the Museum, shall be made under the supervision of the proper city authorities and at the expense of the said National Museum.

Whereas, There are in existence many valuable relics and documents of Colonial and Revolutionary days and of the time of the war of 1812, the Mexican war and the Civil war, of great interest to every patriotic American citizen, and especially to all interested in historical research, and which have been so scattered throughout the country that the masses have not had access to them, and for which they crave; and

Whereas, It is fitting that such objects should be collected and displayed, not merely for historical purposes, but also as a tribute to the memory of those noble patriots who founded, preserved and maintained our indissoluble Union, and also to inculcate the love of their country and a pride in its history among the youth of the nation and of this great city; and

Whereas, The National Historical Museum, with these ends in view, is founded, and has already secured a number of most interesting relics, dating from the earliest periods of our country's history down to and including our late great war, comprising more than two thousand valuable relics, among which are thirty-four battle flags, twenty-five pieces of artillery, embracing French, Spanish and English guns, dating far back into the seventeenth century; arms, armor and ammunition; specimens of all small arms and accoutrements used in the United Service, from the flint-lock to the modern rifle; specimens of projectiles; relics from Yorktown to Gettysburg; specimens of uniforms and equipments for both horse and foot; hundreds of Indian war trophies of great value and variety, from the most ancient days to the present time, including relics of the Custer massacre; relics of Washington, Jefferson, Adams, Gates, Lafayette, Hamilton, Jackson, Taylor, Scott, Lincoln, Grant, Calhoun, Anderson, McClellan, Sherman, Sheridan and Hancock; maps and plans of famous battles and campaigns; medals and coins; Colonial and Continental currency; natural curiosities; pictures and sculpture, including many photographs taken in camp during the late war; books, manuscript and autographs of great value, and innumerable collections equally interesting; rare and priceless objects and documents; and

Whereas, The National Historical Museum is anxious to tender for permanent free exhibition to the people of The City of New York these and further acquisitions already pledged, and others, such as may from time to time be acquired by or loaned to the Museum, and to permanently display them in such a manner that they may be seen at all times, free and without hindrance, by all the people of the city and of the nation; that it may be a safety deposit where those having precious relics may keep them and have access to them always, thus handing down from father to son their priceless family possessions; and

Whereas, The City of New York has a series of museums and free educational institutions, beginning with the Aquarium on the Battery, and including the Metropolitan Museum of Art and the American Museum of Natural History, and extending to the Zoological and Botanical Gardens in Bronx Park; and

Whereas, It is the purpose of the organization known as the National Historical Museum to place these invaluable relics on public exhibition for the education and elevation of the people of The City of New York and of the country, and to thereby inculcate and instill the spirit of patriotism, which is the foundation and essence of good citizenship; and

Whereas, The Old Hall of Records and Register's Office is the oldest and most historic public building in the city, having been erected in the middle of the last century and used as a jail for the confinement of American officers held as prisoners of war by the British during the Revolution, and because of its subsequent history so prominently associated with many of the most striking of local events; and

Whereas, The Old Hall of Records and Register's Office in the City Hall Park is shortly to be vacated, and is by its location, structure and architecture peculiarly fitted to such a purpose; be it and it hereby is

Resolved, That said building be and hereby is dedicated, granted and set aside, as soon as vacated, for the free exhibition of the collection of relics already and hereafter to be acquired by or loaned to the National Historical Museum, under the usual conditions of reversion to the city consequent upon failure on the part of said Museum to assume, maintain and enjoy the privileges hereby granted; which privileges are limited to such rules and regulations, however, as may be exacted by the Commissioners of the Sinking Fund; the said Commissioners to have full power to enter into a contract which shall especially provide that the city shall be represented on the Board of Management, and, furthermore, that the Old Hall of Records is to be used for the purposes of said Museum only during the pleasure of the city and not in perpetuity.

Whereas, Amos J. Cummings won the profound gratitude of the labor organizations throughout the world while his no less arduous efforts as Chairman of the Naval Committee of the House of Representatives contributed in no light measure to our own successes on the ocean. His sterling character, his lovable nature, his brilliant literary attainments and his unswerving patriotism made his name a household word throughout the nation, therefore be it

Resolved, That we, the members of the Board of Aldermen of The City of New York, hereby deplore the demise of the Hon. Amos J. Cummings and tender to his widow our sincere sympathy in her sad bereavement.

Whereas, Death has overtaken the Hon. Conrad H. Hester while yet in the prime of life and with the hope of years of usefulness still before him, and

Whereas, As a member of the Council of the Municipal Assembly, during the years 1898, 1899, 1900 and 1901, the Hon. Conrad H. Hester endeared himself to his colleagues and his early demise awakens keen regret among thousands of friends, therefore be it

No. 535.

By Alderman Parsons—

Whereas, God in his omnipotent wisdom has called to himself Michael Augustine Corrigan, Archbishop of New York, distinguished prelate, incorruptible patriot, and tender shepherd to a flock numbering a million people; and

Whereas, His conservative and enlightened influence was always strenuously exerted for good in behalf of his native country and of The City of New York, which he loved so well; the high status enjoyed by him in the church of which he was so noble an exemplar; his abstemious, frugal life and his wide and universal charity to all made him, if not the most conspicuous, at least one of the greatest characters in this metropolis of the Western hemisphere; therefore be it

Resolved, That we, the members of the Board of Aldermen of The City of New York, mindful of the courageous, heroic and patriotic sacrifices of the Most Reverend Michael Augustine Corrigan, of the Diocese of New York, hereby express our admiration and appreciation of his unsullied life, his ever outstretched hand to charity, and his patient bearing with the long suffering and afflicted; and deem him a meet and worthy successor to the militant and noble John Hughes, first Archbishop of New York, and his gracious eminence the late Cardinal John McCloskey, and hereby give utterance to our sincere sorrow at his early death; and be it further

Hatfield Avenue, Third Ward.

Sewer to connect with Harrison avenue.

The Acting Superintendent of Sewers, representing the Commissioner of Public Works, stated to the President and the Board that the connection of a sewer in Hatfield avenue with the sewer in Harrison avenue would not be a good engineering work; that the proper outlet of a sewer in Hatfield avenue is by the sewer in Nicholas avenue, and that an obstacle to this connection exists in two lots of land through which Hatfield avenue had not been opened to Nicholas avenue.

President Cromwell advised the petitioners to file a new petition for the opening and extension of Hatfield avenue to Nicholas avenue, and,

On motion of Alderman Shea,

The petition was referred to the Commissioner of Public Works for investigation and report.

Sunken Lots.

In reply to questions concerning complaints of sunken lots on St. Mary's avenue, Rosebank, in the Fourth Ward,

President Cromwell related his reference of the cost of filling in such lots to the Commissioner of Health, and his failure thus far to learn from what fund the cost of such work could be defrayed.

Former Petitions.

Alderman Maloy asked for information concerning a resolution adopted by the Board relating to a sewer in Slight street, in the Third Ward, and was informed that action had been taken by the former Board of Public Improvements, and that the Bureau of Sewers is ready to advertise for bids for construction.

The Board was asked for information concerning a petition for flagging Second street, in the First Ward, and President Cromwell said he would look up the status of the petition.

On motion, the Board adjourned.
