Passed June 24, 1881; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section four of chapter four hundred and forty-five of the laws of eighteen hundred and seventy-seven, as amended by chapters twenty-eight and five hundred and sixteen of the laws of eighteen hundred and seventy-nine, and, as thus amended, entitled "An act to provide a further supply of pure and wholesome water for the city of New York, and to provide for perfecting and perpetuating the right and title of the city of New York to property, water, water-rights, and privileges heretofore taken or used, or which may be hereafter taken or used, by said city to increase the supply of pure and wholesome water for the use of said city, and to provide for the payment and extinguishment of all claims or damages growing out of such taking or using," is hereby amended by adding thereto the following subdivision:

9. Whenever there shall be one or more of the estates, enumerated in article one of title two of chapter one of the second part of the Revised Statutes, entitled "Of the creation and division of estates," in any real estate, as the term real estate is defined in this act, required by the city of New York for the purpose of this act, such estate and real estate may be acquired by said city by means of the special proceedings authorized by this act.

In every such case the commissioner of public works, in addition to the statements now required by the said act, shall set forth and state in his petition the facts, so far as the same can with reasonable diligence be ascertained, in relation to any such estate, and the person, persons, or class of persons then in being or not in being, who are or may become entitled in any contingency to any estate as aforesaid in such real estate, and may pray that such estate may be acquired and such persons may be bound by the said proceedings; and thereupon the court to whom such petition is presented, if there be no attorney appearing in their behalf, shall appoint some competent and disinterested attorney or officer of the court to appear in such proceedings and represent the rights, interests, and estate of the person, persons, or class of persons aforesaid in such real estate, and to protect the same on the appraisal and proceedings aforesaid; and it shall be the duty of the court, on or after the confirmation of the report of appraisal, to ascertain by such report or by a reference for that purpose or otherwise, in its discretion, the rights, interest, and estate of such person, persons or class of persons, in the real estate so appraised and in the compensation awarded therefor, and to make an order determining the amount of share of such compensation to which such person, persons, or class of persons are or may become entitled on account of such estate, as the same shall arise or become vested in them respectively, and to direct and to provide for the payment, investment or securing thereof, for the benefit of the person, persons, or class of persons aforesaid, who are or who may, in the contingency upon which such estate arises, become entitled thereto; upon the payment or deposit by the comptroller of the city of New York of the sums to be paid for the acquisition of such real estate in the manner provided in section eight of this act, and in the manner directed by order of the court the said commissioner of public works, for and in behalf of the said the mayor, aldermen, and commonalty of the city of New York, shall be entitled to enter upon, take possession of, and use the said real estate for the purposes indicated in this act, and such person, persons, or class of persons as are or may become entitled to such estate shall be barred of and from all right or claim in and to such land adverse to its use and occupation by the said commissioner or by the said, the mayor, aldermen, and commonalty.

Sec. 2. This act shall take effect immediately, and the provisions hereof shall apply to all special proceedings heretofore brought, under chapter four hundred and forty-five of the laws of eighteen hundred and seventy-seven, and the various acts amendatory thereof, and which shall not be completed at the date of the passage of this act.

## CHAPTER 587.

AN ACT to amend chapter three hundred and sixty-seven of the laws of eighteen hundred and eighty, entitled "An act for the better laying out and improving of that portion of the city of New York between Tenth avenue and Avenue Saint Nicholas and One Hundred and Thirty-eighth street, continued, and the lands of the Academy of the Sacred Heart, and One Hundred and Thirty-fifth street continued," and to extend the area embraced within the provisions of said act, to One Hundred and Forty-third street continued on the north, and One Hundred and Thirty-third street continued on the south.

Passed June 25, 1881; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section one of chapter three hundred and sixty-seven of the laws of eighteen hundred and eighty, entitled "An act for the better laying out and improving of that portion of the city of New York, between Tenth avenue and Avenue Saint Nicholas, and One Hundred and Thirty-eighth street continued, and the lands of the Academy of the Sacred Heart and One Hundred and Thirty-fifth street continued," is hereby amended to read as follows:

§ 1. The commissioner of public works of the city of New York shall, within two years from the date of this act, lay out and establish a street of the width of not less than sixty feet running from Tenth avenue at or opposite One Hundred and Thirty-eighth street to Avenue Saint Nicholas, with such windings and turnings, courses and directions as in his judgment may best serve to promote the interest of the city and the owners of property affected thereby, in that section of the city bounded northerly by a continuation easterly from Tenth avenue to Avenue Saint Nicholas of the northerly line of One Hundred and Forty-third street, westerly by Tenth avenue, easterly by Avenue Saint Nicholas, and southerly by the northerly and north-easterly line of the lands of the Female Academy of Sacred Heart and the southerly line of One Hundred and Thirty-third street extended and continued westerly from the Avenue Saint Nicholas until it meets the said north-easterly line of the said lands of the said academy. And the said commissioner of public works is authorized to make such changes and alterations in the map or plan of the said portion of the said city by abandoning, closing, extending, widening or narrowing the existing streets, avenues or roads to such extent as may be necessary in order to properly conform to the new street authorized to be laid out by the provisions of this act. And he shall cause to be made a map of the said street, which in addition to said street shall show such changes and alterations of streets, avenues or roads, or portions thereof, as may be required as aforesaid. The said map shall be signed by said commissioner and filed in the department of public works of said city, and copies thereof certified by said commissioner shall be filed in the office of the secretary of state and of the register of the city and county of New York, and from the day of its filing it shall be conclusive upon the mayor, aldermen and commonalty of the city of New York, and any and all persons whomsoever.

Sec. 2. The street shall be opened and the lands necessary therefor acquired upon the application of the commissioner of public works, who shall make such application immediately upon the filing of said map for and on behalf of the mayor, aldermen, and commonalty of the city of New York in like manner as is now provided by law for opening other streets, avenues or roads in said city, but nothing in said laws contained shall authorize the discontinuance of such proceedings. The streets, avenues and roads, and the portions thereof designated on said map as closed and abandoned may be closed by order of the supreme court upon the application of the commissioner of public works for and on behalf of the mayor, aldermen and commonalty of the city of New York in like manner as is now provided by law for closing streets, avenues and roads in said city, and it shall be lawful to unite in one application or proceeding the opening of the said street, and the closing of any and all streets, avenues and roads designated upon said map as closed, or such parts thereof as it may be deemed best to close, and which intersect or lie adjacent to the said new street or avenue proposed to be opened in said proceeding.

Sec. 3. When the said street so laid out shall be opened as aforesaid, the said commissioner shall have the power to fix the grades thereof, and to change the existing grades of intersecting or contiguous streets, avenues or roads, so far as in his judgment may be necessary to secure a conformity of grades of all such streets, avenues and roads, with the grade of the new street laid out as provided in this act, and the said commissioner of public works shall within three months after the opening of the said street cause a map showing the grades thereof, and of the intersecting and contiguous streets, avenues and roads, so far as changed, to be made and filed in the department of public works, and copies thereof certified by said commissioner shall be filed in the office of the secretary of state, and the office of the register of the city and county of New York, and the said maps, when so filed, shall be in all respects final and conclusive upon the mayor, aldermen and commonalty of the city of New York, and upon all persons whomsoever, and shall thereafter be changed only by ordinances of the mayor, aldermen and commonalty of the city of New York, upon the petition of the property owners as now provided by law for changes of grades in other portions of said city.

Sec. 4. When title to such lands for the new street to be laid out under the provisions of this act, necessary therefor, shall have been acquired, the commissioner of public works shall as soon as practicable proceed to open said new street, and render and make it fit for travel by regulating, grading, paving or macadamizing or otherwise improving it or in any way or by any other process or means which he may deem best for the convenience of the public, and in his discretion curb, gutter, and flag the same and the sidewalks thereof, and at the earliest practicable time throw the same open for public use, and no ordinances of the common council, or other authority than such as is conferred by this act shall be necessary to authorize him to proceed forthwith with such work, all such work, and the materials thereof, to be done and procured by one or more contracts made at public letting in the manner provided by section ninety-one, chapter three hundred and thirty-five of the laws of eighteen hundred and seventy-three, except that the said commissioner is authorized to appoint such engineers or such other persons as he may deem proper to make the necessary surveys, estimates, plans, and specification, and supervise the construction of the work herein mentioned to be done by said commissioner, and the expense thereby incurred shall be included in the assessment of the work. It shall be the duty of the said commissioner of public works to transmit to the board of assessors of said city of New York, upon the completion of said works, or any portion thereof, as the said commissioner may deem advisable, his certificate of the expenditures incurred upon the same by him under the provisions of this act, and the proceedings of laying and collecting assessments for work so certified shall be pursuant to the laws now or hereafter in force for laying and collecting assessments for local improvements in said city; assessments which are authorized for the expense of any work or materials procured, or service rendered under this act, may be laid separately, from time to time, upon the receipt by the said board of assessors of such certificate of the said commissioner.

Sec. 5. To provide for the expense of surveying, laying out, monumenting, mapping and the preparation of plans in conformity with the powers and duties provided by this act, and to provide for the expense of surveying and the preparing of maps necessary for opening and acquiring the said new street to be laid out under the provisions of this act, such sum of money, not exceeding four thousand dollars, as the board of estimate and apportionment may deem necessary, shall be by them appropriated, and the comptroller of said city shall certify to the board of aldermen of the said city the amount so appropriated, in addition to the final appropriation for the current year, and such sum shall be included in the amount levied and raised by taxation to pay the expense of conducting the public business of said city of New York for the year eighteen hundred and eighty-one.

Sec. 6. Nothing in this act shall be taken to authorize the laying out, opening or construction of any street, avenue or road through any cemetery.

Sec. 7. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

Sec. 8. This act shall take effect immediately.

## CHAPTER 639.

## JURORS.

## NOTICE IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, July 1, 1880.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.  
Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.  
Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.  
All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.  
Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).

DEPARTMENT OF DOCKS,  
117 AND 119 DUANE STREET,  
NEW YORK, August 20, 1881.

## TO CONTRACTORS.

(No. 142.)

PROPOSALS FOR ESTIMATES FOR DREDGING AT THE FOOT OF WEST THIRTY-SEVENTH STREET, NORTH RIVER, AND AT THE FOOT OF EAST TWENTY-SECOND STREET, EAST RIVER.

ESTIMATES FOR DREDGING AT THE ABOVE named places on the North and East rivers, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M. of

THURSDAY, SEPTEMBER 1, 1881,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates. The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Twelve Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged, in order to secure at each of the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

ON NORTH RIVER.

Foot of West Thirty-seventh street, . . . 8,600 cubic yards.

ON EAST RIVER.

Foot of East Twenty-second street, . . . 4,500 cubic yds.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received: 1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of their estimates, dispute or complain of such Engineer's estimate or statement, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price tendered, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The places at which the dredging is to be done under this contract will be cleared by the Department of Docks for such dredging, and the contractor will be prepared and required to work two dredges, provided both places are made ready by the Department for dredging at the same time.

The work to be done under the contract is to be commenced within five days after the date thereof, and all the work to be done under the contract is to be fully completed on or before the 20th day of September, 1881, or within as many days thereafter as there may have been days when there was not at least one place ready for dredging under the contract, through failure of the Department of Docks to cause such place to be cleared for the dredging to be carried on; and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the fulfillment thereof has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law, and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price per cubic yard for doing such dredging, in conformity with the approved form of contract and the specifications therein set forth; by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of a service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to

the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Commissioners of the Department of Docks.

Each estimate must contain the name and place of residence of the person making the same; the names of all persons interested with him therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud; that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the

consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk who has charge of the estimate box, and no estimate can be deposited in said box until such checks or money have been examined by said officer or clerk and found correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at twenty dollars per day.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract for five days after written notice that the same has been awarded to him or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give proper security, for five days after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. #### NOTICE TO TAXPAYERS.

#### RELATING TO THE PAYMENT OF UNPAID TAXES, ASSESSMENTS, AND CROTON WATER RENTS.

THE COMPTROLLER OF THE CITY OF NEW YORK hereby gives notice to owners of real and personal estate in this city, that all unpaid taxes, assessments, and Croton water rents may now be paid with interest thereon at the rate of seven per cent. per annum, as provided by chapter 33 of the Laws of 1881, which is as follows:

#### CHAPTER 33.

AN ACT relative to the collection of taxes and assessments, and of arrears of taxes and assessments, and Croton water rents, in the City of New York.

(Passed March 16, 1881; three-fifths being present.)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. If any taxes of any year shall remain unpaid on the first day of November, after the assessment-rolls and the warrants to collect such taxes have been delivered to the Receiver of Taxes in the City of New York, it shall be the duty of said Receiver to give public notice, by advertisement for at least ten days in two of the daily newspapers, and in the CITY RECORD, printed and published in said city, respectively, that unless the same shall be paid to him at his office on or before the first day of December, in any such year, he will immediately thereafter proceed to collect such unpaid taxes, as provided in the following section of this act:

Section 2. If any such tax shall remain unpaid on the said first day of December, it shall be the duty of the said Receiver of Taxes in said city to charge, receive, and collect upon such tax so remaining unpaid on that day, in addition to the amount of such tax, one per centum on the amount thereof; and to charge, receive, and collect upon such tax so remaining unpaid on the first day of January thereafter, interest upon the amount thereof at the rate of seven per centum per annum, to be calculated from the day on which said assessment-rolls and warrants shall have been delivered to the said Receiver of Taxes to the date of payment.

The same rate of interest shall be so charged and collected upon any tax levied in the year eighteen hundred and eighty, remaining unpaid at the date of the passage of this act.

Section 3. All existing provisions of law which impose a charge and require the collection of interest at the rate of twelve per centum per annum upon arrears of taxes on real and personal estate within the City of New York, upon arrears of assessments for local improvements and street openings in said city, and upon arrears of Croton water rents in said city, are hereby repealed; and in lieu of such charge of interest at the rate of twelve per centum per annum, there shall be charged and collected by the officer authorized to collect and receive any such arrears of taxes and assessments and Croton water rents, interest upon the amount thereof at the rate of seven per centum per annum, to be calculated for the same period as interest at the rate of twelve per centum per annum is now required by law to be calculated thereon. This provision shall apply to taxes, assessments, or Croton water rents remaining unpaid and due, for the non-payment of which the lands and tenements liable therefor shall be hereafter sold at public auction as now provided by law; provided, however, that nothing in this act shall be construed to affect the rights of purchasers at sales for taxes, assessments, or Croton water rents, heretofore made, or to authorize the redemption of lands and tenements from sales heretofore made for any lesser sums than the sums collectible for such redemption under the provisions of existing laws.

Section 4. It shall be the duty of the Comptroller of the City of New York to give public notice, by advertisement, for at least ten days, in the CITY RECORD, printed and published in said city, immediately after the confirmation of any assessment for a local improvement or street opening in said city, that the same has been confirmed specifying the title of such assessment and the date of its confirmation by the Board of Revision and Correction of Assessments in proceedings for local improvements, and

by the Supreme Court in proceedings for street openings, and also the date of entry in the record of titles of assessments kept in the Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Croton water rents, notifying all persons, owners of property affected by any such assessment, that, unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of any such assessment, interest shall thereafter be collected thereon as provided in the following section of this act, and all provisions of law or ordinance requiring any other or different notice of assessments and interest thereon are hereby repealed.

Section 5. If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said record of titles of assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect, and receive legal interest thereon, at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment.

Section 6. This act shall take effect immediately.
