NEW YORK, FRIDAY, FEBRUARY 7, 1890.

NUMBER 5,089.

DEPARTMENT OF DOCKS.

A meeting of the Board of Docks of the City of New York, held at the office of the Board, Pier "A," Battery place, Thursday, January 23, 1890.
Present—President Post.
" Commissioner Matthews.
" Cram.

Theodore F. Tone appeared before the Board and submitted a written communication, requesting that instead of the Department building a pier three hundred and seventy-five feet long at the foot of One Hundred and Thirty-third street, North river (which, if built, he claims, will interfere with the carrying on of his coal business, owing to the lodging of ice against his bulkhead north of West One Hundred and Thirty-third street); that two short piers be built, one at One Hundred and Thirty-third street, and one at One Hundred and Thirty-fourth street, North river.

After listening to Mr. Tone and informing him that the Board will have a pier built at One Hundred and Thirty-fourth street, North river, his communication was ordered to be placed on file. Edmund L. Baylies, attorney and counsellor-at-law, representing certain owners of wharf property and rights between Twenty-eighth and Twenty-ninth streets and Twenty-ninth and Thirtieth streets, North river, appeared before the Board and submitted an offer to sell to the City the rights of the owners he represented for \$300 a front foot.

Commissioner Cram moved that this Board offer, subject to the approval of the Commissioners of the Sinking Fund, \$150 a front foot for the entire riparian rights of the owners represented by Mr. Baylies, which was decided in the negative by the following vote:

Negative—President Post, Commissioner Matthews.

Affirmative—Commissioner Cram.

On motion of President Post, Mr. Baylies was requested to submit his application to sell the rights of the owners represented by him in writing.

The minutes of the meeting held Thursday, January 16, 1890, were read and adopted.

On motion of President Post, the two resolutions of last meeting—one, directing the Engineer-in-Chief to build a pile-driver with the force under his control, and the other, directing him to report why the plans, specifications and form of contract for building Pier, new 58, North river, are not ready, together with Secretary's Orders Nos. 9777 and 9778, issued in pursuance thereof, are hereby canceled and annulled, which was adopted by a unanimous vote.

John Cox appeared before the Board, regarding the payment of his estimate, under Contract No. 315, made with him by this Department for paving the reclaimed land between West Seventy-sixth and West Eightieth streets, North river. Mr. Cox was informed that the Board will try to have his estimate completed as soon as possible.

Mr. Andrew Reed appeared before the Board in regard to the application of the National Line for permission to erect a stationary derrick on Pier new 39, North river.

On motion of Commissioner Cram, permit was granted on the usual terms and conditions by a unanimous vote.

The Secretary reported to the Board that Van Tassel & Kearney, auctioneers, had sold at public auction in the Board room at Pier "A," Battery place, Wednesday, January 22, 1890, at 12 o'clock noon (a notice of said sale having been regularly published in the CITY RECORD, the official journal of the City of New York, for ten days consecutively), the right to collect and retain all wharfage which may accrue for the use and occupation by vessels of more than five tons burden, at the following-named piers and bulkheads, on the North, East and Harlem rivers, for a term of five years from February 1, 1890, to the highest bidders therefor as named below, and at the prices stated opposite each lot respectively, to wit:

ON THE NORTH RIVER.

Lot 1. Pier at West Sixteenth street. Upset price, \$1,000. Sold to Bernard Campbell for \$1,000 per annum.

ON THE EAST RIVER.

Lot 2. One undivided ninth part of Pier 42. No upset price was fixed for this lot. There being no bid the offering was withdrawn.

Lot 3. Bulkhead at Twentieth street. Upset price, \$500. Sold to H. L. Herbert for \$500 per annum.

ON THE HARLEM RIVER.

Lot 4. The pier at the foot of East One Hundred and Seventeenth street. Upset price, \$600. Sold to Brian G. Hughes for \$725 per annum.

Lot 5. The bulkhead about sixty feet in length across the foot of East One Hundred and Thirty-seventh street; the same being about one hundred and ninety feet distant from Madison avenue. Upset price, \$200. Sold to Bernard Campbell for \$200 per annum.

Whereupon the President offered for adoption the following resolution:

Resolved, That the sale of the right to collect and retain all wharfage which may accrue for the use and occupation by vessels of more than five tons burden at the several lots of wharf property and upon the terms and conditions as reported by the Secretary to this Board, is hereby confirmed and approved, and the officers of this Board are hereby empowered to execute the necessary leases therefor, as prepared and in the form approved by the Counsel for the Corporation.

The above resolution was read and unanimously adopted.

The following communications were received, read, and ordered to be placed on file.

From Thomas F. Gilroy, Commissioner of Public Works—Stating that orders have been issued for the removal of hydrant from foot of East Sixteenth street to the foot of East Fourteenth street, as requested.

From Carl Jussen, Secretary of the Fire Department—In reply to our communication of the 10th instant, respecting a permit for the storing of combustibles and advising that the said permit was issued to this Department, January 13.

The Secretary presented the following communication from Chief Clerk Francis E. Moon, which was received and read, as follows:

CITY OF NEW YORK—DEPARTMENT OF DOCKS,
PIER "A," N. R., BATTERY PLACE,
NEW YORK, January 18, 1890.

Honorable Commissioners of the Department of Docks:

GENTLEMEN—As the Auditing Committee refuse to sign its report of January 15th, as regards claims Nos. 11066 and 11070, I respectfully ask to be instructed further in the matter, so that I may know what disposition to make of the remainder of the claims on said report.

Your obedient servant,

FRANCIS E. MOON, Chief Clerk.

The President desired to know what action the Board proposed taking upon the report of the Chief Clerk, just read, and also whether he was correct in stating that the Auditing Committee had refused to sign their report. He inquired of Commissioner Cram, as one of said committee, if he had refused to sign.

Commissioner Cram replied that he was not satisfied as to whether the purchases were made at the lowest market price, adding that until so satisfied he would not sign.

Commissioner Matthews asked the Commissioner if he was prepared to say what an excessive price would be.

Commissioner Cram replied that under an opinion of the Counsel to the Corporation this Board has the power, provided they obtain a unanimous vote, to buy materials otherwise than by contract, but, he added, as long as I am here I do not propose that they shall again obtain a unanimous vote to buy materials in that way.

The President moved that the matter be referred to Commissioner Cram, and at the next meeting he shall give satisfactory reasons why this report shall not be signed.

Commissioner Cram considered that resolution out of order, as the subject matter was already before him.

The President stated that some disposition must be made of the report of the Chief Clerk.

Commissioner Cram desired to know by whose direction the Chief Clerk made this report.

The President, in reply, stated that he had instructed him to do so.

Commissioner Cram replied by saying, that is really then, a report of Commissioner Post.

The President considered that remark quite out of place, and thereupon moved that the matter be laid upon the table, which was carried.

The application of L. M. Allen, Agent of the New York and Northern Railway, for permission to erect and maintain a fence eight feet high around three sides of platform at bulkhead, west of Pier 40, East river, together with canvas tarpaulin over said platform, was received and together with the report of the Engineer-in-Chief in reference thereto, was upon motion of the President laid on the table by the following vote:

Affirmative—President Post, Commissioner Matthews.

Negative—Commissioner Cram.

From Manhattan Electric-light Company, Limited—Acknowledging receipt of communication from the Department dated 16th instant and stating that the same will receive immediate attention.

From John A. McCarthy, Wharfinger—Desiring lease of wharf property now known as Pier 60, together with the bulkheads between Piers 60 and 61, East river, for a term of five years at an annual rental of \$1,200. The Secretary was directed to notify the applicant that it is not in the power of this Department to grant his application.

From Adam E. Schatz, attorney and counsellor-at-law—Requesting to be informed if the records of the Department show the existence at one time of a dock on the East river known or designated as "Mabee's Dock," and if so, requesting the names of the owners and the time during which they owned. The Secretary was directed to furnish the information required.

From Fearon & Jenks—Notifying this Department that they will commence the work of repairing pier foot of Twenty-sixth street, East river, on the 20th instant, in accordance with their contract, No. 320.

From C. K. Gracie—Submitting a renewal of application for appointment in this Department as an Assistant Engineer.

On motion of the President, the said application was laid over until an executive meeting.

From "Red D Line"—Requesting permission to dredge slip east side of Pier 36, East river. The action of the President and Commissioner Matthews in issuing a permit was approved.

From P. D. Ackerman & Bro.—Requesting permit to extend office on Pier 39, East river, five feet.

On motion of Commissioner Cram, permit was granted on usual terms and conditions.

From A. B. Johnson & Co.—In relation to the proposed improvement on the north side of their bulkhead foot of East Ninety-sixth street, and stating that if the said work is commenced before completing pier foot of East Ninety-fifth street, it will seriously interfere with their business.

On motion of the President, the communication was laid over until the next meeting.

From Col. R. N. Batchelder per Fearon & Jenks—Requesting permit to drive twenty oak fender-piles on westerly side of Pier 3, East river. The action of the Secretary, in advising that permit was granted on the 14th instant, was approved.

From James Cruikshank—Requesting permit to repair outer end (west side) of Pier 4, East river.

On motion of Commissioner Cram, permit was granted on usual terms and conditions.

From Anning & Smith—Requesting permit to drive three oak fender-piles in place of three that are broken on Pier 24, East river (west side).

On motion of Commissioner Cram, permit was granted on usual terms and conditions.

An Executive session of the Board was then convened.

The Secretary reported having received a communication from Frank P. Rush, Clerk, requesting that his application for an increase of salary, dated November 16, 1889, be taken from the table and presented to the Board for final action.

On motion of the President, the said communication was thereupon taken from the table, and his application for an increase of salary was denied, by the following vote:

Affirmative—President Post, Commissioner Matthews.

Negative—Commissioner Cram.

The Secretary reported having received a communication from Berthold Sommer, Clerk, requesting that his application for an increase of salary, dated October 18, 1889, be taken from the table and presented to the Board for final action.

On motion of Commissioner Cram, the salary of Berthold Sommer, Clerk, was increased to one hundred dollars per month to take effect February 1, 1890, by the following vote:

Affirmative—President Post, Commissioners Matthews and Cram.

From Ocean Steamship Company of Savannah—Submitting revised plan for making alterations in the doorways and bridges on Pier, new 35, North river, and requesting authority to proceed with the work in accordance therewith.

On motion of President Post, permit was granted on the usual terms and conditions.

From Bangs, Stetson, Tracy & MacVeagh, attorneys and counsellors-at-law, No. 45 William street—Requesting the production of certain letters on file in this Department to be used in evidence in an action pending in Part I., Court of Common Pleas.

From Kane & Wright, lessees of bulkhead foot of East One Hundred and Fifth street—Complaining of the action of Messrs. Hall & Sons in presenting bills to boatmen claiming half wharfage for the use of said bulkhead.

On motion of the President, the Secretary was directed to notify them that as far as the lease of the premises is concerned, the Department will see that they are kept in the possession of their rights in the proper way.

From Department of Street Cleaning—Requesting dredging in the slips foot of Rutgers street, East river, and Nineteenth street, North river.

On motion of the President, referred to the Engineer-in-Chief to examine and report.

From W. W. Brinkerhoff—Offering to supply the Department with copies of bills as introduced in the State Legislature during the ensuing session, for the sum of thirty dollars.

On motion of Commissioner Matthews, the aforesaid proposition was unanimously accepted.

From John J. Martin, Dock Master—Advising that in his opinion permit should be granted to Henry Ostendorf to place a derrick foot of West Ninety-sixth street.

On motion of Commissioner Cram, referred to the President to examine and report.

From Consolidated Gas Company—Requesting permission to dredge between Twenty-first and Twenty-second streets, East river, to a depth of fifteen feet.

On motion of Commissioner Cram, the said permit was granted, on the usual terms and conditions.

From William H. Clark, Counsel to the Corporation:

1st. In reply to communication from this Department dated the 10th instant, and advising that in his opinion the Department will not be able to obtain the use of the premises approaching Pier, new 57, North river, within the next six months.

2d. Requesting additional information respecting the claim against Wade & Benner. The Secretary was directed to send the witnesses to the Counsel to the Corporation.

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
NO. 2 CITY HALL,
NEW YORK, February 5, 1890.PROPOSALS FOR FURNISHING
STATIONERY FOR THE USE
OF COURTS AND DEPART-
MENTS OF THE GOVERNMENT
OF THE CITY OF NEW YORK.

TO STATIONERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Stationery, Paper, Ink, Pens, Pencils, Penholders, Rubber Bands, etc., will be received at the office of the Mayor, in the City of New York, until 12 o'clock M. of Monday, the 17th day of February, 1890, at which place and time said estimates will be publicly opened and read.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Stationery," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate, full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by

him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

Separate contracts will be made with the lowest bidder for each and every class of Stationery and for each separate item involving an expense of more than five hundred dollars.

The stationery is to be put up in packages according to schedules to be furnished to the contractors by the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the City Record within fifteen days from the execution of the contracts.

The person or persons to whom the contract may be awarded will be required to attend at the office of the Department of Public Works, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work shall be re-advertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioner of Public Works may designate.

N. B.—Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required to state, in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same purpose, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, or Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two or more householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller after the award is made and prior to the signing of the contract.

For the nature and extent of the work to be done bidders are referred to the specifications hereunto annexed, and the plans and drawings therein mentioned, which can be seen at the office of Thom. No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned

to the persons making the same within three days after the contract is awarded. SEALED BIDS OR ESTIMATES FOR THE following-mentioned work, with the title of the work and the name of the bidder indorsed thereon, will be received by the Department of Public Parks at its offices, Nos. 49 and 51 Chambers street, until eleven o'clock A. M. on Wednesday, February 19, 1890:

FURNISHING AND DELIVERING SCREENED GRAVEL OF THE QUALITY KNOWN AS ROA HOOK GRAVEL, WHERE REQUIRED ON THE CENTRAL PARK AND RIVERSIDE DRIVE AND AVENUE, IN THE CITY OF NEW YORK.

The estimate of the quantity of gravel to be furnished is 9,000 cubic yards of double screened gravel for roads and drives.

All the gravel to be furnished and delivered shall be of the kind generally known as Roa Hook gravel, and equal in all respects to that taken from the gravel bank situated on the east side of the Hudson river, north of Peekskill, and known as the Roa Hook gravel bank. It shall be of the best quality double screened gravel, and clean and free from loam and dirt, and in grade such as will pass through a screen with a two-inch mesh diagonal measure, but not to contain more than ten per cent. and not less than five per cent. of material that will pass through a screen with a mesh having a diagonal measure of one thirty-second of an inch.

The prices are to cover the furnishing and delivering, also the expense of dockage, hauling and all necessary labor, and the performance of all the work as set forth in the specifications and form of agreement.

The contractor will be required to deliver the above material in such quantities and on the line of such roads in the Central Park, and on Riverside Park and avenue, as may from time to time be designated.

Bidders must satisfy themselves by personal examination of the location of the roads and avenues where the material is to be delivered; also as to the distances from any pier or dock, or depth of water where such material can be landed, and shall not at any time after the submission of an estimate dispute or complain, nor assert that there was any misunderstanding in regard to the places, or the nature or amount of work to be done.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in

the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered will be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the contract is \$7,000.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to re-advertise until satisfactory bids or proposals shall be received. But the contract, when awarded, will be awarded to the lowest bidder.

Blank forms for proposal and form of contract which the successful bidder will be required to execute, can be had at the office of the Secretary and Nos. 49 and 51 Chambers street.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and shall not, at any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the depth of the excavation to be made, or the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is eleven thousand dollars. The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded will be awarded to the lowest bidder.

The prices are to cover the furnishing and delivering, also the expense of dockage, hauling and all necessary labor, and the performance of all the work as set forth in the specification and form of agreement.

Bidders must satisfy themselves by personal examination of the location of the roads, avenues and streets in the Twenty-third and Twenty-fourth Wards, where the material is to be delivered; also as to the distances from any pier or dock, or depth of water where such material can be landed, and shall not at any time after the submission of an estimate, dispute or complain, nor assert that there was any misunderstanding in regard to the places, or the nature or amount of work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices

therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The person making any bid or estimate must furnish the same, inclosed in a sealed envelope, to the head of said Department, at his office, on or before the day and hour above mentioned.

The envelope must be indorsed with the name or names of the person presenting the same, the date of its presentation, and a statement of the work to which it relates. The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the contract is \$25,000. The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded, will be awarded to the lowest bidder.

Blank forms for proposal and form of contract which the successful bidder will be required to execute, can be had at the office of the Secretary, and Nos. 49 and 51 Chambers street.

Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including the specifications, showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Bids will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Friday, February 7, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Hardware, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING,
NO. 280 BROADWAY, THIRD FLOOR,
NEW YORK, June 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or pharmacists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me

any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repave, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

REGULATIONS ESTABLISHING A SCALE OF WATER RENTS AND RULES GOVERNING THE USE OF WATER, FOR THE CITY OF NEW YORK, BY ORDER OF THOMAS F. GILROY, COMMISSIONER OF PUBLIC WORKS.

"The commissioner of public works shall, from time to time, establish scales of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, and consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to

time, and extend it to other descriptions of buildings and establishments. All extra charges for water shall be deemed to be included in the regular rents, and shall become a charge and lien upon the buildings upon which they are respectively imposed, and, if not paid, shall be returned as arrears to the clerk of arrears. Such regular rents, including the extra charges above mentioned, shall be collected from the owners or occupants of all such buildings respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water-pipes are or may be laid, and from which they can be supplied with water. In all such cases the charge for water shall be determined only by the quantity of water actually used as shown by said meters.

The said commissioner of public works is hereby authorized to prescribe a penalty not exceeding the sum of five dollars for each offense, for permitting water to be wasted, and for any violation of such reasonable rules as he may, from time to time, prescribe for the prevention of the waste of water; such fines shall be added to the regular water rents."

For any pan closet, or any of the forms of valve, plunger, or other water-closet not before mentioned, supplied with water as above described, per year, ten dollars.

For any form of hopper or water-closet, supplied from the ordinary style of cistern filled with ball-cock, and overflow pipe that communicates with the pipe to the water-closet, so that overflow will run into the hopper or water-closet, when ball-cock is defective, or from which an unlimited amount of water can be drawn by holding up the handle, per year, each, five dollars.

For any form of hopper or water-closet, supplied from any of the forms of waste-preventing cisterns, that are approved by the Engineer of the Croton Aqueduct, which are so constructed that not more than three gallons of water can be drawn at each lift of the handle, or depression of the seat, if such cisterns are provided with an overflow pipe, such overflow pipe must not connect with the water-closet, but be carried like a safe-waste, as provided by the Board of Health regulations, per year, two dollars.

Cistern answering this description can be seen at this Department.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent. per ton (Custom House measurement) for each time they take water. Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,

THOMAS F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, June 1st,

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted. Notice is therefore given to all householders that in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,
Commissioner of Public Works.
