### BOARD OF CITY RECORD.

MAYOR'S OFFICE, CITY HALL,  
NEW YORK, August 18, 1890. }

The Hons. Hugh J. Grant, Mayor ; David J. Dean, Acting Counsel to the Corporation, and Thomas F. Gilroy, Commissioner of Public Works, the officers designated by section 66 of the New York City Consolidation Act, met this day.

The minutes of the meeting of August 8 having been read and approved, the Supervisor of the City Record presented the following report :

OFFICE OF THE CITY RECORD, No. 2 CITY HALL, }  
NEW YORK, August 18, 1890. }

To the Hons. HUGH J. GRANT, Mayor, WM. H. CLARK, Counsel to the Corporation, and THOMAS F. GILROY, Commissioner of Public Works :

GENTLEMEN—I have made a careful examination of the financial affairs of this Bureau prior to January 1, 1890, in obedience to your order of June 6 last. Its results are embodied in the appended statement of the condition of the appropriations for "Printing, Stationery and Blank Books" for 1888 and 1889, and for "Printing and Distributing the CITY RECORD" for 1889—the only appropriations of which balances yet remain—and in the summary of accounts or tabulated history of the bills against the Bureau.

In a report made to you early in October last I stated, on the basis of information furnished by the books of the Finance Department and this office, and by estimates from printers, stationers, etc., that against the \$131,334.70 then remaining to the credit of the appropriation for "Printing, Stationery and Blank Books" for 1889, there was chargeable, for supplies furnished and work done, in hand or agreed upon, the sum of \$91,031, which left a balance of \$40,303.70 ; that, in addition to the \$40,000 of arrearages paid under the estimate of my predecessor, Mr. Thomas Costigan, there were other arrearages, amounting to \$26,000 ; and that, assuming these additional arrearages to be properly chargeable against the appropriation, there would remain \$14,000 to pay the expenses of the Bureau from September 15 to December 31, 1889. The examination I have just completed shows that the estimates of the tradesmen were about \$10,000 too low, and that, instead of \$26,000, the additional arrearages amounted nearly to \$32,000. Instead of an excess of \$14,000 over the claims which I then assumed to be chargeable against the appropriation for "Printing, Stationery and Blank Books" for 1889, there was really a deficit. This was overcome by the determination of your Board that no other arrearages than those estimated at \$40,000 by Supervisor Costigan in August, 1888, were so chargeable.

I find that at the present moment there remains to the credit of the appropriation for "Printing, Stationery and Blank Books" for 1889 the sum of \$41,427.26. To be added to this is \$1,173.97, a balance of the appropriation for 1888, resulting from the settlement of the controversy between the two claimants of the privilege of advertising the court calendars, and the consequent reduction of the cost of that advertising from \$6,000 to \$4,000 a year. The full balance on hand is therefore \$42,601.23. The bills for 1889 are of two classes. In one class are those to the amount of \$20,023.93, which are based on orders dated January 2, 1889. These orders were given out on the authority of requisitions approved by Mayor Hewitt and his colleagues in December, 1888. In the other class are bills for work and supplies done or furnished under requisitions approved in 1889. They represent \$17,036.93. There has been a dispute respecting the validity of the bills of the first class as charges against the appropriation of 1889, but it seems to me simpler and more economical to pay them at once, as far as the state of the law will permit, than to wait the result on all of suits instigated by a quibble. After providing for the payment of both classes—amounting to \$37,060.86—there would remain \$5,540.37 as a surplus available for the settlement of arrearages. These amount to \$31,442.64 in the aggregate, but as suits have been brought by Messrs. W. P. Mitchell, Isaac Henderson and Callahan & Gartlan on claims to the amount of \$17,232.16, those which you have to consider represent only \$14,210.58. In the appropriation for "Printing, Stationery and Blank Books" for 1890 is the sum of \$9,000 for arrearages, which, added to the surplus of \$5,540.37, gives us \$14,540.37, or \$329.79 more than is sufficient to clear up all claims, other than those in suit, for printing, stationery and blank books done or furnished prior to January 1, 1890.

I had thought the "Publication of the CITY RECORD" appropriation large enough in 1889 to meet all demands and leave a small surplus. I now find that there are bills to the amount of \$1,447.78 yet unpaid. They are for indexing and binding quarterly volumes of the CITY RECORD between June, 1888, and January, 1890. As there is a surplus of \$193.87 of the appropriation for "CITY RECORD Salaries and Contingencies" for 1889, I respectfully suggest that you procure from the Board of Estimate and Apportionment authority to transfer this, with the surplus of the "Printing, Stationery and Blank Books" appropriation, to the appropriation for the "Publication of the CITY RECORD," and thus get the means to clear the account up to January 1, 1889. The deficit of 1889 can be taken into consideration when the appropriation for 1891 is made. The appropriation for the current year was estimated on the theory that all arrearages were provided for in 1889. The sum of \$73,000 was then set apart, including \$4,233.42 as estimated arrearages. As it cost \$65,980.02 to publish and distribute the CITY RECORD in 1889, and as there is only a balance of \$67.65, it is apparent that the arrearages paid were nearer \$7,000 than \$4,000, and that the excess in their payment produced the deficit in the account of 1889.

In the accompanying table of bills and details affecting them there is a column of suggestions as to their disposition. Wherever the word "pay" is used it indicates that the claim is perfect, or is defective only in some minor feature. Where the words "wait suit" are used they do not mean that actions must be brought to enforce the claims. In almost all cases they indicate that the claims are affected by the ruling of Judge Abraham R. Lawrence in the case of Wm. P. Mitchell vs. The Mayor, tried in the Supreme Court last winter. Mr. Mitchell is suing for about \$15,000 for goods and work supplied by him to the City in 1888. On the trial it was proved that the appropriation for "Printing, Stationery and Blank Books" in that year was exhausted on August 22. Judge Lawrence ruled that orders given by Supervisor Costigan subsequently to that date were invalid, and that recovery could not be had on them. He directed the jury to give a verdict for only \$9,000. Mr. Mitchell is appealing from the judgment thus entered. Claims not in suit affected by this ruling amount to about \$6,000. It seems to me proper that the money should now be set apart, to meet them if Mr. Mitchell should win on appeal. Should the theory be sustained that tradesmen cannot get pay from the City for goods supplied to it on the orders of its officers given after the exhaustion of appropriations, the money could be covered into the general fund as a surplus of the appropriation of 1889. In case the tradesmen should sue on these bills, in order to procure interest, if Mr. Mitchell should win, the sum now ascertained by you could be turned over similarly as a surplus.

Respecting one bill presented by M. B. Brown it seems to me an explanation is necessary. It is for \$2,842.24, the cost of a new book of Fire Department signals. According to the minutes of your meeting of July 18, 1889, as published in the CITY RECORD of July 27, 1889, the requisition from the Fire Department was laid over, yet the rough minutes on file in this office show that it was approved, and the requisition bears the signatures of all the members of your Board and is indorsed with the statement that it was approved by you on July 18, 1889. I make this explanation because of the trouble I have had to get the history of the bill, and to prevent any misunderstanding resulting from the incorrectness of the published minutes.

It will be noticed that many of the requisitions approved in December, 1889, are stated in the accompanying table to be "missing." I have sought for them in every nook and corner of this office, and have only been able to find a list of them prepared at the times of their approval by Mr. R. P. H. Abell, the former bookkeeper. Many orders are also "missing." The tradesmen assert that they were lost in this office during a period of confusion in the latter part of 1888 and the early part of 1889. In most cases I find copies of them in our order book. Where no such copies can be found the claimants will have to sue, unless it shall appear that it was not the custom to give out such orders. I find that the practice, in the past, was for the Board of City Record to approve general requisitions at the beginning of a year, and for the departments making such requisitions to send work directly to printers or stationers. Notice of such work was only received in this office when bills were presented.

I have a personal interest in desiring that you shall authorize me to settle these bills in accordance with the suggestions above given. They have been a burden to me ever since I have been in this office, and have prevented me from giving that attention to current business which I expected to be able to give when I accepted your appointment, and their presence is a constant source of delay and annoyance.

Respectfully submitted,  
W. J. K. KENNY, Supervisor City Record.

On motion of Commissioner Gilroy, the report was accepted, and the Supervisor was directed to present, at the next meeting, a resolution for the payment of the bills which could, in his opinion, be paid without any legal question arising.

The following report was then presented :

OFFICE OF THE CITY RECORD, NO. 2 CITY HALL, }  
NEW YORK, August 18, 1890. }

To the Hons. HUGH J. GRANT, Mayor ; WM. H. CLARK, Counsel to the Corporation, and THOMAS F. GILROY, Commissioner of Public Works :

GENTLEMEN—I recommend that the requisitions presented herewith be approved. Most of them are for articles within the scope of the annual requisitions or are made necessary by the weekly payment law or by additional labor undertaken by the departments, as in the cases of the Commissioners of Accounts and the Department of Public Works in the matter of the One Hundred and Fifty-fifth street viaduct.

I have received from the several courts and departments requisitions for about one hundred and fifty city and business directories. The special appropriation to your credit is for "Printing, Stationery and Blank Books." As I understand it, the printing within its scope is that which is to be done specially for the city, not what has been done for anybody or everybody. Books already printed, I suggest, should be procured by means of some other appropriation, and I find that there is an appropriation for "Supplies for and for Cleaning Public Offices," in the charge of the Commissioner of Public Works, out of which, for instance, all law books for the courts, dictionaries, Bibles and other like office furniture, have always been purchased. City directories are similar in character to the articles above-mentioned, and I recommend that the requisitions for them be not approved by you.

Respectfully submitted,  
W. J. K. KENNY, Supervisor of the City Record.

Commissioner Gilroy said it was, perhaps, true that the directories ought always to have been purchased out of the appropriation for "Supplies for and for Cleaning Public Offices," but they never had been, and he had no doubt that the Board of Estimate and Apportionment had considered the purchase of them when making the appropriation for "Printing, Stationery and Blank Books." As for the appropriation for "Supplies for and for Cleaning Public Offices," it was not large enough to permit him to buy directories.

Acting Corporation Counsel Dean said the Supervisor was right—that the directories were properly office supplies.

Mayor Grant remarked that common sense was a good thing to use in the matter. He asked the Supervisor, if the appropriation for "Printing, Stationery and Blank Books" would stand a reasonable expenditure for directories, and, on being informed that it would, he said that, as the city offices ought to be supplied with the books, he thought it would be proper to purchase them to prevent trouble in the public service. He moved that the Supervisor be directed to report at the next meeting of the Board the number of directories which should be supplied to the several courts and departments.

The Supervisor presented a request made to him by the State Comptroller for the publication in the CITY RECORD, once a week for twelve successive weeks, of a notice of sale of lands on which State taxes had not been paid between 1883 and 1887. The Mayor said he thought the notice was not a proper one to publish in the CITY RECORD, inasmuch as Deputy Comp-

troller Storrs, who was present, stated that none of the lands to be sold were in this city. He did not insist in the matter, and, on motion of Commissioner Gilroy, the notice was ordered to be published.

Requisitions were then acted on as the side-notes indicate, the Supervisor being directed, by a concurrent vote of the Mayor, Acting Counsel to the Corporation and Commissioner of Public Works, to procure by direct order the articles required.

**NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.**  
ROOM 127, STEWART BUILDING, NO. 280 BROADWAY, THIRD FLOOR, NEW YORK, JUNE 1, 1890.  
CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.  
Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or pharmacists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees; and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.  
Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.  
Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.  
All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.  
Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.  
CHARLES REILLY, Commissioner of Jurors.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no

member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, June 2, 1890.

TO THE PEOPLE OF THE CITY OF NEW YORK:

It becomes my duty as Commissioner of Public Works and custodian of the many and immense interests involved in the City's water supply, to briefly present to the people of the City the present condition of the supply, and the extreme necessity for care and economy in the use of the water.

For a number of years past and up to the present time, the old Aqueduct and the Bronx river conduit have delivered in the City all the water which they are capable of carrying, the supply thus remaining stationary when the City has been constantly growing in population, buildings, manufactures and commerce, creating new and additional demands upon the water service. The consequence is that at certain seasons of the year, notably in extreme cold weather, when the habit of wasting water from faucets to prevent freezing in the pipes prevails, and in warm and dry weather, when various methods of waste are in vogue, the daily consumption exceeds the supply which can by any possibility be received through the old Aqueduct and the Bronx river conduit, the excess of consumption being drawn from the city reservoirs, diminishing the depth of water and the pressure in the distributing mains. There is no possibility of increasing the water supply received in the City until the new Aqueduct is brought into operation, and in the meantime the only reliance for a fair and equal distribution of water throughout the city is care and economy in its use on the part of the people. Already the depth of water in the reservoirs is being diminished at the rate of one inch per day, and if this should continue for any length of time, the pressure in the distributing mains would be so reduced that it would be impossible to deliver water in thousands of houses located on high ground, and in some other locations even in the basements or cellars.

I, therefore, most earnestly appeal to all citizens, residents and people carrying on business in this city to be careful and economical in the use of water, in justice to themselves, to the people at large, and especially to those who are so located as to be already suffering inconvenience from insufficient supply of water.

THOMAS F. GILROY,  
Commissioner of Public Works.

COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, August 14, 1890.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and

the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 10 o'clock A. M. of Thursday, September 4, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry-goods, Leather, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; and that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Com-

troller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
