## BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,  
HELD IN ROOM 16, CITY HALL, FRIDAY, OCTOBER 2, 1908.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Lawrence Gresser, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The minutes of the meeting held September 18 were approved as printed.

## FRANCHISE MATTERS.

## BRONX TRACTION COMPANY.

In the matter of the petition of the Bronx Traction Company for a franchise to construct, maintain and operate a double track street surface railway on Clasons Point road from the intersection of said road with Westchester avenue to the Long Island Sound, Borough of The Bronx.

This petition was presented to the Board at its meeting of September 18, 1908, and was referred to the Chief Engineer and also to the President of the Borough of The Bronx.

The Secretary presented the following:

REPORT NO. F-123.

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK,  
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,  
September 25, 1908.

MR. NELSON P. LEWIS, Chief Engineer:

Sir—Under date of July 28, 1908, the Bronx Traction Company, by its President, Mr. Edward A. Maher, petitioned the Board for the right to construct, maintain and operate a double track street surface railway on Clason's Point road from the intersection of said road with Westchester avenue to the Long Island Sound, all in the Borough of The Bronx.

The petition was presented to the Board at the meeting held on September 18, 1908, and referred to the Chief Engineer.

It is suggested that the Board fix October 30, 1908, as the date for the preliminary public hearing, previous to which time I shall submit a report upon the petition, with suggestions and a proposed form of contract.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

To the Honorable the Board of Estimate and Apportionment:

The petition of the Bronx Traction Company respectfully shows:

First—That your petitioner is a street surface railway corporation, formed under the laws of the State of New York, by the filing of Articles of Consolidation of other street surface railroad corporations in the office of the Secretary of State, on or about the 12th day of May, 1904.

Second—That since the date of its consolidation it has been the owner of a double track street surface railroad on Westchester avenue, Unionport road, West Farms road and other streets and avenues in the Borough of The Bronx, City of New York, which railroad has been operated for the convenience of passengers in connection with the lines of the Union Railway Company, and the overhead system of electric traction used as motive power thereon.

Third—That a part of the petitioner's railroad has been constructed and operated for many years on Westchester avenue, from a point of intersection with the lines of the Union Railway Company on Westchester avenue at Bronx River, through and along the said Westchester avenue, formerly known as the Southern Westchester turnpike to what was the former Village of Westchester.

Fourth—Your petitioner now proposes to extend its road upon and along Clasons Point road, from the junction of said road with Westchester avenue to Clasons Point at Long Island Sound, for the convenience of public travel, by the construction of a double track branch or extension in the said Borough of The Bronx, City of New York, as follows:

Beginning at and connecting with the petitioner's double track now constructed on Westchester avenue, at the intersection of Clasons Point road, running thence southeasterly with double tracks through and along said Clasons Point road to the intersection thereof with Long Island Sound.

Fifth—That such branch or extension will be 12,000 feet in length, and when constructed will enable your petitioner to operate a continuous line of cars in connection with the Union Railway Company, from the Harlem River to Clasons Point, as well as from the territory at or about the northerly line of The City of New York to the said Clasons Point.

Sixth—That your petitioner proposes to operate said branch or extension by the overhead system of electricity similar in all respects to that now in use on the other lines of its road.

Seventh—That for the purpose of constructing and operating such branch or extension of its road your petitioner desires to obtain from your Honorable Board, and thereby applies for its consent to, and a grant of, the franchise or right for the construction, maintenance and operation of a double track extension or branch of its existing railroad for public use in the conveyance of persons and property for compensation over the street and avenues above mentioned.

Wherefore, your petitioner prays that public notice of this application and of the time and place when and where the same will be first considered, be given as required by law, and that the grant of a franchise or right be made in accordance with the provisions of the Greater New York Charter and the railroad law applicable hereto.

Dated New York, July 28, 1908.

## UNION RAILWAY COMPANY OF NEW YORK CITY.

In the matter of the petition of the Union Railway Company of New York City for a franchise to construct, maintain and operate two extensions to its existing street surface railway, as follows:

(a) From the junction of Third and Pelham avenues, upon and along Pelham avenue to the Southern boulevard, Borough of The Bronx.

(b) From the existing tracks of the company in Fordham avenue, near West One Hundred and Eighty-fourth street, upon and along West One Hundred and Eighty-fourth street and Fordham Heights Bridge to West Two Hundred and Seventh street, to Tenth avenue, to Emerson street, to Broadway, in the Boroughs of Manhattan and The Bronx.

This petition was presented to the Board at its meeting of September 18, 1908, and was referred to the Chief Engineer, and also to the President of the Borough of The Bronx.

Petitions from citizens and taxpayers were received requesting that the franchise for the latter extension be granted.

The Secretary presented the following:

REPORT NO. F-124.

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK,  
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,  
September 25, 1908.

MR. NELSON P. LEWIS, Chief Engineer:

Sir—Under date of July 28, 1908, the Union Railway Company of New York City, by its President, Mr. Edward A. Maher, petitioned the Board for the right to construct, maintain and operate two double track street surface railway extensions.

First—Beginning at the junction of Third avenue and Pelham avenue, running thence easterly in Pelham avenue to the Southern Boulevard in the Borough of The Bronx.

Second—Beginning at and connecting with the present tracks of the Company in Fordham avenue near West One Hundred and Eighty-fourth street; thence in West One Hundred and Eighty-fourth street, across the Fordham Heights bridge across the Harlem River to West Two Hundred and Seventh street; thence in West Two Hundred and Seventh street to Tenth avenue or Emerson street; thence in Emerson street to Broadway, in the Boroughs of Manhattan and The Bronx.

It is suggested that the Board fix October 30, 1908, as the date for the preliminary public hearing, previous to which time I shall submit a report upon the application and a proposed form of contract.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

To the Honorable the Board of Estimate and Apportionment:

The petition of the Union Railway Company of New York City respectfully shows:

First—That your petitioner is a street surface railroad company, organized under the laws of the State of New York, by the filing of Articles of Consolidation of other Railroad Companies in the office of the Secretary of State of New York on the 5th day of July, 1892, and for many years has been engaged in operating a double-track street surface railroad, with extensions and branches for the carriage of passengers in the Boroughs of Manhattan and The Bronx, in The City of New York, by the use of the overhead trolley system of electric traction as motive power.

Second—One of the roads owned by the petitioner is constructed in the Borough of The Bronx, along Third avenue to Pelham avenue, and thence along Pelham avenue to Webster avenue, thence along Webster avenue, northerly and southerly, and operating thereover affords a convenient line for public travel between the territory adjacent to the Harlem River and the district lying about Fordham station.

Third—Your petitioner, for the convenience of public travel proposes to extend its railroad upon Third and Webster avenues, as aforesaid, from the intersection of Pelham avenue to Bronx Park, by the construction of a double-track branch or extension upon Pelham avenue of the length of 2,000 feet, described as follows:

Beginning at and connecting with the petitioner's double-track road, now constructed on Third avenue, at the junction of Pelham avenue; running thence easterly with double tracks in or upon the surface of Pelham avenue to the Southern boulevard, all in the Borough of The Bronx, in The City of New York.

Fourth—An additional road owned by the petitioner is constructed upon and along Fordham road (formerly known as High Bridge road), from Fordham station to Sedgwick avenue, in the Borough of The Bronx, thence along said avenue to Kingsbridge, and forms an important crosstown line for public travel in said Borough.

Fifth—Your petitioner for the convenience of the public travelling over said crosstown line, which desires to reach the subway line at Broadway, in the Borough of Manhattan, proposes to extend its railroad from the intersection of Fordham road and Sedgwick avenue by the construction of a double-track branch or extension of the length of 4,650 feet upon and over the following-named streets, avenues and bridges, viz.:

Beginning at and connecting with the tracks of the Union Railway Company of New York City, at the intersection of Fordham road; running thence westerly in, through, upon and along said Fordham road and Hampden place to West One Hundred and Eighty-fourth street, and thence in, through, upon and along said West One Hundred and Eighty-fourth street to its intersection with the easterly approach to the new or Fordham Heights Bridge over the Harlem River and connecting the Boroughs of The Bronx and Manhattan; thence westerly in, through, upon and along said easterly approach, and upon, over, across and along said bridge, and in, through, upon and along the westerly approach to said bridge to West Two Hundred and Seventh street, in the Borough of Manhattan; thence westerly in, through, upon and along said West Two Hundred and Seventh street to the intersection of said Two Hundred and Seventh street with Amsterdam avenue (or Tenth avenue); thence southerly in, through, upon and along said Amsterdam avenue (or Tenth avenue) to its intersection with Emerson street; thence westerly in, through, upon and along said Emerson street to the intersection of Broadway with said Emerson street; all in the Boroughs of The Bronx and Manhattan.

Sixth—That your petitioner proposes to operate each of said extensions or branches by the overhead trolley system of electricity similar in all respects to that by which its road is now operated; that for the construction and operation of said two proposed extensions or branches the consent of your Honorable Board to each is necessary, and your petitioner desiring to obtain the same hereby applies to the Board for its consent to, and a grant of, separate franchises or rights for the construction and operation of double-track branches or extensions of its railroad, for the public

use in the conveyance of persons and property for compensation, over first, Pelham avenue, from Third avenue to the Southern boulevard, and second, from Fordham road to Broadway by way of West One Hundred and Eighty-fourth street, Harlem River Bridge, Two Hundred and Seventh street and Emerson street.

Wherefore, your petitioner prays that public notice of this application for said consents, franchises or rights, and of the time and place when and where the same will be first considered, be given as required by law, and that the grant of such franchises or rights be made in accordance with the provisions of the Greater New York Charter and the Railroad Law applicable hereto.

Dated New York, July 28, 1908.

#### BROOKLYN UNION ELEVATED RAILROAD COMPANY.

In the matter of the construction of a bridge over the tracks and right of way of the Brooklyn Union Elevated Railroad Company at its intersection with Lincoln place, Borough of Brooklyn, as requested by resolution adopted by this Board June 26, 1908, approved by the Mayor June 30, 1908.

At the meeting of September 18, 1908, a communication was received from the Railroad Company, stating its decision with regard to construction of said bridge, together with a report from the Chief Engineer, and the matter was laid over pending receipt of opinion from the Corporation Counsel.

The Secretary presented the following:

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, September 21, 1908.

To the Board of Estimate and Apportionment:

GENTLEMEN—A communication bearing date August 3, 1908, inclosing copy of proceedings taken by you relative to bridge over the Brighton Beach Railroad tracks at Lincoln place, in the Borough of Brooklyn, together with the objections filed by the Brooklyn Union Elevated Railroad Company, has been received.

You ask to be advised whether those objections are tenable.

The Coney Island and East River Railway Company was incorporated about 1875 under and in pursuance of chapter 140 of the Laws of 1850. (See copy of certificate of incorporation on file in Division of Franchises, Board of Estimate). Under subdivision 5 of section 28 of this act:

"Nothing in this act contained shall be construed to authorize \* \* \* the construction of any railroad not already located in, upon or across any streets in any city, without the assent of the corporation of said city."

The assent of the City of Brooklyn was given to the said Coney Island and East River Railway Company on October 9, 1876 (Min. of B. of A., 1876, Vol. 3, p. 373), to cross Eastern parkway, President, Union, Degraw (Lincoln place), Douglass and Butler streets, in said city, upon condition, "that said Railway Company will, previous to commencing to construct said tunnel, give to said city its bond in the penal sum of fifty thousand dollars (\$50,000), conditioned that it will, within ninety days after demand by said city, construct across the said several streets herein above named good and substantial iron bridges, with such suitable foundations and retaining walls as shall be necessary," etc.

While several of the streets mentioned were not physically opened at the point of crossing, they were physically opened for a long distance, in said City of Brooklyn, and were laid down on the maps as streets at the point of crossing when the assent was given. The railway company accepted its franchise upon the condition that the streets specifically named would be bridged when the city demanded it. The assent of the city was necessary and the city, having the right to withhold it, could impose reasonable conditions. Such conditions were imposed and accepted by the railway company and in part performed.

The contention is made that under the wording of the franchise, the condition imposed was the giving of a bond and not the performance of the work upon which payment under the bond was conditioned. In support of this, it is stated that the things required to be done under the condition were already prescribed by the law.

While the things required to be done as a condition of giving the assent were within the purview of the Railroad Law, the time and manner of doing them were proper matters of stipulation by the city authorities.

The condition of giving the assent was the performance by the railway company of the acts set forth in the franchise. The bond was simply a guaranty that the condition would be performed and the waiver of the guaranty in no way impaired the primary obligation.

A further contention is made that subsequent legislation has modified the original obligation imposed upon the railway company.

Chapter 507, of the Laws of 1903, as amended by chapter 635, of the Laws of 1905, and chapter 735, of the Laws of 1907, does not affect the original obligation imposed under this franchise. It is not inconsistent with the original contract, nor does it in words repeal it; both, therefore, remain in force. I am therefore of opinion that the objections of the railway company are not tenable.

In the absence of instructions to the contrary, proceedings will be commenced to enforce the action of your Honorable Board.

Kindly consider this communication as answering yours of September 3, 1908, in reference to same matter.

I return herewith the papers forwarded with your communication.

Respectfully yours,

GEORGE L. STERLING,  
Acting Corporation Counsel.

Which was ordered filed.

#### BRISTOL-MYERS COMPANY.

A communication, dated September 22, 1908, was received from the Mayor's office, returning, duly approved by the Mayor, resolution adopted September 18, 1908, granting permission to Bristol-Myers Company to construct, maintain and use a tunnel under and across Clifton place, between Grand and Clason avenues, Borough of Brooklyn, to connect the buildings of the company on both sides of said street, and to be used to contain steam pipes and electric conduit, and as a passageway for employees and for transferring goods between said buildings.

Which was ordered filed.

#### NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY.

In the matter of the applications of the New York, Westchester and Boston Railway Company for a change in the line of its route and for certain modifications in the ordinance approved by the Mayor August 2, 1904.

At the meeting of September 25, 1908, this Board tentatively approved a form of contract granting the petitions, and referred the form of contract to the Corporation Counsel for his approval as to form.

A communication was received from the President of the Borough of The Bronx, transmitting communication from the property owners at Clasons Point, requesting that no further extension of time for the completion of the Clasons Point branch of the railway be authorized.

The Secretary presented the following:

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, October 1, 1908.

Board of Estimate and Apportionment:

DEAR SIRS—I have received the following communication from you dated September 25, 1908, signed by Joseph Haag, Secretary:

"I transmit herewith certified copy of resolution this day adopted by the Board of Estimate and Apportionment, referring to the Corporation Counsel, for his approval as to form, a contract containing terms and conditions to be imposed in granting the consent of the City to certain modifications and alterations in the line of the route of the New York, Westchester and Boston Railway Company, in the Borough of The Bronx, and for certain modifications of the terms and conditions of the ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor August 2, 1904.

"I also inclose form of contract, with the request that you approve same as to form, and incorporate therein such matter as in your opinion would seem advisable to fully protect the interests of the City."

The said resolution of September 25 was as follows:

"Resolved, That the matter be referred to the Corporation Counsel for his approval as to form of a contract containing terms and conditions to be imposed in the grant of the said modifications and alterations, and to incorporate therein such matter as, in his opinion, would seem advisable to fully protect the interests of the City."

I have examined carefully the proceedings that have been had in this matter, and as a result thereof, the following facts appear:

The New York, Westchester and Boston Railway Company has two applications pending before your Board, one for a change of route, and the second for a modification of the terms of its original franchise grant from the City, whereby it will be enabled to use an overhead system of electrical conductors, have additional time in which to complete the construction of its railroad and be authorized to construct two connections with other railways, which connections were authorized generally by the terms of the original franchise. The form of contract sent me for approval is intended to cover both of such pending applications.

Taking up the form of contract proposed, I have the following suggestions and amendments to make:

The words "as amended" should be inserted in the first line of the fourth paragraph of the preamble, such line then reading, "Whereas, in and by said ordinance and resolution, as amended, the consent of," etc.

In the fifth line of the fifth paragraph of the preamble, the words "as amended by said consent of 1905" should be inserted, so that said line will read, "the route of said company, as amended by said consent of 1905, and changing the southern terminal," etc.

In the third line of the sixth paragraph of the preamble, "June 17, 1908," should be changed to "June 18, 1908," and the same change should be made in the third line of the seventh paragraph of the preamble.

The fifth line of said paragraph should be changed to read, "Mayor, August 2, 1904, as amended by the ordinance approved by the Mayor July 21, 1905, to wit," etc.

I have consulted with the attorneys of the company in this matter, and they have requested the insertion of the following paragraph in the preamble:

"Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest, and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated are, in its opinion, for causes over which the grantee had no control, and is in no wise responsible."

In my opinion, there is no objection to the insertion of this clause, which might properly follow after the eighth paragraph of the preamble, and if this be done, such clause should also be included in the form of resolution adopted by your Board.

The ninth line of the present ninth paragraph of the preamble should be amended to read, "modifications in the ordinance approved by the Mayor August 2, 1904, as amended by ordinance approved by the Mayor July 21, 1905," etc.

In the description of the branch line, in section 1, the following words should be added:

"All of the above mentioned streets crossed by said branch line except Wyatt avenue, Tremont avenue (East One Hundred and Seventy-seventh street), Westchester avenue, Clasons Point road, Ferris avenue, Morris lane, Old Ferry road and Fort Schuyler road, are proposed streets, as shown on the City layout of streets."

The balance of section 1, beginning "connection with the present subway elevated road," should be omitted from such section.

Subdivision 3 of paragraph "First" of section 2 should be amended by adding thereto the following clause:

"The said Westchester Company is hereby permitted to make the following two connections under this section:"

—and then insert the description omitted from section 1, beginning, "connection with the present subway elevated road," and ending, "or its successors in authority."

A new section 3 should be inserted, in form, as follows:

"Section 3. The Westchester Company covenants and agrees to abandon and relinquish and does hereby abandon and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on the portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor July 21, 1905, and which are not covered by the description of the new and amended route as herein described and which are not shown on the map of the amended route, dated June 17, 1908, entitled, 'Survey map and profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section 1, Section 2 and Section 3,' which map was filed in the office of the County Clerk of New York County on June 17, 1908."

The present section 3 should then be numbered "Section 4."

The contract as amended along the lines proposed will have my approval as to form.

I beg to advise you further that your Board has full power to consent to the said change of route, the injunction granted in the suit of Robinson against New York, Westchester and Boston Railway Company having no application. This clearly appears from the following letter received by me from the law firm of Stetson, Jennings & Russell, dated September 30, 1908:

"Referring to the application of New York, Westchester and Boston Railway Company for a change of route and certain modifications to the ordinance granted to it by the Board of Aldermen on the 26th day of July, 1904, signed by the Mayor, August 2, 1904, we beg to state that this application for change of route and for certain other amendments is in no way covered by the injunction in the suit of Robinson against New York, Westchester and Boston Railway Company. That suit was brought by a minority stockholder of the Westchester Company to prevent the directors of that company from entering into a contract with the New York and Port Chester Railroad Company, the result of which would permit the Port Chester Company to change its route so that the same should coincide in part with that of the Westchester Company. At the time the injunction was granted the New York and Port Chester Company had made such an application for change of its route to the Board of Estimate and Apportionment, and the injunction in effect prevented the New York and Port Chester Railroad Company from continuing that application.

"The present application is on behalf of the New York, Westchester and Boston Railway Company, and not on behalf of the Port Chester Company; and, moreover, the change of route asked for does not affect the portion of the route referred to in the injunction in the Robinson case. The very object of the present application is to permit the Westchester Company to proceed to construct under its own charter."

Respectfully yours,

FRANCIS K. PENDLETON, Corporation Counsel.

The following was offered:

Whereas, The City of New York, by an ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor, August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to construct, maintain and operate a four-track railroad upon certain routes, particularly set forth in section 1 of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said company by an instrument in writing duly filed with the Comptroller of The City of New York on August 13, 1904; and

Whereas, The Board of Estimate and Apportionment, by resolution adopted July 14, 1905, and approved by the Mayor July 21, 1905, consented to certain modifications or alterations in the aforesaid routes; and

Whereas, The said company has petitioned the Board of Estimate and Apportionment, under date of June 18, 1908, for the consent of The City of New York to certain modifications and alterations in said routes, and to certain modifications and alterations in the terms and conditions of the aforesaid ordinance, as is fully set forth in said petitions; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 26, 1908, fixing the date for a public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the New York "Tribune" and the "North Side News," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and such public hearing was on that date continued to September 25, 1908, and was concluded on said day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest, and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated, are, in its opinion, for causes over which the grantee had no control and is in no wise responsible; now therefore it is

Resolved, That the following form of resolution for the consent of right applied for by the New York, Westchester and Boston Railway Company containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York, Westchester and Boston Railway Company, as granted by an ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and that the said Board also consents to certain modifications in the terms and conditions of the said ordinance; such changed, altered or amended route, and such modified terms and conditions being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said ordinance of the Board of Aldermen, which said ordinance otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

#### PROPOSED FORM OF CONTRACT FOR ALTERATION OF ROUTE, AND MODIFICATION OF ORDINANCE.

This contract, made the \_\_\_\_\_ day of \_\_\_\_\_, 190\_\_\_\_, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York, Westchester and Boston Railway Company, a domestic railroad corporation (hereinafter called the Westchester Company), party of the second part, witnesseth:

Whereas, The City of New York, by ordinance approved by the Mayor on August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to cross certain streets and highways, and the privilege to construct and operate a four-track railroad upon certain routes particularly set forth in section 1 of said ordinance, and as shown on certain maps and profiles therein referred to and filed in the office of the County Clerk of the City and County of New York, on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment; and

Whereas, The Board did on July 14, 1905, adopt a resolution which was approved by the Mayor on July 21, 1905, consenting to a change in the route of the Westchester Company; and

Whereas, In and by said ordinance and resolution, as amended, the consent of the City was granted to the Westchester Company for the construction, maintenance and operation of the said railroad across certain enumerated streets, avenues or highways, either above or below the grade thereof, within said City, upon certain conditions therein fully set forth; and

Whereas, On the seventeenth day of June, 1908, the Board of Directors of said Westchester Company, at a meeting of said Board duly held on said date, and by a vote of two-thirds of all the directors of said company, passed a resolution altering and amending the route of the said company, as amended by said consent of 1905, and changing the southern terminal thereof, from a point on the Harlem River, between Third avenue and Lincoln avenue, to a point on the Harlem River near the point where Lincoln avenue intersects the north bank of the Harlem River, and which alterations and amendments and change of terminal are shown upon a certain map, dated June 17, 1908, entitled:

"Survey Map and Profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section one, Section two and Section three,"

—and signed by the chief engineer, president, secretary and ten directors; which map was filed in the office of the County Clerk of New York County on June 17, 1908; and

Whereas, The said Westchester Company has applied to the Board, as the local authority of The City of New York, by a verified petition, dated June 18, 1908, for the consent of such local authority for such change, alterations and amendments to the route of said railroad, and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route, and for the modification of the said ordinance and resolution in accordance therewith; and

Whereas, The said Westchester Company has applied to the Board, as the local authority of The City of New York, by a second verified petition, dated June 18, 1908, for the consent of such local authority to certain other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor July 21, 1905, to wit:

1. By striking out in section 1 the following words: "except the overhead trolley system."

2. By striking out in section 2, paragraph 15, the following words: "except the overhead trolley system."

3. By striking out the whole of section 2, paragraph 16, and substituting therefor the following: "In any conduits laid by the company, or on any poles erected by the company for the transmission of power for its own use, provision shall be made to carry three cables for the use of the police, fire and ambulance service of the City without charges therefor."

4. By striking out in section 1, paragraph third, the words, "one thousand (1,000) feet," and substituting therefor the words "two thousand five hundred (2,500) feet."

5. By the addition of a clause permitting the construction and maintenance of connections with:

(a) The present subway-elevated system at or near the present station thereof, at West Farms road.

(b) The projected Southern boulevard and Westchester avenue subway route at Westchester avenue, at or near Home street.

6. By striking out in section 5, paragraph 1, the words "the intersection of the Southern boulevard and Westchester avenue," and substituting therefor the words, "One Hundred and Seventy-fourth street."

7. That the time named in said section 5, paragraph 1, for the completion of a four-track railroad upon the main line from the northerly line of the City as far south as One Hundred and Seventy-fourth street be extended to August 2, 1911.

8. By striking out the whole of section 5, paragraph 4, and substituting therefor the following:

"Any portion of the route covered by this grant which shall not be completed and in full operation prior to the second day of August, 1913, shall be deemed to have been abandoned and all rights hereby granted in and to such portions of said railway shall cease and determine, except that south of One Hundred and Seventy-fourth street, if the railway company shall have constructed less than four tracks within said period, it shall only be deemed to have abandoned its right to construct any additional tracks south of One Hundred and Seventy-fourth street. And in the event that the said railway company shall not, prior to the 2d day of August, 1913, construct its main line south of One Hundred and Seventy-fourth street and to the Harlem River, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure"; and

Whereas, On the eighteenth day of September, 1908, the Board held a public hearing upon the proposed modifications, at which citizens were entitled to appear and be heard, such hearing being held after due publication; and

Whereas, Said public hearing was continued to the twenty-fifth day of September, 1908, and was concluded on said day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated are, in its opinion, for causes over which the grantee had no control and is in no wise responsible; and

Whereas, On the \_\_\_\_\_ day of \_\_\_\_\_, 190\_\_\_\_, the Board, as the local authority of The City of New York, adopted a resolution granting to the Westchester Company the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and gave its consent to the other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by ordinance approved by the Mayor July 21, 1905, and authorized the Mayor to execute and deliver a contract granting such rights in the name and on behalf of the City, which resolution was approved by the Mayor on the \_\_\_\_\_ day of \_\_\_\_\_, 190\_\_\_\_;

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Westchester Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to, and is more particularly described as follows:

#### Sec. 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor August 2, 1904, and the said resolution of the Board approved by the Mayor July 21, 1905, shall remain unchanged and shall apply to the routes herein authorized with the same force and effect as when they applied to the routes described in said contract, and as though the routes herein authorized had been specifically described in said contract, except as follows:

1. Section 1 of the said ordinance is hereby amended by striking out therefrom the words, "except the overhead trolley system."

2. The description of the route as hereby amended and described above shall be substituted for the description of the route as contained in the ordinance, approved by the Mayor August 2, 1904, and as contained in the resolution of the Board approved by the Mayor July 21, 1905.

3. Section 1, paragraph Third-General, of the said ordinance is hereby amended by striking out therefrom the words, "one thousand (1,000) feet" and substituting therefor the words "two thousand five hundred (2,500) feet." The said Westchester Company is hereby permitted to make the following two connections under this section:

#### Connection with the Present Subway-Elevated Route at West Farms Road.

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company at or near Lebanon street; thence running southerly crossing Devoe avenue and One Hundred and Seventy-ninth street at or near their intersection; thence crossing Bronx street at or near its intersection with Walker avenue; thence crossing Walker avenue, between Bronx street and Boston road; thence crossing West Farms road, between Boston road and Rodman place; thence to a connection with the Interborough Rapid Transit Railroad on Boston road, between Bryant and Tremont avenues.

#### Connection with the Projected Southern Boulevard and Westchester Avenue Subway Route.

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company, between Westchester avenue and One Hundred and Seventy-fourth street, and running southerly and crossing One Hundred and Seventy-second street and Edgewater road; thence to a connection with the proposed Broadway-Lexington avenue subway at or near the intersection of Westchester avenue and Home street, all as shown on a map entitled:

"Survey Map and Profile of the New York, Westchester and Boston Railway Company, for New York County, New York, Section one, Section two and Section three,"

—adopted by the Board of Directors of said company on the 17th day of June, 1908, and signed by Allen Wardwell, president; Mace Moulton, chief engineer, and Ralph Polk Buell, secretary, under the seal of the corporation, which map and profile were filed in the office of the County Clerk of the County of New York on the said 17th day of June, 1908, or any lawful amendment thereof which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

4. Section 2, clause fifteenth of the said ordinance is hereby amended by striking out therefrom the words "except the overhead trolley system."

5. Section 2, clause sixteenth of the said ordinance shall be stricken out and the following substituted therefor:

"In any conduits laid by the company, or on any poles erected by the company for the transmission of power for its own use, provision shall be made to carry three cables for the use of the police, fire and ambulance service of the City without charges therefor."

6. Section 5, paragraph 1, of the said ordinance is hereby amended to read as follows:

"Said railroad company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railroad upon the main line, from the northerly line of the City as far south as East One Hundred and Seventy-fourth street by the 2d day of August, 1911, otherwise this grant shall cease and determine."

7. Section 5, paragraph 4, of the said ordinance shall be stricken out and the following substituted therefor:

"Any portion of the route covered by this grant which shall not be completed and in full operation prior to the 2d day of August, 1913, shall be deemed to have

been abandoned and all rights hereby granted in and to such portions of said railway shall cease and determine, except that south of One Hundred and Seventy-fourth street, if the railway company shall have constructed less than four tracks within said period, it shall only be deemed to have abandoned its right to construct any additional tracks south of One Hundred and Seventy-fourth street. And in the event that the said railway company shall not, prior to the 2d day of August, 1913, construct its main line south of One Hundred and Seventy-fourth street and to the Harlem River, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure."

Second—The Westchester Company hereby agrees to assume all liability to any person or company by reason of the execution of this contract by the City, and it is a condition of this contract that the City shall assume no liability whatsoever either to persons or companies on account of the same, and the Westchester Company hereby agrees to repay to the City any damage which the City may be compelled to pay by reason of this contract.

Sec. 3. The Westchester Company covenants and agrees to abandon and relinquish and does hereby abandon and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on the portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor, July 21, 1905, and which are not covered by the description of the new and amended route as herein described and which are not shown on the map of the amended route dated June 17, 1908, entitled "Survey map and profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section 1, Section 2 and Section 3," which map was filed in the office of the County Clerk of New York County on June 17, 1908.

Sec. 4. The Westchester Company promises, covenants and agrees on its part and behalf, to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto affixed, and the party of the second part by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK.

By \_\_\_\_\_ Mayor.

[CORPORATE SEAL.]

Attest:

\_\_\_\_\_, City Clerk.

NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,

By \_\_\_\_\_ President.

[SEAL.]

Attest:

\_\_\_\_\_, Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the said ordinance approved by the Mayor August 2, 1904, as amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these preambles and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York, Westchester and Boston Railway Company, and said form of proposed contract for the grant of said franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to November 13, 1908, in the City Record, and at least twice during the ten days immediately prior to November 13, 1908, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the New York, Westchester and Boston Railway Company, together with the following notice, to wit:

"Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York, Westchester and Boston Railway Company, as granted by ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and amended by resolution of the Board of Estimate and Apportionment, approved by the Mayor July 21, 1905, and for the consent of the City to certain modifications in the terms and conditions of the said ordinance; such modifications and alterations being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 13, 1908, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—14.

#### STANDARD OIL COMPANY OF NEW YORK.

Petitions (4) were received from the Standard Oil Company of New York for permission to construct, maintain and use, in the Borough of Brooklyn, the following:

- A bridge across Kingsland avenue, at a point distant 105 feet south of Calyer street, connecting the properties of the petitioner on both sides of said street.
- A tunnel under and across Calyer street, at a point about 125 feet east of Kingsland avenue, for the purpose of carrying pipes between the properties of the petitioner on both sides of said street.
- A tunnel under and across Kingsland avenue, at a point distant 184 feet north of Meserole avenue, for the purpose of carrying pipes between the properties of the petitioner on both sides of said street.
- A tunnel under the surface of Kingsland avenue, at a point distant 249 feet north of Meserole avenue, for the purpose of carrying pipes between the properties of the petitioner on both sides of said street.

Which were referred to the Chief Engineer.

#### FORT GEORGE STREET RAILWAY COMPANY.

A communication, dated September 28, 1908, was received from the Mayor's office, returning, duly approved by the Mayor, resolution adopted by this Board September 25, 1908, granting to the Fort George Street Railway Company an extension of time up to and including April 1, 1909, in which to complete the construction of its railway authorized by contract dated May 31, 1907.

Which was ordered filed.

## NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY.

The Secretary presented the following:

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,  
GRAND CENTRAL STATION,  
NEW YORK, September 29, 1908.

To the Honorable the Board of Estimate and Apportionment, No. 277 Broadway, New York City:

GENTLEMEN—Whereas, the New York Central and Hudson River Railroad Company, under date of June 12, 1908, entered into an agreement with The City of New York, acting by its Board of Estimate and Apportionment, covering the construction of a foot bridge, extending from the northeast corner of Tenth avenue and Thirtieth street to the southwest corner of Tenth avenue and Thirtieth street, by the provisions of which contract this company agreed to construct such bridge on or before October 12, 1908; and

Whereas, Said the New York Central and Hudson River Railroad Company will be unable to complete such construction within the time fixed by said agreement, owing to the delay on the part of the contractor to furnish the steel for such construction, and through no fault or neglect on the part of said railroad company.

Now, therefore, said the New York Central and Hudson River Railroad Company respectfully requests that said agreement be so modified as to extend the time for the construction of said bridge until January 1, 1909, with the understanding that every effort will be made to complete such construction on or before December 1, 1908.

Respectfully submitted,

IRA A. PLACE, Vice-President.

REPORT NO. 44.

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK,  
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,  
September 29, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The New York Central and Hudson River Railroad Company, by Ira A. Place, Vice-President, has presented a petition dated September 29, 1908, to the Board of Estimate and Apportionment, requesting an extension of time in which to complete the proposed foot bridge over and across Tenth avenue, in the Borough of Manhattan, at Thirtieth street, from the northeasterly to the southwesterly corner thereof, until January 1, 1909.

In accordance with the resolution adopted January 17, 1908, the Board of Estimate and Apportionment on March 27, 1908, authorized the execution of an agreement with the New York Central and Hudson River Railroad Company for the construction of a foot bridge at Tenth avenue and West Thirtieth street, in the Borough of Manhattan, across the tracks of said company, the agreement providing that the company should construct and complete the bridge within sixty days after the execution of the agreement.

In response to a communication from the railroad company dated June 9, 1908, the Board adopted a resolution on June 12, amending the resolution of January 17, so as to provide for the completion of the bridge by October 12, 1908.

The present petition before the Board recites that the railroad company will be unable to complete the construction by October 12, owing to the delay on the part of the contractor to furnish the steel, and through no fault or neglect on the part of the company, and that the petitioner will make every effort to complete the bridge on or before December 1, 1908.

In view of the fact that the steel is not on hand, it is manifestly impossible for the bridge to be completed by October 12.

There appears to be no reason why the time should not be extended for a short period, and as the petitioner states that every endeavor will be made to complete the work by December 1, I would suggest that the petition be granted, and the time for completion extended to January 1, 1909.

A resolution for adoption is herewith submitted.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The Board of Estimate and Apportionment did by resolution adopted January 17, 1908, request the New York Central and Hudson River Railroad Company to construct an elevated foot bridge over the tracks of said company at Tenth avenue and Thirtieth street, Borough of Manhattan, for the convenience of public traffic, and to maintain such structure during the pleasure of this Board or its successor in authority; and

Whereas, On June 12, 1908, this Board adopted a resolution amending the resolution adopted January 17, 1908, granting to the railroad company an extension of time up to and including October 12, 1908, in which to complete the construction of the aforesaid bridge; and

Whereas, The New York Central and Hudson River Railroad Company in a petition dated September 29, 1908, signed by Ira A. Place, Vice-President, this day presented to the Board, states it will be unable to complete the construction of the said bridge on or before October 12, 1908, owing to the delay on the part of the contractor to furnish the steel for such construction, and it requests that it be granted an extension of time until January 1, 1909; now therefore be it

Resolved, That the resolution adopted by this Board June 12, 1908, be and it hereby is amended by striking therefrom the following:

"Resolved, That the New York Central and Hudson River Railroad Company is hereby requested to submit plans for such a structure to this Board within thirty days from the date hereof, and that when such plans have been approved by the Chief Engineer of this Board the company is requested to construct such bridge on or before October 12, 1908, or as much sooner as possible, and to thereafter maintain such structure during the pleasure of this Board or its successors in authority."

—and inserting in lieu thereof the following:

Resolved, That the New York Central and Hudson River Railroad Company is hereby requested to construct such bridge on or before January 1, 1909, in conformity with the plan marked "New York Central and Hudson River Railroad, West Side Improvements, Foot Bridge at Tenth Avenue and Thirtieth Street, New York City," signed George W. Whitridge, Chief Engineer, New York Central and Hudson River Railroad Company, and approved by the Chief Engineer of this Board, February 26, 1908, and to thereafter maintain such structure during the pleasure of this Board or its successors in authority.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—14.

## NATIONAL CITY BANK OF NEW YORK AND FARMERS LOAN AND TRUST COMPANY.

In the matter of the consent granted to the National City Bank of New York and the Farmers Loan and Trust Company, to construct, maintain and use, jointly, a tunnel under and across Exchange place, connecting the National City Bank with the Farmers' Loan and Trust Company, Borough of Manhattan, and to be used for communication between both buildings.

The Secretary presented the following:

REPORT NO. F-110.

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK,  
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,  
September 30, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—By resolution adopted by the Board of Estimate and Apportionment June 26, 1908, consent was granted to the National City Bank of New York and the Farmers Loan and Trust Company to construct, maintain and use, jointly, a tunnel under and across Exchange place, Borough of Manhattan, connecting the building of the National City Bank of New York with the premises of the Farmers Loan and Trust Company, and to be used for communication between both buildings.

Shortly after the adoption of the resolution, a representative of the National City Bank called at this office and stated the bank had made other arrangements which would obviate the necessity of constructing the proposed tunnel, and stating that, on that account, the consent granted would not be required. The resolution was therefore not sent to the Mayor for approval, and the consent itself has not been accepted by either of the concerns to whom granted.

I would therefore suggest that the resolution granting said consent be rescinded. A resolution to this effect is transmitted herewith.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, By resolution adopted by this Board June 26, 1908, consent was granted to the National City Bank of New York and the Farmers Loan and Trust Company to construct, maintain and use, jointly, a tunnel under and across Exchange place, Borough of Manhattan, connecting the premises of the National City Bank of New York with the premises of the Farmers Loan and Trust Company, and to be used for communication between both buildings; and

Whereas, A report has this day been received from the office of the Chief Engineer, stating that other arrangements have been made, and it is not the intention of either concern to construct the proposed tunnel; now therefore be it

Resolved, That the resolution adopted by this Board June 26, 1908, granting the consent as aforesaid, be and it hereby is rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—14.

C. \$4,941.71, for expenses connected with the opening of Bedford avenue, between Pacific and Dean streets, Twenty-fourth Ward, Borough of Brooklyn.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 24, 1908.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate and Assessment in the matter of opening Bedford avenue, between Pacific street and Dean street, in the Twenty-fourth Ward, Borough of Brooklyn, in accordance with the map adopted by the Board of Estimate and Apportionment July 22, 1903, was confirmed by an order of the Supreme Court, dated June 11, 1908, and entered in the office of the Clerk of the County of Kings, June 12, 1908.

The title to the land taken in this proceeding became vested in The City of New York on the confirmation of the report of the Commissioners of Estimate and Assessment, to wit, June 12, 1908.

The total amount of the awards is..... \$7,500 00

The total amount of taxed costs..... 2,383 42

Total..... \$9,883 42

Pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted July 7, 1905, fifty (50) per cent. of the entire cost and expense of this proceeding is to be borne and paid by The City of New York, for which Corporate Stock to the amount of four thousand nine hundred and forty-one dollars and seventy-one cents (\$4,941.71) should be issued.

A resolution for that purpose is herewith submitted.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the revised Greater New York Charter, to the amount of four thousand nine hundred and forty-one dollars and seventy-one cents (\$4,941.71), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for this amount to be paid therefrom, in the matter of opening Bedford avenue, between Pacific street and Dean street, in the Twenty-fourth Ward, Borough of Brooklyn, in accordance with the map adopted by the Board of Estimate and Apportionment, July 22, 1903, and pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted July 7, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Secretary presented communications requesting the fixing of salaries and the establishment of new grades as follows:

Communication from the Commissioner of Docks and Ferries, requesting the establishment of the position of Telephone Operator in said Department, with salaries at the rates of \$1,500 and \$1,200 per annum, respectively, for two incumbents.

Communication from the Comptroller, requesting the establishment of the grade of position of Automobile Engineman in the Department of Finance, with salary at the rate of \$1,500 per annum.

Which were referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The President of the Borough of Manhattan took his place in the Board.

The Secretary presented the following communication from the Comptroller recommending the purchase, at \$9,500, of property known as No. 187 Jay street, Brooklyn, required for the approach to the Manhattan Bridge:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 22, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In a communication to this office under date of April 29, 1908, Messrs. York & York, as attorneys for the owner, offer to The City of New York at private sale the premises known as No. 187 Jay street, Borough of Brooklyn, being a plot of land 25 feet 7 inches by 100 feet, with building erected thereon, which will be required for plaza purposes for the new Manhattan Bridge. There was no price set upon said property by the attorneys in the matter, other than the City could have the same at a fair and reasonable price to be agreed upon.

Under date of May 12, 1908, there was transmitted to the Hon. Francis K. Pendleton, Corporation Counsel, a copy of the above offer to the City, asking that an expert appraisal be made and the same forwarded to this office at the earliest date possible. Pending a reply from the Corporation Counsel's office, The City of New York vested title on June 1, 1908, as per a resolution of the Board of Estimate and Apportionment, dated April 24, 1908, to all of the property required for plaza purposes to the new Manhattan Bridge in the Borough of Brooklyn, lying and being in the two blocks bounded on the south by Sands street, on the north by Nassau street, on the east by Jay street and on the west by Bridge street.

Under date of August 5, a communication was received from the Corporation Counsel's office stating that an expert appraisal of the property known as No. 187 Jay street, Borough of Brooklyn, had been made, the same being as follows:

The building being a three-story and basement, no cellar, frame structure, with a one-story frame extension. House being 20.66 feet by 33.66 feet and extension, size of lot, 25.49 feet by 100 feet; condition poor; occupied as a tenement.

The value of the whole property as given by the City's expert is \$9,500, divided as follows:

Value of land..... \$7,010 00  
Value of building..... 2,490 00

Another appraisal of said property was made by this office, giving the value of the whole property as \$8,640, the same being divided as follows:

Value of land..... \$7,140 00  
Value of building..... 1,500 00

In view of the fact that there is a difference of only \$860 between both appraisements and the possibility of the Commissioners in condemnation making an award in excess of the value placed on said property by the City's expert, I am of the opinion that it would be to the interest of the City to acquire said property for the sum of \$9,500.

The price being reasonable and just and having met with the approval of the Assistant Corporation Counsel in charge of the proceedings, I would respectfully recommend that the Board of Estimate and Apportionment approve of the acquisition of all the right, title and interest of the owner in and to the premises known as No. 187 Jay street, Borough of Brooklyn, and also to all the right, title and interest in and to any award which may be made in the condemnation proceedings now pending for the acquisition of said property, to wit:

Beginning at a point on the easterly side of Jay street, distant 31 feet 6 inches from the corner formed by the intersection of the easterly side of Jay street with the northerly side of Nassau street; running thence easterly and parallel with Nassau street 100 feet; running thence northerly and parallel with Jay street 25 feet 7 inches; running thence westerly and parallel with Nassau street 100 feet to the easterly side of Jay street; running thence southerly along the easterly side of Jay street 25 feet 7 inches to the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof;

—and authorize the Comptroller to enter into a contract for the acquisition of the same at private sale, at a price not exceeding \$9,500; said contract to be submitted to the Corporation Counsel for his approval as to form.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

G. L. STERLING, Acting Corporation Counsel.

H. A. METZ, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment, having heretofore, on the 23d day of November, 1906, adopted resolutions authorizing the acquisition of the fee of the lands selected by the Commissioner of the Department of Bridges as an approach to the Manhattan Bridge, lying and being in the two blocks bounded by Jay, Nassau, Bridge and Sands streets, in the Borough of Brooklyn, and being more particularly shown on a map filed by the Commissioner of Bridges in the office of the Register of the County of Kings on the 20th day of December, 1904, and the 1st day of November, 1905, respectively.

Whereas, Commissioners of Estimate and Appraisal have been appointed by the Supreme Court in the proceedings to acquire title to the said property and the oaths of said Commissioners were duly filed, as required by law, on the 25th day of March, 1908.

Whereas, This Board, on the 24th day of April, 1908, adopted a resolution vesting title in The City of New York on June 1, 1908, to the property known as No. 187 Jay street, Borough of Brooklyn; and

Whereas, The Comptroller of The City of New York has reported to this Board that the property hereinafter described may be acquired at private sale at a fair market value; therefore be it

Resolved, That this Board hereby authorizes the Comptroller to enter into contracts for the acquisition of all the right, title and interest of the former owner of said premises in and to said property and in and to any award that may be made by the Commissioners of Estimate and Appraisal in the proceedings now pending for the acquisition of said property, at a price not exceeding nine thousand five hundred dollars (\$9,500); said property being bounded and described as follows:

All that certain lot, piece or parcel of land, with the building thereon erected, situate, lying and being in the Borough of Brooklyn, City of New York, and shown on a map of the Department of Bridges, as property required for the Brooklyn approach to the Manhattan Bridge, numbered 39-11.

Beginning at a point on the easterly side of Jay street, distant 31 feet 6 inches from the corner formed by the intersection of the easterly side of Jay street with the northerly side of Nassau street; running thence easterly and parallel with Nassau street 100 feet; running thence northerly and parallel with Jay street 25 feet 7 inches; running thence westerly and parallel with Nassau street 100 feet to the easterly side of Jay street; running thence southerly along the easterly side of Jay street 25 feet 7 inches to the point or place of beginning, be the said several dimensions more or less; together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof;

—said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Brooklyn—2.

The Secretary presented the following communication from the Comptroller, recommending the purchase at \$7,000 of property on the west side of Main street, 150 feet 9 inches south of Broadway, Tottenville, Staten Island (known as the Mance property), to be used by the Police Department for the Ninety-ninth Police Precinct.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
August 17, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Theodore A. Bingham, Commissioner of the Police Department, in a communication under date of July 27, 1908, states that the station house for the Ninety-ninth Police Precinct, Broadway, Tottenville, Borough of Richmond, is a leasehold, the annual rental being \$420, and that the lease expires July 1, 1910. This building, he states, is too small and entirely inadequate to meet the present needs. The

posts are several miles in length and should be patrolled by mounted men to get proper service. He states that if this precinct were equipped for mounted service, it would be necessary to find other accommodations for the men, and to build a stable, as it is impossible to secure stable accommodations at the present time.

As a solution of the difficulty, he recommends that the City purchase what is known as the Manee property on Main street, Tottenville, which, he says, was offered to the City in May last for \$8,000, but can now be purchased for \$7,000.

This Manee property mentioned is a plot of land on the west side of Main street, 150 feet 9 inches south of Broadway. The plot is 67 feet front, 63 feet in the rear and 175 feet deep, and has a perpetual right of way on the northwesterly side, 10 feet by 175 feet. It has on it an old-fashioned two-story, mansard and cellar frame dwelling, 38 feet by 27 feet 3 inches, a one-story kitchen addition, 15 feet by 15 feet, and a one-story frame tool house, 10 feet by 13 feet. The house is in fair repair and has a comparatively new Richardson & Boynton steam heating plant, toilet and sewer connection, but no bath, gas nor electricity. The property belongs to the Elias P. Manee estate.

I attach a letter hereto from B. Williams, real estate agent, of Tottenville, in which he says that the property can now be purchased for \$7,000, and that the owners are E. Stewart Manee, Harry E. Manee and Katharina Manee, but these, I believe, are acting as executors and executrix or trustees.

The value of the ground alone, as given by Mr. Williams, \$100 a front foot, is, in my opinion, greatly excessive, but the price asked for the whole property, land and buildings, \$7,000, while full value, is, in my opinion, fair and reasonable. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the request of the Commissioner of the Police Department and authorize the acquisition of the following described property at private sale, located in the Borough of Richmond, at a price not exceeding \$7,000:

Beginning at a point on the westerly side of Main street, distant 150 feet 9 inches southerly from the intersection of the westerly side of Main street with the southerly side of Broadway; running thence westerly 175 feet; running thence southerly 67 feet; running thence easterly 175 feet to the easterly side of Main street; running thence northerly along the easterly side of Main street 67 feet to the point or place of beginning, together with a perpetual right of way on the northerly side, 10 feet in width by 175 feet in depth, not included in the above described property, the said perpetual right of way giving access to the above described property along its northern boundary line, together with all the right, title and interest of the owners of said premises, of in and to the streets in front thereof to the centre thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Police Commissioner in the selection of the following described property as a site for the Ninety-ninth Police Precinct, located in the Borough of Richmond:

Beginning at a point on the westerly side of Main street, distant 150 feet 9 inches southerly from the intersection of the westerly side of Main street with the southerly side of Broadway; running thence westerly 175 feet; running thence southerly 67 feet; running thence easterly 175 feet to the easterly side of Main street; running thence northerly along the easterly side of Main street 67 feet to the point or place of beginning, together with a perpetual right of way on the northerly side, 10 feet in width by 175 feet in depth, not included in the above described property; the said perpetual right of way giving access to the above described property along its northern boundary line, together with all the right, title and interest of the owners of said premises, of, in and to the streets in front thereof to the centre thereof.

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above described property at private sale, at a price not exceeding seven thousand dollars (\$7,000); said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Brooklyn—2.

The Secretary presented the following communication from the Comptroller, recommending the purchase, at \$32,300, with interest from June 1, 1908, of property known as No. 40 Chrystie street; also the purchase, at \$48,000, with interest from June 1, 1908, of property known as No. 13 Forsyth street, Borough of Manhattan, required for the approach to the Manhattan Bridge.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 28, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment, at a meeting held November 23, 1906, adopted a resolution authorizing the acquisition of the fee of lands selected by the Commissioner of the Department of Bridges as an approach to the Manhattan Bridge, lying between Monroe street and the Bowery, in the Borough of Manhattan, more particularly shown on a map filed by the Commissioner of the Department of Bridges in the office of the Register of the City and County of New York on the 20th day of February, 1905.

The title to the approach to the said bridge, included within the area of the two blocks bounded by Forsyth street, Canal street, the Bowery and Bayard street, vested in The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment, on June 1, 1908. Among the parcels lying within the area so laid out and shown on the map so filed, were two parcels—one known as No. 40 Chrystie street and the other known as No. 13 Forsyth street—both of which are included in the approach to the said bridge.

The property No. 40 Chrystie street, in the Borough of Manhattan, is a four-story brick building, with a three-story addition in the rear, having a frontage of 25.60 feet on Chrystie street and a depth of 60.15 feet, having a total area of 1,540 square feet. The property is only 25.37 feet from Canal street.

This property is now offered to the City for the sum of \$32,300, together with interest at 6 per cent. from the date of vesting of title. This price has been approved by the Corporation Counsel and also by this office as being fair and reasonable. The property is bounded and described as follows:

Beginning at a point on the easterly side of Chrystie street, distant 25.37 feet from the corner formed by the intersection of the easterly side of Chrystie street with the southerly side of Canal street; thence easterly and parallel with Canal street 60.15 feet; thence southerly and parallel with Chrystie street 25.60 feet; thence westerly and again parallel with Canal street 60.15 feet to the easterly side of Chrystie street, and thence northerly along the easterly side of Chrystie street 25.60 feet to the point or place of beginning, the said premises being known by the number 40 Chrystie street, in the Borough of Manhattan, City of New York, and also on the land map of the County of New York as Lot No. 13 in block 291, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof; also together with all the right, title and interest in and to any awards that may be made by the Commissioners of Estimate and Appraisal in the proceedings now pending for the acquisition of said property.

The property No. 13 Forsyth street, in the Borough of Manhattan, is a six-story brick building, with a six-story addition, having a frontage of 25 feet on Forsyth street, with a depth of 100 feet. The price put upon the property originally by the owners was the sum of \$52,000, and they have now consented, after considerable negotiation, to accept the sum of \$48,000, with interest from the date of vesting of title. This price has been approved by the Corporation Counsel as being fair and reasonable, and also by this office. The property is bounded and described as follows:

Beginning at a point on the westerly side of Forsyth street, distant 175.91 feet northerly from the corner formed by the intersection of the northerly side of Bayard street with the westerly side of Forsyth street; thence westerly and parallel with Bayard street and along the land of The City of New York 100.17 feet; thence northerly and parallel with Forsyth street 25.01 feet; thence easterly and again parallel with Bayard street 100.08 feet to the westerly side of Forsyth street; thence southerly along the westerly side of Forsyth street 25.13 feet to the point or place of beginning, known by the number 13 Forsyth street, in the Borough of Manhattan, City of New York, and also on the land map of the County of New York as Lot No. 26 in block 291, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof; also together with all the right, title and interest in and to any awards that may be made by the Commissioners of Estimate and Appraisal in the proceedings now pending for the acquisition of said property.

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt two resolutions, one authorizing the acquisition of property No. 40 Chrystie street, Borough of Manhattan, for the sum of \$32,300, together with interest at the rate of 6 per cent. per annum from June 1, 1908, and also the acquisition of property No. 13 Forsyth street, Borough of Manhattan, for the sum of \$48,000, together with interest at 6 per cent. per annum from June 1, 1908.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

From the Commissioner of Parks, Borough of The Bronx, renewing his request for authority (pursuant to the provisions of resolution adopted December 6, 1907), to proceed with the work of his Department for which funds have been provided.

Which were referred to the Comptroller.

(On June 5, 1908, the former request of the Commissioner of Parks, as above, was referred to the Comptroller.)

The Secretary presented the following communication, dated September 25, 1908, from the Commissioner of Correction, requesting that his application for an issue of \$4,000,000 Corporate Stock for a new Penitentiary on Rikers Island, be placed upon the calendar for this day; communication dated September 17, 1908, requesting said issue (which was laid over on September 18, 1908); also communication dated April 29, 1908, requesting the issue of Corporate Stock as above set forth (referred to the Comptroller on May 8, 1908), and report of the Comptroller recommending the issue of \$2,250,000 Corporate Stock for this purpose.

At the meeting held June 19, 1908, the resolution authorizing the issue as recommended by the Comptroller, failed of adoption, not receiving 12 affirmative votes as required by the provisions of section 226 of the Charter, and at the meeting of June 26, said resolution was lost by a vote of 9 negative, 6 affirmative (p. 2536 printed minutes).

DEPARTMENT OF CORRECTION,  
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,  
NEW YORK, September 25, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR—Will you kindly have my request for \$4,000,000 Corporate Stock for a new Penitentiary on Rikers Island, put on the calendar for next Friday, October 2, 1908. This request was laid over at the meeting of the Board on September 18.

Very truly yours,

JOHN V. COGGEY, Commissioner.

DEPARTMENT OF CORRECTION,  
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,  
NEW YORK, September 11, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Honorable Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York, to the amount of four million dollars (\$4,000,000), for the erection and completion of the proposed new Penitentiary on Rikers Island, New York City.

On September 20, 1907, your Honorable Board authorized an issue of Corporate Stock to the amount of \$200,000, for the purpose of providing means for the payment of Architects' services in the preparation of plans and specifications, and for their supervision of the work of construction.

The plans and specifications for the new Penitentiary now being ready, it is of the utmost importance that the work of construction be commenced at the earliest possible date.

I beg to transmit, herewith, copy of the monthly average census for the years 1906, 1907, and a portion of 1908. The census of inmates is increasing so rapidly that the Department will shortly be unable to accommodate the prisoners committed to its care, unless some provision is made in the near future.

I earnestly hope, therefore, that your Honorable Board will, at once, take favorable action in the matter.

Very respectfully yours,

JOHN V. COGGEY, Commissioner.

DEPARTMENT OF CORRECTION,  
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,  
NEW YORK, April 29, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Honorable the Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York to the amount of four million dollars (\$4,000,000), for the erection and completion of the proposed new Penitentiary on Rikers Island, New York City.

On September 20, 1907, your Honorable Board authorized an issue of Corporate Stock to the amount of \$200,000, for the purpose of providing means for the payment of architects' services in the preparation of plans and specifications, and for their supervision of the work of construction.

The plans and specifications now being ready, it is of the utmost importance that this work be commenced at the earliest possible date. I earnestly hope, therefore, that your Honorable Board will at once take favorable action in the matter.

Very respectfully yours,

JOHN V. COGGEY, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
JUNE 9, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of April 29, 1908, the Hon. John V. Coggey, Commissioner, Department of Correction, asks the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of \$4,000,000, to provide funds for the erection of the proposed new Penitentiary on Rikers Island, New York City.

It will be recalled that plans were adopted for this Penitentiary and considerable work done in the preparation of detailed drawings and specifications for the group of buildings.

These buildings comprise the administration building, men's cell building, chapel, mess hall, boiler house and engine rooms, bakery, shops, stable, bathhouse, men's hospital, isolating ward (men's), women's cell building, women's hospital, isolating ward (women's), workshops and laundry; and, in addition thereto, provision must be made for prison walls, water supply and sewerage disposal, a central heating plant, roads, sidewalks, etc.

The time necessary to erect all these buildings will be several years at least, and it would seem that a certain group might be selected, the erection of which to be proceeded with first, that they may be fitted for service as soon as possible and the congestion on Blackwells Island thereby relieved.

I have gone over the matter in detail, and I believe that an appropriation at the present time of \$2,250,000 to provide for the erection of an administration building, men's and women's cell buildings, mess hall, central heating plant, shops and a bath building will be quite sufficient. This group of buildings will provide for a large number of prisoners of both sexes, both as to administration, housing and all necessary requirements.

If the financial condition of the City will permit, I therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$2,250,000, to provide funds for the erection of the above list of buildings, to form part of the Rikers Island Penitentiary.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two million two hundred and fifty thousand dollars, to provide means for the erection of an administration building, men's and women's cell buildings, mess hall, central heating plant, shops and a bath building for the new Penitentiary on Rikers Island, under the jurisdiction of the Commissioner of Correction, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million two hundred and fifty thousand dollars (\$2,250,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—11.

Negative—The President of the Board of Aldermen and the President of the Borough of Manhattan—5.

The Secretary presented a communication from Alfred J. Boulton, former Register of Kings County, requesting an appropriation of \$2,500 to provide means for a third payment on account for services rendered by him and his assistants after the expiration of his term of office.

Which was referred to the Comptroller.

(On April 24, 1908, the Board fixed said compensation at \$11,000, and authorized an issue of \$2,500 Special Revenue Bonds to meet the first installment, and again, on June 26, 1908, authorized an issue of \$2,500 Special Revenue Bonds to meet the second installment.)

The Secretary presented a report of the Comptroller, to whom, on September 18, 1908, was referred the request of the Secretary of the Park Board for approval of the award of contract for the approach work exterior to the building of the New York Public Library, Fifth avenue, Fortieth and Forty-second streets, Borough of Manhattan (known as Contract No. 9), recommending that said contract be awarded to Norcross Bros. Company at its bid of \$523,000.

Which was referred to the President of the Board of Aldermen.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$1,500 Special Revenue Bonds for the expenses contingent to the reception by The City of New York of the body of George Clinton, first Governor of the State of New York, while in transit to Kingston, N. Y., together with a report of

the Comptroller, to whom, on June 19, said resolution was referred recommending the granting of the application:

*In the Board of Aldermen.*

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one thousand five hundred dollars (\$1,500), or so much thereof as may be necessary, the proceeds whereof to be applied by his Honor the Mayor, and such committee of the Board of Aldermen as may be designated in the premises, to meet the expenses contingent to the reception by The City of New York of the body of George Clinton, first Governor of the State of New York, while on its way in transit to its last resting place in the City of Kingston, N. Y.

Adopted by the Board of Aldermen May 26, 1908, four-fifths of all the members voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor, June 9, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
September 28, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen, adopted May 26, 1908, and requesting that the Comptroller be authorized to issue Special Revenue Bonds to the amount of \$1,500, or so much thereof as may be necessary, the proceeds to be applied by his Honor the Mayor, and such committee of the Board of Aldermen as may be designated in the premises, to meet the expenses contingent to the reception by The City of New York of the body of George Clinton, first Governor of the State of New York, while on its way in transit to its last resting place in the City of Kingston, N. Y., referred to the Comptroller, and by you to this Bureau for examination, I beg to report as follows:

Your Examiner is informed by the Hon. Hugh Hastings, who, as Vice Chairman, has audited the bills of expenditure incurred by the committee in charge of the reception contemplated in the resolution that they, as already presented, amount to within less than ten dollars of the amount requested. It is therefore recommended that the said resolution be concurred in, and that Special Revenue Bonds be issued to the said amount of \$1,500.

Yours respectfully,

CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted May 26, 1908, in relation to an appropriation of fifteen hundred dollars (\$1,500) to meet the necessary expenses incurred on the occasion of the reception by The City of New York of the body of George Clinton, first Governor of the State of New York, while on its way to its last resting place in the City of Kingston; and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of fifteen hundred dollars (\$1,500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller recommending an issue of \$20,000 Special Revenue Bonds to meet a deficiency in the appropriation made to the President of the Borough of Richmond for the year 1908, entitled Bureau of Engineering—Construction Division; Salaries and Wages.

(On September 18, 1908, the resolution of the Board of Aldermen requesting this issue was referred to the Comptroller.)

The resolution authorizing an issue of \$20,000 Special Revenue Bonds, as recommended by the Comptroller, failed of adoption, receiving the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—11.

Negative—The President of the Board of Aldermen and the President of the Borough of Brooklyn—5.

—subdivision 8, section 188 of the Charter, under which Special Revenue Bonds for this purpose are authorized, requiring the unanimous vote of the Board.

The President of the Borough of Brooklyn moved to reconsider the vote by which the resolution was lost, which motion was adopted, and the matter was thereupon laid over.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting an issue of \$21,600 Corporate Stock for the expenses of the Topographical Bureau, Borough of The Bronx, also an issue of \$10,600 Corporate Stock for expenses connected with the preparation of drainage and sewerage district plans in said borough for the balance of the year 1908, together with a report of the Comptroller, to whom this matter was referred on September 18, recommending that the application be granted.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK,  
September 3, 1908.

Board of Estimate and Apportionment:

GENTLEMEN—I respectfully ask the Board of Estimate and Apportionment to issue Corporate Stock in the sum of \$21,600 to meet the expenses of the Topographical Bureau of this office for use in 1908 in the sum of \$10,000 and to meet the expenses for the month of January, 1909, in the sum of \$11,600, aggregating said total of \$21,600.

The monthly payroll, including the monthly bills charged to the Fund for the Topographical Bureau, amounts to \$10,183.70 per month, which makes for five months..... \$50,918 50  
Contracts pending against this fund..... 3,785 00  
Weekly payroll for the laborers for the remaining five (5) months..... 3,355 00

Total..... \$58,058 50  
The balance on hand of the Fund for the Topographical Bureau, August 1, 1908..... \$44,441 24  
Premium on bonds..... 3,972 44  
Total..... 48,413 68  
Total deficit for the remainder of the year 1908..... \$9,644 82

In 1908 the authorization of the issue of Corporate Stock for the needs of the Topographical Bureau for that year was not adopted by the Board of Estimate and Apportionment until January 17, 1908, but at that time there was a balance to the credit of the "Fund for Topographical Bureau" sufficient to pay the salaries of the employees of said Bureau chargeable to said fund for the month of January, 1908, if the authorization of the stock issue of January 17 had been delayed. The \$21,600 asked for is therefore absolutely necessary, not only the \$10,000 required during the year 1908, but also the \$11,600 for January, 1909; for if there are no funds available for the purpose on January 1, 1909, the services of the employees chargeable to said fund cannot be engaged and must wait until the funds are authorized. The estimated total amount required for 1909 of Corporate Stock issue for Fund for Topographical Bureau for this office is \$13,870, in addition to the above.

I would also respectfully ask the Board of Estimate and Apportionment to authorize the issue of Corporate Stock in the sum of \$10,600 for Drainage and Sewerage District Plans.

This additional amount required by the Bureau of Sewers for the remainder of the year 1908 is rendered necessary, because the work of preparing contract plans has been materially lessened and will soon be completed, and because it now seems probable that no additional construction work will be authorized for several months to come; under these circumstances the force which has been heretofore engaged on this class of work can be employed to advantage by assigning it to assist in the work of preparing Drainage and Sewerage District Plans for this Borough.

It will, therefore, be necessary to have the additional appropriation requested granted for this purpose, and it is therefore respectfully recommended that the Board of Estimate and Apportionment authorize the issue of Corporate Stock in the amount of \$10,600 in addition to that heretofore authorized, for Drainage and Sewerage District Plans for this Borough.

The Engineer in Charge of Sewers has prepared in detail the cost of the additional force, to be chargeable to this work as follows:

Office Force.	
2 Assistant Engineers, at \$2,700, four months.....	\$1,800 00
1 Assistant Engineer, at \$1,650, four months.....	550 00
2 Computers, at \$1,800, four months.....	1,200 00
1 Topographical Draughtsman, at \$1,800, four months.....	600 00
1 Mechanical Draughtsman, at \$1,800, four months.....	600 00
1 Topographical Draughtsman, at \$1,650, four months.....	550 00
1 Mechanical Draughtsman, at \$1,500, four months.....	500 00
6 Topographical Draughtsmen, at \$1,500, four months.....	3,000 00
<hr/>	
Field Force.	
1 Transman, at \$1,800, four months.....	600 00
1 Rodman, at \$1,350, four months.....	450 00
2 Axemen, at \$900, four months.....	600 00
Supplies.....	150 00
<hr/>	
\$10,600 00	

I would respectfully request that these requests be placed on the first Financial Calendar of the Board of Estimate and Apportionment, so that the Board may act upon the same without delay.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 24, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In a letter dated September 3, 1908, the Hon. Louis F. Haffen, President of the Borough of The Bronx, asks the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of \$21,600 for the expenses of the Topographical Bureau of the Borough of The Bronx; and also for an appropriation of \$10,600 in Corporate Stock for drainage and sewerage plans in the Borough of The Bronx.

I have looked into the matter in detail and I find that the balance available from former appropriations made by the Board for this work is as quoted in the letter of President Haffen, and that the present payroll is as indicated, and there will be a deficit on January 1, 1909, unless further funds are provided.

In a report dated January 13, 1908, the Chief Engineer of this Department recommended an appropriation of \$80,000 for this purpose, which, with a balance then on hand, made available for the work of the Topographical Bureau for the year 1908, \$124,000.

Since this is work which should be continued until completion and the dispersion of the force now engaged thereupon would be a calamity and loss to the Borough of The Bronx, I believe that the appropriation should be made as requested.

I therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$21,600 for the use of the Topographical Bureau, Borough of The Bronx.

As to the request for \$10,600 for the preparation of drainage and sewerage district plans for the balance of 1908, I find that in a report dated December 9, 1907, the Chief Engineer of this Department recommended an appropriation of Corporate Stock to the amount of \$16,000 for this work.

A corps of engineers are now and have been engaged upon this work during the past year and it is desired with the appropriation requested to assign additional men to the work that it may proceed faster.

This work, also like that of the Topographical Bureau, should be pushed to completion and for the reasons mentioned above, I believe that the appropriation should be made.

I therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$10,600 for the expenses connected with the drainage and sewerage plans for the Borough of The Bronx.

Respectfully,

W. H. ROBERTS,  
Assistant Engineer in Charge of Bureau.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding thirty-two thousand two hundred dollars (\$32,200), to provide means as follows:

For the use of the Topographical Bureau, Borough of The Bronx, for the purpose of preparing and completing maps of all territory within said Borough, for the balance of the year 1908, and for January, 1909.....	\$21,600 00
For expenses connected with the preparation of drainage and sewerage district plans for the balance of 1908.....	10,600 00
<hr/>	
\$32,200 00	

—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an

amount not exceeding thirty-two thousand two hundred dollars (\$32,200), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller, to whom on September 18, 1908, was referred the request of the Justices of the Court of Special Sessions, Second Division, requesting an appropriation of \$2,500 to equip the courtroom and offices at No. 171 Atlantic avenue, Brooklyn, suggesting that the Justices of said Court make application to the President of the Borough of Brooklyn (under whose jurisdiction said repairs are made), and that he apply to the Board of Aldermen for an issue of Special Revenue Bonds to provide means for said equipment and repairs.

Which was referred to the Justices of the Court of Special Sessions, Second Division, in accordance with the recommendations contained in the report of the Comptroller.

The Secretary presented the following communication from the Acting Corporation Counsel submitting for the approval of the Board the contract between James T. Nelson and The City of New York, for the purchase of the water mains, pipes and hydrants of said James T. Nelson, located at Dongan Hills, Borough of Richmond, for which purchase Corporate Stock in the sum of \$4,914 was authorized to be issued on April 24, 1908, together with a report of the Comptroller to whom this matter was referred on September 18, recommending the approval of said contract:

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, September 11, 1908.

*The Board of Estimate and Apportionment:*

DEAR SIR:—Herewith I inclose for your approval, pursuant to the provisions of section 471 of the Charter, proposed contract between James T. Nelson with The City of New York, for the purchase of the water mains, pipes and hydrants of James T. Nelson, located at Dongan Hills, Borough of Richmond.

It will be noted that the contract, in quadruplicate, has been executed by the vendor; this is due to the fact that Mr. Nelson desired so to do before leaving for Europe, where he expects to remain for some time. Any changes, however, which may be desired can be made, as Mr. Nelson executed a power of attorney authorizing the execution of a new contract in case of necessity.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK.

Resolved, That the Board of Estimate and Apportionment hereby assents to and approves of the acquisition by purchase, by the Commissioner of Water Supply, Gas and Electricity, with the assent of the Mayor and the Comptroller for and on behalf of, and in the name of The City of New York, of the distribution system of water mains and pipes owned by James T. Nelson, located at Dongan Hills, Borough of Richmond, within the boundaries of The City of New York, as at present constituted, consisting of four thousand one hundred and seventy-five (4,175) feet of four-inch C. I. pipe; four thousand seven hundred (4,700) feet of two-inch C. I. pipe; seven four-inch stopcocks; seven two-inch stopcocks; seven hydrants; forty service connections, and also all the right, title and interest of said James T. Nelson, of, in and to said pipes, pipe lines, mains and various connections, together with all rights of way in public streets; said pipes, mains, connections, etc., to be used in connection with the plant and property of the Crystal Water Company of Staten Island, lately purchased by The City of New York, and hereby authorizes the said Commissioner on behalf of and in the name of The City of New York, to enter into a contract for such purchase with James T. Nelson in form approved by the Corporation Counsel; and

Resolved, That for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of sections 169 and 178 of the Greater New York Charter, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of said Charter, to an amount not exceeding four thousand nine hundred and fourteen dollars (\$4,914).

A true copy of resolution adopted by the Board of Estimate and Apportionment April 24, 1908.

WILLIAM M. LAWRENCE, Assistant Secretary.

This agreement, made and entered into this 22d day of July, 1908, between James T. Nelson of the Borough of Brooklyn and County of Kings, City and State of New York, hereinafter called the vendor, party of the first part, and The City of New York, by the Commissioner of Water Supply, Gas and Electricity, with the separate assent of the Mayor and Comptroller of The City of New York, acting in its behalf, pursuant to the authority in this behalf contained in a resolution of the Board of Estimate and Apportionment adopted the 24th day of April, 1908, hereinafter called the vendee, party of the second part, witnesseth:

That the vendor, in consideration of the sum of four thousand nine hundred and fourteen dollars (\$4,914), to be fully paid as hereinafter mentioned, hereby agrees to sell, transfer and convey to The City of New York, free and clear of all liens or encumbrances of every nature or kind whatsoever, the distribution system of water mains, pipes, connections and appurtenances included in the schedule prepared by John W. McKay, Esq., acting Chief Engineer, January 7, 1908, located at Dongan Hills, in the Fourth Ward of the Borough of Richmond, aforesaid, within the boundaries of The City of New York, as at present constituted, consisting of four thousand one hundred and seventy-five (4,175) feet of 4-inch cast-iron pipe, four thousand seven hundred (4,700) feet of 2-inch cast-iron pipe, seven 4-inch stopcocks, seven 2-inch stopcocks, seven hydrants, forty service connections, as now laid and existing in the several streets, avenues and roads shown on the map hereinafter referred to; and also all the right, title and interest of said vendor of, in and to said water mains, pipes, stopcocks, hydrants and various connections, together with all rights-of-way in the public and private streets shown on the aforesaid map, said mains, stopcocks, hydrants and connections to be used in connection with the plant and property of the Crystal Water Company of Staten Island, lately purchased by The City of New York.

And the said vendor hereby further agrees to grant and convey to the said vendee an easement in, through and over all the public and private streets, avenues and roads, whether named or unnamed, which are shown on a certain map or plan entitled "Distribution System of Water Pipes of James T. Nelson, situated at Dongan Hills, Staten Island July, 1908, Werner Boecklin, C. E.," now on file in the office of the Commissioner of Water Supply, Gas and Electricity of The City of New York, in which the aforesaid water mains, pipes, stopcocks, hydrants and connections are now laid and located; also the right to lay and maintain mains, pipes, connections and appurtenances in any and all of said streets, avenues and roads in or through which mains or pipes may not now be laid; together with the right to enter therein and thereon to lay, maintain, use, inspect, repair and replace said water mains, pipes, stopcocks, hydrants and connections, or to substitute water mains, pipes, stopcocks, hydrants and connections of larger dimensions than now or hereafter to be laid.

And the said vendor further agrees to grant and convey to the said vendee an easement in all that certain piece or parcel of land situate, lying and being in the former town of Middletown, County of Richmond, now the Second Ward of the Borough of Richmond, City and State of New York, bounded and described as follows: Beginning at a point on the northwesterly side of Richmond road at the north-easterly corner of land now or formerly of Owen Riley, and running thence north fifty degrees and fifty minutes west two hundred and twenty-five feet to Prospect avenue; thence northerly and along Prospect avenue six feet; thence south and parallel with the said first mentioned line south fifty degrees fifty minutes east two hundred and

twenty-five feet, more or less, to Richmond road, and thence southerly along Richmond road six feet to the point or place of beginning, for the purpose of laying and maintaining therein a water main, and connections therewith, between said Richmond road and Prospect avenue, together with the right, at all times, to enter therein and thereon to relay, repair and replace said water main and connections, or to substitute therefor a water main and connections of larger dimensions; provided, however, and it is hereby mutually agreed between the parties hereto, that if at any time and whensoever the said vendee shall cease to maintain in the aforesaid parcel of land said water main, or to use same for other purposes connected with the supply of water to the inhabitants and residents of Dongan Hills, then, and in that event, said vendee, its successors or assigns, shall and will, upon the request, but at the cost of said vendor, his heirs, executors, administrators or assigns, release and reconvey to said vendor, his heirs, executors, administrators or assigns, said easement in said parcel of land hereinbefore granted to said vendee, or intended so to be.

And the said vendor agrees to convey and surrender to the said vendee possession of all the property hereinbefore agreed to be conveyed and transferred on or before the first day of September, 1908, or on such other date as the parties hereto may mutually agree upon, and to perform on request any and all acts necessary to complete the transfer of the legal title thereto, as well as to transfer the actual possession thereof to the said vendee, and to execute, or cause to be executed, any and all deeds, assignments and other instruments necessary and proper in the premises to transfer title thereto to said vendee, free and clear of all liens and incumbrances, and further agrees to indemnify and save harmless the said vendee against all claims and demands arising from or out of any transactions, cause, matter or thing whatsoever entered into, suffered or done by said vendor prior to the date of such transfer affecting said property or any part or parcel thereof.

And the said vendor further agrees that he will pay or allow to the said vendee a proportionate part of any and all advance payments which shall have been received from consumers prior to the date on which The City of New York shall acquire title to and take possession of the aforesaid property for water hereafter to be furnished by said vendee to said consumers for the balance of the period covered by such advance payments; the amount so payable or allowable shall be deducted by said vendee from the purchase price hereinbefore mentioned, and shall be ascertained from an inspection by said vendee, or its authorized representatives, of all books and contracts of said vendor relating thereto, or from the reading of said vendor's water meters, to be taken at such time or times as may be mutually agreed upon between the parties hereto.

And the vendee hereby agrees to purchase the hereinbefore described property at the aforesaid consideration, and to pay same in a warrant or warrants of the Comptroller of The City of New York for said sum of four thousand nine hundred and fourteen dollars (\$4,914) at the time of the delivery of the deeds or other instruments necessary to transfer the legal title and the possession of the property hereby agreed to be transferred and conveyed, less the amount, if any, payable to said vendee for its proportionate share of the water rents which shall have been paid by consumers in advance, as aforesaid.

And the said vendee hereby further agrees to endeavor to collect all unpaid bills for water supplied by said vendor prior to the date when said vendee shall acquire title to and take possession of the hereinbefore described property, and to pay over the same, or such proportionate part thereof as said vendor may be entitled to receive as soon thereafter as shall be practicable.

And the said vendor, for the considerations aforesaid, hereby further covenants and agrees with said vendee that, from and after the transfer and delivery of the aforesaid property, he will not directly or indirectly engage in the business of supplying water to the inhabitants or residents of Dongan Hills, and shall and will not use any part of the plant and machinery heretofore used by him and not hereby sold to the said vendee, for the purpose of supplying water for any purpose whatsoever to any person or persons residing within the territory heretofore supplied with water by said vendor, or by any former owner or owners of the water plant and business now and heretofore carried on by said vendor at Dongan Hills aforesaid.

It is understood and agreed that the stipulations aforesaid shall bind the heirs, executors, administrators, successors and assigns of the respective parties hereto.

In witness whereof the parties hereto have executed this agreement in quadruplicate, one of which is to remain with the vendor, one with the Commissioner of Water Supply, Gas and Electricity, one with the Comptroller of The City of New York and one with the Corporation Counsel of The City of New York.

Notary Public, New York County.

Certificate filed in Richmond County.

In pursuance of section 471 of the Greater New York Charter, I do hereby give my consent to and approval of the foregoing agreement, in all its details, with James T. Nelson, for the purchase by The City of New York, of the distribution system of water mains, pipes, connections and appurtenances and property of said James T. Nelson, located at Dongan Hills, in the Fourth Ward of the Borough of Richmond, within the boundaries of The City of New York, as at present constituted, and all the right, title and interests of the said James T. Nelson in and to the same and every part thereof.

Dated New York, \_\_\_\_\_, 1908.

Mayor of The City of New York.

In pursuance of section 471 of the Greater New York Charter, I do hereby give my consent to and approval of the foregoing agreement in all its details with James T. Nelson for the purchase by The City of New York of the distribution system of water mains, pipes, connections and appurtenances and property of said James T. Nelson, located at Dongan Hills, in the Fourth Ward of the Borough of Richmond, within the boundaries of The City of New York, as at present constituted, and all the right, title and interests of the said James T. Nelson in and to the same and every part thereof.

Comptroller of The City of New York.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 28, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR:—Hon. G. L. Sterling, Acting Corporation Counsel, in communication dated September 11, 1908, transmits for the approval of the Board of Estimate and Apportionment, pursuant to the provisions of section 471 of the Charter, a proposed contract between James T. Nelson and The City of New York, for the purchase of the water mains, pipes and hydrants of James T. Nelson, located at Dongan Hills, Borough of Richmond. The contract is in quadruplicate, is approved as to form by the Corporation Counsel, and is already executed by the vendor.

I would report that this contract is drawn pursuant to and for the purpose of carrying out a resolution passed by the Board of Estimate and Apportionment on April 24, 1908.

This resolution provides for the acquisition by purchase by the Commissioner of Water Supply, Gas and Electricity, with the assent of the Mayor, etc., in the name of The City of New York, of the distribution system of water mains and pipes owned by James T. Nelson, located at Dongan Hills, Borough of Richmond, within the boundaries of The City of New York, as at present constituted, consisting of 4,175 feet of 4-inch cast-iron pipe, of 4,700 feet of 2-inch cast-iron pipe, seven 4-inch stop-cocks, seven 2-inch stop-cocks, seven hydrants, 40 service connections and also all right, title and interest of said James T. Nelson, of, in and to said pipes, pipe lines, mains and various connections, together with all rights of way in public streets, said pipes, mains, connections, etc., to be used in connection with the plant and property of the Crystal Water Company of Staten Island, lately purchased by The City of New York.

The resolution authorizes the said Commissioner on behalf of and in the name of The City of New York to enter into a contract for such purchase with James T. Nelson in form approved by the Corporation Counsel, the Comptroller, under the resolution, being authorized to issue Corporate Stock of The City of New York in the sum of \$4,914, for the purpose of providing means therefor.

The contract has been very carefully examined and compared with the map or plan entitled:

"Distribution system of water pipes of James T. Nelson, situated at Dongan Hills, Staten Island, July 1908, \* \* \* Werner Boecklin, C. E."—now on file in the office of the Commissioner of Water Supply, Gas and Electricity of The City of New York, and the terms as provided for in the resolution are correctly stated.

I would therefore advise that the contract in its present form may properly be approved by the Board of Estimate and Apportionment.

Respectfully,

W. H. ROBERTS,  
Assistant Engineer in charge of Bureau.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby assents to and approves of, in all its details, the proposed contract or agreement submitted by the Corporation Counsel under date of September 11, 1908, between The City of New York, by the Commissioner of Water Supply, Gas and Electricity, and James T. Nelson, for the purchase at four thousand nine hundred and fourteen dollars (\$4,914), of the distribution system of water mains, pipes, connections and appurtenances and property of said James T. Nelson, located at Dongan Hills, in the Fourth Ward of the Borough of Richmond, within the boundaries of The City of New York, as at present constituted, and all the right, title and interests of said James T. Nelson in and to the same, and every part thereof; and pursuant to the provisions of section 471 of the Greater New York Charter, the said Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized to execute the same.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller requested that the contracts be transmitted to him after execution for an examination of title and the Chair so directed.

The Secretary presented the following report of the Comptroller, recommending that the contract for furnishing and erecting steel file cases and other furnishings in the office of the County Clerk of New York County, Hall of Records, Borough of Manhattan, be awarded to George W. Cobb, Jr., the lowest bidder, at his bid of \$105,386.

(On September 18, 1908, the matter of the approval of the award of the above contract was referred to the Comptroller.)

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—On September 18, 1908, the following bids were received for furnishing and erecting steel file cases in the office of the County Clerk, New York County, Hall of Records Building, Centre and Chambers streets, in the Borough of Manhattan:

George W. Cobb, Jr.	\$105,386 00
A. W. Gray & Co.	118,700 00
Remington & Sherman Company	129,000 00
Van Dorn Iron Works Company	141,977 00

I have made inquiries in relation to the entire matter and have secured such information as leads me to believe that the lowest bid, \$105,386, is quite sufficient to cover the cost of the work, with a reasonable profit to the contractor, and, inasmuch as this amount is within the appropriation made therefor by the Board of Estimate and Apportionment, I see no reason why the work may not properly and safely be awarded to the lowest bidder.

I therefore recommend that the contract for this furniture and work incidental thereto be awarded to the lowest bidder, to George W. Cobb, Jr., at his bid of \$105,386.

Respectfully,

W. H. ROBERTS,  
Assistant Engineer in Charge of Bureau.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 59 of the Laws of 1897, as amended by chapter 793 of the Laws of 1897, and section 2, chapter 712, of the Laws of 1907, the Board of Estimate and Apportionment hereby accepts the bid of George W. Cobb, Jr., received September 18, 1908, amounting to one hundred and five thousand three hundred and eighty-six dollars (\$105,386), and awards the contract to said George W. Cobb, Jr., for furnishing and erecting steel file cases in the office of the County Clerk of the County of New York, in the Hall of Records Building, Borough of Manhattan, and for all other work required to be done in connection therewith.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The contract is printed in the minutes of June 26, at pages 2483 to 2528.

The Comptroller presented the following communication from the Commissioner of Street Cleaning requesting the approval of the terms and conditions of the proposed contracts, one for the removal of snow and ice in the Boroughs of Manhattan and The Bronx, and the other for the removal of snow and ice in the Borough of Brooklyn, together with a report of the Comptroller, to whom this matter was referred on September 18, recommending the approval of the contracts as requested:

DEPARTMENT OF STREET CLEANING,  
Nos. 13 to 21 PARK ROW,  
NEW YORK, September 12, 1908.

Hon. GEO. B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment,  
City of New York

SIR—I have the honor to submit for approval as to terms and conditions a form of contract for snow removal in the Boroughs of Manhattan and The Bronx and also a similar form for the Borough of Brooklyn.

Both forms are identical in all respects except locality.

The form is like that in force during the past winter, with certain additions to further safeguard the City's interest and eliminate some causes of friction which developed during last winter's operation.

Respectfully,

FOSTER CROWELL, Commissioner.

For Boroughs of Manhattan and The Bronx.

Amended, September 17, 1908, to conform to the recommendations of Comptroller's Engineer.

THOS. F. GALWEY,

Law Clerk, Department of Street Cleaning.

#### DEPARTMENT OF STREET CLEANING OF THE CITY OF NEW YORK.

##### BOROUGH OF MANHATTAN AND THE BRONX.

##### TO CONTRACTORS.

##### PROPOSAL FOR BIDS OR ESTIMATES.

CONTRACT FOR THE REMOVAL OF SNOW AND ICE IN THE BOROUGH OF MANHATTAN AND THE BRONX FOR THE PERIOD BEGINNING WITH THE CERTIFICATION THEREOF BY THE COMPTROLLER OF THE CITY OF NEW YORK, AND ENDING THE 15TH DAY OF APRIL, 1909.

##### Code of Ordinances, Section 511.

Bids or estimates for the above work inclosed in sealed envelopes, indorsed with the title of the work and with the name and address of the person making the same, and the date of presentation, will be received in the main office of the Department of Street Cleaning, at Nos. 13 to 21 Park row, Borough of Manhattan, The City of New York, until o'clock m., of day, the day of 1909, at which time and place the said bids or estimates will be publicly opened by the head of the Department.

Bids will be made on a basis of a cubic yard of snow and ice actually removed from and dumped at the places designated.

##### Code of Ordinances, Section 512.

Bidders are required to state under oath or affirmation in their bids or estimates their names or places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state that fact; also that the bid or estimate is made without any connection with any other person making a bid or estimate for the said work, and that it is in all respects fair and without collusion or fraud; also, that no member of the Board of Aldermen, head of a Department, Deputy thereof or Clerk therein, Chief of a Bureau, or other officer of the Corporation, is directly or indirectly interested therein, or in any of the work to which it relates, or in any portion of the profits thereof, as contracting party, partners, stockholders or otherwise.

##### Charter, Section 539.

The Borough of Manhattan is divided for the purpose of the Street Cleaning Department into districts, bounded and described as follows:

The First District consists of all of that part of the Borough south of the northerly line of Canal street, from the North River to the westerly line of Broadway; thence southerly along the westerly line of Broadway to the northerly line of Chambers street; thence easterly along the northerly line of Chambers, New Chambers and James streets to the East River.

The Second District is bounded on the south by the northerly line of Chambers street, New Chambers street and James street to the East River; thence northerly along the East River to the northerly line of Broome street; thence westerly along the northerly line of Broome street to the westerly line of Broadway; thence southerly along the westerly side of Broadway to the northerly line of Chambers street.

The Third District is bounded on the south by the northerly line of Canal street, from the North River to the westerly line of Broadway; thence northerly along the westerly line of Broadway to the northwest corner of Broome street; thence northerly along the easterly line of Broadway to the southerly line of Twelfth street; thence westerly along the southerly line of Twelfth street to the easterly line of Fifth avenue; thence northerly along the easterly line of Fifth avenue to the southerly line of West Seventeenth street; thence northerly along the westerly line of Fifth avenue to the northerly line of West Twenty-second street to the North River; thence southerly along the North River to Canal street.

The Fourth District is bounded on the south by the northerly line of Broome street; thence northerly along the easterly line of Broadway to the southerly line of Twelfth street; thence easterly along the southerly line of East Twelfth street to the East River; thence southerly along the East River to the northerly line of Broome street.

The Fifth District is bounded on the south by the northerly line of Twenty-second street; on the east by the easterly line of Sixth avenue, from West Twenty-second street to the northerly line of West Thirty-fourth street; thence northerly along the westerly line of Sixth avenue to the southerly line of West Fifty-eighth street; thence along the southerly line of West Fifty-eighth street to the North River; thence along the North River to the northerly line of West Twenty-second street.

The Sixth District is bounded on the south by the southerly line of East Twelfth street, from the East River to the easterly line of Fifth avenue; thence northerly along the easterly line of Fifth avenue to the southerly line of East Seventeenth street; thence northerly along the westerly line of Fifth avenue to the northerly line of West Twenty-second street; thence westerly along the northerly line of West Twenty-second street to the easterly line of Sixth avenue; thence northerly along the easterly line of Sixth avenue to the northerly line of West Thirty-fourth street; thence along the westerly line of Sixth avenue to the northerly line of West Fortieth street; thence easterly along the northerly line of West Fortieth street to the East River; thence southerly along the East River to the southerly side of East Twelfth street.

The Seventh District is bounded on the south by the southerly line of West Fifty-eighth street, from the North River to the westerly line of Sixth avenue; thence northerly along the westerly line of Sixth avenue to the northerly line of Fifty-ninth street; thence westerly along the northerly line of Fifty-ninth street to Eighth avenue; thence northerly along the easterly line of Central Park West to the southerly line of West One Hundred and Tenth street; thence westerly to the North River; thence southerly along the North River to the southerly line of West Fifty-eighth street.

The Eighth District is bounded on the south by the northerly line of Fortieth street, from the East River to the westerly line of Sixth avenue; thence northerly along the westerly line of Sixth avenue to the northerly line of Fifty-ninth street; thence easterly along the northerly line of Fifty-ninth street to the westerly line of Fifth avenue; thence northerly along the westerly line of Fifth avenue to the northerly line of East Seventy-second street; thence easterly along the northerly line of East Seventy-second street to the East River; thence southerly along the East River to the northerly line of East Fortieth street.

The Ninth District consists of all that part of the Borough contained between the southerly line of West One Hundred and Tenth street, from the North River to the westerly line of Lenox avenue; thence northerly along the westerly line of Lenox avenue to the Harlem River, and thence along the westerly shore of the Harlem River to Spuyten Duyvil Creek and the westerly and northerly shore of Spuyten Duyvil Creek and westerly shore of the ship canal to the North River; thence southerly along the North River to the southerly line of One Hundred and Tenth street.

The Tenth District is bounded on the south by the northerly line of East Seventy-second street, from the East River to the westerly line of Fifth avenue; thence northerly along the westerly line of Fifth avenue to the southerly line of East One Hundred

and Sixth street to the East River; thence southerly along the East River to the northerly line of East Seventy-second street.

The Eleventh District is bounded on the south by the southerly line of East One Hundred and Sixth street, from the East River to the westerly line of Fifth avenue; thence northerly along the westerly line of Fifth avenue to the southerly line of One Hundred and Tenth street; thence westerly along the southerly line of One Hundred and Tenth street to the westerly line of Lenox avenue; thence northerly along the westerly line of Lenox avenue to the Harlem River; thence southerly along the Harlem River to the southerly line of East One Hundred and Sixth street.

The work in the Borough of The Bronx, comprising the Twelfth and Thirteenth Districts, will, for the purpose of this contract, be deemed to constitute one district.

The compensation will be for the actual amount of snow and ice removed and dumped by the Contractor at a price per cubic yard.

Each bid or estimate must be for one or more of the said eleven (11) districts, or for the Borough of The Bronx, and must distinctly state the price per cubic yard in each separate district, and in the Borough of The Bronx one price for the two districts aforesaid. A contract, or contracts, if awarded, will be awarded to the lowest bidder for each district, or for the Borough of The Bronx.

#### Code of Ordinances, Section 514.

Each bid or estimate must be accompanied by the consent in writing of two householders or freeholders in The City of New York, or of a guarantee or surety company duly authorized by law to act as surety, to the effect that if the contract or contracts be awarded to the person or persons making the bid or estimate, he, they or it will upon its being so awarded become bound as his or their sureties for its faithful performance in the amount of one hundred thousand dollars (\$100,000) for all the districts of the Borough of Manhattan taken together with the Borough of The Bronx, and to the amount of ten thousand dollars for each or any of the eleven districts of the Borough of Manhattan, or for the Borough of The Bronx, if the bid is for less than all the districts of the Boroughs of Manhattan and The Bronx taken together; and that if he or they shall omit or refuse to execute the same, they or it will pay to The City of New York any difference between the sum which The City of New York may be obliged to pay to the persons to whom the contract or contracts may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are to be tested.

#### Deposit. Charter, Section 420.

No bid or estimate will be received or considered unless accompanied by a deposit of five per centum of the amount of security required.

No bid or estimate shall be withdrawn pending the award of the contract.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Commissioner, a copy of which and also the proper envelope to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of said Commissioner.

This proposal for bids or estimates is and is to be taken to be a part of the contract.

Commissioner of Street Cleaning.

Dated, New York

#### THE CITY OF NEW YORK, OFFICE OF THE DEPARTMENT OF STREET CLEANING.

##### BOROUGH OF MANHATTAN AND THE BRONX.

CONTRACT FOR THE REMOVAL OF SNOW AND ICE IN THE BOROUGH OF MANHATTAN AND THE BRONX FOR THE PERIOD BEGINNING WITH THE CERTIFICATION THEREOF BY THE COMPTROLLER OF THE CITY OF NEW YORK, AND ENDING THE 15TH DAY OF APRIL, 190

#### Parties.

This agreement, under the provisions of sections 419, 534, 541 and 544 of the Greater New York Charter, made and entered into this day of , by and between The City of New York, party of the first part, acting by and through the Commissioner of Street Cleaning of the said The City of New York, and

the Contractor, party of the second part.

#### Covenant.

Witnesseth: That the parties to these presents, each in consideration of the agreements on the part of the other herein contained, have agreed, and hereby agree, the party of the first part for itself, its successors and assigns, and the party of the second part for himself, his or their heirs, assigns and legal representatives, as follows:

#### Work to Be Done.

(A) The Contractor will, at his own cost and expense, provide all the officers, clerks, labor, materials, machines, horses, carts, trucks and other vehicles and all the implements and appliances necessary for the performance of the work hereinafter described, and will perform the said work according to the specifications and terms and conditions of this contract.

#### Term of Contract. Comptroller's Certificate. (Charter, Section 149.)

(B) This contract shall be for the period beginning with the indorsement hereon of the Comptroller's certificate, as hereinafter provided, and ending the 15th day of April, 190

#### Parties Described.

(C) Wherever in this contract the term "The City" is used it shall be taken to mean The City of New York, the party of the first part to this contract, and wherever the term "Commissioner" occurs, it shall be understood as applying to the Commissioner of Street Cleaning, and to his authorized representative and representatives, and wherever the term "Contractor" or pronouns referring to the same occurs or occur, the same shall be taken to intend the party or parties, as the case may be, of the second part of this contract; that wherever the word "Inspector" is used in these specifications or in this contract, it refers to and designates the Inspector placed by the Commissioner in charge of the work, acting either directly or through any Assistant, duly appointed by the Commissioner and designated therefor; having general charge of the work, or through any such Assistant, having immediate charge of a portion thereof, limited by the particular duties entrusted to him.

(D) The Inspector shall in all cases determine the amount of work which is to be paid for under this contract, and his estimate shall be final and conclusive upon the Contractor, and such estimate, in case any question shall arise, shall be a condition precedent to the right of the Contractor to receive any money under this agreement.

#### Liquidated Damages.

(E) Because it would be difficult, if not impossible, otherwise to estimate justly the amount of damage to be caused to The City by delay in the work hereunder, the damage to be suffered by The City and to be paid by the Contractor through delay by the Contractor in beginning the work within the period of two hours after he has been ordered to begin, and carrying it on with all possible care, efficiency and speed, in such manner and with such force as directed by the Commissioner, on each and every block, or within such further time as to said blocks as may be allowed by the Commissioner, is hereby fixed, determined and liquidated at the amount of five dollars (\$5) for each and every hour of said delay at each and every block, and not by way of penalty; the number of blocks affected by said delay, and the number of hours of delay at each said block, to be finally and conclusively determined by the Inspector; and The City may deduct the said amount or amounts out of any moneys due or to grow due under this contract. In like manner the damage to be suffered by The City, and to be paid by the Contractor, in case the drivers or those in charge of carts, trucks and other vehicles, in the employ of the Contractor, dump, or cause to be dumped, any snow, ice or other material, on any public street, avenue, lane or alley, or any other place not approved by the Commissioner, is hereby fixed, determined and

liquidated at the amount of five dollars (\$5) for each and every load so dumped, and not by way of penalty; the number of such loads to be finally and conclusively determined by the Inspector, and The City may deduct the said amount or amounts out of any moneys due or to grow due under this contract.

#### Contractor to Conform to the Law, etc. (Charter, 1541), and to Indemnify The City. Security.

(F) The Contractor will perform the work under this contract in such manner as to comply with the laws of the State of New York, the Greater New York Charter, the ordinances, rules and regulations of The City of New York, as now constituted, and the laws of the United States, so far as they or any of them are in force and relate to the said work, and so as not to create any obligation, claim or demand, nor furnish any just ground for any action, suit or legal proceeding against The City or the Department of Street Cleaning, and to do all the work herein provided for, and will indemnify and save harmless The City, its officers, agents or servants against and from all suits and actions of every name and description brought against them, or any of them, and against and from all damages and costs to which they or any of them may be put by reason of injury to the person or property of another, resulting from negligence in the performance of the work, or from any improper or defective machinery, implement or appliance used in performing the same, or from any act or omission of such person or persons; and he will give a bond in the sum of thousand dollars (\$ ), with sureties, who shall justify each at that amount, fully and faithfully to comply with all the terms and conditions of this contract, and to pay unto The City the amount of any loss to The City or the Department of Street Cleaning resulting from any failure on the Contractor's part properly and faithfully to perform any of the things agreed upon to be done in connection with the work under this contract.

#### Price. No Other Compensation.

(G) The Contractor will perform all the aforesaid work of removal of snow and ice and disposal of the same according to the terms and conditions of this contract at the rate or price of

For the First District, per cubic yard,	Dollars (\$ )
For the Second District, per cubic yard,	Dollars (\$ )
For the Third District, per cubic yard,	Dollars (\$ )
For the Fourth District, per cubic yard,	Dollars (\$ )
For the Fifth District, per cubic yard,	Dollars (\$ )
For the Sixth District, per cubic yard,	Dollars (\$ )
For the Seventh District, per cubic yard,	Dollars (\$ )
For the Eighth District, per cubic yard,	Dollars (\$ )
For the Ninth District, per cubic yard,	Dollars (\$ )
For the Tenth District, per cubic yard,	Dollars (\$ )
For the Eleventh District, per cubic yard,	Dollars (\$ )
For the Borough of The Bronx, per cubic yard,	Dollars (\$ )

per cubic yard of snow and ice for the actual amount of snow and ice removed and dumped by him to the places designated by the Commissioner of Street Cleaning under this contract; and he will not ask, demand, sue for or recover any other or greater compensation for the work under this contract than the said rate per cubic yard.

(H) Whenever it shall be deemed by the said Commissioner and the Contractor, for their mutual profit and advantage, horses, carts and trucks, or other vehicles, or machines, or implements of the Department of Street Cleaning, may be employed by the Contractor in the performance of the work hereunder, and at such compensation in part of the first part as may be deemed fair by the said Commissioner, and the amount of such compensation shall be a charge against the Contractor, and may be deducted from any amount or amounts due or to grow due to the Contractor under this contract.

#### City to Reserve Ten Per Cent. Until After Completion of Contract. (Code of Ordinances, Section 518.)

(I) The City may and shall at all times reserve and retain out of said payments, or any or every of them, ten per centum to remain as security; the sum or sums so reserved or retained conditioned upon the faithful performance by the Contractor of the terms and conditions of this contract upon his part to be performed or observed, to be paid to the Contractor within thirty (30) days after the completion of said work.

#### Payment on Certificates.

(J) As soon as may be after each removal of snow and ice as aforesaid, the Contractor shall deliver to the Commissioner a bill or voucher of such forms as may be approved by the Commissioner, setting forth the correct amount of snow and ice removed as aforesaid. The Commissioner shall then ascertain the correctness of such bill or voucher, and, if found correct, or if not correct, when corrected, the Inspector shall certify to the correctness thereof; provided, however, that in order to enable the Contractor to prosecute the work under this contract advantageously, the Inspector may at any time, as the work progresses, and not necessarily after the entire and thorough removal of the respective fall or falls of snow, certify to the amount of work done, or portion thereof, by the Contractor up to said time, and the value thereof under and according to the terms of this contract. The first such certificate shall be of the amount of work done since the Contractor began the performance of this contract, and every subsequent certificate, except the certificate of completion at the end of the period provided for in this contract, shall be of the amount of work done since that included in the last preceding certificate. Upon each such certificate being made in writing by the Inspector and approved by the Commissioner, the City shall pay to the Contractor ninety per centum of the amount stated therein to be the value of the work done, and immediately after the 15th day of April, 190, if the Contractor shall have completely performed this contract on his part, the Inspector shall so certify in writing, and on or before the expiration of thirty (30) days after the delivery of said certificate of completion, the City shall pay to the Contractor the amount which shall be found to be due to him, after deducting such sum or sums as shall have been heretofore paid to the Contractor on account of the work done and certified in prior certificates. It is expressly understood that the certificates and payments, as above set forth, shall be made only when the work is prosecuted in conformity with the provisions of this contract, and that the action of the Commissioner, by which the Contractor is to be bound and concluded according to the terms of this contract, shall be that evidenced by the certificate of completion aforesaid, all prior certificates being certificates of minor payments.

#### Snow Inspector's Certificates.

(K) The certificates of the Inspector, approved by the Commissioner, shall be the account by which the work done under this contract shall be computed, and the Contractor will not be entitled to demand or receive payment for any work done under or in pursuance of this contract, or for any portion thereof, until the same shall have been duly certified by the Commissioner in the manner hereinbefore provided, and until each and every of the stipulations herein contained shall have been complied with. Thereupon the City shall pay and hereby binds itself and its successors to pay to the Contractor, in lawful money of the United States, on or before the expiration of thirty (30) days after the delivery by the Commissioner of the certificate of completion of the work under this contract, the amount so certified, including such part thereof as shall have been reserved and retained under any provisions of this contract or any law, ordinance or resolution as hereinbefore provided.

#### Contractor Not to Assign, etc. (Chapter 444, Laws of 1897.)

(L) The Contractor will give his personal attention constantly to the faithful prosecution of the work; he will not assign, transfer, convey, sublet or otherwise dis-

pose of this contract, or his right, title or interest in or to the same or any part hereof, or his right to execute this contract, without the previous consent in writing of the Commissioner endorsed hereon or hereto attached; and he will not assign, by power of attorney or otherwise, any of the moneys due or to become due and payable under this contract, unless by and with the like consent signified in like manner. If the Contractor shall, without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of this contract, or of his right, title or interest therein, or any of the moneys due or to become due under this contract, to any other person, company or other corporation, this contract may, at the option of the Commissioner, be revoked and annulled and the City shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to the Contractor, and to his assignee or transferee; provided that nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors, made pursuant to the statutes of the State of New York; and no right under this contract or to any money to become due hereunder shall be asserted against the City in law or in equity, by reason of any so-called assignment of this contract, or any part thereof, or of any moneys to grow due hereunder, unless authorized as aforesaid by the written consent of the Commissioner.

#### Abandonment of Contract.

(M) If this contract shall be abandoned, or if it shall be assigned, or the work sublet by the Contractor otherwise than is herein specified, or if at any time the Contractor shall fail to perform the work hereunder at the time and in the manner specified herein with promptness and diligence, or shall omit to perform, fulfill, observe or keep any of the covenants, terms and conditions herein contained on his part to be performed, fulfilled or observed, the City may procure to be performed, by contract or otherwise, as the Commissioner shall deem best, such and so much of said work as the Contractor shall have failed to perform; or if at any time the Inspector shall be of the opinion, and shall so certify in writing to the Commissioner, that the performance of the contract is unnecessarily or unreasonably delayed, or that the Contractor is wilfully violating any of the conditions or covenants of this contract, or executing said contract in bad faith, the Commissioner shall have the power to notify the Contractor to discontinue all work or any part thereof under this contract, by a written notice to be served upon the Contractor, either personally or by leaving said notice at his residence or with his agent in charge of the work; and thereupon the Contractor shall discontinue said work or such part thereof as the Commissioner may designate, and the Commissioner shall thereupon have the power, and is hereby authorized to procure, in the manner prescribed by law, such and so much of said work to be performed as may be necessary to fulfill this contract, and in either of such cases the City shall have power to charge the cost and expenses of the same to the Contractor and the costs and expenses so charged shall be deducted and paid by the City out of such moneys as may be then due or at any time thereafter may grow due to the Contractor under and by virtue of this contract; and in case such costs and expenses shall exceed the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall and will pay the amount of such excess to the City; and in case such costs and expenses shall be less than the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall forfeit all claim to the difference.

Should the Contractor neglect, or be unable, to provide a sufficient number of men or carts, in the judgment of the Commissioner, to carry on the work of snow removal with proper dispatch, either in an entire district or in a part or in parts of a district, the Commissioner shall have the power to require the Contractor to make such disposition of the latter's force as the Commissioner may deem best and the Commissioner may employ such other force as he may deem necessary in such part or parts of a district where the Contractor's force, in the Commissioner's judgment, is not sufficient. In case the cost and expenses of such removal of snow and ice by the Commissioner shall exceed the sum which would have been payable under this contract, if the same had been completed by the Contractor, then the Contractor shall and will pay the amount of such excess to the City; and in case such costs and expenses shall be less than the sum which would have been payable under this contract, if the same had been completed by the Contractor, then the Contractor shall forfeit all claim to the difference. The Contractor shall at all times follow the programme of work, as laid down in the schedules; but the Commissioner shall have the power to vary said programme and to discontinue the work at any time without prejudice. In the event of the work of snow removal being discontinued by order of the Commissioner, the Contractor shall have no claim against the City for any labor or other expenses which he may have been put to in the work so discontinued. The above provisions are not intended to do away with the requirements of Clause (E) of this contract in regard to liquidated damages for delays in performing work by the Contractor.

#### Lien Law. (Chapter 418, Laws 1897; Chapter 169, Laws 1898.)

(N) If, at any time before or within thirty days after the whole work herein agreed has been performed and properly completed by the Contractor, in accordance with this contract and to the satisfaction of the Commissioner, any person or persons claiming to have performed any labor or furnished any machine, implement, appliance or material toward the performance or completion of this contract, shall file or cause to be filed, with the Department of Street Cleaning, and with the head of the Finance Department of the City, any such notice as is provided for by any lien law of the State of New York, then, and in every such case, the City shall retain, anything herein contained to the contrary notwithstanding, from the moneys under its control, and due or to grow due from it under this contract, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person or persons filing such notice, or causing the same to be filed, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained shall be retained by the City until the lien thereon created by the said law or laws and the filing of said notice shall be discharged pursuant to the provisions of law.

#### Contractor to Prevent Accidents. (Code of Ordinances, Section 519.)

(O) The Contractor shall place proper guards for the prevention of accidents and shall put up and keep at night suitable and sufficient lights wherever necessary during the performance of the work under this contract to prevent accidents or injuries to the person or property of another, and he shall indemnify and save harmless the City from all suits or actions, and damages or costs of every name and description to which the City may be subjected or put by reason of injury to the person or property of another resulting from negligence or carelessness on the part of the Contractor, his servants or agents, in the performance of the work, or by or on account of any act or omission of the Contractor, his servants or agents, and the whole or so much of the moneys due or to grow due the Contractor under this agreement, as shall or may be considered necessary by the Comptroller of the City, shall or may be retained by the City until all such suits or claims for damages shall have been settled or otherwise disposed of, and evidence to that effect furnished to the satisfaction of the Comptroller.

#### No Estopped.

(P) The City shall not, nor shall any Department or officer of the City, be precluded or estopped by any reason or certificate made or given by any Inspector or other officer, agent or appointee of the Department of Street Cleaning, or of the City, under or in pursuance of anything in this contract contained, from at any time showing the true and correct amount and character of the work which shall have been done by the Contractor, or any other person or persons under this contract; and all differences or disputes that may arise between the parties hereto regarding the accuracy of any measurement of the work hereunder, may be adjusted and finally determined by the Commissioner upon such facts as may be presented to him.

#### Labor Law.

(Q) The Contractor agrees that he will comply with the provisions of "the Labor Law." He further agrees that no laborer, workman or mechanic in the employ of the Contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day, except in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work, or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where

such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 13 of the Labor Law.

(R) The residence or place of business given in the bid or estimate upon which this contract is founded is hereby designated as the place where all notices, letters and other communications shall be served, mailed or delivered. Any notice, letter or other communication addressed to the Contractor and delivered at the above named place, or deposited in a post-paid wrapper in any post-office box regularly maintained by the post-office, shall be deemed sufficient service thereof upon the Contractor. The place named may be changed at any time by an instrument in writing, executed and acknowledged by the Contractor and delivered to the Commissioner. Nothing herein contained shall be deemed to preclude or render inoperative service of any notice, letter or other communication upon the Contractor personally. Whenever in the trial of any action growing out of this contract it shall be necessary or required to prove the service of a notice as herein prescribed, an affidavit showing the service in the manner herein required to have been made by the person making the affidavit, shall be presumptive evidence of such service upon first proving that the affiant is dead or insane or that with due diligence his attendance cannot be compelled.

#### Satisfactory Evidence That Contractor Has Sufficient Vehicles.

(S) Within five (5) days after the certification of this contract by the Comptroller, or at another date subsequent thereto to be determined by the Commissioner the Contractor shall furnish to the Commissioner satisfactory evidence that he has secured the use and control of a sufficient number of vehicles of suitable size and capacity to carry out the requirements of this contract, as provided in the specifications, in each and every subdivision of the districts covered, as specified in the schedule of streets or portions thereof to be cleaned of snow and ice. Should the Contractor not furnish such evidence, the Commissioner shall have the power to hire a sufficient number of vehicles at prevailing rates, for such time as they may be required, and in case the costs and expenses shall exceed the amount which would have been payable to the Contractor if he had completed the work, the City shall have the power to charge such excess to the Contractor, and said excess so charged shall be deducted and paid by the City out of such moneys as may be then due or at any time thereafter may grow due to the Contractor under and by virtue of this contract.

#### Charter, Section 149.

(T) This contract shall not be binding or of any force unless the Comptroller of The City of New York shall endorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New York Charter, a balance of the appropriation or fund applicable therein sufficient to pay the estimated expense of executing this contract, as certified by the officer making the same.

(U) The proposal for bids or estimates, the advertisement of this contract in the City Record, the Contractor's bid or estimate on which this contract was awarded, and the specifications herein contained are and shall be deemed to be, a part of this contract.

In witness whereof, the Commissioner of Street Cleaning has set his hand and seal on behalf of said party of the first part, and the said party of the second part has likewise set his hand and seal, the day and year first above written, and the said party hereto of the second part and the said Commissioner have, and each of them has, executed this contract in triplicate, one part whereof is to remain with the said Commissioner, one other part to be filed with the Comptroller of The City of New York, and the third part to be delivered to the said party of the second part.

Know all men by these presents, that we

as principal and

as sureties, are held and firmly bound unto The City of New York, in the sum of ..... dollars (\$ .....), lawful money of the United States of America, to be paid unto the said The City of New York, or to its certain attorneys, successors or assigns; for which payment, well and truly to be made, we bind ourselves, and our several and respective heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

Sealed with our seals. Dated this ..... day of ..... one thousand nine hundred and .....

Whereas, The above bounden

by an instrument in writing under ..... hand and seal, bearing even date with these presents, one part whereof is hereunto annexed, has contracted with The City

found to exist between them, the figures of the register are to be taken as correct, subject, however, to an official remeasurement, if requested by the Contractor.

18. At each of the designated dumping points the Commissioner shall station a Dump Foreman or other representative, whose duty shall be to punch the official tickets at the nearest division of time as printed on said tickets of those Drivers who have discharged full-sized loads of snow and ice at the proper place. The provisions of this specification are without prejudice to the right of the Commissioner to employ any system of checking or other safeguard necessary in his judgment to the proper protection of the City.

19. Every vehicle employed in the removal of snow by the Contractor, under this contract, must be designated and listed by a distinct number, said numbers being in regular series, with a separate series for each contract, so that there shall be no duplication of the numbers. The numbers shall be registered in a book to be kept for the purpose at the main office of the Department of Street Cleaning.

20. Each vehicle must be provided with a sign or signs, of such form, size and material as shall be required by the Commissioner. The signs must be permanently and firmly attached to the trucks, on the right hand side of the vehicle near the front end, in a manner satisfactory to the Commissioner, and shall plainly show the contractor's name, the registered number of the truck, the class and the registered capacity. No vehicle will be registered until the signs have been permanently attached and no account will be taken of snow hauled in vehicles which have not the proper signs; and should it be found at any time that a vehicle is used with a sign, or signs upon it to which it is not entitled, the latter must be replaced with the proper sign, or signs, and any previous tickets issued on account of snow hauled in said vehicle must be corrected to conform to the facts, and any excess of allowance of snow which may have been already made shall be deducted.

21. On delivering to the Commissioner his bill or voucher for payment, the Contractor shall accompany the same with the official tickets received by him for work performed by him, and an accurately detailed statement of the same, and he shall not look to the Department of Street Cleaning, or its clerical force, for assistance or information in this matter.

# DEPARTMENT OF STREET CLEANING OF THE CITY OF NEW YORK, BOROUGH OF BROOKLYN. TO CONTRACTORS.

## PROPOSAL FOR BIDS OR ESTIMATES.

CONTRACT FOR THE REMOVAL OF SNOW AND ICE IN THE BOROUGH OF BROOKLYN, FOR THE PERIOD BEGINNING WITH THE CERTIFICATION THEREOF BY THE COMPTROLLER OF THE CITY OF NEW YORK, AND ENDING THE 15TH DAY OF APRIL, 190 ..

## Code of Ordinances, Section 511.

Bids or estimates for the above work inclosed in sealed envelopes, indorsed with the title of the work and with the name and address of the person making the same, and the date of presentation, will be received at the main office of the Department of Street Cleaning, at Nos. 13 to 21 Park row, Borough of Manhattan, The City of New York, until ..... o'clock ..... of ..... day, the ..... day of ..... 190 .., at which time and place the said bids or estimates will be publicly opened by the head of the Department.

Bids will be made on a basis of a cubic yard of snow and ice actually removed from and dumped at the places designated.

## Code of Ordinances, Section 512.

Bidders are required to state under oath or affirmation in their bids or estimates their names or places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state that fact; also that the bid or estimate is made without any connection with any other person making a bid or estimate for the said work, and that it is in all respects fair and without collusion or fraud; also, that no member of the Board of Aldermen, head of a Department, Deputy thereof or Clerk therein, Chief of a Bureau, or other officer of the Corporation, is directly or indirectly interested therein, or in any of the work to which it relates, or in any portion of the profits thereof, as contracting party, partners, stockholders or otherwise.

## Charter, Section 539.

The Borough of Brooklyn is divided for the purpose of the Street Cleaning Department into districts bounded and described as follows:

The First District is bounded by Navy Yard, Navy street (inclusive), Rockwell place (inclusive), Flatbush avenue (not inclusive), Nevius street (inclusive), Carroll street (not inclusive), Gowanus Canal, Gowanus Bay and East River.

The Second District is bounded by Carroll street (not inclusive), Prospect Park West (inclusive), Fifteenth street (inclusive), Coney Island avenue (not inclusive), Seeley street (not inclusive), Gravesend avenue (not inclusive), Twenty-second avenue (inclusive), Gravesend Bay, New York Bay, Gowanus Bay and Canal.

The Third District is bounded by Navy street (not inclusive), Rockwell place (not inclusive), Flatbush avenue (inclusive), Nevius street (not inclusive), Carroll street (inclusive), Prospect Park West (inclusive), Flatbush avenue (inclusive), Malbone street (inclusive), Bedford avenue (inclusive), Flushing avenue (inclusive).

The Fourth District is bounded by Clinton avenue (inclusive), Flushing avenue (not inclusive), Broadway (inclusive), Union avenue (not inclusive), Metropolitan avenue (inclusive), Newtown Creek, East River and Wallabout Bay.

The Fifth District is bounded by Metropolitan avenue (not inclusive), Union avenue (inclusive), Broadway (not inclusive between Flushing avenue and Jamaica avenue), Jamaica avenue (not inclusive), Vermont street (not inclusive), City line and Newtown Creek.

The Sixth District is bounded by Flushing avenue (inclusive), Bedford avenue (not inclusive), Fulton street (inclusive), Broadway (not inclusive).

The Seventh District is bounded by Bedford avenue (not inclusive), Malbone street (inclusive), East New York avenue (inclusive), East Ninety-eighth street (not inclusive), Avenue D (not inclusive), Fresh Creek, Jamaica Bay, Borough line, Vermont street (inclusive), Jamaica avenue (inclusive), Fulton street (not inclusive).

The Eighth District is bounded by Malbone street (not inclusive), Flatbush avenue (not inclusive), Prospect Park West (not inclusive), Fifteenth street (not

inclusive), Coney Island avenue (inclusive), Seeley street (inclusive), Gravesend avenue (inclusive), Twenty-second avenue (not inclusive), Gravesend Bay, Atlantic Ocean, Jamaica Bay, Fresh Creek, Avenue D (inclusive), East Ninety-eighth street (inclusive), East New York avenue (not inclusive).

The Contractor will be required to provide, at his own cost and expense, suitable and sufficient dumping places for the snow and ice removed by him under the contract.

The compensation will be for the actual amount of snow and ice removed and dumped by the Contractor at a price per cubic yard.

Each bid or estimate must be for one or more of the said eight (8) districts, and must distinctly state the price per cubic yard in each separate district. A contract, or contracts, if awarded, will be awarded to the lowest bidder for each district.

## Code of Ordinances, Section 514.

Each bid or estimate must be accompanied by the consent in writing of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person or persons making the bid or estimate, he or it will upon its being so awarded become bound as his sureties for its faithful performance in the amount of sixty thousand dollars (\$60,000) for all the districts of the Borough, and to the amount of ten thousand dollars (\$10,000) for each district, if the bid is for less than the eight districts and that if he or they shall omit or refuse to execute the same, they or it will pay to the City any difference between the sum which the City may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are to be estimated.

## Deposit (Charter, Section 420).

No bid or estimate will be received or considered unless accompanied by a deposit of five per centum of the amount of security required.

No bid or estimate shall be withdrawn pending the award of the contract.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Commissioner, a copy of which and also the proper envelope to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of said Commissioner.

This proposal for bids or estimates is and is to be taken to be a part of the contract.

..... Commissioner of Street Cleaning.

Dated New York, ..... 190 ..

# THE CITY OF NEW YORK, OFFICE OF THE DEPARTMENT OF STREET CLEANING, BOROUGH OF BROOKLYN.

CONTRACT FOR THE REMOVAL OF SNOW AND ICE IN THE BOROUGH OF BROOKLYN, FOR THE PERIOD BEGINNING WITH THE CERTIFICATION THEREOF BY THE COMPTROLLER OF THE CITY OF NEW YORK, AND ENDING THE 15TH DAY OF APRIL, 190 ..

## Parties.

This Agreement, under the provisions of sections 419, 534, 541 and 544 of the Greater New York Charter, made and entered into this ..... day of ..... one thousand nine hundred and ..... by and between The City of New York, party of the first part, acting by and through the Commissioner of Street Cleaning of the said The City of New York, and ..... the Contractor, party of the second part.

## Covenant.

Witnesseth: That the parties to these presents, each in consideration of the agreements on the part of the other herein contained, have agreed, and hereby agree, the party of the first part for itself, its successors and assigns, and the party of the second part for himself, his or their heirs, assigns, and legal representatives, as follows:

## Work to be Done.

(A) The Contractor will, at his own cost and expense, provide all the officers, labor, materials, machines, horses, carts, trucks and other vehicles and all the implements and appliances necessary for the performance of the work hereinafter described, and will perform the said work according to the specifications and terms and conditions of this contract.

## Term of Contract, Comptroller's Certificate (Charter, Section 149).

(B) This contract shall be for the period beginning with the indorsement hereon of the Comptroller's certificate, as hereinafter provided, and ending the 15th day of April, 190 ..

## Parties Described.

(C) Wherever in this contract the term "The City" is used it shall be taken to mean The City of New York, the party of the first part to this contract, and wherever the term "Commissioner" occurs, it shall be understood as applying to the Commissioner of Street Cleaning, and to his authorized representative and representatives, and wherever the term "Contractor" or pronouns referring to the same occurs or occur, the same shall be taken to intend the party or parties, as the same may be, of the second part of this contract; that wherever the word "Inspector" is used in these specifications or in this contract, it refers to and designates the Inspector placed by the Commissioner in charge of the work, acting either directly or through any Assistant, duly appointed by the Commissioner and designated therefor having general charge of the work, or through any such Assistant, having immediate charge of a portion thereof, limited by the particular duties entrusted to him.

(D) The Inspector shall in all cases determine the amount of work which is to be paid for under this contract, and he shall in all cases decide every question which may arise relative to the performance of this contract on the part of the Contractor and his estimate and decision shall be final and conclusive upon the Contractor, and such estimate and decision, in case any question shall arise, shall be a condition precedent to the right of the Contractor to receive any money under this agreement.

## Liquidated Damages.

(E) Because it would be difficult, if not impossible, otherwise to estimate justly the amount of damage to be caused to the City by delay in the work hereunder, the damage to be suffered by the City and to be paid by the Contractor through delay by the Contractor in beginning the work within the period of two hours after he has been ordered to begin, and carrying it on with all possible care, efficiency and speed, in such manner and with such force as directed by the Commission, on each and every block, or within such further time as to said blocks as may be allowed by the Commissioner, is hereby fixed, determined and liquidated, at the amount of five dollars (\$5) for each and every hour of said delay at each and every block, and not by way of penalty; the number of blocks affected by said delay, and the number of hours of delay at each said block, to be finally and conclusively determined by the Inspector; and the City may deduct the said amount or amounts out of any moneys due or to grow due under this contract. In like manner the damage to be suffered by the City, and to be paid by the Contractor, in case the drivers or those in charge of carts, trucks and other vehicles, in the employ of the Contractor, dump, or cause to be dumped, any snow, ice or other material, on any public street, avenue, lane or alley, or any other place not approved by the Commissioner, is hereby fixed, determined and liquidated, at the amount of five dollars (\$5) for each and every load so dumped, and not by way of penalty; the number of such loads to be finally and conclusively determined by the Inspector, and the City may deduct the said amount or amounts out of any moneys due or to grow due under this contract.

Contractor to Conform to the Law, etc. (Charter, 1541, and to Indemnify the City.)  
Security.

(F) The Contractor will perform the work under this contract in such manner as to comply with the laws of the State of New York, the Greater New York Charter, the ordinances, rules and regulations of The City of New York, as now constituted,

and the laws of the United States, so far as they or any of them are in force and relate to the said work, and so as not to create any obligation, claim or demand, nor furnish any just ground for any action, suit or legal proceeding against the City or the Department of Street Cleaning, and to do all the work herein provided for, and will indemnify and save harmless the City, its officers, agents or servants against and from all suits and actions of every name and description brought against them, or any of them, and against and from all damages and costs to which they or any of them may be put by reason of injury to the person or property of another, resulting from negligence in the performance of the work, or from any improper or defective machinery, implement or appliance used in performing the same, or from any act or omission of such person or persons; and he will give a bond in the sum of

thousand dollars (\$.....), with sureties, who shall justify each at that amount, fully and faithfully to comply with all the terms and conditions of this contract, and to pay unto the City the amount of any loss to the City or the Department of Street Cleaning resulting from any failure on the Contractor's part properly and faithfully to perform any of the things agreed upon to be done in connection with the work under this contract.

#### Price. No Other Compensation.

(G) The Contractor will perform all the aforesaid work of removal of snow and ice and disposal of the same according to the terms and conditions of this contract at the rate or price of

For the First District, per cubic yard,	Dollars (\$ )
For the Second District, per cubic yard,	Dollars (\$ )
For the Third District, per cubic yard,	Dollars (\$ )
For the Fourth District, per cubic yard,	Dollars (\$ )
For the Fifth District, per cubic yard,	Dollars (\$ )
For the Sixth District, per cubic yard,	Dollars (\$ )
For the Seventh District, per cubic yard,	Dollars (\$ )
For the Eighth District, per cubic yard,	Dollars (\$ )

per cubic yard of snow and ice for the actual amount of snow and ice removed and dumped by him to the places designated by the Commissioner of Street Cleaning under this contract; and he will not ask, demand, sue for or recover any other or greater compensation for the work under this contract than the said rate per cubic yard.

(H) Whenever it shall be deemed by the said Commissioner and the Contractor, for their mutual profit and advantage, horses, carts and trucks, or other vehicles, or machines, or implements of the Department of Street Cleaning, may be employed by the Contractor in the performance of the work hereunder, and at such compensation to party of the first part as may be deemed fair by the said Commissioner, and the amount of such compensation shall be a charge against the Contractor, and may be deducted from any amount or amounts due or to grow due to the Contractor under this contract.

*City to Reserve 10 Per Cent. Until After Completion of Contract. (Code of Ordinances, Section 518.)*

(I) The City may and shall at all times reserve and retain out of said payments, or any or every of them, ten per centum to remain as security; the sum or sums so reserved or retained conditioned upon the faithful performance by the Contractor of the terms and conditions of this contract upon his part to be performed or observed, to be paid to the Contractor within thirty (30) days after the completion of said work.

#### Payment on Certificates.

(J) As soon as may be after each removal of snow and ice as aforesaid, the Contractor shall deliver to the Commissioner a bill or voucher of such forms as may be approved by the Commissioner, setting forth the correct amount of snow and ice removed as aforesaid. The Commissioner shall then ascertain the correctness of such bill or voucher, and, if found correct, or if not correct, when corrected, the Inspector shall certify to the correctness thereof; provided, however, that in order to enable the Contractor to prosecute the work under this contract advantageously, the Inspector may at any time, as the work progresses, and not necessarily after the entire and thorough removal of the respective fall or falls of snow, certify to the amount of work done, or portion thereof, by the Contractor up to said time, and the value thereof under and according to the terms of this contract. The first such certificate shall be of the amount of work done since the Contractor began the performance of this contract, and every subsequent certificate, except the certificate of completion at the end of the period provided for in this contract, shall be of the amount of work done since that included in the last preceding certificate. Upon each such certificate being made in writing by the Inspector and approved by the Commissioner, the City shall pay to the Contractor ninety per centum of the amount stated therein to be the value of the work done, and immediately after the 15th day of April, 1909, if the Contractor shall have completely performed this contract on his part, the Inspector shall so certify in writing, and on or before the expiration of thirty (30) days after the delivery of said certificate of completion, the City shall pay to the Contractor the amount which shall be found to be due to him, after deducting such sum or sums as shall have been heretofore paid to the Contractor on account of the work done and certified in prior certificates. It is expressly understood that the certificates and payments, as above set forth, shall be made only when the work is prosecuted in conformity with the provisions of this contract, and that the action of the Commissioner, by which the Contractor is to be bound and concluded according to the terms of this contract, shall be that evidenced by the certificate of completion aforesaid, all prior certificates being certificates of minor payments.

#### Same Inspector's Certificates.

(K) The certificates of the Inspector, approved by the Commissioner, shall be the account by which the work done under this contract shall be computed, and the Contractor will not be entitled to demand or receive payment for any work done under, or in pursuance of this contract, or for any portion thereof, until the same shall have been duly certified by the Commissioner in the manner hereinbefore provided, and until each and every of the stipulations herein contained shall have been complied with. Thereupon the City shall pay and hereby binds itself and its successors to pay to the Contractor, in lawful money of the United States, on or before the expiration of thirty (30) days after the delivery by the Commissioner of the certificate of completion of the work under this contract, the amount so certified, including such part thereof as shall have been reserved and retained under any provisions of this contract or any law, ordinance or resolution as hereinbefore provided.

#### Contractor Not to Assign, etc. (Chapter 444, Laws 1897.)

(L) The Contractor will give his personal attention constantly to the faithful prosecution of the work; he will not assign, transfer, convey, sublet or otherwise dispose of this contract, or his right, title or interest in or to the same or any part hereof, or his right to execute this contract, without the previous consent in writing of the Commissioner endorsed hereon or hereto attached; and he will not assign, by power of attorney or otherwise, any of the moneys due or to become due and payable under this contract, unless by and with the like consent signified in like manner. If the Contractor shall, without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of this contract, or of his right, title or interest therein, or any of the moneys due or to become due under this contract, to any other person, company or other corporation, this contract may, at the option of the Commissioner, be revoked and annulled and the City shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to the Contractor, and to his assignee or transferee; provided that nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors made pursuant to the statutes of the State of New York; and no right under this contract, or in any money to become due hereunder shall be asserted against the City in law or in equity, by reason of any so-called assignment of this contract, or any part

thereof, or of any moneys to grow due hereunder, unless authorized as aforesaid by the written consent of the Commissioner.

#### Abandonment of Contract.

(M) If this contract shall be abandoned, or if it shall be assigned, or the work sublet by the Contractor otherwise than is herein specified, or if at any time the Contractor shall fail to perform the work hereunder at the time and in the manner specified herein with promptness and diligence, or shall omit to perform, fulfill, observe or keep any of the covenants, terms and conditions herein contained on his part to be performed, fulfilled, or observed, the City may procure to be performed, by contract or otherwise, as the Commissioner shall deem best, such and so much of said work as the Contractor shall have failed to perform; or if at any time the Inspector shall be of the opinion, and shall so certify in writing to the Commissioner, that the performance of the contract is unnecessarily or unreasonably delayed, or that the Contractor is wilfully violating any of the conditions or covenants of this contract, or executing said contract in bad faith, the Commissioner shall have the power to notify the Contractor to discontinue all work or any part thereof under this contract, by a written notice to be served upon the Contractor, either personally or by leaving said notice at his residence or with his agent in charge of the work; and thereupon the Contractors shall discontinue said work or such part thereof as the Commissioner may designate, and the Commissioner shall thereupon have the power, and is hereby authorized to procure, in the manner prescribed by law, such and so much of said work to be performed as may be necessary to fulfill this contract, and in either of such cases the City shall have power to charge the cost and expenses of the same to the Contractor and the costs and expenses so charged shall be deducted and paid by the City out of such moneys as may be then due or at any time thereafter may grow due to the Contractor under and by virtue of this contract; and in case such costs and expenses shall exceed the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall and will pay the amount of such excess to the City; and in case such costs and expenses shall be less than the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall forfeit all claim to the difference.

Should the Contractor neglect, or be unable, to provide a sufficient number of men or carts, in the judgment of the Commissioner, to carry on the work of snow removal with proper dispatch, either in an entire district or in a part or in parts of a district, the Commissioner shall have the power to require the Contractor to make such disposition of the latter's force as the Commissioner may deem best and the Commissioner may employ such other force as he may deem necessary in such part or parts of a district where the Contractor's force, in the Commissioner's judgment, is not sufficient. In case the costs and expenses of such removal of snow and ice by the Commissioner shall exceed the sum which would have been payable under this contract, if the same had been completed by the Contractor, then the Contractor shall and will pay the amount of such excess to the City; and in case such costs and expenses shall be less than the sum which would have been payable under this contract, if the same had been completed by the Contractor, then the Contractor shall forfeit all claim to the difference. The Contractor shall at all times follow the programme of work, as laid down in the schedules; but the Commissioner shall have the power to vary said programme and to discontinue the work at any time without prejudice. In the event of the work of snow removal being discontinued by order of the Commissioner, the Contractor shall have no claim against the City for any labor or other expense which he may have been put to in the work so discontinued. The above provisions are not intended to do away with the requirements of Clause (E) of this contract in regard to liquidated damages for delays in performing work by the Contractor.

#### Lien Law. (Chapter 418, Laws of 1897; Chapter 169, Laws of 1898.)

(N) If at any time before or within thirty days after the whole work herein agreed has been performed and properly completed by the Contractor, in accordance with this contract and to the satisfaction of the Commissioner, any person or persons claiming to have performed any labor or furnished any machine, implement, appliance or material toward the performance or completion of this contract, shall file or cause to be filed, with the Department of Street Cleaning, and with the head of the Finance Department of the City, any such notice as is provided for by any lien law of the State of New York, then, and in every such case, the City shall retain, anything herein contained to the contrary notwithstanding, from the moneys under its control, and due or to grow due from it under this contract, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person or persons filing such notice, or causing the same to be filed, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained shall be retained by the City until the lien thereon created by the said law or laws and the filing of said notice shall be discharged pursuant to the provisions of law.

#### Contractor to Prevent Accidents. (Code of Ordinances, Section 519.)

(O) The Contractor shall place proper guards for the prevention of accidents and shall put up and keep at night suitable and sufficient lights wherever necessary during the performance of the work under this contract to prevent accidents or injuries to the person or property of another, and he shall indemnify and save harmless the City from all suits or actions, and damages or costs of every name and description to which the City may be subjected or put by reason of injury to the person or property of another resulting from negligence or carelessness on the part of the Contractor, his servants or agents, in the performance of the work, or by or on account of any act or omission of the Contractor, his servants or agents, and the whole or so much of the moneys due or to grow due the Contractor under this agreement, as shall or may be considered necessary by the Comptroller of the City, shall or may be retained by the City until all such suits or claims for damages shall have been settled or otherwise disposed of, and evidence to that effect furnished to the satisfaction of the Comptroller.

#### No Estoppel.

(P) The City shall not, nor shall any department or officer of the City, be precluded or estopped by any reason or certificate made or given by any Inspector or other officer, agent or appointee of the Department of Street Cleaning, or of the City, under or in pursuance of anything in this contract contained, from at any time showing the true and correct amount and character of the work which shall have been done by the Contractor, or any other person or persons under this contract; and all differences or disputes that may arise between the parties hereto regarding the accuracy of any measurement of the work hereunder, may be adjusted and finally determined by the Commissioner upon such facts as may be presented to him.

#### Labor Law.

(Q) The Contractor agrees that he will comply with the provisions of "The Labor Law." He further agrees that no laborer, workman or mechanic in the employ of the Contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day, except in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work, or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 13 of the Labor Law.

(R) The residence or place of business given in the bid or estimate upon which this contract is founded is hereby designated as the place where all notices, letters and other communications shall be served, mailed or delivered. Any notice, letter or other communication addressed to the Contractor and delivered at the above-named place, or deposited in a post-paid wrapper in any post office box regularly maintained by the post office, shall be deemed sufficient service thereof upon the Contractor. The place named may be changed at any time by an instrument in writing, executed and acknowledged by the Contractor and delivered to the Commissioner. Nothing herein contained shall be deemed to preclude or render inoperative service of any notice, letter or other communication upon the Contractor personally. Whenever in the trial of any action growing out of this contract it shall be necessary or required to prove the service of a notice as herein prescribed, an affidavit showing the service in the

manner herein required to have been made by the person making the affidavit, shall be presumptive evidence of such service upon first proving that the affiant is dead or insane or that with due diligence his attendance cannot be compelled.

**Satisfactory Evidence That Contractor Has Sufficient Vehicles.**

(S) Within five (5) days after the certification of this contract by the Comptroller, or at another date subsequent thereto to be determined by the Commissioner, the Contractor shall furnish to the Commissioner satisfactory evidence that he has secured the use and control of a sufficient number of vehicles of suitable size and capacity to carry out the requirements of this contract, as provided in the specifications, in each and every subdivision of the districts covered, as specified in the schedule of streets or portions thereof to be cleaned of snow and ice. Should the Contractor not furnish such evidence, the Commissioner shall have the power to hire a sufficient number of vehicles at prevailing rates, for such time as they may be required, and in case the costs and expenses shall exceed the amount which would have been payable to the Contractor if he had completed the work, the City shall have the power to charge such excess to the Contractor, and said excess so charged shall be deducted and paid by the City out of such moneys as may be then due or at any time thereafter may grow due to the Contractor under and by virtue of this contract.

**Charter, Section 149.**

(T) This contract shall not be binding or of any force unless the Comptroller of The City of New York shall endorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New York Charter, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of executing this contract, as certified by the officer making the same.

(U) The proposal for bids or estimates, the advertisement of this contract in the City Record, the Contractor's bid or estimate on which this contract was awarded, and the specifications herein contained, are and shall be deemed to be, a part of this contract.

In witness whereof, the Commissioner of Street Cleaning has set his hand and seal on behalf of said party of the first part, and the said party of the second part has likewise set his hand and seal the day and year first above written, and the said party hereto of the second part and the said Commissioner have, and each of them has, executed this contract in triplicate, one part whereof is to remain with the said Commissioner, one other part to be filed with the Comptroller of The City of New York, and the third part to be delivered to the said party of the second part.

I hereby certify, pursuant to section 149 of the Greater New York Charter, that there remains unexpended and unapplied a balance of the appropriation of the Department of Street Cleaning for the Borough of Brooklyn, for the "Removal of Snow and Ice," for the year 190                      , applicable to this contract, sufficient to pay the estimated expense of executing the same, namely: (\$                      )  
dollars.

Comptroller of The City of New York.

**SPECIFICATIONS.**

1. The Schedules of the streets or portions thereof to be cleaned of snow and ice contained within the boundary lines of the several districts of the Department of Street Cleaning of the Borough of Brooklyn are annexed to this contract and form a part thereof.

2. The Contractor shall have employed and working at least fifty (50) laborers, exclusive of officers and clerks, in each and every subdivision specified in the said schedules, within a period not exceeding two (2) hours after the Commissioner has ordered the work to begin, and at least twenty (20) vehicles and drivers in each said subdivision within four (4) hours. And such gangs or subdivisions shall whenever required by the Commissioner be kept continuously employed day and night, until notified by the Commissioner to stop the work, and it shall be discretionary with the Commissioner to order any additional gangs at any time and at such points, during the progress of the work, as may seem to him necessary or practicable.

3. The Contractor shall, on demand of the Commissioner, dismiss without delay from his service under this contract any agent or employee who, by disorderly, quarrelsome or disobedient conduct or incompetency or his manner of doing or supervising the work, may lessen the efficiency of the work hereunder.

4. The Contractor shall remove the snow and ice from the streets and avenues hereinbefore specified and from such other streets or portions thereof as may be designated by the Commissioner.

5. It shall be discretionary with the Commissioner to stop the work at any time.

6. The Contractor shall secure the use of all necessary dumps and dumping places and will keep the water in and about the slips, piers and bulkheads clear from the snow and ice dumped therein under this contract.

7. The Contractor shall furnish a sufficient amount and number of officers, laborers, materials, machines, horses, carts, trucks and other vehicles and implements and appliances any everything else necessary to prosecute the work with all possible care, efficiency and speed.

8. Upon the direction of the Commissioner of Street Cleaning the Contractor shall begin work at all points designated at the beginning of the schedules, and will thereafter follow such schedules, without any deviation, except by order of the Commissioner or Snow Inspector or their representatives.

9. The Contractor shall assign officers, clerks, laborers, materials, machines, horses, carts, trucks and other vehicles and all implements and appliances in such streets or places or portions thereof or such portion of the work as may be designated by the Commissioner and at such times and places and in such manner and with such force as may be directed and required by the Commissioner.

10. The Contractor shall on scheduled streets cause snow and ice to be piled at least one long block (or cross-town block) and three short blocks for up and down town blocks) ahead of each and every gang of vehicles or every subdivision thereof.

11. The Contractor shall carry to the designated dumps or other places of discharge designated by the Commissioner and there completely unload and discharge into the rivers, bay, harbor or otherwise, as may be designated or approved by the Commissioner all the snow and ice as soon as loaded on the carts, trucks or other vehicles aforesaid.

12. The Contractor shall keep his own accounts and shall promptly pay all laborers employed by him in the performance of the work under this contract, and all persons furnishing him with horses, carts, trucks and other vehicles for said work, and shall provide and keep on hand the necessary funds and facilities for such payments, and shall make and complete such payments once in each week.

13. If the Commissioner shall deem it necessary to use the regular force of the Department of Street Cleaning or any part thereof, or any other person, materials, machines, horses, carts, trucks or other vehicles or implements or appliances for the removal of snow and ice, or if surface or other railroad companies shall clean the snow and ice between their tracks in conformity to any law or ordinance, or from the entire width of any street or streets with the consent or agreement of the Commissioner, the Contractor will not in any way interfere with or molest such other force, or persons or materials, machines, horses, carts, trucks or other vehicles or implements or appliances, and will carry on the work on the remainder of the schedule or schedules aforesaid.

14. The payments to the Contractor for work performed under this contract shall be based upon the amount of snow and ice actually removed as shown by the official tickets, issued for this purpose to the Contractor's drivers by the Department of Street Cleaning, duly and officially punched by the representatives of the Department of Street Cleaning.

15. Computations of the amount of snow and ice removals shall be made on a basis of a minimum load of snow and ice containing 1.5 cubic yards. The capacity of the various vehicles to be used in the work is to be estimated on the following classification:

#### Classification.

(A.) Any cart, wagon or truck holding not less than 1.5 cubic yards and not more than 2 cubic yards, water measure in both cases, shall be deemed to hold only 1.5 cubic yards and be classified as Class A.

(B.) Any sand truck, brick truck or other suitable vehicle having a box capacity of at least 3 and less than 4 cubic yards, on the level, shall be deemed to hold only 3 cubic yards and be classified as Class B. To obtain this capacity permanent sideboards may be made use of. In loading, snow must be heaped up as high as possible and as required by the loading foreman; but no allowance will be made on account of heaping.

(C.) Any brick truck or other suitable vehicle having a box capacity of at least 4 and less than 5 cubic yards, on the level, shall be deemed to hold only 4 cubic yards and be classified as Class C. Permanent sideboards may be made use of to obtain the capacity. In loading, snow must be heaped up as high as possible and as required by the loading foreman; but no allowance will be made on account of heaping.

(D.) Asphalt trucks, coal trucks, or other suitable vehicles, having a box capacity of at least 5 and less than 6 cubic yards, on the level, shall be deemed to hold only 5 cubic yards and be classified as Class D. To obtain this capacity permanent sideboards may be made use of. In loading, the snow must be heaped as high as possible and as directed by the loading foreman; but no allowance will be made on account of heaping.

(E.) Vehicles with a capacity of 6 cubic yards or over, on the level, will be subject to special measurement in each case. Measurements will be made under direction of the Commissioner in the presence of a Contractor's representative, and the capacity will be permanently marked upon the vehicle in a manner satisfactory to the Commissioner.

16. All vehicles shall be subject to measurement and re-measurement at any time by official inspectors appointed by the Commissioner. The measurements will be made in the presence of the Contractor or his representative when so requested. Should any errors be found in the original measurements or classifications, the registrations shall be corrected in conformity to the true measurements and the final allowance shall be made in conformity thereto, irrespective of any previous action.

17. The number of cubic yards of snow and ice removed and disposed of by the Contractor shall be ascertained in the following manner: The Commissioner shall station at each of the places designated by him for loading snow and ice, a loading foreman or other representative whose duty shall be to mark and punch the official tickets presented by the drivers of the vehicles engaged in the removal of snow and ice. These tickets are to be punched at the nearest division of time as printed on said ticket, and only when the vehicle is fully loaded at the place designated and the ticket is presented by the driver himself with the vehicle containing the snow or ice. These tickets are to have entered upon them in indelible ink the series number of the vehicle, together with its letter of classification and the capacity. The tickets are subject to comparison at any time during the continuance of the contract, with the register in the main office of the Department of Street Cleaning; and if at any time discrepancies are found to exist between them, the figures of the register are to be taken as correct; subject, however, to an official re-measurement, if requested by the Contractor.

18. At each of the designated dumping points the Commissioner shall station a Dump Foreman or other representative, whose duty shall be to punch the official tickets at the nearest division of time as printed on said tickets of those drivers who have discharged full-sized loads of snow and ice at the proper place. The provisions of this specification are without prejudice to the right of the Commissioner to employ any system of checking or other safeguard necessary in his judgment to the proper protection of the City.

19. Every vehicle employed in the removal of snow by the Contractor, under this contract, must be designated and listed by a distinct number, said numbers being in regular series, with a separate series for each contract, so that there shall be no duplication of the numbers. The numbers shall be registered in a book to be kept for the purpose at the main office of the Department of Street Cleaning.

20. Each vehicle must be provided with a sign or signs, of such form, size and material as shall be required by the Commissioner. The signs must be permanently and firmly attached to the trucks, on the right hand side of the vehicles near the front end, in a manner satisfactory to the Commissioner, and shall plainly show the Contractor's name, the registered number of the truck, the class and the registered capacity. No vehicle will be registered until the signs have been permanently attached and no account will be taken of snow hauled in vehicles which have not the proper signs; and should it be found at any time that a vehicle is used with a sign, or signs, upon it, to which it is not entitled, the latter must be replaced with the proper sign, or signs, and any previous tickets issued on account of snow hauled in said vehicle must be corrected to conform to the facts, and any excess of allowance of snow which may have been already made shall be deducted.

21. On delivering to the Commissioner his bill or voucher for payment, the Contractor shall accompany the same with the official tickets received by him for work performed by him, and an accurately detailed statement of the same, and he shall not look to the Department of Street Cleaning, or its clerical force, for assistance or information in this matter.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Foster Crowell, Commissioner, Department of Street Cleaning, in communication to the Board of Estimate and Apportionment, under date of September 12, 1908, transmits for its approval of the terms and conditions thereof, pursuant to section 544 of the Charter, two proposed contracts which have been approved as to form by the Corporation Counsel, as follows:

Removal of snow and ice, Boroughs of Manhattan and The Bronx.

Removal of snow and ice, Borough of Brooklyn.

*Contract for the Removal of Snow and Ice, Boroughs of Manhattan and The Bronx.*

The contract proposed contains the following terms and conditions:

1. This contract shall be for a period beginning with the endorsement hereon of the Comptroller's certificate as hereinafter provided, and ending the 15th day of April, 1909.

2. The Borough of Manhattan is divided for the purpose of the Street Cleaning Department into eleven (11) districts, and the Borough of The Bronx is deemed to constitute one (1) district.

3. Bids will be received for one or more of the twelve (12) districts.

4. The security required will be \$100,000 for all of the districts of the Borough of Manhattan taken together with the Borough of The Bronx, and to the amount of \$10,000 for each of the eleven districts of the Borough of Manhattan or for the Borough of The Bronx, if the bid is for less than all the districts of the Boroughs of Manhattan and The Bronx taken together.

5. Compensation will be for the actual amount of snow and ice removed and dumped by the contractor at a price per cubic yard.

6. The contractor shall secure the use of all necessary dumps and dumping places.

7. Five dollars (\$5) damages for each and every load emptied on any public street, avenue, lane or alley or any other place not approved by the Commissioner.

8. The contractor to use the Department horses, carts and trucks or other implements of the Department if so directed, and pay a fair compensation for said use.

9. Payments to the contractor for work performed under this contract shall be based upon the snow and ice actually removed, as shown by the official tickets issued for this purpose to the contractor's drivers by the Department of Street Cleaning, duly and properly punched by the loading and Dump Foreman of the Department of Street Cleaning.

*Contract for the Removal of Snow and Ice, Borough of Brooklyn.*

The contract proposed contains the following terms and conditions:

1. This contract shall be for a period beginning with the endorsement hereon of the Comptroller's certificate as hereinafter provided, and ending the 15th day of April, 1909.

2. The Borough of Brooklyn is divided for the purpose of the Street Cleaning Department into eight (8) districts.

3. Bids will be received for one or more of the eight (8) districts.

4. The security required will be \$60,000 for the whole work, and to the amount of \$10,000 for each district, if the bid is for less than the eight (8) districts.

5. Compensation will be for the actual amount of snow and ice removed and dumped by the contractor at a price per cubic yard.

6. The contractor will be required to provide, at his own cost and expense, suitable and sufficient dumping places for the snow and ice removed.

7. Five dollars (\$5) damages for each and every load emptied on any public street, avenue, lane or alley or any other place not approved by the Commissioner.

8. The contractor to use the Department horses, carts and trucks or other implements of the Department, if so directed, and pay a fair compensation for said use.

9. Payments to the contractor for work performed under his contract shall be based upon the snow and ice actually removed, as shown by the official tickets issued for this purpose to the contractor's drivers by the Department of Street Cleaning, duly and properly punched by the loading and dump Foreman of the Department of Street Cleaning.

The contracts are in all important points the same as those approved by the Board of Estimate and Apportionment, and used in the contract for the removal of snow and ice in the Boroughs of Manhattan and The Bronx and Brooklyn during the winter season of 1907-1908.

Some minor changes and additions have been made with the purpose of making clear the method of measurement of snow loads and the rights of the Commissioner in case the contractor does not do his work properly.

The provision allowing the melting of snow and ice has been omitted, as it is thought that no contractor will wish to use this method of disposing of the snow and ice.

In their present form, the terms and conditions of the proposed contracts may, in my opinion, be properly approved by the Board of Estimate and Apportionment, in compliance with section 544 of the Greater New York Charter.

Respectfully,

W. H. ROBERTS,

Assistant Engineer in charge of Bureau.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the form of contract submitted by the Commissioner of Street Cleaning under date of September 12, 1908, for the Removal of Snow and Ice in the Boroughs of Manhattan and The Bronx, for the period beginning

with the certification thereof by the Comptroller of The City of New York and ending the 15th day of April, 1909.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the form of contract submitted by the Commissioner of Street Cleaning under date of September 12, 1908, for the Removal of Snow and Ice in the Borough of Brooklyn, for the period beginning with the certification thereof by the Comptroller of The City of New York and ending the 15th day of April, 1909.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of the Police Department requesting an increase in salary of the position of Foreman of Stables in the said Department from \$1,200 to \$2,000 per annum, together with a report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom this application was referred on June 5, 1908, recommending the granting of the application:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET,  
May 26, 1908.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—I respectfully recommend the establishment of a salary of \$2,000 per annum for the position of Foreman of Stables in this Department.

The responsibility attached to this position warrants the increase recommended, and in connection therewith I respectfully submit the following facts:

The position was established in this Department at the time of consolidation of the Greater New York. The then incumbent was transferred to the Police Department from the Department of Parks, with the same compensation he was then receiving (\$1,200 per annum), and at a time when comparatively few stables and a small number of horses were cared for.

The person then holding that position has since died and another one has been appointed with the same rate of compensation.

This Department has 697 horses, cared for at 84 stables, viz.:

Borough of Manhattan.....	25
Borough of The Bronx.....	9
Boroughs of Brooklyn and Queens.....	46
Borough of Richmond.....	4
Total.....	84

There are also:

Patrol wagons.....	101
Buggies.....	47

The Foreman of Stables is responsible for the condition of the stables, the general health and shoeing of horses, the quality of forage delivered under contract and the condition of wagons and equipments.

For this duty, faithfully and intelligently administered, his compensation should be \$2,000 per annum.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
June 15, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication of Hon. Theodore A. Bingham to the Board of Estimate and Apportionment requesting an increase in the salary of the Foreman of Stables, Police Department, from \$1,200 to \$2,000 per annum, referred to the Comptroller and the President of the Board of Aldermen, and referred by you to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

The salary of Foreman of Stables has remained at \$1,200 per annum for a number of years, although the duties and responsibilities of the position have been greatly increased through large additions to the number of stables owned and leased and in the number of horses owned by the Department. The Foreman of Stables has direct supervision and is held responsible for the care and condition of 84 stables and 705 horses. He is also required to certify to the quality of forage delivered under contract and to render frequent reports regarding the condition of wagons and harness. He is, in fact, in charge of all the Department stables, horses, wagons and their equipments in the five Boroughs.

T. H. Shanton, the present occupant of the position, was appointed from the Civil Service list February 7, 1908, to fill a vacancy caused by death. He has had many years' experience in the management of stables and care of horses, and accepted the position with the expectation that his salary would be increased.

It would seem that a salary of \$1,200 per annum is inadequate compensation for Foreman of Stables of such an important department as the Department of Police, especially when it is taken into consideration that within a few years the number of stables and horses have been increased threefold. Stable Foremen employed by proprietors of our large department stores receive salaries ranging from \$2,500 to \$4,000 per annum, and their duties are far less exacting.

Your Examiner recommends that the request of the Police Commissioner to fix the salary of the position of Foreman of Stables at \$2,000 per annum be granted.

Yours respectfully,

CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

H. A. METZ, Comptroller.

H. A. METZ,

Comptroller.

T. P. SULLIVAN,

Acting President, Board of Aldermen,  
Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, the establishment of the grade of position of Foreman of Stables in the Police Department, in addition to those already existing therein, with salary at the rate of two thousand dollars (\$2,000) per annum, for one incumbent, as of date November 1, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a resolution of the Board of Education, requesting a transfer of \$13,957, Corporate Stock, authorized to be issued on March 13, 1908, for equipment, etc., Public School 88 (\$3,497) and Public School 89 (\$8,500), Borough of Queens, to the account of School Building Fund, included within the meaning of said resolution of March 13, 1908.

Which was referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Public Charities, requesting an issue of \$2,333,000 Corporate Stock to provide means for completing the construction and equipment of the Sea View Sanatorium, in the Borough of Richmond.

Which was referred to the Comptroller.

The following matters not upon the calendar for this day were considered by unanimous consent:

The Comptroller presented the following communication, recommending the rescission of resolution adopted June 19, 1908, authorizing the issue of \$30,000 Special Revenue Bonds for the purchase of original stock of books for Carnegie Libraries in Manhattan (2) and The Bronx (1), and the adoption of a resolution authorizing an issue of \$30,000 Corporate Stock for said purpose:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
September 30, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In accordance with the facts stated in a report of the Bureau of Municipal Investigation and Statistics, under date of September 29, transmitted herewith, I hereby recommend the rescinding of a resolution adopted by the Board of Estimate and Apportionment June 19, 1908, for an allowance of \$30,000 in Special Revenue Bonds for purchase of stock of books for libraries in the Borough of Manhattan, and recommend that the same amount be appropriated payable from Corporate Stock, as per the attached resolution.

Yours respectfully,

H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
September 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held June 19, 1908, a resolution was adopted authorizing the issue of Special Revenue Bonds, pursuant to the provisions of subdivision 7, section 188 of the Greater New York Charter, to provide the means for the purchase of original stock of books for Carnegie libraries as follows:

Site No. 30—No. 388 East Houston street, Manhattan.....	10,000 00
Site No. 32—No. 203 West One Hundred and Fifteenth street, Manhattan.....	10,000 00
Site No. 33—Nos. 1280 to 1292 Franklin avenue and One Hundred and Sixty-ninth street, The Bronx.....	10,000 00
	<u>\$30,000 00</u>

A communication was addressed to the Corporation Counsel on July 21, 1908, by the Deputy Comptroller, requesting to be advised as follows:

"Whether Special Revenue Bonds should be issued for the purpose of Corporate Stock under chapter 266 of the Laws of 1905."

Under date of July 26, 1908, the Acting Corporation Counsel, Hon. William P. Barry, replying to said communication, quotes section 2 of said chapter 266 of the Laws of 1905, and states as follows:

"This language is clear and unambiguous. It provides for Corporate Stock and not Revenue Bonds, and I advise you that the former should be issued for the purchase of books for the Carnegie Library."

In view of this opinion, I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution rescinding the said action of June 19, 1908, and I would further recommend that appropriation be made for the said purpose and in said amount, viz., \$30,000, pursuant to the provisions of chapter 266 of the Laws of 1905, as per attached resolutions.

Yours respectfully,

CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment June 19, 1908, which reads as follows:

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of thirty thousand dollars (\$30,000) for the purchase of the original stock of books for Carnegie Libraries, as follows:

Site No. 30—No. 388 East Houston street, Manhattan.....	\$10,000 00
Site No. 32—No. 203 West One Hundred and Fifteenth street, Manhattan.....	10,000 00
Site No. 33—No. 1280 to 1292 Franklin avenue and One Hundred and Sixty-ninth street, The Bronx.....	10,000 00
	<u>\$30,000 00</u>

—and for the purpose of providing means therefor the Comptroller be and is hereby authorized to issue Special Revenue Bonds of The City of New York, pursuant to subdivision 7 of section 188 of the Greater New York Charter, to an amount not exceeding thirty thousand dollars (\$30,000), redeemable from the tax levy of the year succeeding the year of their issue.

—he and the same is hereby rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of thirty thousand dollars (\$30,000) to provide means for the purchase of an original stock of books for the following new Carnegie Libraries, conducted by the New York Public Library, viz.:

Site No. 30—No. 388 East Houston street, Manhattan.....	\$10,000 00
Site No. 32—No. 203 West One Hundred and Fifteenth street, Manhattan.....	10,000 00
Site No. 33—Nos. 1280 to 1292 Franklin avenue and One Hundred and Sixty-ninth street, The Bronx.....	10,000 00
	<u>\$30,000 00</u>

—and, pursuant to the provisions of chapter 296 of the Laws of 1905, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of thirty thousand dollars (\$30,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

A. \$1,000, as requested by the Surrogate of Kings County, from the appropriation made for the year 1908, entitled Salaries, to the appropriation for the same year entitled Supplies and Contingencies.

SURROGATE'S OFFICE,  
HALL OF RECORDS, KINGS COUNTY,  
BROOKLYN, NEW YORK, September 23, 1908.

The Board of Estimate and Apportionment, No. 277 Broadway, New York City:

GENTLEMEN—Will you please have transferred the sum of \$1,000, being appropriation made to the Surrogate of Kings County for the year 1908, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Surrogate for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Very truly yours,

EDWARD J. BERGEN,  
Clerk of the Surrogate's Court.

The following resolution was offered:

Resolved, That the sum of one thousand dollars (\$1,000) be and the same is hereby transferred from the appropriation made to the Surrogate of Kings County, for the year 1908, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said office for the year 1908, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

B. \$500, as requested by the County Clerk of Kings County, from the appropriation made for the year 1908 entitled For Recopying and Remounting Maps to the appropriation made for the same year entitled Supplies and Contingencies.

COUNTY CLERK'S OFFICE, COUNTY OF KINGS,  
HALL OF RECORDS,  
BROOKLYN, N. Y., September 24, 1908.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I respectfully request that the amount of \$500 be transferred from the unexpended balance in Recopying Maps account for the year 1908 to the Contingent Fund.

The sum of one thousand dollars only was allowed to the office of the County Clerk of Kings County for contingent expenses in the last annual Budget, for the year 1908, and the balance remaining unexpended in this account for contingent expenses is \$1,320.44, which is insufficient, and the transfer of the said sum of \$500 from the Recopying Maps account to the contingent account is necessary.

Yours very truly,

FRANK EHLERS,  
County Clerk of Kings County.

The following resolution was offered:

Resolved, That the sum of five hundred dollars (\$500) be and the same is hereby transferred from the appropriation made to the County Clerk of Kings County, for the year 1908, entitled For Recopying and Remounting Maps, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said office, for the year 1908, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President, Board of Aldermen presented the following communication from the Secretary, Park Board, submitting for approval fifteen bids or proposals for the work and material for the execution of the approach work exterior to the building of the New York Public Library, Fortieth and Forty-second streets and Fifth avenue, Manhattan, known as Contract No. 9; together with report of the Comptroller (to whom this matter was referred on September 18, 1908), recommending that the contract be awarded to the Norcross Brothers Company at its bid of \$523,000.

At the meeting of the Board held October 2, 1908, this matter was referred to the President, Board of Aldermen, who stated that he concurred in said report of the Comptroller.

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,  
ARSENAL, CENTRAL PARK,  
August 22, 1908.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—By direction of the Park Board I beg to forward herewith for the consideration of your Honorable Board, as required by chapter 556 of the Laws of 1897, bids or proposals, fifteen in number, for the work and materials for the execution of the approach work exterior to the building of the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth and Forty-second streets (Contract No. 9).

These bids were received and opened by the Park Board on the 20th inst., after due publication as required by the Act cited, based on the form of contract and specifications approved by your Honorable Board June 26, 1908.

I also inclose a communication of the architects, Messrs. Carrere & Hastings, containing their recommendation in the matter.

Respectfully,

W. J. FRANSIOLI, Secretary, Park Board.

CARRERE & HASTINGS, ARCHITECTS,  
No. 225 FIFTH AVENUE,  
NEW YORK, August 21, 1908.

HENRY SMITH, Esq., Commissioner of Parks, The Arsenal, Central Park, New York:

DEAR SIR—In view of the results of the bidding on Contract No. 9, for the approaches for the New York Public Library, we would respectfully recommend that the contract be awarded to Norcross Brothers Company, the lowest bidders. While the statute under which the library work is carried on, does not require that the contracts be awarded to the lowest bidder, in this case the responsibility of the low bidder and the fact that this company executed the main contract for the superstructure, makes it specially advantageous that the work be awarded to it.

Yours respectfully,

CARRERE & HASTINGS.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
September 24, 1908.

Hon. HERMAN A. METZ, Comptroller.

Sir—Under date of August 22, 1908, Mr. W. J. Fransioli, Secretary of the Park Board, forwards for the consideration of the Board of Estimate and Apportionment

bids received (fifteen in number) on September 20, 1908, for the work and materials for the execution of the approach work exterior to the building of the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth to Forty-second streets, Borough of Manhattan.

The bids received were as follows:

The Norcross Bros. Company.....	\$523,000 00
McHarg-Barton Company.....	563,000 00
J. C. Robinson & Son.....	587,323 00
John Peirce Company.....	629,000 00
Richard E. Hemmingham.....	644,800 00
J. F. Walsh & Bro.....	659,771 00
The Snare & Triest Company.....	668,200 00
Charles H. Peckworth.....	669,878 00
Luke A. Burke & Sons Company.....	670,000 00
John Gill & Sons.....	677,138 00
Guidone & Galarini Company.....	687,400 00
Kelly & Kelley, Inc.....	697,341 00
Fountain & Choate.....	710,000 00
John H. Parker Company.....	735,501 00
Bart Dunn.....	785,500 00

There is no reason to doubt the ability or willingness of the Norcross Bros. Company to carry on and finish the work in a satisfactory and expeditious manner, and I see no reason why the work may not be awarded to them.

I therefore suggest that the Board of Estimate and Apportionment advise the Park Board to proceed with the award of this contract for the work to the Norcross Bros. Company for \$523,000.

Respectfully,

W. H. ROBERTS,  
Assistant Engineer in Charge of Bureau.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 556 of the Laws of 1897, as amended by chapter 627 of the Laws of 1900, the Board of Estimate and Apportionment hereby approves of the awarding of the contract for work and material for the execution of the approach work exterior to the building of the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth and Forty-second streets, Borough of Manhattan (known as Contract No. 9), to the Norcross Bros. Company at its bid of five hundred and twenty-three thousand dollars (\$523,000).

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following persons also appeared and addressed the Board:  
Mr. Paul D. Cravath, Charities Organization of The City of New York.  
Mr. Gay DuVal, representing A. T. White Company.  
Dr. Mayer.  
Dr. Jacoby.  
Mr. J. H. Raymond, Brooklyn Subway Committee.  
Mr. Michael Horan.

No one else desiring to be heard, the Chair declared the hearing closed.

The President, Board of Aldermen, moved that when the Board adjourns it adjourn to meet Thursday, October 15, 1908, at 10.30 o'clock in the forenoon, for a further public hearing in regard to the Budget for the year 1909, which motion was adopted.

The Board adjourned to meet Thursday, October 15, 1908, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

## BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 18, 1908, the following petition was received:

To the Honorable the Board of Estimate and Apportionment:

The petition of the Bronx Traction Company respectfully shows:

First—That your petitioner is a street surface railway corporation, formed under the laws of the State of New York, by the filing of articles of consolidation of other street surface railway corporations in the office of the Secretary of State on or about the 12th day of May, 1904.

Second—That since the date of its consolidation it has been the owner of a double-track street surface railway on Westchester avenue, Unionport road, West Farms road and other streets and avenues in the Borough of The Bronx, City of New York, which railway has been operated for the convenience of passengers in connection with the lines of the Union Railway Company, and the overhead system of electric traction used as motive power thereon.

Third—That a part of the petitioner's railroad has been constructed and operated for many years on Westchester avenue from a point of intersection with the lines of the Union Railway Company on Westchester avenue at Bronx River, through and along the said Westchester avenue, formerly known as the Southern Westchester turnpike, to what was the former Village of Westchester.

Fourth—Your petitioner now proposes to extend its road upon and along Clasons Point road, from the junction of said road with Westchester avenue to Clasons Point at Long Island Sound, for the convenience of public travel, by the construction of a double-track branch or extension in the said Borough of The Bronx, City of New York, as follows:

Beginning at and connecting with the petitioner's double track now constructed on Westchester avenue, at the intersection of Clasons Point road; running thence southeasterly with double tracks through and along said Clasons Point road to the intersection thereof with Long Island Sound.

Fifth—That such branch or extension will be 12,000 feet in length, and when constructed will enable your petitioner to operate a contiguous line of cars in connection with the Union Railway Company from the Harlem River to Clasons Point, as well as from the territory at or about the northerly line of The City of New York to the said Clasons Point.

Sixth—That your petitioner proposes to operate said branch or extension by the overhead system of electricity similar in all respects to that now in use on the other lines of its road.

Seventh—That for the purpose of constructing and operating such branch or extension of its road your petitioner desires to obtain from your Honorable Board, and thereby applies for its consent to, and a grant of, the franchise or right for the construction, maintenance and operation of a double-track extension or branch of its existing railroad for public use in the conveyance of persons and property for compensation over the street and avenues above mentioned.

Wherefore your petitioner prays that public notice of this application and of the time and place when and where the same will be first considered be given as required by law, and that the grant of a franchise or right be made in accordance with the provisions of the Greater New York Charter and the railroad law applicable hereto.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 18, 1908, the following petition was received:

To the Honorable the Board of Estimate and Apportionment:

The petition of the Union Railway Company of New York City respectfully shows:

First—That your petitioner is a street surface railway corporation, organized under the laws of the State of New York, by the filing of articles of consolidation of other railroad companies in the office of the Secretary of State of New York on the 24th day of July, 1892, and for many years has been engaged in operating a double track street surface railway, with extensions and branches for the carriage of passengers in the Boroughs of Manhattan and The Bronx, in The City of New York, by the use of the overhead trolley system of electric traction as motive power.

Second—One of the roads owned by the petitioner is constructed in the Borough of The Bronx, along Third avenue to Pelham avenue, and thence along Pelham avenue to Webster avenue; thence along Webster avenue, northerly and southerly, and operating thereover affords

a convenient line for public travel between the territory adjacent to the Harlem River and the district lying about Fordham Station.

Third—Your petitioner, for the convenience of public travel, proposes to extend its railroad upon Third and Webster avenues, as aforesaid, from the intersection of Pelham avenue to Bronx Park, by the construction of a double track branch or extension upon Pelham avenue of the length of 1,900 feet, described as follows:

Beginning at and connecting with the petitioner's double track road, now constructed on Third avenue, at the junction of Pelham avenue; running thence easterly with double tracks in or upon the surface of Pelham avenue to the Southern boulevard, all in the Borough of The Bronx, in The City of New York.

Fourth—An additional road owned by the petitioner is constructed upon and along Fordham road (formerly known as High Bridge road), from Fordham Station to Sedgwick avenue, in the Borough of The Bronx; thence along said avenue to Kingsbridge, and forms an important crosstown line for public travel in said Borough.

Fifth—Your petitioner, for the convenience of the public traveling over said crosstown line, which desires to reach the subway line at Broadway, in the Borough of Manhattan, proposes to extend its railroad from the intersection of Fordham road and Sedgwick avenue by the construction of a double track branch or extension, of the length of 4,650 feet, upon and over the following named streets, avenues and bridges, viz:

Beginning at and connecting with the tracks of the Union Railway Company of New York City, at the intersection of Fordham road; running thence westerly in, through, upon and along said Fordham road and Hampden place to West One Hundred and Eighty-fourth street, and thence in, through, upon and along said West One Hundred and Eighty-fourth street to its intersection with the easterly approach to the new or Fordham Heights Bridge over the Harlem River, and connecting the Boroughs of The Bronx and Manhattan; thence westerly in, through, upon and along said easterly approach and upon, over, across and along said bridge and in, through, upon and along the westerly approach to said bridge to West Two Hundred and Seventh street, in the Borough of Manhattan; thence westerly in, through, upon and along said West Two Hundred and Seventh street to the intersection of said Two Hundred and Seventh street with Amsterdam avenue (or Tenth avenue); thence southerly in, through, upon and along said Amsterdam avenue (or Tenth avenue) to its intersection with Emerson street; thence westerly in, through, upon and along said Emerson street to the intersection of Broadway with said Emerson street, all in the Boroughs of The Bronx and Manhattan.

Sixth—That your petitioner proposes to operate each of said extensions or branches by the overhead trolley system of electricity similar in all respects to that by which its road is now operated; that for the construction and operation of said two proposed extensions or branches the consent of your Honorable Board to each is necessary, and your petitioner desiring to obtain the same hereby applies to the Board for its consent to and a grant of separate franchises or rights for the construction and operation of double track branches or extensions of its railroad, for the public use in the conveyance of persons and property, for compensation, over, first, Pelham avenue, from Third avenue in the Southern boulevard, and, second, from Fordham road to Broadway by way of West One Hundred and Eighty-fourth street, Harlem River Bridge, Two Hundred and Seventh street and Emerson street.

Wherefore your petitioner prays that public notice of this application for said consents, franchises or rights, and of the time and place when and where the same will be first considered, be given as required by law, and that the grant of such franchises or rights be made in accordance with the provisions of the Greater New York Charter and the Railroad Law applicable hereto.

## PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The City of New York, by an ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to construct, maintain and operate a four-track railroad upon certain routes, particularly set forth in section 1 of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said company by an instrument in writing, duly filed with the Comptroller of The City of New York on August 13, 1904; and

Whereas, The Board of Estimate and Apportionment, by resolution adopted July 24, 1905, and approved by the Mayor July 21, 1905, consented to certain modifications or alterations in the aforesaid routes; and

Whereas, The said company has petitioned the Board of Estimate and Apportionment, under date of June 18, 1908, for the consent of The City of New York to certain modifications and alterations in said routes, and to certain modifications and alterations in the terms and conditions of the aforesaid ordinance, as is fully set forth in said petitions; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 529 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 26, 1908, fixing the date for a public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Tribune" and the "North Side News," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and such public hearing was on that date continued to September 25, 1908, and was concluded on said day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated are, in its opinion, for causes over which the grantee had no control and is in no wise responsible; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York, Westchester and Boston Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York, Westchester and Boston Railway Company, as granted by an ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and that the said Board also consents to certain modifications in the terms and conditions of the said ordinance; such changes, altered or amended route, and such modified terms and conditions being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said ordinance of the Board of Aldermen, which said ordinance otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract for Alteration of Route and Modification of Ordinance.

This contract, made the day of 1908, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York, Westchester and Boston Railway Company, a domestic railroad corporation (hereinafter called the Westchester Company), party of the second part, witnesseth.

Whereas, The City of New York, by ordinance approved by the Mayor on August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to cross certain streets and highways, and the privilege to construct and operate a four-track railroad upon certain routes particularly set forth in section 1 of said ordinance, and as shown on certain maps and profiles therein referred to and filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment; and

Whereas, The Board did, on July 14, 1905, adopt a resolution, which was approved by the Mayor on July 21, 1905, consenting to a change in the route of the Westchester Company; and

Whereas, In and by said ordinance and resolution as amended, the consent of the City was granted to the Westchester Company for the construction, maintenance and operation of the said railroad across certain enumerated streets, avenues or highways, either above or below the grade thereof, within said City, upon certain conditions therein fully set forth; and

Whereas, On the seventeenth day of June, 1908, the Board of Directors of said Westchester Company, at a meeting of said Board duly held on said date, and by a vote of nine-thirds of all the directors of said company, passed a resolution altering and amending the route of the said company as amended by said consent of 1905, and changing the southern terminal thereof from a point on the Harlem River between Third avenue and Lincoln avenue to a point on the Harlem River near the point where Lincoln avenue intersects the north bank of the Harlem River, and which alterations and amendments and change of terminal are shown upon a certain map, dated June 17, 1908, entitled:

"Survey, Map and Profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section 1, Section 2 and Section 3."

—and signed by the Chief Engineer, President, Secretary and ten directors; which map was filed in the office of the County Clerk of New York County on June 17, 1908; and

Whereas, The said Westchester Company has applied to the Board, as the local authority of The City of New York, by a verified petition, dated June 17, 1908, for the consent of such local authority for such change, alterations and amendments to the route of said railroad, and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route, and for the modification of the said ordinance and resolution in accordance therewith; and

Whereas, The said Westchester Company has applied to the Board, as the local authority of The City of New York, by a second verified petition, dated June 17, 1908, for the consent of such local authority to certain other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor July 21, 1905, to wit:

1. By striking out in section 1 the following words, "except the overhead trolley system."

2. By striking out in section 2, paragraph 15, the following words, "except the overhead trolley system."

3. By striking out the whole of section 3, paragraph 10, and substituting therefor the following: "In any conduits laid by the company, or on any poles erected by the company for the transmission of power for its own use, provision shall be made to carry three cables for the use of the police, fire and ambulance service of the City without charges therefor."

4. By striking out in section 1, paragraph 1, the words, "one thousand (1,000) feet," and substituting therefor the words, "two thousand five hundred (2,500) feet."

5. By the addition of a clause permitting the construction and maintenance of connections with:

(a) The present subway-elevated system at or near the present station thereof, at West Farms road.

(b) The projected Southern boulevard and Westchester avenue subway route at Westchester avenue, at or near Home street.

6. By striking out in section 5, paragraph 1, the words, "the intersection of the Southern boulevard and Westchester avenue," and substituting therefor the words, "One Hundred and Seventy-fourth street."

7. That the time named in said section 5, paragraph 1, for the completion of a four-track railroad upon the main line, from the northerly line of the City as far south as One Hundred and Seventy-fourth street, be extended to August 2, 1911.

8. By striking out the whole of section 7, paragraph 4, and substituting therefor the following:

"Any portion of the route covered by this grant which shall not be completed and in full operation prior to the 2d day of August, 1913, shall be deemed to have been abandoned and all rights hereby granted in and to such portions of said railway shall cease and determine, except that south of One Hundred and Seventy-fourth street, if the railway company shall have constructed less than four tracks within said period, it shall only be deemed to have abandoned its right to construct any additional tracks south of One Hundred and Seventy-fourth street. And in the event that the said railway company shall not, prior to the 2d day of August, 1913, construct its main line south of One Hundred and Seventy-fourth street and to the Harlem River, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure."

Whereas, On the 18th day of September, 1908, the Board held a public hearing upon the proposed modifications, at which citizens were entitled to appear and be heard, such hearing being held after due publication;

Whereas, Said public hearing was continued to the 24th day of September, 1908, and was concluded on said day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance and has adopted a resolution that the said modifications and amendments are desirable and in the public interest, and that the causes stated by said Westchester Company why the conditions contained in said ordinance in regard to the completion of said road cannot be performed prior to the time therein stipulated, are, in its opinion, the causes over which the grantee had no control and is in no wise responsible; and

Whereas, On the day of 1908, the Board, as the local authority of The City of New York, adopted a resolution granting to the Westchester Company the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and gave its consent to the other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by ordinance approved by the Mayor July 24, 1905, and authorized the Mayor to execute and deliver a contract granting such rights in the name and on behalf of the City, which resolution was approved by the Mayor on the day of 1908.

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Westchester Company, subject to the conditions and covenants hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to, and is more particularly described as follows:

#### Main Line.

Sec. 2. The extent of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor August 2, 1904, and the said resolution of the Board approved by the Mayor July 24, 1905, shall remain unchanged and shall apply to the routes herein authorized with the same force and effect as when they were first adopted in said ordinance, and as though the causes herein authorized had been specifically described in said ordinance, except as follows:

1. Section 1 of the said ordinance is hereby amended by striking out therefrom the words, "Except the overhead trolley system."

2. The description of the route as hereby amended and described above shall be substituted for the description of the route as contained in the ordinance approved by the Mayor August 2, 1904, and as contained in the resolution of the Board approved by the Mayor July 24, 1905.

3. Section 1, paragraph third, general, of the said ordinance is hereby amended by striking out therefrom the words, "One thousand (1,000) feet," and substituting therefor the words, "Two thousand five hundred (2,500) feet." The said Westchester Company is hereby permitted to make the following two connections under this section:

#### Connection With the Present Subway-Elevated Route at West Farms Road.

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company at or near Lebaron street; thence running southerly crossing Devos avenue and One Hundred and Seventy-ninth street at or near their intersection; thence crossing Bronx street at or near its intersection with Walker avenue; thence crossing Walker avenue, between Bronx street and Boston road; thence crossing West Farms road, between Boston road and Rodman place; thence to a connection with the Interborough Rapid Transit Railroad on Boston road, between Bronx and Tremont avenues.

#### Connection With the Projected Southern Boulevard and Westchester Avenue Subway Route.

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company, between Westchester avenue and One Hundred and Seventy-fourth street, and running southerly and crossing One Hundred and Seventy-second street and Edgewater road; thence to a connection with the proposed Broadway-Lexington avenue subway at or near the intersection of

Westchester avenue and Home street, all as shown on a map entitled:

"Survey Map and Profile of the New York, Westchester and Boston Railway Company, for New York County, New York, Section 1, Section 2 and Section 3."

—adopted by the Board of Directors of said company on the 17th day of June, 1908, and signed by Allen Wardell, president; Mace Moulton, chief engineer, and Ralph Polk Buell, secretary, under the seal of the corporation, which map and profile were filed in the office of the County Clerk of the County of New York on the said 17th day of June, 1908, or any lawful amendment thereof which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

4. Section 2, clause fifteenth, of the said ordinance is hereby amended by striking out therefrom the words, "Except the overhead trolley system."

5. Section 2, clause sixteenth, of the said ordinance shall be struck out and the following substituted therefor:

"In any conduits laid by the company, or on any poles erected by the company for the transmission of power for its own use, provision shall be made to carry three cables for the use of the police, fire and ambulance service of the City without charges therefor."

6. Section 5, paragraph 1, of the said ordinance is hereby amended to read as follows:

"Said railroad company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railroad upon the main line, from the northerly line of the City as far south as East One Hundred and Seventy-fourth street, by the 2d day of August, 1911, otherwise this grant shall cease and determine."

7. Section 5, paragraph 4, of the said ordinance shall be struck out and the following substituted therefor:

"Any portion of the route covered by this grant which shall not be completed and in full operation prior to the second day of August, 1913, shall be deemed to have been abandoned and all rights hereby granted in and to such portions of said railway shall cease and determine, except that south of One Hundred and Seventy-fourth street, if the railway company shall have constructed less than four tracks within said period, it shall only be deemed to have abandoned its right to construct any additional tracks south of One Hundred and Seventy-fourth street. And in the event that the said railway company shall not, prior to the 2d day of August, 1913, construct its main line south of One Hundred and Seventy-fourth street and to the Harlem River, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure."

Second—The Westchester Company hereby agrees to assume all liability to any person or company by reason of the execution of this contract by the City, and it is a condition of this contract that the City shall assume no liability whatsoever, either to persons or companies, on account of the same, and the Westchester Company hereby agrees to repay to the City any damage which the City may be compelled to pay by reason of this contract.

Sec. 3. The Westchester Company covenants and agrees to abandon and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on the portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by the ordinance approved by the Mayor July 24, 1905, and which are not covered by the description of the new and amended route as herein described, and which are not shown on the map of the amended route dated June 17, 1908, entitled "Survey map and profile of the New York, Westchester and Boston Railway Company for New York County, New York, Section 1, Section 2 and Section 3," which map was filed in the office of the County Clerk of New York County on June 17, 1908.

Sec. 4. The Westchester Company promises, covenants and agrees, on its part and behalf, to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,

By.....Mayor,

(INCORPORATE SEAL)

.....City Clerk.

NEW YORK, WESTCHESTER

AND BOSTON RAILWAY

COMPANY,

By.....President.

Local:

Attest:

.....Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed ordinance, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the said ordinance approved by the Mayor August 2, 1904, as amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these premises and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York, Westchester and Boston Railway Company, and said form of proposed contract for the grant of said franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to November 13, 1908, in the City Record, and at least twice during the ten days immediately prior to November 13, 1908, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the New York, Westchester and Boston Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York, Westchester and Boston Railway Company, as granted by ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and amended by resolution of the Board of Estimate and Apportionment, approved by the Mayor July 24, 1905, and for the consent of the City to certain modifications to the terms and conditions of the said ordinance, such modifications and alterations being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old

Council Chamber, in the City Hall, Borough of Manhattan, City of New York, on November 13, 1908, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

## DEPARTMENT OF FINANCE.

**AUCTION SALE OF BUILDINGS AND AP-  
URTENANCES THEREON ON CITY  
REAL ESTATE.**

**AT THE REQUEST OF THE PRESIDENT**  
of the Borough of Brooklyn, public notice  
is hereby given that the Commissioners of the  
Sinking Fund of the City of New York, by  
virtue of the powers vested in them by law, will  
offer for sale at public auction the buildings,  
parts of buildings, etc., consisting of all of the  
old portion of the building known as Public

School 5, standing within and without the lines  
of property owned by The City of New York,  
acquired by it for street opening purposes in the

**Borough of Brooklyn.**

Being all of the buildings, parts of buildings,  
etc., consisting of all of the old portion of the  
building known as Public School 5, standing  
within and without the lines of the new street to  
be opened as an approach to the Manhattan  
Bridge, extending from Nassau street to the in-  
tersection of Flatbush avenue and Fulton street  
in the Fourth, Fifth and Eleventh Wards of the  
Borough of Brooklyn, City of New York, said  
property being more particularly shown on a  
draft damage map dated New York, October 11,  
1904, and being on file in the office of the Col-  
lector of City Revenue, Department of Finance,  
Room 141, No. 280 Broadway, Borough of Man-  
hattan.

Pursuant to a resolution of the Commis-  
sioners of the Sinking Fund adopted at a meet-  
ing held February 26, 1907, the sale of the above  
described buildings and appurtenances thereto  
will be held, under the direction of the Com-  
ptroller, on

**FRIDAY, NOVEMBER 6, 1908.**

at 11 a. m., on the premises, upon the following

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will  
be sold to the highest bidder, who must pay  
immediately cash or a certified check drawn to  
the order of the Comptroller of the City of  
New York, and must also at the time of sale  
give a certified check or cash in half the amount  
of the purchase price as security for the faith-  
ful performance of the terms and conditions of  
the sale. Where the amount of the purchase  
price does not equal or exceed the sum of \$50,  
the sum of \$50 shall be the amount of the se-  
curity to be deposited. This security may at  
any time after the expiration of the contract  
period be applied by the City to the cost of  
completing any of the work required under  
the contract, but unfinished at the expiration of  
the contract period.

All the material of the buildings, sheds, walks,  
structures and cellars of whatsoever nature, with  
their exterior and interior fixtures, appurte-  
nances and foundations of all kinds, except the  
sidewalk and curb in front of said buildings,  
extending within the described area and down to  
the level of the cellar bottom, shall be torn  
down and removed from the premises. None  
of the dirt, debris or waste resulting from demoli-  
tion shall be allowed to remain on the premises,  
except old mortar or plaster only, which may be  
left, but not higher at any point than two feet  
below the curb opposite that point; also the  
foundation walls of all houses shall be taken  
down only to a plane whose elevation shall be  
the level of the curb in front of the building.

The purchaser at the sale shall also withdraw  
and remove all abandoned water taps and old  
service mains, and in place thereof cause to be  
inserted a brass plug in the main water line in  
the street in compliance with the rules and regu-  
lations of the Department of Water Supply, Gas  
and Electricity, and furnish the Department of  
Finance with a certificate from the Department  
of Water Supply, Gas and Electricity that this  
has been performed.

The purchaser at the sale shall also remove  
all house sewer connections to the main sewer  
in the street, and the opening of the main sewer  
in street shall be properly closed in compliance  
with the directions of the Bureau of Sewers,  
Borough of Brooklyn, and furnish the Depart-  
ment of Finance with a certificate from the  
Bureau of Sewers that the work has been prop-  
erly performed.

The permit for all opening in the street to  
be obtained by and at the expense of the pur-  
chaser of the building.

Failure to remove said buildings, appurte-  
nances, or any part thereof within sixty days  
from the day of the sale will work forfeiture  
of ownership of such buildings, appurtenances,  
or portion as shall then be left standing, together  
with all moneys paid by said purchaser on ac-  
count thereof at the time of the sale, and the  
bidder's assent to the above conditions being un-  
derstood to be implied by the act of bidding, and  
The City of New York will, without notice to  
the purchaser, cause the same to be removed and  
the costs and expense thereof charged against  
the security above mentioned.

The work of removal must be carried on in  
every respect in a thorough and workmanlike  
manner, and must be completed within sixty days  
from the day of sale, and the successful bidder  
will provide and furnish all materials of labor  
and machinery necessary thereto, and will place  
proper and sufficient guards and fences and  
warning signs by day and night for the preven-  
tion of accidents, and will indemnify and save  
harmless The City of New York, its officers,  
agents and servants, and each of them, against  
any and all suits and actions, claims and de-  
mands of every name and description brought  
against it, them or any of them, and against  
and from all damage and costs to which it,  
they or any of them be put by reason of in-  
jury to the person or property of another, re-  
sulting from negligence or carelessness in the  
performance of the work, or in guarding the  
same, or from any improper or defective mate-  
rials or machinery, implements or appliances  
used in the removal of said buildings.

Party walls and fences, when existing against  
adjacent property not sold, shall not be taken  
down. All fences, plaster, chimneys, project-  
ing brick, etc., on the faces of such party walls,  
are to be taken down and removed. All arches,  
doors or other openings in the adjacent wall of  
that portion of the building left standing shall  
be bricked up and permanently closed. The  
walls shall be made permanently self-support-  
ing, beamholes, etc., bricked up, and the wall  
painted and made to exclude wind and rain and  
present a clean exterior. The roof of the ad-  
jacent building shall be properly flashed and  
painted and made watertight where it has been  
disturbed by the operations of the contractor.

The Comptroller of the City of New York re-  
serves the right on the day of sale to withdraw  
from sale any of the buildings, parts of build-  
ings and machinery included therein, or to re-  
ject any and all bids; and it is further

Resolved, That while the said sale is held  
under the supervision of the Commissioners of  
the Sinking Fund, the Comptroller is authorized  
to cause the sale to be advertised and to direct  
the sale thereof as financial officer of the City.

## NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE**  
Greater New York Charter, the Comptroller  
of the City of New York hereby gives public  
notice to all persons, owners of property, af-  
fected by the following assessment for LOCAL  
IMPROVEMENTS in the BOROUGH OF  
BROOKLYN:

**TWENTY-NINTH WARD, SECTION 16.**  
**CHURCH AVENUE—REGULATING GRAD-  
ING, CURBING AND LAYING CEMENT**

**SIDEWALKS,** between Flatbush avenue and  
East Eleventh street. Area of assessment: Both  
sides of Church avenue, from Flatbush avenue  
to East Eleventh street (Stratford road), and  
to the extent of half the block at the intersect-  
ing and terminating streets and avenues.

**CHURCH AVENUE—PAVING,** between  
Flatbush avenue and East Eleventh street. Area  
of assessment: Both sides of Church avenue,  
from Flatbush avenue to East Eleventh street  
(Stratford road), and to the extent of half the

—that the same were confirmed by the Board of  
Revision of Assessments on October 15, 1908,  
and entered October 15, 1908, in the Record of  
Titles of Assessments, kept in the Bureau for  
the Collection of Assessments and Arrears of  
Taxes and Assessments and of Water Rents, and  
unless the amount assessed for benefit on any  
person or property shall be paid within sixty days  
after the date of said entry of the assessments,  
interest will be collected thereon, as provided  
by section 1019 of the Greater New York Char-  
ter.

Said section provides, in part: "If any such  
assessment shall remain unpaid for the period  
of sixty days after the date of entry thereof  
in the said Record of Titles of Assessments, it  
shall be the duty of the officer authorized to  
collect and receive the amount of such assess-  
ment, to charge, collect and receive interest  
thereon at the rate of seven per centum per  
annum, to be calculated to the date of payment,  
from the date when such assessment became a  
lien, as provided by section 159 of this act."

Section 159 of this act provides: "An  
assessment shall become a lien upon the real  
estate affected thereby ten days after its entry  
in the said record."

The above assessments are payable to the Col-  
lector of Assessments and Arrears at the Bureau  
for the Collection of Assessments and Arrears of  
Taxes and Assessments and of Water Rents,  
in the Mechanics' Bank Building, Court and

—that the same was confirmed by the Board of  
Revision of Assessments on October 15, 1908,  
and entered October 15, 1908, in the Record of  
Titles of Assessments, kept in the Bureau for  
the Collection of Assessments and Arrears of  
Taxes and Assessments and of Water Rents, and  
unless the amount assessed for benefit on any  
person or property shall be paid within sixty  
days after the date of said entry of the assess-  
ments, interest will be collected thereon, as  
provided in section 1019 of said Greater New  
York Charter.

Said section provides, in part, that "If any  
such assessment shall remain unpaid for the  
period of sixty days after the date of entry  
thereof in the said Record of Titles of Assess

such assessment became a lien, as provided by section 159 of this act.

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before December 12, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bid required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to include the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
