### 2024 NYC Hazard Mitigation Plan Update

NYC is no stranger to natural disasters. Each time we experience one, we learn how to make our city stronger and safer. NYC Emergency Management’s (NYCEM) Hazard Mitigation Plan, updated every five years, outlines these new strategies, as well as steps we can take to reduce our risk.

Thank you for submitting the NYC Hazard Mitigation Plan survey earlier this year! Your input helped us put together a stronger HMP.

As we release the 2024 NYC Hazard Mitigation Plan, we want to hear from you: What are the biggest risks facing NYC? What steps can we take to lower our risk? The public comment period closes February 5, 2024. Visit [nychazardmitigation.com](http://nychazardmitigation.com) to learn more and give your feedback.
