# Geographic Reports for Expense Budget

Office of Management and Budget

Mark Page, Director

## **GEOGRAPHIC EXPENSE REPORT**

*"For each city agency that has local or borough service districts within community districts and boroughs, the Departmental Estimates and Executive Budget, where practicable shall contain a statement of proposed direct expenditures in each such service district for each requested unit of appropriation." (Charter section 100g)*

The Geographic Report for the Expense Budget is issued with the Departmental Estimate. For each agency it breaks down the agency's Departmental Estimate for the next fiscal year by local service district and borough. Provided are budget and headcount information for agencies that provide local services.

Local service districts are the agency's service delivery districts which are coterminous with community districts or aggregates of community districts up to the borough level. This document shows how local service districts correspond to community districts.

## ***ORGANIZATION OF THE GEOGRAPHIC REPORT***

Budget and headcount information for services delivered at the local level is presented first. This is followed by a page summarizing the total reported geographically of all the local districts.

The next pages show the agency's units of appropriation and indicate what portion of each unit of appropriation is budgeted geographically and what portion is non-geographic.

## **INTRODUCTION**

The final page for each agency summarizes the total Personal Service (PS) and Other Than Personal Service (OTPS) appropriations for the Departmental Estimate and any financial plan savings.

## ***FISCAL INFORMATION***

Shown are the FY 2004 Current Modified Budget and the FY 2005 Departmental Estimate. The increase/decrease column highlights comparisons between the FY 2004 Current Modified Budget and the FY 2005 Departmental Estimate.

## ***HEADCOUNT INFORMATION***

Also shown by service district and borough are budgeted headcounts for FY 2004 and FY 2005 as of the Departmental Estimate. Please note that agencies with projected staffing increases in FY 2005 may not have yet assigned these positions to specific budget codes. These assignments will be made based on factors such as attrition and service needs and will be made after any specialized training is complete.

Conversely, agencies required to achieve staff reductions during the year through attrition may not have reduced positions in specific budget codes at this time.

## ***USES FOR THE GEOGRAPHIC REPORT***

During the budget preparation cycle, community boards, operating agencies, district service cabinets, Borough Presidents, City Council members and civic groups can use the Geographic Report to:

- evaluate the level of budget allocations for FY 2004 and FY 2005;
- assess the equity of local service resource allocations;
- reassess district/borough budget strategies for FY 2005;
- prepare testimony on the Departmental Estimate to present at public hearings held by the City Council.
