#### MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor :

To the Honorable the Board of Aldermen :

MAYOR'S OFFICE, NEW YORK, May 4, 1889.

I return, without my approval, the resolution of the Board of Aldermen, adopted April 16, 1889, worded as follows :

“Resolved, That permission be and the same is hereby given to George Blair, of No. 392 Canal street, to place two wagons on Lispenard street on the house-line of Broadway, with privilege to connect same with arch, at least ten feet high from the street, said wagons and arch to remain from

April 27 to May 2, 1889, when they must be removed by the owner, George Blair ; diagram showing position of wagons and arch which accompanied this resolution, shows that the same in no way interfered with horse cars or fire engines ; the work done at his own expense, under the direction of the Commissioner of Public Works.”

—on the ground, first, that ample facilities for the observation of the parade were afforded to persons who chose to avail themselves of the provisions of the general ordinance, empowering the Superintendent of Police to issue, upon application, permits for trucks ; and upon the further ground that the occasion for which the permit requested in the resolution was desired has passed, and the period for which the permit was to continue has expired.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to George Blair, of No. 392 Canal street, to place two wagons on Lispenard street on the house line of Broadway, with privilege to connect same with arch, at least twenty feet high from the street, said wagons and arch to remain from April 27 to May 2, 1889, when they must be removed by the owner, George Blair ; diagram, showing position of wagons and arch which accompanies this resolution, shows that the same in no way interferes with horse cars or fire engines ; the work done at his own expense under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 16, 1889, worded as follows :

“Resolved, That permission be and is hereby given to W. G. Bush to erect a small stand at No. 45 Thomas street, three feet three inches wide, six feet two inches high, the same to remain during the pleasure of the Common Council”

—on the ground that it does not disclose the purpose for which the stand therein permitted to be erected by W. G. Bush is to be used, nor does it appear that the person named has any interest in the premises No. 45 Thomas street, or that he has the consent of the owners or occupants of the building to the erection of the stand in question. Neither does the resolution specify where the stand is to be placed with reference to its position on the public highway. The general ordinance on the subject of stands are ample and sufficient, and no good reason appears why the resolution should be signed.

HUGH J. GRANT, Mayor.

Resolved, That permission be and is hereby given to W. G. Bush to erect a small stand at No. 45 Thomas street, three feet three inches wide, six feet two inches high ; the same to remain during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 16, 1889, worded as follows :

“Resolved, That permission be and the same is hereby given to Max Schryer to keep a stand inside the stoop-line at No. 11 Broadway, for the sale of periodicals, newspapers and soda-water ; the same to remain during the pleasure of the Common Council”

—on the ground that it does not appear that the person named in the resolution has any interest in the premises No. 11 Broadway, in front of which the stand in question is to be erected, or that he has obtained the permission of the owners or occupants of such buildings to the erection of the stand in question. As a stand of this kind is often a damage to private property, and frequently somewhat an interference to the public, permissions for their erection should be cautiously granted, and only in cases where special circumstances exist.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Max Schryer to keep a stand inside the stoop-line at No. 11 Broadway, for the sale of periodicals, newspapers and soda-water ; the same to remain during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 4, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 16, 1889, worded as follows :

“Resolved, That the above application of the Board of Supervisors of the County of Kings be granted and the special committee appointed to carry into effect the provisions of chapter 147 of the Laws of 1889, be and hereby is instructed to provide a location for the platform mentioned in the application of the Board of Supervisors of the County of Kings.”

—on the ground that the only authority to use the streets for the purpose desired is to be found in chapter 6 of the Laws of 1889, which vests power in the Mayor to issue a permit for the erection of stands, upon the request of the Committees on the Centennial Celebration, and not otherwise, and on the further ground that the period of the celebration has passed and the structure would not serve the purpose for which it was to be erected.

HUGH J. GRANT, Mayor.

Resolved, That the above application of the Board of Supervisors of the County of Kings be granted, and the Special Committee appointed to carry into effect the provisions of chapter 147 of the Laws of 1889, be and hereby is instructed to provide a location for the platform mentioned in the application of the Board of Supervisors of the County of Kings.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 4, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 16, 1889, worded as follows :

“Resolved, That the above application of the corporate authorities of the City of Brooklyn be granted and a Special Committee appointed to carry into effect the provisions of chapter 147 of the Laws of 1889, be and hereby is instructed to provide a location for the platform mentioned in the application of the Board of Aldermen of the City of Brooklyn.”

—on the ground that the occasion for the erection of the structure mentioned in the resolution has passed, and that its erection at this time could not serve the purpose for which it was intended to be erected.

HUGH J. GRANT, Mayor.

Resolved, That the above application of the corporate authorities of the City of Brooklyn be granted and the Special Committee appointed to carry into effect the provisions of chapter 147 of the Laws of 1889, be and hereby is instructed to provide a location for the platform mentioned in the application of the Board of Aldermen of the City of Brooklyn.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows :

“Resolved, That the application of Mr. William Dalton for a permit to build a stand or two stands capable of holding two thousand children, at his own expense, be and the same is hereby granted and the matter referred to the Centennial Committee of this Board to locate said stand or

stands. The work to be done under the supervision and direction of the Building Department of this city, and no charge to be made by Mr. Dalton for the use of said stands by the children or persons occupying the same."

—on the ground that your Board has no power to pass the resolution in question, the only power to use the streets for the purpose contemplated by the resolutions being derivable from chapter six of the Laws of 1889, permitting the granting of permits for the erection of such structures must be upon request duly made to me by the Committees on the Centennial Celebration, and not otherwise; and upon the further ground that the said celebration having passed, all occasion for the erection of the structure contemplated by the resolution has ceased.

HUGH J. GRANT, Mayor.

Resolved, That the application of Mr. William Dalton for a permit to build a stand or two stands, capable of holding two thousand children, at his own expense, be and the same is hereby granted and the matter referred to the Centennial Committee of this Board to locate said stand or stands; the work to be done under the supervision and direction of the Building Department of this city, and no charge to be made by Mr. Dalton for the use of said stand by the children or persons occupying the same.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That the Saint Nicholas Club of the City of New York be and it hereby is permitted to erect and maintain a platform in front of its club-house, No. 386 Fifth avenue, from the house-line to the curb-line of said avenue, for the use of its members during the Centennial Celebration of the Inauguration of George Washington as President of the United States; such platform to leave the sidewalk clear and to be at least seven feet and six inches above the same; such platform may be erected and maintained between the 23d day of April and the 7th day of May, 1889, only."

—on the ground that no power is given to your Board to pass the resolution devoting a portion of the public street to the purpose in question. That the end sought to be attained by the resolution could only have been accomplished by proceedings initiated by an application of the Committees on the Centennial Celebration made to me as Mayor by virtue of the provisions of chapter six of the Laws of 1889, for the issuance of a permit for the erection of the structure contemplated, upon which application I would have been empowered, in my discretion, to issue the permit asked; and upon the further ground that the occasion for the erection has passed, and the purpose which the structure was to serve would not now be accomplished by its erection.

HUGH J. GRANT, Mayor.

Resolved, That the St. Nicholas Club of the City of New York be and it hereby is permitted to erect and maintain a platform in front of its club-house, No. 386 Fifth avenue, from the house-line to the curb-line of said avenue, for the use of its members during the Centennial Celebration of the Inauguration of George Washington as President of the United States; such platform to leave the sidewalk clear and to be at least seven feet and six inches above the same; such platform may be erected and maintained between the 23d day of April and the 7th day of May, 1889, only.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to L. Graumann to erect a lamp-post and place therein and light a street-lamp in front of No. 855 Ninth avenue, to be kept lighted during the same hours as the other street-lamps; the work to be done and gas supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council."

—on the ground that it does not appear from the resolution that L. Graumann, the person named in the resolution, has any interest in the premises No. 855 Ninth avenue, in front of which he would be permitted by the resolution to erect and keep a lamp.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to L. Graumann to erect a lamp-post and place thereon and light a street-lamp in front of No. 855 Ninth avenue, to be kept lighted during the same hours as the other street-lamps, the work to be done and gas supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to Thomas Cable to erect a platform across the sidewalk, extending from the curb-line to the second story windows of No. 130 Broadway, said platform to be supported by posts, sixteen feet in height, giving free access to the public on the sidewalk, to be used as a reviewing stand during the Centennial ceremonies, the work to be done at his own expense, under the direction of the Building Department; such permission to continue only during the pleasure of the Common Council."

—on the ground that your Board has no power to authorize the use of a portion of the public streets for the purpose contemplated by the resolution. This power was in terms vested in me, upon application duly made for its exercise, by the Committees on the Centennial Celebration, acting under the provisions of chapter 6 of the Laws of 1889; and on the further ground that the occasion has passed for which the structure was to be erected and the purpose contemplated to be served by its erection would not now be served by erecting it.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Thomas Cable to erect a platform across the sidewalk extending from the curb-line to the second story windows of No. 130 Broadway, said platform to be supported by posts, sixteen feet in height, giving free access to the public on the sidewalk, to be used as a reviewing stand during the Centennial ceremonies, the work to be done at his own expense, under the direction of the Building Department; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and is hereby given to William Koch to lay a crosswalk of two courses of bridge-stone, with a row of paving-blocks between the courses, across Broadway, opposite No. 84, under the direction of the Commissioner of Public Works, the work to be done at the expense of the said William Koch."

—on the ground that it does not appear that William Koch, who, by the resolution, is permitted to lay a crosswalk opposite No. 84 Broadway, has any interest in the said premises.

HUGH J. GRANT, Mayor.

Resolved, That permission be and is hereby given to William Koch to lay a crosswalk of two courses of bridge-stone, with a row of paving-blocks between the courses, across Broadway, opposite No. 84, under the direction of the Commissioner of Public Works, the work to be done at the expense of said William Koch.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to the Manhattan Company to lay a crosswalk of three courses of blue stone across Wall street, opposite the building of the said

company, known as Nos. 40 and 42 Wall street, the work to be done at the expense of said company, under the direction of the Commissioner of Public Works."

—on the ground that a crosswalk in the place specified in the resolution is not required, there being a crosswalk a comparatively short distance from the point indicated.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to the Manhattan Company to lay a crosswalk of three courses of bridge-stone across Wall street, opposite the building of the said company, known as Nos. 40 and 42 Wall street, the work to be done at the expense of said company, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to Harris Brothers to erect a reviewing stand in front of their premises, No. 176 Broadway, the work to be done at their own expense, under the direction of the Building Department; such permission to continue only during the pleasure of the Common Council."

—on the ground that ample provision was made in the premises by resolution of your Honorable Board, general in terms, permitting the owners and occupants along the line of the parade to erect stands upon permit duly issued by the Superintendent of the Department of Buildings to the stoop-lines in front of their respective places; that the resolution in question was, therefore, unnecessary, and upon the further ground that the resolution was not within the power of your Honorable Board inasmuch as it sought to appropriate a portion of the public streets, which could only be taken for the purpose contemplated under the provisions of chapter six of the Laws of 1889, which in terms permitted the Committees on the Centennial Celebration to make application for permission to erect stands, and vested in me a discretionary power as to the granting of such applications so made, which act was exclusive, and affords the only authority for the appropriation of any part of the public streets for the purpose contemplated by the resolution; and upon the additional ground that the purpose sought to be accomplished by the erection of the stand in question could no longer be accomplished, the occasion for its erection having passed.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Harris Brothers to erect a reviewing stand in front of their premises, No. 176 Broadway, the work to be done at their own expense, under the direction of the Building Department; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to Andrew J. Bradley to place and keep a watering-trough on the sidewalk, near the curb, in front of No. 319 Seventh avenue, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works, such permission to continue only during the pleasure of the Common Council."

—on the ground that it does not appear that Andrew J. Bradley, the person named in the resolution, has any interest in the premises No. 319 Seventh avenue, in front of which, by the resolution, he would be permitted to keep a watering-trough.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Andrew J. Bradley to place and keep a watering-trough on the sidewalk, near the curb, in front of No. 319 Seventh avenue, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to L. Günsel to place and keep an ornamental post on the sidewalk, near the curb-line, in front of his premises, No. 17 Second avenue, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council."

—on the ground that the post in question would be of no utility to the public; that it would encumber the sidewalk, and that only such erections can be permitted of a private character in public places which, while benefiting primarily the individual who erects them, are of utility or benefit to the public.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to L. Günsel to place and keep an ornamental post on the sidewalk, near the curb-line, in front of his premises, No. 17 Second avenue, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

"Resolved, That Croton-mains be laid in One Hundred and Forty-second street, from Tenth avenue to the Boulevard, pursuant to section 356 of the New York City Consolidation Act."

—on the ground that the Commissioner of Public Works, to whom the resolution was forwarded for his opinion as to its propriety, reports, that owing to his inability to obtain possession of the books of the Department of Public Works, he is unable to pass upon the propriety of the expenditure, and that the matter, as one that may involve considerable outlay, should not be undertaken unless deemed advisable by the officer whose duty it is to superintend and direct the performance of public work.

HUGH J. GRANT, Mayor.

Resolved, That Croton-mains be laid in One Hundred and Forty-second street, from Tenth avenue to the Boulevard, pursuant to section 356 of the New York City Consolidation Act.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows:

Resolved, That water-pipes be laid in One Hundred and Seventy-fifth street, from Vineyard place to Waterloo place, as provided in section 356 of the New York City Consolidation Act of 1882."

—on the ground that the Commissioner of Public Works, to whom the resolution was referred for examination and report, states that he has been unable up to the present time to obtain access to certain books of the Department, access to which is necessary to enable him to ascertain facts upon which, of necessity, depends the propriety of doing the work. The resolution calls for an expenditure of money. The outlay required may be considerable. It is inexpedient that the public moneys should be expended without a thorough and careful consideration of the necessity and propriety of the outlay by the official charged by law with the direction and supervision of work of this nature, and with whom rests the duty of acquainting himself with the facts necessary to determine its propriety. No injury to the public welfare can result from a temporary delay in the initiation of this work, assuming it to be proper, while considerable loss would, of necessity, be entailed by its commencement were it not required.

HUGH J. GRANT, Mayor.

Resolved, That water-pipes be laid in One Hundred and Seventy-fifth street, from Vineyard place to Waterloo place, as provided in section 356 of the New York City Consolidation Act of 1882.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows :

"Resolved, That Croton water-pipes be laid in One Hundred and Ninth street, from First to Pleasant avenue, as provided in section 356 of the New York City Consolidation Act."

—on the ground that the Commissioner of Public Works, to whom the resolution was forwarded for his opinion as to its propriety, reports that, owing to his inability to get possession of the books of the Department, he is unable to pass upon the propriety of the expenditure, and that the matter, as one which may involve considerable outlay, should not be undertaken unless deemed advisable by the officer whose duty it is to superintend and direct the performance of public work.

HUGH J. GRANT, Mayor.

Resolved, That Croton water-pipes be laid in One Hundred and Ninth street, from First avenue to Pleasant avenue, as provided in section 356 of the New York City Consolidation Act.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows :

"Resolved, That the roadway of Seventy-ninth street, from the easterly side of Twelfth avenue to the bulkhead-line of Hudson river, be paved with granite-block pavement, also that curb-stones be set and sidewalks flagged a space four feet wide, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted."

—on the ground that the Commissioner of Public Works, to whom the resolution was forwarded for his opinion as to its propriety, reports that, owing to his inability to obtain possession of the books of the Department of Public Works, he is unable to pass upon the propriety of the expenditure, and that the matter, as one that may involve considerable outlay, should not be undertaken unless deemed advisable by the officer whose duty it is to superintend and direct the performance of public work.

HUGH J. GRANT, Mayor.

Resolved, That the roadway of Seventy-ninth street, from the easterly side of Twelfth avenue, to the bulkhead-line of Hudson river, be paved with granite-block pavement, also that curb-stones be set and sidewalks flagged a space four feet wide, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows :

"Resolved, That the water-mains be laid in the Southern Boulevard, from Westchester avenue to Home street, pursuant to section 356 of the New York City Consolidation Act."

—on the ground that the Commissioner of Public Works, to whom the resolution was forwarded for his opinion as to its propriety, reports that, owing to his inability to get possession of the books of the Department, he is unable to pass upon the propriety of the expenditure, and that the matter, as one that may involve considerable outlay, should not be undertaken unless deemed advisable by the officer whose duty it is to superintend and direct the performance of public work.

HUGH J. GRANT, Mayor.

Resolved, That water-mains be laid in the Southern Boulevard, from Westchester avenue to Home street, pursuant to section 356 of the New York City Consolidation Act.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows :

"Resolved, That water-mains be laid in Home street, from Union avenue to the Southern Boulevard, pursuant to section 356 of the New York City Consolidation Act."

—on the ground that the Commissioner of Public Works, to whom the resolution was forwarded for his opinion as to its propriety, reports that, owing to his inability to get possession of the books of the Department, he is unable to pass upon the propriety of the expenditure, and that the matter, as one that may involve considerable outlay, should not be undertaken unless deemed advisable by the officer whose duty it is to superintend and direct the performance of public work.

HUGH J. GRANT, Mayor.

Resolved, That water-mains be laid in Home street, from Union avenue to the Southern Boulevard, pursuant to section 356 of the New York City Consolidation Act.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, May 7, 1889.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted April 23, 1889, worded as follows :

"Resolved, That Avenue B, from Seventy-ninth to Eighty-sixth street, be paved with granite-block pavement, and that crosswalks be laid at the intersecting and terminating streets, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted."

—on the ground that it is not sufficiently specific in that it does not designate with sufficient clearness the parts of said avenue to be paved, it merely stating that the same is to be paved from Seventy-ninth to Eighty-sixth street, where pavement is not already laid. A resolution of this kind should be so drawn as to intelligently inform me of the extent to which it is proposed to pave the street.

HUGH J. GRANT, Mayor.

Resolved, That Avenue B, from Seventy-ninth to Eighty-sixth street, be paved with granite-block pavement, and that crosswalks be laid at the intersecting and terminating streets, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes, and published in full in the CITY RECORD.

By Alderman Walker—

Whereas, The Hon. Henry Hilton, at a period in the preparations for duly celebrating the Anniversary of the Centennial of the Inauguration of Washington as First President of the United States, in this city, when it was doubtful if the representatives of the people in the Common Council would be provided with a proper place from which to view the military and civic parades commemorating that great event in the history of this Republic, informed a Committee of your Honorable Body, who applied to him for permission to erect a platform in front of his residence, corner Fifth avenue and Thirty-fourth street, for that purpose, that he would not only permit the erection of the structure, but would cheerfully defray the cost and place it at the disposal of the Committee, for the use of the members of the Common Council and their families and friends; and

Whereas, The friendship and liberality that prompted Judge Hilton to make this generous offer, and the subsequent hospitality which accompanied the exercise of the privilege, are deserving of and should receive official recognition from the members of this Board; be it, therefore,

By Alderman Noonan—

Whereas, A bill has been introduced in the Assembly, by Assemblyman Mullaney, known as Printed Bill No. 1197, in the Senate by Senator Deane, and known as Senate Bill No. 594, entitled "An act to amend section 773 of chapter 410 of the Laws of 1882, etc.," and

Whereas, The aforesaid bill introduced by Mr. Mullaney has lately passed the Assembly, and is now before the State Senate, and which bill seeks by repealing section 773 of the Consolidation Act, to permit and authorize the shedding of the few remaining open and public piers on the East river, which are now restricted and exempted for the use of the general foreign and domestic commerce of this port, and furthermore pretends to provide for the free public use of the roofs of said sheds for purposes of resort and recreation; and

Whereas, The existing free, open and public piers in the lower part of the City of New York are already grossly inadequate for the purposes of the foreign, coastwise and domestic commerce of this city, and the shedding of the piers has already driven away much of the foreign commerce that heretofore resorted to the East river piers, and the facilities for discharging coal, lumber, building material produce and provisions in the lower part of the city are grossly and utterly inadequate; and

Whereas, The bill aforesaid has been introduced confessedly and openly for the special and sole benefit of certain foreign corporations, to wit, the New York and New England Railroad Company, and the New England Terminal Company, which corporations desire to shed, for the exclusive use and benefit of their shallow transports and barges, the finest and deepest water piers on the East river, and by such shedding will throw out of employment hundreds of longshoremen and stevedores, now employed in the loading and discharging of vessels engaged in the oriental trade, and thereby compelling them to remove from said locality; and

Whereas, The Kerrigan Bill which already has passed the Assembly provides for an open dock for public use and for resort and recreation in every two thousand feet, while the bill aforesaid does not provide that the portion of the roofs for public resort and recreation of the sheds proposed to be erected shall be commensurate with the dimensions of the piers proposed to be shedded; and

Whereas, The shedding of piers removes them absolutely from the free and general public use, and devotes them to the exclusive use of the corporations obtaining leases thereof, while at the same time it would be cheaper and more economical to use the roofs of piers already shedded for purposes of resort and recreation, were there a demand for such a use of the piers; therefore be it

Resolved, That the Board hereby respectfully and most vigorously protests against the enactment into law of Senate Bill No. 594, or Assembly Bill No. 1197, or any legislation that would tend to curtail or reduce the present limited, unrestricted and public wharf facilities of the City of New York.

It is further Resolved, That a copy of these resolutions be sent to the Senate of the State of New York, as a protest against the passage of said bill.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

By Alderman Walker—

Resolved, That this Common Council hereby most emphatically disapproves of the provisions of Assembly Bill No. 1197, introduced by Mr. Mullaney, entitled "An act to amend section 773 of chapter 410 of the Laws of 1882," which permits covering and inclosing certain piers on the East river, and their exclusive use by certain corporations, as this Board is opposed to any such misappropriation and use of any of the public piers on the water front of the city—as a public pier is part of a public street, and should always be so regarded—and the special committee appointed to represent the Common Council before the Legislature of this State, and its committees, is hereby authorized and directed to visit the State Capital and use every honorable effort to prevent the enactment of said Assembly Bill No. 1197 into a law.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

SEALED ESTIMATES FOR FURNISHING THE materials and labor, and doing the work required for placing Electrical Conductors underground for this Department, will be received at the Central Office of the Department of Police in the City of New York, until 10 o'clock A. M. of Tuesday, the 21st day of May, 1889.

Bidders will state in their estimates a price: 1st. For furnishing the materials for and doing the work with the seamless insulated wires and cables of "The Safety Insulated Wire and Cable Company," as specified, or

2d. For furnishing the materials and doing the work with cables claimed to be as good or better than the seamless insulated wires and cables of "The Safety Insulated Wire and Cable Company," the bidder to specify the kind and quality proposed to be furnished, and submit samples thereof, as specified.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and map which form part of these proposals, which said map now on file in the Police Department was approved by the Board of Police on the 26th day of April, 1889, and dated and signed by the Chief Clerk of said Board.

Bidders must satisfy themselves by personal examination of the nature and extent of the proposed work, and by such other means as they may prefer, as to what work will be required to be done and materials furnished, and shall not at any time after the submission of an estimate, dispute, complain or assert that there was any misunderstanding in regard to such work or materials.

The map may be seen and forms of estimates with specifications, showing the amount and kind of work to be done, may be obtained at the office of the Chief Clerk of this Department.

The work is to be completed and delivered on or before the ninetieth (90th) day after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at twenty (20) dollars.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Electrical Conductors" and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the proposals received will be publicly opened by the head of said Department and read.

The person or persons to whom the contract may be awarded will be required to give security, for the performance of the contract in the manner prescribed by law, in the sum of twenty thousand dollars.

The Police Department reserves the right to decline any and all bids or estimates if deemed for the public interest.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an

he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

### JURORS.

#### NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
ROOM 127, STEWART BUILDING,  
CHAMBERS STREET AND BROADWAY,  
NEW YORK, June 1, 1888.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving, who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,  
Commissioner of Jurors.

The form of the agreement (with specifications), showing the manner of payment for the work, may be seen, and forms of proposals may be obtained, at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The repairs are to be completed and delivered within sixty (60) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at fifteen (\$15) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of nine hundred (\$900) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of forty-five (\$45) dollars.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate, full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Secretary, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—Bidders will state a total price for each description of Printing as set forth in the specifications, and all estimates will be considered informal which do not contain bids for all items for which bids are called for.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of City Record to reject any or all bids which may be deemed prejudicial to the public interests.

The entire quantity of Printing is to be put up in packages and delivered at such times and places and in such quantities as shall be directed by the Board of City Record.

Separate contracts will be made with the lowest bidder for each and every description of Printing involving an expense of more than five hundred dollars.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom the award is made shall be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed

on or before the third day of September, 1889, and the damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the structure to be removed under the contract will be relinquished to the Contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole work comprised in both classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

At least 50,000 feet, board measure, of the timber is to be delivered within sixty days, Sundays excepted, from the date of the contract, and all the timber to be delivered under this contract is to be delivered on or before the 3d day of September, 1889, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract determined, fixed, and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per thousand feet, board measure, for the spruce timber to be delivered in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

EDWIN A. POST,  
JAMES MATTHEWS,  
CHARLES A. SILLIMAN,  
Commissioners of the Department of Docks.  
Dated New York, April 19, 1889.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9.30 o'clock A. M. of Friday, May 10, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Building an Additional Story to Wash-house, Charity Hospital," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **FOUR THOUSAND (\$4,000) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; and also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties, for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The Commissioner of public works shall, from time to time, establish scales of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, or consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to time, and extend it to other descriptions of buildings and establishments. Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates. By order,

JOHN NEWTON,  
Commissioner of Public Works.

## PUBLIC NOTICE AS TO WATER RATES.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidated Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

D. LOWBER SMITH,

Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
NO. 31 CHAMBERS STREET,  
NEW YORK, November 10, 1886.

## NOTICE TO CROTON WATER CONSUMERS.

**NUMEROUS APPLICATIONS HAVE BEEN** made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,

Commissioner of Public Works.

## GRANTS OF LANDS UNDER WATER.

**THE OWNERS OF LANDS IN THE CITY OF** New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.

Dated New York City, August 7, 1888.

JOHN NEWTON,

Commissioner of Public Works.
