PETITIONS.

By Alderman Ferrigan—
Remonstrance of property-owners and residents of One Hundred and Twenty-eighth street, between Second and Fourth avenues, against permitting the construction of the St. Nicholas Crosstown Railroad through East One Hundred and Twenty-eighth street.

Which was referred to the Committee on Railroads.

(G. O. 554.)

The Special Committee appointed to "make all the necessary arrangements on the part of the Corporation of the City of New York, for participating in the National celebration of the completion of the Bartholdi Statue of Liberty Enlightening the World," respectfully

That in order to make the demonstration as imposing as possible, in view of the limited means at the disposal of the Committee, a contract or agreement was entered into with the Unexcelled Fireworks Company, for completing all the arrangements, which included a brilliant and effective display of fireworks at the Battery Park; providing a steamboat, with band of music, for the accommodation of the guests of the Corporation, and its members; carriages to convey the City's guests, including the Mayors and members of the Councils of adjoining cities from the City Hall, to participate in the parade on land, and to the steamboat, which united in the flotilla that surrounded Liberty Island, preparatory to and during the ceremonies incident to the unveiling of the great Statue, badges, refreshments, etc., etc.

This arrangement proved highly satisfactory, as it relieved the Committee from much of the labor inevitably connected with public demonstrations of this character, and was eminently advantageous to the public, as by no other method could the City obtain so much for the amount appropriated. In fact, the cost of the fireworks supplied by this company was far in excess of the whole sum appropriated for paying the cost of participating in the celebration.

A copy of the agreement between the Committee and the Unexcelled Fireworks Company, and a schedule of the fireworks supplied, is berewith submitted.

Your Committee, therefore, are in favor of paying the bill of the company hereto annexed, and accordingly offer for your adoption the following resolution:

Resolved, That the Comptroller be and he is hereby authorized and directed to draw a warrant in favor of Charles Crowell, President of the Unexcelled Fireworks Company, for the sum of twenty-five hundred dollars (\$2,500.00), in full, for the payment of the annexed bill, and charge the amount to appropriation for "City Contingencies—To enable the City of New York to participate in the national celebration of the completion of the Bartholdi Statue."

ROBERT B. NOON That in order to make the demonstration as imposing as possible, in view of the limited means

ROBERT B. NOONEY, JOHN QUINN, HUGH F. FARRELL, BANKSON T. MORGAN, JOHN CAVANAGH, JAMES J. MOONEY,

Special Committee.

Which was laid over.

COMMISSIONERS OF ACCOUNTS.

Office of the Commissioners of Accounts, Rooms 114 and 115, Stewart Building, New York, October 29, 1886.

Hon. WILLIAM R. GRACE, Mayor:

SIR—The Department of Charities and Correction derives a considerable revenue from the sale of steamboat tickets to persons who from time to time visit the Island.

We have recently been looking into the system of issue and accountability for such tickets, and have reached the conclusion that it is radically defective, so much so, indeed, that from the data now obtainable we are not able to certify to the correctness or otherwise of that particular account. We have, therefore, addressed a letter to the Commissioners of Charities and Correction in regard to this and another matter, suggesting the adoption of certain changes whereby it will be made possible to verify accounts of this sort.

A copy of our letter is herewith inclosed for your information.

Very respectfully.

Very respectfully, W. P. SHEARMAN, Commissioner of Accounts.

(Copy.)

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,
ROOMS 114 AND 115, STEWART BUILDING,
NEW YORK, October 29, 1886.

Commissioners of Charities and Correction:

Gentlemen—A recent examination of your steamboat-ticket system, and also of the accounting for the effects of deceased persons, leads us to make the following suggestions:

1. That you cause an accurate inventory to be made and recorded of all tickets now on hand. 2. That such tickets be, by the General Bookkeeper, charged to the Secretary at the transpor-

tation value thereof 3. That a rew form of ticket be prepared as soon as possible, distinctive in form and color, and that such new tickets be consecutively numbered and bear the *fac simile* signature of the President of your Board.

4. That it be provided on the face of such tickets that they will not be good unless they bear the written countersignature of the Secretary, and that such countersignature be actually placed thereon when and as issued by the Secretary.

5. That as soon as such tickets are ready for use, the entire unused issue of old tickets, after due proof of the Secretary's accounts, be totally destroyed by burning.

6. That such new tickets be charged to the Secretary, and that he be held to account for the same at their money value, that is, at the rate or rates fixed by the Board for transportation to be convered by sold tolers.

covered by said tickets.

7. That the Secretary's ticket accounts be examined at least once per month.

8. That a competent person be placed in charge of the printing and books at the printing office, and that a true record be kept of all tickets printed thereat, and that current reports of the same be made, from time to time, to your general bookkeeper.

9. That no tickets be delivered by the printer without his taking and preserving proper receipts therefor.

10. That the Secretary be required to open and keep, a numerical ticket register showing by numbers and kinds all tickets received and how and when disposed of, and the receipts of the agents,

numbers and kinds all tickets received and how and when disposed of, and the receipts of the agents, if any, with whom they are entrusted for sale.

11. That passengers before entering the boats be required to drop their tickets in a suitable self cancelling receptacle, to be provided for that purpose on the pier.

12. That greater promptitude be enforced in the matter of forwarding the effects of deceased persons to the Public Administrator, and, to that end, that the reports of deaths in the several institutions, now made to the Secretary, be supplemented with information of the source from whence the deceased inmate came, whether by transfer from another institution or otherwise, and the date

Your attention is called to a memorandum check in your cash drawer, dated in 1871, drawn on the East River National Bank and purporting to be signed by George Kellock, then Superintendent of Out-door Poor, for \$796.81. This amount appears to belong to the estate of one Thomas Butler, who was discharged from Bellevue Hospital July 13, 1869. If there is no money in the East River Bank to meet the check (and we assume there is none, otherwise the check would have been collected), then your cash is deficient in the amount thereof.

Very respectfully, W. P. SHEARMAN, Commissioner of Accounts.

On the 14th day of July, the State Assessors met the Commissioners in this office for the purpose of informing themselves of the value of the real estate in this city and its relative assessed value for purposes of taxation as compared with the assessed value of real estate in the other counties of the

The Commissioners contended for a reduction of the assessed value of the real estate of New York county when equalizing the same for purposes of State taxation, and were supported in their efforts to secure justice for this city in the apportionment of State taxes by the evidence and argument of several extensive owners of real estate who had been invited and were present at said meeting.

The Commissioners also addressed a letter to said Assessors of which the following is a copy:

"DEPARTMENT OF TAXES AND ASSESSMENTS, COMMISSIONERS' OFFICE, NEW YORK, JULY 14, 1886.

" To the Honorable the Board of State Assessors, Albany, N. Y .:

"GENTLEMEN—I am instructed by the Commissioners of Taxes and Assessments to inform you that in fixing the equalized value of the real and personal estate of the City and County of New York in the Equalization Table for this year there should be deducted from the assessed value of the personal estate of this city, as fixed by the said Commissioners for the year 1885, the sum of \$31,866,679, that being the amount of the assessed valuation of the capital of such corporations, joint stock companies, associations, etc., as are assessed and taxed pursuant to the provisions of chapter 361, Laws of 1881, and on which this City collects no tax for State purposes.

"This deduction reduces the assessed value of the personal estate of this city, as fixed by the Commissioners of Taxes and Assessments for the year 1885, from \$202,673,866 to \$170,807,187.

"Respectfully,

"(Signed)

FLOYD T. SMITH, Secretary."

The Commissioners subsequently furnished said Assessors a statement of sales of about eight

The Commissioners subsequently furnished said Assessors a statement of sales of about eight hundred pieces of real estate which had been made within the past year, showing the prices paid for said property and the assessed value of the same.

Notwithstanding the efforts of the Commissioners to secure a reduction of the assessed value of the real estate of this city, the State Board of Equalization added to the assessed value of the real estate of this city as fixed by this Department the sum of \$99,975,926, making the total equalized value of the real and personal property of New York county for the year 1886 \$1,439,226,250, which is 44.6 per centum of the aggregate equalized valuation of all the counties of the State, as against

45.6 per centum for the year 1885.
