PETITIONS.

By Alderman Brown—

OFFICE OF THE FIFTIETH STREET, ASTORIA FERRY AND CENTRAL PARK RAILROAD COMPANY, No. 5 BEEKMAN STREET, NEW YORK CITY.

To the Honorable Committee on Railroads of the Board of Aldermen of the City of New York:

Your petitioner, The Fiftieth Street, Astoria Ferry and Central Park Railroad Company, is a corporation organized in 1890 under the Laws of the State of New York, for the purpose of constructing and operating much needed railroad facilities for passenger transportation, especially across town, in the City of New York.

Your petitioner has expended in the neighborhood of ten thousand dollars in cash in its incorporation and in obtaining consents of property-owners along its route.

One of the routes of your petitioner is designed to carry passengers from and to the Astoria Ferry at East Ninety-second street, via Avenue A, East Ninety-third street, First avenue, East Ninety-sixth street, Madison avenue, East Ninety-seventh street, the transverse road crossing Central Park, from East to West Ninety-seventh street, Eighth avenue and West Ninety-sixth street, to the Hudson river.

On this one of its routes your petitioner secured the consent of a large majority of the assessed value of the property abutting thereon.

Your petitioner in the year 1891 applied to the Commissioners of Public Parks for their consent to the construction and operation of its railroad upon the portions of its routes located upon the territory under their jurisdiction. The transverse road through Central Park, designed to connect East and West Ninety-seventh streets, was not then, nor has it been since, in suitable condition for laying thereon the tracks of your petitioner's railroad. Of late, however, work to render that transverse road serviceable to the public traffic has been in progress and is now well advanced towards completion.

In the matter of the application of the Third Avenue Railroad Company to the Honorable Board of Aldermen for its consent to the construction and operation of certain proposed extensions and branches of its railroad, now under consideration by your Honorable Committee, your petitioner desires to call your attention to the fact that the branch described as follows, viz.: "From the junction of Third avenue and East Ninety-third street, running thence easterly through and along East Ninety-third street to Avenue A, thence southerly through and along Avenue A to East Ninety-second street," together with the branch described as follows, viz.: "From the junction of Third avenue and East Ninety-sixth street; running thence westerly through and along East Ninety-sixth street to Madison avenue; thence northerly through and along Madison avenue to East Ninety-seventh street; thence through and along East Ninety-seventh street to the westerly side of Fifth avenue; thence through and along the transverse road through Central Park, at Ninety-seventh street, to Central Park, West, or Eighth avenue; thence across Central Park, West, or Eighth avenue, and along West Ninety-seventh street to Columbus avenue; thence southwardly along Columbus avenue to West Ninety-sixth street; thence westwardly along West Ninety-sixth street to the Hudson river," is practically a duplication of the portion of the route of your petitioner hereinbefore described and could be adopted by your petitioner without detriment to the public serviceability of your petitioner's railroad.

Your petitioner does not oppose, in the furtherance of its own interests, the granting of the consent of the Honorable Board of Aldermen to a beneficial system of public conveyance; but it holds that, in the public interest, sanction, if given, should be so formulated that full opportunity be allowed to your petitioner to compete at the public auction of the right, franchise and privilege of using the streets described in the two branches embraced in the application of the Third Avenue Railroad Company, to which reference is made, or either of them, whenever they, or either of them, shall be offered for sale by the City's Comptroller, not only to enable your petitioner to protect its work and investments, but also that by such competition the highest possible compensation for such right, franchise and privilege may be realized by the City's Treasury.

Your petitioner therefore earnestly petitions your Honorable Committee to recommend to the Honorable Board of Aldermen, should it see fit to sanction the application of the Third Avenue Railroad Company, to so frame such sanction that the two branches set forth and described in the said application as follows :

Also from the junction of Third avenue and East Ninety-third street, connecting there by suitable curves, switches and appliances with the company's railroad upon Third avenue; running thence easterly through and along East Ninety-third street to Avenue A; thence southerly through and along Avenue A to East Ninety-second street.

Also from the junction of Third avenue and East Ninety-sixth street, connecting there by suitable curves, switches and appliances with the company's railroad upon Third avenue; running thence westerly through and along East Ninety-sixth street to Madison avenue; thence northerly through and along Madison avenue to East Ninety-seventh street; thence through and along East Ninety-seventh street to the westerly side of Fifth avenue; thence through and along the transverse road through Central Park, at Ninety-seventh street, upon obtaining the consent of the Department of Public Parks, to Central Park, West, or Eighth avenue; thence across said Central Park, West, or Eighth avenue, and along West Ninety-seventh street to Columbus avenue; thence southwardly

along Columbus avenue to West Ninety-sixth street; thence westwardly along West Ninety-sixth street to the Hudson river.

—or either of them, together with the consent of the Board to run on Third avenue, between East Ninety-third and East Ninety-sixth streets—a distance less than one thousand feet—(should both be sanctioned) be sold separately and distinctly from the sale of other branches and extensions set forth and described in the said application—since, should all the branches and extensions embraced in the said application be grouped and disposed of simultaneously in one parcel, your petitioner would be debarred from bidding at such sale, because the branches and extensions desired by the Third Avenue Railroad Company, other than those herein described, are detached and remote from any portion of the route of the proposed railroad of your petitioner and could not be operated in connection therewith.

And your petitioner will ever pray, etc., etc.

Dated NEW YORK, October 11, 1895.

THE FIFTIETH STREET, ASTORIA FERRY AND CENTRAL PARK RAILROAD COMPANY, by FREDERICK A. BARTLETT, Secretary.

Alderman Brown moved that the further reading of the petition be dispensed with that it be printed in full in the CITY RECORD and referred to the Committee on Railroads.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Finance Department :

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, October 14, 1895.

To the Honorable the Board of Aldermen :

I have the honor to transmit to your Honorable Body herewith a duplicate copy of the Departmental Estimate of the amount of expenditure required in the Finance Department, in the ensuing fiscal year 1896, specifying in detail the objects thereof, and including a statement of each of the salaries of the officers, clerks, employees and subordinates of that Department, pursuant to the provisions contained in section 189 of the New York City Consolidation Act of 1882.

Respectfully submitted, ASHBEL P. FITCH, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, October 2, 1895.

To the Board of Estimate and Apportionment :

GENTLEMEN—As provided by section 189 of the New York City Consolidation Act of 1882, I submit herewith, in writing, the Departmental Estimate of the amount of expenditures required for conducting the public business in the Finance Department of the City of New York for the year 1896, stating in detail the objects and purposes of such expenditure, and including a statement of the salaries of each of the officers, clerks and subordinates employed in the Department, and the compensation of temporary clerks engaged during a portion of each year. The amount asked for is the same as the appropriation for the current year.

Statements in detail are also presented of stocks and bonds of different kinds and classes which become due and payable in the year 1896, and the redemption of which is provided for as stated under their several heads, and also of installments payable in 1896 to be raised by tax for the redemption of Water Stock at maturity, as follows :

1. Statement of bonds and stock payable in the year 1896 from taxation and from the Sinking Fund, as provided by sections 176 and 177 of the New York City Consolidation Act of 1882, amounting to \$10,949,591.07.

2. Statement of bonds and stock that may be redeemed in the year 1896 from taxation and from the Sinking Fund, as provided by sections 176 and 177 of the New York City Consolidation Act of 1882, amounting to \$3,546,152.11.

3. Statement of bonds payable in the year 1896 from assessments, amounting to \$6,625,756.45.

4. Statement of bonds payable in the year 1896 from taxation, to be provided for by the Board of Estimate and Apportionment, amounting to \$778,034.67.

5. Statement showing the estimated amount of installments to be raised by tax in 1896 for the redemption at maturity of stock issued and to be issued for the supply of water, pursuant to the provisions of State Constitution, from a special sinking fund formed for the purpose, amounting to \$1,486,650.44.

6. Statement showing the interest on the City Debt on bonds and stocks issued and outstanding September 1, 1895, exclusive of funded debt held by the Sinking Fund, amounting to \$4,802,278.12.

7. Statement showing the estimated amount required for interest in 1896 on stocks and bonds to be issued in 1895 after August 31 and in the year 1896, amounting to \$310,912.50.

8. Statement showing the estimated amount required for interest on Revenue Bonds of 1896, amounting to \$275,000.

9. Statement showing the principal and interest due in 1896, under chapter 329 of the Laws of 1874, on bonds issued by the Towns of West Farms and Morrisania respectively.

Statement of bonds and stocks of the City of New York payable from taxation, issued after June 3, 1878, and prior to September 1, 1895, and to be issued as estimated during the remainder of 1895, by authority of existing statutes, and the sums required to be set apart out of the surplus income, revenues and accumulations of the Sinking Fund for the Redemption of the City Debt for the year 1896 and subsequent years, which, with the accumulation of interest thereon, shall be sufficient to redeem said bonds and stocks by the time the same shall be payable, as provided by section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178 of the Laws of 1889, amounting to \$2,325,937.28.

In view of the fact that the amount of bonds and stocks maturing during the year 1896 is exceptionally large, and that it may not be possible to redeem the same out of the surplus revenues of the Sinking Fund for the Redemption of the City Debt, it may be found necessary, when the time comes to consider the Final Estimate, to suggest certain changes in the foregoing statements, so that the additional amount necessary to redeem said bonds may be included in the Final Estimate for 1896, pursuant to sections 190 and 191 of the New York City Consolidation Act of 1882.

No estimate is submitted of the amount necessary to provide for the payment of principal or interest of bonds of the territory recently annexed to the City of New York by chapter 934 of the Laws of 1895, for the reason that the investigation, now in progress, of the financial affairs of that territory is not sufficiently far advanced to permit a correct estimate being made. A supplemental estimate, covering this item, will be presented to the Board of Estimate and Apportionment in time to be considered with the Final Estimate.

The statement of State Taxes payable in 1896, as the quota of the County of New York for the State fiscal year commencing October 1, 1895, amounts to \$6,402,009.92, of which \$1,857,373.25 is for "Schools," \$1,975,928.99 for "State Care of Insane," and \$2,568,707.68 for "General Purposes" and "Canals."

Statements are also presented with the Departmental Estimate of the Finance Department of the amounts which are payable in the year 1896 on leases to the City of premises for the use of various departments and public offices, the civil and police courts, armories and drill-rooms for the National Guard, together with estimates of miscellaneous expenses chargeable upon the City Treasury, and on account of judgments against the Corporation, and a number of items of necessary expenditure which are not included in any Departmental Estimates.

Respectfully submitted, ASHBEL P. FITCH, Comptroller.

"Fifth—That the cars to be used upon such branches or extensions, to the construction of which this consent is given, may be operated by any motive power other than locomotive steam-power."

And Whereas, The said resolutions were thereafter approved by the Mayor of said City of New York; and

Whereas, The said proposed street surface railroad routes, although in said resolutions designated and described as branches and extensions of said company's existing railroads, are in reality new proposed railroads, of the aggregate length of about twenty-nine miles, and in point of fact and law entirely distinct from the road now owned and operated by the said Union Railway Company; and

Whereas, The said proposed routes cover (exclusive of the twenty-one miles already owned by said company) the main streets and avenues in the Twenty-third and Twenty-fourth Wards and are designed to practically gridiron, as the exclusive possession of said corporation, that entire portion of the city lying north of the Harlem river; and

Whereas, Although over three years have elapsed since the procuring of the said consent of the municipal authorities, and over two years have elapsed since the consents of the owners of one-half in value of the property bounded on said streets and avenues were obtained, the said company has not constructed any portion of said railroads, or of said alleged branches or extensions thereof, except that it has in operation about three miles thereof; and

Whereas, Said resolutions and consent of the Common Council wrongfully and to the great detriment of the people exempted and released said company from certain obligations and duties imposed by law upon all railroad corporations applying for rights and franchises under the Railroad Law of the State, said exemptions and exclusive privileges being principally as follows:

First—Said corporation is exempted from the provisions of the Railroad Law, requiring that said consent of the Common Council must contain the condition that the right, franchise and privilege of using said streets, avenues and highways for the purposes of a railroad shall be sold at public auction to the bidder who will agree to give to the City the largest percentage per annum of the gross receipts of such corporation, and that such corporation shall furnish a bond or undertaking to the City for the fulfillment of such agreement and for the commencement and completion of its railroad within the time provided by law.

Second—Said corporation is exempted from the provisions of the Railroad Law, requiring street surface railroad corporations to have and keep in permanent repair that portion of the streets, avenues or public places between their tracks, the rails of their tracks, and two feet in width outside of their tracks, under the supervision of the local authorities, and in case of their neglect to pave or repair the same, after the expiration of thirty days' notice to do so, the local authorities may perform the said work at the expense of such corporation.

Third—Said corporation is exempted from the provisions of the Railroad Law, that such corporations shall be liable to the City for a penalty, not exceeding \$500, to be specified by ordinance, where the agents or servants of said corporations wilfully or negligently violate ordinances or regulations of the Common Council.

Fourth—Said corporation is exempted from the provisions of the Railroad Law requiring that every railroad corporation within the City of New York shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually pay into the Treasury of the City three per cent. of its gross receipts, and, after the expiration of said five years, make a like annual payment of five per cent. of its gross receipts, and that on failing to do so, after November first, in each year, the said company will be obliged to pay in addition thereto five per cent. a month on such percentages until paid.

Fifth—Said corporation is exempted from the provisions of the Railroad Law, that the corporate rights, privileges and franchises acquired under said law shall be forfeited to The People of the State, and upon judgment of forfeiture shall cease and determine, if said corporation fail to comply with the provisions relating to the payment of said percentages; and

Whereas, The proposed establishment of a railroad monopoly, favored by the exemptions and exclusive privileges and immunities aforesaid, and covering by a blanket consent of the Common Council almost all of the streets, avenues, and highways available for railroad purposes in that extensive and rapidly growing territory north of the Harlem river, thereby excluding all possibility of that wholesome competition which is the safeguard against monopolistic injustice and greed, is flagrantly against public policy and subversive of the best interests of the community; and

Whereas, It is manifestly just and equitable that all railroad corporations applying for rights and privileges to construct and operate street railroad in this city should be placed on the same footing before the law, and that, in obedience to the mandate of the Constitution of the State, which declares that "no private corporation, association or individual shall be granted any exclusive privilege, immunity or franchise whatever," it becomes the duty of the Common Council now assembled to rescind the resolutions and consent of the former Common Council, conferring upon said corporation exclusive privileges and immunities and exempting it from obligations and duties imposed by law on all railroad corporations, for the benefit and safety of the public; now therefore,

Resolved, That the foregoing resolutions, adopted by the Common Council on the 23d day of August, 1892, as aforesaid, purporting to grant consent to the Union Railway Company of New York City, to the extension, construction, maintenance and operation of extensions or branches of their railroad, upon and along the surface of the streets, roads, avenues and highways mentioned and described in the said resolutions, be and the same are hereby rescinded, revoked, annulled and set aside, and are hereby declared null and void and of no effect.

Which was referred to the Committee on Railroads.

R. Clapp's latest improved sectional coil-tube boiler, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, October 30, 1895, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The repairs are to be completed and delivered within sixty (60) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at fifteen (15) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer thereof, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than

one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in the sum of nine hundred (900) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of forty-five (45) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; and if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No bid will be received or considered unless the deposits of materials and statements referred to above are made with the Commissioners of the Department of Public Parks within the time prescribed, nor unless they conform to the requirements of the specifications and are satisfactory to the Commissioners of Public Parks. Any bid accompanied by a sample of asphaltum which does not come up to the standard required by these specifications will be regarded as informal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded, in each case, will be awarded to the lowest bidder.

Blank forms for proposals and forms of contract which the successful bidders will be required to execute, can be had at the office of the Department, Arsenal, Sixty-fourth street and Fifth avenue, Central Park.

DEPARTMENT OF DOCKS.

TO CONTRACTORS. (No. 513.)

PROPOSALS FOR ESTIMATES FOR DREDGING ON THE EAST AND HARLEM RIVERS.

ESTIMATES FOR DREDGING ON THE EAST and Harlem rivers will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

THURSDAY, OCTOBER 17, 1895,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour before named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Eight Thousand Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:

Mud dredging, about 100,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1) Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that any part or portion of the dredging herein mentioned is required.

The dredging to be done under this contract will be in slips or portions of slips between the Battery and East One Hundred and Twenty-fifth street, on the East and Harlem rivers, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the 1st day of January, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof, that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York,

drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested in making their bids or estimates to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract.

Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.
