## DEPARTMENT OF DOCKS.

A meeting of the Board of Docks of the City of New York, held at the office of the Board, Pier "A," Battery place, Thursday, December 4, 1890.

Present—President Post.

" Commissioner Matthews.

" " Cram.

The minutes of the meetings held November 19, 20, 21 and 25, 1890, were read and approved. Joseph E. Newburger, attorney for the sureties of William Nolan & Son, for furnishing granite to this Department, under Contract No. 230, appeared before the Board and asked that such additional information be transmitted to the Comptroller as would result in the final adjustment of said contract, whereupon the following preambles and resolution were adopted:

Whereas, Under contract, dated November 23, 1888, Messrs. Nolan & Son agreed to deliver 1,020 pieces of granite, containing about 20,200 cubic feet; and

Whereas, After making several partial deliveries, the said Nolan & Son failed to comply with the terms of their contract, and were notified to discontinue any and all further work or deliveries, under said contract; and

Whereas, The special contract, in accordance with the provisions of section 714, chapter 410, Laws of 1882, was entered into on the 21st day of April, 1888, with the sureties of said Nolan & Son, for the completion of the delivery of said contract, under the terms of said original contract; and

Whereas, Said sureties have proceeded with said delivery of granite so that the amount yet undelivered is very small; and

Whereas, Because of other deliveries under other contracts now running, the Department is not in need of any further deliveries under said contract; therefore

Resolved, That if the Comptroller approves and concurs that the said contract, with said sureties, and with the said Nolan & Son, be and hereby is terminated, upon receipt of said approval by the Comptroller, the Engineer-in-Chief is hereby directed to make up a final estimate in full of the deliveries under said contracts. The time for completion of said deliveries under said contracts is hereby extended to the 10th day of December, 1890, and the deliveries heretofore made are hereby accepted in full for all stone required to be delivered under the terms of said contracts.

G. H. Scribaer, Jr., appeared before the Board, and requested that the time to complete the work of building pier at the foot of East Ninety-fifth street, under Contract No. 333 be extended.

On motion, the time was extended to December 1, 1890.

D. V. Swainson appeared before the Board in reference to the order directing the owners to dredge at Piers 10, 11 and 12, East river, and requested that the time to commence said dredging be extended until the Department award the contract, now in course of preparation, for dredging the half slip westerly of Pier 12, and in front of the bulkhead between Piers 11 and 12, East river.

On motion, the time was extended as requested.

The following communications were received, read, and,

On motion, tabled:

From the Counsel to the Corporation—Suggesting the propriety of adopting a resolution discontinuing proceedings relative to acquiring title to wharf property on the Harlem river, between One Hundred and Fourth and One Hundred and Fifth streets.

From the Engineer-in-Chief—Report on Secretary's Order No. 10560, as to the non-commencement of dredging between Fortieth and Forty-first streets, North river.

The following communications were received, read, and,

On motion, ordered to be placed on file, viz.:

From the Counsel to the Corporation:

1st. In reference to the opening of Twelfth avenue, between Thirty-third and Thirty-fourth streets. Whereupon the following preambles and resolution, as prepared and submitted by the Counsel to the Corporation, were adopted:

Whereas, The Mayor, Aldermen and Commonalty of the City of New York, did on the 16th day of December, 1852, convey to Henry R. Dunham a certain piece or parcel of land under water to be made land out of the North or Hudson river, situated at Thirty-fourth street and North river; and

Whereas, It was expressly understood and agreed that whenever the Legislature of the People of the State of New York or the said parties hereto of the first part should duly determine in Common Council to extend the Twelfth avenue, from the northerly side of Thirty-sixth street through the premises hereby granted, the said party hereto of the second part should surrender, without compensation, such portion of the hereby granted premises as may be required for the extension of Twelfth avenue through the hereby granted premises; and

Whereas, In accordance with the provisions of chapter 574 of the Laws of 1871, a permanent plan for the improvement of the water-front was approved by the Commissioners of the Sinking Fund, whereby the said Twelfth avenue is to be the exterior street, wharf or place in the neighborhood of Thirty-third and Thirty-fourth streets; and

Whereas, The Dock Department is desirous of proceeding with the work of extending, building, erecting and maintaining the said exterior street, wharf or place in accordance with the permanent plan of improvement, from the northerly side of Thirty-sixth street through the premises heretofore granted to Henry R. Dunham on the 16th day of December, 1852; be it therefore

Resolved, That Twelfth avenue be and the same hereby is extended from the northerly side of Thirty-sixth street through the premises granted to the said Henry R. Dunham on December 16, 1852.

2d. Respecting the resolution adopted by the Board of Street Opening and Improvement for the proposed opening of Rutgers Slip, East river, and requesting a history as to the uses heretofore made of said property. Referred to the Engineer-in-Chief.

From the Finance Department:

1st. Returning the proposals of Joseph Walsh and John Gillies, for repairing and extending Pier, new 46, North river, and for building crib bulkhead at Charity Hospital, Blackwell's Island, with approval of the adequacy and sufficiency of the sureties thereto.

2d. Requesting the opinion of the Commissioners respecting the application of Ludwig Lehmeier, for grant of land under water north of Spuyten Duyvil creek, in the Twenty-fourth Ward of the City of New York. Notify the Comptroller that this Board has always been opposed to the issuing of water grants which would interfere with its future use for the purposes of commerce; and is therefore of the opinion that the application for the grant referred to should not be considered.

3d. Transmitting certified copy of a resolution adopted by the Commissioners of the Sinking Fund, December 1, 1890, consenting to and approving the change in the lines and location of Pier, new 23, North river, was received, read, and together with the plan ordered to be placed on file, and the Secretary directed to enter the resolution in full on the minutes, as follows:

Resolved, That the Commissioners of the Sinking Fund do hereby consent to and approve of the change in the length, width and location of the new pier, foot of Harrison street, North river, to be known as Pier, new 23, as shown on the plan thereof submitted in duplicate by the Commissioners of Docks, from the lines and location thereof as laid down on the plan determined by the Board of Commissioners of Docks, April 13, 1871, and adopted and certified by the Commissioners of the Sinking Fund, April 27, 1871, as follows, to wit: The northerly line of Pier, new 23, to be one hundred and sixty feet distant southerly from the southerly side of Pier, new 24, as now built (irrespective of the spurs on same), instead of one hundred and thirty-five feet distant from Pier, new 24, as laid out on the plan of 1871 aforesaid, and the side lines of Pier, new 23, to form an angle with the established bulkhead line of ninety degrees fifty-four minutes on the southerly side of said lines. The length of Pier, new 23, to be six hundred and seventy-six and fifty-two one hundredth feet on the northerly side and six hundred and seventy-nine and sixty one hundredth feet on the southerly side thereof, extending to the pier-head line established by the Department of Docks, July 3, 1890, and approved by the Sinking Fund Commissioners, July 24, 1890, instead of five hundred and seventy-eight feet as on aforesaid plan of 1871. The width of Pier, new 23, to be seventy feet instead of eighty feet as on aforesaid plan of 1871.

From D. Whipple, agent—Objecting to the manner in which the bulkhead between Piers 14 and 15, East river, is being repaired. Referred to the Engineer-in-Chief.

From T. C. Dininny, Jr.—Requesting permission to drive piles and place rip-rap stone in front of bulkhead between Eightieth and Eighty-first streets, North river. Permit granted, the work to be done under the direction and supervision of the Engineer-in-Chief.

From William Kelly and Thomas Gearty, sureties.—Consenting to the extension of time granted John Peirce for the delivery of granite under Contract No. 338.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damage to the central station by fire.

The amount of security required is Twenty-five Thousand Dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be considered from any company, corporation or individual that is not authorized and empowered either by the Common Council or by the Board of Electrical Control, to lay, erect and construct, and that has not (except where electric-light conduits are laid) suitable wires or other conductors with the necessary poles, pipes or other fixtures, in, on, over and under streets, avenues and public parks and places of the City of New York, for conducting and distributing electricity to do the lighting bid for; and that does not possess a sufficient central station with suitable appliances therein, for generating the electrical current required for the purposes of accomplishing the work specified in the bid or estimate.

Provided nothing herein contained shall prevent any company, corporation or individual from bidding for supplying said light in any street or part of street, park or public place in which such corporation, company or individual has a trunk or main line, and lamps, lamp-posts and connections only are necessary to be constructed in order to furnish lighting in such streets, parts of streets, parks or public places.

Also further provided that in case a contract for lighting any street, part of street, park or public place shall be awarded to any company, corporation or individual having only a trunk or main line, therein, or wherein electric light conduits are laid, thirty days from the execution of the contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Mayor, Comptroller and Commissioner of Public Works, shall be allowed to such bidders in which to erect lamp-posts, lamps and establish connecting wires thereto, or for placing conductors in subways and connecting lamps therewith.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be re-advertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed.

The right is reserved, when an estimate is made containing bids for lamps in one or more streets, avenues, parks or places, to accept from such estimate or bid so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The right is also reserved to determine what streets or parts of streets and public places shall be lighted by electric lights. The contract for lamps in any particular street, avenue, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, park or place.

The right is also reserved to regulate the number of lamps which may be erected and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received. The right is also reserved to decline all estimates if deemed for the best interests of the City. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The attention of bidders is called to the provisions of specifications 3 and paragraph P in the annexed form of agreement.

Blank forms of estimates can be obtained on application at the office of the Commissioner of Public Works.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 10 o'clock A. M. of Tuesday, December 30, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Provisions, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in

the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise, must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Crockery, Dry Goods, Paints and Oils, Leather, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

CITY OF NEW YORK,  
HARLEM RIVER BRIDGE COMMISSION.

### TO CONTRACTORS.

**PROPOSALS FOR ESTIMATES FOR SUPER-STRUCTURE OF A FOOT BRIDGE OVER THE NEW YORK CENTRAL AND HUDSON RIVER RAILROAD AND THE NEW YORK AND NORTHERN RAILROAD, NEAR THE WASHINGTON BRIDGE.**

**SEALED ESTIMATES FOR THE ABOVE WORK,** indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Harlem River Bridge Commission, No. 1 Broadway, New York City, until 3 o'clock P. M. on Wednesday, January 7, 1891, at which place and hour the bids will be publicly opened by the said Commission and read, and the award of the contract will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Commission, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be relet. The work to commence at such time as the Harlem River Bridge Commission may determine.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Harlem River Bridge Commission to reject any or all estimates which it may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller of the City of New York, or money, to the amount of five hundred dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Commission, and no estimate can be deposited until such check or money has been examined by said Secretary and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, and that the sureties offered by him have been approved by the Comptroller, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state that fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the parties making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, also in figures, a price for each of the items mentioned in the Engineer's estimate.

These prices are to cover the furnishing of all the necessary materials and labor, and the performance of all the work as set forth in the specification and form of agreement hereto annexed and the completion of the entire work.

The Engineer's estimate of the work to be done, and by which the bids will be tested, is as follows:

One Superstructure of Foot Bridge.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the work to be done, and shall not at any time after the submission of an estimate, dispute or complain as to said work, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Harlem River Bridge Commission and in accordance with the specifications hereunto annexed and the plans therein referred to. No extra compensation beyond the amount payable for the work before enumerated, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The amount of security required is Twenty-five hundred dollars.

Bidders are informed that no deviation from the specifications will be allowed unless written permission shall previously have been obtained from the Harlem River Bridge Commission.

Bidders are specially notified that the Harlem River Bridge Commission reserves the right to determine the times and places for commencing and prosecuting the work, and that postponement or delay of the whole, or any part thereof, occasioned by the precedence of other contracts, cannot constitute a claim for damages.

Bidders are notified that the Harlem River Bridge Commission reserves the right to reject any or all bids. Blank forms of proposals can be obtained on application to the Secretary at this office.

The form of agreement, including the specifications, and showing the mode of payment for the work, is annexed.

**ESTIMATES FOR FURNISHING ILLUMINATING**  
ing gas for lighting the Public Markets, Armories, Buildings and Offices of the City of New York, or any of them, for the period from January 1, 1891, to December 31, 1891, both days inclusive, will be received by the Commissioner of Public Works of the City of New York, at his office, until 12 o'clock M. of Wednesday, December 31, 1890, at which time and place the estimates received will be publicly opened.

Any person making an estimate for the above-mentioned supplies shall furnish the same in a sealed envelope at said office, at or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state that fact; also, that it is made without any connection with any other person making any estimate for the same purpose; and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimates must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he or they would be entitled upon its completion, and that which the said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York.

The gas shall have an illuminating power of not less than eighteen candles when tested at a distance of not less than one mile from the place of manufacture, on the improved form of the Bunsen Photometer, by a Suggs-Lethely 15-hole argand burner, calculated on a consumption of five cubic feet of gas per hour. The regular daily tests, however, will be made with a burner that will obtain from the gas the greatest amount of light, and practicable for use by the consumer, and consuming at the rate of five cubic feet of gas per hour. The testing candle shall be of sperm of six to the pound, and consuming, as near as possible, one hundred and twenty grains of spermaceti per hour, and no candle shall be used for testing which consumes less than one hundred and fourteen or more than one hundred and twenty-six grains of spermaceti per hour. And as regards purity, the gas shall be free, within limits not injurious to the public health, from ammonia, sulphuretted hydrogen, and other sulphur and noxious compounds.

Bidders are required to state in their estimates the several markets, armories, buildings and offices to which they propose to supply gas, and the illuminating power of the gas they propose to furnish.

Bidders are also required to state one definite and distinct price for each thousand cubic feet of gas furnished (whether the quantity be more or less) to each or any of the following public markets, armories, buildings and offices of the city, and this price must be written out in full, and also inserted in figures.

The amount of security required is \$20,000, but the same may be reduced at the option of the Mayor, Aldermen and Commonalty of the City of New York, if an award for a portion is made warranting a less amount of security.

The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The right is reserved, when an estimate is made containing bids for supplying gas to one or more of the markets, armories, buildings, offices, etc., as aforesaid, to accept from such estimate or bid so much thereof as may be the lowest in respect to each particular market, armory, building or office as aforesaid, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The contract for lighting any particular market, armory, building, office, etc., will be awarded, if awarded, to the lowest bidder on the lighting of each particular market, armory, building, office, etc.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Commissioner of Public Works.

The right is also reserved to discontinue the lighting of any of the public markets, armories, buildings, offices, etc., to which gas shall be furnished, if at any time gas should not be required in any such public market, armory, building or office.

The right to decline all estimates is reserved, it deemed for the interest of the Corporation, by the Commissioner of Public Works, and no estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any market, armory, building or office, situated on any street in which the gas-mains of such bidder are not laid at the time of the making of the bid, and a contract for furnishing gas to said market, armory, building or office shall be awarded to any such bidder, then, in that case, thirty days from the date of the execution of such contract shall be allowed to such bidder for the laying of the gas-mains of such bidder in said street, providing such bidder shall have a franchise or grant from the Mayor, Aldermen and Commonalty of the City of New York, authorizing the laying of gas-mains in such street.

Blank forms of estimates can be obtained on application at the office of the Commissioner of Public Works.

That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, August 14, 1889.

#### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,  
Commissioner of Public Works.

## DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER.

### TO CONTRACTORS.

(No. 363.)

PROPOSALS FOR ESTIMATES FOR DREDGING THE HALF SLIP WESTERLY OF PIER 12, AND IN FRONT OF THE BULKHEAD BETWEEN PIERS 11 AND 12, ON THE EAST RIVER.

ESTIMATES FOR DREDGING AT THE ABOVE-named places on the East river will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock m. of

TUESDAY, DECEMBER 30, 1890, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above-named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Four Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications is as follows:

Half slip west of Pier 12, East river.	6,500 cubic yards.
Bulkhead between Piers 11 and 12,	1,800 "
East river.	1,800 "
Total	8,300 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 12th day of January, 1891, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance;

and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Dated New York, December 11, 1890.

JAMES MATTHEWS,  
J. SERGEANT CRAM,  
Commissioners of the Department of Docks.
