REPORTS.

The Committee on Law Department, to whom was referred the proposed annexed ordinance permitting all persons, citizens of the United States, to erect and maintain booths or stands in front of any buildings, within the stoop-lines thereof, for the sale of soda water, with the consent of property-owners, respectfully

REPORT:

That a public hearing was held in the Council Chamber, Room No. 16, City Hall, on April 16, 1894, at which Counselor John E. The following report from the Commissioner of Public Works, relating to the opening of One Hundred and Eighty-second street, between Kingsbridge road and Amsterdam avenue, of One Hundred and Twenty-ninth street, between Convent and Amsterdam avenues, and to a protest against changing the grade of One Hundred and Twenty-seventh street, between St. Nicholas and Columbus avenues, was presented and read.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 18, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Street Opening and Improvement :

DEAR SIR—I have the honor to transmit herewith report on the following communications referred to me by your Board, and received with letter of 12th inst. :

Petition to open One Hundred and Eighty-second street, from Amsterdam to Eleventh avenue. It is necessary and proper that this street be legally opened, but the proceedings to open it should include all that portion of it between Kingsbridge road and Amsterdam avenue. The Assistant Engineer, in charge of surveys, maps, etc., states that there are temporary incumbrances on the street.

Petition of Hon. Thomas L. Feitner, for the opening of One Hundred and Twenty-ninth street, between Convent and Amsterdam avenues.

It is necessary and proper that the street be opened, and at the easterly end of the street, near Convent avenue, the City has already acquired title by cedere from the property-owners. There are no incumbrances on the street.

Protest of Francis J. Schnugg against changing the grade of One Hundred and Twenty-seventh street, between St. Nicholas and Columbus avenues.

Maps and petitions for laying-out and changing streets in this neighborhood were presented to your Board May 5, 1893. In the arrangement of the new streets the grade of One Hundred and Twenty-seventh street was altered to conform to the new conditions, and it was duly advertised, as required by law. The maps, profiles, etc., were before your Board nearly a year without opposition, and were adopted and ordered filed April 6, 1894. The Assistant Engineer, in charge of surveys, maps, etc., states that he has made an examination and survey of the property on the line of One Hundred and Twenty-seventh street, and finds that the damage to property will be nominal. The papers above referred to are herewith returned.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

On motion, the petitions to open One Hundred and Eighty-second street, between Kingsbridge road and Amsterdam avenue, and One Hundred and Twenty-ninth street, between Convent and Amsterdam avenues, were laid over, and the protest against changing the grade of One Hundred and Twenty-seventh street, between St. Nicholas and Columbus avenues, was ordered returned, for the reasons named in the report of the Commissioner of Public Works.

The following petitions to open Eighty-third and Eighty-fourth streets, between East End avenue and the East river, were presented and read :

PETITION TO OPEN EAST EIGHTY-THIRD STREET.

We, the undersigned, property-owners of premises on Eighty-third street, between East End avenue and the East river, do most respectfully petition your Honorable Body to formally open the said portion of said Eighty-third street, so that eventually we can take measures looking to a speedy paving of same.

The street is now in a deplorable condition and can only be remedied by being paved. The question of paving same has been agitated for some time, but we have always been met with the argument that the street is not formally opened.

Resolved, That it appears to this Board, from the surveys made and information furnished to it by the Commissioner of Public Works, that there are no buildings upon the lands that shall or may be required for the purpose of opening and extending said Eighty-third street, between East End avenue and the East river.

Resolved, That this Board directs that upon the date of the filing of the oaths of the Commissioners of Estimate and Assessment, who may be appointed by the Supreme Court in proceedings for the acquisition of title to said street or avenue, the title to any piece or parcel of land lying within the lines of such Eighty-third street, between East End avenue and the East river, so required, shall be vested in the Mayor, Aldermen and Commonalty of the City of New York.

Resolved, That the Board of Street Opening and Improvement, deeming it for the public interest so to do, hereby requests the Counsel to the Corporation to take the necessary proceedings in the name of the Mayor, Aldermen and Commonalty of the City of New York, to acquire title, whenever the same has not been heretofore acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East Eighty-third street, between East End avenue and the East river.

Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Which was adopted by the following vote :

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen—5.

The following petition, asking that a part of East One Hundred and Forty-second street be omitted from the final maps of the Twenty-third and Twenty-fourth Wards, was presented, and, on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards for his report thereon.

To the Board of Street Opening :

The undersigned, owner of all the land lying between One Hundred and Forty-first street and St. Mary's street, from Beekman avenue to fifty feet east of Powers avenue, do hereby respectfully request that the map made by the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards of the City of New York, being section 2, not filed, but being now before the Board of Street Openings, be returned to the said Commissioner, in order that the proposed street laid down as One Hundred and Forty-second street on said map, commencing at a point on the east side of Beekman avenue about equal distance between One Hundred and Forty-first street and St. Mary's street, and running east parallel with One Hundred and Forty-first street, be omitted from said map and discontinued between Beekman avenue and Robbins avenue, as said street between those points is wholly unnecessary, the other streets shown on said map affording all necessary access to the property adjacent thereto, and as said street, as shown on said map, will not, if laid out, afford the public any additional advantages.

NEW YORK, April 6, 1894.

[SEAL.]

WILLIAM R. BEAL LAND IMPROVEMENT COMPANY,
Per H. B. HALE, President.

The following petition, asking the Board to adopt a resolution authorizing the "assumption by the City of the amount by which certain awards have been reduced" in the matter of the widening and extension of College place, was presented and read :

To the Honorable the Board of Street Opening and Improvement of the City of New York :

The undersigned, owners and lessees of property, a part or the whole of which is taken for the widening and extension of College place and Greenwich street, and attorneys for such owners and lessees, and for other persons assessed for benefit for said improvement, respectfully show to your Honorable Board, and allege as follows :

1. That after about three years of consideration of the subject, and after an exhaustive hearing of every party and person in interest in said proceeding, the Commissioners of Estimate and Assessment herein completed their report, and the said report was presented to the Supreme Court for confirmation in June, 1893.

2. That Mr. Justice Lawrence, before whom the motion for confirmation was made, refused to confirm the report, because the Commissioners had laid the assessment upon an erroneous principle, which resulted, among other things, in making the assessment on the westerly side of College place about eight times greater than that upon the easterly side. The assessment upon the westerly side he declared to be unjustifiable. His opinion is as follows :

SUPREME COURT—CHAMBERS. (JUNE 20, 1893.)

By LAWRENCE, J. :

Matter, etc., of College place, etc.—While the Court will not in general review the determination of Commissioners of Estimate and Assessment upon questions of value, it will do so where an erroneous principle has been adopted in arriving at that value. In this case I am unwilling to confirm the report of the Commissioners, because I think that an error in principle has been committed in making such a great difference between the assessments imposed on the property situated on the east and the property situated on the west side of College place. As an illustration of this difference, the assessment on lot 1521, on the west side of College place and Chambers street, the dimensions of which are twenty-five by fifty feet, is \$9,367.21, while that imposed upon the opposite corner is only \$1,471.35. It seems to me erroneous to contend that this enormous difference in the two assessments can be justified by saying that the west side property will be made by the improvement a corner lot. Both properties are now, as I understand the matter, corner lots, the west side property, which is proposed to be taken, being on the corner.

The taking of so large a portion of the west side property and the making of the remainder the corner, instead of the part which is taken, is not such a special benefit to the remainder, in my opinion, as to warrant the assessment which has been imposed. Another illustration of the inequality of the assessments imposed for benefit upon the east and west sides of College place is to be found in the amount imposed upon the block between Park place and Murray street. On the west side the total assessment for benefit on the block is \$40,118.80, while on the east side it is but \$4,998.60. The special benefit derived by property from which a part has been taken cannot certainly be so great as to warrant an assessment about eight times greater than that imposed upon the property on the opposite side of the street, of which no portion has been taken, and which is equally benefited by the general improvement. If I am correct in these views, such a radical change in the report of the Commissioners will be required as to render it unnecessary now to consider the other objections to the report. The motion to confirm the report of the Commissioners is therefore denied.

3. That the Commissioners, upon the entry of the order sending the report back to them, reduced, indeed, the assessments on the westerly side of College place and the easterly side of Greenwich street where widened; but without any additional testimony and without any change in the value of the property being shown and without any notice, and as the Commissioners expressly state, in pursuance of their interpretation of Judge Lawrence's decision, also reduced the awards to the same extent to which they had reduced the assessments, thus still subjecting the property-owners to the entire burden of the said assessments, which had been decided by Mr. Justice Lawrence to be excessive and unjustifiable, and expressly on account of which errors he had refused to confirm their report. The amount thus deducted from the assessments and likewise deducted from the awards amounts to about \$150,000.

The Commissioners claim that the result did not injure the property-owners.

It will be noticed that wherever an entire plot is taken, and there is consequently no assessment back for benefit, as on the southerly side of Barclay street and the northerly side of Vesey street, no reduction whatever in the award is made.

4. By section 1002 of the Consolidation Act, all assessments in street opening proceedings are to be laid "equally and proportionately," according to benefit.

By the resolution of your Honorable Board, one-half of the total benefit was assumed by the City of New York as a general charge.

It appears, however, and is not denied, that the properties on the westerly side of College place and on the easterly side of Greenwich street, the front parts of which are taken in this proceeding, had not received the benefit of the resolution of your Honorable Board, but had been assessed their total proportionate benefits; so that, at all events, upon the very face of the proceedings, the assessments complained of by Mr. Justice Lawrence were at least double what they ought to have been under any circumstances.

5. That objections were filed to said amended report, and argument against said errors was made before said Commissioners without avail, and the said amended report has been presented to the said Supreme Court, Mr. Justice Beach presiding, and the same is now pending undecided.

6. Your petitioners therefore suggest that, in view of the great length of time already consumed in these proceedings, and the great injury and loss that has been and will be suffered daily by each owner and lessee, on account of the continued pendency of these proceedings, which are now prolonged apparently solely on account of the misconstruction by said Commissioners of section 1002 of the Consolidation Act, of the resolution of this Board, and of the decision of Mr. Justice Lawrence, that this Board will authorize the assumption by the City of New York of the amount by which the said awards have been so arbitrarily reduced as aforesaid, to the end that a resolution of this Board to that effect may be presented to the Supreme Court before which the second report of said Commissioners is now pending undecided, so that the said Court may, if it shall deem it just, return the present report to said Commissioners with instructions to restore the said awards, and present an amended report to the Court forthwith for confirmation.

M., on Tuesday, May 8, 1894, at which place and hour they will be publicly opened.

- No. 1. FOR REGULATING AND PAVING WITH GRANITE-BLOCK PAVEMENT THE CARRIAGEWAY OF AND LAYING CROSSLINKS IN, MORRIS AVENUE, from One Hundred and Fortieth street to One Hundred and Forty-second street.

- No. 3. FOR REGULATING, GRADING, SETTING CURB-STONES, FLAGGING THE SIDEWALKS AND LAYING CROSSLINKS IN DECATUR AVENUE, from Brookline street to Moshulu Parkway.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 12, 1894.

TO CONTRACTORS.

SEALED PROPOSALS FOR REGULATING and paving with vitrified brick, the drill yard in rear of 157 and 159 East Sixty-seventh street, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, April 25, 1894, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement (showing the manner of payment for the work), with specifications, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered as provided in the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which they relate, specifying the kind of cables it is proposed to furnish.

The Fire Department reserves the right to decline any and all bids or estimates or any part thereof, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand (1,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five hundred (500) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the same, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which they relate, specifying the kind of cables it is proposed to furnish.

The Fire Department reserves the right to decline any and all bids or estimates, or any part thereof, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1893), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
