THE CITY RECORD.

OFFICIAL JOURNAL.

Vot. XXVI.

NEW YORK, MONDAY, OCTOBER 3, 1898.

NUMBER 7,725.

BOARD OF PUBLIC IMPROVEMENTS.

The Board of Pathic Improvements of The City of New York met at the office of the Board, No. 346 Broadway, on Monday, September 25, 1868, at 2 o'clock P. M., pursuant to notice.

The roll was called and the following members were present and answered to their names:

The Commissioner of Water Supply (Deputy Commissioner Hashin), the Commissioner of Highways, the Commissioner of Endedings, Lighting and Supplies, the Commissioner of Bridges, the President of the Borough of Manhattan, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of Brooklyn and the President of the Borough of Brooklyn and the President of the Board.

The following communication from the Department of Water Supply was read and placed

DEPARTMENT OF WATER SUPPLY—COMMISSIONER'S OFFICE, NO. 150 NASSAU STREET, NEW YORK, September 24, 1898.

Hon, MAURICE F. HOLAHAN, President, Board of Public Improvements:

Dear Six—For your official information, I have the honor to transmit herewith an order made this day by the Commissioner of Water Supply, designating and empowering me to possess the power and perform the duties of the office of the Commissioner of Water Supply from this date until and including October 1, 1898.

JAS. H. HASLIN, Deputy Commissioner of Water Supply.

DEFARCMENT OF WATER SUPPLY -COMMISSIONER'S OFFICE, NO. 150 NASSAU STREET, NEW YORK, September 24, 1898.

In pursuance of the authority conferred upon me as Commissioner of Water Supply, by section 432 of the Greater New York Charter, I do hereby designate and empower James H. Haslin, Deputy Commissioner of Water Supply, at the general office of the Department of Water Supply, to possess every power and perform all and every duty belonging to the office of Commissioner of Water Supply from this date until and including October 1, 1898.

WILLIAM DALTON, Commissioner of Water Supply.

The following resolution was presented by the President of the Borough of Brooklyn, and

The following resolution was presented by the President of the Borough of Brooklyn, and unantomedy adopted it.

Whereas, A large number of fencing and flagging resolutions have been forwarded to this Board for its approval by the various local boards, and action therein has been prevented because no finds for such purpose were known to be in the hands of the city; and.

Whereas, It is reported that the Comptroller has received a sum of money applicable to such purpose from the Comptroller of the former City of Brooklyn and from assessments;

Resolved, That the Comptroller is berely requested to forward to this Board a statement of all the moneys applicable to fencing and flagging proveedings received by him up to this date, the contract or other charges against the same, and the net balance thereof now in his hands; and whether the same is applicable to all boroughs of the city, and if not, then to what boroughs, and and how much thereof to each. and how much thereof to each.

The following communication from the Commissioner of Highways was read :

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE, | No. 150 Nassau Street, New York, September 23, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

No. Machice F. Holahan, Printent, Board of Pacific Improvement?

Items 518.—Under Contract No. 3, with Thomas Rheding, for regulating, grading and paving with macadam the madway of Washington avenue, from Amboy road to Fresh Kills road, Borough of Richmond, there are 437% days overtime charged against the contractor.

During the progress of the work a letter was addressed to the contractor by the Deputy Commissioner of Highways, Horough of Richmond, requesting that certain repairs be made. By the loss of this letter in the office of the Deputy Commissioner, the contractor was delayed eight days in performing the work called for in the letter. It is therefore only just that from the overtime of 437% days, the eight days lost by the contractor in the manner set forth should be deducted, leaving the overtime to be charged under the contract, 353% days.

I respectfully request the Board of Public Improvements to authorize the reduction of the overtime accordingly.

t respectively respect the converse of the con

And the following resolution was adopted a

Resolved, That the Commissioner of Highways be and is hereby authorized to make the reduction of eight (3) days overtime, recommended by him, on the contract for paving Washington avenue, from Anthoy road to Fresh Kills road, Borough of Richmond, the said overtime not having been caused by any fault of Thomas Rheding, the contractor.

Afterwaive—Commissioners of Water Sopply, Highways, Public Buildings, Lighting and Supplies, Bridges and the President of the Board.

Nevention—Name

Negative-None.

The following report from the Department of Water Supply was read, and the Secretary was instructed to notify the petitioner of the report :

DEPARTMENT OF WATER SUPPLY—COMMISSIONER'S OFFICE, NO. 130 NASSAU STREET, NEW YORK, September 24, 1898.

Hou, MATRICE F. HOLAHAN, President, Board of Public Improvements:

Hon, Marrice F. Holatian, President, Board of Public Imperiounts:

Dear Six—With a letter of 22d instant, from the Secretary of your Board, was transmitted to me for investigation and report the inclosed copy of a petition addressed to the Board of Aldermen, reciting the fact that the contract has been made for paving with asphalt, Union avenue, between One Hundred and Sixty-sixth and Home street, in the Borough of The Bronx, and origing that mater mains be placed in the avenue before the pavement is laid.

In reply I respectfully report that in consideration of the time which would be required to obtain the adoption of an ordinance by the Municipal Assembly to authorize the laying of the water mains, and in the subsequent preparation, advertisement, letting and execution of a contract for the work and the execution of the work, it is not deemed advisable to interfere with or postpone the laying of the asphalt pavement beyond such time.

Very respectfully.

(Shaned) JAS. H. HASLIN, Deputy and Acting Commissioner of Water Supply.

The following report from the Commissioner of Water Supply was read, and the Scereiary was instructed to notify the petitioner:

DEPARTMENT OF WATER SUPPLY-COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, NEW YORK, September 22, 1898.

Hon. MAURICE F. HOLAMAN, President, Board of Public Improvements

Hon. Maurece F. Holahan, President, Board of Public Improvements:

Dirak Sir.—In the matter of the inclosed communication addressed to you by the President of the Borongh of The Bronx, embodying preamble and resolution adopted by the Local Reand of the Twenty-second Direct in that Borongh, urging the introduction of the Croton water service in the territory of the city case of the Bronx river, which was received with the letter of 15th instant, from the Secretary of your Board, for investigation and report, I have the known to report to the entire supply available from the Bronx and Byram rivers, through the Bronx river conduit, is now used in the territory of the Twenty-third and Twenty-fourth Wards, west of the Bronx river, except 500,000 gallous per day furnished and soid to the New York and Westchester Water Company for distribution in the territory cast of the Bronx.

Buring the recent extreme hot weather and the present dry weather there have been numerous complaints from residents west of the Bronx that the pressures in the water-mains have greatly diminished, and the only answer which the Department could give is that during that time, the consumption and waste of water so increased that the depth of water in the Williamstandge Reservoir was reduced seven leet and over, causing corresponding reduction of pressure in the delivery of the water, and that relief could only be limit from copious rainfalls, which would diminish the consumption and waste of water, especially its use for sprinkling purposes. Consequently this Department is not at present prepared to divert any of that water supply to the territory east of the Bronx.

Another difficulty which confronts the Department is that the structs leading to the Bronx river, from the east, and those extending from the river westerly, are not graded, making it impranticable to lay water-mains, even if an ample water apply were at our disposal. The Department is, however, preparing for the extension of the water supply east of the Bronx, by making plans for

Very respectfully,

JAS. H. HASLIN, Deputy and Acting Commissioner of Water Supply. The following communication from the Department of Water Supply was read :

DEPARTMENT OF WATER SUPPLY—COMMISSIONER'S OFFICE,)
NO. 130 NASSAU STREET,
NEW YORK, September 23, 1898.

Hon. MARRICE F. HOLAHAN, Provident, Bound of Public Improviments:

DEAS SIR—In the matter of the communication addressed to you by the President of the Borough of The Bronx and received with letter of 15th instant from the Secretary of your Board, for investigation and report, transmitting a resolution adopted by the Local Board of the Twenty-first District of that borough, recommending that water-mains be laid in Crotona Park, North, I have the honor to report that the water-mains are necessary, and I herewith submit, for the consideration and approval of your Board, a resolution authorizing the laying of water-mains in Crotona Park, North, between Arthur avenue and Crotona Park.

The distance is 2,200 lineal feet, on which there are eight houses to be supplied with water, and the estimated tool is \$1,800.

The distance is 2,200 linear recipand the distance is \$1,800.

Very respectfully,

JAS. II. HASLIN, Deputy Commissioner of Water Supply. JAS. H. HASLIN, Deputy Commissioner of Water Supply.

And the following resolution was adopted:

Resolved, That, in pursuance of sections 413 and 416 of the City Charter, chapter 378 of the Laws of 1897, the Board of Public Improvements hereby authorises and approves the making of a contract by the Commissioner of Water Supply for the furnishing and laying of water-mains in Crotona Park, North, between Arthur avenue and Crotona Park, Borough of The Bronk, at an estimated cost of one thousand eight hundred dollars, to be paid from the appropriation for "Laying Croton Pipes—Boroughs of Manlantan and The Bronk," for 1808.

And the Board hereby presents to the Manacipal Assembly and recommends the adoption of the following ordinance:

Re if Ordained by the Municipal Assembly of The City of New York, as follows:

That water-mains be laid in Crotona Park, North, between Arthur avenue and Crotona Park,
Borough of The Bronx, the work to be done under the direction of the commissioner of water supply, and in pursuance of section 413, chapter 378 of the laws of 1897.

Afternative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Public Buildings, Commissioner of Lighting and Supplies, Commissioner of Hidges, President of the Borough of The Bronx, President of the Borough of The Bronx, President of the Borough of The Bronx, President of the Board—Negative—None.

Negative-None.

The following communication from the Corporation Counsel was read, and the matter was laid over for one week:

LAW DEPARTMENT. OFFICE OF THE CORPORATION COUNTER, NEW YORK, September 21, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements, Breaugh of Manhattan, City of New York:

Dear Sir—A communication from the Board of Public Improvements, inclosing a copy of preamble and resolution adopted by the said Board at a meeting thereof held on the 24th day of August, 1898, regulating the rates and rules of private water companies, and requesting me to draw up a legal form of agreement tovering the provisions of said resolution, has been received. Accordingly, I hand you herewith two copies of a proposed contract between the Jamaica Water Supply Company and The City of New York, such contract appearing to be the one under immediate consideration by the Board of Public Improvements.

I have embodied therein a provision releasing The City of New York from any claim for payment of rentals during the year 1898 for hydrants erected by the said company on the line of mains to be laid under the contract of December 30, 1897, between the Town of Jamaica and The Jamaica Water Supply Company, one of which contracts relates to the Queens Water Supply District in said town and the other to the Hollis Water Supply District, also in said town.

I have also embodied in the contract now submitted a provision that it shall be construed as modifying and supplementing each of said contracts of December 30, 1897, which said contracts, as modified and supplemented by this contract, are to remain of full force and effect.

This last provision has been inserted in order to preclude any presumption by The Jamaica Water Supply Company or its successors or assigns, that the present contract abrogates or restinds the said contracts of December 30, 1897, between it and the Town of Jamaica.

Respectfully,

JOHN WHALEN, Corporation Counsel. DEAR SIR-A communication from the Board of Public Improvements, inclusing a copy of

JOHN WHALEN, Corporation Counsel.

Agreement, Made this day of September, 1898, by and between The City of New York, a municipal corporation, and The Jamaica Water Supply Company, a domestic corporation, having its principal place of business in the Fourth Ward of the Borough of Queens, City of New York. Whereas, On the 30th day of December, 1897, the Town Board of the then Town of Jamaica did, for and in behalf of the said Town of Jamaica in Queens County, make and enter into certain agreements with the said Water Supply Company for a supply of water for fire, sanitary and other public purposes, all of which will more fully appear, reference units said contracts being had; and

other public purposes, all of which will more fully appear, reference and sand control had; and

Whereas, On the 24th day of August, 1898, the Board of Public Improvements of The City of New York, at its regular meeting held on that day, did adopt a resolution fixing and establishing rates of charge in connection with the maintenance and supply of fire hydrants and governing the supply of water furnished by private water companies in The City of New York, and requiring that an agreement be executed by private water companies accepting rates and rules as act forth in said resolution before consent be given by said Board for the issuing of any permit to extend water mains or to erect hydrants by private water companies; and

Whereas, The Jamaica Water Supply Company has heretofore made an application to the said Board of Public Improvements to extend water-mains and to creek hydrants within the Fourth Ward of the Borough of Queens, as called for by said routracts of December 30, 1897;

Now this agreement witnesseth that the said The Jamaica Water Supply Company for and in consideration of the sum of one dollar (51) to it in hand paid, the receipt whereof is hereby acknowledged, does hereby agree to and with the said City of New York, as follows, vis. 1

First, That for all hydrants which may hereafter be erected by said The Jamaica Water

Supply Company, its successors or assigns, it, said The Jamaica Water Supply Company, and they, its accessors or assigns, will receive the fixed price or som of twenty dallars (\$20) per annum is full competitation for each and every hydrant as hereauter created by it.

Second, That for and price or may of twenty dallars (\$20) per annum for each and every hydrant as hereauter created it. The Jamaica Water Supply Company, covenants and agrees too itself, its successors and assigns, to turnish all the water that is necessary for fire jurposes and for finding severs o that that portion of the Fourth Ward of the lineagh of Queens wherein mains are or may be laid and ordinate may hereafter be created by it, and The Jamaica Water Supply Company, its successors and assigns 1 and, in addition therato, coverants and agrees to formsh, and that its successors and assigns 1 and, in addition therato, coverants and agrees to formsh, and that its successors and assigns (and, in addition therato, coverants and agrees to formsh, and that its successors and assigns that any department of the said The City of New York.

Third. The said The Jamaica Water Supply Company hereby coverants and agrees that in and its successors and assigns will supply jure and wholesome water at a pressure of at least twenty-live (25) pounds per square inch at each such hydrant and will keep each such hydrant at its nwa expense in perfect repute.

The said. The Jamaica Water Supply Company, in consideration of the sum of one dollar (\$1), the receipt whereof is hereby acknowledged, does hereby release the said, The City of New York and its successors, from any claims to be laid under said contracts of December 30, 1897.

The City of New York, in consideration of the sum of one dollar (51), the receipt whereof The City of New York, in consideration of the sum of one dollar (5t), the receipt whereof is hereby acknowledged, and of the covenants and agreements of The Jamaica Water Supply Company, hereinbefore set both, hereby covenants and inverse to pay to the said. The Jamaica Water Supply Company, its successors and assigns, the sum of twenty dollars (\$20) per animal for each and every hydrant hereafter enoted by it as bereinbefore set both, all such rentals to be paid semi-animally and in the middle of January and July, in each year, during the full unexpired parties of the translated raised contract of December 30, 1897, via: for a period of four years from the traday in January, 1899.

It is further matually agreed, that this contract shall be construed as modifying and supplementing each of said contracts dated Descender 30, 1897, which said contracts, as modified and supplemental by this contract, are to remain of tall force and elect.

In winness whereof, the Jamaica Water Supply Company has caused this instrument to be signed by its President and lessed be its Secretary, and its corporate scal to be affixed thereto, and the President of the Barrel of Public Improvements of The City of New York has executed this contract in heliali of the said City of New York as personal to resolution of the said Board daily adopted in the day of September, 1898.

Negative-None

The following communication from the Corporation Counsel was read and filed:

OFFICE OF THE CORPORATION COUNSEL, New YORK, September 23, 1898.

How. MAURICE P. HOLAMAN, President of the Board of Public Improvements :

DEAR 5th -I am in receipt of your communication of September 11, 1868, asking to be advised whether contracts for the repairs to bridges, for the lighting of the different borneghs by electricity, etc., and for making alterations and repairs to public buildings in The City of New York, have to be authorized and approved by a resolution of the Municipal Assembly.

Vou state that it appears to you " that this work does not come within the scape of 'public improvements' as specified by section 413 of the Charter," for the reason that " it was evidently the intention of the Commission who framed the Charter to have the works 'public improvements to apply exclusively to new work, as the repassing of streets, laying water-mains, etc."

The difficulty is that the language of the section to which you refer is "any public work or improvement within the cognizance and control of any one or more of the departments of the commissioners who constitute the board of public improvements, that may be the subject of a contract," and not merely "public improvements," as stated by you.

"Any public work or improvement" are general nonly, and in my judgment are sufficiently comprehensive to embrace the classes of contracts to which you refer in your communication.

My opinion, therefore, is that the contracts in question "must first be duly authorized and approved by a resolution of the Board of Public Improvements, and an ordinance or resolution of the Municipal Assembly."

Respectfully yours,

Respectfully yours, (Signed) JOHN WHALEN, Corporation Counsel.

The following communication from the Department of Water Supply was read :

DEPARTMENT OF WATER SUPPLY - COMMISSIONER'S OFFICE,) No. 150 Nassau Street, New York, September 23, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

Date Six—In the matter of the inclosed communication addressed in you by the President of the Borough of The Book, transmitting a resolution adopted by the Local Board of the Twenty-first District in that borough, recommending the laying of water-mains in Laborataine avenue, from One Hundred and Seventy-mith stress to Quarry read, which was received with the letter of 15th instant from your Secretary, for investigation and report, I have the honor to report

that the proposed water-mains are accessely.

The distance for which the preposed mains are to be laid is 1,400 lineal feet, on which there are four houses to be supplied with water, and the estimated cost of the work is \$1,500.

I therefore submit, to the emailleration and approval of your floard, a resolution authorizing the laying of water-mains to Latentaine avenue, from One Hundred and Seventy-outh street in Quarry mad, Borough of The Bronx.

Very respectfully,

Very respectfully, JAS. H. HASLIN, Deputy and Acting Commissioner of Water Supply.

And the following resolution was thereupon adopted:

Resolved, That, in pursuance of sections 4t3 and 416 of the City Charter, chapter 375 of the Laws of 1807, the Board of Public Improvements hereby authorizes and approves the making of a contract by the Commissioner of Water Supply for the furnishing and laying of water-mains in Latontaine avenue, from the Hundred and Seventy-ninth street to Quarry road, horough of The Bronx, at an estimated cost of one thousand five hundred dollars, to be paid from the appropriation for "Larying Crossos Pipes—Boroughs of Manhattan and The Bronx, "for 1898.

And the Buard hereby presents to the Municipal Assembly and recommends the adoption of the following ordinance:

the following ordinance:

Be 1 Ordained by the Monicipal Assembly of The City of New York, as follows:

That water-mains be late in Lafontaine avenue, from One Hundred and Seventy-mains beleast in Commence of the Brons, the work to be done under the direction of the commis-

Sioner of water supply, and in pursuance of section 413, chapter 375, Laws of 1897.
Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Public Failutings, Lighting and Supplies, Commissioner of Bridges, President Borough of The Bronx and the President of the Board, Negative—None.

The following communication from the Department of Water Supply was read:

DEPARTMENT OF WATER SUPEN-COMMISSIONER'S OFFICE,) No. 13D NASSAU STREET, New YORK, September 22, 1898.

How Maurice F. Holahas, President, Board of Public Improvements:

How Mathers F. Holahas, Previous Board of Public Importance of the Break of the matter of the inclosed communication, addressed to you by the President of the Borongh of The Bronz, and the accompanying periods of Mr. Daniel McCoronich, societies of the Bioland Park Taxpayers' Association, urging the introduction of the Croton water supply in the section bounded by Two Hundred and Seventh street, Bronz river, Webster avenue and thun Hill road, flowingh of The Bronz, which were received with letter of 15th instant from the Secretary of your board, for investigation and report, I have the honor to report:

At the present time it is practicable to lay water-mains in the section referred to on Gun Hill road only, the other streets being not yet regulated and graded, but the residents on these streets may, after the water-main on Gun Hill road is land, tap the main with temporary pipes through their several streets, at their own expense, and thus receive the needed water supply until permanent mains are laid.

nem mains are laid.

I therefore valumit, for the consideration and approval of your Board, a resolution authorizing the laying of a sax-inch water-main on tinn Hill road, from Decatur avenue to the Brons river, the distance being 1,000 feet and the estimated cost \$1,250.

Very respectfully,

JAS. H. HASLIN, Deputy and Acting Commissioner of Water Supply.

And the following resolution was adopted a

And the following resolution was adopted:

Resolved, Thui, hi pursuance of sections 413 and 415 of the City Charter, chapter 378 of the
Law of 1897, the Board of Public Improvements hereby authorizes and approves the making of a
contract by the Commissioner of Water Sapply for the fauntslong and laying of a six-fineh watermaio on Gan Hill road, from Decater arenue to the Bronx river, in the Borongh of The Bronx, as
an estimated cost of one thousand two handred and fifty doffars, to be paid from the appropriation for "Laying Croton Pipes - Rosseghs of Manhattan and The Bronx," for 1898.

And the Board hereby presents to the Manicipal Assembly and recommends the adoption of
the following ordinance:

Be at Ordanad by the Municipal Assembly of The City of New York, as follows:

That a six-inch water-main be laid on Gun Hill road, from Decatur avenue to the Brons river, in the Brough of The Brons, the work to be done under the direction of the commissioner of water supply, and in parasinuce of section 413, chapter 378, Laws of 1897.

Athermative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Public Buildings, Lighting and Supplies, Commissioner of Bridges, President of Borough of The Brons and President of the Board.

The following communication from the Commissioner of Water Supply was read, and the Secretary instructed to notify the peritioner:

DEPARTMENT OF WATER SUPPLY—COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, NEW YORK, September 24, 1898.

Hon. MAURICE F. HOLAHAS, President, Board of Public Improvements:

IN AR. SEE-With the letter of 22d instant from the Secretary of your Board was transmitted to me, for investigation and report, the inclosed copy of a report from the Chief Topographical Engineer, Borough of The Roots, on the application of William F. Byrnes, for permission to open Fifth street, between Greene avenue and Union avenue, for the purpose of placing a water pipe or main in the same.

To reply, I respectfully report that Fifth street, between Greene and Union avenues, is in the story east of the Bronx river, now supplied by the New York and Westchester Water Company, territory east of the Bronx river, now supplied by the New York and Westchester Water Company, and that the City has no water-mains within three miles of the location. The water supply for the proposed pipe or main would, therefore, have to come from the New York and Westchester Water Company, which is even now mabbe to adequately supply the residents on the lines of its present distributing mains and is compelled to leave the higher points in that territory absolutely without water supply.

Under this condition of affairs, it would not be a good policy to allow any extension of the company's water-mains and its territory of distribution, either directly by the company or in the manner proposed in the application of Mr. Byrnes, until the company proves it is able to fully supply the present and additional territory.

Very respectfully,

(Signed) JAS. H. HASLIN, Deputy and Acting Commissioner of Water Supply.

The President of the Borough of Brooklyn submitted the allowing resolution, which was

The President of the Borodga of Brooklya shoulder the salvang resolution, which was unanimously adopted:

Resolved, That the Commissioner of Water Supply be requested to report to this Board all the private companies which are supplying water to The City of New York, their plants and capabilities, and the feasibility of the City extending its plant so as to cover the same territory.

Also, that information be given to this Board as to the terms and length of the contract between the City of New York and the Westchester Company, and, if possible, to ascertain what the terms of the private water companies are to the residents of that territory cast of the Broax

And further, that the report show the periods that the contracts have to run between the water companies and the various municipalities.

The full-wing communication from the Department of Water Supply was road, and taid over for two necks :

DEPARTMENT OF WATER SOFTEY COMMUNICORES OFFICE, No. 150 NASSAU STREET, New York, September 23, 1808.

How. Maurice F. Hillanan, President, Roard of Public Improcessings:

Desc Six-Under section 473 of the Greater New York Charter, the authority and duty devolves upon the Municipal Assembly to establish, upon the recommendation of your Roard, a uniform schedule of rents and charges for water supplied by the City to residents and consumers.

As there is now considerable disparity in the rates of the different boreughs handed over from presiding administrations, it is extremely desirable that such uniform schedule of charges be established as receible to preside.

lished as speedily as possible.

I present herewith a schedule of rates which I consider equitable and applicable in the entire city, and respectfully ask that your board will approve the same, and present it to the Municipal Assembly for adoption.

Very respectfully, i) JAS. II. HASLIN, Deputy Commissioner of Water Supply.

AN ORDINANCE establishing a scale of water reats for the City of New York.

Be it Ordained by the Municipal Assembly of The City of New York, a follows:

That the minimum annual rents and charges to be collected by the Department of Water

divided by the Department of Water

Supply shall be as follows, to wit:

| Fasser Width | Story | Two. | Incon Stories | For R Symmes | Free |
|---|--------|-------|------------------|-----------------|-------|
| to bet and industry and the contraction | 94.59 | Ay eq | \$5.00 | 18 m | Ng ro |
| 16 to all Estatement and accommendation | 8.70 | 0.00 | W 100 | , p. 100 | 79.10 |

| Steam pacitis | E 182 | |
| All others | 5 107 | .65 |
| Water-hoats applying shipping | AD DEL | 14 |

For all stores, markshops, botels, manufacturies, office buildings, public edifices, on wharves, terry-houses, stables and places not enumerated, the rate shall be ten (10) cents per one hundred (100) cubic feet. When only part of the water-upply of building is metered, the frontage tate will also be charged. Where water is obtained by pumping from wells or by purchase from other parties, all buildings shall be metired at a rate of biteen (15) cents per one hundred (100) cubic

feet.

Meters will be placed on all houses where there is an extra use of water; where required to ascertain the amount used and where waste water is found, they will be charged at rates fixed to the property of the proper

for all the water passing through them.

All charges not hosein mentioned or fixed are reserved for special contract by and with the

Commissioner of Water Supply.

The following communication from the President of The Borough of Conoms was read, and referred to the Chief Topographical Engineer:

THE CETY OF NEW YORK, OFFICE OF THE PRESIDENT OF THE DOROUGH OF QUEENS, LONG TOLAND CITY, September 26, 1898.

Beard of Public Improvements, City of New York, Hon. M. F. HOLAHAN, President :

The undersaged certifies that the Local Board of The Borough of Cases, at its meeting held on the 23d instant, duly adopted preamble and resolution, of which the amount is a fell and correct copy thereof.

Yours truly, FREDERICK BOWLEY, President.

Whereas, The Public School Board in the Borough of Queens alid, by resolution adopted by it on August 16, 1808, as certified to us pader date of September 20, 1808, make request that this Board use its utmost endeavoes towards this city acquiring title to the triangular plot of ground front of Public School No, 1 of this First Ward of this borough, to be used for park porposes, and setting forth therein that such park would add to the general appearances of said public school building.

Now, in view of the foregoing, and after hearing expression of solicitude for the general welfare of said school by reason of the architectural beauty of said building, being made liable to be materially obscured by any unsightly structure that might be erected on said triangular plot and undesirable business that might be carried on therein to the noneyance of the school kept in said school building; therefore

Resolved, That this, the Local Board of the Borough of Queens, in meeting assembled this 22d day of September, 1898, do unanimously and most unreservedly recommend to the Board of Public Improvements of The City of New York, that it promptly exercise the powers rested in it by section 415 of chapter 378, Laws 1897, in acquiring title for the use of the public of the land fronting Public School No. 1 for use as a park.

The following communication from the Commissioner of Sewers was read and referred to the

The following communication from the Commissioner of Sewers was read and referred to the Chief Topographical Engineer;

DEPARTMENT OF SEVERS-BOROUGH OF MANHATTAN. Nos. 265 AND 267 BROADWAY, NEW YORK, September 26, 1898.

The Honorable Board of Public Improvements :

CHAPLEMANN—I herewith transmit copies of communication from the Deputy Commissioner of Seners, Borough of Queens; President of the Borough of Queens, and Mr. Wallace C. Dowles and others, attorneys for property-owners on DeBevoise avenue, between Grand and Januica avenues, with plans and specifications for the construction of a private sever thereto, and ask your approval

Yours respectfully, JAS, KANE, Commissioner of Sewers.

CITY OF NEW YORK,
DEPARTMENT OF SEWERS-ROKOTCH OF QUEENS,
NEW YORK, September 26, 1898,

How. JAMES KANE, Coundssioner of Sewers:

DEAR SIR—I have in file in this office copies of the plans, specifications and contract relating to the proposed construction of a sewer in Delevoise avenue, between Grand and Jamaica avenues, First Ward, Borough of Queens, by the property-owners along said tine, at their own expense.

I am acquainted with the particulars thereof and hereby indorse the application for the issuance of your permit thereon.

The matter has been in abeyance for some time, and now that the season to lay the same and make connections under favorable conditions is limited. I am asked to request that you certify the same favorably to the Board of Public Improvements, for its action thereon this afternoon. I will see that expenses for supervision, etc., be paid before the permit is delivered.

Respectfully yours,

(Signed) M. J. GOLDNER,

Deputy Commissioner of Sewers, Borough of Queens.

OFFICE OF THE PRODUCES OF THE BORDERS OF QUEENS, & Lum. Intava Cirv, September 26, 1898;

How James Kann, Commissioner of Sensor, City of New York

Data Sta. The beaver will a naith deliver to you, on he all of private property-corners, plan, specifications and contract relating to proposed construction of swer at flieir own cost, on Debevoise avenue, between tirand and Januards or mans, First Ward, this borough; also, application for permit therefor by you, beether with communication from Day by Communication sewers, Honorable Matthew J. Goldeer, and certified action of the Local Board in approval of granting same.

Yours truly, (Signed) FRED, BOWLEY, Fresident.

Whereas, The private property-owners on Debevoise avenue for Sound avenue), between Grand avenue and Jamnica avenue. Post Ward, this borreagh, have requested this libered to account its efforts to the contemplated construction of sewers at their own expense, said sower to connect and to discharge into sewer at Jamaica avenue, and continued from there up anwards Grand avenue, fronting their property as aforesaid; and

Whereas, Said owners have laid before us the plans, specifications and contract relating thereas, and

Whereas, A majority of this Board is familiar with the location, surroundings and special needs for the sewer (this contemplated to be constructed), therefore,

Kesolved, That this Board does hereby recommend the subject matter to the prompt and lavorable action of the Commissioner of Sewer, and the Board of Public Improvements of The City of New York.

LONG ISLAND CITY, September , 1293.

Hon, James Kane, Commissioner of Severs, Vily of New Vork:

Dear Sir—Pursuant to section 500 of chapter 378 of the Laws at 1807, private property owners on Second avenue, between Grand and Jamaica avenues, late Lang Island City, now First Ward, Borough of Queeus City of New York, whose attorneys the undersigned are, propose to construct a twelve (12) noch pipe newer, with machines, in said Second avenue, along their property, and to connect with and to discharge into sever in Jamaica avenue; all to conform with the general plan for the construction of sewers in said sity; the herewith file with you plans, specifications and contract for such proposed sewer for your approval and issuance of permit for the construction thereof, and hereby offer to have you furnished with a satisfactory guarancy for the payment of the necessary expense of your Department in the supervision of the construction of said sewer.

Awaiting same, regardo

Awaiting same, remain

(Signest) WALLACE C. ISSWIES, JAMES V. AUSTIN, WILLIAM DEMISEY.

The matter of the rules and regulations submitted by the Commissioner of Public Buildings, Lighting and Supplies, which was faid over for one week at the last meeting, wo, on motion of the Commissioner of Highways, build over until October 12.

Adjourned.

The Commissioner of Correction securives the accuracy are not to a vertic extension, as some times will be accepted from, or courtain nearly of the average of the Corporation upon that or courtain, or who is a defaulter, as sucrety or otherwise, upon any addication to the Corporation.

The award of the contract will be made as according to the required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any hadder for this scorrect must be known to be regaged in and well prepared for the business, and must have satisfactory cestimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two mulficient awardes, each to the pend amount of fifty (50) per cent, of the bid for extincts that formal and state the name that of the out of scalebases of the contract may be accepted to a contract while the contract of the bid for extinct of the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two

someon. of the bid for each article if it amounts to \$1,000 or over.

Each ind or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therefor, and if no other person he so interested, it shall destinctly state that fact; also that it is many without any connection with any other person making on estimate for the same purpose and is in all respects for and without collection or trand, and that no member or the Municipal Assembly, head of a department, chief of a bareau, deputy thereof or their kineria, or other articles, or other articles, or other collection of the torporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the porty or parties making the estimair, that the saveral matters stated therein are in all respects true. Where more than one person is interested its required that the various ton be made and subscribed by all the parties interested.

Where more that one person is interested it is requisite that the varification be made and subscribed by all the parties interested.

Each bid or estimate of \$1,000 or ever shall be accompanied by the consent, in writing, of two bouseholders or freeholders, or security, trust or deposit companies in The City of New York with their respective places of lusioness or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become hound as his sureties for its fairtful performance, and that if he shall omit or refuse to execute the same, they will pay to the Cooperation any difference between the sum to which he would be entitled on us composition and that which he Corporation may be subject to pay to the persons to whom the contract may be awarded at any subsequent letting, the amount of each case to be calculated upon the estimated amount of the work by which the lade are texted. The content above mentioned shall be accompanied by the oath or afformation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debtes of every nature, and over and shove to batchines as ball, survey or otherwise, and that he has offered him-

self as a surety in good Inith and with the united in execute the bond required by section as a design of the Revisal Cirlinances of The City of New York. If the centrant shall be awarded to the person of mount in whom he constants to become surety. The administration by the Comprisher of The City of New York.

No hild or estimate will be considered subsequently the Comprisher a secution that he considered only a companied by either a secution that he was uponed by the Comprisher a secution that he was uponed to be state or National banks of The City of New York, and the same in the arder of the Comprishers, or massay to the amount of the per centim of the amount of the security required for the faithful performance at the contract. Such wheek or money must sure be inclosed in the walled envelops remaining the estimate box, and no estimate has charge of the estimate box, and no estimate that has charge of the estimate box, and no estimate or a be deposited in and ma initial such check or money has been examined by said officer or clore and found to be correct. All such deposits, except that of the anciental backer, will be remirred to the conteast is awarded. If the meassaful backer shall retire to the conteast is awarded. If the meassaful backer shall retire to englist, within five days after active that the contract has been awarded to him, to awarde the amount of the deposit made by him hall be foreigned to make retained by The City of New York as liquidated damages for such register or refused; but in he shall execute the contract within five days after active that the contract within five days after the contract within five days after the contract within five days after the contract the security, the or they shall be considered as howing abandoned it and as in default to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract may be awarded to his or their bid or proposal, or do not they saccept but do not execute the contract and give the proper secu

of the articles, etc., required before making their extenders.

Bidders will state the price for each article, by which the bids will be tested,
Bodders will work out the amount of their estimages in addition to inserting the same in figures.
Psycent will be made by a requisition on the Comptroller, in accordance with the terror of the contract, or from sine to line, as the Commissions may determine. The form of the contract, including specifications, and showing the monous of psycord, will be introduced at the writer of the Department, and bedders are controlled at the examine each and all of its provisions carefully, as the Commissioner will took it upon its absolute and recovers in every particular.

Commissioner on the first of Correction, English of Correction,
