The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates it deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise, must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

### PROPOSALS FOR LIGHTING THE PUBLIC LAMPS.

PROPOSALS FOR FURNISHING THE GAS OR other Illuminating Material for, and Lighting, Extinction, Cleaning, Repairing, and Maintaining the Public Lamps (and supplying Gas, etc., for new lamps when required) on the Streets, Avenues, Piers, Parks, and places in the City of New York, under the care and charge of the Department of Public Works, excepting the Twenty-third Ward, and that portion of the Twenty-fourth Ward, formerly known as the Town of West Farms, for the period of one year, commencing May 1st, 1880, and ending April 30th, 1881, both days inclusive.

Proposals for the above, made in accordance with Sec. 73, Chap. 335, Laws of 1879, and Chap. 478 of the Laws of 1879, and the Revised Ordinances of the City of New York, Chap. 8, Article 2, and enclosed in a sealed envelope, endorsed, "Proposals for furnishing the illuminating material for, and lighting and extinguishing, cleaning, repairing, and maintaining the public lamps," with the name of the party making the same written thereon, will be received at the office of the Commissioner of Public Works, until 12 o'clock M. of Saturday, April 10, 1880, at which place and hour they will be publicly opened by said Commissioner and read.

Bidders are required to state in their proposals their names and places of residence; the names of all persons interested with them, and, if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any estimate for the same supplies and work; and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or proposal, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by Section 27, Article 2, Chapter 8, of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

Bidders are required to state in their proposals the several streets or parts of streets in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture, and bidders proposing to furnish any illuminating material other than illuminating or coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the burner they propose to use for the same.

Bidders are also required to state the price for which they will furnish the gas (of not less than sixteen-candle power by photometrical test, at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, cross heads, lamp irons, and lanterns thereto, for the period from May 1st, 1880, to April 30th, 1881, both days inclusive, stating the price, for the above named period of one year, for each lamp.

Bidders are also required to state a price for which they will repair lamp-posts, including straightening and re-lead-ing, and for each new lamp fitted up, as follows:

For each lamppost straightened, stating the price per post.

For each column reloaded, stating the price per post.

For each column refitted, stating the price per post.

For each lamppost removed, stating the price per post.

For each lamppost reset, stating the price per post.

For each new lamp fitted up, stating the price per post.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The number of public lamps to be contracted for is about 20,000.

The burners for illuminating gas are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be other than illuminating gas, then the burners to be used for such illuminating material shall give a light (by photometrical test) equal to the light given by the gas-burners in use in the public lamps in the City of New York.

Should any alteration or any attachment be required to any portion of the lamps for which proposals are made in consequence of the use of illuminating material other than gas, then such alteration shall be done and such attachment placed on the lamps without expense to the city.

The number of hours the lamps are to be kept burning during the contract is 4,000.

The amount of security required is \$60,000 on all contracts which will amount to \$100,000 or more; and on smaller contracts the security shall be sixty per cent. of the total amount of the bid.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract is so awarded neglect or refuse to accept to contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is reserved to assign and designate to any bidder, whose bid shall be accepted, the number and location of the lamps to be lighted by such bidder, in any portion of the city for which proposals are received, and to increase or diminish such number.

The right is reserved to determine and designate, after the proposals are opened, what illuminating material shall be used in the public lamps, or any number of them, during the period before mentioned; also to decline any or all proposals if deemed for the interests of the Corporation, and no proposal will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the proposal of any bidder proposing to furnish illuminating gas shall include any lamps with which the pipes or mains of such bidder are not connected at the time of the making of the bid, and a contract for furnishing the gas for and lighting, extinguishing, cleaning, repairing, and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract and such further time, not exceeding thirty days, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or mains with such lamps.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the mains of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

Blank forms of proposals can be obtained on application at the office of the Commissioner of Public Works.

EDWARD COOPER,  
Mayor.

JOHN KELLY,  
Comptroller.

ALLAN CAMPBELL,  
Commissioner of Public Works.

## TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the commence-  
ment of the term of lease in each case, such repairs to  
any of the above-named premises, in the judgment of the  
Commissioners, needing them, as they may consider neces-  
sary to place the premises in suitable condition for  
service during the term for which leases are to be sold,  
*except that no repairs will be made to any of the above-  
named premises where it is stated that they will not be  
repaired by the Department;* but all the premises must  
be taken in the condition in which they may be on  
the date of commencement of said terms, respectively;  
and no claim that the property is not in suitable condition  
at the commencement of the lease, will be allowed by  
the Department; and all repairs and rebuilding required  
and necessary, during the terms leased, are to be done at  
the expense and cost of the lessees.

Purchasers will be allowed three months, from date of  
commencement of their leases, in which to notify the De-  
partment that dredging is required at the premises leased;  
and the Commissioners guarantee to do all possible dredg-  
ing, as soon after being notified of the necessity therefor,  
as the work of the Department will permit, *except that no  
dredging will be done at any of the above-named premises  
where it is stated that they will not be dredged by the De-  
partment;* but in no case will the Department dredge  
where a depth of ten feet at mean low water already exists,  
nor after that depth shall have been obtained by dredg-  
ing; and no claim will be received or considered by the  
Department, for loss of wharfage or otherwise, consequent  
upon any delay in doing the work of such dredging, or  
consequent upon the premises being occupied for dredging  
purposes. *All dredging required at any of the above  
premises, of which the purchaser of the lease therefor  
shall neglect or omit to notify the Department during the  
first three months of the term of the lease, and all dredg-  
ing necessary during the remainder of such term, is to be  
done at the expense and cost of the lessee.*

The up-set price for each of the above-named premises  
will be fixed by the Department of Docks, and announced  
by the auctioneer at the time of the sale.

Each purchaser of a lease will be required, at the time  
of the sale, and in addition to the auctioneer's fees, to pay  
to the Department of Docks twenty-five per cent. of the  
amount of annual rent bid, as security for the execution  
of the lease, and which twenty-five per cent. will be  
applied to the payment of the rent first accruing under  
the lease, when executed, or forfeited if the purchaser  
neglects or refuses to execute the lease and bond *within  
five days* after being duly notified that the lease is pre-  
pared and ready for signature. The Commissioners  
reserve the right to resell the leases bid off by those failing  
to comply with these terms; the party so failing to be  
liable for any deficiency which may result from such  
resale.

Lessees will be required to pay their rent quarterly, *in  
advance*, in compliance with a stipulation therefor in the  
form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the  
City of New York, and to be approved by the Commis-  
sioners of Docks, will be required, under each lease, to  
enter into a bond jointly with the lessee in the sum of an  
amount double the annual rent for the faithful per-  
formance of all the covenants of the lease; and each pur-  
chaser will be required to submit, at the time of the sale,  
the names and address of his proposed sureties.

Each purchaser will be required to agree that he will,  
upon being notified so to do, execute a lease prepared  
upon the printed form adopted by the Department, which  
can be seen upon application to the Secretary, at the  
office, 119 Duane street.

No person will be received as lessee or surety who is  
delinquent on any former lease from the Corporation; and  
no bid will be accepted from any person who is in arrears  
to the Corporation upon debt or contract, or who is a de-  
fault, as surety or otherwise, upon any obligation to  
the Corporation.

this Department one steam fire engine, will be re-

Wednesday, the 21st instant, when they will be publicly  
opened and read.

The engine is to be what is known as a first-size double-  
pump and cylinder steam fire-engine.

The boiler is to be what is known as a Latta boiler, with  
Ahrens improvements, made of the best materials and of  
sufficient strength to bear twice the pressure ever required  
in fire duty. It must have ample steaming capacity to  
keep up a full head of steam while doing the heaviest  
work, with a guarantee to make steam from cold water and  
throw a stream of water through one hundred (100)  
feet of hose with regular gauge of water inside of  
four minutes from the time of lighting the fire, and to gen-  
erate and maintain an ample working pressure of steam  
for effective fire duty. The boiler is to be covered with  
a Russia iron jacket and surmounted with a brass dome.  
The steam cylinders and pumps are to be placed perpen-  
dicular to the boiler. The steam cylinders are to be cased  
in German silver. The main forcing pump must be double  
acting and be made entirely of composition. It must be  
so constructed that it can be taken apart and put together  
again should repairs be required. There must be two  
discharge gates, also a circulating or churn valve for the  
purpose of feeding the boiler when the streams are cut off.  
The engine is to be made complete of the best materials,  
in the most workmanlike manner, with all recent  
improvements, and is to be furnished with one  
air pump (latest improved), improved safety valves,  
without scale, two nickel-plated steam gauges, one  
nickel-plated water-pressure gauge, one glass water  
gauge, eight gauge cocks, two blow cocks for steam—  
one up and one down—one surface blow cock, and at-  
tachment for thaw hose, one signal whistle, one variable  
exhaust nozzle and steam jet, one large copper air cham-  
ber, one ornament on the air chamber, twenty-two feet of  
rubber suction-hose attached to the pump, to be carried in  
brackets around the engine, ready for immediate service,  
copper suction strainer, a full set of discharge pipes, five  
(5) nozzles, various sizes, foot brake, one number plate,  
which together with the glass in the lamp is to be en-  
graved with the number; also all the tools and wrenches,  
etc., to work the engine, oil cans, fire shovel, poker; and  
to be furnished with box for tools. The machine is to be  
handsomely finished and painted with gold striping and  
ornamental work. The wheels are to be what is known as  
the Archibald pattern of the latest improved kind.

The fuel-box, on the back of the boiler, must be large  
enough to carry coal for one or two hours' running, and  
will be painted the same as the wheels.

The working parts of the engine are in all cases to be  
perfectly fitted and polished. All of the steel and iron  
works are to be finished in first-class style. The throttle-  
valve, feed-pump, eccentric strap, and pipe-holders and  
other parts are to be of fine composition.

The engine is to be fitted to be drawn by horses, with a  
pole and whiffletrees and a seat for the driver.

Size of steam cylinder to be 7½ inches diameter, 8  
inches stroke. Size of pumps to be 4½ inches diameter,  
8 inches stroke. Front wheels to be 50 inches high; rear  
wheels to be 60 inches high. Tire, 2½ by 7½ inches.

The engine is to be delivered at the Repair Shops of the  
Fire Department within ninety days after the execution of  
the contract, in complete working order, with a guarantee  
that its material and workmanship are of the best charac-  
ter, and to replace, at the expense of the contractor, such

parts, if any, as may fail, if such failure is properly at-  
tributable to defective material or inferior workmanship.  
Said engine shall have a full and complete trial of its  
working powers at New York, under the superintendence  
of a competent engineer.

No proposals will be received after the hour named,  
or considered if not made in strict compliance with the  
terms of this advertisement.

Two responsible sureties will be required upon each  
proposal, who must each justify in one-half the amount  
thereof, upon the proposal prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing  
one Engine," with the name of the bidder, and be ad-

ment.
