These amendments were included in the Agency's regulatory agenda.

Statement of Basis and Purpose

The Commissioner of the New York City Department of Transportation ("Department") is authorized to promulgate rules regarding highway operations in the City pursuant to Section 2903(b) of the New York City Charter.

The purpose of the proposed rule is to clarify the requirement that a permittee who has obtained a street opening permit on a protected street must also obtain a confirmation number prior to the expiration of such permit, and provide guidance on the process for obtaining the confirmation number. This process will provide the permittee with an opportunity to update the Department regarding the status of any work on a protected street.

The proposed rule will achieve this goal by:

- Requiring all permittees who have obtained a street opening permit on a protected street to also obtain a confirmation number,
- Updating the information of how to obtain a confirmation number, and
- Providing guidance on when permittees should obtain a confirmation number, specifically permittees planning to engage in restoration work on a protected street.

Background

In 2011, an amendment to Section 2-11(f)(4) of Title 34 of the Rules of the City of New York was adopted. The amendment requires every permittee who obtains a protected street opening permit to also obtain a confirmation number from the Department. In an effort to clarify this requirement, the Department is proposing the below amendments to Sections 2-11(f)(2) and 2-11(f)(4)(i) of Title 34 of the Rules of the City of New York. With this amendment the Department is seeking to explain the conditions associated with protected street opening permits and make clear that a confirmation

number is required for each protected street permit obtained.

New text is underlined, and deleted material is in [brackets].

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this office, unless otherwise specified or unless the context clearly indicates otherwise.

§1. It is proposed that Section 2-11(f)(2) of Title 34 of the Rules of the City of New York be amended to read as follows:

(2) Conditions.

- (i) Permittees shall be responsible for contacting the Department of Design and Construction to determine whether a street is scheduled to be rebuilt under a street reconstruction project. Notwithstanding the foregoing provision, a permittee performing emergency work need not contact such Department.
- (ii) A permittee who has obtained a street opening permit on a protected street must also obtain a confirmation number for each such permit, prior to the expiration of the permit. The permittee must request and obtain such confirmation number through the Department’s website (www.nyc.gov/dot) or other Department-approved method. A permittee commencing restoration work on a protected street must also request and obtain such confirmation number subject to the additional requirements contained in §2-11(f)(4)(i) of these rules.

§2. It is proposed that Section 2-11(f)(4)(i) of Title 34 of the Rules of the City of New York be amended to read as follows:

(4) Restorations.

- (i) No backfill of any opening or excavation on a protected street shall be performed unless the permittee [notifies] who has obtained a street opening permit also obtains a confirmation number notifying the Department of such restoration work. The permittee must obtain such confirmation number at least two hours prior to the scheduled start time for the backfill except as otherwise authorized by the Commissioner. [All notifications for any restoration phase on protected streets must be made through the Department’s web site (www.nyc.gov/dot). Such notifications will result in the generation of a confirmation number, which is required for every protected street opening permit obtained.] The permittee must request and obtain such confirmation number pursuant to §2-11(f)(2)(ii) of these rules. In no case shall the permittee commence the backfill prior to the scheduled start time. [For the base and wearing course, the permittee shall fax] In addition, during the backfill and compaction phase of the work, the permittee must provide, on site, a certified compaction technician from an approved laboratory to test that the compaction of the backfill is in accordance with the Department’s rules and specifications. No base or wearing course of any opening or excavation on a protected street shall be performed unless the permittee obtains a separate and additional confirmation number pursuant to §2-11(f)(2)(ii) of these rules or faxes its daily paving schedule to the Department prior to commencing work. [In addition, during the backfill and compaction phase of the work, permittees must provide, on site, a certified compaction tester from an approved laboratory or a licensed certified tester to test that the compaction of the backfill is in accordance with the Department’s rules and specifications.]

Name, Description and Location of Proposal:

361 Broadway

The applicant, Knightsbridge Properties Corp, is seeking an authorization from the City Planning Commission to modify street wall requirements pursuant to ZR 35-24 (e)(5). The proposed action would facilitate a proposal by the applicant to enlarge the building at 361 Broadway with a two-story penthouse addition surrounded by a terrace and set back approximately 18 feet along Broadway to the east and 8 feet along Franklin Street to the north. The project site is located on Block 174, Lot 31, at the southwest corner of Broadway and Franklin in the Tribeca neighborhood of Manhattan in Community District 1.

Currently, the project site is occupied by Nyack College on the 2nd to 6th floors and the first floor is vacant. Known as the James White Building, 361 Broadway is a six-story LPC designated landmark building. Independent of the proposed action, the applicant will be converting the landmark building into mixed-use residential apartments and commercial space including the construction of two duplex penthouse units above the building roof top. The site is within a C6-4A district that allows a maximum residential/commercial Floor Area Ratio (“FAR”) of 10 FAR.

Absent the proposed action, the applicant would construct a glass street wall enclosing the penthouse addition in compliance with the street wall requirements of ZR Section 35-24(b)(3). The proposed project is expected to be completed in 2014.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated March 15, 2013, prepared in connection with the ULURP Application (No. N130119ZAM). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that no significant effects on the environment that would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Pursuant to the Concession Rules of the City of New York, the Department of Transportation ("DOT") intends to enter into a concession for the operation, management, and maintenance of pedestrian plazas located on Old Fulton Street, Front Street, and Water Street in the borough of Brooklyn ("Licensed Plaza"), including through DOT-approved events, sponsorships, and subconcessions including but not limited to providing for the sale of any of the following: prepared food, flowers, locally grown produce or locally manufactured products, merchandise (such as souvenirs or T-shirts) that helps brand or promote the neighborhood or the concessionaire, and other similar merchandise.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
