FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, February 19, 1887.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING fifteen thousand (15,000) feet of 2½-inch Peerless Manufacturing Company's (P) Brand seamless fabric, four-ply rubber hose, with standard couplings attached, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 11 o'clock A. M., Wednesday, March 9, 1887, at which time and place they will be publicly opened by the head of said Department and read.

Special attention is directed to the test of the hose by the Fire Department and the guarantee of the hose by the contractor, required by the specifications.

No estimate will be received or considered after the hour named.

For information as to the description of the hose, bidders are referred to the specifications which form part of these proposals.

The form of the agreement, with specifications, and showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate, in addition to insert the same in figures.

The hose is to be delivered at the Repair shops of the Fire Department (Nos. 130 and 132 West Third street) on or before the nineteenth (9th) day after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at twenty-five (25) dollars per day.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of eight thousand (8,000) dollars; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith and with an

intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount four hundred dollars (\$400). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M., Monday, March 7, 1887, at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR FURNISHING AND DELIVERING STOP-CKOCKS, HYDRANTS, WOODEN HYDRANT BOXES AND CAST-IRON STOP-CKOCK BOXES.

No. 2. FOR FURNISHING CAST-IRON WATER-PIPES, BRANCH PIPES AND SPECIAL CASTINGS.

Bidders for the above contracts must be regularly engaged in the business and well prepared for furnishing the materials they propose for; and no contract will be made with any bidder who is not prepared to furnish satisfactory evidence to that effect.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to enclose the same, the specifications and agreements, and any further information desired, can be obtained at the office of the Chief Engineer, Croton Aqueduct, Room 10, No. 31 Chambers street.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

Commissioner of Public Works.

of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be in use in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, JUNE 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

PROPOSALS FOR ELEVEN HUNDRED AND EIGHTY-FIVE TONS OF WHITE ASH COAL.

SEALED BIDS OR ESTIMATES FOR FURNISHING eleven hundred and eighty-five (1,185) tons White Ash Coal, as required, during the year 1887, and in accordance with the specifications, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9 o'clock A. M. of Tuesday, the 8th of March, 1887. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for 1,185 Tons White Ash Coal," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION reserves the right to reject all bids or estimates if deemed to be for the public interest, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of three thousand (\$3,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be in use in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller in accordance with the terms of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as

REPORT OF COUNSEL TO THE CORPORATION.

Hon. ABRAM S. HEWITT, Mayor, etc.

SIR—I herewith transmit the annual report of the Law Department for the year ending December 31, 1886.

It is arranged in conformity with the requirements heretofore prescribed by the Mayor and fully presents the work done during the past year and the present condition of litigated business at the beginning of 1887.

STATISTICS.

The statistics of the business of the office of the Counsel to the Corporation (exclusive of that transacted in the bureaus, which make their own reports), are contained in nine schedules. A summary of these schedules is here presented in such shape as to indicate in a few pages the entire volume of work done.

SCHEDULE NO. 1.

This is a list of actions and special proceedings pending and undetermined on December 31, 1886. They may be thus classified:

Common law actions on contract	383
Common law actions in tort	227
Common law actions—Miscellaneous	404
Equity actions	227
Actions in which summons only has been served	32
State writs—Certiorari	154
State writs—Mandamus	91
Street and park opening proceedings	54
Miscellaneous special proceedings	44
Proceedings in Supreme Court to vacate assessments	3,344
	4,960

The Assessment Commission which was created by chapter 550, Laws of 1880, having expired, no list of cases pending before it is given as was done in last year's report.

SCHEDULE NO. 2.

This is a list of actions and special proceedings begun during the year 1886, and still pending at the end of the year. These may be thus classified:

Common law actions on contract	145
Common law actions in tort	62
Common law actions—Miscellaneous	114
Equity actions	45
Actions in which summons only has been served	6
State writs—Certiorari	44
State writs—Mandamus	16
Street and park opening proceedings	20
Miscellaneous special proceedings	14
Proceedings in Supreme Court to vacate assessments	588
	1,054

SCHEDULE NO. 3.

This is a list of old actions and special proceedings, that is, those begun prior to January 1, 1886, which were finally disposed of during the year. These may be thus classified:

Common law actions on contract	75
Common law actions in tort	69
Common law actions—Miscellaneous	66
Equity actions	49
Actions in which summons only has been served	9
State writs—Certiorari	32
State writs—Mandamus	144
Street and park opening proceedings	2
Miscellaneous special proceedings	12
Proceedings in Supreme Court to vacate assessments	1,282
	1,740

The manner in which these were finally disposed of is as follows:

By discontinuance, either voluntary or following City's motion to dismiss	1,015
By dismissal for failure to prosecute	29
By compromise or settlement concurred in by Finance and Law Departments	399
After trial or argument, and by judgment or order of court (other than discontinuance or dismissal)	297
	1,740

SCHEDULE NO. 4.

This is a list of new actions and special proceedings, that is those begun subsequent to January 1, 1886, which were finally disposed of during the year. These may be thus classified:

Common law actions on contract	104
Common law actions in tort	15
Common law actions—Miscellaneous	112
Equity actions	24
Actions in which summons only was served	8
State writs—Certiorari	6
State writs—Mandamus	21
Street and park opening proceedings	1
Miscellaneous special proceedings	11
Proceedings in Supreme Court to vacate assessments	327
	629

The manner in which these were finally disposed of is as follows:

By discontinuance, either voluntary or following City's motion to dismiss	218
By compromise or settlement concurred in by Finance and Law Departments	304
After trial or argument, and by judgment or order of court (other than discontinuance or dismissal)	107
	629

The general aggregate of these tables shows that there were—

Pending January 1, 1886	* 5,646
Begun during 1886	1,683
	7,329
Ended during 1886	2,369
Pending January 1, 1887	4,960

This result is highly gratifying. It appears that although the new cases exceeded by 468 those begun in 1885, the office was able to dispose of cases (old and new) aggregating the full sum of current business, and also to make a substantial inroad (686 cases) into the arrears of old work. For the first time since the “Public Burdens” bill (chapter 521 of 1880) was passed, the Department has possessed sufficient force to do considerably more than keep up with current work. Much yet remains to be done, as will be seen from the enormous aggregate of unfinished business, which confronts us with the opening of this year, but if the present condition of effectiveness continues these arrears can be steadily reduced to their normal limit. That normal limit, however, is very broad. The number of new cases begun each year is steadily increasing. They aggregated, in 1884, 635; in 1885, 1,215; in 1886, 1,683. Even after all *state* cases are disposed of there will remain a volume of litigated business to be handled, which is probably greater than that cared for by any other law office in this country.

SCHEDULE NO. 5.

This is a list of claims received for collection, showing their disposition. To a certain extent it is a ledger account with the various departments transmitting claims, with the qualification that when a claim is put in suit, it disappears from this schedule to reappear in one or more of those concerned with litigated business. The recapitulation of this schedule is as follows:

Collected in whole	10
Collected on compromise	11
Put in suit	33
Withdrawn by department sending them	11
Not yet disposed of	73
Total	138

* By an error in last year's report, two cases were included as pending which were in fact terminated.

SCHEDULE No. 6.

This is a list of the payments from the appropriations for contingencies and special services for the office of the Counsel to the Corporation, exclusive of salaries and the payments for the bureaus. The amounts thus disbursed were:

General Contingencies	\$22,646 74
Contingent Counsel Fees	*24,164 70
For procuring and presenting evidence as to frauds prior to 1872.....	5,910 55
For preparing and presenting case of the City before Commission for New Parks in Annexed District and Westchester County.....	7,397 13
Total	\$60,119 12

SCHEDULE No. 7.

This is a table showing the disposition of calendar cases. It shows what actions and special proceedings appeared on the day calendars of the courts during the year; which ones were tried or argued, with the results of such trials or arguments; and which were adjourned. But a very small number of adjournments were had on the City's motion, and it may confidently be asserted that nine-tenths of the cases included in the list were fully prepared for trial by this office. This fact must be borne in mind when the table is examined as a record of work done, because the labor of preparation is almost always greater than the labor of trial or argument. If the Department were to be credited only with the cases actually disposed of, the full measure of its yearly work would not be appreciated.

There were also 241 days attendances before referees and commissioners, and 313 motions at chambers and elsewhere disposed of.

SCHEDULE No. 8.

This is a list of the moneys collected by the Office of the Corporation Counsel, as distinguished from the bureaus, during the year. The total amount was \$373,223.44.

SCHEDULE No. 9.

This is a table showing the condition and disposition of street and park opening proceedings.

MISCELLANEOUS WORK.

There were also opinions given, as follows:

Number of Opinions Given.

Comptroller	204
Public Works Department	57
Dock Department	13
Park Department	32
The Mayor	28
Police Department	37
Fire Department	6
Street Cleaning Department	2
Aqueduct Commission	22
Board of Street Openings	11
Department of Charities and Correction	15
Common Council	17
Board of Assessors	6
Taxes and Assessments	9
Sinking Fund Commissioners	1
Board of Estimate	7
Total	467

This is a very important branch of office work, and its amount is perhaps not generally understood. The press-copies of these "opinions" in the letter-book aggregate 891 pages (counted solid). This is equivalent to over 500 printed pages (counted solid) of the size and style of type used in the Court of Appeals reports.

There were received from the Police Department 453 reports of accidents, which were examined into and filed.

There were received from the Finance Department 487 requests for the examination of claimants. Oral examinations under oath were conducted in 137 of these. That 137 claimants only were examined, where 487 requests for examination were received is explained by the fact that a large number of the claims filed were in assessment matters, where all the facts being already within the knowledge of City officers, examinations were unnecessary.

There were contracts examined or drafted and approved as to form, as follows:

Department of Public Works.....	178
Department of Public Parks.....	36
Department of Charities and Correction.....	64
Department of Docks.....	10
Fire Department.....	27
Department of Street Cleaning.....	2
Board of Health.....	2
Armory Board.....	4
Aqueduct Commission.....	7
Police Department.....	4
Total.....	334

* Bills received since these schedules were set in type will increase this item \$3,500, making the total disbursements under these four appropriations \$63,619.12, which is \$751.39 less than was spent under these same appropriations in 1885.

† In addition to these there were conducted ten other judicial enquiries (enumerated on page 313) before the Mayor, Sheriff's Jury, Coroner, etc.

GENERAL REMARKS.

The office force, which varied from time to time during the year, owing to readjustments suggested by experience, consisted at its close of:

The Counsel to the Corporation.
One First Assistant.
Seven Assistants.
Five Junior Assistants.
Three Senior Law Clerks.
Seven Junior Law Clerks.
One Chief Clerk.
One Register Clerk.
Five Clerks.
One Copyist.
Three Typewriters.
Four Stenographers.
Two Examiners.
One Librarian.
Three Messengers.

In the annual report for 1885, it was stated that the force provided to deal with the business of 1886 was for the first time in several years adequate to cope with the demands of current business, and at the same time attack the large accumulation of unfinished cases; it was shown that more work was done in the year 1885 than in the preceding years, and confidence was expressed that "the ensuing year (1886) would witness a still greater measure of equally efficient work." The event fully justifies that confidence, as the following table will show:

	1885.	1886.
Total actions and special proceedings pending and undisposed of December 31.....	5,646	4,960
Total actions and special proceedings begun during the year.....	1,215	1,683
Total actions and special proceedings finally disposed of during the year.....	1,052	2,369
Total separate cases appearing on trial calendars during the year.....	245	265
Total attendance at court on calendar cases.....	1,624	2,455
Total cases tried, Circuit, Trial and Special Terms.....	88	117
Total appeals argued.....	69	109
Total motions argued.....	280	313
Total cash collections turned in.....	\$73,709 41	\$373,233 44
Total "opinions" given to other departments and officers.....	402	467
Total contracts examined or drafted and approved.....	169	334
Total pages press-copy letter books.....	5,099	6,312
Total "accident" cases tried.....	63	64
Total claimed therein.....	\$792,441 00	\$682,969 00
Total recovery on such claims.....	15,551 26	13,903 85
Percentage of "accident" recovery.....	2 per cent.	2 per cent.

It is to be hoped that the force and equipment of the office may continue as at present. The utility of a well supplied Law Department is apparent from the past history of the office. During the period from 1875 to 1880 it was well equipped, but found its force entirely occupied in dealing with a large mass of actions, many of them excessively intricate and difficult to try, brought against the City as a legacy from the general disorganization of public administration which culminated with the downfall of the Tweed Ring. The entire energies of the Department were devoted to resisting claims against the City, without sufficient means to prosecute its own claims against others.

In 1880, the Legislature passed what is known as the "Public Burdens" act (chapter 521 of 1880), a measure intended to secure retrenchment in City expenditures. That act reduced the appropriations for the working force of all the Departments, irrespective of the work which any particular one was doing or was called upon to do, ten per cent.

The termination of the actions above referred to, therefore, found the Law Department without means to do more than handle current business, and stand on the defensive against suits in which the City was claimed to be a debtor. In 1884, 1885 and 1886, however, there has been a small increase in the appropriations, and, for the first time in twelve years, the law officers of the City have been able to figure as the attorneys of a persistent creditor. That the result is gratifying the following statement shows:

Statement of Money Collected by the Counsel to the Corporation, and turned over to the Comptroller or other proper Officer.

1875.....	\$1,588 54
1876.....	2,541 34
1877.....	2,032 16
1878.....	5,541 41
1879.....	4,260 35
1880.....	22,350 28
1881.....	14,965 04
1882.....	26,767 39
1883.....	20,666 43
1884.....	140,708 76
1885.....	73,709 41
1886.....	373,223 44

The total moneys collected during the year 1886, by the Law Department and the several bureaus whose reports are herewith transmitted, was as follows:

By office of Counsel to the Corporation.....	\$373,223 44
By Bureau of Corporation Attorney.....	8,964 67
By Bureau of Public Administrator.....	21,566 02
By Bureau for the Collection of Arrears of Personal Tax.....	39,259 78
Total.....	\$443,013 91

The total expenditures for the Law Department, including all its bureaus, for the year 1886, aggregated \$200,163.62.

The reports of the three bureau officers, namely, the Corporation Attorney, Public Administrator, and Attorney for the Collection of Arrears of Personal Tax are herewith presented. They will be found respectively at pages 347, 348 and 331. To avoid unnecessary repetition reference is made to them for the record of work done therein.

In conclusion it is but just that the head of this Department should express his appreciation of the faithfulness, energy and skill with which its subordinate officers have discharged their duties during the past year. The record of their work, however, which is herewith presented indicates more forcibly the extent and character of their service than would any statement of

Yours respectfully,

E. HENRY LACOMBE, Counsel to the Corporation.

* A noticeable and gratifying feature of these cases (q. v., Schedule A, p. 330), is the number of verdicts rendered by juries in favor of the City without direction of the court. It indicates on the part of those in charge of these cases thorough and efficient preparation on the facts of each case.

RECAPITULATION.

Lineal feet of streets opened, 850.	Total amount of assessments, \$151,725.	Number of motions and appeals adjourned, 93.	Number of meetings of Commissioners in re new parks, 66.
Lineal feet of streets discontinued, 6,830.	Total number of parcels assessed, 2,477.	Number of orders entered, 122.	Number of proceedings confirmed during 1886, 1.
Number of City lots in High Bridge Park, discontinued, 3,197.	Total number of City lots assessed, 2,214.7.	Number of meetings of Commissioners, 178.	Number of proceedings discontinued during 1886, 4.
Total amount of awards, \$151,320.	Number of appeals argued, 1.	Number of hearings before Commissioners, 149.	Number of proceedings pending December 31, 1886, 54.
	Number of motions argued, 25.	Number of proceedings commenced during 1886, 21.	

The passage of chapter 530 of the Laws of 1885 on June 13, 1885, requiring that all unimproved land included within the lines of streets, avenues, roads, public squares or places shown and laid out upon any map or maps filed by the Commissioners of the Department of Public Parks pursuant to the provisions of chapter 604 of the Laws of 1874, and the laws amendatory thereof, or of chapter 410 of the Laws of 1882, should be exempted from assessment, has caused delay in completing the estimated reports in East One Hundred and Sixty-second street, Gerard avenue and several other proceedings, as the preliminary assessments and maps included several streets so laid out, and new calculations had to be made in the estimated reports.

Very many of these proceedings could be greatly expedited if the various maps required by the Commissioners of Estimate and Assessment were more promptly furnished when requested by the Commissioners.

The foregoing report of street opening proceedings does not include services performed by me as Secretary to the Board of Street Opening and Improvement. The duties of the Secretary of this Board have been very greatly increased by the passage of the act, chapter 185 of the Laws of 1885, enlarging the powers of the Board of Street Opening and Improvement. The services performed by me as Secretary to the said Board during the year ending December 31, 1886, were equal in amount to those performed by the Secretary to that Board from its organization in 1874 to January 1, 1886.

Dated New York, December 31, 1886.

CARROLL BERRY, Clerk of Street Openings.
