MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2516.

City of New York—Office of the Mayor, }
December 18, 1905.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution passed by your honorable body December 5, 1905, entitled:

"Resolution, permitting the Henry Clausen Brewing Company to erect platform scales."

It appears from the diagrams attached to the resolution that permission is sought to erect two platform scales in front of the property of the applicant, one of which to be situated in the sidewalk and the other in the roadway of East Forty-seventh street.

I know of no law which empowers the Board of Aldermen to grant a privilege of this character in the public streets. Indeed, under section 50 of the Charter, the issuance of such a permit appears to be absolutely forbidden.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to the Henry Clausen

Brewing Company to place and keep two platform scales as shown upon the accompanying diagrams in front of its premises, No. 309 East Forty-seventh street, in the Borough of Manhattan, provided said scales shall be laid flush with the sidewalk and shall in no way be an impediment to pedestrians, the work to be done at its own expense, under the direction of the President of the Borough of Manhattan; such permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

No. 2485.

City of New York—Office of the Mayor, }
December 18, 1905.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution passed by your Honorable Body December 5, 1905, entitled:

"Resolution, permitting estate of Henry Offermann to construct tunnel or vault, Duffield street, Borough of Brooklyn."

In a former message to your Honorable Board dated October 13, 1905, in which I disapproved of a similar resolution, I called attention to the fact that by passage of chapter 629 of the Laws of 1905 the franchise granting power was transferred from the Board of Aldermen, in which it was formerly vested, to the Board of Estimate and Apportionment.

The constitutionality of that act is now being tested in the courts, and until they have decided that such law is unconstitutional, the Board of Aldermen, in my opinion, cannot legally grant a franchise or permit of this character in the public streets.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Committee on Bridges and Tunnels, to whom was referred on November 28, 1905 (Minutes, page 839), the annexed resolution in favor of permitting Henry Offermann to construct a tunnel or vault underneath Duffield street, between Fulton and Willoughby streets, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That permission be and the same is hereby given to the estate of Henry Offermann to construct and maintain a tunnel or vault, as more particularly shown on the accompanying diagrams, underneath that part of Duffield street, between Fulton and Willoughby streets, in the Borough of Brooklyn, which is between the properties owned by the said estate of Henry Offermann, to wit: No. 237 Duffield street, on the easterly side, and No. 242 Duffield street, the same being opposite; provided that the said estate of Henry Offermann shall stipulate with the President of the Borough of Brooklyn to save The City of New York free and harmless from any loss or damage that may be occasioned during the progress or subsequent to the completion of the work of constructing said tunnel or vault. The work of constructing said tunnel or vault to be done in a manner approved by and under the direction and to the satisfaction of the President of the Borough of Brooklyn, and the permission hereby granted to continue only during the pleasure of the Board of Aldermen.

And provided further, that the said estate of Henry Offermann shall pay to The City of New York, as compensation for the privilege hereby granted, such amount as may be deemed an equivalent therefor by the Board of Estimate and Apportionment, the payment or payments on said amount to be by the said Board of Estimate and Apportionment determined. And in case of any default being made at any time in making any payment fixed by the Board of Estimate and Apportionment the license herein provided for shall cease and determine, without any action on the part of the Board of Aldermen, at the expiration of ninety days after such default.

TIMOTHY P. SULLIVAN, FREDERICK RICHTER, FRANK L. DOWLING, PATRICK HIGGINS, JOSEPH SCHLOSS, JOHN DIEMER, JOHN J. BRIDGES, Committee on Bridges and Tunnels.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting resolutions:

No. 2552.

Department of Finance—City of New York, }
December 19, 1905.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment December 18, 1905, approving of the establishment of an additional grade of the position of Assistant Document Clerk in the office of the Board of Aldermen, and recommending that the salary of said additional grade be fixed at the rate of \$2,400 per annum; together with copy of report of the Auditor of Accounts, Investigations Division, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

December 4, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Examination has been made by the Investigations Division into the matter of a communication received by the Board of Estimate and Apportionment from Hon. Timothy P. Sullivan, Vice-Chairman and Acting President of the Board of Aldermen, recommending that the salary of Frank J. Martin, Assistant Document Clerk of the Board of Aldermen be fixed at \$2,500 per annum, the present compensation being \$2,000. As a result of such examination I beg to submit the following report:

A representative of the Finance Department conferred with City Clerk P. J. Scully as to the duties of the Assistant Document Clerk, as well as to the manner in which they have been performed by Frank J. Martin, whose salary is recommended to be increased.

City Clerk Scully stated that Mr. Martin was originally appointed in January, 1895, at a salary of \$1,200 per annum, which was increased to \$2,000 in 1902. Mr. Martin, it was learned, prepares many of the resolutions, ordinances and documents for presentation to the Board of Aldermen, and also acts as a reading clerk. He is required to keep a record book containing the adopted resolutions and ordinances, and also prepares matters relating to the actions of the Board of Aldermen which are published in the CITY RECORD. Mr. Scully informed the Finance Department representative that Mr. Martin was a very efficient and reliable Clerk, and stated that, in his judgment, the work performed by him was of such a character as to warrant the recommendation for an increased salary.

Further inquiry disclosed the fact that there is also a position officially designated as Document Clerk, salary for this position being \$2,500. The position of Document Clerk is held by W. L. D. O'Grady, who was transferred from the old City of Brooklyn.

In view of the fact that the position of Document Clerk is graded at \$2,500, it would seem that, if an additional grade for Assistant Document Clerk be fixed, it should be at some grade below that of the Document Clerk. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution

approving the establishment of an additional grade for the position of Assistant Document Clerk in the office of the Board of Aldermen and the City Clerk, said additional grade to be fixed at the rate of \$2,400 per annum.

Yours respectfully,
(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Assistant Document Clerk in the office of the Board of Aldermen, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-four hundred dollars (\$2,400) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Assistant Document Clerk in the office of the Board of Aldermen at the rate of twenty-four hundred dollars (\$2,400) per annum.

Alderman Marks moved the adoption of the resolution.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Brenner, Bridges, Callahan, Chambers, Collins, Donohue, Doull, Dowling, Gillen, Grimm, Haenlein, Haggerty, Harburger, Hann, Higgins, James, Kenney, Lochner, McCall, McCarthy, Malone, Marks, Morris, Arthur H. Murphy, Owens, Poole, Redmond, Richter, Schappert, Schloss, Shea, Twomey, Wafer, Wentz, President Haffen and the President—40.

Department of Finance—City of New York,
December 19, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment December 18, 1905, approving of the establishment of additional grades of the positions of Chief Examiner of Accounts of Institutions and Examiner of Accounts of Institutions, Charitable Institutions Division, Department of Finance, and recommending that the salaries of said additional grades be fixed at the rates of \$5,000; and \$1,200, \$1,350, \$1,500, \$1,650 and \$3,000 per annum, respectively; together with copy of communication from the Chief Examiner of Accounts of Institutions relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

December 13, 1905.

What the Division Does.

Hon. EDWARD M. GROUT, Comptroller:

Sir—The business of this Division may be summarized as follows:

Passing Bills.

It regularly passes the monthly bills of 136 private charitable institutions for the care and maintenance of City wards in asylums, homes and hospitals.

Each of these bills has from 160 to 2,800 charges or items, each one requiring comparison with the office books, the preceding bill, and a mathematical calculation of each item at a per capita charge of possibly any one of eleven differing rates and all demanding absolute accuracy.

On the calculations of this Division, which are final, the bills are paid. It is rare that a bill is paid as rendered; slight mistakes in the accounting are the rule, not the exception.

The bills carry about 24,000 separate charges per month and require as many separate computations, beside the additions and totalizing.

Amount Supervised.

The public money expended and supervised through this Division amounts annually to about three and one-half millions of dollars, and will soon be four millions.

The Division makes many examinations of the books, accounts and records of institutions, our purpose being to keep two men so employed constantly. Thousands of dollars are saved and returned to the treasury annually by this work, which should be trebled.

Each year we have saved and returned to the treasury from twice to five times the cost of maintaining the Division.

Special reports on all subjects relating to public and private charities and hospitals are frequently called for and presented. Our findings have been very generally sustained. We have made appearances at hearings of the State Board of Charities, producing our figures and reports of both public and private institutions. In one instance such a hearing continued through five sessions, one a week; the intervening time constantly employed in preparing for the work and about five hundred pages of material were presented.

A great work of this Division is the preparation of the Budget in each year for that succeeding. It involves immense labor and great anxiety.

Much time is given to meeting representatives of institutions and discussing methods of work and improvement in institutional affairs. In conjunction with this a large correspondence is continuously carried on.

We are always at the service of the institutions for the expediting of bills to meet special needs, for conference and advice on relations with the Courts, the Charity Department and the various societies for the care of City wards.

This attention is continuous and the telephone is used freely at the office and at home, giving a service both day and night.

Very many associations and conferences of charities, local, State and national, are always demanding attention, as does the care of the institutional exhibit and the arrangement of public functions exhibiting the progress of the children in the institutions.

How the Bureau Is Compensated.

In the year 1900, to meet changes in the laws, Comptroller Coler, purely as an experiment, opened a Bureau of Examiners to have oversight of City payments to charitable institutions. The scheme was tentative.

Salaries at that time were said to be temporary.

It took two years for the Bureau to find itself. Beginning with 1902 the work was systematized and has quadrupled in quantity and extent. But one man has been added to the working force, and the salaries remain practically the same. The responsibilities are heavy; the complexities of the work serious. The office force, loyal and responsive, has been during all this time very much underpaid.

Contrast.

The Public Charity Department has the oversight and expenditure of \$1,977,490. To maintain its general office there is a salary list of \$79,376, and it takes twenty-eight pages of the CITY RECORD to record the names and salaries of the employees of the Department outside the general office.

This Division has eight men beside the Chief Examiner. Their salaries are as follows:

Edward G. Kidder.....	\$1,350 00
John Hartjen.....	1,350 00
James L. Murray.....	1,500 00
Reynale S. Pickering.....	1,350 00
M. F. Mulry.....	1,050 00
H. H. Tobias.....	1,500 00
J. B. Newman.....	1,050 00
J. J. Leavy, First Assistant.....	1,800 00
D. C. Potter, Chief Examiner.....	3,000 00

Making a total cost of..... \$13,950 00

This handful of hard-worked and underpaid men are responsible for more than twice as much money as is expended by the Public Charity Department, and yet they receive less than one-sixth of what it costs to manage the business office of the Public Charities.

There are Bookkeepers in the Charity Department receiving larger salaries than the Chief Examiner.

Mr. Leavy, of this office, is not only an able and expert accountant, but he has more responsibility than all the Bookkeepers put together in the Charity Department. Theirs is a responsibility to keep their books accurately. Ours is the same kind of responsibility with this in addition—we practically pay out the City money and our calculations, conclusions and payments are final.

Mr. Leavy should have the same salary as that paid to the Chief Bookkeepers in other divisions of the City government.

It is respectfully recommended that the salary of—

James J. Leavy be made.....	\$3,000 00
Edward G. Kidder be made.....	1,650 00
James L. Murray be made.....	1,650 00
Reynale S. Pickering be made.....	1,500 00
John Hartjen be made.....	1,500 00
M. F. Mulry be made.....	1,350 00
Joseph Newman be made.....	1,200 00
D. C. Potter be made.....	5,000 00
Sophie Tishman be made.....	900 00

The total increase recommended aggregates \$4,600.

Respectfully submitted,

D. C. POTTER,

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the following positions in the Charitable Institutions Division, Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

	Per Annum.
Chief Examiner of Accounts of Institutions.....	\$5,000 00
Examiner of Accounts of Institutions at \$1,200, \$1,350, \$1,500, \$1,650 and....	3,000 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the additional grades of the above-named positions as set forth therein.

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1905, approving of the establishment of an additional grade of the position of Stenographer to the Board of Aldermen and recommending that the salary of said additional grade be fixed at the rate of \$2,500 per annum, together with copy of communication from the President of the Board of Aldermen relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

November 21, 1905.

To the Board of Estimate and Apportionment:

Gentlemen—Your Committee begs to report upon the resolution adopted by the Board of Aldermen on May 4, 1904, requesting that the salary of the Stenographer of the Board of Aldermen be fixed at the rate of \$2,550 per annum; that he has made inquiry into the merits of this request and believes it should be granted. The nine years of service of Albert E. Hull, the Stenographer to the Board, have proved him to be thoroughly capable, accurate and faithful. He has multifarious duties not covered by the title of his position. The City Clerk recommends that this increase should be granted, and in his recommendation I concur. In connection with the above report your Committee submits the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the following-named employee of the Board of Aldermen and City Clerk be fixed as follows:

Albert E. Hull, Stenographer.....	Per Annum. \$2,550 00

Respectfully submitted,

C. V. FORNES,
President of the Board of Aldermen.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Stenographer to the Board of Aldermen, and recommends to said Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Stenographer to the Board of Aldermen at the rate of twenty-five hundred dollars (\$2,500) per annum.

Which was made a Special Order for 2 o'clock p. m.

Subsequently Alderman McCall called up the Special Order and moved its adoption.

The President put the question whether the Board would agree with said resolution.

To the Board of Estimate and Apportionment:

Gentlemen—I hereby make application for an increase in my salary from \$2,550 to \$3,000 per annum.

I was appointed to the Board of Estimate and Apportionment in 1898 and since 1901 have been practically in charge of all of the routine work of its financial branch, being responsible for and having supervision over the preparation of all resolutions of the Board, ordinances and resolutions for adoption by the Board of Aldermen,

the writing of minutes, the management of the office and the executive work of said branch.

The work is constantly increasing in volume and in addition to the duties that I have heretofore performed I now have to assist in some of the work of the Bureau of Franchises.

December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In the matter of the communication of Frank J. Goodwin, Esq., Deputy and Acting Commissioner, to the Board of Estimate and Apportionment, requesting that a grade of Cashier in the Department of Water Supply, Gas and Electricity be established at a salary of \$2,500 per annum, I beg to report as follows:

There are at present Cashiers in each of the five boroughs, the salaries in Manhattan, The Bronx and Brooklyn being at \$2,250; in the office of the Deputy Commissioner in the Borough of Queens the salary of Cashier is \$1,500; in the office of the Deputy in Richmond the salary is \$1,350.

In his communication the Deputy and Acting Commissioner calls attention to the fact that the salary for this position, prior to May 1, 1902, was \$2,500, but was reduced on that date to \$2,250.

He also calls attention to the fact that there is a position of Cashier at \$2,500 in the Finance Department and in the Register's office; that the Cashier in the Bureau of Accounts, Department of Docks and Ferries, receives \$3,000, and the Cashier in the Clerk's office of New York County receives \$2,600.

From the investigation I have made it would appear that the position of Cashier in the Department of Water Supply, Gas and Electricity is of a like character to the position of Cashier in the office of the Register, the Department of Docks and the office of the County Clerk, because it is one of responsibility and considerably more than that of mere Clerk, as in the case of some of the Cashiers' positions in the City service generally, to which no reference is made herein.

The Cashier in the Water Supply Department, taking the Manhattan office for example, collects about \$5,000,000 per year. He receives all moneys and receipts all bills, being required to make daily, weekly and monthly statements to the Water Register. He also has under his direction the preparation of the bank deposits and the transmitting of the funds of the office to the Chamberlain. The position is one of importance, the duties of which are rapidly increasing in each of the boroughs with the growth of the City and the consequent increasing collections of water revenues.

In view of the facts stated I would respectfully recommend that the request of the Deputy and Acting Commissioner for the establishment of the grade of Cashier, Department of Water Supply, Gas and Electricity, at \$2,500 per annum be approved.

Yours respectfully,
(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

December 7, 1905.

JAMES W. STEVENSON, Esq., Deputy Comptroller, and Secretary, Board of Estimate and Apportionment:

Dear Sir—I beg to request that the Board of Estimate and Apportionment recommend to the Board of Aldermen that the position of Cashier in this Department be established at a salary of \$2,500 per annum. \$2,250 per annum is now the highest amount established for that position. Prior to May 1, 1902, the salary was \$2,500 per annum, but was reduced on that date.

In view of the largely increasing amounts collected yearly from water revenue in this Department, the salary of \$2,500 is moderate for the position of Cashier. In this connection I would call the attention of the Board to the fact that in the Department of Finance that position is fixed at \$2,500, and also in the Register's office; in the Department of Docks at \$3,000; in the County Clerk's office at \$2,600, and in the office of the Borough President at \$2,400.

Respectfully,
(Signed) FRANK J. GOODWIN,
Deputy and Acting Commissioner.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Cashier in the Department of Water Supply, Gas and Electricity, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Cashier in the Department of Water Supply, Gas and Electricity at the rate of twenty-five hundred dollars (\$2,500) per annum.

Which was made a special order for 2 o'clock p. m.

Subsequently Alderman Doull called up the special order and moved its adoption.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Brenner, Bridges, Callahan, Chambers, Collins, Donohue, Doull, Dowling, Downing, Doyle, Flynn, Gaffney, Gillies, Gillen, Goldwater, Grimm, Gunther, Haenlein, Harburger, Higgins, James, Jones, Kline, Koch, Lochner, McCall, McCarthy, Morris, Arthur H. December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In the matter of the request of Hon. John H. J. Ronner, Register of New York County, to the Board of Estimate and Apportionment, under date of December 11, 1905, requesting the establishment of certain new grades in the office of the Register of New York County, I beg to report on a part of this request, namely, for the establishment of a grade of Chattel Mortgage Clerk, at \$3,000, as follows:

The salary now paid to the Chattel Mortgage Clerk is \$2,512. The present incumbent is Patrick F. Glennen and the request for the new grade is based on the desire of the Register to increase the salary of Mr. Glennen.

Mr. Glennen's employment in the Register's office began in 1892, under his present title, and at the salary of \$2,000. At that time he had the direction of three assistants. There were 40,000 chattel mortgages annually recorded, as against 80,000 at the present time. The consequent increase of the labor of Mr. Glennen's position has been practically quadrupled, as compared with what it was in 1892, because for each chattel mortgage filed the labor of indexing is double what it was thirteen years ago. His assistants number four Clerks, an increase of only one above his clerical assistants at the start.

Mr. Ronner states in his letter relative to this matter:

"For example, the number of chattel mortgages filed this year was 10,000 larger than last year; and new laws have necessitated the additional indexing of certain papers in a street index, and of certain conditional sales according to the block system; thus making the work two-fold greater, and adding very much to the responsibility of the position of Chattel Mortgage Clerk."

An increase in Mr. Glennen's salary from \$2,300 to his present salary, \$2,512, was made in 1901. If increasing labors and long service, combined with continued efficiency are justifications for salary increase, it would appear that the Register's request for the creation of a grade of Chattel Mortgage Clerk in his office at \$3,000 should be granted, and I respectfully recommend the same.

Yours respectfully,
(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Chattel Mortgage Clerk in the office of the Register of New York County, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of three thousand dollars (\$3,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Chattel Mortgage Clerk in the office of the Register of New York County at the rate of three thousand dollars (\$3,000) per annum.

Alderman Dowling moved the adoption of the resolution.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1905, approving of the establishment of an additional grade of the position of Measurer in the Department of Water Supply, and recommending to the Board of Aldermen the fixing of the salary of said additional grades at the rates of \$1,350 and \$1,500 per annum, together with copy of a report of the Auditor of Accounts, Investigations Division, Department of Finance, relative thereto.

December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In the matter of the request of the Commissioner of Water Supply, Gas and Electricity for the creation of two new grades of Measurers in his Department at \$1,350 and \$1,500 per annum, I beg to report as follows:

There are now employed in the Department of Water Supply, Gas and Electricity three Measurers at \$1,200 each and seven Measurers at \$1,000 each. Two of the Measurers now receiving the salary of \$1,200 each entered the service of the Department in 1890 and the third one receiving said salary entered the Department in 1891. The Measurers employed at \$1,000 have served for shorter terms.

The Commissioner states that "the proposed new grades are recommended as a reward for two Measurers who have been employed in that capacity for over fifteen years, and who have supervision of the work performed by the other Measurers in the boroughs of Manhattan and The Bronx."

I am informed by a representative of the Municipal Civil Service Commission that, in the event of the creation of these grades, promotions can be made in the usual way.

The duty of a Measurer in the Department of Water Supply, Gas and Electricity corresponds, so far as the levy of water tax is concerned, to the duty of a Deputy Tax Commissioner in the levy of a tax upon real estate.

The Measurer in the Department of Water Supply, Gas and Electricity measures the front feet and height of buildings and makes inspections of the water accommodations of the same from cellar to garret, for the purpose of imposing the water tax. If engines or boilers are used special calculations are required to determine their water consumption. The Measurer is required to correct the water maps, designating each house assessed by its proper map, plot and lot number. He is further required to look after all new buildings and alterations, to keep informed as to all new mains laid and all tap permits granted, and to keep in touch generally with all sources of information bearing upon the increasing use of water throughout his district.

Thomas Gilmartin, the Chief Measurer for The Bronx, now employed at a salary of \$1,200, and one of those whose salary the Commissioner of Water Supply, Gas and Electricity desires to increase, states that he has during the past two years made at least 10,000 inspections and that his work is constantly increasing. In a letter to the Commissioner, requesting an increase of salary, Mr. Gilmartin says:

"As you are aware, my district in area is a large one, extending from Bronx river to Long Island Sound, and from Unionport to Mount Vernon. This is the locality in The Bronx District where building and alterations of a sweeping character are constantly going on. Accurate measurements and examinations for all Croton water accommodations is as necessary for the orderly procedure of the Department as it is for the satisfaction of builders, tenants, owners and taxpayers. To cover this ground and to accurately and satisfactorily perform these duties require time and much labor, and I respectfully submit this fact for your consideration as a basis for an advance in my salary. Besides this, permit me to add that my immediate superior, from a desire to have the special work in his Bureau performed in a satisfactory manner, has designated

me as Chief Measurer to make all special measurements and reports which are required to be made in any part of The Bronx District, and it is after consultation with him I make this application."

I am informed that the conditions in The Bronx are similar in character to those in Manhattan, so far as the extent and the increasing labors of the Measurers are concerned.

I would therefore respectfully recommend that the request of the Commissioner of Water Supply, Gas and Electricity be granted by the creation of said grades of Measurers at \$1,350 and \$1,500 per annum.

Yours respectfully,
(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Measurer in the Department of Water Supply, Gas and Electricity, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of said additional grades of the position of Measurer in the Department of Water Supply, Gas and Electricity at the rates of thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum.

Which was made a Special Order for 2 o'clock p. m.

Subsequently Alderman Owens called up the resolution and moved its adoption.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Brenner, Callahan, Chambers, Collins, Donohue, Doull, Dowling, Doyle, Gaffney, Gillies, Gillen, Goldwater, Grimm, Haenlein, Haggerty, Harburger, Hann, Higgins, James, Jones, Kenney, Koch, Lochner, McCall, McCarthy, Malone, Marks, Morris, Arthur H. Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1905, recommending to the Board of Aldermen the fixing of the salary of the position of Medical Examiner in the Department of Finance at the rate of \$2,500 per annum, together with copy of a communication from the Comptroller relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

December 15, 1905.

To the Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that a salary for the position of Medical Examiner in the Department of Finance be fixed at \$2,500 per annum.

Our records show that approximately six hundred claims for personal injuries are filed in this Department annually, which are transmitted to the Corporation Counsel for his consideration. In connection with these claims offers of judgment are frequently made and transmitted to me for my approval, in which case I employ a physician to make a personal examination of the person or persons to determine the extent of the injuries received. It often happens that at the time of such examination that claimant has wholly recovered from the injury, in which event the examining physician can simply try to determine whether or not the injuries were received. In employing permanently a Medical Examiner to make immediate examination upon the filing of personal injury claims the actual facts regarding these claims are more likely to be obtained, and the result, in my judgment, will be a large saving to the City.

A resolution creating this position has been approved by both the Municipal and State Civil Service Commissions.

Respectfully,
(Signed) EDWARD M. GROUT, Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Medical Examiner in the Department of Finance at the rate of twenty-five hundred dollars (\$2,500) per annum.

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment December 18, 1905, approving of the establishment of the position of Director of Children's School Farms and Playgrounds, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and recommending that the salary of said position be fixed at the rate of \$2,500 per annum, together with copy of report of the Auditor of Accounts, Investigations Division, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

December 15, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In the matter of the requests of Mr. Samuel Parsons, Jr., Commissioner of Parks, Boroughs of Manhattan and Richmond, addressed to the Board of Estimate and Apportionment, relating to the proposed establishment of a position of Supervisor or Director of the Children's School Farm and Playgrounds of the Department, I beg to report as follows:

Under date of November 28, 1905, the Commissioner of Parks addressed the Board of Estimate and Apportionment as follows:

"I beg to request that your Honorable Board will create and establish the position or grade of Director of Children's Farm Gardens for this Department, in the boroughs of Manhattan and Richmond.

"It is necessary that a person familiar with and competent to conduct and manage work of this character should be placed in charge of the Farm Garden work, as established in DeWitt Clinton Park and its possible extension to other parks, as now held in contemplation."

Writing further on the subject the Commissioner, under date of December 12, 1905, sent the following communication to the Board of Estimate and Apportionment:

"Referring to my communication of the 28th ult., requesting the establishment of the position or grade of Director of Children's School Farms for this Department, in the boroughs of Manhattan and Richmond, I beg to add the recommendation that the compensation of such position, when established, be fixed at the rate of \$2,500 per annum."

Owing to the limited time allowed the Investigations Division for this examination, the Finance Department representatives have been able to confer only with Mrs. Fannie

Griscon Parsons, who for four years past has conducted as an experiment the Children's City Farm at Fifty-third street and Eleventh avenue, and Mr. Samuel Parsons, Jr., Commissioner of Parks. No opportunity was afforded your examiners to make any extensive examination as to the character of the work thus far undertaken and accomplished.

It was learned from Mrs. Parsons that the Garden or the "Children's School Farm," as it is called, was first established in 1902, Mrs. Parsons having received from the Commissioner of Parks a special permit permitting her to utilize a portion of the land at Fifty-third street and Eleventh avenue, which was then being transformed and developed for park purposes, and later to be known as DeWitt Clinton Park.

During 1902 and 1903 the cost of maintaining the gardens, which included salaries of a few teachers and the purchase of tools, implements and materials, was met solely by private contributions. It was not until September of 1904 that the first moneys were appropriated by the City in connection with the work done at the gardens. The sum of \$3,000 was then made available for the payment of salaries, etc. In 1905 the sum of \$5,000 was provided, this amount being taken from the income for the sale of Revenue Bonds under the terms of a resolution adopted by the Board of Aldermen, and approved by the Mayor May 19, 1905. In 1904 and 1905 contracts were entered into between Mrs. Parsons and the Park Department.

By the terms of these contracts Mrs. Parsons was required to furnish all the necessary teachers, as well as the implements and supplies used in maintaining the Children's Farm. The moneys were paid to Mrs. Parsons in installments of \$1,000, upon the presentation by her of vouchers and receipted bills. In 1904, it appears that there was an unexpended balance amounting to \$282.57, which Mrs. Parsons has since paid to the City Chamberlain by her own check and for which amount she now holds a receipt from the Assistant Secretary of the Park Department.

The area now occupied by the gardens in the DeWitt Clinton Park, under the direction of Mrs. Parsons, is equal to about three-quarters of an acre. There were 458 separate garden plots, dimensions 4 feet by 8 feet, within this area.

The attendance during the past two years has greatly increased and the work has become much more popular. This has rendered it necessary to extend the area somewhat, and in consequence resulted in the employment of more teachers and other help, thus increasing the salary account, until, as in this season (1905), the salary schedule submitted by Mrs. Parsons to your representative shows that \$3,652.52 was expended in salaries. There were seventeen persons in all employed during the summer, five of whom, however, were engaged for very short periods.

With the completion of the DeWitt Clinton Park it was possible also this year to begin the first planting or sowing of seed in May. This has extended the season over a much longer period than that in 1902, 1903 or 1904. Another fact which has also tended to increase the expenditures for salaries during this year is that the officials of the Department of Parks requested that the School Farm be kept in operation until the formal opening of the DeWitt Clinton Park, which occurred on November 4 last. The compensation paid to persons employed on the farm ranged from \$3 a week, which amount was paid to an Office Girl, to \$5 a day, the latter being the compensation of a son of Mrs. Parsons, who acted as a Supervisor and Instructor to the teaching force.

The season is divided into two parts, the first beginning in May and the second in August. A record of attendance kept by the Teachers was submitted by Mrs. Parsons, and it shows that during the first half the attendance of boys averaged 240 daily, and that of girls 226. During the second half, or the latter part of the season of 1905, the attendance of boys averaged 348, and that of girls 286. There being a rule against any of the pupils attending the first half from being admitted to classes in the second half, the whole number of pupils for the year appears to be 1,100.

The records submitted by Mrs. Parsons would appear to show that not only is the work of instructing City children in nature study appreciated by the children in the immediate neighborhood of the experimental farm or garden at the DeWitt Clinton Park, but the work has also attracted the attention and approval of educational authorities throughout the City and country. Although at first there appeared to be some doubts and misgivings as to the practical value of her work, it now seems that the local school authorities have recognized its value as an adjunct to the instructional courses in the theory of agriculture and horticulture.

Several times during the past season, as well as during 1904, the farm has been visited by classes of the New York and Brooklyn Training Schools for Teachers, the Teachers' College, as well as all the pupils and teachers from various public schools and public school kindergartens in the neighborhood. Demonstrations are given by the teachers accompanying the pupils in nature study, and many specimens have also been furnished to the classes for use in connection with the regular courses of study.

Since the establishment of the Children's School Farm in DeWitt Clinton Park four years ago, it has been learned that similar gardens have been opened in Philadelphia, Yonkers, East Orange, Newark, N. J., Hartford, and other places. In Philadelphia there have already been established two such gardens under the direction of the Department of Education with a salaried superintendent in charge, the superintendent of the Philadelphia gardens being a former assistant of Mrs. Parsons in DeWitt Clinton Park.

After having obtained the facts hereinbefore mentioned from Mrs. Parsons, your Examiner conferred with Samuel Parsons, Jr., Commissioner of Parks for the Boroughs of Manhattan and Richmond, and the Commissioner gives it as his judgment that the work done by Mrs. Parsons is one that should be commended and encouraged. He recommended Mrs. Parsons highly as a woman of great energy and devotion to the work which she had in hand. The Commissioner also asks that his application to the Board of Estimate and Apportionment, made in communications of November 28 and December 12, before referred to, be amended so that the new position to be created take in the superintendence and direction of the work of Attendants and others employed in the several playgrounds under the jurisdiction of the Department of Parks of Manhattan and Richmond. He said he had found in his experience that some competent and immediate supervision was required over the public playgrounds, and he had concluded that Mrs. Parsons, by reason of her experience in the school farm, would be perhaps most competent to supervise the playgrounds.

The Commissioner therefore requests, in taking action on this application, that the Board of Estimate and Apportionment shall establish the position of Director of Children's School Farms and Playgrounds for the Department of Parks, Manhattan and Richmond.

The question of providing funds to pay the salary for the proposed new position, \$2,500, was suggested to Commissioner Parsons, who said that he would ask that this be made the matter of a special appropriation to be provided by the issue of Revenue Bonds, as he had not sufficient funds in any of the appropriation accounts of the Department from which the said amount might be taken.

The appropriation of \$5,000 made for 1906 for the Children's School Farm would also appear to be sufficient only to meet the expenditures for salaries of teachers and the purchase of supplies, implements, etc., judging from experience of this year.

This provision of \$5,000 for 1906 is the first allowance by the City to be made in the way of a regular budget appropriation, and its disbursement will be by the Finance Department on vouchers approved by the Department of Parks. This will apparently result in the enforcement of Civil Service regulations, so far as the employment of Assistants is concerned, and may increase the cost of the same.

I would respectfully recommend the approval by the Board of Estimate and Apportionment of the request of the Park Commissioner for the establishment of the position of Director of Children's School Farms and Playgrounds, Department of Parks, Boroughs of Manhattan and Richmond, in the exempt class at a salary not to exceed \$2,500 per annum. This recommendation is made after a further conference with the Commissioner of Parks, the conclusion having been reached that the duties of the position described in the designation originally asked for are not such as would require the attention of the person holding it throughout the year, while the work of supervising the several playgrounds under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, as well as the Children's School Farms, would call for the payment of a salary such as is proposed to be paid.

Respectfully yours,
(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Director of Children's School Farms and Playgrounds under the jurisdiction of the Department of Parks, Boroughs of Manhattan

Sir—In the matter of a request of Hon. Thomas L. Hamilton, County Clerk, New York County, "that the salary of Chief Recording Clerk in this office be fixed at \$2,000 and \$2,100 per annum," referred to the Investigations Division for examination, I beg to report as follows:

The object of the request is to increase the present salary of \$1,700 per annum of Mr. Edward J. Horn, Chief Recording Clerk, who entered the City's service as an employee in the County Clerk's office in June, 1889. Mr. Horn is in charge of one-third of the force employed; has supervision of the Recording Clerks and Typewriters, and of all subpoenas issued for the production of records in the various courts. He also has charge of all supplies used in the office. In addition to his work as Chief Recording Clerk he compiled at home, for office use, a card index to corporations, consisting of 140,000 cards.

The experience gained by Mr. Horn through his long connection with the office, the remarkable regularity of his attendance (having been absent but three days in a period of sixteen years), and the ability with which he performs his work, have made him a most valuable employee.

Under date of October 11, 1905, Mr. John C. Birdseye, Secretary of New York State Civil Service Commission, wrote:

"Promotion from \$1,700 to \$2,000 per annum may be made, subject to the approval of this Commission, if there are not more than three persons holding similar positions at salaries in excess of \$1,500 per annum, but not in excess of \$1,800 per annum, under the provisions of Civil Service Rule XIV., subdivision 5. In other cases an examination is required."

Mr. Horn appears to come under the provisions stated in Mr. Birdseye's letter. I would respectfully recommend, therefore, that the salary of the Chief Recording Clerk in the office of the County Clerk of the County of New York be fixed at \$2,000 per annum. I would recommend that the additional grade at \$2,100 be not approved.

Yours respectfully,

(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of said additional grade of the position of Chief Recording Clerk in the office of the County Clerk of New York County at the rate of two thousand dollars (\$2,000) per annum.

Hon. EDWARD M. GROUT, Comptroller, City of New York, No. 280 Broadway:

Dear Sir—Application is hereby respectfully made to amend the resolution of May 12, 1904, fixing the salaries of positions in the office of the Commissioner of Licenses so as to fix the salary of the Telephone Operator at \$750 in place of \$600, as originally recommended.

Resolution is inclosed herewith

Respectfully,

FREDERICK L. C. KEATING, Commissioner of Licenses.

November 15, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In the matter of the request of Hon. F. L. C. Keating, Commissioner of Licenses, that the salary of the Telephone Operator in his Department be fixed at \$750 per annum, and referred to the Investigations Division for examination, I beg to report as follows:

The Telephone Operator at present receives a yearly salary of \$600. An examination as to the salary paid to Telephone Operators in various Departments of the City government, viz.: Law, Street Cleaning, Health, Bridges, Education, Water, Gas and Electricity, Tenement House, Parks, Civil Service Commission, Aqueduct Commission, Board of Aldermen and offices of the Presidents of the Boroughs of Manhattan, The Bronx and Brooklyn, shows that in the great majority of cases the salary paid varies from \$750 to \$1,100 per annum. The Commissioner of Licenses states that the Telephone Operator, for whom the increase of salary is asked, is a competent and faithful employee, and he believes that the salary paid should be increased to the amount paid for similar work in other City Departments.

I therefore respectfully recommend favorable action by the Board of Estimate and Apportionment upon the request made.

Yours respectfully,

(Signed) C. S. HERVEY,

Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Telephone Operator in the office of the Commissioner of Licenses at the rate of seven hundred and fifty dollars (\$750) per annum.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1905, recommending the fixing of the salaries of the positions of Pilot at \$1,200, \$1,650 per annum, Clerk at \$720, \$960 per annum, and Portable Engineman at 56¼ cents per hour, in the Department of Docks and Ferries, together with copy of report of the Auditor of Accounts, Investigations Division, Department of Finance, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—I have caused an examination to be made of the requests contained in a communication received from Hon. Maurice Featherston, Commissioner of Docks and Ferries, dated November 14, 1905:

First—Request "that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment of the following positions for the Department of Docks and Ferries: Pilot, \$100 a month; Pilot, \$137.50 a month; Clerk, \$80 a month; Clerk, \$60 a month."

Second—Recommendation "that a salary of 56¼ cents an hour be fixed for Engineman. This is the rate which has been paid by this Department, but I do not find that it has ever been established."

—and I beg to submit the following report:

A representative of the Finance Department learned at the office of the Dock Department that the opening of the municipal ferry called for new positions outside of the regular force; that the place of pilot on the large ferry boats is one of great responsibility, and it is difficult to secure good men who will assume it; that the salary of \$137.50 a month is asked for a man who is known in the office as Captain and Pilot, and the salary of \$100 a month for a man known as Quartermaster and Pilot, or second grade; and that the first grade man is required to have a license about equal to that of a similar employee on an ocean-going steamer, owing to the great size of the new ferryboats.

The General Manager of United Harbor No. 1, American Association of Masters and Pilots of Steam Vessels, reported to the Comptroller on December 19, 1904, that ninety per cent. of the men of his occupation are organized, and that the monthly rate of wages received by a majority of men in the trade of master and pilot on passenger steamers is \$135.

As to the establishment of the position of Pilot at \$137.50 a month, it would appear that said rate closely approximates the prevailing rate paid to pilots in the higher class and should be adopted as the monthly compensation. As competency and reliability are important qualifications in pilots in charge of the new large municipal ferryboats, their pay should be adequate and at least equal to the maximum received by pilots in the service of private corporations.

It is recommended that the request for the establishment of the position of Pilot at \$100 a month be also granted.

The introduction of the municipal ferry service also called for the creation of the new positions of Ticket Seller and Ticket Chopper, outside of the existing clerical force. The establishment of the positions of Clerk at \$80 a month and at \$60 a month in the Department, in order to provide for ferry ticket handlers, is recommended. The rates fixed are about the same as paid by private corporations.

As to the recommendation that a salary of 56¼ cents an hour be fixed for Enginemen, I beg to call your attention to a report made to you by Experts of the Investigations Division of the Department of Finance on the prevailing rate of wages for enginemen, dated June 27, 1905. Exhaustive examination at that time showed the prevailing rate for stationary enginemen to be \$4 a day, and for portable or hod-hoisting enginemen, \$4.50 a day, or 56¼ cents an hour. It is conceded that Enginemen employed by the Department of Docks and Ferries are in the portable class, being engaged in construction work.

I would therefore recommend the establishment of the following positions in the Department of Docks and Ferries:

Pilot, at, per annum.....	\$1,650 00
Pilot, at, per annum.....	1,200 00
Clerk, at, per annum.....	960 00
Clerk, at, per annum.....	720 00
Portable Engineman, at, an hour.....	56¼

Yours respectfully,

(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the following positions in the Department of Docks and Ferries, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional positions be fixed as follows:

Pilot, per annum, \$1,200 and.....	\$1,650 00
Clerk, per annum, \$720 and.....	960 00
Portable Engineman, per hour.....	56¼

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the said positions as set forth therein.

November 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication under date of October 30, 1905, requests the Board of Estimate and Apportionment to authorize an additional issue of Corporate Stock, to the amount of \$2,000, for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx. I would report:

At a meeting of the Board of Estimate and Apportionment held on March 16, 1905, \$6,000 was authorized for this purpose, and a contract for \$5,565 has been awarded by the President of the Borough of The Bronx to Gallo & Peltelli for this work. When the work was commenced it was found that the old wall on the east side of Fulton avenue was faced with a sort of veneering which, on surface examination appeared to be good ranged ashlar masonry. It is now found that it will be necessary to take down the old wall to a greater depth than was intended and rebuild with new wall in conformity with the requirements of the specifications.

The additional \$2,000 requested is to provide for the increased work, supervision, inspection, etc., of the entire contract.

The work being necessary, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock, to the amount of \$2,000, for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx.

Respectfully,

(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two thousand dollars (\$2,000), for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 18, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two thousand dollars (\$2,000), for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two thousand dollars (\$2,000), the proceeds whereof to be applied to the purposes aforesaid."

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The President laid before the Board the following communication from the Fire Department:

No. 2570—(S. O. No. 196).

Headquarters, Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, December 13, 1905.

Hon. CHARLES V. FORNES, President of the Board of Aldermen, City Hall, New York:

Sir—The paid system of fire protection has been extended into certain portions of the boroughs of Queens and Richmond, and in order that the apparatus companies established in said territory may be expeditiously and adequately provided with the supplies and equipment necessary for their maintenance, the procurement of which by contract at public letting with the necessary attendant formalities would involve more or less delay, I have the honor to request that the Board of Aldermen, pursuant to the

power conferred upon it by the provisions of section 419 of the Greater New York Charter, authorize the expenditure in the open market of a sum not to exceed forty-five thousand dollars (\$45,000) for these purposes, thereby facilitating the efforts of this Department to afford a proper measure of protection to life and property in the territory in question.

I inclose draft of resolution designed to accomplish the object in view, the prompt adoption of which is earnestly requested in view of the exigencies of the situation.

Respectfully,

THOMAS W. CHURCHILL,
Deputy and Acting Commissioner.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Fire Commissioner to purchase in the open market, instead of by contract at public letting, hose, harness, forage, fuel, articles necessary for repairs and equipment of apparatus and general supplies, for the use of his Department, in connection with the extension of the paid system of fire protection into the boroughs of Queens and Richmond, to an amount not exceeding the sum of forty-five thousand dollars (\$45,000).

Alderman Owens moved the adoption of the resolution.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, October 13, 1905.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day on reading and filing communication from Richard E. Enright, Inspector of Repairs and Supplies, dated October 12, 1905,

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of Special Revenue Bonds in the sum of \$40,000, of which amount \$30,000 is to be applied to the appropriation for the year 1905, entitled "Supplies for Police," and the amount of \$10,000 to the appropriation for the year 1905, entitled "Police Station-houses, Alterations, Fitting Up, etc.," and that a copy of the said communication of Richard E. Enright be respectfully forwarded to the Board of Aldermen for consideration in connection with this request.

Ordered, That whenever the Board of Aldermen shall have authorized the issue of Special Revenue Bonds in the sum of \$40,000, of which amount \$30,000 is to be applied to the appropriation for the year 1905, entitled "Supplies for Police," and the amount of \$10,000 to the appropriation for the year 1905, entitled "Police Station-houses, Alterations, Fitting Up, etc.," the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the issue of such Revenue Bonds in said amount.

Very respectfully,

WM. H. KIPP, Chief Clerk.

(Copy.)

Police Department of The City of New York,
Bureau of Repairs and Supplies, No. 300 Mulberry Street,
New York, October 12, 1905.

Hon. WILLIAM McADOO, Police Commissioner:

Sir—I respectfully recommend that the Board of Aldermen and the Board of Estimate and Apportionment be requested to authorize the issuance of Special Revenue Bonds in the sum of \$40,000, of which \$30,000 be applied to the appropriation of this year, entitled "Supplies for Police," and \$10,000 to the appropriation for this year, entitled "Police Stations, Alterations, Fitting Up, etc."

In the annual Budget for the year 1905, prepared in September, 1904, an appropriation of \$534,484 was asked for "Supplies for Police," of which only the sum of \$424,000 was granted.

At the same time an appropriation of \$140,000 was asked for "Police Station-houses, Alterations, Fitting Up, etc.," of which only \$44,000 was granted, which amount has since been supplemented by the issuance of Corporate Stock for the sum of \$82,000 for "Permanent Betterment." The latter appropriation is being expended under contracts awarded and in preparation and cannot be diverted, while the original appropriation (\$44,000) is practically exhausted and no funds are available to meet the ordinary emergency repairs of the Department now known and anticipated.

After the Budget of 1905 had been passed upon and the appropriation fixed, contracts were awarded in the closing days of 1904 for the purchase of fifty-five (55) additional horses, and in January, 1905, contract was awarded for the purchase of seventy-five (75) additional horses (of which fifty-five (55) have been placed in the service), no provision or appropriation being made for the equipment and maintenance of these 110 horses, which has cost approximately \$27,100. The Budget appropriation, which did not contemplate these demands, and being reduced \$110,484 below the appropriation asked has proven entirely inadequate to meet even the most urgent demands of the service.

It is estimated that there will be a saving of \$35,681 on the contracts of this year. The strictest economy has prevailed, as will be shown by the following schedule of comparative open order expenditures for the year 1904, as against those of 1905, to date:

	Supplies.		Repairs.	
	1904.	1905.	1904.	1905.
January	\$24,986 32	\$2,046 94	\$2,981 00	\$1,023 00
February	10,101 22	7,110 97	1,323 45	2,877 44
March	8,460 72	9,472 94	2,739 66	1,377 12
April	9,038 82	11,490 22	421 50	2,351 51
May	14,673 75	12,927 60	1,144 95	698 59
June	7,236 06	5,849 08	2,068 99	1,114 82
July	5,465 45	7,053 30	2,436 09	1,267 00
August	7,202 25	4,509 97	7,604 19	1,088 30
September	12,674 33	1,618 85	8,427 44	878 00
October	2,171 72	3,715 68
November	7,623 54	11,714 45
December	25,620 17	9,416 02
	\$135,254 35	\$62,079 87	\$53,993 42	\$12,675 78
Contracts for supplies and repairs in 1905, which were purchased on open orders in 1904—				
Wagon repairs	8,985 05
House equipments	17,165 27
Alterations, repairs, painting, etc.	29,700 00
	\$135,254 35	\$88,230 19	\$53,993 42	\$42,375 78

Note—The expenditures for April and May, 1905, show larger than other months, for the reason that during the first three months requisitions were held pending investigations and were released in April. May account includes \$4,800 for automobile. Requisitions are now pending amounting to \$9,888.78 for "Supplies for Police," and \$1,494.38 for "Police Stations, Alterations, Fitting Up, etc.," and it is estimated that the amounts recommended will suffice to meet the above and additions for the balance of the year.

The savings under contracts mentioned have been considered and otherwise expended, and it is absolutely necessary that funds be procured to maintain this branch of the service for the remainder of the year.

Respectfully,
(Signed) RICHARD E. ENRIGHT,
Inspector, Repairs and Supplies.

Resolved, That, upon the annexed request of the Police Commissioner, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty thousand dollars (\$40,000), the proceeds whereof shall be applied to the benefit of the Police Department in following manner: Thirty thousand dollars (\$30,000) to be applied to the appropriation for the year 1905, entitled "Supplies for Police," and ten thousand dollars (\$10,000) to the appropriation for the year 1905, entitled "Police Station-houses, Alterations, Fitting Up, etc."

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS AGAIN RESUMED.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting resolutions:

No. 2572.

Department of Finance—City of New York,
December 19, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1905, recommending the fixing of the salary of an additional grade of the position of Chief of the Fire Department, at the rate of \$7,000 per annum, together with copy of communication from the Deputy and Acting Commissioner of the Fire Department relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

Headquarters Fire Department—City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, December 14, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

Sir—For a period of upwards of fifteen years last past the salary attached to the position of Chief of Department, the head of the fire fighting force of the City, has been \$6,000 per annum.

During that interval the municipality has grown greatly in population, in area and in the number and character of its buildings erected and used for commercial, manufacturing and dwelling purposes; the Fire Department has largely expanded in the endeavor to keep pace with these progressive conditions, and the duties of the position of Chief of Department, as a natural consequence, have become and are, at the present time, more arduous and exacting than has been the case at any previous period in the history of the City.

In such circumstances I deem it but just and proper that a reasonable advance should be made in the salary of the position under consideration in order that its incumbent (who is on duty both day and night) may be adequately remunerated for the augmented labors and responsibilities which now devolve upon him.

I have therefore the honor to request that, pursuant to the provisions of section 56 of the Greater New York Charter, your Honorable Body recommend to the Board of Aldermen the fixing of the salary of the position of Chief of Department at the rate of \$7,000 per annum, for which provision was asked in the Departmental Estimate of this Department for the year 1906, and allowed by the Board of Estimate and Apportionment.

Respectfully,

(Signed) THOMAS W. CHURCHILL,
Deputy and Acting Commissioner.

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Chief of the Fire Department and recommends to the Board of Aldermen, in accordance with the provisions of

section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of seven thousand dollars (\$7,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Chief of the Fire Department at the rate of seven thousand dollars (\$7,000) per annum.

Alderman Owens moved the adoption of this resolution.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boyhan, Brenner, Callahan, Chambers, Coggey, Dietz, Donohue, Doull, Dowling, Flynn, Goldwater, Grimm, Gunther, Haenlein, Haggerty, Harburger, Hann, Higgins, James, Kenney, Kevin, Kline, McCall, Marks, Morris, Arthur H. Department of Finance—City of New York,
December 19, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen.

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment December 18, 1905, approving of the establishment of an additional grade of the position of Deputy Chief of Department in Charge, Boroughs of Brooklyn and Queens, under the jurisdiction of the Fire Department, and recommending the fixing of the salary of said additional grade at the rate of \$5,000 per annum; together with copy of communication from the Commissioner of the Fire Department relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

December 15, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment, City Hall, Manhattan:

Sir—In the uniformed force of this Department, boroughs of Brooklyn and Queens, there are five Deputy Chiefs of Department, each compensated at the rate of \$4,200 per annum, one of whom is designated as Deputy Chief of Department in charge, whose duties are of far greater magnitude and responsibility than those of his associate Deputy Chiefs, he being at the head of the uniformed force of said boroughs.

The salary paid to the First Deputy Chief of Department in charge, boroughs of Brooklyn and Queens, following consolidation on January 1, 1898, was \$5,000 (that being the amount received by said officer as Chief of the Fire Department of the former City of Brooklyn), and he continued to be remunerated at that rate until his death.

The duties of the Deputy Chief of Department in charge, boroughs Brooklyn and Queens, always onerous and difficult, will be materially increased with the extension of the paid system of fire protection into former volunteer territory in the Borough of Queens, and I am therefore of the opinion that the salary attached to the position should be \$5,000 per annum.

To accomplish this end I consequently request that, pursuant to the provisions of section 56 of the Greater New York Charter, your Honorable Body recommend to the Board of Aldermen the fixing of the salary of Deputy Chief of Department in charge, boroughs of Brooklyn and Queens, at the rate of \$5,000 per annum.

Respectfully,

(Signed) NICHOLAS J. HAYES, Commissioner.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Deputy Chief of Department in charge, boroughs of Brooklyn and Queens, under the jurisdiction of the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of five thousand dollars (\$5,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Deputy Chief of Department in charge, boroughs of Brooklyn and Queens, under the jurisdiction of the Fire Department, at the rate of five thousand dollars (\$5,000) per annum.

Alderman Owens moved the adoption of this resolution.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1905, recommending the fixing of the salary of an additional grade of the position of Assistant Secretary of the Fire Department at the rate of \$3,500 per annum, together with copy of report of the Auditor of Accounts, Investigations Division, Department of Finance, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

November 9, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In regard to the request of Hon. Nicholas J. Hayes, Fire Commissioner, that the salary of the Assistant Secretary of his Department be fixed at \$3,500, referred to this Division for examination, I beg to report as follows:

As stated in the Commissioner's letter, the present salary of the Assistant Secretary, \$3,000, remaining the same as it was fixed in 1898, while the amount of work devolving upon him has since that time, of course, substantially increased. The present incumbent, Mr. John R. Shields, has occupied the position since 1892, and has been in the Fire Department since 1873. As further stated by the Commissioner, the increase asked for will not raise the salary to the amount paid for corresponding services in some of the other Departments.

It is learned that in making up the Budget estimate for this Department for 1906, allowance has been made for the increase asked, and I would recommend that the Commissioner's said request be granted.

Yours respectfully,

(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Assistant Secretary of the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of thirty-five hundred dollars (\$3,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Assistant Secretary of the Fire Department at the rate of thirty-five hundred dollars (\$3,500) per annum.

Which was made a Special Order for 2 o'clock p. m.

The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance:

No. 2575.

Department of Finance—City of New York,
December 19, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution authorizing the issue of Corporate Stock in the sum of \$10,500, for the purpose of permanently bettering and equipping the Criminal Courts Building, Borough of Manhattan, by the completion of the electrical wiring system in said building, together with copy of report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

December 7, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Mr. Bernard Downing, Secretary to the President of the Borough of Manhattan, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock in the sum of \$20,500 for the completion of the electrical wiring system in the Criminal Courts Building, Borough of Manhattan.

I would report that the President of the Borough of Manhattan on December 4, 1905, received and opened the following bids for this work:

Lord Electrical Company.....	\$35,885 00
Reis & O'Donovan.....	25,400 00
Pect, McAnnerney & Powers.....	20,760 00
Commercial Construction Company.....	19,300 00
W. M. Sheehan & Co.....	28,848 00

As stated in the request, it will require about \$20,500 to carry out this work, itemized as follows:

Amount of lowest bid.....	\$19,300 00
Architects' fees, 5 per cent.....	965 00
Incidentals.....	235 00
	<u>\$20,500 00</u>

The work proposed consists of taking out all the old wiring and some of the ducts, putting in new ducts where necessary and complete new wiring throughout the building; lighting fixtures to be rewired and refinished.

I concur with the President, that the electrical wiring system of this building is inadequate and in a dangerous condition, and an adequate, safe and modern system should be installed, but from an examination of the specifications it is my opinion that all of the work cannot rightly be done with money obtained by the issue of Corporate Stock. I estimate the permanent improvements at \$10,500 and the repair work at \$10,000.

The work being necessary, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$10,500 to provide means for the completion of the electrical wiring system in the Criminal Courts Building. The remaining \$10,000 for repairs to be provided for by the issue of Special Revenue Bonds, pursuant to subdivision 8 of section 188 of the amended Greater New York Charter.

Respectfully,

(Signed) CHANDLER WITHINGTON,
Principal Assistant Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of ten thousand five hundred dollars (\$10,500), for the purpose of permanently bettering and equipping the Criminal Courts Building, Borough of Manhattan, by the completion of the electrical wiring system in said building.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 18, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York, to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding ten thousand five hundred dollars (\$10,500), for the purpose of permanently bettering and equipping the Criminal Courts Building, Borough of Manhattan, by the completion of the electrical wiring system in said building, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand five hundred dollars (\$10,500), the proceeds whereof to be applied to the purposes aforesaid."

Alderman Doull moved the adoption of the ordinance.

The President put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boyhan, Brenner, Callahan, Chambers, Coggey, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Flynn, Goldwater, Goodman, Gunther, Haggerty, Hann, Higgins, James, Kenney, Kevin, Kline, McCall, Marks, Meyers, Morris, Arthur H. Murphy, Owen J. DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

SATURDAY, DECEMBER 30, 1905,

FOR FURNISHING AND DELIVERING 10,615 TONS OF WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT BUILDING, SIXTH AVENUE AND

FIFTY-FIFTH STREET: THE WILLARD PARKER AND RECEPTION HOSPITALS, AT THE FOOT OF EAST SIXTEENTH STREET; THE HOSPITAL FOR CONTAGIOUS EYE DISEASES, AT ONE HUNDRED AND EIGHTEENTH STREET AND PLEASANT AVENUE, BOROUGH OF MANHATTAN; THE DEPARTMENT BUILDING, AT THIRD AVENUE AND ST. PAUL'S PLACE; THE INSPECTING STATION, AT THE FOOT OF EAST ONE HUNDRED AND THIRTY-SECOND STREET; AND THE RIVERSIDE HOSPITAL, AT NORTH BROTHER ISLAND, BOROUGH OF THE BRONX; THE DEPARTMENT BUILDING, AT NOS. 38 AND 40 CLINTON STREET, AND THE KINGSTON AVENUE HOSPITAL, AT KINGSTON AVENUE AND FENIMORE STREET, BOROUGH OF BROOKLYN, CITY OF NEW YORK, DURING THE YEAR 1906.

A sample of the coal proposed to be delivered under this contract shall be submitted for examination and test with the bid. This sample, if possessing the necessary qualifications, as to ash and carbon as indicated in the specifications, will be submitted to a calorimeter test to determine its value as expressed in British thermal units. By dividing the number of thermal or heat units in a ton, as determined by the calorimeter test aforesaid, into the price per ton as submitted by the contractors, the cost per heat unit will be obtained. This cost will be made the basis of payment for all deliveries. It is intended that all deliveries should be equal in heat units produced to the sample thus tested, but deliveries producing heat units within a margin of 3 per cent. either way, as will be determined by tests of samples selected from each delivery, will be paid for at the contract price. Any delivery falling below this margin will be paid for on a basis of the total number of heat units produced, as indicated by the selected samples aforesaid, multiplied by the cost per heat unit as determined by the original test. Likewise any delivery producing a greater number of heat units than the margin allowed will be paid for in like manner. It is understood, however, that the right is reserved to reject any delivery where the number of heat units produced falls eight per cent. (8%) or more below the standard fixed by the tests made on the original sample, or where the coal does not conform to the sizes and standards specified.

Delivery will be made at the respective hospitals, at the hours, in such quantities and in such manner as may be required by the Board of Health during the year 1906; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid.

Bids will be compared and the contract awarded to the lowest bidder for each class, as indicated by the specifications.

Blank forms and further information may be obtained, and samples may be seen, at the office of the Chief Clerk of the Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan.

The time allowed for doing and completing the work in the above district will be 350 working days.

The security required for the above work will be One Hundred Thousand Dollars (\$100,000).

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the specifications and list of materials, supplies and apparatus to be furnished, and to the plans on file at the office of the Department.

Any bid which fails to name a price, both in writing and in figures, per unit or measurement, for each and every item where quantities are given, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures the price in writing will be considered as the bid.

Bidders are particularly cautioned that a provision in the contract requires the maintenance of the pipes, joints, gate valves, connections, pavements, etc., in good condition for the period of one year from the final completion and acceptance of the work.

The bids will be compared and each contract awarded at a lump or aggregate sum.

Bidders are requested to make their bids or estimates upon the blank form prepared by said Department, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department of Water Supply, Gas and Electricity, the Borough of Manhattan, Nos. 13 to 21 Park row, where any further information can be obtained.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
