The following communication was received from the Mayor's Office:

JULY 25, 1898.

JOHN H. MOONEY, Esq., Secretary, Board of Public Improvements, No. 346 Broadway, New York:

DEAR SIR—The Mayor directs me to return to you herewith the certified copy of the resolution of the Board of Public Improvements changing the approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street, which you transmitted to him for his approval under date of the 14th instant.

The certified copy inclosed has the Mayor's approval recorded at the end thereof.

Very respectfully yours,

ALFRED M. DOWNES, Secretary.

And the following resolution was thereupon adopted unanimously:

Whereas, The resolution adopted by this Board on July 13, 1898, changing the approaches to the bridge over the Harlem river, at East One Hundred and Forty-ninth street, in the Borough of The Bronx, City of New York, by widening East One Hundred and Forty-ninth street fifty feet on the north side, between River avenue and the bulkhead-line of the Harlem river, diverting Exterior street from One Hundred and Fiftieth street to the intersection of East One Hundred and Forty-ninth street and River avenue, and widening River avenue, from East One Hundred and Forty-ninth street to East One Hundred and Forty-fourth street, to a width of one hundred feet, thereby making River avenue the Exterior street, and placing the southern terminus of River avenue at East One Hundred and Forty-ninth street, so that the approach to the bridge will commence at Exterior street instead of at Gerard avenue. That part of Exterior street from East One Hundred and Fiftieth street to East One Hundred and Forty-fourth street, as now existing on the final maps, to be discontinued, has been approved by the Mayor.

Resolved, That the Secretary of this Board be and he hereby is directed to certify three similar maps or plans such showing changes as aforesaid; and he is further directed to file one of said maps or plans so certified in the office of the Register of the City and County of New York, one in the office of the Corporation Counsel and one in the office of this Board.

The following report from the Chief Topographical Engineer was read:

CITY OF NEW YORK,
PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOPOGRAPHICAL BUREAU, BOROUGH OF THE BRONX,
ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE,
July 26, 1898.

Col. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In accordance with the action taken on the 18th of May, 1898, by the Board of Public Improvements, referring to me for investigation and report a communication from the President of the Borough of Brooklyn, in relation to the change of grade in Degraw street, between Van Nostrand and New York avenues, I have to state that the following is the result of the investigation:

The first grade established in Degraw street, between Van Nostrand and New York avenues, shows at Van Nostrand avenue an elevation of 101 feet above high-water datum; 200 feet easterly from Van Nostrand avenue, 103 feet; and at New York avenue 98.67 feet. This grade was adopted July 23, 1860. The grade between Van Nostrand avenue and New York avenue was changed and adopted June 10, 1895, making a uniform grade between the two avenues; the elevation at Van Nostrand avenue to be 103 feet above high water, and at New York avenue, 97.08 feet. A sewer was built in part of the street less than nine feet in depth below the last filed grade of 1895, and the owners now petition to raise the grade of the street at that point in order to give proper depth to the sewer.

It is evident that nine feet are not enough for a sewer in a city street, thereby limiting the depth of cellars and making the street unfit for the better class of buildings. I recommend, therefore, that the petition of Stephen Van Wyck and others, to alter the grade of Degraw street, between New York avenue and Van Nostrand avenue, in accordance with the blue line shown on the submitted map, be granted, after a public hearing.

The map and the papers in this matter are herein returned.

Respectfully,

LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

And the following resolutions were unanimously adopted:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, propose to alter the map or plan of The City of New York by changing the grade of Degraw street, between Nostrand avenue and New York avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

- 1st. Beginning at the intersection of Nostrand avenue, the elevation to be 103 feet above mean high-water datum.
- 2d. Thence easterly to a point distant 200 feet from the southeast house-line intersection, the elevation to be 104 feet above mean high-water datum.
- 3d. Thence easterly to the intersection of New York avenue, the elevation to be 97.08 feet above mean high-water datum.

Resolved, That this Board consider the proposed change of grade of the above-named street at a meeting of this Board, to be held in the office of this Board at No. 346 Broadway on the 10th day of August, 1898, at 2 o'clock P. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change of grade of the above-named street will be considered at a meeting of this Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 10th day of August, 1898.

Which was referred to the Board of Public Improvements.

A communication was received from Mr. Joseph Sinsheimer requesting that his name be withdrawn from petition for change of grade on Van Corlear place. Communication filed, as matter had been disposed of.

The following communication from the Corporation Counsel was read, and placed on file :

LAW DEPARTMENT,
NEW YORK, July 25, 1898. }

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

SIR—I am in receipt of your communication of March 26, 1898, requesting my opinion "as to whether the designation of 'corporation newspapers,' as stated in section 1526 (of the Charter), applies to sections 436 and 488," and whether "sufficient publicity would be given and the law complied with by only advertising in the CITY RECORD."

By section 1526, it is provided that the "CITY RECORD, and the newspapers now by law designated as corporation newspapers in the present City of Brooklyn, shall be the only papers to be included within the term corporation newspapers, as the same is anywhere in this act; but no notice or advertisement shall be inserted in said newspapers now by law designated as corporation newspapers in said City of Brooklyn, except such as respect matters occurring within or relating to the Borough of Brooklyn exclusively; * * *"

The section further provides that "all advertising required to be done for the city, except as in this act otherwise specifically provided, and all notices required by law or ordinance to be published in corporation papers shall be inserted, at the public expense, only in the CITY RECORD, and a publication therein shall be a sufficient compliance with any law or ordinance requiring publication of such matters or notices; * * *"

Again, "where such notices and advertisements respect matters occurring within or relating to the Borough of Brooklyn, they shall also be published in such newspapers as are now by law designated as corporation newspapers in the City of Brooklyn, * * *"

The language employed is so clear and explicit that I can add nothing to it. Unless the matter, concerning which the notice or advertisement is required, occurs within or relating exclusively to the Borough of Brooklyn, no advertisement, other than in the CITY RECORD, is necessary, nor can it be inserted at the public expense.

I understand, however, that contracts have been made with the corporation newspapers in the City of Brooklyn: to publish public notices and advertisements, and it may be that they are sufficiently broad in terms to include all notices and advertisements of the city.

If, in the opinion of your Board, sufficient publicity is not given to your notices and advertisements, the attention of the Board of City Record should be drawn to the fact, as that body, under section 1526, is empowered to designate additional newspapers in which to insert brief advertisements calling attention to any contracts intended to be awarded or bonds to be sold, and referring for full information to said CITY RECORD.

Respectfully yours,

CHAS. BLANDY, Acting Corporation Counsel.

The following communication from the Commissioner of Highways was read :

DEPARTMENT OF HIGHWAYS,
NEW YORK, July 19, 1898. }

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—With a communication dated June 30, from your Secretary, I received, for investigation and report, a copy of a letter from Hon. Michael C. Murphy, requesting that Broome street, between Clark and Hudson streets, be repaved with asphalt.

I have had an investigation made, and find that it is necessary to repave that part of Broome street.

Pursuant to the provisions of section 524, subdivision 6, of the City Charter, I therefore recommend that the carriageway of Broome street, between Clark and Hudson streets, Borough of Manhattan, be repaved with asphalt, and that the contractor be required to give a guarantee of maintenance for fifteen (15) years.

The estimated cost of the improvement is \$9,000, chargeable to the appropriation for "Repaving Streets and Avenues."

Pursuant to the provisions of the first subdivision of section 230 of the Charter of The City of New York, I attach hereto my certificate to the Municipal Assembly that the safety, health or convenience of the public requires that this improvement be made.

In conformity with section 417 of the Charter, I respectfully ask the Board of Public Improvements to approve and adopt the accompanying ordinance, and to transmit it with my certificate to the Municipal Assembly for action by that body.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

And the following resolution was adopted :

Resolved, That the Commissioner of Highways be and he is hereby authorized to enter into a contract by public letting for repaving Broome street, between Clark and Hudson streets, in the Borough of Manhattan; that the contractor be required to give a guarantee of maintenance for a period of fifteen (15) years, and that an ordinance for the above be forwarded to the Municipal Assembly for action thereon.

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE,
NO. 150 NASSAU STREET,
NEW YORK, July 27, 1898. }

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—Under a contract with Messrs. Flynn & Sullivan for regulating, grading, etc., Lind avenue, from Wolf street to Aqueduct avenue, 389 days have been consumed according to the record of Inspectors' time, while the contract time was 150 days and 56 days were allowed for stormy weather, leaving 183 days' overtime chargeable to the contractor, at \$3.50 per day, amounting to \$640.50.

By a letter dated July 13, contractors Flynn & Sullivan applied to the Deputy Commissioner of Highways, Borough of The Bronx, for cancellation of the penalty for the overtime on the contract, submitting that such penalty for the overtime on the contract should not be imposed because of the change of lines and grades rendered necessary by the interference with Aqueduct property at High Bridge, necessitating the suspension of the work for many months pending the adjustment of this matter, which was not settled until March 29, 1898.

The Deputy Commissioner of Highways for the Borough of The Bronx states that on account of interference by the Department of Public Works with this contract, and a controversy between that Department and the Department of Street Improvements of the Twenty-third and Twenty-fourth Wards, the contractors were delayed in the prosecution of the work under their contract for a period of time equal to the overtime of 183 days. He therefore recommends that the penalty for overtime be remitted. I concur in his recommendation and respectfully request the Board of Public Improvements to release the contractors from the penalty for overtime under their contract.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

And the following resolution was adopted :

Whereas, The overtime charged against the contractors, Flynn & Sullivan, on the regulating and grading, etc., of Lind avenue, from Wolf street to Aqueduct avenue, was caused, according to the report of the Commissioner of Highways, by no fault of the contractors, but by the interference by one of the City Departments; now, be it

Resolved, That the Commissioner of Highways be and he is hereby authorized to remit the penalty for one hundred and eighty-three days' overtime charged against the contract for regulating and grading, etc., Lind avenue, from Wolf street to Aqueduct avenue.

Affirmative—Commissioners of Water Supply, Highways, Street Cleaning, Sewers, Bridges, President Bronx Borough, President of Board.

The following communication from the Commissioner of Highways was read and referred to the Engineer of Street Openings :

NEW YORK, July 19, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—With a letter, dated June 3, from your Secretary, I received, for investigation and report, a resolution adopted by the Local Board of the Nineteenth District, Borough of Manhattan, recommending that the Board of Public Improvements grant the accompanying petition, signed by Louis Rosenfeld and others, that the curb at all corners of streets facing the Mount Morris Square be made to conform in shape to the southeasterly corner of One Hundred and Twentieth street and Fifth avenue, as illustrated by the accompanying sketch.

Upon investigation, I find that the changing of the curb-lines at the street corners indicated would add to the safety and convenience of the public; but no alteration can be made in the width of sidewalks and the position of the curb-lines except by authority of the Department of Public Parks, pursuant to section 612 of the City Charter. I might add that the proposed rounding of the sidewalks and curb at those street corners would involve the reconstruction of several sewer-basins, as well as the alteration of hydrants and lamp-posts.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

The following resolution, presented by the President of the Borough of Brooklyn, was unanimously adopted :

Whereas, Six certain resolutions, directing the advertising for proposals for grading and paving Regent place, Pacific street, Park place, Himrod street, Eighty-fourth street and Avenue B, in the

Borough of Brooklyn, were, on July 20, last, referred to the Comptroller for advice as to whether or not he has funds available to satisfy such contracts if made; and

Whereas, This Board has been referred to opinions of the Corporation Counsel of April 25 to the Comptroller, and of May 27 and July 15 to the Commissioner of Highways, as bearing upon the subject;

Resolved, That copies of such opinions be transmitted to the Comptroller with the request that he advise us, obtaining thereon, if necessary, the opinion of the Corporation Counsel—

1. Whether or not the said six contracts, being for improvements, the proceedings for which were begun prior to January 1, 1898, may be entered into and certified, under the laws in force in Brooklyn when said improvement proceedings were begun, or under existing laws, where one-third of the amount of the assessment is paid in; and

2. Whether or not he has any moneys, and if so, how much, constituting a street improvement fund applicable to street improvements generally, or applicable to certain boroughs of the city, and if the latter, how much to each; and

3. Whether or not funds paid in on account of improvements are applicable (a) only to the particular improvement upon which they are so paid, or (b) to improvements generally in the borough, or (c) to improvements generally in the city at large, and (d), further, whether the application directed in answer to the foregoing relates to new improvements or only to those begun before January 1, 1898.

The following communication was referred to the Commissioner of Highways for the purpose of suggesting a new resolution covering the matter :

To the Board of Public Improvements of the City of New York :

Whereas, On the second day of July, 1897, the Common Council of The City of New York directed that One Hundred and Eighth street, from Central Park, West, to Columbus avenue, be paved with asphalt; and

Whereas, It appears that it is impracticable by reason of the steepness of the grade of said street between Columbus and Manhattan avenues to pave said part of said street with asphalt;

Therefore, we, the undersigned owners of all the property on One Hundred and Eighth street, between Columbus and Manhattan avenues, in The City of New York, do respectfully ask your Board that that portion of said resolution of the Common Council of The City of New York be rescinded, and further, that One Hundred and Eighth street, between Columbus and Manhattan avenues, be paved with granite blocks; and we hereby waive all claims that we may have for an application to vacate the assessment therefor or any part thereof.

Dated New YORK, July 22, 1898.

BERNHEIMER & SCHMID,

For whole south side of One Hundred and

Eighth street, between Columbus and Manhattan avenues.

HENRY BERNHEIMER,

As to three lots on the north side of One Hundred and

Eighth street, between Manhattan and Columbus avenues.

The following communication was received and referred to the Chief Topographical Engineer :

NEW YORK, July 21, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—With a letter, dated the 18th instant, I received from the Deputy Commissioner of Highways, Borough of Brooklyn, the inclosed bill in duplicate amounting to \$955, and being for altering the Town Survey Commission Maps, as per agreement with F. E. Strom, Civil Engineer, No. 372 Pacific street, Brooklyn.

The work charged for in the bill was ordered by the City Works Department of the late City of Brooklyn, as recorded in the minutes of that department for December 13, 1897, directing that Mr. Strom's proposal for correcting the Town Survey Maps of the Twenty-ninth, Thirtieth, Thirty-first and Thirty-second Wards be accepted, and that he be paid \$245 each for the Twenty-ninth and Thirtieth Wards; \$225 for the Thirty-first Ward and \$240 for the Thirty-second Ward.

Inasmuch as the Board of Public Improvements now has charge of the making of all such surveys and maps, I respectfully transmit the bill herewith for action by that body.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

The following communications were received from the Commissioners of Highways and laid over :

NEW YORK, July 22, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—With a letter, dated July 8, from your Secretary, I received, for such investigation and report as I might deem advisable, a copy of a resolution adopted by the Local Board of the Sixth District, Borough of Brooklyn, expressing belief that Waverley avenue, from Park avenue to Fulton street, should be repaved with asphalt.

Last year bids were received for repaving Waverley avenue, from Gates avenue to Fulton street, with asphalt, but a contract for this improvement was not entered into. Between Gates avenue and Fulton street, however, is but a small part of the distance covered by the resolution of the Local Board, which evidently contemplates that the entire expense of the improvement should be borne by the city at large.

The improvement involves the laying of, approximately, 15,100 square yards of asphalt pavement and the setting of 9,060 lineal feet of old and new curb, at a total estimated cost of \$46,400. This estimate is for asphalt on a concrete foundation 6 inches deep, with 15 years' guarantee of maintenance.

At present there are no funds available to pay for this improvement, and I do not see how the work can be undertaken.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

NEW YORK, July 22, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—With a letter, dated July 8, from your Secretary, I received, for investigation and report, a copy of a resolution adopted by the Local Board of the Sixth District, Borough of Brooklyn, expressing belief that St. Edward's street, from Flushing avenue to Myrtle avenue, should be repaved with granite blocks.

To carry out the proposed improvement would necessitate the laying of, approximately, 6,000 square yards of granite pavement, 3,000 square feet of granite crosswalks, and the setting and resetting of 3,500 lineal feet of old and new curb, at a total estimated cost of \$15,000; the pavement to be laid on sand foundation.

Apparently the resolution of the Local Board contemplates that the city at large shall bear the entire expense of the improvement, but there is no available fund to draw on at present.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with Stationery and Printing for election purposes will be received at the Central Office of the Department of Police, in the City of New York, until ten o'clock A. M. of

FRIDAY, THE 12TH DAY OF AUGUST, 1898.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Stationery and Printing," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of stationery and printing required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of stationery and printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Superintendent of Elections of the City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Two Thousand Five Hundred Dollars. Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other persons are so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are secured. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householdholder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as surety and otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book, and no estimate can be deposited in said book until such check or money has been examined by a chief officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days, after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Samples of stationery and printing required may be examined and blank forms for estimates may be obtained by application to the Superintendent of Elections of the City of New York, at his office in the Central Department.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Police Board reserves the right to reject all the bids received, if deemed for the best interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Bidders will state the price for each article, by which the bids are tested.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, New York, or No. 29 Elm place, Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

the bids are tested.

THE BOARD OF PUBLIC CHARITIES RESERVES THE
RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO
BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION
419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from or contract
awarded to any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Cor-
poration.

The award of the contract will be made as soon as
practicable after the opening of the bids.

Delivery will be required to be made from time to
time, and in such quantities as may be directed by the
said Commissioners.

Any bidder for this contract must be known to be
engaged in and well prepared for the business, and must
have satisfactory testimonials to that effect, and the
person or persons to whom the contract may be awarded
will be required to give security for the performance of
the contract by his or their bond, with two sufficient
sureties, each in the penal amount of fifty (50) per cent.
of the bid for each article.

Each bid or estimate shall contain and state
the name and place of residence of each of
the persons making the same, the names of all
persons interested with him or them therein, and if

no other person be so interested, it shall distinctly
state that fact; also that it is made without any con-
nection with any other person making an estimate for
the same purpose, and is in all respects fair and without
collusion or fraud, and that no member of the Municipal
Assembly, head of a department, chief of a bureau,
deputy thereof or clerk therein, or other officer of the
Corporation, is directly or indirectly interested therein,
or in the supplies or work to which it relates, or in any
portion of the profits thereof. The bid or estimate must be
verified by the oath, in writing, of the party or parties
making the estimate, that the several matters stated
therein are in all respects true. Where more than one
person is interested it is requisite the VERIFICATION be
made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
The City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they
will, on its being so awarded, become bound as his
sureties for his faithful performance, and that if he
shall omit or refuse to execute the same, they will pay to
the Corporation any difference between the sum to
which he would be entitled on its completion and that
which the Corporation may be obliged to pay to the per-
son or persons to whom the contract may be awarded
at any subsequent letting; the amount in each case to be
calculated upon the estimated amount of the supplies by
which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirma-
tion, in writing, of each of the persons signing the same,
that he is a householder or freeholder in The City of New
York and is worth the amount of the security required
for the completion of this contract, over and above all
his debts of every nature, and over and above his habili-
ties as bail, surety or otherwise, and that he has offered
himself as a surety in good faith and with the intention
to execute the bond required by law, if the
contract shall be awarded to the person or persons
for whom he consents to become surety. The ade-
quacy and sufficiency of the security offered is to be
approved by the Comptroller of The City of New York.
No bid or estimate will be considered unless accom-
panied by either a certified check upon one of the
State or National banks of The City of New York,
drawn to the order of the Comptroller, or money
to the amount of five per centum of the amount of
the security required for the faithful perform-
ance of the contract. Such check or money must not
be inclosed in the sealed envelope containing the esti-
mate, but must be handed to the officer or clerk of the
Department who has charge of the estimate-box, and
no estimate can be deposited in said box until such
check or money has been examined by said officer or
clerk and found to be correct. All such deposits, except
that of the successful bidder, will be returned to the
persons making the same within three days after the
contract is awarded. If the successful bidder shall re-
fuse or neglect, within five days after notice that the
contract has been awarded to him, to execute the same,
the amount of the deposit made by him shall be forfeited
to and retained by The City of New York as liquidated
damages for such neglect or refusal; but if he shall
execute the contract within the time aforesaid the
amount of his deposit will be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give the
proper security, he or they shall be considered as having
abandoned it and as in default to the Corporation, and
the contract will be readvertised and relet, as provided
by law.

Payment will be made by a requisition on the Compt-
roller, in accordance with the terms of the contract, or
from time to time, as the Commissioners may determine.

The form of the contract, including specifications,
and showing the manner of payment, can be obtained
at the office of the General Bookkeeper and Auditor,
foot of East Twenty-sixth street, New York, or No. 29
Elm place, Brooklyn, and bidders are cautioned to
examine each and all of its provisions carefully, as the
Board of Public Charities will insist upon its abso-
lute enforcement in every particular.

ESTIMATES FOR DREDGING AT THE Watts Street Section, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks and Ferries, at the office of said Department, on Pier "A," foot of Battery place, North river, in The City of New York, until 11 o'clock A. M. on

FRIDAY, AUGUST 5, 1898.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Three Thousand Dollars.

The Engineer's estimate of the quantities of materials necessary to be dredged is as follows:

CLASS 1.
Mud Dredging..... 16,000 cubic yards.

CLASS 2.
Crib Dredging, about..... 4,500 cubic yards.

N.B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and Ferries, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks and Ferries that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be at the Watts Street Section, on the North river, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the expiration of forty days from the date of service of the above-mentioned notification.

The damages to be paid by the Contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard, for the whole of the dredging to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to

the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amounts of their estimates for doing this work in each class.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the City of New York; the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding thereon, and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or any other officer or employee of the City of New York, or any of its Departments, is directly or indirectly interested in the estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder, or any one in his behalf, with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.*

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said City may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the said City.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

DEPARTMENT OF STREET CLEANING.

DEPARTMENT OF STREET CLEANING OF THE CITY OF NEW YORK,
MAIN OFFICE, NEW YORK LIFE BUILDING,
No. 346 BROADWAY,
BOROUGH OF MANHATTAN.

PUBLIC NOTICE.

CONTRACT FOR ALTERATIONS OF THE STEAM DUMPER "CINDERELLA."

BIDS OR ESTIMATES FOR THE ABOVE work, inclosed in sealed envelopes, and indorsed with the name and address of the person or persons making the same and the date of presentation will be received at the main office of the Department of Street Cleaning, New York, at 12 M., on

FRIDAY, THE 12TH DAY OF AUGUST, 1898,

at which time the said bids or estimates will be publicly opened and read.

The person or persons to whom the contract may be awarded will be required to execute said contract within five days of the receipt of a notice to that effect, and in case of failure or neglect so to do, he or they will

be considered as having abandoned said contract, and as in default to such Corporation, whereupon the Commissioner of Street Cleaning may readvertise and relet the work, and so on until the contract be accepted and executed.

Bidders are required to state in their bids or estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state that fact; also that it is made without any connection with any other person making any bid or estimate for the said work; that it is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties so interested.

Each bid or estimate must be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, or of two guarantee or surety companies, duly authorized by law to act as surety, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to the person or persons making the said bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance, and to save The City of New York harmless from any loss, through an infringement or patent rights, as established by any court having jurisdiction thereof, in the amount of Three Thousand (\$3,000) Dollars, and that if he or they shall omit or refuse to execute the same, they will pay to the City of New York any difference between the sum to which he or they would be entitled on its completion, and that which The City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of security required for the completion of the work, over and above his debts of every nature and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The price in the bid or estimate must be written, and also stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner to reject all bids, if in his judgment it be best for the interest of The City of New York so to do. No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate must be accompanied by a certified check on one of the State or National Banks of The City of New York, payable to the order of the Comptroller of said city, for one hundred and fifty (\$150) dollars, or by money to that amount. On the acceptance of any bid, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the contract the check or money of the accepted bidder will be returned to him.

All bids must be made with reference to the form of contract, and the specifications and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected.

The form of agreement with specifications may be seen and blank forms of bid or estimate may be obtained at the main office of the Department.

Dated New York, July 22, 1898.
JAMES McCARTNEY,
Commissioner of Street Cleaning.

DEPARTMENT OF BRIDGES.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
COMMISSIONER'S OFFICE, STEWART BUILDING,
MANHATTAN, NEW YORK CITY, N. Y.,
July 20, 1898.

TO CONTRACTORS.

PROPOSALS FOR MATERIALS AND WORK REQUIRED FOR CONSTRUCTING A PROTECTION FOR THE FOUNDATIONS OF THE BRIDGE CROSSING NEWTOWN CREEK, FROM GRAND STREET IN THE BOROUGH OF BROOKLYN TO GRAND AVENUE IN THE BOROUGH OF QUEENS, IN THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE aforesaid materials and work, in accordance with the plans and specifications therefor, will be received at the office of the Department of Bridges, No. 280 Broadway, in the Borough of Manhattan, in The City of New York, until 12 o'clock noon of

THURSDAY, AUGUST 4, 1898.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or estimate for materials and work required for constructing a protection for the foundation of the bridge crossing Newtown Creek, from Grand street in the Borough of Brooklyn to Grand avenue in the Borough of Queens, in The City of New York," with his or their name, address, and date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bid or estimate received will be publicly opened by the Commissioner of said Department and read.

THE COMMISSIONER OF BRIDGES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED BY LAW.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of One Thousand (\$1,000) Dollars.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a Guaranty or Surety Company duly authorized by law to act as surety, to the effect that if the contract is awarded to the person making the estimate, they will, or it will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated

upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The work must be done in accordance with the plans and specifications now on file in the office of the Commissioner of Bridges.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained in Room No. 177, No. 280 Broadway (Stewart Building), Manhattan, New York City, N. Y.
