## PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

FRIDAY, AUGUST 7, 1908.

TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners William McCarroll, John E. Eustis.

(1) On motion, the record of proceedings of the Commission for July 17, 1908, as printed in the CITY RECORD for August 1, 1908, was corrected by inserting the initials “H. M.” in place of the initials “A. H.” before the name “Chamberlain” in item No. 18 in the second column of page 8324, and as so corrected the record was approved.

(2) INTERBOROUGH RAPID TRANSIT CO.—RECEIPTS FOR PAYMENT OF RENTAL.

The Secretary presented a communication dated August 4, 1908, from J. H. McCooey, transmitting copies of the receipts given to the Interborough Rapid Transit Company for payment of interest rental on the Manhattan-Bronx and the Brooklyn-Manhattan subways for the second quarter of the year 1908. The papers were ordered filed.

(3) The Secretary presented a communication from John Quincy Adams, Assistant Secretary of the Art Commission of the City of New York, transmitting certified copies of the following resolutions adopted by them on July 29, 1908, and the duplicates of exhibits referred to in the resolutions, all of which were ordered filed.

Certificate No. 772.

“Resolved, That the Art Commission hereby approves the design for a subway tablet in the Borough Hall station of the Brooklyn Subway represented by Exhibits ‘304-L’ and ‘304-M’ of record in this matter; and that the action of the Commission be certified with the return of duplicates of exhibits herein noted to Hon. William R. Willcox, Chairman of the Public Service Commission.”

Certificate No. 773.

“Resolved, That the Art Commission hereby approves the design for a subway tablet in the Borough Hall station of the Brooklyn Subway represented by Exhibits ‘304-N’ and ‘304-O’ of record in this matter; and that the action of the Commission be certified with the return of duplicates of exhibits herein noted to Hon. William R. Willcox, Chairman of the Public Service Commission.”

(4) CONTRACT NO. 2—BROOKLYN LOOP LINES—PROPERTY ON CENTRE STREET. 1136

The Secretary presented a communication, dated July 25, 1908, from J. H. McCooey, Deputy Comptroller, stating that the building at Nos. 36 and 38 Centre Street had been properly cleared. The communication was referred to the Chief Engineer and the Counsel to the Commission.

(5) CONTRACT NO. 2—BROOKLYN LOOP LINES—PROPERTY ON DUANE STREET, ETC. 1119

The Secretary presented a communication dated August 4, 1908, from the Counsel to the Commission transmitting certain plans and the following proposed resolution, which was thereupon moved and duly seconded:

Whereas, The Chief Engineer has made and submitted four similar maps or plans of certain parcels of property in the City of New York, Borough of Manhattan, required for the construction, maintenance and operation of a part of the proposed Brooklyn Loop Lines of the Rapid Transit railroad, including certain stations and station approaches or entrances, to be constructed by the Bradley Constructing Company in pursuance of a certain contract known as Contract 9-0-1, dated June 27, 1907, heretofore made by the City of New York acting by the Board of Rapid Transit Railroad Commissioners, which said parcels of property consists of certain lots designated on said maps or plans as follows: Lot No. 39, Block No. 158, Section 1, known as No. 27 Duane Street and No. 18 City Hall Place; Lot No. 38, Block No. 158, Section 1, known as No. 20 City Hall Place; Lot No. 34, Block No. 155, Section 1, known as Nos. 43 and 45 Centre Street; Lot No. 33, Block No. 155, Section 1, known as Nos. 47 and 49 Centre Street; Lot No. 31, Block No. 155, Section 1, known as Nos. 515, 515½ and 517 Pearl Street, and Lot No. 30, Block No. 155, Section 1, situated on the southeast corner of Pearl and Lafayette Streets; and

Whereas, A memorandum accompanying said maps or plans and deemed a part thereof has been made by authority of this Commission clearly indicating the particular estate or estates, rights, terms, privileges, franchises or easements to be acquired or extinguished for the purposes of such construction, maintenance and operation in relation to said parcels of property shown upon said maps or plans, said memorandum being substantially in the form following, to wit:

“Public Service Commission for the First District. Memorandum indicating the particular estate or estates, rights, terms, privileges, franchises or easements to be acquired or extinguished in relation to each and every piece or parcel of property shown upon these maps or plans. Dated August 4, 1908, an estate in fee simple absolute free from all liens or encumbrances in and to each and every piece or parcel of property shown upon these maps or plans, which said parcels are described as follows, to wit:

Lot No. 39. A triangular lot bounded southeasterly by City Hall Place 9 feet 8 inches; westerly by Duane Street 69 feet 3 inches and easterly by Lot No. 45 on a certain map of property belonging to the estate of George Janeway in the Sixth Ward of the City of New York made by Joseph Bridges, C. S., surveyed (as to part of lots on said map) in August, 1833, which map, subscribed with the name of Jacob J. Janeway, as of the 24th of January, 1830, was filed in the Register's office as distinguished by the number 44, 69 feet, be the said several distances or dimensions more or less, being the same premises conveyed by Charlotte E. De Soro and husband by deed of April 29, 1897, and recorded in the office of the Register of New York City and County on June 3, 1897, in Liber 41 of Conveyances, page 378, Section 1.

Lot No. 38. Beginning at a point distant 9 feet 8 inches easterly from the intersection of the northeasterly side of Duane Street and the northerly side of City Hall Place; thence running easterly along the northerly side of City Hall Place 24 feet 6 inches; thence northerly 84 feet 8 inches; thence westerly 24 feet 3 inches to the northeasterly side of Duane Street; thence southerly in a direct line 82 feet 7 inches to the point or place of beginning, being the same premises conveyed by Mary Dempsey and husband to the Most Reverend John McCloskey, Archbishop, by deed, dated April 30, 1866, and recorded in the office of the Register of the City of New York in Liber 968 of Conveyances, page 436, on the 30th day of April, 1866.

Lot No. 34. Beginning at a point in the westerly side of Centre Street distant southerly and measured along said westerly side of Centre Street 34 feet 5 inches from the corner formed by the intersection of the southerly side of Pearl Street with the westerly side of Centre Street; running thence southerly along said westerly side of Centre Street 40 feet 9½ inches; thence westerly 32 feet 8 inches to the easterly side of Elm Street at a point therein distant southerly measured along said easterly side of Elm Street 103 feet 6½ inches from the corner formed by the intersection of the southerly side of Pearl Street with the said easterly side of Elm Street; thence northerly along said easterly side of Elm Street 45 feet 3½ inches; thence easterly 47 feet 4 inches to the westerly side of Centre Street at the point or place of beginning, be said several distances and dimensions more or less.

Lot No. 33. Beginning at a point on the southwest corner of Pearl and Centre Streets running thence southerly along Centre Street 54 feet 5 inches to land now or late of the estate of Felix O'Neil; thence running northwesterly along said last mentioned land 18 feet 9½ inches to land now or late of John Hopper; thence running northeasterly along said last mentioned land 52 feet 8 inches to Pearl Street and thence running easterly along Pearl Street 11 feet 4½ inches to the point or place of beginning, be the said several distances or dimensions more or less, being part of the same premises allotted and set apart to David Wolf Bruce and others in trust for Catharine Lorillard Wolfe by deed dated February 10, 1873, and recorded in the office of the Register of the County of New York in Liber 1254 of Conveyances, page 283.

Lot No. 31. Beginning at a point on the southerly side of Pearl Street, distant 11 feet 4 inches northwesterly from the westerly corner of Pearl and Centre Streets; running thence northwesterly, along the southwesterly side of Pearl Street, 50 feet 1 inch; thence southwesterly, at right angles or nearly so to the southwesterly side of Pearl Street, (as it was before the widening of Elm Street) 50 feet 6 inches; thence southeasterly and parallel or nearly so to Pearl Street, (as it was before the widening of Elm Street) 50 feet 4 inches, and thence northeasterly, at right angles or nearly so to Pearl Street, 52 feet 8 inches, to the point or place of beginning.

Lot No. 30. Beginning at a point on the southerly side of Pearl Street, distant 61 feet 5½ inches westerly from the southwesterly corner of Pearl and Centre Streets, running thence southwesterly nearly at right angles to Pearl Street 9 feet 2½ inches to the easterly side of Elm Street as widened by the Commission appointed for the opening, widening and extending of Elm Street; thence in a northerly direction along the easterly side of Elm Street as widened to feet 4¼ inches to the corner formed by the intersection of the easterly side of Elm Street as widened with the southerly side of Pearl Street, and thence easterly along the southerly side of Pearl Street 4 feet 8¾ inches to the point or place of beginning, be said several distances and dimensions more or less.

The subway or structure of said railroad, including said stations and station approaches or entrances, is to be constructed substantially as shown in said Contract 9-0-1 and upon these maps or plans which are marked as follows: “Public Service Commission for the First District. Chief Engineer's Office, Route No. 9-0-1. Drawing No. 54. July 31, 1908. Henry B. Seaman, Chief Engineer.”

Said estates in fee simple in said parcels of property hereinabove described are required for the construction, maintenance and operation in perpetuity of a Rapid Transit railroad, including said stations and station approaches or entrances, in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners by resolution adopted on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of the City of New York on the 14th day of July, 1905, and approved by the Mayor of the City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on the 12th day of March, 1907, which said railroad is further described in the said Contract g-o-1.

Now, therefore, it is

Resolved, That said maps or plans so made and prepared be and the same hereby are approved and adopted; that a certificate of such approval and adoption and of the approval and adoption of said memorandum be written upon or accompany said maps or plans and signed by this Commission and by a majority of the Commissioners; that one of said maps or plans, including said memorandum, be filed in the office of the President of the Borough of Manhattan, there to remain as a public record; that two of said maps or plans, including said memorandum, be transmitted to the Corporation Counsel of the City of New York, together with a copy of this resolution; that the remaining one of said maps or plans, including said memorandum, remain on file as a public record in the office of this Commission; and that the Corporation Counsel be and he hereby is directed to take legal proceedings to acquire for the City of New York an estate in fee simple absolute in and to said parcels of property hereinabove described.

Ayes—Commissioners Willcox, McCarroll, Eustis.

#### DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY—REPAIRS IN WATER MAINS—BILLS.

The Secretary presented the following opinion dated August 3rd, 1908, from the Counsel to the Commission, on the certain claims presented by the Department of Water Supply, Gas and Electricity for expenses in connection with the repairing of water mains, a copy of which was ordered sent to the Department of Water Supply, Gas and Electricity:

August 3, 1908.

#### Public Service Commission for the First District:

SIRs—I am in receipt of the communication of the Secretary dated March 25th, transmitting certain bills from the Department of Water Supply, Gas and Electricity for expenses alleged to have been incurred by it in repairing water mains, which expenditures are claimed to have been rendered necessary by "defective work on the part of the contractors for the Rapid Transit Commission." In reply to the request for my opinion on the claims presented, I desire to advise you as follows:

The first bill is for the sum of \$245.27, claimed to have been expended in repairing a 20-inch main at the southeast corner of Lenox Avenue and 125th Street. This bill was forwarded by the Department of Water Supply to the Rapid Transit Board under date of September 13, 1905, and was then rejected for the reason that the injuries to the main which were complained of had not resulted from the work of subway construction, but from building operations which were being carried on at that point. It appears that in the summer of 1904, the owners of the property at the southeast corner of Lenox Avenue and 125th Street began excavating for a building. On August 2nd, Chief Engineer Deyo of the Rapid Transit Subway Construction Company wrote to Mr. Hill, Chief Engineer of the Water Department, informing him that as the work of excavation was going to be carried considerably below the level of the main as it was replaced and readjusted under the plans of the Water Department, there was danger of a leak unless particular caution was taken, and suggesting that Mr. Hill look into the matter. Apparently no heed was given to this warning. Later under date of March 29, 1905, Mr. DeVarona, Acting Chief Engineer of the Department of Water Supply, wrote to the Rapid Transit Board complaining that the main was sunken and leaking and in a dangerous condition. This letter was referred to Acting Chief Engineer Rice, who reported under date of April 5th, 1905, as follows:

"Last summer the owners of the property at the southeast corner of 125th Street and Lenox Avenue began excavating for a building and this excavation was put down to a considerable depth below the elevation of the main, and a wall (for vault space under sidewalk) was placed within 4 or 5 inches of the sheeting for the water-main trench. A portion of this wall fell down, probably owing to the pressure of the main and backfill in the pipe trench, as the builders had excavated to the sheeting. . . . In my opinion, therefore, the trouble with the water main is due to the building operations on the adjoining property and under the sidewalk, and not to the sub-contractor who laid the main."

In September, 1905, the bill of the Department of Water Supply was submitted to the Rapid Transit Board and on September 16th, Chief Engineer Rice again reported on the matter to the same effect as above, stating that the work was not chargeable to subway construction. A copy of this report, it appears, was sent to the Department of Water Supply. No further attention was paid to the matter by that Department, however, until February of this year, when the bill was again submitted, without any attempt to controvert the statements of the Chief Engineer.

The second bill of the Department of Water Supply is for the sum of \$64.98 claimed to have been expended in repairing a leak in a one-inch pipe over the subway at the southwest corner of Lenox Avenue and 125th Street.

It appears that, during the construction of the rapid transit railroad at this point, four 24-inch water mains were laid across Lenox Avenue at 125th Street, in place of the original 48-inch main. The work of changing the water mains was completed in the spring of 1904. Final connections of the new 24-inch mains with the old 48-inch main were made on April 2nd and 3rd, 1904, and the water was turned on in the mains about 11:30 P. M. of April 3rd. Eleven months later, on March 8th, 1905, a leak was observed which was traced to a one-inch pipe which had been put in by the contractor for use in connection with the 24-inch mains at the request of the Department of Water Supply. The report of the Acting Chief Engineer, under date of March 17, 1905, states: "When the 48-inch water main was replaced by four 24-inch water mains, the Water Department insisted that each one of these mains should have attached an air cock, and they were so provided. A one-inch pipe led from these air cocks to a central valve and gate, at which point a manhole head was placed in the street so as to afford access to the same. This work was done in a satisfactory manner." On June 30, 1905, the Chief Engineer reported, "The trouble, as stated in the bill, was caused by the 1-inch pipe freezing and splitting, and which is apt to occur again unless the manhole is filled with manure, or some other protective to the pipe, during the winter months," and concluded that the Rapid Transit contractor was not responsible for the repairs to the pipe, the leak having been caused by the failure of the Department of Water Supply to adopt suitable precautions in caring for the pipe, after it had been installed in a satisfactory manner, and not by the negligence or fault of the Contractor in installing it.

The third bill is for the sum of \$543.97 which, it is alleged, was expended in repairing a break in the 48-inch water main on the west side of Park Avenue, between 40th and 42nd Streets, which occurred on June 11, 1905. This bill was submitted to the Board of Rapid Transit Railroad Commissioners in September, 1905, and rejected by them upon the ground that there was no evidence to indicate that the contractor had not fully complied with all the provisions of his contract. The facts of the case are set forth in the report of Mr. Rice, Chief Engineer of the Board, to Mr. Starin, the Vice-President, under date of June 15, 1905 (Minutes of Rapid Transit Board, pages 3527 to 3529).

It appears that the main in question was an old main which was not removed during the course of construction, but was supported in place; that the work of the Rapid Transit contractor on this water main was done under the constant supervi-

sion of competent Engineers and Inspectors; that the main was thoroughly inspected by the representatives both of the Board and of the Water Department; that "while the cause of the accident cannot be definitely ascertained the pipe, being old, probably yielded at some point." In view of these facts, the Board was advised by its Counsel that "it would be impossible to compel the contractor to make good the damages caused by the accident" (Minutes of Rapid Transit Board, page 3659), and later, when the matter was again submitted to Counsel, this opinion was reaffirmed by him. (Minutes of Rapid Transit Board, page 3694). The Board finally notified the Department of Water Supply that it had no evidence on which it could hold the contractor to responsibility for the break (Minutes of Rapid Transit Board, page 3726).

It seems to me that this question, so far as its legal aspect is concerned, narrows down to a comparatively narrow scope. Contract No. One provides that (page 19):

"The work is to be done and the materials are to be furnished subject to the direction and approval of the engineer. The contractor shall promptly obey and follow every direction within the general purview of the work which shall be given by the engineer, including any direction which he shall give by way of withdrawal, modification or reversal of any previous direction given by him."

The Chief Engineer has examined this matter and has reported that the contractor is not to blame and it seems to me that under the contract his decision is final. A similar question was the subject of an opinion by the Counsel to the Rapid Transit Board, printed at page 2439 of Vol. 4 of the Minutes. In the opinion it is stated in part:

"At its meeting on the 10th instant, the Board referred to us the matter of the claim of the Department of Water Supply that the leak in the water main at the southeast corner of Elm and Houston streets was due to Rapid Transit work, and that, therefore, the contractor ought to be required by the Board, at his own expense, to make good the defect. We have examined the opinion in this matter rendered by the Corporation Counsel to the Commissioner of Water Supply on the 5th of October last and the letters of the Commissioner of Water Supply and his Chief Engineer to our Chief Engineer, the report of the Engineer of the First Division to our Chief Engineer, and the communication of the Chief Engineer of the Subway Construction Company to our Chief Engineer. So far as the law of this matter is concerned, we agree in substance with the Corporation Counsel that, where fire hydrants and other water connections were disturbed by Rapid Transit work, the Rapid Transit contractor was bound, under the terms of the contract, to make good the injury done by Rapid Transit work, but that the contractor's obligation does not include the duty of repair or to make good defects happening since their restoration by the contractor and due to some cause other than the manner in which the work of restoration was done by him.

"There remains of this case, therefore, simply the question of fact whether or not the leak is due to the imperfect manner in which the contractor did the work, or is due to things happening since he did the work, and not caused by Rapid Transit construction. Upon this question of fact there is a dispute between the Office of the Commissioner of Water Supply and the contractor. It seems to us that so far as the Board is concerned, the decision of our own Chief Engineer on this disputed question must be final."

I think this reasoning is controlling in this case. The entire charge of this work was lodged with the Rapid Transit Board and the contract provided that work was to be done in accordance with the direction and to the satisfaction of the Chief Engineer. The contractor has complied with these requirements and it seems to me he has done all that is required to do by his contract. I do not see that the question whether the work has been accepted by the City Departments is material, because if the work was unsatisfactorily done the Chief Engineer could order it to be done over again. As it is, the Chief Engineer has reported that the work was satisfactorily done. Aside from all other questions it seems to me that it is now rather late, after the work has been completed several years, to attempt to impose additional liability on the contractor.

Although these bills are made out against the Rapid Transit Board I do not see how it is possible that any recovery should be had against the Board or the members or against this Commission or its members, as successors. The Commission has no fund for the purpose of paying these claims and even if it had it would be taking the money out of one account in the city treasury and depositing it under another. I do not think any question of personal liability on the part of members of the late Rapid Transit Board or of the Commissioners can be seriously considered. It is, of course, a well-settled rule that public officers to whom a large discretion is entrusted are not responsible for their acts within the limits of their authority.

Respectfully yours,

(Signed) GEO. S. COLEMAN,  
Counsel to the Commission.

#### DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY—REPAIRS IN WATER MAINS, PARK AVENUE AND 41ST STREET.

The Secretary presented the following communication dated August 1st, 1908, from the Counsel to the Commission, in regard to a bill for \$1,660.10 presented by the Department of Water Supply, Gas and Electricity, for expenses in repairing a break in the water main at Park Avenue and 41st Street:

August 1, 1908.

#### Public Service Commission for the First District:

SIRs—I have the communication of the Secretary, dated March 30th transmitting the papers in the matter of the bill from the Department of Water Supply, Gas and Electricity, for the sum of \$1,660.10 alleged to have been expended in repairing a break in the 48-inch water main at Park Avenue and Forty-first Street, which occurred on January 22nd, 1907. These papers were referred to me for the preparation of an answer.

The facts of this case are sufficiently set forth in the reports of Division Engineers Clark and Myers, dated January 30, 1907 and March 25, 1908, which were transmitted to your Commission by your Chief Engineer with his communication of March 26th. From these reports, it appears that the cause of the break is in doubt and that there is no evidence at hand which would justify the conclusion that the break was due to the work of rapid transit railroad construction, and I accordingly advise that this matter is covered by my communication of even date in regard to certain other bills of the Department of Water Supply.

Accordingly, I beg to transmit herewith a proposed form of answer to the Department of Water Supply, expressing these conclusions and disclaiming any liability in this matter on the part of your Commission. The file transmitted by the Secretary is returned herewith.

Respectfully yours,

(Signed) GEO. S. COLEMAN,  
Counsel to the Commission.

The proposed form of answer to the Department of Water Supply, Gas and Electricity referred to in the above communication from the Counsel which was ordered sent was as follows:

August , 1908.

#### To the Department of Water Supply, Gas and Electricity:

The Public Service Commission for the First District is in receipt of a bill from your Department for the sum of \$1,660.10, claimed to have been expended for labor and materials used in repairing a break in the 48-inch water main at Forty-first Street and Park Avenue, which occurred on January 22, 1907. Without expressing any opinion on the amount of the bill, the Commission begs to inform you that its Chief Engineer reports that any damage that may have occurred is not due to improper work of subway construction.

#### RULES OF PROCEDURE—AMENDMENT TO RULE XIII.

2198

The Secretary presented the following proposed amendment to the rules of procedure, which was moved and duly seconded:

Resolved, That Rule XIII of the Rules of Procedure be amended to take effect immediately, as follows:

(Matter in brackets to be omitted. New matter underscored added to Rule).

#### HEARINGS.

[Upon issue being joined by the service of an answer or notice of hearing on a petition or complaint,] 1.—Upon the service of an answer to a complaint, the Com-

mission will assign a time and place for hearing the matter, which will be at its office unless otherwise ordered. Witnesses will be examined orally before the Commission, unless otherwise ordered by the Commission, or unless the facts be agreed upon (as provided for in these rules). The complainant for petitioner must in all cases establish the facts alleged to constitute a violation of the Act unless the person or corporation complained against admits the same or fails to answer, may establish the facts alleged, unless the same are admitted in the answer, or the Commission may investigate the facts relevant to the issue or to the subject matter complained of. The person or corporation complained against must also prove facts alleged in the answer, unless admitted by the petitioner, and fully disclose its defense at the hearing.

In case of failure to answer, the Commission [will] shall take such proof of the facts as may be deemed proper and reasonable, and make such order thereon as the circumstances of the case appear to require.

[Cases shall be argued orally upon submission of the testimony, unless a different time shall be agreed upon by the parties or directed by the Commission, but all arguments may be omitted in the discretion of the Commission.]

Hearings will be held by or before the Commission, or by or before a Commissioner, [designated by the Commission] and the word "Commission" in these rules will be construed to include a commissioner conducting or presiding at a hearing.

Ayes—Commissioners Willcox, McCarroll, Eustis.

#### (10) INTERBOROUGH RAPID TRANSIT CO.—SIDE DOORS IN SUBWAY CARS.

The Secretary presented the following communication dated July 28, 1908, from Frank Hedley, Vice-President and General Manager of the Interborough Rapid Transit Company, with regard to the detailed drawings for the placing of additional side doors in sixteen of their cars:

INTERBOROUGH RAPID TRANSIT COMPANY,  
13-21 PARK ROW,  
NEW YORK, July 28th, 1908.

#### ADDITIONAL SIDE DOORS.

MR. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, 154 Nassau Street, City:

DEAR SIR—Referring further to my letter to you of July 16th, regarding Order No. 629, in which I stated that upon receipt of the order we had proceeded forthwith to prepare necessary detail drawings. I trust your Commission will appreciate that the changing of 16 of these cars, as described in the order above referred to, is a tremendous task, and, in so far as the drawings and details are concerned, we have to go through just as much drawing and preliminary work in arranging for the changes on 16 cars as we would if we were to change the entire equipment, inasmuch as this Company, prior to the receipt of the order, had not prepared detail drawings showing precisely how these doors would be arranged in the cars, for as a matter of fact we did not expect to receive such an order. However, I assume that the engineers representing the Commission have made these details, and it will very materially expedite the work if you will kindly send us copies of a full set of the details showing the manner in which your Commission proposes the alterations shall be made.

Another matter in connection with this order, which the engineers of the Commission, I assume, have very carefully studied, is that portion of the order referring to the car doors being equipped with "Pneumatic, mechanical, electrical or other devices arranged so as to close the doors quickly, and automatically to signal to the motor-man when the doors are closed." The details of the car construction and its changes are so closely associated with the character of device to be used for opening and closing the doors and passing the signal that I should be very glad to receive details of this design, as it will also expedite the work and will at the same time enable us to make the experiment in a manner that will be entirely satisfactory to the engineers and to your Commission. An early response will oblige.

Yours very truly,

(Signed) FRANK HEDLEY,  
Vice. Pres. & Genl. Mgr.

The Secretary was thereupon directed to send the following letter in reply thereto:

August , 1908.

FRANK HEDLEY, Esq., Vice-President & General Manager, Interborough Rapid Transit Company, Nos. 13-21 Park Row, New York City:

DEAR SIR—Answering your favor of July 28th, in which you state that it is probable that the engineers of this Commission have prepared detailed drawings showing a method of installing additional doors in the cars of your system, as set forth in our Order No. 629, and requesting that we furnish you with these detailed drawings, as well as the details of the mechanism for operating the doors, I am directed by the Commission to state as follows:

While it is a fact that our special engineer, Mr. Bion J. Arnold, while investigating this subject, went thoroughly into it and prepared certain general and detailed drawings showing methods of reconstructing the cars so as to permit the introduction of additional side doors as set forth in our Order No. 629, and also investigated numerous devices for opening and closing the doors by pneumatic and other means, these drawings and investigations were made in his office for the purpose of enabling him to come to a correct conclusion and sound recommendation, and were not made with the intention that they must necessarily be followed in the reconstruction of the cars. We have no doubt that Mr. Arnold will gladly furnish informally to you blue prints of these drawings and such information as he has regarding the other devices, but we do not wish you to feel that these drawings furnished by him, or the devices investigated, must necessarily be used, for we prefer that you make your own plans and be absolutely free in the reconstruction of these cars so far as detail is concerned; our only object in issuing the order being to secure two (2) additional doors in each side of each car, located approximately as given in the order, and in such a manner as to work successfully and practically.

Mr. Arnold has stated to the Commission that he will be glad to confer personally with Mr. Hedley, or others who have charge of this work, from time to time with a view to co-operating on a friendly basis and securing a practicable result.

Very truly yours,

Secretary.

#### (11) REHEARING ORDER (No. 662). O-662

On motion made and duly seconded a Re-Hearing Order (No. 662) was adopted, after Order No. 610 re-setting Final Order No. 434 directing a re-hearing on August 13, 1908, at 3:00 o'clock p. m. upon the application of the Brooklyn Heights Railroad Company for a further modification of the terms of Final Order No. 434 as modified by Order No. 504 and No. 610 with respect to the service on the Flatbush Avenue Line.

The Chairman designated Commissioner McCarroll to conduct the re-hearing.

#### (12) ORDER (No. 663). O-663

On motion made and duly seconded, an Order (No. 663) was adopted, denying the application of the Brooklyn Union Elevated Railroad Company for a re-hearing in the matter of paragraph (3) of Final Order No. 196 which provides for the operation of four car trains on the Lexington Avenue Line into Cypress Hills terminal between the morning rush hours and 10:30 a. m. and between 2:30 p. m. and the beginning of the evening rush hours and after the evening rush hours to 7:24 p. m.

#### (13) ORDER (No. 664). O-664

On motion made and duly seconded, an Order (No. 664) was adopted denying the application of the Brooklyn Union Elevated Railroad Company for a re-hearing in the matter of Order No. 296 with respect to the service between Park Row, Fulton Ferry and Brighton Beach, at Franklin Avenue Station.

#### (14) RE-HEARING ORDER (No. 665). O-665

On motion made and duly seconded, a Re-hearing Order (No. 665) was adopted, directing a re-hearing on August 11, 1908, at 3:00 o'clock p. m. upon the request of the Brooklyn, Queens County and Suburban Railroad Company, in the matter of Final Order No. 99 with respect to the service on the Jamaica Avenue Line between Cypress Hills Station and Jamaica.

The Chairman designated Commissioner McCarroll to conduct the re-hearing.

#### (15) COMPLAINT ORDER (No. 666). O-666

On motion made and duly seconded, a Complaint Order (No. 666) was adopted for satisfaction or answer within ten days by the New York, New Haven and Hartford Railroad Company in the matter of the complaint of the South Bronx Property Owners' Association with respect to the unsanitary manner of loading manure cars at the Harlem Yards.

#### (16) TARIFF ORDER (No. 667). O-667

On motion made and duly seconded, a Tariff Order (No. 667) was adopted, granting permission to the New York Central and Hudson River Railroad Company to put into effect one day after publication at stations and filing with the Commission a Tariff P. S. C.—1 N. Y. No. 80, being a schedule of rates on glucose and grape sugar in earloads from 60th Street station, New York City to Melrose Junction.

#### (17) HEARING ORDER (No. 668). O-668

On motion made and duly seconded, a Hearing Order (No. 668) was adopted, directing a hearing on August 14th, 1908, at 2:30 o'clock p. m. to inquire whether the Central Park, North and East River Railroad Company should be directed to

(1) Install, maintain, and operate on every horse car in use suitable guard rails so arranged as to prevent passengers entering or leaving the car except on one side at any given time;

(2) Enforce a rule requiring passengers to enter or leave its horse cars only on the right hand side.

The Chairman designated Commissioner Eustis to conduct the hearing.

#### (18) ORDER (No. 669). O-669

On motion made and duly seconded, an Order (No. 669) was adopted, requiring Adrian H. Juline and Douglas Robinson as Receivers of the Metropolitan Street Railway Company, and the Central Park, North and East River Railroad Company to file with this Commission a sworn statement of the receipts and expenses upon each separate line operated by them, for a period of thirty days from midnight of August 6, 1908, said sworn statement to be on file within ten days after expiration of said period of thirty days.

#### (19) HEARING ORDER (No. 670). O-670

On motion made and duly seconded, a Hearing Order (No. 670) was adopted, directing a hearing on August 11, 1908, at 2:30 o'clock p. m. in the matter of the establishment by the Metropolitan Street Railway Company and the Central Park, North and East River Railroad Company of a through route and joint rate over any lines owned, operated, controlled or leased by them forming a continuous line of transportation or which could be made to do so by the construction of switch connections. The Chairman designated Commissioner Eustis to conduct the hearing.

#### (20) BROOKLYN UNION ELEVATED—BRIGHTON BEACH SERVICE—DISMISSAL ORDER (No. 671). O-671

Commissioner McCarroll presented the following report under Hearing Order No. 614 in respect to local service and express stops on the Brighton Beach Line of the Brooklyn Union Elevated Railroad Company:

It appears from testimony that the Brooklyn Union Elevated Railroad Company operates elevated trains over the so-called Brighton Beach Line from the Manhattan end of the Brooklyn Bridge to the Culver Terminal at Coney Island, with certain routes thereon that do not run the entire length. An enumeration of these, with the class of stops, is necessary in order to understand the whole situation.

For the regular service, the company operates trains running from Manhattan for the entire length of the route. These trains during rush hours do not make certain stops on Fulton Street, between Franklin Avenue and Boerum Place, which in a measure gives an express service for the residents of Flatbush. During non-rush hours, these trains stop at all stations. For the beach travel the company has established a so-called through express service, starting from Manhattan and stopping only at Boerum Place, Franklin Avenue, Prospect Park and then Sheepshead Bay and the beach stations beyond.

In addition, the company maintains what may be termed a shuttle express service between Prospect Park and Brighton Beach stations, which makes only one stop, at Sheepshead Bay. This service is maintained in order to accommodate patrons brought to the Prospect Park station on three different trolley lines that loop back at this station.

Certain residents of Flatbush have made complaint asking that this Commission order the company to stop its through express trains at Church Avenue, Newkirk Avenue and Kings Highway. Church Avenue and Kings Highway are express stations; that is to say, during the reconstruction of the Brighton Beach line these two stations were built with island platforms, so that trains using the two middle tracks may stop at these island platforms. The request that the express trains stop at Church Avenue was not insisted upon, and it seemed to be agreed on the part of the various witnesses that the situation would be seriously interfered with if express trains were required to stop at Church Avenue.

A number of residents of Flatbush testified that on the local service there is no substantial cause for complaint, as, almost without exception, seats can be obtained on such trains. There was some complaint, however, and the fact was admitted by the company, that the interval in non-rush hours between local trains has been increased from seven and one-half to ten minutes. This change it appears came about following a proceeding instituted by this Commission for the purpose of improving the service on the Brighton Beach line at a time when the company was running two and three-car trains on a seven and one-half minute interval. This has now been changed so that trains of four or more cars are operated at intervals of ten minutes.

In the absence of serious complaint because of inadequate service on the local trains, the only other item of complaint seems to be that the company having established two express stations does not now stop at these two stations the trains which do run as expresses.

Mr. Arthur N. Dutton went at some length into an explanation as to why it was inadvisable for the Commission to order the company to stop such trains at these stations. It appears that the express trains are not run during rush hours, the time when additional and fast service is most needed, but that they are run solely to accommodate the beach travel, which is not at its maximum during the regular rush hours. It appeared further from Mr. Dutton's testimony that if these trains were required to stop at the two stations, it would be necessary for the company to make an entire rearrangement of the leading platforms in the Manhattan end of the Brooklyn Bridge. At the present time the so-called express trains are loaded from one of the front platforms and the local trains are loaded from the south platform nearest City Hall, with the result that the beach travel is separated entirely from what may be known as the permanent residential travel. If the express trains were to stop at the two stations in order to accommodate the permanent residents, it would be necessary to have both local and express trains starting from the same platform in the Manhattan terminal of the Brooklyn Bridge in order that an expectant patron might take the first train that came along. To arrange for both classes of trains to leave the same platform, would make it necessary for one of the lines of trains which now load from the south rear pocket to be shifted to another platform,—a rearrangement of the present loading accommodations which have been worked out after considerable experimentation and not justified in view of the few weeks remaining of the summer season.

It is my opinion, therefore, that the complaint in this proceeding should be dismissed for it does not appear that the service as at present rendered to the residents of Flatbush is inadequate, and that moreover requiring the express trains to stop at these two stations would disarrange the entire elevated service going to Brooklyn

to the increased convenience of a very small number of persons compared with the total travel.

Several of the witnesses dwelt on the fact that the express service as now operated is pushed to such an extent by the company that there is at times a total disarrangement of the local schedule, and this complaint would appear to be justified. The attention of the company should accordingly be called to this matter, with instructions to make every effort to maintain the regular local schedule.

I cannot refrain from adding that it is very unfortunate that the residents of portions of Brooklyn served by the Brighton Beach line should not secure the increased service that was expected by the construction of a four track route through their section of the city, and particularly when it is considered that one-half of the expense of this improvement was borne by the city at large. The company should be urged to make application to proper authorities at the earliest moment to the end that it may secure additional trackage between the northern end of the present four-track construction and the lower portion of Brooklyn, from which travel is distributed to Manhattan, either over the Brooklyn Bridge, or through the subway or on the ferries.

#### DISMISSAL ORDER (No. 671).

Thereupon, on motion made and duly seconded, a Dismissal Order (No. 671) was adopted dismissing the complaint.

(21)

#### FEES—JULY, 1908.

The Secretary stated that the following moneys collected as fees during the month of July had been transmitted to the Comptroller of New York City to be credited to the City Treasury in accordance with the provisions of the Public Service Commissions act:

Amount collected in payment for testing gas meters by the Commission.	\$262 00
Amount received from the sale of maps, prints, reports, official documents, records, etc.	5 15
Total.	\$267 15

(22)

#### GAS METERS TESTED—JULY, 1908.

The Secretary stated that during the month of July, 1908, 24,576 gas meters have been tested, of which 2,487 were new meters, 21,752 were repaired and removed meters, and 337 were complaint meters; that of the complaint meters tested 44 or 13% were absolutely correct, that 179 or 53.1% were fast and that 114 or 33.9% were slow; that of the fast meters tested on complaint 122 or 68.1% were more than 2% fast, and that of 114 slow meters tested on complaint 39 or 34.1% were more than 2% slow, and 176 or 52.2% were between 2% fast and 2% slow.

(23)

The Secretary stated a letter had been received from the Electrical Testing Laboratories in the matter of making periodic checks on the Primary Standards of the electrical laboratory, arranging that such checks should be made immediately after the monthly checks on similar instruments of the New York Edison Company and the Edison Electric Illuminating Company, the work to require the services of two men in the beginning, it being possible after the first few months, when facilities for quick work have been perfected, the time could be decreased somewhat, the charge for such work to be the regular charge of the Laboratories, viz.: \$20.00 per day.

On motion duly seconded, it was Resolved, That the secretary be instructed to complete such arrangements with the Electrical Testing Laboratories.

Ayes—Commissioners Wilcox, McCarroll, Eastis.

Nays—None.

Carried.

(24)

The Secretary stated that a letter had been received from the State Civil Service Commission allowing the Commission to employ under Rule 8, Sub-division 9, the following persons:

Henry C. Clement, Engineer, to be employed as a switch-board expert.

E. T. Fitzgerald, Engineer, to be employed as a steam expert.

W. W. Mason, Jr., to be employed as a special car expert.

The communication was ordered filed.

(25)

On motion duly seconded, it was

Resolved, That this Commission hereby takes the following action in relation to employees:

#### Leave of Absence.

Patrick J. Brennan, Inspector of Masonry, six weeks without pay, from August 1.

#### Termination of Appointment.

Bernard McGuire, Provisional Architectural Draftsman, to take effect July 31.

Henry Altmeier, Provisional Inspector of Contracts, to take effect July 5.

#### Change in Rate.

William C. Boyer, from \$150.00 per month to \$151.00 per month, to take effect from date of original appointment.

#### Appointments from Civil Service list not to exceed 30 days:

William E. Fitchard, Junior Clerk, \$12.00 per week, August 10, 1908

Howard F. Paddock, Junior Clerk, 12.00 per week, August 10, 1908

Ayes—Commissioners Wilcox, McCarroll, Eastis.

Nays—None.

Carried.

TRAVIS H. WHITNEY, SECRETARY.

### PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

TUESDAY, AUGUST 11, 1908.

TRIBUNE BUILDING, 154 NASSAU STREET,

BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Commissioner William McCarroll, Acting Chairman; Commissioners Milo R. McBride, John E. Eastis.

(1)

The Secretary stated that notices of deposit had been received from the Department of Finance, as follows:

Authorized	Deposited	Amount	Title of Account
April 10, 1907	July 30, 1908	\$104,206.15	Rapid Transit Construction Fund—Brooklyn Loop Lines, Borough of Manhattan. (Sub-title No. 1).
May 24, 1907	July 15, 1908	\$104,206.15	Rapid Transit Construction Fund—Brooklyn Loop Lines, Borough of Manhattan. (Sub-title No. 2).
.....	Aug. 12, 1907	5.15	Rapid Transit Construction Fund—Manhattan Bronx, Premium on Bonds.

(2)

The Secretary presented a communication dated August 1, 1908, from I. M. DeVarona, Chief Engineer of the Department of Water Supply, Gas and Electricity, calling attention to the fact that a hydrant set by the subway contractors at Broadway and Rector Street had been placed too close to the curb, and stated that the Chief Engineer, to whom the matter had been referred, had reported that he had directed the contractor to make the change.

(3)

The Secretary presented the following report, upon the hearing had on July 29, 1908, under Hearing Order No. 646, in the matter of additional flagmen along 11th Avenue:

IN THE MATTER OF THE HEARING ON THE MOTION OF THE COMMISSION ON THE QUESTION OF REGULATIONS, PRACTICES, APPLIANCES, EQUIPMENT AND SERVICE OF THE NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY—"ADDITIONAL FLAGMEN ALONG ELEVENTH AVENUE."

This hearing was had on the motion of the Commission after many and strenuous complaints made by residents of the west side. The complaints cover the entire subject of track removal, but this hearing was limited to the question of whether additional flagmen should be maintained at the cross streets on Eleventh Avenue. It appeared at the hearing that all parties agreed that the situation was dangerous, the testimony of one inspectors and of the railroad's witnesses tending to show the principal danger to be on the tracks between streets and not on the cross streets themselves. The train movement on Eleventh Avenue consists of six passenger trips, several milk or fruit train trips and a varied amount of freight switching done by one engine only.

The Board of Railroad Commissioners several years ago recommended that certain flagmen be stationed. An examination of the conditions at each cross road convinces me that there are other streets where protection is needed to an equal if not greater extent, and the chief defect of the present system of protection appears to me to be the hours during which the flagmen work. At present the streets which are protected have either one flagman on duty from 7 a. m. to 6 p. m., or, in the case of a few of the most crowded streets, one flagman from 7 a. m. to 6 p. m., and a second flagman from 6 p. m. to 7 a. m. My recommendations for an increased service are contained in the proposed order accompanying this report, in which, with the exception of 41st, 44th, 45th, 55th, 56th, 57th and 58th Streets, protection is provided at all cross streets. At 43rd, 46th, 47th and 48th Streets, the provision is for a watchman from 7 a. m. to 10 p. m., it being my intention to have a flagman on duty in the hours of the heaviest cross traffic immediately after 6 o'clock and in the evening hours when people are going down to the piers and the riverside. At 52nd, 53rd and 54th streets the provisions are for flagmen at all hours of the day and night during the summer months, owing to the heavy traffic across the tracks in DeWitt Clinton Park.

The proposed order is in the form calling for not less than the protection specified, and should the railroad comply with the order strictly the net result would be an increase of not over two or three watchmen and extended hours of work at perhaps half a dozen crossings.

#### FINAL ORDER (No. 659).

Thereupon, on motion made and duly seconded, a Final Order (No. 659) was adopted, directing the placing of watchmen or flagmen as suggested in the report.

(4)

#### COMPLAINT ORDER (No. 672).

On motion made and duly seconded, a Complaint Order (No. 672) was adopted for satisfaction or answer within ten days by the Coney Island and Brooklyn Railroad Company in the matter of the complaint of the City Club of New York with respect to inadequate service rendered on the DeKalb Avenue Line.

(5)

The Secretary presented a communication from the Ridgewood Heights Improvement Association protesting against the institution of a ten cent rate of fare to Coney Island by the Coney Island and Brooklyn Railroad Company on the ground that numerous surface roads in New York carry passengers a greater distance for five cents.

(6)

The Secretary presented a communication dated August 8, 1908, from the Counsel to the Commission, transmitting a copy of a letter from George W. Wingate, General Solicitor of the Long Island Railroad Company, asking for a withdrawal of Order No. 655 for a hearing in connection with its Flatbush Avenue application, in order that the application might be amended and a new hearing then ordered. It was, therefore, on motion duly seconded, ordered that Hearing Order No. 655 be rescinded.

(7)

#### BROOKLYN BRIDGE—DELAYS FROM DEFECTIVE EQUIPMENT.

The Secretary presented a report from A. W. McLimont with reference to delays on the Brooklyn Bridge from equipment defects. In the report the total number of delays and the seconds of delay per 100 cars during the month of July shows a considerable decrease over the month of June, and an exceptional decrease over the month of September, 1907, during which month about the same amount of cars were operated over the Bridge as were operated during July.

Month.	Minutes of Delay Per Month.	Seconds of Delay Per 100 Cars.
July	248	12½
June	347	16
September, 1907	1,061	52

(8)

The Secretary presented from the Bradley Contracting Company requisition No. 11 for \$2,177.77 for work done and materials furnished during the month of July, 1908, less 10 per cent., together with the certificate of Henry B. Seaman, Chief Engineer, approving thereof, and formal resolution approving the requisition and directing that voucher No. 1419 be transmitted to the Comptroller for payment of the said amount which, on motion duly seconded and carried, was adopted.

(9)

The Secretary presented from the Bradley Contracting Company its requisition No. 12 for \$31,608.67 for work done and materials furnished during the month of July, 1908, less 10 per cent., together with the certificate of Henry B. Seaman, Chief Engineer, approving thereof, and formal resolution approving the requisition and directing that voucher No. 1420 be transmitted to the Comptroller for payment of the said amount which, on motion duly seconded and carried, was adopted.

(10)

The Secretary presented from the Bradley Contracting Company its requisition No. 13 for \$84,248.32 for work done and materials furnished during the month of July, 1908, less 10 per cent., together with the certificate of Henry B. Seaman, Chief Engineer, approving thereof, and formal resolution approving the requisition and directing that voucher No. 1421 be transmitted to the Comptroller for payment of the said amount which, on motion duly seconded and carried, was adopted.

(11)

The Secretary presented from the Cranford Company its requisition No. 12 for \$110,595.60 for work done and materials furnished during the month of July, 1908, less 10 per cent., together with the certificate of Henry B. Seaman, Chief Engineer, approving thereof, and formal resolution approving the requisition and directing that voucher No. 1422 be transmitted to the Comptroller for payment of the said amount which, on motion duly seconded and carried, was adopted.

(12)

PROCEEDINGS OF THE  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.  
FRIDAY, AUGUST 14, 1908.  
TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Commissioner William McCarroll, Acting Chairman; Commissioners Milo R. Maltbie, John E. Eustis.

(1) The Secretary presented an opinion from Counsel with respect to the Hudson and Manhattan Railroad Company. Upon motion the Secretary was directed to call the attention of that company to the fact that this Commission insisted upon obedience to its orders and requests. The opinion was as follows:

*Public Service Commission for the First District:*

Sirs—I am in receipt of your Secretary's letter of August 10th respecting the Hudson and Manhattan Railroad Company, asking with reference to the powers and jurisdiction of the Commission over that Company, and stating that orders of the Commission calling for reports of accidents, records of stockholders, information as to car motors and some other orders of the Commission are not being complied with by the company, and that the company suggests that it is subject to the jurisdiction of the Interstate Commerce Commission and not of the Public Service Commission; that the company wishes promptly to comply with the orders of the Public Service Commission, so far as it is subject to its jurisdiction, but thinks that the question of jurisdiction should be determined first to avoid complication and embarrassment of conflicting orders by the two Commissions.

The Hudson and Manhattan Railroad Company is the holder of franchise rights granted under the Rapid Transit Act by the former Board of Rapid Transit Railroad Commissioners to construct and operate railroads in the City of New York:—One under certificates dated July 10, 1902, and February 2, 1905, as amended, by way of Morton Street, Christopher Street and Sixth Avenue to 33rd Street; the other under a certificate dated November 24, 1903, under Cortlandt, Dey and Fulton Streets, including terminals and approaches. The company has constructed and is operating the former road and has stations at Christopher Street, 14th Street, 19th Street and 23rd Street, and authority for stations in Sixth Avenue at 9th Street, 28th Street and 33rd Street which are not completed. The company is receiving and delivering passengers at stations and between stations within the city. The certificates mentioned giving these franchises contain clauses which vest in the Commission the right of inspection and examination when necessary, and the Morton Street and Sixth Avenue franchise

now in operation provides that nothing therein shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

I am of the opinion that the Public Service Commission for the First District has jurisdiction over this company, and that the orders mentioned must be complied with. The fear expressed that if reports are rendered conflicting orders may be given by the state and by the federal authorities may be disregarded. It is to be assumed that the Commission will act within its jurisdiction in issuing any of its orders. It is also difficult to see how reports can be withheld by the company, because the Interstate Commerce Commission may have some jurisdiction. A demand for reports of a company operating within this state "is in no just sense a regulation of commerce. It does not undertake to impose any tax upon the company, or to restrict the persons or things to be carried, or to regulate the rate of tolls, fares or freight."

Chicago, Milwaukee and St. Paul Railway Company vs. Solan, 169 U. S. 138.

It is simply an exercise of the power of visitation which the state possesses over corporations and especially over railroad corporations, by virtue of its police power. It is merely an exercise of the power which remains in the state "to create and to regulate the instruments of such (interstate) commerce, so far as necessary to the conservation of the public interests."

Louisville and Nashville Railroad Company vs. Kentucky, 161 U. S. 702.

There is no doubt that subject to action of Congress the state can require this railroad to guard against accidents; it can regulate the holding of stock; it can insist upon adequate appliances, as car bodies and motors to transport the traffic; it can require that no corporation operate a railroad without a franchise. The mere fact that a corporation is engaged in interstate commerce does not permit it to usurp special franchises for that purpose. There is nothing inconsistent or impossible in rendering reports, even on the same matters and for the same purposes, to different bodies.

Inasmuch as these orders of the Commission do not directly regulate interstate commerce, and in fact hardly even indirectly affect it, but are simply regulations upon the instruments of interstate commerce made in reliance upon the reserved police power not granted to Congress and not incompatible with any ruling that Congress has made under its power to regulate commerce, and as they certainly have less effect upon commerce than many other regulations of states heretofore upheld by the Courts, like harbor regulations and laws concerning pilots, the orders would seem to me to be in aid of commerce and not an interference with it, and should be obeyed.

Respectfully yours,

(Signed) GEO. S. COLEMAN,  
Counsel to the Commission.

(2)

COMPLAINT ORDER (No. 674).

O-674

On motion made and duly seconded, a Complaint Order (No. 674) was adopted, for satisfaction or answer within ten days by the Brooklyn Heights Railroad Company in the matter of the complaint of the J. GAS COMPANIES—METERS—HEARING ORDER (No. 676).

O-676

Commissioner Maltbie moved the adoption of the following hearing order, which was duly seconded:

It is Hereby Ordered, That a hearing be had on the 27th day of August, 1908, at 2:30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the Rooms of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York, and State of New York, as to whether improvements are necessary, and should be ordered in the methods employed by gas corporations within the jurisdiction of the said Commission, to improve the service of said gas corporations or best to promote the public interest, protect the public health or protect those using gas, so as to require that

(1) No gas meter, after once having been put in use, shall be verified or tested by anyone other than an inspector of the Public Service Commission, provided the bill is in dispute or complaint has been made regarding the accuracy of the meter.

(2) Whenever a gas meter is removed from the premises of any person, a notice shall be given to the consumer by the gas company in a form prescribed by the Commission that such meter has been removed.

(3) All gas meters that have been in use for more than seven years shall be removed before November 1, 1908, and all gas meters that have been in use for more than five years shall be removed before January 1, 1909, and the same shall not be again put in use until tested and approved by an inspector of the Commission.

(4) Hereafter every gas meter that has been set five years shall be removed within twelve months thereafter and submitted to an inspector of the Commission for a new test.

All to the end that the Commission may make such order or orders in the premises as shall be proper.

Further Ordered, That said gas corporations be given at least 10 days' notice of such hearing by service upon each of them, either personally or by mail, of a certified copy of this order, and that at such hearing said corporations be accorded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

\* The Acting Chairman designated Commissioner Maltbie to conduct the hearing.

## DEPARTMENT OF DOCKS AND FERRIES.

New York, June 11, 1908.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel (77242)—Advising that the New York City Railway Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company, the Forty-second Street, Manhattanville and St. Nicholas Avenue Railroad Company, and the Union Railway Company have been placed in the hands of receivers, and asking that the Department forward to the Law Department whatever claims it may have against the corporations, for filing with the receivers. Answered that the Department has no claims against the corporations, as all rentals have been paid.

From the Comptroller—

1 (77359). Requesting consent to the transfer of Mahen Griffith from the position of Financial Clerk in this Department to a similar position in the Department of Finance. Answered that Griffith has not completed his probationary service.

2 (77368). Stating that on June 4, 1908, the sum of \$260,515.30 was deposited to the credit of the Dock Fund, the principal amounting to \$250,000 and the premium to \$10,515.30. Filed.

From the Municipal Civil Service Commission—

1 (77223). Submitting list of persons who have been off the payroll of this Department for upwards of thirty days and requesting information relative thereto. Information furnished.

2 (77311). Submitting list of persons eligible for appointment to the position of Stenographer and Typewriter in this Department. Edward F. Barrett appointed to the position with compensation at the rate of \$1,000 per annum.

From the Department of Street Cleaning—

1 (77269). Asking that this Department rebuild the centre dumping board on the pier foot of Forty-seventh street, North River, and make sundry repairs to the outer dumping board on the pier. Work ordered as per request, the cost to be reported for collection.

2 (77171). Requesting dredging at the dumping board foot of Canal street, North River. Dredging ordered.

From the President of the Borough of Manhattan (77011)—Asking that berths for free floating baths be set aside at the foot of Twenty-first street and foot of Ninety-eighth street, North River. Answered that the Twenty-first street location is in the hands of the contractors for the erection of sheds and that the Naval Militia (77265) claims it requires the use of the entire pier at West Ninety-eighth street.

From the Department of Commerce and Labor (77047)—Requesting that photographs or tracings be made, at its expense, of that portion of the survey recently made of the Jamaica Bay and Atlantic Ocean shore fronts at Rockaway, Borough of Queens. Answered that facilities will be afforded a representative to obtain the desired details.

From the Union Sulphur Company (77253)—Requesting permission to construct a movable sulphur handling tower on the south breakwater, Erie Basin, Brooklyn. Permit granted, work to be done in accordance with plans submitted and under the supervision of the Chief Engineer.

From the Great Kills Yacht Club (77292)—Requesting permission to dredge in front of its premises easterly of Great Kills road, Great Kills, Borough of Richmond. Permit granted, work to be done under the supervision of the Chief Engineer, it being understood that the granting of the permit shall in no way be construed as waiving any rights which the City may have or claim to have in and to the premises in question.

From the Pennsylvania Railroad Company (77160)—Requesting permission to make general repairs, as may be required from time to time, to its piers and bulkheads on the North and East Rivers in the Boroughs of Manhattan and Brooklyn. Permit granted, on usual terms, to continue during the pleasure of the Commissioner, but not longer than December 31, 1908.

From Edward H. Schmeier (77290)—Requesting permission to extend landing place in front of his premises at Broad Channel, Jamaica Bay, Borough of Queens, ten feet further offshore. Permit granted, upon condition that no liability rests upon the City for any accident which may occur by virtue of this permit, the work to be done under the supervision of the Chief Engineer.

From Albert H. Hastori (77104)—Requesting permission to dredge at dumping board maintained by him on pier foot of Thirtieth street, North River. Permit granted, work to be done under supervision of the Chief Engineer.

From the Delaware, Lackawanna and Western Railroad Company—

1 (77307). Requesting permission to make general repairs, as may be required, from time to time, to its water-front property along the North River, in the Borough of Manhattan, to commence July 1, 1908. Permit granted, on usual terms, to continue during the pleasure of the Commissioner, but not longer than December 31, 1908.

2 (77297). Requesting permission to run electric wires in conduits on the top of the pier and bulkhead sheds from the Barclay street ferry terminal to Pier 13, North River. Permit granted, work to be done under the supervision of the Chief Engineer, the consent of the Department of Water Supply, Gas and Electricity, and of the International Mercantile Marine Company, lessee of Piers 14 and 15, North River, to be obtained.

From Rafferty Brothers (77239)—Requesting permission to use and occupy a space 30 by 100 feet in dimensions between Fifty-second and Fifty-fourth streets, North River, for the storage of building material. Privilege granted, to continue during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$45 per month, payable monthly in advance to the Dockmaster.

From Joseph Timm & Co. (77245)—Requesting permission to occupy space for the storage of material between West Thirty-third and West Thirty-fourth streets, North River; at West One Hundred and Twenty-ninth street, North River; at the approach to Pier 8, East River, and between Fifty-third and Fifty-fourth streets, North River. Privilege granted for space 30 by 100 feet between Fifty-third and Fifty-fourth streets, North River, to continue during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$45 per month, payable monthly in advance to the Dockmaster. Request for other locations denied.

From the Brown & Fleming Contracting Company (77170)—Requesting an extension of time within which to complete the delivery of broken stone under Contract No. 080. Extension granted to and including May 30, 1908.

From the Maryland Steel Company (77217)—Requesting certain information relative to details in the construction of the pier and bulkhead sheds on Piers 60, 61 and 62, North River, under Contract No. 1091. Filed, the information having been furnished by the Chief Engineer.

From the White Star Line (77357)—Requesting dredging on the northerly side of Pier 49, North River. Dredging ordered.

From the Curtis-Blaisdell Company (77283)—Requesting cancellation of its permit for coal hoister digger at the foot of Twenty-eighth street, East River. Permit revoked as of May 31, 1908.

From Finch & Coleman (77280)—Stating they are the attorneys for the private owners of the Sunken Meadows, East River, and advising that their clients will not comply with Department's order to remove the building erected thereon. Matter referred to Corporation Counsel for advice relative to enforcing Department's order for the removal of the structure.

From the Warner Sugar Refining Company (77270)—Asking whether the City has a pier or bulkhead to rent in the vicinity of West Twenty-third street, North River. Answered there are no public piers or bulkheads in the vicinity available, but that deliveries may be made at the West Thirtieth street pier.

From the Fort Washington Coal Company (77258)—Requesting a five-year lease of 100 feet of bulkhead southerly of West One Hundred and Fifty-eighth street pier, North River. Denied.

From Chandler Davis (77376)—Tendering his resignation from the position of Assistant Engineer in this Department, to take effect October 1, 1908. Accepted.

From Michael Sponza (77375)—Asking that his title be changed from Diver to Dock Laborer. Municipal Civil Service Commission requested to authorize change.

From the Auditor (77287)—Recommending that the permit to the Department of Highways for the storage of sand, gravel, etc., between Fifty-second and Fifty-fourth streets, North River, be renewed as of May 1, 1908. Filed, the old permit being still in existence.

## From the Chief Engineer—

1 (77307). Reporting that in order to proceed with the work of constructing the bulkhead wall at the new Bellevue Section, East River, it will be necessary to remove a portion of the inshore end of the pier foot of Twenty-ninth street. Chief Engineer ordered to remove so much of the inner portion of the pier as is necessary to permit construction of bulkhead wall.

2 (77374). Reporting that Thomas F. Oates, Dock Laborer, has been absent without leave since April 7, 1908, and recommending that he be dropped from the list of employees. Name dropped.

3 (77301). Recommending that the President of the Borough of Manhattan be requested to cause repairs to be made to the double wooden sewer under pier foot of One Hundred and Tenth street, Harlem River. Request forwarded to Borough President.

The Mayor was requested to authorize the advertising and award of a contract for 40,000 tons of coal to be used in the Staten Island ferry service.

William J. Hamilton was appointed to the position of Dock Laborer, with compensation at the rate of 31 1/4 cents per hour, while employed. (77377.)

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, June 12, 1908.

The following communications were received, action being taken thereon as noted, to wit:

From the Board of Estimate and Apportionment (77302)—Transmitting certified copies of resolutions adopted June 5, 1908, as follows: (1) amending resolution adopted April 24, 1908, authorizing the advertising for bids and award of contract for construction of Manhattan terminal of the Staten Island ferry, at an estimated cost of \$36,000, by striking therefrom the figures "436,000," and inserting in place thereof the figures "464,040," and (2) recommending to the Board of Aldermen the establishment of the position of Searcher at the rate of \$2,000 per annum, for one incumbent. Filed.

From the Commissioners of the Sinking Fund (77402)—Transmitting certified copies of resolutions adopted June 11, 1908, as follows:

1. Authorizing and directing the Comptroller to execute lease to City from R. F. Martin, of three rooms in the building No. 44 North Fairview avenue, Hammels Station, Borough of Queens, for the use of this Department, for a period of one year from the date of occupation, with the privilege of renewal for another year upon the same terms and conditions, at an annual rental of \$200, payable quarterly.

2. Amending resolution adopted October 23, 1907, authorizing the appointment of Consulting Marine Engineer, by substituting the words "Consulting Marine Architect" in place of "Consulting Marine Engineer."

3. Fixing June 30, 1908, as the date for a hearing in the matter of the proposed acquisition by condemnation proceedings of the bulkhead between Piers (old) 52 and 53, East River.

4. Fixing June 30, 1908, as the date for a hearing in the matter of the proposed amendment of the new plan for the improvement of the water-front between Twenty-eighth and Thirty-eighth streets, Brooklyn.

5. Fixing June 30, 1908, as the date for a hearing in the matter of the proposed purchase of property in the vicinity of Jamaica avenue, Astoria, Borough of Queens. Filed.

From the President of the Borough of Brooklyn (77310)—Calling attention to repairs required to platform foot of Dock street, Brooklyn. Answered that the work of repairs is in progress.

From Henry E. Fox (77279)—Requesting permission to lay water main on Exterior street, between Sixty-fourth and Seventieth streets, East River, and across the East River to Blackwell's Island, at Sixty-fifth street. Permit granted, work to be done under the supervision of the Chief Engineer, the work to be so conducted as not to interfere with the wharfage facilities in the vicinity.

From the Samuel Stevens Realty Company (76831, 77316)—Requesting permission to construct a platform, pier and crib bulkheads between Broadway and Sanford street, Astoria, Borough of Queens. Permit granted, work to be done in accordance with plans submitted, as amended and under the supervision of the Chief Engineer.

From Mrs. Mary E. Murphy (77226)—Requesting permission to maintain stand for the sale of fruit, candy and soda water on the recreation structure at Pier 30, North River. Privilege granted, to continue during the pleasure of the Commissioner, but not longer than the close of the season of 1908, rental to be at the rate of \$2 per month, payable monthly in advance to the Dockmaster.

From John R. Madden (77254)—Requesting permission to land the steamer "Catherine W." at the Battery landing on Sundays during 1908. #### STATE WATER SUPPLY COMMISSION.

##### PUBLIC NOTICE.

**NOTICE IS HEREBY GIVEN THAT,** pursuant to section 3 of chapter 722 of the Laws of 1905, the

STATE WATER SUPPLY COMMISSION

will meet at the Watson House, in the Village of Babylon, Long Island, on the 10th day of September, 1908, at 11 o'clock in the forenoon of that day, for the purpose of hearing all persons, municipal corporations or other civil divisions of the State of New York that may be affected by the execution of the plans of the City of New York, for securing a new and additional supply of water, plans for which have been filed with the New York State Water Supply Commission, at its office, No. 23 Eagle street, Albany, N. Y., where the same are open for public inspection, and for the purpose of determining whether said plans are justified by public necessity, and whether the same are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected thereby, and whether said plans make fair and equitable provisions for the determination and payment of any and all damages to persons and property, both direct and indirect, which will result from the execution thereof.

The execution of such plans will affect lands situate in the County of Suffolk, will also affect the flow of water in streams flowing in or through said County of Suffolk, the riparian rights on said streams and also the water rights of said streams.

All persons, municipal corporations and other civil divisions of the State of New York who have objection to the execution of said plans, in order to be heard thereon, must file such objections thereto in writing in the office of the State Water Supply Commission, in the City of Albany, N. Y., on or before the 9th day of September, 1908. Every objection so filed must particularly specify the grounds thereof.

No person, municipal corporation or local authority can be heard in opposition thereto except on objections so filed.

Dated Albany, N. Y., July 31, 1908.

HENRY H. PERSONS, ERNST J. LEDERLE, JOHN A. SLEICHER, MILO M. ACKER, CHARLES DAVIS, State Water Supply Commission.

(14) All the buildings standing on Tax Lots Nos. 31 and 32, Block No. 481, Sec. 2, known as Nos. 185 and 186 Mulberry Street, said lots being situated on the southwest corner of Mulberry Street and Delancey Street Extension, being approximately 54 feet 0 inches on Mulberry Street, 100 feet 6 1/2 inches on Delancey Street Extension, 51 feet 5 1/2 inches on the westerly side and 100 feet 2 1/2 inches on the southerly side.

Said parcels of property are more particularly described on three certain maps or plans and memoranda, on file in the office of the Registrar of the County of New York, marked as follows: one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-2-1 and 9-2-2, Drawing No. 28, March 2, 1908, Henry B. Seaman, Chief Engineer," one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-2-2, Drawing No. 28, March 2, 1908, Henry B. Seaman, Chief Engineer," and one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-2-3, Drawing No. 29, March 2, 1908, Henry B. Seaman, Chief Engineer."

Pursuant to a resolution of the Public Service Commission for the First District adopted on August 19th, 1908, the sale of the above described buildings will be held by the said Commission on September 1, 1908, at 10 o'clock A. M., on the premises, upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay

immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also, at the time of the sale, give a certified check or cash in full the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City of New York to the cost of completing any other work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walls, structures and ceilings of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises except old mortar or plaster only which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed; but this provision shall not apply where portions only of buildings are removed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the direction of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that this work has been properly performed; but this provision shall not apply where portions only of buildings are removed.

The permits for all workings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidders' assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the said parcel mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place and maintain sufficient guards and fences and warning signs by day and night for the protection of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them may be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, instruments or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property, shall not be taken down. All fireplaces, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., rimmed up, and the walls painted and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Public Service Commission for the First District reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to cancel any and all bids.

### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

#### TWELFTH WARD, SECTION 7.

ONE HUNDRED AND FORTY-NINTH STREET AND BROADWAY—RESTORING ASPHALT PAVEMENT on the northeast corner. Area of assessment: Northeast corner of One Hundred and Forty-ninth street and Broadway, and known as Lot No. 1, Block 2081.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered on August 22, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Arrears of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Arrears of Water Rents, Room H, No. 250 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 21, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the assessment became a lien to the date of payment.

—that the same were confirmed by the Board of Assessors on August 18, 1908, and entered August 18, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Arrears of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment, interest will be collected thereon, as provided in section 1019 of the said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes, Assessments and Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 27, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FAIRVIEW AVENUE (although not yet named by proper authority), from Eleventh avenue to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York.

WHEREAS THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Second—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Third—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Fourth—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Fifth—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Sixth—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Seventh—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 30 and 32 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of September, 1908, and that we, the said Commissioners, will hear parties objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of September, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line drawn at right angles to the easterly line of Broadway, from a point midway of the block between Fairview avenue and West One Hundred and Eighty-seventh street, with a line parallel to and 100 feet westerly from the westerly line of Broadway; thence running northerly along said parallel line to its intersection with the westerly prolongation of the northerly line of Hillside avenue; thence easterly along said westerly prolongation of Hillside avenue to the corner formed by the intersection of the southeasterly line of Nagle avenue and the northerly line of Hillside avenue; thence northeasterly along the southeasterly line of Nagle avenue to the corner formed by the intersection of a straight line to its intersection with a line drawn at right angles to the westerly line of St. Nicholas avenue and distant 100 feet westerly therefrom, from a point midway of the block between Nagle avenue and Fairview avenue; thence southeasterly along the last-mentioned right angle line and its southeasterly prolongation to its intersection with a line parallel to and distant 100 feet northerly of the northerly line of Fort George avenue; thence easterly along said line parallel to Fort George avenue and southeasterly and southerly along a line parallel to and distant 100 feet northeasterly and easterly from the northeasterly and easterly line of Amsterdam avenue to its intersection with the easterly prolongation of the northerly line of West One Hundred and Ninetieth street; thence westerly along said last-mentioned prolongation and northerly line of West One Hundred and Ninetieth street and its westerly prolongation to its intersection with the middle line of the block between Wadsworth avenue and Broadway; thence southerly along said middle line of the block to its intersection with a line drawn parallel to West One Hundred and Eighty-seventh street from a point in the easterly line of Broadway midway of the block between Fairview avenue and West One Hundred and Eighty-seventh street; thence westerly along said parallel line to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 31st day of November, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, July 8, 1908.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended.

Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District at the Judges' Chambers in the City of New Rochelle, Westchester County, N. Y., on the 26th day of September, 1908, at 9:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and one of whom shall reside in the County of Orange or Putnam, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by said act and the acts amendatory thereof.

The real estate sought to be taken or affected is situated in the Towns of Montgomery, Newburgh and Cornwall, Orange County, and the Town of Philipstown, Putnam County.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing of said map:

All those certain pieces or parcels of real estate situated in the Towns of Montgomery, Newburgh and Cornwall, County of Orange, Town of Fishkill, County of Dutchess, and Town of Philipstown, County of Putnam, State of New York, shown on a certain map entitled "Northern Aqueduct Department, Section No. 6. Board of Water Supply of The City of New York. Map of real estate, situated in the Towns of Montgomery, Newburgh and Cornwall, County of Orange, Fishkill, County of Dutchess, and Philipstown, County of Putnam, and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill Aqueduct and appurtenances, from Ulster County line near St. Elmo to vicinity of Coldenham, and from Foundry Brook Valley to west shore of Hudson River at Storm King," which map was filed in the office of the County Clerk of the County of Orange, at Goshen, N. Y., on the 15th day of June, 1908, in the office of the County Clerk of the County of Dutchess, at Poughkeepsie, N. Y., on the 15th day of June, 1908, and in the office of the County Clerk of the County of Putnam, at Carmel, N. Y., on the 16th day of June, 1908; which parcels are bounded and described as follows:

Notice of Application for the Appointment of Commissioners of Appraisal and for the Approval by the Supreme Court of the New Highway System Shown on the Map Hereinafter Referred to.

NORTH CASTLE, MOUNT PLEASANT, WESTCHESTER COUNTY.

**PUBLIC NOTICE IS HEREBY GIVEN** that it is the intention of the Corporation Council of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended, and for the purpose of procuring the approval of the Supreme Court of the new highway system shown on said map of said Section No. 11 and hereinafter particularly described.

Such application will be made at the Supreme Court, at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Judges' Chambers, in the City of New Rochelle, Westchester County, N. Y., on the 26th day of September, 1908, at 6.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent Freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

At the above mentioned time and place an application will be made, as required by said act, to have the highway system shown on said map of Section No. 11 approved by the Court.

The real estate sought to be taken or affected is situated in the Towns of Mount Pleasant and North Castle, County of Westchester and State of New York.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the content, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 220 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to include the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

# THE CITY RECORD.

## OFFICIAL JOURNAL OF THE CITY OF NEW YORK.

There shall be published daily, Sundays and legal holidays excepted, under a contract to be made as hereinafter provided, a paper to be known as the CITY RECORD. And said CITY RECORD, and the newspapers now by law designated as corporation newspapers in the present City of Brooklyn, shall be the only papers to be included within the term corporation newspapers, as the same is used anywhere in this act; . . . . There shall be inserted in said CITY RECORD nothing aside from such official matters as are expressly authorized. . . . . All advertising required to be done for the City, except as in this act otherwise specially provided, and all notices required by law or ordinance to be published in corporation papers, shall be inserted at the public expense only in the CITY RECORD, and the publication therein shall be a sufficient compliance with any law or ordinance requiring publication of such matters or notices. . . . . The Comptroller shall cause a continuous series of the CITY RECORD to be bound as completed, quarterly, and to be deposited with his certificate thereon in the office of the Register of Deeds of the County of New York, in the County Clerk's office of said County, and in the office of the City Clerk, and copies of the contents of any of the same, certified by such Register, County Clerk or City Clerk, shall be received in judicial proceedings as prima facie evidence of the truth of the contents thereof.—§1526, Greater New York Charter.
