WELCOME

TO YOUR 2017 NYC VOTER GUIDE

As a New Yorker, you care about your community and take pride in knowing that you live in one of the greatest, most diverse cities in the country. But our city is only as strong as its citizens' voices. Voting is one of the best ways for you to say that you care about the future of our city. Voting has an impact on a wide range of issues that affect you every day—from jobs and wages, to education, to housing, and more—and your vote can help make our city even better.

Be sure to take this Voter Guide, NYC's official nonpartisan guide to city elections, with you when you cast your vote in the citywide general election this November. The Guide contains profiles of candidates seeking your vote for the offices of mayor, public advocate, comptroller, borough president, and City Council, information about the three proposals on the ballot, and everything you need to know about voting.

Now more than ever, we need to make sure that all our voices are heard at the polls so we can build a city that works for everyone!

VOTE!

Voting in local elections has a real effect on our day-to-day lives. The people we elect make decisions that affect our neighborhoods, schools, jobs, and quality of life every day.

MAYOR

As the leader of city government, the mayor sets city policy and impacts the day-to-day lives of New Yorkers by creating the budget, appointing the heads of boards and agencies like the NYPD or the Department of Education, signing or vetoing bills from City Council, and issuing executive orders.

PUBLIC ADVOCATE

As the people's representative in city government, the public advocate can investigate complaints and make recommendations about city services, provide information that allows New Yorkers to protect themselves (such as the Worst Landlords Watchlist), and introduce and co-sponsor bills. The public advocate is responsible for acting as the mayor if the mayor is absent or unable to perform his or her duties.

COMPTROLLER

As the chief financial officer, the comptroller issues and sells city bonds, which are used to finance public projects like roads and bridges, and monitors the city's spending by conducting audits and reports. The comptroller also

manages the funds in NYC's pension system, the largest public city employee retirement system in the country, by making sure that they are protected and invested wisely.

BOROUGH PRESIDENT

While borough presidents can't create or pass laws, they can fund organizations in their boroughs (about \$4 million of the city budget is set aside for this purpose); make land use decisions; appoint members of local Community Boards and the City Planning Commission, who advise on land and neighborhood needs; and advocate for residents of their boroughs.

CITY COUNCIL

City Council is the law-making branch of the city's government, responsible for negotiating and approving the mayor's budget, making and passing laws, deciding how to use land throughout the city, and making sure agencies are serving the people of NYC. Each City Council member represents one of the city's 51 City Council districts.

WHAT CAN MY ELECTED OFFICIALS DO?

Local elections have a huge impact on the issues we all face, like jobs and wages, housing, education, criminal justice, transit, and public health. We've created a series of explainers that illustrate how your elected officials can impact these areas, so you can cast an informed vote this November.

TOP 3 ISSUES

- 1 A great education for all
- 2 Making the City more affordable
- 3 Increased safety, police-community relations

Party Enrolled: Democratic

Current Occupation: NYC Mayor

Previous Occupation: NYC Public Advocate; NYC Councilmember; U.S. Department of Housing and Urban Development Regional Director; Hillary Clinton for U.S. Senate Campaign Manager

Education: New York University; Columbia University

Organizational Affiliations: N/A

Prior Public Experience: See above

As Mayor of New York City, I have made it my mission to fight for our progressive values and make this a place for everyone through real reforms that lift people up and improve the lives of every New Yorker — because this is your city. That includes expanding pre-K for every four-year-old in the City, expanding our paid sick leave law to cover hundreds of thousands more workers, and raising the minimum wage for tens of thousands more. My administration has dramatically reduced stop and frisk and brought the police and community closer together — while at the same time driving crime to record lows. In my first term, we've built and preserved affordable housing at a record pace, while taking on the landlord lobby, and had two years of rent freezes so that more New Yorkers can afford to stay in their homes.

I am running to restore accountability to New York City government and improve quality of life for residents. We must address traffic congestion, failing schools, transit nightmares, homeless crisis, and the rise in rape and sex crimes. The city is not investing in infrastructure to accommodate long term population growth and economic development. We should be investing in Smart Light technology to ease traffic flow and protect pedestrians and upgrading subway signals to end delays and overcrowding. We can pay for it if we stop wasteful spending, reform or eliminate programs that aren't producing results, and reduce bureaucracy.

As Mayor, I will give the NYPD the tools needed to do its job, expand vocational training opportunities to help people obtain skills to get good paying jobs, assist those struggling with addiction/mental illness, proactively address root causes of homelessness, provide parents with more schools choice, ensure that education dollars reach classrooms, cap spending and reduce taxes where possible.

We must fix our broken political system, where an atmosphere of "legal corruption" has been created & only those who "pay" have the right to "play." I pledge not take campaign contributions from Big Real Estate or lobbyists. I also want to be known as the "mass transit Mayor" and will work with the Governor to improve the system. I will triple the amount of money that the City pays into the system to \$1 billion. As Mayor, I promise to ride mass transit, at least sometimes, so that I can personally experience what's happening. Housing is also a major issue in NYC. Everyone wants affordable housing, but what is being touted as "affordable" is far from it. The current plan has been rejected universally throughout the City because it's "one size fits all." Additionally, inappropriate and out-of-scale development is rampant. I will work to create individualized housing plans that serve the needs of each community yet preserves its character.

I'm running for mayor because this city can do much better. I've spent my entire life in public service. I bring leadership and integrity to the table. I speak to both Democrats and Republicans. My vision is socially inclusive and fiscally conservative. Curbing wasteful spending and creating jobs are at the center of all my plans. We will offer incentives to the best and brightest start-up companies to move to under served neighborhoods and create great jobs. Our infrastructure is aging poorly. I'll re purpose vacant city properties to use as homeless rehabilitation centers instead of paying for fancy hotels. Instead of spending \$10B to build new jails in your neighborhood, lets overhaul the DOC and fix Rikers Island. We'll use our police department — the best in the world — to make sure another innocent child doesn't die at the hands of ACS.

The city is sinking fast, but with your support, we will bring it back!

I am running for Mayor because it's time for someone to put the people of New York ahead of the special interests and big money donors. I'm not a career politician and that's a good thing because I am committed to fighting for the people of New York and against constant political corruption which has left so many of us behind. I want to implement economic policies that give struggling, hardworking New Yorkers a chance to get out of poverty and provide better lives for themselves and their families. I'm running to put an end to short sighted criminal justice policies which make all us less safe and destroy entire communities. And I want to make sure that our schools are teaching finance, economics, business management and entrepreneurship so our kids leave school able to provide for themselves and not struggling in low wage jobs. I'm fighting against the status quo because the status quo isn't helping the little guy. So please support me for New York City Mayor and support changing the way politics run in this city and who politics help.

Hi, I'm Mike!

I'm running for Mayor because we need big ideas and bold action now more than ever.

We face big challenges. Our wages are too low and our rent is too high. Our rights are being threatened. Our jobs are going away. Our subway system is falling apart. And our government simply isn't serving us as well as it can be.

I'm a tech entrepreneur and innovator – I solve problems for a living. So I'm assembling a diverse team of experts and leaders, and we're preparing an ambitious long-term plan to upgrade our services and infrastructure, create new job opportunities, equip our children for future jobs, and reinforce New York City's legacy as the gateway to the American Dream.

Please join our movement and share your voice. I look forward to collaborating with you!

Four years ago, I set out to distinguish the Public Advocate's Office as a vehicle for economic and social justice for all New Yorkers. In my time in office, we have accomplished a great amount. From my groundbreaking legislation to ban questions about salary history in job interviews, bringing us one step closer to closing the wage gap; to securing universal school lunch for every child in middle school, bringing a nutritious meal to over 10,000 children every day; to expanding the Worst Landlords List as a tool and resource for tenants and advocates. If given the opportunity to serve for another four years, I will continue working to ensure that every child has the opportunity for a better future, that every family has the chance to not just survive but thrive, and that every New Yorker has access to the possibilities our City has to offer.

our great City.

For the past four years our city has been plagued by an
incompetent Mayor and a do-nothing City Council. The status

ACS' inefficient operation leaves our City's children dead.
These same elected officials, then, willfully break federal
immigration laws, and allow for the harboring of individuals
who have come into our country illegally and who have then
committed serious crimes. All on the backs of, us, the taxpayer.

Our City deserves leaders who will stand up to corrupt,
pay-to-play policies, and who will fight for justice for all
New Yorkers. Especially the most vulnerable among us,
the children of New York. Mike O'Reilly, will be that leader.

My goal is to distribute the power of the politicians to every New Yorker. We're doing this by building smartphone apps, establishing a livestream channel, and organizing public events that allow you, the people of New York, to work together to solve our city's problems.

How? We've developed a unique 7-step process that enables New Yorkers to turn conversations into proposals, to legislation, to law, to budget commitments, project tracking and outcome analysis. You can learn more at votedevin.com.

I'm not waiting to get elected before getting to work. We've already produced a first version of our smartphone app, and we did it with 1/10th of 1% of the current Public Advocate's budget. Imagine what we could do with a full budget!

My campaign isn't about individual issues: it's about building a process that puts New Yorkers where they should be — in control. This is precisely what the Public Advocate should do.

Let's take this next step. Together.

- 3 Quality Housing People Can Afford

Party Enrolled In: Democratic

Current Occupation: New York City Comptroller

Previous Occupation: Manhattan Borough President

Education: B.A., John Jay College of Criminal Justice

Organizational Affiliations: N/A

Prior Public Experience: Borough President; Assemblymember

We've got to do more to make sure working families can afford to live in New York—and that means focusing on housing costs and the quality of our public schools, and creating more good-paying jobs.

As Comptroller, I helped lead the Fight for 15 to make the minimum wage a living wage. And I've identified more than 1,000 vacant city-owned lots that we can turn into affordable housing, so more families can afford to stay here.

We've also got to make it easier to live here—which means investing in our subways and buses again and ending the annoying delays, expanding access to child care, and making sure there are great public schools in every zip code.

As manager of the city's pension funds, I've fought for reform, whether it's demanding greater diversity in boardrooms or forcing action on important social issues—from climate change to private prisons. And through audits and investigations, I've worked hard to hold city government accountable.

On Nov. 7, I hope you'll give me the chance to keep working to make New York a place we can all afford to call home.

I believe that the incumbent has done an adequate job as Comptroller, in terms of making reports and conducting audits, but he has not taken his role seriously enough in terms of getting results. It's important to note that the Comptroller's office has 750 employees that physically create the reports and audits. The comptroller is an elective office where vision and activism and energy are required. We don't need just another elected bureaucrat. We need a vibrant watchdog. As the next Comptroller of NYC, I want to focus my time on making sure the dollars of NYC taxpayers are spent wisely, and the pension dollars of NYC workers are invested prudently. The management of the NYC Pension Funds is a top priority as it secures the retirement of NYC workers but also mismanagement results in catch-up payments that cost the NYC taxpayer hundreds of millions of dollars.

Prior Public Experience: Bronx Borough President (2009-present); New York State Assemblyman (1996-2009)

My administration has put forward a robust agenda to improve the lives of Bronx residents and to make our borough an even greater place to live, work and raise a family.

In 2016, our borough saw an incredible \$3.27 billion and more than 14.2 million square feet in total development.

Since 2009, The Bronx has been home to nearly \$13 billion and 70 million square feet of total development.

Over 100,000 more Bronxites are working and unemployment has been cut by more than half to the lowest number we have ever seen. We've created jobs, increased wages, improved the health and well-being of our residents, built thousands of units of affordable housing and provided our schools with much-needed capital funding. We are attracting new businesses and new development. We are moving in the right direction.

We have seen tremendous success in The Bronx in recent years. It is my hope that, over the next four years, we will be able to build and expand on this success and continue to build the Bronx into a national model for urban renewal.

I'm seeking the office of Bronx Borough President because this endeavor is a culmination of a lifetime of seeing the injustice, the needs and potential of a great Borough and its people. The Bronx needs vision, awareness and the understanding of the needs of its residents. I see those problems and have embraced the road to solutions. I'm against gentrification with displacement. I know within poor communities there needs to be an infusion of wealth to jump start the community so it can self sustain. When we build luxury housing in area's and price out those who put their blood, sweat and tears into that community, it becomes a problem which causes displacement. The Bronx has the highest rate of failing schools. I will advocate for more money to be allocated to our Public Schools system so they can hire more qualified teachers and other resources needed for our children to excel in life. I want to be an advocate for the 1.4 million people of the Bronx. I will work within all levels of government to make the Bronx a place everyone can call home.

Prior Public Experience: Constituent affairs

My dedication to these issues is founded upon a fundamental belief that communities like ours in the Bronx have been notoriously underserved, and are under even greater threat today. We have a moral obligation to address the issues plaguing our most vulnerable communities. The city is in the midst of an affordable housing crisis with homelessness hitting record levels. We must protect New York's public housing stock in the face of federal budget cuts, and fight to deepen affordability for low-income residents. We must also address the widespread disparities in opportunity for our children. Young people of color are forced to learn in disparately underfunded schools, and their classrooms are strikingly more segregated than their neighborhoods. If we want to give everyone in our district a better chance, we must enact reform that protects the rights of those who are disproportionately targeted by the criminal justice system, give our children a seat at the same table as at any other neighborhood, and ensure them a safe and stable place to come home to.

NY Citizens are struggling too much and are tired of our legislators honestly not caring about them.

I will advocate.

- 1 Better transparency to the people with the laws being passed and suggested.
- 2 Pay in accordance to company net-worth.
- 3 Correct the many flaws with education = No failures. lessen systematic design we currently have.
- 4 Promote only beneficial technology that both advances people and improves health and safety.
- 5 Promote and advocate laws and legislation that all people will benefit from and not just special interest groups.
- 6 Better the community with more safer healthy opportunities that all people can come together for. And keep and promote Cleaner subways and streets and other public places. while asking the community for its help and participation.
- 7 Allow for more options to occupy people's time/educate people and promote better health to help convince people to stay away from drugs and crime.

These seven points are all it takes to make a huge impact in our community lets make it happen! Vote please for Jayson Cancel!

As your City Council Member, it's been an honor to not only serve our community - but to deliver. Since taking office little more than a year ago, I have been proud to bring over \$30 million in funding for capital improvements and programming for our district. As Chair of the Council Committee primarily responsible for affordable housing, I have used the resources at hand to create or preserve over 3,500 affordable apartment units in our community. Finally, I have fought to find ways to create good-paying local jobs with fair benefits, including at the Hunts Point markets. While I have been able to deliver all of this in less than two years, there is still more work to do. That is why I look forward to the opportunity to continue to serve as your Council Member.

The South Bronx has great potential for economic growth; yet, in comparison to other boroughs, it is neglected as crime and poverty persist, while the quality of life in District 17 becomes progressively worse. Let's build a better and safer South Bronx by stimulating economic development, reducing crime, and improving our quality of life.

The South Bronx is filled with both talent and vision but unfortunately due to low job opportunities, the Bronx is only making the bare minimum. Families making \$27,000 or less yearly, can barely make the minimum they need in a city like ours. That is why I believe creating jobs and opportunity would help make our district strong and growing for years to come. I believe that safe and affordable housing is a basic human right. The Bronx is known now as a target area for developers, which can impact what is known to be one of the most diversified populations in all the United States. We are currently facing one of the biggest housing challenges while and preserving the history of our neighborhoods is what I intend to do. Last and never the least, I will promote the expansion of economic growth. That is why if elected, economic growth will be the backbone for families and a continuous tool to be self-sufficient and stable. More than ever, we will aim to help each other

For over forty years, I have been blessed to be able to serve the people of the Bronx. While much has changed, if one thing is for certain, there's still much work to do, and I know I can capitalize on my years of experience to truly deliver for our community on the City Council. There, I would be able to continue to deliver for our seniors, through funding for meal programs, senior centers and senior housing. I could continue to help give our youth a hand up by funding after-school programs and summer youth jobs. Finally, I would be able to best continue the fight for our immigrant communities. While I've been fortunate to be able to serve as your Senator, I look forward to the unique opportunities the City Council would provide as I work to serve you and your family. My first goal is to protect my low, middle income residents and small businesses from Gentrification. It is criminal in my eyes, to make so-called Affordable Housing unaffordable. It is wrong to price out our local merchants from our community.

I will protect local merchants and budget-strapped households from unfair rent hikes.

My second goal is to register local residents for apprenticeship training for union jobs. We have so many residents seeking to become a union electrician, plumber, carpenter, operating engineer, etc., but are unaware of the steps to take. I will fund job workshops to help area residents for higher income careers.

NYCHA residents should not have to compromise their safety & dignity for affordability.

Complaints and violations should not linger beyond 3 months. Garbage should be collected daily, repairs should be prompt and residents should be treated with respect. I am against privatizing NYCHA.

VOTING LOOKS GOOD ON YOU

Nothing says civic engagement like showing off your official NYC “I Voted” sticker.

Real New Yorkers care about the issues in their communities. Show off your city pride and tag us **@nycvotes** in your **#IVoted** sticker selfies on Election Day.

HOW TO VOTE

1 GET YOUR BALLOT

- ◆ Sign in at the correct table for your Assembly District/Election District (these numbers are printed on the cover of your Voter Guide).

2 MARK BOTH SIDES OF YOUR BALLOT

- ◆ Mark your ballot by completely darkening the oval next to your choice using the pen provided.

- ◆ Do NOT use an “x” or a “√”, circle the oval, or make stray marks.

- ◆ For a write-in candidate, fill in the appropriate oval and write in the candidate’s name.

- ◆ Do NOT fold your ballot.
- ◆ Do NOT sign or write your name.

If you need assistance filling in your choices, ask a poll worker about using the Ballot Marking Device (BMD).

3 SCAN YOUR BALLOT

- ◆ Take your marked ballot to the scanner area.
- ◆ Select your language of choice by touching the corresponding button on the screen.
- ◆ Insert your marked ballot into the scanner to cast your vote. The scanner accepts ballots in any direction and reads both sides. The scanner will notify you when your vote has been cast.

BALLOT PROPOSALS

On November 7th, New Yorkers will vote on three statewide ballot proposals. These votes give you a chance to have a direct say on important issues that can make a difference for you and your neighbors. Below, you can find the text of each question as it will appear on your ballot; a summary of the issues prepared by the CFB; and reasons to vote yes or no, which are based on public commentary and may not necessarily reflect all the reasons to support or oppose each proposal.

To read statements from organizations and individuals who support or oppose these proposals, visit the online Voter Guide at nyccfb.info/voterguide.

PROPOSAL 1

CALLING A STATE CONSTITUTIONAL CONVENTION

Shall there be a convention to revise the constitution and amend the same?

CFB SUMMARY

Every 20 years, voters are given the opportunity to decide whether a convention should be held to revise or even entirely replace the New York State constitution.

If a majority of New Yorkers votes NO, there will be no convention.

If a majority votes YES, voters will elect delegates to a constitutional convention in November 2018.

The 204 delegates—three from each state senate district and 15 at-large statewide delegates—will assemble in April 2019 to review the state constitution and suggest amendments. Delegates can recommend changes to any part of the constitution, or even rewrite the entire constitution. They will vote on the proposed amendments. Amendments that are approved by a majority of delegates will be placed on the ballot for voters to decide after the convention adjourns.

Amendments approved by voters statewide will take effect on January 1st of the following year. Amendments that are not approved by New York voters will not be enacted.

REASONS TO VOTE “YES”

- ◆ We need a constitutional convention because the state legislature has failed to act on the issues we care about. Our state constitution is badly out of date, and needs to be simplified and modernized for the 21st century.
- ◆ It's too difficult to change the constitution through legislation; it requires that a constitutional amendment be passed by two consecutive legislatures before the public can vote to adopt it. A convention is our best chance to enact the changes we need.
- ◆ The potential benefits outweigh the costs and the risks. Every amendment the convention proposes must be approved by a majority of voters before it takes effect, so unpopular ideas are unlikely to be enacted.
- ◆ We need a convention to amend the constitution to enact strong ethics reforms that will put an end to corruption in Albany and achieve a more open state government.
- ◆ Our election system is broken and outdated. Important solutions like no-excuse absentee voting, same-day registration, and other election reforms require changes to the state constitution.
- ◆ We must make changes to the constitution in order to reorganize and modernize our outdated court system, which would eliminate case backlogs and save money.
- ◆ All of our children deserve a great education, and we need the constitution to guarantee that public schools across the state are funded equitably.
- ◆ The constitution should reflect our priorities, such as protections for our environment and civil rights. We need an environmental bill of rights and stronger civil rights provisions in the constitution.
- ◆ The growing burdens of our public pension system are too high. We need flexibility to ensure the state can continue to meet its obligations to retirees, but the constitution makes changes to the pension system extremely difficult.

REASONS TO VOTE “NO”

- ◆ A convention is unnecessary, because there is a process for the legislature to amend the constitution. In fact, while voters have approved over 200 amendments to the state constitution in the last 100 years, only six of them came from a constitutional convention; the rest were put before the voters by the state legislature. If legislators do not respond to our concerns, we should elect new legislators who will.
- ◆ A convention would be expensive, and it will be dominated by political insiders. Legislators can run to be delegates, and if elected they will be paid double. Delegates can hire staff, which will create patronage jobs for the well-connected.
- ◆ A convention will benefit special interests, not the public, because the delegate selection process is flawed. Candidates for delegate must collect a large number of petition signatures and raise funds to finance their campaigns. Lobbyists for special interests will target delegates at the convention to try to get good deals for their clients.
- ◆ Even though the proposed amendments have to be approved by the voters, we shouldn't risk losing some of the important protections in our constitution.
- ◆ The constitution keeps our state forest preserves “forever wild.” If those protections are weakened, developers and energy companies could be allowed to build on lands reserved for forest and wildlife conservation.
- ◆ Our constitution's commitment to a free public education for all our children and its promise to care for the needy could be subject to attack.
- ◆ The constitution's protection of pensions for public workers could be threatened, and its protections for all workers, including benefits for injured workers and the right to organize and bargain collectively.

PROPOSAL 2

ALLOWING THE COMPLETE OR PARTIAL FORFEITURE OF A PUBLIC OFFICER'S PENSION IF HE OR SHE IS CONVICTED OF A CERTAIN TYPE OF FELONY

The proposed amendment to section 7 of Article 2 of the State Constitution would allow a court to reduce or revoke the pension of a public officer who is convicted of a felony that has a direct and actual relationship to the performance of the public officer's existing duties. Shall the proposed amendment be approved?

CFB SUMMARY

Currently, the New York State Constitution protects the pensions of public officers even when they have been convicted of serious crimes. This constitutional amendment would allow a court to reduce or revoke a public officer's pension after he or she has been convicted of a felony directly relating to the performance of his or her job. The court would hold a hearing to consider the seriousness of the crime and determine whether the loss of the pension would result in significant hardship for the public officer's dependents.

If a majority of New Yorkers votes YES, the legislature will write the law to put this proposal into effect, and it would apply only to crimes committed on or after January 1, 2018.

The "public officers" covered under this amendment are:

- ◆ Elected officials within the state;
- ◆ Officials appointed by the governor;
- ◆ Managers and chief financial officers of counties, cities, towns, and villages;
- ◆ Heads of state and local government departments, divisions, boards, commissions, bureaus, public benefit corporations, and public authorities;
- ◆ Judges and justices of the state court system; and
- ◆ State employees who are designated by law as policy-makers.

REASONS TO VOTE "YES"

- ◆ A public official who has committed a felony in connection with his or her job has violated the public trust, and does not deserve a taxpayer-funded pension.
- ◆ Officials are less likely to commit crimes if they know they run the risk of losing their pensions.

REASONS TO VOTE "NO"

- ◆ Convicted officials already face punishment for their crimes under the law, and they shouldn't be punished a second time by having their pension revoked or reduced.
- ◆ This amendment does not go far enough. It should apply to all state and local public employees, not just high-level elected or appointed officials. Any public servant convicted of a serious work-related crime should lose his or her pension.

PROPOSAL 3

AUTHORIZING THE USE OF FOREST PRESERVE LAND FOR SPECIFIED PURPOSES

The proposed amendment will create a land account with up to 250 acres of forest preserve land eligible for use by towns, villages, and counties that have no viable alternative to using forest preserve land to address specific public health and safety concerns; as a substitute for the land removed from the forest preserve, another 250 acres of land, will be added to the forest preserve, subject to legislative approval. The proposed amendment will also allow bicycle trails and certain public utility lines to be located within the width of specified highways that cross the forest preserve while minimizing removal of trees and vegetation. Shall the proposed amendment be approved?

CFB SUMMARY

The “forever wild” provision in the New York State Constitution protects the Adirondack and Catskill parks by banning any new development unless it is specifically approved by state voters through a constitutional amendment.

The proposed amendment would create two exceptions. First, it would create a land bank of up to 250 acres of forest preserve land. A town, village, or county could make a financial contribution to a forest preserve expansion account and apply to the Department of Environmental Conservation to use forest preserve land, if it has no viable alternative, for the following health and safety purposes:

- ◆ To address bridge hazards or eliminate dangerous curves or grades on specified highways.
- ◆ To relocate, reconstruct, or maintain highways (with relocation limited to one mile of road).
- ◆ For water wells within 530 feet of a specified highway, to meet drinking quality standards.

Second, it would allow bicycle paths and public utility lines to be located within the widths of specified highways that cross forest preserve lands, and the addition of stabilization devices (such as guy wires) for existing utility poles if no other viable option exists. The amendment requires that such work minimize the removal of trees and vegetation, and it prohibits the construction of any new intrastate gas or oil pipeline that was not approved at the state and local level prior to June 1, 2016.

The state will acquire 250 acres to add to the forest preserve to replace the land placed in the health and safety account, subject to approval by the Legislature.

REASONS TO VOTE “YES”

- ◆ Communities in the parks need the ability to repair their decaying infrastructure and access new services like broadband internet.
- ◆ Any loss of preserved lands will be offset by the land bank’s purchase of new lands to add to the forest preserve.
- ◆ The amendment allows use of the land bank for a narrow set of specifically designated purposes, thereby safeguarding against abuse of the process. The size of the land bank, which will be a maximum of 250 acres, will protect against over-development.
- ◆ The flexibility created by the amendment would allow local governments to respond to crises such as the loss of a potable water source more quickly than through the current amendment process.

REASONS TO VOTE “NO”

- ◆ The current process requiring a constitutional amendment to develop “forever wild” lands ensures that voters can control the process and assess the costs and benefits of each specific development project.

THE DEBATE PROGRAM

The CFB partners with media, educational, and civic organizations to sponsor the Debate Program, which allows New Yorkers to hear directly from the candidates for mayor, public advocate, and comptroller, and compare them side-by-side as they discuss issues. Two debates are held before each primary and general election, and an additional debate is held in case of a runoff election. All candidates for citywide office who are participating in the Campaign Finance Program, are on the ballot, and meet a minimum financial threshold are required to take part in at least one debate. Candidates who are not participating in the matching funds program may also be invited to join the debate, provided they meet the same nonpartisan criteria.

NEW YORK CITY'S

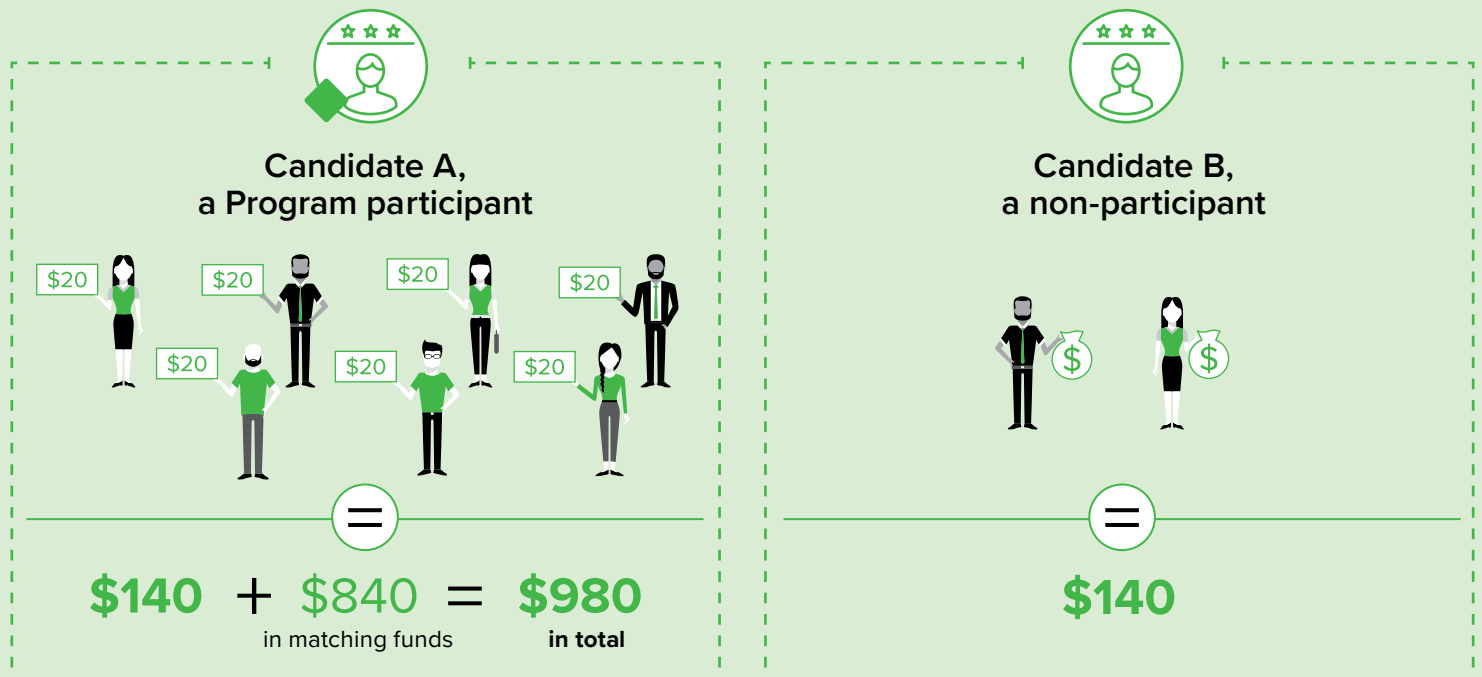

MATCHING FUNDS PROGRAM

NYC's Campaign Finance Program is one of the strongest in the nation. Candidates who qualify and abide by spending limits may receive public funds, matched at a rate of \$6-to-\$1 on the first \$175 of a contribution. This means that when NYC residents donate to local candidates participating in the Program, they can receive \$6 from the city for each dollar contributed.

Candidates must collect small-dollar donations from their constituents to qualify for public funds. As a result, candidates in the Program spend more of their time campaigning in their communities, listening to the concerns of average New Yorkers, instead of working for wealthy donors or special interests. Matching funds also help New Yorkers from all backgrounds run for city office, giving us more choices at the polls and ensuring that the diversity that makes our city strong is reflected in our government.

Visit nycfb.info/program to learn more.

In addition to receiving matching funds through the program, Candidate A is able to interact with more people in the community, as the program encourages candidates to seek small-dollar donations.

FREQUENTLY ASKED QUESTIONS ABOUT VOTING

I DON'T KNOW IF I'M REGISTERED TO VOTE— HOW CAN I FIND OUT?

Go to **voting.nyc** to check your registration status online, or call 866-VOTE-NYC (TTY 212-487-5496 for the hearing impaired) for assistance.

COULD MY REGISTRATION HAVE EXPIRED?

Your registration has no expiration date. However, if you did not vote in the last two federal elections, or you moved without updating your address with the BOE, your registration may be considered “inactive” and your name may not appear in the voter roll at your poll site. You can still vote by affidavit ballot.

WHERE DO I GO TO VOTE?

If you received this Guide in the mail, your poll site location is printed on the cover. You can also check online at **voting.nyc** or call 866-VOTE-NYC.

Remember to confirm your poll site on Election Day.

DO I NEED TO SHOW IDENTIFICATION TO VOTE?

In most cases, you do not need identification to vote. However, if you are newly registered or recently moved and are voting for the first time at your poll site, you may need to show identification to vote in this election.

WHAT IF I MOVED WITHIN NEW YORK CITY SINCE THE LAST TIME I VOTED?

When you move, New York State law requires you to change your address with the BOE within 25 days. You do this by submitting a new voter registration form and filling in the information on the form, including the box labeled “Voting information that has changed.” Fill in your new and old address, check the box for the party you wish to be enrolled in (do this even if you were enrolled in a party at your old address), and provide any other requested information. If you moved but you didn't change your address with the BOE before the deadline, you should go to your **new** polling place and vote by affidavit ballot. Call 866-VOTE-NYC to find out whether your change of address has been processed.

WHAT IF MY NAME IS NOT IN THE VOTER BOOK?

Make sure you are signing in at the correct table for your assembly and election district. If you received this Voter Guide in the mail, you can find your district numbers on the cover. You can also find them on the mailer that the BOE sends to all registered voters before each election. Poll workers can look up your name and address and determine which district you live in as well.

You can also check to make sure that you are registered by going to **voting.nyc**.

If you're unable to find your assembly and election district numbers but believe that you are still eligible to vote, ask a poll worker for an affidavit ballot and follow the instructions.

WHAT IS AN AFFIDAVIT BALLOT?

An affidavit ballot is a paper ballot you can request if you're not listed in the voter book but believe you are eligible to vote and are at the correct polling site (for example, if you moved without updating your address or your address change wasn't processed in time for you to appear in the voter book). Follow the instructions to fill out this ballot and the envelope, and give it to a poll worker when you are done. After the election, the Board of Elections will check its records—if you were eligible to vote, were at the correct poll site, and filled out the ballot and envelope correctly, your vote will be counted. If not, you will receive a notice that your vote did not count.

Your affidavit envelope serves as a registration form for future elections if you were not eligible to vote and you filled it out correctly.

WHAT IF A POLL WATCHER CHALLENGES MY RIGHT TO VOTE?

If a poll watcher challenges your right to vote, e.g., states that you are not the person you claim to be or that you don't live in the district, you can ask a poll worker to administer an oath to you to affirm your qualifications to vote. You will swear under penalty of perjury that you are eligible and qualified to vote, after which you will be permitted to vote on a regular (not affidavit) ballot.

WHAT IF I CAN'T GET TO MY POLLING PLACE ON ELECTION DAY?

You can vote by absentee ballot if you are unable to get to your polling place due to absence from the county or New York City on Election Day; temporary or permanent illness or physical disability; hospitalization; duties related to primary care of one or more individuals who are ill or disabled; or detention in a veterans administration hospital, jail, or prison, awaiting trial or action by a grand jury, or in prison for a conviction of a crime or offense that was not a felony.

By mail: Call 866-VOTE-NYC to request an absentee ballot application or download it from the BOE's website, vote.nyc.ny.us. Fill out the application and mail it to your BOE borough office by the deadline. The BOE will send you an absentee ballot. Fill it out and mail it by the deadline to your BOE borough office (see "Election Dates and Deadlines" on page 3).

In person: Absentee voting in person begins as soon as the ballots are available (at least 32 days before an election) and ends on Election Day. It is conducted at your BOE borough office Monday–Friday and on the weekend prior to Election Day, 9:00 a.m. to 5:00 p.m., and until 9:00 p.m. on Election Day.

Please note: If the deadline for requesting an absentee ballot by mail has passed and you cannot appear at your poll site on Election Day because of an accident or sudden illness, you can send a representative to your BOE borough office with a written letter of authorization to obtain an absentee ballot on your behalf. A completed application and your completed ballot must be returned to your BOE borough office by 9:00 p.m. on Election Day.

CAN I VOTE IF I WAS CONVICTED OF A FELONY?

If you have been convicted of a felony, you can register and vote after you complete your sentence and/or parole.

CAN I VOTE IF I WAS CONVICTED OF A MISDEMEANOR?

You can register and vote, even from jail, if you have been convicted of only a misdemeanor. The same rules apply whether you were convicted in a New York court, another state's court, or a federal court. You do not need to provide any documentation.

I AM CURRENTLY HOMELESS, CAN I VOTE?

Yes, homeless people can register and vote in New York City.

COME TO A VAAC MEETING

The CFB's **Voter Assistance Advisory Committee (VAAC)** holds public meetings throughout the year to solicit testimony from elected officials, good government groups, and New Yorkers about how to improve voting in our city.

Voting is how you can make a difference on the issues that matter to you. Share your NYC voting experience at a VAAC meeting and help us reform our election laws so that all New Yorkers can get registered and cast a ballot that counts. Meetings are open to the public and livestreamed. To view past meetings, visit nycffb.info/live.

For a list of upcoming meetings, please visit nycffb.info/about/calendar.

This Voter Guide is produced by the New York City Campaign Finance Board (CFB) to help city voters make informed choices at the polls. For every regularly scheduled city primary and general election, the CFB creates and mails a Guide to every registered city voter – in English and Spanish citywide and in Chinese, Korean, and Bengali in targeted areas – and produces an online Guide in these languages.

This Guide lists all the candidates who were expected to be on the ballot at the time of publication. Some candidates may have been removed from the ballot since this Guide went to press. Check the online Guide at nycfb.info/voterguide for the most up-to-date information, as well as taped candidate video statements.

The profiles and photos in this Guide were submitted to the CFB by the candidates, all of whom have affirmed that the information in their profiles is true to the best of their knowledge. The information provided by the candidates is reprinted as it was supplied to the CFB except in the case of egregious errors and minor formatting issues, which may be corrected by the CFB prior to publication. The views expressed in the candidate statements do not represent those of the CFB.

This Voter Guide was prepared by the Communications Unit of the Campaign Finance Board – Crystal Choy, Gina Chung, Winnie Ng, Jordan Pantalone, Sarah Spector, and Elizabeth A. Upp – with the assistance of the Candidate Guidance and Policy Unit.
