

THE CITY RECORD.

OFFICIAL JOURNAL.

Vol. X.

NEW YORK, FRIDAY, DECEMBER 29, 1882.

NUMBER 2,912.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK.
MAYOR'S OFFICE, CITY HALL,
THURSDAY, December 28, 1882—12 o'clock M.

The Board met in pursuance of an adjournment.

Present—All the members, viz.:

Wm. R. Grace, the Mayor; Allan Campbell, the Comptroller; Wm. Sauer, the President of the Board of Aldermen; Thos. B. Asten, the President of the Department of Taxes and Assessments. The minutes of the meeting held December 26, 1882, were read and approved.

On motion, the Board proceeded to the consideration of the Final Estimate for the year 1883.

Messrs. Oswald Ottendorfer, Prof. C. F. Chandler, Dr. Woolsey Johnson, Dr. Jacoby, C. C. Haight, and Dr. Thoms appeared before the Board, and made statements in favor of an appropriation for the establishment of a Hospital for the Care of Contagious Diseases, at the foot of East Sixteenth street.

Thomas S. Brennan, Jacob Hess, and H. H. Porter, Commissioners of Public Charities, and Mrs. Josephine Shaw Lowell and William R. Stewart, Commissioners of State Charities, appeared before the Board, and made statements relative to the purchase of land, etc., for insane asylums, and presented the following:

THE BOARD OF ESTIMATE AND APPORTIONMENT, NEW YORK CITY.

Communications and Documents from the Commissioners of Public Charities and Correction, Relating to Further Provision for the Insane.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
December 27, 1882.

To the Board of Estimate and Apportionment:

GENTLEMEN—From the accompanying reports, extracts, and suggestions your Honorable Board will readily see the necessity of taking into consideration the vital questions contained therein.

The treatment and care of the insane is a matter that has long been the subject of public thought and expression, and all minds seem to agree that healthful exercise and the absence of appearances of indoor confinement (such as are now from necessity to a great extent in use in this Department) are indispensably necessary.

We have attached to the Asylum for the Insane on Ward's Island, a small farm which employs about 120 hands, the produce of which is used to great advantage to this Department, thereby saving a considerable amount of money.

We could readily employ about one-third of the number of inmates of that institution, if we had available land, and it is the opinion of this Board that with an extensive farm, accessible by water, and the use of our steamboats, in a few years sufficient vegetables could be raised to amply supply the requirements and wants of our several institutions, which now cost the city about \$25,000 per annum, to say nothing of improvements of lands and buildings.

Very respectfully,

THOMAS S. BRENNAN, President.
JACOB HESS, } Commissioners.
H. H. PORTER, }

From the President of the Board of Consulting Physicians:

I have read Dr. Macdonald's paper addressed to the Commissioners of Charities and Correction, dated December 22, 1882, and believe the recommendations are all judicious, and some of them absolutely necessary.

December 26, 1882.

A. CLARK.

From Members of the Board of Consulting Physicians:

We approve of Dr. Macdonald's suggestions.

E. G. JANEWAY, M. D.
CHAS. INSLEE PARDEE, M. D.
MONTROSE A. Pallen, M. D.
ALLAN McLANE HAMILTON, M. D.
ALFRED L. LOOMIS, M. D.
AUSTIN FLINT, JR., M. D.
JOSEPH D. BRYANT, M. D.
WHITMAN V. WHITE, M. D.

NEW YORK CITY ASYLUM, WARD'S ISLAND,
December 22, 1882.

Hon. THOMAS S. BRENNAN, President, etc.:

MY DEAR SIR—The new East wing of this Asylum is now nearly ready for occupation. It completes the Asylum structure as originally contemplated, and increases its capacity to one thousand beds. It falls short of providing for the proper accommodation of all the male patients at present under the care of your Department, their entire number being to-day 1,360; and it of course makes no provision for the future steady increase which is certainly to be looked for. The Pavilion Building, funds for which you are now seeking from the Board of Estimate and Apportionment, will, if the funds be granted and it erected, only partially contribute to the accommodation of the present surplus, for it is intended to provide rather improved quarters for certain classes (the sick and filthy) already under care in the asylum proper, than to take in those who are temporarily lodged elsewhere.

We may assume, then, that there are 360 patients at present not adequately provided for, and, allowing for the usual increase during the period of the erection of the pavilion, that such will continue to be the case when the pavilion is ready for occupancy. A portion of this surplus is now domiciled in a very unsuitable building, borrowed from the Commissioners of Emigration (who are now strenuously demanding its return), and the remainder in an equally unsatisfactory building belonging to your Department, but situated on Randall's Island.

It is plain, then, that beyond any increase of accommodation which is now nearly available, and beyond any that has even been determined upon as necessary by your Board (and which is still subject to the veto of the Board of Estimate and Apportionment), there is urgent need for increasing the number or the capacity of the departmental buildings assigned to the reception of the male insane.

The question presents itself which form the increase shall take—of capacity or of number. In my own view, it should be of the latter. I am of opinion that an institution for the care of the insane, with a capacity of 1,000 beds, is as large as is at all proper in justice either to its patients or its officers.

The present building, as completed, is symmetrical and fully taxes the capabilities of the executive portions—the offices, boiler-house, kitchen, laundry, etc. I think that it is unquestionable, that the construction of a new and separate institution, and not the enlargement of the present one, is called for.

If this be granted, the further question of location arises: Whether the new institution should be erected upon one of the islands at present owned by the city or elsewhere? I am again in favor of the latter course. This, (Ward's) Island, is, proportionately, less crowded than any of the others, but it is, in my judgment, as fully occupied as it should be. Even were the few outstanding acres, still belonging to private owners, acquired by the city, all the land could readily be brought under cultivation by the proportion of the one thousand patients remaining, who might be capable of out-door work, if necessary facilities, implements and an increased force of out-door attendants were provided; and the presence upon the island of the institutions of another department and another institution of your own Department, exposes such patients as are so employed to contacts and dangers that are undesirable.

In my own view, the most feasible and desirable solution of the problem for providing further for the male insane, now, and to come, in care of your Department, would be the acquisition of farming land, upon which comparatively inexpensive structures should be erected and to which the chronic, comparatively harmless, and physically strong, insane, should be transferred, and where they should, so far as possible, be occupied in out-door labor.

Certain requirements should, in my opinion, be possessed by the land acquired for this purpose; among others, it should be upon the water-front, and not at too great a distance from the city, in order that the departmental steamers might transport supplies, thereby saving the great expense of inland freight, and that patients and their friends, visiting them, might be saved the time and annoyance, and the latter the cost, of railway travel.

My own idea of the best course to pursue, would be, to make the new institution a home for the chronic and less curable cases, leaving to the present asylum the duty of receiving and caring for the acute, and presumably, curable cases.

The farm now attached to the latter, even with the additions that may be made to it, could, no doubt, be adequately cared for by convalescing patients, whose recovery would be expedited by the employment.

The labor list of the Asylum for the current year, kept down as it has been by want of attendants, has averaged about 400—and of these about 120 have been employed upon the farm during the period of the year when farming work was most active. I believe that, perhaps, twice the number, say 800, could be employed, and a much increased proportion in farm work, if the new institution of which I speak were provided, and if provision were made for the necessary increase in the number of out-door attendants, etc.

I presume that I do not need to insist at any length upon the advantages, both economic and curative, of out-door employment for the insane. It will certainly not be necessary for the instruction of the gentlemen of your own Board, who have practical knowledge of the matter, and it can scarcely be necessary for the information of the gentlemen of the Board to which you are appealing.

From the first, those who, from intimate association with the care of the insane, are best qualified to speak with authority, have recognized the importance to the well-being and progress of the patient of systematic and healthful occupation, and the importance to the community supporting him of realizing such offset of that burden as the profits of such occupation may afford. This proposition is of such self-evident propriety as to have been adopted, even by amateur authorities upon the care of the insane.

In the establishment of all State asylums for the care of the insane it has been regarded as a desideratum that the site chosen should embrace a sufficient acreage of arable land to afford employment for the available proportion of the number which it has been contemplated to receive.

It is true of these asylums that their population is derived largely from the rural classes, and that performance of farm work, as convalescence commences, or as the disease assumes a chronic and tractable form, is only the resumption of accustomed habits and an accustomed pursuit. A city asylum, filled with patients from a large city, unaccustomed to such labor, and, as a rule, much broken in bodily health, has peculiar difficulties to contend with; but, in the main, the difference will be apparent more in diminution of returns to the institution than of advantage to the patients. In a great number of our cases, where, either through convalescence or chronicity, the patient's labor becomes available, it will be best available in the way of mechanical labor.

I do not think that in any provision for out-door occupation or farm life, this availability should be lost sight of, but that the endeavor which has already been made in the establishment of a number of workshops to utilize skilled labor, should be continued and extended.

In conclusion, I ask to be permitted to relieve myself from any suspicion of making my present recommendations with a view of curtailing in any way the comforts of the chronic and incurable or of any class of the insane.

While economy can be served in the matter of buildings, I do not think that it should be sought in any reduction of diet or the like. The assignment of a patient to one or other institution—the old or the new—should be regulated only by his condition, the phases of his insanity, and the prospects of his cure and comfort, and whether they be regarded as entirely independent institutions, or the latter as merely a branch of the former, facility of exchange of patients from one to the other, as their best interests may indicate, should be, without question, preserved.

Very respectfully,

A. E. MACDONALD, Medical Superintendent.

DR. T. S. CLOUSTON, of the Royal Asylum, Edinburgh, Scotland, 1881.

"When lately giving directions to an architect for the building of a new pavilion, we told him: 'Build to last for five-and-twenty years only.' By that time ideas will have changed, and my successor can carry out his own notions and those of his time."

DR. BUCK, Medical Superintendent, London Asylum, Ontario, 1879.

"Nothing has happened in the year just closed to make me alter what I said in my last report in praise of our group of cottages."

"The one hundred and eighty patients in this part of the Asylum, in spite of the large amount of liberty they are allowed, give no trouble. We have still no elopements from any of the cottages, and no accident of any kind as the result of too much freedom. The cost of construction of these buildings was \$278 per patient."

DR. G. M. BEARD. The Asylums of Europe, 1881.

"The best asylums of Europe are not enormous or imposing buildings, but a series or collection of small or moderate sized, unimposing cottages or houses. * * * The institution at Alt. Sherbitz has six or eight cottages, a small distance from each other, each cottage being about the size of a moderate country house—all plain brick buildings, all pleasing in appearance outside, and comfortable in reality inside."

"The Royal Edinburgh Asylum is composed of five houses, separated by a considerable distance. * * * It is believed and asserted that this splitting up of large buildings into a number of small ones, and thus scattering the insane over a wider area than has been the custom formerly, is an immense practical advantage to all classes of lunatics."

DR. C. T. FOLSOM in "Diseases of the Mind," 1877.

"In costly arrangements for 'convenience of administration,' and in the multiplicity of labor-saving machinery, where it is difficult to find enough for the patients to do, the new American State Hospitals for the insane are absolutely without rivals."

Professor WESTPHAL, Superintendent of the Department for the Insane of Charity Hospital, Berlin, 1876.

"A new insane asylum has not yet been built in Berlin. * * * My advice has not yet been asked, but I should recommend the purchase of a large piece of land, to be cultivated by the insane. A small central building should be constructed, and the greatest part of the patients should be lodged in separate, simply-constructed buildings. Such a plan is now being carried out in the province of Saxony, the land having been already bought."

DR. H. R. WILBUR, in Paper on Buildings for the Management and Treatment of the Insane, 1877.

"In Great Britain many of the asylums for the insane, of recent construction, are a fair illustration of what may be done at a moderate cost in this direction. Two-storied buildings, with house-like arrangements, as far as such are admissible. The lower stories for day occupation, with large airy, and cheerful rooms, opening directly out to the grounds for exercise, and of convenient access

to the various workshops, the chapel, and the general dining-halls. The upper story for sleeping apartments, either single or associated. The whole surrounded by a wall, sunken or concealed by foliage.

The appearance of confinement is avoided, and grated windows and spring locks are either absent or only used in what are called the refractory wards."

Report of the N. Y. State Commissioner in Lunacy, for the year 1878.

"Out-door labor, which is so beneficial to the health of the sane, has been found equally efficacious in the cure of the insane. It is therefore resorted to in all our asylums, according to the varying conditions of patients and the opportunities for giving them suitable occupation.

"In the absence of land on which to work or of shops in which to carry on mechanic arts of a simple character, it is difficult to find proper employment for any large body of insane. This is now so generally recognized that at almost every asylum in the State, however small, land is the first instrument of treatment secured, next to a building. All our State asylums, with the single exception of the one for insane criminals, being provided with large farms, the rule of employing so many patients as possible in field labor has always been enforced."

Commissioners of Lunacy of Scotland, for 1877—Twentieth Annual Report.

"The extent of land attached to Scotch asylums is yearly becoming more and more considerable. Indeed, nearly all our asylums are now acquiring such an extent of land as may properly be called a farm. The Argyle Asylum, for instance, has about 222 patients, 500 acres; and the little Banff Asylum with 90 patients, about 150 acres. This land furnishes healthful occupation and exercise to the inmates, and in the strictest sense furnishes a means of medical treatment. At the same time it benefits the whole number of the patients by the liberal supplies of beef, mutton, pork, potatoes, green vegetables and milk which it yields. * * * Fortunately, it appears that the possession of a large extent of land proves, also, an advantage financially to the asylum which cultivates it. In other words, it lightens the burden of those who pay for the maintenance of the patients; and while it does this it also procures for the patients themselves additional comforts, better health and greater happiness. It is difficult, indeed, to see how an asylum farm, which has been purchased, or which is held on lease at a reasonable price, should ever fail to be a source of profit, since so much of the labor bestowed on it costs nothing, and since the purchaser of its produce is at its door and is a sure payer. This opinion now receives general acceptance in Scotland, and as the result of it, no opportunity is lost by our asylum managers of acquiring additional land."

DR. RUTHERFORD, Superintendent of the Barony Parochial Asylum at Lenzie, Scotland, Annual Report for 1880—470 patients.

"The most important event of the year has been the purchase of the adjoining farms Muchroft and Taulthead, by which 178 acres have been added to the available resources, for the out door employment and recreation of the patients. From this I anticipate the best results both from a curative and from a financial point of view. The additional land will be cultivated by the labor of the patients, with little, if any, addition to the existing number of horses and plowmen. The farm staff has not been increased during the past five years, while the land has been more than doubled in extent. The pecuniary results, therefore, can scarcely fail to be advantageous, and I hope this will soon be apparent in the diminished cost of the maintenance of the patients.

"But it is rather as a great and beneficial means of treatment that this extension of the asylum grounds is to be regarded.

"With 382 acres of land surrounding the asylum, there can be no lack of means of employment for the patients."

Report of the Trustees of the New Hampshire Asylum for the Insane, Concord. Report June, 1881—291 patients.

"The farm proves of much importance to the asylum, both as a source of pecuniary income and as a curative agent, affording recreation and exercise to a portion of its patients during the mild season of the year. The value of out-of-door diversion in the treatment of mental disease is now more highly appreciated than formerly, and is not unfrequently a remedial means of great worth. No asylum for the insane should be without ample grounds."

Report of the Superintendent of the Willard Asylum for 1880—1,565 patients.

"The avails of the labor, \$30,314.33, have not been inconsiderable, as will be observed, and have had a decided influence upon the financial results of the asylum year. Employment and occupation have had an equally beneficial effect in contributing to the well-being and contentment of the asylum community. The wisdom of securing a large tract of land, and its capabilities for furnishing labor and occupation for the insane are more apparent every year. Farm labor has the great advantage that it is performed in the open air; does not require skilled training; that it affords variety; that all who engage in it feel that they share the results and that they become identified with the soil and their place of domicile. It has the single disadvantage, that it cannot be carried on through the entire year.

The question of the labor of the insane, its feasibility and value, has been demonstrated by this asylum, and particularly during the past year.

Report of Trustees of Willard Asylum for the year 1881—1,695 patients.

Products of farm and garden \$26,885 75
Work in grading, valued at 10,000 00
\$36,885 75

Report of Superintendent and Physician of New York State Asylum for Insane Criminals, September, 1881—135 patients.

"I have had occasion, in former reports, to deplore the fact that there is no farm connected with this asylum, and I may add in this connection that the institution must be incomplete, until the want is supplied. It is beyond question that the proper cultivation of at least two hundred acres of land could easily be done by patients here, under the supervision of an intelligent farmer. This would afford to the inmates an abundant supply of fruits, vegetables, milk, butter, eggs, pork, etc., nearly all of which articles now have to be purchased for cash. * * *

Agricultural pursuits on the part of its inmates are profitable to an institution and furnish a pleasant variety of labor, without mental strain. This, in turn, produces a wholesome fatigue and conduces to good appetite, restfulness and sound slumber. The tonic influence of fresh air and sunlight tend to strengthen and invigorate both mind and body, thus placing patients in the best possible circumstances to promote recovery in the curable, and to ameliorate the condition of the incurable.

The Middlesex County Lunatic Asylum, Hamwell, near London—1,800 patients.

A gentleman, who visited the asylum in 1877 for the purpose of examining the system of management, reports: "About seventy-five per cent. of the men who are able, worked steadily at farm or garden work or at trades, as upholsterers, shoemakers, tinsmiths, carpenters, painters, plumbers, tanners, etc., doing all (or nearly all) the work in the establishment in these lines. The hours of work are fixed by rule from 9 A. M. to 1 P. M. from 2 to 4.30 P. M., and exceptions are regulated by the physician. The work is not compulsory, but those who work are allowed a fuller dinner than is given to the others, also other extra indulgences to those who do particularly well.

DR. KIRKBRIDE, Superintendent of the Hospital for Insane, 1880. "On the Construction of Hospitals for the Insane."

"Gives a hundred acres as the minimum for every asylum, and thinks it is hardly possible, under any circumstances for such an institution to control too much land immediately around it. Dr. Kirkbride, in a private letter, says that 'with 1,200 patients, 200 acres is the smallest amount admissible.'"

DR. GRANVILLE, in the London Lancet, 1877.

"Occupation is necessary, first, for the patient's mind, and second, for his body. Mere purposeless exertion, in which the mind has no share, will not suffice to keep a human organism in good health, and it must work as well as play. * * * It is my strong conviction that the time cannot be far distant when work, with a serious purpose, not mere desultory employment, will be recognized as one of the most important elements of treatment.

"Speaking of Brookwood Asylum, Surrey, England, he says: 'The farm is well managed and of great value to the establishment, both as supplying healthful occupation to a large class of male patients, and on account of its produce.'"

Report of Board of Trustees of Willard Asylum, Ovid, N. Y., for 1879—1,539 patients.

"We invite attention to the products of the farm connected with and belonging to the asylum. There are 702 acres embraced in the farm. Of this it is safe to say that 250 acres are unproductive, being occupied as lawns about the various buildings, in roads or walks, or are covered with forests, and are broken into ravines. The products of what is left, subject to cultivation, or in meadows and pastures, from a statement made with care, based upon the market price of the locality, amounted to a valuation of twenty-nine thousand nine hundred and sixty-nine dollars and one cent (\$29,969.01). A considerable amount of the labor in the cultivation of the farm and garden has been performed by the insane. It is not attempted, except by moral influences, to enforce labor from patients, but many prefer to work. All those who do work are unquestionably benefited. * * * It will be seen that the value of the productions of the land is largely in excess of the interest on the land investment. The land does more—it gives healthful and necessary exercise to those in custody here. * * * The work generally is done cheerfully. In many instances it is a diversion; it brings profit to the institution, and reduces the expense of support. For instance, the charge this year is two dollars

and forty cents (\$2.40) per week, per patient. The earnings of the patients by their labor, which is applied to their support, amounts to an average of twenty-five cents per week. If there was no farm labor and no production * * * the charge would be \$2.65 instead of \$2 per week, as now. This is the economical view, important and practical as it is, but the lowest view of the subject. The employment of the insane adds to their health and enjoyment, their comfort and contentment, which are the higher and better results of the labor system."

"Gross products of asylum farm in 1880.—Total, \$8,827.37. * * * Viewed from an agricultural standpoint merely, the asylum farm is yielding results surpassed by few others of equal size in the State." Aside from the land occupied by the asylum building, airing inclosures, ponds, barns, etc., it has an area of about 100 acres, and this has afforded, the past year, a gross income of \$88.27 per acre.

Very respectfully,
JOSEPHINE SHAW LOWELL, } Commissioners,
WILLIAM R. STEWART, } State Board of Charities.

Which was ordered to be printed in the minutes.

The Chairman presented the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, }
36 UNION SQUARE, }
December 28, 1882. }

To the Board of Estimate and Apportionment:

Since I had not an opportunity to be heard when you were considering the appropriations for this Department, and had no notice of a hearing before you on the 26th instant, I have the honor to call your attention to the printed statement in respect to the appropriations which I herewith transmit.

Respectfully,
SMITH E. LANE, Commissioner Department of Public Parks.

DEPARTMENT OF PUBLIC PARKS.

Statement by Commissioner SMITH E. LANE, to the Board of Estimate and Apportionment in respect to the Appropriations for 1883.

CITY OF NEW YORK, DEPARTMENT OF PUBLIC PARKS, }
December 22, 1882. }

To the Board of Estimate and Apportionment:

Some of the appropriations asked for by this Department have been allowed by your Board, and others have been reduced. I wish to call your attention to the tabulated statement showing the amounts proposed by the Department, those allowed by your Board and proposed on the revision by the Board of Aldermen, and, secondly, to a comparative statement of appropriations since 1877. They show the reasons why the amounts we ask should be granted.

Appropriations Proposed for 1883.

	Departmental Estimates.	Allowed by Board of Estimate and Apportionment.	Revised by Board of Aldermen.
I. Salaries.—To pay entirely the salaries of the President, Clerks, Engineers, Architects, Superintendent, and all employees of the Department, excepting mechanics, gardeners, laborers and their foremen, employed in the work of maintaining the parks and places, also excepting the Topographical Engineer and his assistants in charge of surveying, monumenting, etc., Twenty-third and Twenty-fourth Wards, and also excepting the Superintendent and Engineer in charge of public places, roads, avenues, and bridges, Twenty-third and Twenty-fourth Wards. (Sections 83 and 112, chapter 335, Laws of 1873.)			
President.....	\$5,000 00	\$5,000 00	\$5,000 00
Superintendent, Architects, Engineers, Clerks, etc.....	30,000 00	30,000 00	30,000 00
II. Police.—Salaries of Captain, Surgeon, Sergeants, Patrolmen, Gatekeepers, Special Patrolmen, and Police Tailors..... (Section 6, chapter 290, Laws 1871.)	110,000 00	94,000 00	98,303 00
For purchase of uniforms and supplies.....	6,000 00	6,000 00	6,000 00
III. Labor, Maintenance, and Supplies.—For all supplies, and for wages of Foremen, Gardeners, Mechanics, and Laborers employed on works of maintenance, excepting those employed in the Zoological Department, and including maintenance Meteorological Observatory..... (Section 83, chapter 335, Laws 1873.)	225,000 00	238,000 00	238,000 00
And for repairs to terrace, bridges and archways, Central Park.....	13,000 00		
IV. Zoological Department.—For the keeping, preservation and exhibition of the collection in the Zoological Department of Central Park, including repairs of buildings used for that purpose..... (Section 5, chapter 25, Laws 1865.)	18,000 00	18,000 00	18,000 00
V. Maintenance of Museums.—For the keeping, preservation and exhibiton of the collections of the American Museum of Natural History and Metropolitan Museum of Art..... (Section 7, chapter 756, Laws 1873.)	30,000 00	30,000 00	30,000 00
VI. Music for Central Park and City Parks.....	6,000 00	6,000 00	6,000 00
VII. Harlem River Bridges.—Repairs, improvement, and maintenance..... (Section 3, chapter 334, Laws 1871.)	30,000 00	30,000 00	30,000 00
VIII. Walks, City Parks other than Central Park.—For laying new and repairing old walks in the city parks and places.....	7,500 00	7,500 00	7,500 00
IX. Walks, Central Park.—For laying new and repairing old walks in the Central Park.....	20,000 00	20,000 00	20,000 00
X. Central Park, Transverse Roads Nos. 1 and 3, at Sixty-fifth and Eighty-sixth Streets.—For repairs and maintenance of Transverse Roads Nos. 1 and 3, at Sixty-fifth and Eighty-sixth streets.....	10,000 00	10,000 00	10,000 00
XI. Riverside Park and Avenue.—For the improvement and maintenance of Riverside Park and avenue.....	25,000 00	25,000 00	25,000 00
XII. Skate Building.—For the erection of a building on the Central Park for the accommodation of the public during skating season.....	10,000 00	10,000 00	10,000 00
XIII. Ladies' Cottages.—For erecting cottages at Reservoir Square and Mt. Morris Square.....	5,000 00	5,000 00	5,000 00
XIV. Maintenance Twenty-third and Twenty-fourth Wards.—For the maintenance and government of public places, streets, roads and avenues in the Twenty-third and Twenty-fourth Wards, including supplies, salary of Superintendent, and wages of all persons employed on the work..... (Section 14, chapter 320, Laws of 1874.)	102,000 00	60,000 00	80,000 00
XV. Rebuilding Mt. St. Vincent.....	25,000 00
XVI. Bronx River Bridges.—For the rebuilding, repairing and maintenance of bridges over the Bronx river within the city limits.....	10,000 00	10,000 00	10,000 00
XVII. Surveying, Laying-out, etc., Tax and Assessment Maps, Twenty-third and Twenty-fourth Wards.—For surveying, laying-out, and monumenting Twenty-third and Twenty-fourth Wards, and the northerly end of Manhattan Island, north of the south side of One Hundred and Fifty-fifth street, including salaries and wages of all persons employed on the work, and for making and completing maps, Twenty-third and Twenty-fourth Wards, for the use of the Department of Taxes and Assessments..... (Sec. 14, chaps. 320 and 604, Laws of 1874.) (Chapter 411, Laws of 1876.)	15,000 00	15,000 00	15,000 00
XVIII. Sewers and Drains.—For cleaning and repairing sewers and drains in Twenty-third and Twenty-fourth Wards.....	10,000 00	10,000 00	10,000 00
XIX. Surveys, Maps, and Plans in Twenty-third and Twenty-fourth Wards.—For making surveys and maps for the opening of streets and avenues for the use of the Commissioners of Estimate and Assessment, and for making preliminary surveys and plans not assessable, of projected sewers and drains, including rent of office for Engineers, and for making maps for acquiring right of way for building drains.....	6,000 00	6,000 00	6,000 00
XX. Incumbrances, Twenty-third and Twenty-fourth Wards, Removal of.....	3,000 00	3,000 00	3,000 00
XXI. Arranging and Classifying Maps and Records of Twenty-third and Twenty-fourth Wards transferred by Annexation Act.....	2,000 00	2,000 00	2,000 00
XXII. Manhattan Square, Improvement of.....	20,000 00	20,000 00	20,000 00

	\$12,000 00	11,587 49
	\$216,129 83

I propose to present a general survey of the work of the Department to justify the appropriations asked for, and particularly to urge an increase over the amount allowed by the Board of Estimate and Apportionment, in September last, in the following items:

	Amount asked for.	Amount allowed.
II. Police.....	\$110,000 00	\$94,000 00
XIV. Maintenance Twenty-third and Twenty-fourth Wards.....	100,000 00	60,000 00
XXIV. City parks, top dressing, etc.....	20,000 00
XXIV. Eighth avenue wall, Seventy-seventh to Eighty-third streets.....	26,000 00
XXVI. Retaining wall, Eighty-first street and Eighth avenue.....	6,000 00

And the following item inserted on the revision by the Board of Aldermen:

XV. Rebuilding Mount St. Vincent building.....	\$25,000 00
------------------------------------------------	-------------

I repeat the statement I have heretofore made that the money allowed must be expended with rigid economy. That this economy means the best superintendence. Poor superintendence is both wasteful and expensive. From the statement addressed to your Board a year ago I quote the following:

"The characteristic of the work of this Department is that it is artistic. It is not building streets, or any other construction for the mere purposes of utility. It is to please and entertain the people, and is capable of being brought to the highest results of landscape gardening. In this sense, it is a luxury and necessarily expensive. If the people were satisfied with a common, with ordinary country roads, and such paths as they would tread themselves over the rocks and through the forests, the expense of maintenance would be very small. But such was not the design of the Central Park.

"It was laid out, and has been continued, so as to reach the highest results that the art of landscape architecture has produced in any country, or can produce. In this respect it has been a marked success, and it ought to be maintained and kept up to the very highest point of elegance and good taste.

It ought and can be made to rival any similar work of public or private ownership in the country. In order to do this, the first requisite is the very best professional superintendence. With this we are at once upon the path of the most rigid economy, and also of the finest results to please the most cultured taste of the best people.

"Such superintendence leads to economy, because the work is well laid out and divided; each laborer is kept up to his work, and there is no waste of mistaken or misdirected work, which has to be done over again. The better any person understands operations in this Department, the more clearly will they see the force of this point. It leads also to results which will make the Central Park the finest piece of work in landscape gardening in the country. This was its purpose, as well as the end which every one wants to realize for his own enjoyment.

"The difficulty in the Department has been that the highest professional superintendence has not been obtained. On the contrary, perhaps, we have had in some instances the very worst, and this has necessarily been very expensive. With any given sum to expend on the Central Park, better results would be obtained under the supervision of Mr. Frederick Law Olmsted, with a high salary, than with twice the sum under twenty such men as Mr. Aneurin Jones, with any salary. On the present system, and on any system short of the highest professional superintendence, it is in vain to expect an economical administration in this Department, and I make this statement for the benefit of the Council of Political Reform, and all other citizens who may think they know how to do it.

"It may not be for me to say how this evil shall be remedied. Perhaps a single Commissioner held to a rigid responsibility could do it. Perhaps a Commission of three members, where two would have the power, and could take the responsibility, checked by the watchfulness of the third, would do it better. It is clear that a Commission of four members, as now constituted, succeeds best in obstructing all the work."

The experience of the past year has justified these criticisms. Under Superintendent Jones there was expended on the painting of the Third Avenue Bridge the following:

Painters' wages, sixteen pay-rolls.....	\$5,322 10
Laborers' ".....	366 08
Carpenters' ".....	41 50
Materials, paints, oils, etc.....	1,475 51
Foreman's wages.....	4 38
	\$7,209 57

At the outset an estimate was obtained for this work at \$1,800 by the Engineer of Construction. When this matter was presented to the Board my three associates united in sustaining Superintendent Jones.

This is a sample of the waste and extravagance which prevails in other work in the Department. It shows that the wastefulness of inefficient superintendence is the greatest hindrance to economy, and produces the smallest results for large expenditure.

Another evil is the employment of unnecessary architects and assistants. Prior to August, 1881, the Parks were administered by Mr. Julius Munckwitz as Superintendent, including all the duties of Superintending Architect, at \$3,000, and Mr. William L. Fischer as Superintending Gardener, at a salary of \$1,825—together, \$4,825—and there never was any question made as to their capacity or the faithful performance of their duties. Now, by the votes of my three associates, the same work is under the charge of a Superintending Architect and Superintendent of Planting, at \$2,500, a Superintendent of Parks, at \$3,000, Mr. Munckwitz as Architect reduced to \$1,500, and Mr. Fischer as Superintending Gardener at \$1,825, making a total of \$8,825. The service is not any better performed. All that is well done, is done by Mr. Munckwitz and Mr. Fischer, as they did it before, and the other places were made for political and personal favorites. In his knowledge of the planting and the care of the trees and shrubbery in the parks, Mr. Fischer is pronounced by Mr. Frederick Law Olmsted to be superior to any other person, and the worst results have followed this attempt to make new places in superseding Mr. Fischer by persons less competent than himself. That the design of the Central Park has been maltreated and its beauties destroyed has been stated over and over without meeting any denial.

Abuses of this sort in making places and in extravagant jobs, of which samples are above given, make a good and economic administration impossible, and these are the very first things to be remedied in order that the money appropriated shall produce its due and full results.

Maturer reflection and longer experience in the Department convinces me that a single Commissioner would result in the best administration. In a Commission of two no action could be had except by the agreement of both. In the absence of one the other could not exercise the powers of the Commission; one could effectually obstruct all action, and the difficulties of a deadlock would be the same as they now are in a Commission of four. All difficulty apprehended from the sickness or absence of a single Commissioner could be met by the appointment of a deputy, as is very successfully done in the office of the Comptroller and of the Counsel to the Corporation.

I.—CENTRAL PARK.

Including

- II. Police.
- III. Maintenance, labor and supplies.
- IV. Zoological Department.
- V. Maintenance of Museums.
- VI. Music for Central Park, etc.
- IX. Walks in Central Park.
- X. Transverse Roads Nos. 1 and 3.
- XII. Skate Building.
- XIII. Ladies' Cottages.
- XIV. Rebuilding Mount Saint Vincent.
- XXV. Enclosing wall on Eighth avenue.
- XXVI. Entrance at Eighth avenue and Eighty-first street.

II. POLICE.

The force now consists of a captain, four sergeants, and eighty-three parkkeepers and gatekeepers. They have to cover the following points:

Central Park entrances or gates.....	18
" " transverse roads.....	4
" " walks and drives.....	30
Riverside Park and avenue.....	6
Large City Parks.....	8
Smaller City Parks and places.....	5

For each of these points two men are required, as it takes two men, each on duty eight hours, to make up sixteen hours' service required in a day. This would call for a force of one hundred and forty-two gatekeepers and parkkeepers. With the present force of the Department it is evident that this work is but one-half performed and many points are left open to damage and depreciation, of which there have been some marked instances. The need of an increased force is shown by the fact that on frequent occasions the Central Park is as densely crowded with carriages and foot passengers as any part of the city.

The rate of pay at present is for parkkeepers \$2.40 per diem, and for gatekeepers \$2 per diem. The Board of Aldermen, with the approval of the Mayor, have requested that the pay be increased to \$2.75 for parkkeepers, and to \$2.40 for gatekeepers, and the appropriation should be increased for this purpose. The whole amount of \$110,000 asked for should be appropriated.

III. MAINTENANCE, LABOR, AND SUPPLIES.

The following table shows the locality and area of Parks and Public Places in the City of New York :

NAME OF PARK.	LOCALITY.	AREA.	
		Acres.	
Abingdon.....	West Twelfth street and Eighth avenue.....	0.202	
Triangle.....	Avenue St. Nicholas and One Hundred and Twenty-third street.....	0.072	
".....	Avenue St. Nicholas and One Hundred and Thirty-seventh street.....	0.038	
".....	Avenue St. Nicholas and One Hundred and Fifty-fifth street.....	0.240	
Battery.....	Battery place, State and Whitehall streets.....	21.192	
Beach street.....	Beach street and West Broadway.....	0.038	
Triangle.....	Boulevard and Sixth-sixth street.....	0.344	
".....	Boulevard and Sixth-sixth street.....	0.069	
Bowling Green.....	Broadway and Whitehall street.....	0.517	
Canal street.....	Canal and West streets.....	0.318	
Central Park, Manhattan Square.....	Fifth and Eighth avenues, Fifty-ninth and One Hundred and Tenth streets.....	858.970	
Christopher street.....	Bleecker and Christopher streets.....	0.139	
City Hall.....	Broadway, Chambers, and Park row.....	8.239	
Cooper Institute.....	Fourth avenue and Seventh street.....	0.229	
Duane street.....	Duane and Hudson streets.....	0.108	
East river.....	East river to Avenue B, Eighty-fourth to Eighty-sixth street.....	4.480	
Five Points.....	Park and Worth streets.....	0.114	
Fourth Avenue Parks.....	Sixty-seventh to Ninety-sixth street.....	5.700	
Grand street.....	Grand street and East Broadway.....	0.063	
High Bridge.....	Tenth avenue and One Hundred and Seventy-third street.....	23.380	
Jackson.....	Eighth avenue and Thirtieth street.....	0.227	
Madison.....	Fifth and Madison avenues, Twenty-third, Twenty-sixth streets.....	6.840	
Morningside.....	Ninth and New avenues, One Hundred and Tenth and One Hundred and Twenty-third streets.....	31.238	
Mount Morris.....	One Hundred and Twentieth, One Hundred and Twenty-fourth street, and Fifth avenue.....	20.174	
Triangle, at.....	New avenue and One Hundred and Fourteenth street.....	0.018	
Park avenue.....	Park avenue, Thirty-fourth to Fortieth street.....	1.168	
Reservoir.....	Sixth avenue, Fortieth to Forty-second street.....	4.775	
Riverside.....	Along the Hudson river, Seventy-second to One Hundred and Thirtieth street.....	89.380	
Two Triangles.....	Sixth avenue, Thirty-second and Thirty-fifth streets.....	0.186	
Stuyvesant.....	Second avenue, Fifteenth and Seventeenth streets.....	4.220	
Tompkins.....	Avenues A and B, Seventh to Tenth street.....	10.506	
Union.....	Broadway, Fourth avenue, Fourteenth to Seventeenth street.....	3.483	
Washington.....	Fourth street, Waverley place, Wooster and Macdougal streets.....	8.115	
Total acres.....		1,103.802	

Central Park and Manhattan Square.....	858.972
Riverside Park.....	89.380
Morningside Park.....	31.238
City Parks and Places.....	124.212
Total acres.....	1,103.802

This shows how large is the area of Parks south of the Harlem river under the care of this Department, and their distance from each other. The variety of work is equally important in order to keep the parks in a high state of cultivation. In my previous statement it was presented as follows :

"It covers the drives, which have to be renewed once a year with the best quality of gravel for their whole length; the bridle-paths, which require the same treatment; the foot-walks, only a small proportion of which have ever been paved with asphalt, and all of which require constant attention; the bridges and other architectural work, requiring repair and cleaning; the rustic seats, arbors, and buildings, requiring constant renewal. The lawns need cutting and watering, the shrubbery, plants, flower beds, nursery, and propagating houses require watchful attention, new trees must be continually set out, and an entire revision of the landscape should be made to carry out the original design of the Central Park. The supplies of tools, horses and carts, feed and other materials must be constantly kept up."

The amount asked for is not more than sufficient for the ensuing year, particularly if the wages of the laborers are advanced to two dollars per day, as they should be, and as has been done in other city departments.

There is no doubt that this sum is a very large one, and that there is great waste and extravagance in this branch of the administration. It arises from the waste and jobbery which is constantly being carried on, and from the employment of incompetent superintendence, to which I have alluded, particularly in a preceding page. There is but one remedy, which I have also pointed out, and that is, the highest superintendence, and a rigid supervision, by which every laborer fully performs his duty. It was for this reason that in previous years the parks were maintained for a sum much less than is now needed, and that reform is imperative. But my associates have resolutely determined to sustain the system of waste and extravagance.

IV. ZOOLOGICAL DEPARTMENT.

V. MAINTENANCE OF MUSEUMS.

VI. MUSIC FOR CENTRAL PARK.

XII. SKATE BUILDING.

XIII. LADIES' COTTAGES.

The appropriations for the items are sufficient to sustain them. The Zoological collection is a source of great entertainment to the visitors to the park, and so long as it is kept up the animals must be fed and housed. The Metropolitan Museum of Art and the American Museum of Natural History have by their development, since they have been established in the park, fully shown their great value, and justify the amount appropriated under the Act of the Legislature.

The music on Saturday afternoons in the Central Park, and on other evenings in the Battery Park have been greatly enjoyed by the people who have remained in the city during the hot weather.

The Skate building will be a very important improvement, as the building formerly in use is wholly worn out. It is a necessary accommodation to the tens of thousands who visit the ice.

The Ladies' Cottages, on Reservoir Square and Mount Morris Park, furnish accommodation at points where no such accommodation has been heretofore supplied, and where it is very much needed.

XV. REBUILDING MOUNT SAINT VINCENT.

We have an unexpended balance from the current year of \$6,500. Your Board appropriate nothing for 1883. The Board of Aldermen propose \$25,000. These sums would enable this Department to restore the ruins and to complete a building for a resting place. Such a building is necessary, because there is none in the central or northern part of the Central Park, and the people who resort there, particularly women and children, need a house with broad and shaded piazzas for rest and refreshment. There has been such a building there from the outset, and its destruction should be supplied.

XXV. ENCLOSING WALL ON EIGHTH AVENUE.

This wall has been left unfinished until the carriage-ways from Central Park at Seventy-seventh street and Eighty-first street were completed, because there were different designs for the work. The carriage-way at Seventy-seventh street is now finished and open to the public, and this wall along the Eighth avenue ought to be built because the line of the avenue is a high retaining wall, which is dangerous, and because the enclosing wall along the avenue is completed except at this point, Manhattan Square.

XXVI. ENTRANCE AT EIGHTH AVENUE AND EIGHTY-FIRST STREET.

This is the western exit of Transverse Road No. 2, the plan for which has now been finally adopted. The sum asked is not sufficient to finish this Transverse Road, but it will serve to grade it up to the Eighth avenue, and to open it for transverse travel, leaving the paving, curbing and gutting of the road for the future.

II.—HARLEM RIVER AND THE ANNEXED DISTRICT.

Including

- VII. Harlem river bridges.
- XIV. Maintenance of Twenty-third and Twenty-fourth Wards.
- XVI. Bronx river bridges.
- XVII. Surveying, laying out, etc., and tax and assessment maps.
- XVIII. Sewers and drains.
- XIX. Maps for Commissioners of Estimate and Assessment.
- XX. Incumbrances, Twenty-third and Twenty-fourth Wards.
- XXI. Arranging Maps and Records.

VII. HARLEM RIVER BRIDGES.

XVI. BRONX RIVER BRIDGES.

Your Board has pursued a wise policy in respect to the Bronx river bridges, in giving our Board money with which to rebuild them of iron. The work has been done in a solid and permanent form, and the great economy in this expenditure will be felt, because but very little will be needed for repairs. The money now appropriated will complete the approaches to these bridges on the New York City side.

It would have been well to have pursued the same policy with the Harlem river bridges. Except the one at the Third avenue, all the bridges are in a dilapidated and unsafe condition, and require large sums for repairs every year. It would be much more economical to use this money for permanent structures, and this question has been presented to your Board year after year for many years.

A new bridge at Seventh avenue should be constructed, and the Central or Macomb's Dam Bridge taken down. I have presented this to the Department repeatedly, but my associates decline to send the matter to you for approval and action, and no new bridges have been undertaken.

The proposed bridge half a mile north of High Bridge, and a new King's Bridge, should be constructed. This would have a great effect upon the property reached by these bridges, would increase its value, and largely promote the convenience of the citizens.

The piers and abutments of the Madison Avenue Bridge have been constructed more than a year, and the iron superstructure should have been completed.

I have pressed it repeatedly at our Board meetings, but have not secured the concurrence of my associates.

XVII. SURVEYING, LAYING OUT, ETC., AND TAX AND ASSESSMENT MAPS.

XIX. MAPS FOR COMMISSIONERS OF ESTIMATE AND ASSESSMENT.

XXI. ARRANGING MAPS AND RECORDS.

The first of these items is a work the importance of which is not appreciated. It includes the surveying and laying out of streets in a large portion of the annexed district, for which the maps have not yet been completed and filed, and the placing of monuments on the ground to mark the corners of the principal streets and avenues. This is necessary to enable the property-owners to mark their streets and build their houses, and the settlement of the annexed district depends directly upon it. Every improvement that is made adds to the resources by bringing more valuable property under taxation.

The preparation of maps for the Commissioner of Taxes is a duty imposed upon our Board by statute. We give them accurate copies of our maps as fast as they are made, and it enables them to tax all the property with accurate dimensions.

This work should have gone on with more rapidity, and there was money enough to have employed a larger force of engineers and draughtsmen upon it, but the Board delayed in appointing them, and the money is consequently unexpended. If the balance of this year is transferred to 1883, good progress can be made in the prosecution of this important work.

The maps for Commissioners of Estimate and Assessment are prepared by this Department under the statute, in cases of the opening and improvement of streets and avenues. It saves the property owners who are assessed from all the excessive charges for maps and surveys, which were the great abuse of the old assessment system.

The arrangement and classification of maps and records is a duty imposed upon our Board by statute. They are the old maps and records of the Annexed District before it came under the control of this Department, and require an expert to index and preserve. The result will be very valuable to the property owners.

XIV. MAINTENANCE OF ROADS, ETC.

XVIII. SEWERS AND DRAINS.

XX. REMOVING INCUMBRANCES.

In this your Board have appropriated but \$60,000, although we have asked for \$100,000. The area of the District is little smaller than that of Manhattan Island.

Area of Manhattan Island.....	12,576 acres.
Area of Annexed District.....	12,317 acres.

The roads, streets, and avenues in actual use are 180 miles in length. Many of them are hilly roads, and they are all subject to great wash and wear from the weather. It is essential to the comfort of the citizens that they should be kept in good order. A plan has been heretofore pursued of using stone and macadamizing portions of the road. It results in saving an expense for future repairs and in more permanent benefit, and this plan should be pursued until the district is so thickly populated that the streets come to be paved by the property owners by assessment.

This is one of the points where rigid superintendence and faithful labor is of great importance, and upon it depends the getting of the worth of the money expended.

The property owners have advocated before your Board the appropriation of \$100,000, and the argument drawn from the amount of taxes they pay has great force.

The following tables show for the years 1881 and 1882 the valuations and the taxes levied on the property in the annexed district, and the argument of the owners is that they now pay much heavier taxes than they did before they were annexed, and that they are entitled to a sufficient appropriation to keep their roads in good order, particularly when it promotes the inflow of population, which in its turn increases the tax valuations, and in the future increases the amount of taxes receivable by the city.

The assessed valuations for :

	1881.	1882.
For the Twenty-third Ward.....	\$13,836,060 00	\$14,299,457 00
For the Twenty-fourth Ward.....	9,504,765 00	9,577,825 00
Total.....	\$23,340,825 00	\$23,877,300 00

The taxes received :

	1881.	1882.
For the Twenty-third Ward.....	\$362,504 77	\$321,728 08
For the Twenty-fourth Ward.....	249,024 84	215,477 53
Total.....	\$611,529 61	\$537,205 61

The work on the sewers and drains is necessary because many of them are imperfectly constructed, and as the roads are unpaved, they become more rapidly filled up, and require attention after every storm.

The appropriation for the removal of incumbrances is necessary because there is no provision of law to compel the owner or purchaser of buildings or incumbrances on the bed of a new street which is opened to remove them, and it must be done by this Department.

III. PARKS OTHER THAN THE CENTRAL PARK,

including

- VIII. Walks in city parks.
- XI. Riverside Park and avenue.
- XXII. Manhattan Square.
- XXIV. Resurfacing and top dressing.

VIII. WALKS IN CITY PARKS.

Within the past four years by your appropriations the parks in Madison Square, Union Square, Tompkins Square, Stuyvesant Square, Washington Square, City Hall Park, and some others, have been put in good order, and the appropriations will carry on this work in the smaller parks and do some needed repairs.

XI. RIVERSIDE PARK AND AVENUE.

The appropriation for 1882 was \$25,000; a portion of this has been expended in planting trees and making repairs upon the avenue. Further work was prevented until the completion of the sewer construction now going on. There will be an unexpended balance of \$12,000, which, if it is transferred, will aid in the necessary work for 1883. No work has been done on this park except the construction of the avenue, the cost of which in whole or in part will be assessed on the property adjacent, and the tree-planting above spoken of.

This land was taken for the public use as a park many years ago, and very heavy assessments charged upon the adjacent property. This gives weight to the demand of the property owners that the park work should go on, and that it should be completed in a style which its natural beauty and advantages require. When the matter was before your Board in October last you asked for the plan and estimate of the cost of the improvements it was proposed to make.

A design has been adopted for three items.

The general surface of the park is a slope from the avenue westward to the Hudson river, of varying width. The elevation of the avenue above the river is, excepting two depressions, from seventy to one hundred and forty feet in height. The avenue is three miles and forty-one feet long, extending from Seventy-second to One Hundred and Thirtieth street, and keeps on and near the eastern and higher border of the park.

The three works are as follows:

First.—A roadway above One Hundred and Twentieth street by which a circuit is made to connect at each end with the avenue passing around Claremont Hill, which is in the park, and which commands a very extensive view over the Hudson river.

Second.—A footwalk from this hill southward to One Hundred and Second street, where the bluff bank falls off into the depression at Ninety-sixth street.

Third.—The construction of another footwalk from this point to the southern entrance of the park at Seventy-second street.

The result of these improvements will be to give a very effective circuit at the northern end for carriages on the avenue and to lead foot passengers along the walks below the avenue wall over the romantic slopes of the Hudson river, in many places beautifully shaded, and in many others on bold bluffs commanding picturesque river views. There is nothing in or about the city that will be more attractive than such a walk as this.

Mr. Calvert Vaux, Superintendent Architect, under date of December 16, 1882, has supplied estimates from this work:

The first item.....	\$13,242 00
The second item.....	26,400 00
The third item.....	25,600 00

Total..... \$65,242 00

and you are respectfully requested to make this additional appropriation, as the appropriation for \$25,000 already made will be needed for repairs on the avenue, for planting trees, and other park-work.

XXII. MANHATTAN SQUARE.

The appropriation made for this will be expended in continuing the work of grading the surface of the park, laying walks through it, planting of trees, shrubs and a hedge on the border, and in preparing the turf.

XXIV. RESURFACING AND TOP DRESSING.

In the smaller city parks the grass is in poor condition because the soil is worn out, and has for long years been permeated by the gas which has escaped from the pipes laid through it, and which has poisoned both the grass and the trees. Since the introduction of the electric light in several of the city parks, the flow of the gas underground through them has been cut off. It is possible now in these parks to renovate the soil and to give new vigor to the trees and the grass, which they greatly need. It is to be done by digging up the soil, opening it to the air, replacing portions of it with new and richer soil and mould, and then regrading and seeding down the surface. This work should be commenced at once on some of the city parks, and its effect would very soon be seen, and give reason for finishing the work.

No appropriation has been made, and the \$20,000 asked for should be now allowed.

CONCLUSION.

This general survey of the work of the Department not only explains and justifies the appropriations which your Board have already made, but calls your attention also to the five items to which your consideration is respectfully requested, as stated on page 9.

The work of the Department in its whole scope is important, and every item of it should be diligently prosecuted in order to produce a satisfactory result. There is much other work which a wise forethought would even now provide for, but which is not now adverted to.

Respectfully submitted,

SMITH E. LANE,
Commissioner D. P. P.

Which were ordered to be printed in the minutes.

Gen. Egbert L. Viele, Christopher Roberts, Ira Bursley, and Cyrus Clark, representing the West Side Association, appeared before the Board and made statements relative to the Riverside Park, avenue, etc.

Henry N. Beers, representing the Council of Reform, appeared and made a statement relative to the same, and to the estimate for the Department of Public Parks.

The Chairman presented the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
December 27, 1882.

To the Board of Estimate and Apportionment:

At a meeting of the Board governing the Department of Public Parks, held this day, the following resolution was adopted:

"Resolved, That the Board of Estimate and Apportionment be requested to include in the Departmental Estimate for the year 1883, the sum of \$40,000, for the purpose of rebuilding a house of refreshment, sheds, etc., and improving the grounds at Mount St. Vincent on Central Park."

Very respectfully,

E. P. BARKER, Secretary D. P. P.

Which was ordered to be printed in the minutes.

The Chairman presented the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
December 27, 1882.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board governing this Department, held this day, communications were received from the Topographical Engineer and Superintendent of Parks, replying to reflections contained in the memorial of the Council of Political Reform as presented to you.

I was directed to transmit to you copies of said communications, which please find enclosed herewith.

Very respectfully,

E. P. BARKER, Secretary D. P. P.

To the Honorable the Commissioners of the Department of Public Parks:

GENTLEMEN—A document has again been presented to the Board of Estimate and Apportionment by an agent of the Council of Reform, among other things reflecting seriously on the conduct of the work with which I am specially charged.

If this document were simply considered by the Board of Estimate and Apportionment, who are familiar with the character of this and similar attacks, it would seem a waste of time to reply to it, but when it appears masquerading in the public press as a carefully prepared instrument of reform, the case becomes different, and constrains me to make a brief counter statement.

Most of the allegations made under the heading of "Surveying, Monumenting, Laying-out, and Mapping Twenty-third and Twenty-fourth Wards," are not only stupid and absurd, but positively false. Similar statements published in regard to private corporations or individuals would subject the compounder of them to prosecution for libel.

The most charitable assumption that can be made, is that the ignorance and animus of the writer has rendered him only too ready to be misled by interested parties.

The first statement is that "\$23,000 are again asked for the same work that was contracted out by the Park Commissioners, under the same specifications that the Department is now working under, and paid for ten years ago on the production of the maps of the work, which are now in use in the office of the Comptroller, and are on file in the office of the Park Department, and have been since that time."

This eminently lucid and truthful statement needs one mere trifling correction, to wit:

Not one cent is asked for the same work that was contracted out and paid ten years ago.

The second sentence says, as follows:

"Since the annexation of this district, and after the construction work of the parks had ceased, the force of engineers engaged on construction have been transferred and continued on this work of surveying and mapping out this district."

Another slight correction is again required. One only of my force, now merely an assistant, with a salary of about \$3.33 per diem, was engaged on the original construction work of the park. It is also true that this assistant worked outside of the Department for a number of years after being engaged on the construction of the park, and that he is not, nor ever has, to my knowledge, been engaged upon the work of surveying, laying-out, and monumenting the Twenty-third and Twenty-fourth Wards.

The third statement is that "with every new succession of Park Commissioners the Chief Engineer has usually been changed, who, on the plea of improving on the work of his predecessor, has repeated these surveys."

This again is unqualifiedly false as far as my record is concerned, and I sincerely believe it to be equally so of that of my predecessors.

The statement is made that "in this manner \$229,000 have been spent on this work since the annexation."

The books of the Department show that everything, including the amount expended for surveying, laying-out, and monumenting, and the making of maps for the Commissioners of Taxes and Assessments from the middle of 1874 (when the operations under chapter 604 of the Laws of 1874 commenced), to and including the year 1881, was \$160,726.13.

Farther on it is stated that no map of these surveys for the use of the city officers has yet been produced, while in the first sentence quoted above it speaks of maps of the work made ten years ago now in use in the office of the Comptroller.

I beg leave to remind you that for the 14,573 acres with the laying-out and monumenting of which the Department of Public Parks is charged, plans for the laying-out of over 13,000 acres are now on file in two of the city offices.

These plans have been accurately marked on the ground by means of permanent monuments for an area of at least 6000 acres.

Plans for the sewerage system of 1,848 acres have been filed in five different city offices.

The statement is then made that "we are assured by engineers of the highest character that \$125,000 would have been an ample allowance for this work under the specifications in force."

If this means anything it is that \$125,000 would have been ample to accomplish the work of making exact, accurate and detailed surveys and topographical surveys and maps; the maturing plans for a complete laying-out of a system of streets, and the physical determination of those streets on the ground by means of monuments; the carefully considered establishment of grades for the same streets; the complete preparation of a system of sewerage in harmony with the plan and grades of these streets; and the preparation of a complete set of maps showing the exact dimensions, areas, and relative locations of all subdivisions of private property; the exact determination of miles of pier and bulkhead lines; the careful determination of the location of bridges and tunnels over the Harlem and Bronx rivers; the making of thorough searches and investigations, with reports on thousands of questions in connection with the real estate and its improvement for over 14,000 acres of city property.

The engineers of the highest character who made any such assertion that all this could be properly accomplished for \$125,000 were certainly not engineers of the highest intelligence.

As to an honest investigation of the work referred to, I can simply say that I should be sincerely pleased should such an investigation by disinterested experts of the conduct of the work under my charge be made, and every assistance in my power should be rendered them.

Very respectfully, your obedient servant,

E. B. VAN WINKLE, Topographical Engineer, D. P. P.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
December 27, 1882.

To the Board of Commissioners of the Department of Public Parks:

GENTLEMEN—A Committee of the "Council of Political Reform" has lately presented to the Board of Estimate and Apportionment a memorial based upon so much misinformation and so calculated, doubtless in all innocence, to create such an erroneous impression concerning the parks, that I feel it my duty to lay before you a brief memorandum as to those parts of the memorial relating to the matters especially within my supervision. The public-spirited committeemen seem to me widely mistaken, in assuming that the maintenance and care of an ornate park are to be compared with ordinary farming, in which, even, they make no distinction between arable and pasture land, nor between wood land and prairie.

They may be somewhat better off in the assumed analogy between parks and cemeteries. But even here their selection seems unfortunate, for only a small portion of their chosen Woodlawn Cemetery is under the cultivation of the grave-digger. If, however, a cemetery is to be selected, why not take Greenwood in this country; or, if they are to go abroad, as they have done to the London parks, make comparisons with that of Kensal Green and Brompton Cemeteries, or with the deserted quarry converted into the remarkable St. James Cemetery at Liverpool, or with Pere la Chaise.

If a comparison is to be made with a cemetery, the expenditure of the stockholders is not a criterion for the maintenance without adding the total expenditure of private individuals with all their voluntary labor and the other tributes of decoration and private memorial days.

Furthermore, the members of the Council, forgetful of the transitory state of things, assume that costly buildings and expensive works frequented and used by the public, when once completed practically care for themselves—at least as much so as do private parks and country seats. The wear and tear to which Central Park is subjected in a week, would ruin any private pleasure ground the world over. When private premises, such as the elegant grounds of Mr. Hoey and Mr. Hilton, or as the magnificent parks and gardens at Chatsworth, in Derbyshire, England, are thrown open to the public, no visitor or group is allowed to wander through the grounds without a guide, and each person is subjected—most properly too—to a control and restrictions which would be intolerable in Central Park.

The Council of Reform appears, unwittingly, to have overlooked the difference between the cost of labor and material in works of construction and maintenance. Those who use the materials in the Department of Parks are mechanics and helpers, together with a few men who lay gravel on the drives or lay walks during the summer. As a matter of fact the amount paid in the Department, in wages, to laborers who use materials, is below the value of the materials used—a circumstance comparing favorably with any department in the city, and even with private work. It would be unjust to add all the labor expended upon the clearing away of snow, sweeping the walks, caring for the lawns, drives, bridle-roads, etc., which have to be diligently sprinkled through many months of the year, to the labor applied with materials, in a comparative valuation of both.

As no comparison is practical between the matters contrasted in the memorial in question, I have asked the accomplished bookkeeper of the Department to make up the cost of maintaining the turfed surfaces in the Central Park, the one common feature of farms, or parks, and of cemeteries, and find that it amounts to a little over \$20,000, or a little less than an average of three dollars per acre on the amount of cultivated surface allowed by the memorialists.

It is singular that the memorialists have unhappily left out of their calculation the cost and labor expended upon the great improvements which have been made in the parks, especially in Central Park, since the autumn of 1881. They assume that in the metropolis of the United States, the citizens who drive, ride and walk, are willing that their parks should be in the condition of Prospect Park, in Brooklyn, of Fairmount Common, in Philadelphia, and of others named as standards of excellence. The protests of the whole community against the state of things of the past shows a better appreciation of the efforts of the designers of the parks and of the present management. Perhaps the progress made in the last year has been so quiet and so gradual as not to be noticeable by the Council; but the change, nevertheless, has been great. The gardeners and their attendants have cleared away over 4,000 cart loads of dead wood, rubbish and prunings. The same work continues in the same manner as it was commenced; over 3,500 loads of compost and manures have been hauled upon the meadows and lawns; above 200 acres of meadows and lawns were seeded last spring, and over 150 tons of prime hay harvested in the summer; more than 12,000 plants have been planted in the circles and flower beds, and new gravel has been laid on five miles of drives; 148,852 square feet of new walk have been laid, and 56,000 square feet resurfaced.

In the Mechanical Department, besides the renovating of rolling stock and the making of new implements, the rotten floors of bridges have been relaid for the safety of pedestrians, iron bridges which had not been painted before for thirteen years and the ornamental iron of which was almost eaten away with rust, have been cleaned and painted, as have also the railings of the small parks in the city. The urinals have been cleaned and painted with two coats; the boat houses and all the park cottages (excepting the ladies' cottage at One Hundred and Tenth street), have been repaired and painted; all the park seats and stationary benches and the musicstand in the Mall have been repaired and painted; the fence around Mount Morris Park has been painted and restored; drains have been relaid and basins have been built. This work, which has been neglected for years, has been done in addition to the regular work of maintenance, and done, too, with seventy-five less men than were employed before.

I am, very respectfully, your obedient servant,

ANEURIN JONES,
Superintendent of Parks.

Which were ordered to be printed in the minutes.

The President of the Board of Aldermen moved that the sum of \$25,000 be allowed in the Final Estimate for the erection of a building on Mount Saint Vincent, Central Park.

Which was agreed to by the following vote:

Affirmative—The Mayor, President of the Board of Aldermen and President of the Department of Taxes and Assessments—3.
Negative—The Comptroller—1.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
51 CHAMBERS STREET,
NEW YORK, December, 27, 1882.

Hon. WILLIAM R. GRACE, Mayor, etc.:

SIR—I would respectfully ask that the Board of Estimate and Apportionment transfer the sum of ten thousand (\$10,000) dollars from the appropriation of this Department for the year 1881 to the credit of this Department for the year 1882.

Respectfully, your obedient servant,

J. S. COLEMAN, Commissioner of Street Cleaning.

And offered the following resolution:

Resolved, That the sum of ten thousand dollars be and the same is hereby transferred from the appropriation made to the Department of Street Cleaning for 1881, the same being in excess of the

amount required for the purposes and objects thereof, to the appropriation made to the same Department for the year 1882, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following resolution:

Resolved, That the sum of two thousand dollars be and the same is hereby transferred from the appropriation made for Judgments, 1881, the same being in excess of the amount required for the purposes and objects thereof, to the appropriation made for Advertising, 1882, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

To the Honorable the Board of Estimate and Apportionment of New York:

GENTLEMEN—The undersigned would hereby respectfully urge the acquisition, for the New York Register's office, of the following, which are, as we understand, now submitted, from Dr. Windwart, deceased, for purchase at a reasonable price, etc.:

1. Complete index of the errors in the Official Index of Recorded Conveyances in Register's office, printed by the Commissioners of Records, under special statute, from earliest record to year 1857.

2. Index of all the maps, on record, in the Register's office, as well those on file in map-room, as those recorded at large throughout the many libers of conveyances in the office.

3. All old and new streets in New York City, properly defined, etc.

Also, many original maps, which for many years were in the Register's office, for the use of the public, and are now removed therefrom.

The printed official index, above referred to, was prepared under chapter 407 of the Laws of 1855, by a commission to print or copy, for the convenience of the public, the maps, indices, and documents in Register's office, etc., in such form and extent as deemed proper. These indices, so printed, are, as now on file in said office and as published and sold by the Comptroller to conveyancers

and the public, very incomplete, containing near two thousand errors shown in Dr. Windwart's said new Index of Corrections, and the same ought to be officially corrected and put in a reliable shape, so as to be useful to the public, as contemplated by said statute. This can be done by means of Dr. Windwart's list of errors therein.

And similarly to the acquisition, by the authorities, of Mr. Wm. Ford's new set of indices for said Register's office, from and after A. D. 1869, the aforesaid other index of all maps in Register's office, should be officially furnished, since no index is now supplied there of the many maps recorded throughout the numerous libers of deeds.

If Dr. Windwart's said two sets of indices, with the aforesaid original maps and table of streets thrown in, would be acquired, the same could be published in the CITY RECORD, in subdivisions, as exhibits to proceedings of Board of Apportionment, and those numbers being sold at twenty-five cents per copy, under direction of the City Record Commission, the public, as well as the Register's office, could obtain same for binding them, as a supplement to the said official printed index published and sold. The expense will be so refunded.

Dated, NEW YORK, December 26, 1882.

Respectfully submitted,

WM. F. PITSHKE,

173 Broadway.

CULVER & WRIGHT,

150 Nassau street.

KAUFMANN & WAGNER,

5 Beekman street.

RICHARD O'GORMAN, JR.,

206 Broadway.

We should think that Dr. Windwart's original indices above referred to, and his original maps, were very necessary for use in the Register's office.

MAN & PARSONS,

56 Wall street.

We concur with Man & Parsons.

J. H. & S. RIKER.

Which was referred to the Comptroller.

The Comptroller presented the following:

Statement showing the Amount of Stocks and Bonds of the City of New York, payable from Taxation, other than Revenue Bonds, issued after 3d day of June, 1878, prior to December 31, 1882, pursuant to statutes authorizing their issue, and the sum to be included in the Annual Estimates for 1883, sufficient, with the accumulations of interest thereon, to meet and discharge the said Stocks and Bonds by the time they shall be payable, as provided by section 8 of chapter 383 of the Laws of 1878.

Which was ordered to be printed in the minutes.

The Chairman moved that when the Board adjourns it do so to meet to-morrow (December 29), at 12 o'clock M.

Which was agreed to.

On motion, the Board adjourned.

THOS. B. ASTEN, Secretary.

DEPARTMENT OF DOCKS.

At a meeting of the Board of Docks held December 20, 1882.

Present—The full Board.

The minutes of the meetings held December 13th and 18th inst. were read and approved.

The following communications were received, read, and,

On motion, laid on the table to await action, as stated, to wit:

From John C. McCarthy—Requesting that permission be granted to John Donohue to erect a coal derrick mast on the bulkhead between Barrow and Morton streets, North river.

From Engineer-in-Chief—Report on Secretary's Order No. 2837 in reference to plans submitted by the New York, Lake Erie and Western Railroad Company for an awning-shed in front of their ferry premises, between Piers 20 and new 21, North river. Secretary directed to advise that the Board desire to have plans more definite and specific submitted therefor, and that they require that applications for permits to do work under the jurisdiction of the Department be made by the general officers or properly authorized agents of the corporation, and not by subordinates.

The following communications were received, read, and,

On motion, placed on file, action being taken, where necessary, as stated, to wit:

From Counsel to the Corporation—

1st. In reference to leases for piers and bulkheads on the East river, submitted to him for approval as to form.

2d. Returning thirty-four leases of wharf property on the East river, with his approval indorsed thereon.

3d. Enclosing check for \$100, received from Joseph Gallagher in settlement of claim for \$141.67 for rent of land under water at Forty-fifth street, East river. Secretary directed to advise that credit therefor was given on the books of this Department.

From Charles Guidet—In reference to the terms and conditions of his contract, and enclosing opinion from his counsel in relation thereto.

From Glen Cove Manufacturing Company—Requesting permission to make repairs to the bulkhead between Piers 49 and 50, East river. Permission granted, work to be done under the supervision and direction of the Engineer-in-Chief, and the previous action of the Board, on November 29th ult., directing the Engineer-in-Chief to prepare specifications for repairing the same, rescinded.

From Hoboken Land and Improvement Company—In reference to pavement in front of ferry premises at Christopher street, North river, being obstructed by the contractor. Secretary directed to advise that the contractor has agreed to remove the obstructions, and that if the same was not done, this Department would remove the same.

From Pim, Forwood & Co., lessees—In reference to the approach to Pier, new 55, North river, and requesting that the same be repaired within four days or they would do the same and charge the cost thereof to this Department. Secretary directed to advise that the Board will not object to their laying a wooden or stone pavement approach to the pier, provided that the same be

done at the cost and expense of the lessees, and that they have proper consent and authority to do the work, but that the Board considers that it has fulfilled all its agreements and has done all that it can legally do in the premises.

From Robert Ennever & Son—Requesting permission to run a 4-inch cast-iron pipe through the bulkhead north of Bank street, North river. Application denied.

From Fire Department—Requesting that five new piles be placed at the bulkhead at Pier, new 1, North river, at the berth of the steamboat "Wm. F. Havemeyer." Secretary directed to advise that the Board will grant permission to the Fire Department to do the work at their own cost and expense, under the supervision and direction of the Engineer-in-Chief of this Department.

From James Quinn, by George S. Thompson, attorney—Requesting lease of land between Seventy-seventh and Seventy-eighth streets, East river. Application denied.

From Engineer-in-Chief:

1st. Reporting in reference to the pavement in front of the west half of Pier 51, East river. Secretary directed to notify the owners thereof to repair the approach to the pier within ten days, under the supervision and direction of the Engineer-in-Chief.

2d. Reporting amount of work done during the week ending December 16, 1882.

3d. Report on Secretary's Order No. 2815, that two new mooring piles had been placed on the westerly side of Pier 19, East river.

From George W. Wamaker, Corporation Wharfinger—Reporting that the entrance to Pier, new 43, North river, required to be repaired. Engineer-in-Chief to be directed to make the necessary repairs.

From William L. McConkey, Corporation Wharfinger—Reporting that the pavement in front of Pier 6, East river, was in a dangerous condition. Engineer-in-Chief to be directed to examine and report thereon.

From John McKeon, Corporation Wharfinger:

1st. Reporting that the Pier at Seventy-ninth street, North river, required to be repaired. Engineer-in-Chief to be directed to examine and repair so as to keep it in safe condition.

2d. Reporting that John Rogers had incurred penalty for not removing brick from south side of Pier at One Hundred and Thirty-first street, North river, after being notified to remove the same on or before December 14th instant. Secretary directed to transmit report to the Counsel to the Corporation for collection of the penalty incurred for violation of rules on December 15th and 16th instant, \$100.

The President, to whom was referred the communication received from James Brady, in reference to charges made against him and for which he had been discharged, reported thereon that after examination of the parties in respect to the matter, he would recommend that no change be made in the action heretofore taken by the Board in the matter.

On motion, the report was received, and, with the communication, was ordered on file, and the recommendation adopted.

The communication from the Fire Department, requesting that two berths be assigned—one on the North and one on the East river—for the two floating engines of that Department, was,

On motion, taken from the table, and with the report from the Engineer-in-Chief on Secretary's Order No. 2839, in relation thereto, which was received and read, was ordered on file, and the Secretary directed to advise in reply thereto that this Board have no authority to berth or place

vessels at any piers or bulkheads—the authority to do so being conferred by law on the Harbor Masters.

A communication from R. J. Cortis, agent of the White Star Line, requesting that the time to make the repairs to Pier, new 45, North river, be extended to April, 1883, was received, read, and, On motion, placed on file, and the following resolution in relation thereto was offered by Commissioner Voorhis:

Resolved, That for reasons assigned in the communication received from R. J. Cortis, agent of the White Star Line, the time for making the repairs to Pier, new 45, North river, as ordered and directed by this Board, be and hereby is extended to the first day of April next.

Which was adopted by the affirmative votes of Commissioners Vanderpoel and Voorhis.

The President voting in the negative.

Judge Andrew J. White appeared before the Board in reference to the use of the Pier at Thirty-eighth street, North river, and stated that he expected that a representative from the Board of Health would be present to be heard in respect thereto, and requested that the matter be laid over for another week.

On motion, the following resolution was unanimously adopted:

Resolved, That the consideration of the matter in respect to the use and occupation of the Pier at Thirty-eighth street, North river, be laid over until December 27th inst.

On motion, the Engineer-in-Chief was directed to examine and report as to the sunken barge "Silvan Shore," at One Hundred and Twenty-ninth street, Harlem river, and the best means to be employed to remove the same.

A communication from Simon Stevens, attorney, etc., offering on behalf of the respective owners thereof, to sell and convey to the corporation of the City of New York, the bulkhead and wharf property situate in front of and opposite to Nos. 49, 50, 51, 52, 53, 54, and 55 South street, and the northerly half of the private street known as Gouverneur Lane, together with all interest in Piers 13 and 14, East river, a total frontage of 180 feet and six inches, for the sum of \$180,500, was received, read, and,

On motion, placed on file, and the following preamble and resolution, offered by Commissioner Voorhis, was unanimously adopted:

Whereas, This Board have been negotiating with Mr. Simon Stevens, the attorney for the various owners of wharf property on South street, East river, for the purchase thereof; and

Whereas, By resolution adopted December 4, 1882, the purchase of the wharf property in front of and opposite to Nos. 49, 51, 52, 53, 54, 43, 44, 45, 46, 47 and 48 South street, and about one-half of the private street known as Gouverneur Lane, was authorized and an agreement for the purchase thereof duly executed, subject to the approval of the Commissioners of the Sinking Fund; and

Whereas, Mr. Simon Stevens has this day submitted in writing an offer to sell to the Corporation of the City of New York all the bulkhead and wharf property in front of, and opposite to, Nos. 49, 50, 51, 52, 53, 54, and 55 South street, and the remaining portion of the private street known as Gouverneur Lane, together with all the interest in Piers Nos. 13 and 14, East river, being in extent about 180 feet 6 inches in length, for the sum of \$180,500, and on like terms and conditions as those expressed in the former agreement, and this Board deeming it for the best interests of the city to accept the said offer; therefore,

Resolved, That the proposition made to this Board on behalf of the alleged owners thereof to sell and convey to the Corporation of the City of New York, the bulkhead, water-front in front of, and opposite to, Nos. 49, 50, 51, 52, 53, 54, and 55 South street, and the northerly half of the private street known as Gouverneur Lane, being in extent about 180 feet 6 inches in length of bulkhead front, together with the riparian rights, titles, easements, and privileges incident thereto, and also including their interest in Piers 13 and 14, East river, for the sum of \$180,500 be accepted, subject, however, to the approval of the Commissioners of the Sinking Fund, as provided in subdivision 4 of section 6, chapter 574, Laws of 1871.

The President offered the following preamble and resolution, which was unanimously adopted:

Whereas, John H. Rogers, one of the inspectors, was suspended, October 26, 1882, from duty for reasons assigned to this Board in a report made by the Chief Engineer under date of October 26, 1882, and

Whereas, His record for twelve years is good, no charges or complaints of record against him previously having been made, his experience and knowledge of construction, etc., in this Department commend him to the consideration of the Board; therefore,

Resolved, That John H. Rogers be and is hereby restored to duty, and that the Chief Engineer is directed to assign him as Inspector upon Twenty-third Street Pier, under contract awarded December 6, 1882.

Commissioner Vanderpoel, the Treasurer of the Board, presented his report of receipts for the week ending December 20th inst., which was received, read, and,

On motion, placed on file, and the Secretary directed to enter the same in full on the minutes, as follows:

DATE RECEIVED.	FROM WHOM.	FOR WHAT.	AMOUNT.	TOTAL.	DATE DEPOSITED.

Requisition No.
165. For stationery, etc.....

The Secretary stated that the pay-rolls for the general construction and repairs force for the half month ending December 15th inst., amounting in the aggregate to the sum of \$6,339.81, had been approved and audited, and that the same had been forwarded, together with proper requisition for the amounts, to the Finance Department for payment. His action was,

On motion, approved.

On motion, Matthew Hartnett was appointed as a watchman in place of Henry McMullin.

On motion, the Board adjourned.

JOHN T. CUMING, Secretary.

At a special meeting of the Board of Docks, held December 21, 1882.

Present—The full Board.

A communication from the Comptroller of the city, approving of the sureties to the estimate of John Gillies for building crib bulkhead and platform at Seventy-ninth street, East river, and for repairing the existing bulkhead and platform from Seventy-eighth to Seventy-ninth street, East river, was received, read, and,

On motion, the bids received and publicly opened on the 18th inst., for doing the said work, was taken from the table, and with the communication from the Comptroller, ordered on file, and the following resolution, offered by the President, was unanimously adopted:

Resolved, That the contract for building about forty lineal feet of crib bulkhead and platform in front of the same, south of the Pier at foot of Seventy-ninth street, East river, and for repairing the existing bulkhead and bulkhead platform from Seventy-eighth street to Seventy-ninth street, East river, be and hereby is awarded to John Gillies, his bid for doing said work being the lowest under estimates publicly opened the 18th instant, and the Comptroller having approved of the sureties thereto this date.

On motion, the Board adjourned.

JOHN T. CUMING, Secretary.

COMMISSIONERS OF THE SINKING FUND.

Abstract of the Proceedings of the Commissioners of the Sinking Fund, at the meeting held December 27, 1882.

Present—William R. Grace, Mayor; Frederick Smyth, Recorder; Allan Campbell, Comptroller; J. Nelson Tappan, Chamberlain; and John McClave, Chairman Finance Committee Board of Aldermen.

The minutes of the last meeting were read and approved.

The Comptroller, to whom was referred back the communication from the Commissioners of Health, in relation to a site for a "Hospital for Scarlet Fever, Diphtheria and Measles, in New York City," with "instructions to confer with the Department of Docks, and ascertain from said Department what property is now actually in use by said Department at the foot of Sixteenth street, East river, and what, if any, part of said property can be appropriated for the purpose of erecting a temporary hospital thereon; and that the Comptroller be requested to report by resolution, at the next meeting of this Board,"—submitted the following communication from the Department of Docks, viz.:

CITY OF NEW YORK—DEPARTMENT OF DOCKS, }
NEW YORK, December 26, 1882. }

Hon. ALLAN CAMPBELL, Comptroller City of New York:

SIR—I beg leave to acknowledge the receipt of your communication of 23d instant, inclosing resolution adopted by the Commissioners of the Sinking Fund in reference to the premises at the foot of Sixteenth and Seventeenth streets, East river, used and occupied by the Department of Docks, and in response thereto I herewith transmit a diagram of the said premises, showing the portions in use by this Department, and also that used for the purposes of other Departments.

It is the opinion of this Board that the space now occupied by this Department cannot be reduced at the present time, it being fully required and absolutely necessary for the storage of granite, derricks, and other material and property belonging to and applicable for use in this Department and the removal of which would incur considerable expense, and especially in view of the fact that this Board have now in preparation plans for the improvement of the water-front on the East river, which include this section, and which, if approved by the Commissioners of the Sinking Fund (to whom they will be submitted within a few days), will materially reduce the area now occupied and in use by this Department at this location. This Board, for the reasons stated, would respectfully request that no change be made in the use and occupation of the said premises at the present time, and would suggest that a portion of the market building could be used and made applicable for the purposes required by the Health Department. This Board will, however, do what the Commissioners of the Sinking Fund may desire in the matter.

Very respectfully,
WM. LAIMBEER, President.

The Comptroller made a brief statement in relation to the matter under consideration, and submitted the following report, viz.:

Whereas, The Commissioners of Health have applied to the Commissioners of the Sinking Fund for the designation and appropriation of a site for a hospital for scarlet fever, measles, diphtheria and other contagious diseases, the need of which is represented by them to be urgent and necessary; and

Whereas, The Commissioners of Health have requested that a portion of the land belonging to the city between Sixteenth and Seventeenth streets, on the East river, be designated and appropriated as the site of such hospital; and

Whereas, The Commissioners of Docks have, in a communication addressed to the Comptroller on December 26, instant, expressing their views in regard to the selection of said location as a site for said hospital, now occupied and in use by the Department of Docks, for the storage of granite, derricks and other material and property, for which the premises are required and necessary; and

Whereas, The Board of Commissioners of Docks have, however, expressed their willingness to do what the Commissioners of the Sinking Fund may desire in this matter; and

Whereas, It appears that a plot of land, now occupied in part as a storage-shed by the Department of Docks, on said city property, fronting on Sixteenth street, may be appropriated as a site for a temporary hospital to be erected by the Board of Health, for the purposes mentioned in their application aforesaid; therefore

Resolved, That a plot of land, 125 feet front on Sixteenth street by 92 feet deep, belonging to the city, beginning at a point about 450 feet east from the northeast corner of Sixteenth street and Avenue C, thence 125 feet east on Sixteenth street, thence north 92 feet to the middle line of the block, thence 125 feet west on the said middle line of the block, and thence 92 feet south to the point of beginning, as indicated on a map hereunto annexed, be and the same is hereby designated and appropriated for occupation and use by the Board of Health of the City of New York, as a site for a temporary hospital to be erected for scarlet fever, measles, diphtheria and other contagious diseases, such use and occupation of the premises to be subject to a termination and abandonment by the Board of Health, whenever the Commissioners of the Sinking Fund may determine, and as may be required for other disposition of the land in the interest of the city.

Report accepted and, on motion, resolution adopted; all the Commissioners voting in the affirmative.

The Comptroller submitted the following resolution, viz.:

Resolved, That pursuant to the provisions of chapter 498, Laws of 1880, and of the Charter of 1873, the Comptroller be and he is hereby authorized and directed to sell at public auction to the highest bidder, a lease of the franchise to operate a ferry between Thirty-fourth street, East river, and Hunter's Point, Long Island, along with a portion of the wharf property belonging to the city, used and required for ferry purposes at the foot of Thirty-fourth street, for the term of five years, from the first day of February, 1883, upon the terms and conditions prescribed by resolutions of the Commissioners of the Sinking Fund, adopted March 17, 1881, and December 16, 1882, and containing the covenants and conditions as provided by law and ordinances of the Common Council now in force relative to ferries, according to a form of ferry lease prepared by the Counsel to the Corporation, on file in the Comptroller's office, at a minimum yearly rental or upset price of \$2,000 for said wharf property and of five per cent. of the gross receipts for ferriage; provided, also, that the ferriage for foot passengers shall not exceed three cents each for crossing said ferry, and that the rates of ferriage now charged for carriages, trucks, carts and other vehicles shall not be exceeded during the term of said lease, and that the returns of receipts from ferriage, sworn to by the lessee, shall be made to the Comptroller quarterly, in such form as he may prescribe, and that the books of accounts of said ferry shall be subject to his examination.

The resolution was not adopted; the Mayor, Chamberlain and Chairman Finance Committee of Board of Aldermen voting in the negative, and the Recorder and Comptroller in the affirmative.

The Mayor moved to amend the resolution so that the ferriage for foot passengers from 5 to 7 o'clock A. M. and from 6 to 7 o'clock P. M. shall be two cents; which was adopted; the Mayor, Chamberlain and Chairman of Finance Committee of Board of Aldermen voting in the affirmative, and the Recorder and Comptroller in the negative.

The resolution as amended was, on motion, adopted, to read as follows, viz.:

"Resolved, That pursuant to the provisions of chapter 498, Laws of 1880, and of the Charter of 1873, the Comptroller be and he is hereby authorized and directed to sell, at public auction to the highest bidder, a lease of the franchise to operate a ferry between Thirty-fourth street, East river, and Hunter's Point, Long Island, along with a portion of the wharf property belonging to the city, used and required for ferry purposes at the foot of Thirty-fourth street, for the term of five years, from the

first day of February, 1883, upon the terms and conditions prescribed by resolutions of the Commissioners of the Sinking Fund, adopted March 17, 1881, and December 16, 1882, and containing the covenants and conditions as provided by law and ordinances of the Common Council now in force relative to ferries, according to a form of ferry lease prepared by the Counsel to the Corporation, on file in the Comptroller's office, at a minimum yearly rental or upset price of \$2,000 for said wharf property and of five per cent. of the gross receipts for ferriage; provided, also, that the ferriage for foot passengers, from 5 to 7 o'clock, A. M., and from 6 to 7 o'clock, P. M., shall be two cents, and at all other hours shall not exceed three cents each for crossing said ferry, and that the rates of ferriage now charged for carriages, trucks, carts and other vehicles shall not be exceeded during the term of said lease, and that the returns of receipts from ferriage, sworn to by the lessee, shall be made to the Comptroller quarterly, in such form as he may prescribe, and that the books of accounts of said ferry shall be subject to his examination;—the Mayor, Chamberlain and Chairman Finance Committee of Board of Aldermen voting in the affirmative, and the Recorder and Comptroller in the negative.

W. H. DIKEMAN, Secretary.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
December 6, 1882.

Present—President John J. Gorman, Commissioners Cornelius Van Cott and Henry D. Purroy.
The minutes of the meetings held November 11, 15, 17, 20, 22, 25, and 29 were read and approved.

Trial.

Assistant Engineer of Steamer Adam Feit, of Engine Co. No. 22, charged with "violation of section 1, paragraph II, General Orders No. 21, 1881," and "neglect of duty." Found guilty, and fined two days' pay.

Private Noah A. Stanchiffe, of Engine Co. No. 34, charged with "absence without leave." Found guilty, and fined two days' pay.

Private Henry Allright, of Engine Co. No. 21, charged with "absence without leave." Found guilty, and fined two days' pay.

Fireman Thomas F. Fannan, of Hook and Ladder Co. No. 6, charged with "under the influence of liquor." Found guilty, and fined five days' pay.

Fireman John Levins, of Hook and Ladder Co. No. 2, charged with "violation of section 11, paragraph 5, General Orders No. 13, 1881." Charge dismissed, claim being paid.

Private James P. Reilly, of Hook and Ladder Co. No. 15, charged with "violation of section 11, paragraph 5, General Orders No. 13, 1881." Found guilty, and sentence suspended pending settlement of claim.

Appointment.

James P. Smith, as Private, Hook and Ladder Co. No. 15, 11th instant.

The drafts of General Orders Nos. 6, 7, and 8, were approved, and promulgation ordered.

Bills.

audited and transmitted to the Comptroller for payment:

DECEMBER 14, 1882.

Present—President John J. Gorman, Commissioners Cornelius Van Cott and Henry D. Purroy.

Resolution.

Resolved, That an advertisement be inserted in the CITY RECORD inviting proposals for the rebuilding of house of Engine Co. No. 15, at No. 269 Henry street, and of Hook and Ladder Co. No. 11, at No. 742 Fifth street. Adopted.

On motion, adjourned.

CARL JUSSEN, Secretary.

DECEMBER 16, 1882.

Present—President John J. Gorman, Commissioners Cornelius Van Cott and Henry D. Purroy.
Draft of reply to communication from Franklin Edson, Mayor elect, requesting information respecting the Department, was submitted by the Secretary, which was approved and transmittal ordered.

Resolution.

Resolved, That Engine Cos. Nos. 12, 13, 14, 20, 31, and 33, and Hook & Ladder Co. No. 9, be designated as the companies of the Department to be increased in numbers and equipment, under the estimate for the year 1883, as per the Provisional Estimate for that year made and allowed by the Board of Estimate and Apportionment, subject to the action of that body in determining upon the final estimate for 1883. Adopted.

On motion, adjourned.

CARL JUSSEN, Secretary.

APPROVED PAPERS.

Resolved, That permission be and the same is hereby given to William G. Davis to erect and keep a small telegraph pole on the southerly side of East One Hundred and Thirty-ninth street, about sixty feet easterly from the easterly side of Alexander avenue, the work to be done at his own expense, under the direction of the Commissioners of the Department of Public Parks; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 18, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That the name of John Callaghan, recently appointed a Commissioner of Deeds, be corrected so as to read John Callahan.

Adopted by the Board of Aldermen, December 16, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That One Hundred and Twenty-second street, from the west curb of Fourth avenue to the east curb of Madison avenue, be regulated, graded, curbed and flagged a space four feet wide, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 12, 1882.
Approved by the Mayor, December 20, 1882.

Resolved, That lamp-posts be erected and street-lamps placed thereon and lighted, on the west side of Madison avenue, from One Hundred and Twentieth to One Hundred and Twenty-fourth street, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, December 12, 1882.
Approved by the Mayor, December 20, 1882.

Resolved, That crosswalks be laid across the roadway of East One Hundred and Forty-ninth street, at or near its several intersections with each avenue, and across the roadway of each avenue at or near its intersections with said street, between the easterly curb-line of North Third avenue and the westerly curb-line of the Southern Boulevard, under the direction of the Commissioners of the Department of Public Parks, and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 18, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That East One Hundred and Forty-sixth street, between the eastern curb-line of North Third avenue and the western curb-line of St. Ann's avenue, be regulated and graded, the curb, gutter and flag stones where not on the established line or grade be taken up, the curb and gutter stones reset, and the flag-stones relaid four feet in width; new curb and gutter stones be set, and new flag-stones four feet in width be laid on each sidewalk where not heretofore set or laid; and crosswalks be laid, where not heretofore laid, across the roadway at each intersection of said street with each avenue, and at the intersection of each avenue with said street, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 18, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That crosswalks be laid, where not heretofore laid, across the roadway of East One Hundred and Fifty-third street at or near its intersections with each avenue, and across the roadway of each avenue at or near its intersections with said street, between the westerly curb-line of North Third avenue and the easterly curb-line of Railroad avenue East, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 18, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That East One Hundred and Fiftieth street be regulated and graded, that the curb, gutter and flag stones, where not on the established lines or grades, be taken up and reset and relaid, that new curb, gutter and flag stones four feet wide be set and laid along and on each sidewalk, where necessary, between the westerly curb-line of North Third avenue and the easterly curb-line of Railroad avenue, and that crosswalks be laid across the roadway of said street and across the roadway of each avenue intersecting the same at or near their several intersections within the aforesaid limits, all of said work to be in accordance with the established lines and grades, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 18, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That East One Hundred and Fifty-first street be regulated and graded, that the curb, gutter and flag stones, where not on the established lines or grades, be taken up and reset and relaid; that new curb, gutter and flag stones, four feet wide, be set and laid along and on each sidewalk where necessary, between the westerly curb-line of North Third avenue and the easterly curb-line of Courtland avenue, and that crosswalks be laid across the roadway of said street, and across the roadway of Melrose avenue at or near their several intersections; all of said work to be in accordance with the established lines and grades, under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 18, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That permission be and the same is hereby given to Rev. E. H. Kettell, Rector of St. Ann's Protestant Episcopal Church, to place and keep a plank-walk on the northerly sidewalk of East One Hundred and Thirty-eighth street, from the westerly side of St. Ann's avenue to a point on the northerly side of said East One Hundred and Thirty-eighth street, distant about nine hundred feet westerly from said westerly side of St. Ann's avenue, the work to be done at his own expense, under the direction of the Commissioners of the Department of Public Parks; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That permission be and the same is hereby given to John G. Gent to regulate and grade East One Hundred and Fifty-first (formerly Pontiac) street, in front of his premises, from the westerly curb-line of Tinton avenue to a line drawn across said street parallel with said avenue, and distant one hundred and five feet westerly therefrom, to flag the sidewalk and set the curb and gutter stones on the southerly side of said street, between the aforesaid limits, to regulate and grade Tinton avenue in front of his premises from the westerly side to the centre of said avenue, between the southerly curb-line of East One Hundred and Fifty-first street and a point in said avenue distant two hundred and fifty feet southerly therefrom, and to flag the sidewalk and set the curb and gutter stones on the westerly side of said avenue between the aforesaid limits, the work to be done at his own expense, under the direction of the Commissioners of the Department of Public Parks; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the sidewalks of Ninety-eighth street, from the west curb of Ninth avenue to the east curb of the Boulevard, be regulated, graded and flagged a space four feet wide, where not already done, under the direction of the Commissioner of Public Works, and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the sidewalks in Third avenue, from the north curb of Ninety-third street to the south curb of One Hundred and First street, be regulated and graded so as to lay an additional course of flagging four feet wide; and that said additional course be laid between the above-described limits, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the sidewalk on east side of Eighth avenue, from the north curb of One Hundred and Twenty-fourth street to the south curb of One Hundred and Twenty-fifth street, be regulated and graded so as to lay an additional course of flagging 8 feet wide, and that said additional course be laid between the above-described limits, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That East Sixty-first street be renumbered, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the name of James Nelson, recently appointed a Commissioner of Deeds, be corrected so as to read James Neilson.

Adopted by the Board of Aldermen, December 16, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the name of Henry G. Cassidy, recently appointed a Commissioner of Deeds, be corrected so as to read Henry G. Cassidy.

Adopted by the Board of Aldermen, December 16, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the following-named persons be and they are hereby appointed Commissioners of Deeds in and for the City and County of New York, in place of those whose names appear opposite, whose term of office expire at the time stated:

	Term Expires.
William Colligan, in place of William Colligan	December 15, 1882.
William H. Tone, " William H. Tone	" 22, "
William L. Van Derzee, " William L. Van Derzee	" 31, "
John Carey, " George Buckelmaier	" 9, "
Alfred Lazarus, " Samuel G. Derickson	" 2, "
William T. Nash, " James McNulty	" 13, "
Charles S. Livingston, " Effingham V. Smith	" 13, "
William J. Reilly, " Archibald C. MacLauchlan	" 15, "

Adopted by the Board of Aldermen, December 16, 1882.

Approved by the Mayor, December 20, 1882.

Whereas, Certain storekeepers in the City of New York are demanding money from the vendors on sidewalks in front of their premises throughout the city; therefore, be it

Resolved, That the said storekeepers have no right to extort money from the said vendors, as an ordinance now exists giving those vendors the right to sell their wares from the 15th of December to 31st of December.

Adopted by the Board of Aldermen, December 16, 1882.

Approved by the Mayor, December 20, 1882.

Resolved, That the resolution adopted by the Board of Aldermen October 24, and approved by the Mayor October 30 (relating to licensed vendors 872 and 2119), be and is hereby amended so as to read 732 and 1039, respectively.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That the Commissioner of the Department of Public Works be and hereby is directed to notify the United States Illuminating Co. that the poles erected by it in the various streets and avenues of the city must, in all cases, be painted in accordance with established regulations; and also, that all poles to be hereafter erected in this city, by said company, shall be painted before being placed in position, in order that they may not present an unsightly appearance.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That William E. Brusle be and he is hereby reappointed a Commissioner of Deeds in and for the City and County of New York, in place of William E. Brusle, whose present term of office expires December 22, 1882.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That Eugene Brehem be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of Charles S. Smith, whose term of office has expired.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That the resolution adopted December 12, 1882, and approved by the Mayor, December 14, 1882, appointing sundry persons Commissioners of Deeds, in and for the City and County of New York, be and the same is hereby corrected so as to read William T. Matthies, instead of William T. Mathias.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That Rudolph L. Scharf be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of Rudolph L. Scharf, whose term of office expires December 22, 1882.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That the name of Charles A. Gott, recently appointed a Commissioner of Deeds, be corrected so as to read Charles L. Gott.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That Charles H. Pentz be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of John J. Ryan, whose term of office has expired.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That William D. Leonard be and he is hereby reappointed a Commissioner of Deeds in and for the City and County of New York, whose term of office expires December 22, 1882.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That the Corporation Counsel be and is hereby directed to inform this Board by what authority the Board of Assessors reduced the assessment for sewer in Boulevard, from Fifty-ninth to One Hundred and Twenty-fifth street, after having made said assessment.

Adopted by the Board of Aldermen, December 19, 1882.

Approved by the Mayor, December 21, 1882.

Resolved, That permission be and the same is hereby given to Tarrant & Co. to retain the storm-door now at the entrance to No. 278 Greenwich street; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 23, 1882.

Resolved, That permission be and the same is hereby given to John Behrens to place and keep a storm-door in front of No. 14 College place, and two in front of No. 64 Park place, said storm-doors to be within the stoop-line; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 23, 1882.

Resolved, That permission be and the same is hereby given to Mark M. Dobson to erect a storm-door at side-entrance to premises No. 386 Bleeker street, to be four feet deep, three feet wide, and seven feet high, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, December 12, 1882.

Approved by the Mayor, December 23, 1882.

Resolved, That the vacant lots Nos. 349 and 351 West Eleventh street be fenced in, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, December 16, 1882.

Approved by the Mayor, December 23, 1882.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
66 THIRD AVENUE.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISH-

ing during the quarter ending March 31, 1883, the Fresh Fish for the various institutions under the charge of the Department of Public Charities and Correction, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M., of Thursday, January 12, 1883.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for furnishing Fresh Fish," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The kinds of fish required are Fresh Cod, Porgies, and Blue Fish.

Delivery will be required to be made from time to time, at such times and in such quantities as may be from time to time directed by the said Department. The entire quantity required to be delivered during the quarter, will be about one hundred and ten thousand (110,000) pounds.

The above quantity is estimated and approximated only, and bidders are notified that if the Department shall require more than that quantity, the contractor must furnish all that is required and will be paid therefor only at the rates or prices named in the contract; and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of two thousand (\$2,000) dollars.

the bids or estimates received will be publicly opened by the head of said Department, and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Poultry is to be of good quality and dressed. The quantity that will be required will be about 650 pounds per week. The kind of Poultry required will be Turkeys, Ducks and Chickens; the quantities of each kind to be as required by the proper officers of the said Department from time to time, and the delivery to be at Bellevue Hospital, or on the dock at the foot of East Twenty-sixth street, as shall be from time to time required by such officers.

The above quantity is estimated and approximated only, and bidders are notified that if the Department shall require more than that quantity, the contractor must furnish all that is required and will be paid therefor only at the rates or prices named in the contract; and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of eight hundred (\$800) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued monthly.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department.

Dated, New York, December 28, 1882.

THOMAS S. BRENNAN,
JACOB HESS,
HENRY H. PORTER,
Commissioners of the Department of
Public Charities and Correction.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING during the quarter ending March 31, 1883 the Fresh Meats for the various institutions under the charge of the Department of Public Charities and Correction, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A.M., of Thursday, January 12, 1883. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for furnishing Fresh Meats," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be from time to time directed by said Department.

The quantities and qualities of the meat that will be required are as follows:

Chucks of beef and shoulder clods, 500,000 pounds.
about, 17,000 "
Extra diet beef, about, 17,000 "

The above to be from cattle weighing not less than six hundred pounds dressed.
Mutton, in pieces of forequarters, breast and shoulders, without ribs, about, 90,000 pounds.
Roasting pieces of beef, about, 15,000 "
Beefsteaks, sirloin, about, 15,000 "
Corned beef, rump and plates, or navel, about, 10,000 "

The above to be from cattle weighing not less than six hundred and fifty pounds, dressed.
Mutton, hind quarters, about, 15,000 pounds.
Pork, loins, about, 1,000 "
Veal, cutlets and loins, about, 9,000 "
No ram mutton, nor bruised beef, bull beef or cow beef, will be received.

Reference is made to the approved form of contract and the specifications on page 8, forming a part thereof, on file in the office of the Department, for fuller and more particular information as to the kinds and sizes of the pieces of meat to be furnished.

The above quantity is estimated and approximated only, and bidders are notified that if the Department shall require more than that quantity, the contractor must furnish all that is required, and will be paid therefor only at the rates or prices named in the contract; and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded, will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of ten thousand (\$10,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a Department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the meats for the officers, nurses, attendants, etc., will be made by a requisition on the Comptroller, issued monthly; and for the other meats by a like requisition issued weekly.

Bidders are informed that no deviation from the contract and the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department.

Dated New York, December 28, 1882.

THOMAS S. BRENNAN,
JACOB HESS,
HENRY H. PORTER,
Commissioners of the Department of
Public Charities and Correction.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, December 27, 1882.

IN ACCORDANCE WITH AN ORDINANCE OF the Common Council, "In relation to the burial of strangers or unknown persons who may die in any of the public institutions of the City of New York," the Commissioners of Public Charities and Correction report as follows:

At Workhouse, Blackwell's Island—Samuel Holden, age 44 years; committed December 5, 1882; age 50 years.

At Homeopathic Hospital, Ward's Island—Henry Gill, age 45 years; 5 feet 6 inches high; brown eyes; black hair. Had on when admitted dark suit of clothes, brown derby hat.

Eliza Martin, age 48 years; 5 feet 4 inches high; brown eyes and hair. Had on when admitted brown dress, gray waterproof cloak, blue hood, buttoned shoes.

Brock Davis, colored, age 47 years; 6 feet high; black eyes and hair. Had on when admitted black pants and vest, blue shirt.

Jacob Osterle, aged 51 years; 5 feet 5 inches high; gray eyes and hair. Had on when admitted dark suit of clothes.

At Randall's Island Hospital—August E. Blockman, age 29 years; 5 feet 9 inches high; black hair and eyes.

Michael Vohn, age 60 years; 5 feet 10 inches high; red hair.

John Bell, age 43 years; 5 feet 8 inches high; black hair and eyes.

Nothing known of their friends or relatives.

By order, G. F. BRITTON,
Secretary.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, December 19, 1882.

PROPOSALS FOR 2,000 TONS OF FRESH MINED WHITE ASH STOVE COAL FOR THE OUT-DOOR POOR.

PROPOSALS, SEALED AND INDORSED AS above, will be received by the Commissioners of Public Charities and Correction, at their office, until 9.30 o'clock, A.M., of Wednesday, January 3, 1883, at which time they will be publicly opened and read, by the head of said Department, for 2,000 tons Fresh Mined White Ash Stove Coal, of the best quality; each ton to consist of two thousand pounds, to be well screened, and delivered in such quantities and in such parts of the city as may be required in specifications, and ordered from time to time, south of Eighty-sixth street, to be subject to such inspection as the Commissioners may direct, and to meet their approval as to the quality, quantity, time, and manner of delivery in every respect.

The award of the contract will be made as soon as practicable after the opening of the bids.

No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties in the estimated amount of fifteen hundred dollars for its faithful performance, which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The sufficiency of such security to be approved by the Comptroller.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.

If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Department of Public Charities and Correction reserves the right to decline any and all proposals, if deemed to be for the public interest, and to accept an offer for the whole bid, or for any single article included in the proposal, and no proposal will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Blank forms of proposals and specifications, which are to be strictly complied with, can be obtained on application at the office of the Department, and all information furnished.

THOMAS S. BRENNAN,
JACOB HESS,
HENRY H. PORTER,
Commissioners of the Department of
Public Charities and Correction.

THE CITY RECORD.

COPIES OF THE CITY RECORD CAN BE obtained at No. 2 City Hall (northwest corner, basement). Price three cents each.

FIRE DEPARTMENT.

TO CONTRACTORS.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,
155 AND 157 MERCER STREET,
NEW YORK, December 23, 1882.

SEALED PROPOSALS FOR FURNISHING THIS

Department with the following articles:
300,000 pounds Hay, of the quality and standard known as Good Sweet Timothy.
55,000 pounds good clean Rye Straw.
2,500 bags clean White Oats, 80 pounds to the bag.
1,800 bags Fine Feed, 60 pounds to the bag.

—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 155 and 157 Mercer street, in the City of New York, until 10 o'clock A.M., Wednesday, January 10, 1883, at which time and place they will be publicly opened by the head of said Department and read.

Proposals must include all of the items, specifying the price per cwt. for hay and straw, and per bag for oats and feed.

All of the articles are to be delivered at the various houses of the Department in such quantities and at such times as may be directed.

No estimate will be received or considered after the hour named.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the articles shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the articles to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in a sum not less than one-half the amount of the estimate; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference be-

tween the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred and fifty (\$250) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The form of the agreement and specifications, and showing the manner of payment for the articles, may be seen and forms of proposals may be obtained at the office of the Department.

NOTICE IS HEREBY GIVEN THAT THE Board of Commissioners of this Department will meet daily, at 10 o'clock A.M., for the transaction of business.

By order of JOHN J. GORMAN, President.
CORNELIUS VAN COTT,
HENRY D. PURROY,
Commissioners.

CARL JUSSEN,
Secretary

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
Room 6, No. 31 CHAMBERS STREET,
NEW YORK, December 18, 1882.

TO CONTRACTORS.

BIDS OR ESTIMATES INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder indorsed thereon, will be received at this office until Saturday, December 30, 1882, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department and read, for:

FLAGGING SIDEWALKS AND SETTING CURB-STONES ON STREETS SURROUNDING FULTON MARKET.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates, or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired can be obtained at the office of the architect, Douglas Smyth, No. 48 Exchange place.

HUBERT O. THOMPSON,
Commissioner of Public Works.

CORPORATION NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN TO THE owner or owners, occupant or occupants of all houses and lots, improved or unimproved lands affected thereby, that the following assessments have been completed and are lodged in the office of the Board of Assessors, for examination by all persons interested, viz.:

No. 40. Both sides of Seventy-fifth street, from First avenue to Avenue A, and to the extent of half the block at the intersection of said avenues.

All persons whose interests are affected by the above-named assessments, and who are opposed to the same, or either of them, are requested to present their objections in writing to the Board of Assessors, at their office, No. 11 1/2 City Hall, within thirty days from the date of this notice.

The above-described lists will be transmitted as provided by law to the Board of Revision and Correction of Assessments for confirmation, on the 30th day of December ensuing.

JOHN R. LYDECKER,
DANIEL STANBURY,
JOHN W. JACOBUS,
JOHN MULLALLY,
Board of Assessors.

OFFICE OF THE BOARD OF ASSESSORS,
No. 11 1/2 CITY HALL,
NEW YORK, NOV. 20, 1882.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, SEPT. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE

heard here, from 10 to 3 daily, from all persons

hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

GEORGE CAULFIELD,
Commissioner of Jurors,
Room 17, New County Court-house.

FINANCE DEPARTMENT.

CITY OF NEW YORK,
FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 21, 1882.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 4 OF CHAPTER

33 of the Laws of 1881, the Comptroller of the City of New York hereby gives public notice to property-owners that the assessment list for the opening of Sixty-seventh street, from Third avenue to East river, was confirmed by the Supreme Court, on the 22d day of March, 1882, and entered on the 20th day of December, 1882, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents.

Section 5 of the said act provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said record of titles of assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect, and receive legal interest thereon at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment."

The above assessments are payable to the Collector of Assessments and Clerk of Arrears, at the "Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents," from 9 A. M. until 2 P. M., and all payments made thereon, on or before February 19, 1883, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date of entry in the Record of Titles of Assessments in said Bureau.

ALLAN CAMPBELL,
Comptroller.

CITY OF NEW YORK,
FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 17, 1882.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 4 OF CHAPTER

33 of the Laws of 1881, the Comptroller of the City of New York hereby gives public notice to property-owners that the assessment list for the opening of Webster avenue, from the eastern line of the N. Y. & Harlem Railroad at One Hundred and Sixty-fifth street, to the northern line of One Hundred and Eighty-fourth street, was confirmed by the Supreme Court, on the 24th day of November, 1882, and entered on the 2d day of December, 1882, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents.

Section 5 of the said act provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said record of titles of assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect, and receive legal interest thereon at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment."

The above assessments are payable to the Collector of Assessments and Clerk of Arrears, at the "Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents," from 9 A. M. until 2 P. M., and all payments made thereon, on or before February 9, 1883, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date of entry in the record of titles of assessments in said Bureau.

ALLAN CAMPBELL,
Comptroller.

CITY OF NEW YORK,
FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 14, 1882.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 4 OF CHAPTER

33 of the Laws of 1881, the Comptroller of the City of New York hereby gives public notice to property-owners that the following lists of assessments for local improvements in said city were confirmed by the "Board of Revision and Correction of Assessments," on the 9th day of December, 1882, and, on the same date, were entered in the Record of Titles of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents," viz.:

Front street sewer, between Old Slip and Cuyler's alley.

Broadway sewer, between Liberty street and Maiden Lane.

Cherry street sewer, between Jackson and Corlears streets.

Second avenue sewer, west side, between Ninety-fifth and Ninety-sixth streets, with branches.

Fifteenth street sewer, between Irving place and Fourth avenue.

Sixty-eighth street sewer, between Eighth avenue and Boulevard.

Seventieth street sewer, between Boulevard and Ninth avenue.

One Hundred and Forty-first street sewer, between Seventh and Eighth avenues.

Seventy-third street basins, northwest and southwest corners of Eighth avenue.

Ninety-seventh street regulating, etc., between Eighth avenue and Boulevard.

One Hundred and Sixth street regulating, etc., between Madison and Fifth avenues.

One Hundred and Twenty-second street regulating, etc., between Sixth and Seventh avenues.

One Hundred and Fifty-seventh street regulating, etc., between Tenth avenue and Kingsbridge road.

One Hundred and Thirtieth street regulating, etc., between Fourth and Fifth avenues.

Fifth avenue regulating and paving, between Ninth and One Hundred and Tenth streets.

Sixty-second street paving, between Boulevard and Tenth avenue.

One Hundred and Twenty-fourth street paving, between Seventh and Eighth avenues.

One Hundred and Twenty-eighth street paving, between Sixth and Seventh avenues.

Thirty-fourth street flagging, south side, from Eleventh to Twelfth avenues.

Fulton avenue filling in and fencing sunken lots, northeast corner One Hundred and Sixty-eighth street.

Section 5 of the said act provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect, and receive legal interest thereon, at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment."

The above assessments are payable to the Collector of Assessments and Clerk of Arrears, at the "Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents," from 9 A. M. until 2 P. M., and all payments made thereon, on or before February 12, 1883, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date of entry in the Record of Titles of Assessments in said Bureau.

ALLAN CAMPBELL,
Comptroller.

FINANCE DEPARTMENT,
BUREAU FOR THE COLLECTION OF TAXES,
No. 32 CHAMBERS STREET,
NEW YORK, DECEMBER 1, 1882.

NOTICE TO TAX-PAYERS.

NOTICE IS HEREBY GIVEN TO ALL PER-

sons who have omitted to pay their taxes for the year 1882 to the Receiver of Taxes, to pay the same to him at his office before the first day of January, 1883.

One per cent, additional upon the amount of the tax will be collected on all taxes remaining unpaid on the first day of December, 1882; and unless the same shall be paid to him before the first day of January, 1883, interest will be charged and collected thereafter upon all such taxes so remaining unpaid on that day, at the rate of seven per cent. per annum, to be calculated from October 23, 1882, the day on which the assessment rolls and warrants were delivered to the Receiver of Taxes.

No money will be received after 2 o'clock, P. M.

Office hours from 8 A. M. to 2 P. M.

MARTIN T. McMAHON,
Receiver of Taxes.

CITY OF NEW YORK—FINANCE DEPARTMENT,
BUREAU FOR COLLECTION OF ASSESSMENTS, AND OF
ARREARS OF TAXES AND ASSESSMENTS,
AND OF CROTON WATER RENTS,
OFFICE OF THE COLLECTOR OF ASSESSMENTS
AND CLERK OF ARREARS,
November 15, 1882.

NOTICE OF THE SALE OF LANDS AND TENEMENTS

for unpaid taxes of 1877, 1878, and 1879, and Croton-water rents of 1876, 1877, and 1878, under the direction of Allan Campbell, Comptroller of the City of New York.

The undersigned hereby gives public notice, pursuant to the provisions of the act entitled "An act for the collection of taxes, assessments, and Croton water rents in the City of New York, and to amend the several acts in relation thereto," passed April 8, 1871.

That the respective owners of all lands and tenements in the City of New York on which taxes have been laid and confirmed situated in the Wards Nos. 1 to 24 inclusive for the years 1877, 1878, and 1879, and now remaining due and unpaid; and also the respective owners of all lands and tenements in the City of New York, situated in the wards aforesaid, on which the regular Croton water rents have been laid for the years 1876, 1877, and 1878, and are now remaining due and unpaid, are required to pay the said taxes and Croton water rent so remaining due and unpaid to the Collector of Assessments and Clerk of Arrears, at his office, in the Department of Finance, in the new Court-house, with the interest thereon at the rate of 7 per cent. per annum, as provided by chapter 33 of the Laws of 1881, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, and if default shall be made in such payment, such lands and tenements will be sold at public auction, at the new Court-house, in the City Hall Park, in the City of New York, on Monday, March 5, 1883, at 12 o'clock, noon, for the lowest term of years at which any person shall offer to take the same in consideration of advancing the amount of tax or Croton water rent, as the case may be, so due and unpaid, and the interest thereon, as aforesaid, to the time of sale, together with the charges of this notice and advertisement and all other costs and charges accrued thereon, and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of the taxes and the Croton water rents, the ownership of the property on which taxes and Croton water rents remain unpaid, is published in a pamphlet, and that copies of the said pamphlet are deposited in the office of the Collector of Assessments and Clerk of Arrears, and will be delivered to any person applying for the same.

A. S. CADY,
Collector of Assessments and Clerk of Arrears.

CITY OF NEW YORK,
FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
November 13, 1882.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 4 OF CHAPTER

33 of the Laws of 1881, the Comptroller of the City of New York hereby gives public notice to property-owners that the following lists of assessments for local improvements in said city were confirmed by the "Board of Revision and Correction of Assessments," on the 3d day of November, 1882, and, on the same date, were entered in the Record of Titles of Assessments, and of Arrears of Taxes and Assessments, and of Water Rents," viz.:

Seventy-sixth street paving, from Third to Fourth avenue.

One Hundred and Eighth street paving, from Third to Fifth avenue.

Forty-fourth street paving, between First and Second avenues.

Fifty-fifth street paving, between Sixth and Seventh avenues.

Seventy-fifth street paving, between Third and Fourth avenues.

Eighty-third street paving, between Eighth avenue and Boulevard.

Ninety-fourth street paving, between Third and Lexington avenues.

One Hundred and Twelfth street paving, between Third and Fourth avenues.

Seventieth street regulating, grading, etc., between Eighth and Tenth avenues.

First avenue sewer, between Twenty-first and Twenty-fourth streets.

OFFICIAL JOURNAL.

NEW YORK, FRIDAY, DECEMBER 29, 1882.

SUPPLEMENT.

CITY OF NEW YORK—FINANCE DEPARTMENT, }
COMPTROLLER'S OFFICE, Sept. 30, 1882. }

SIR—I have the honor to transmit a detailed statement of all accounts audited and allowed by this Department, on account of the City of New York, and for which warrants have been drawn upon the Chamberlain, for the quarter ending June 30, 1882.

Very respectfully,

Very respectfully,
ALLAN CAMPBELL, Comptroller.
