Wherefore, your petitioner, believing it to be for the public good so to do, respectfully request your Honorable Board to take such steps as shall be necessary to legally close the said alley.

LAW DEPARTMENT—OFFICE OF THE COUNSEL TO THE CORPORATION, }

NEW YORK, June 5, 1895.

JAMES C. DUANE, President, Aqueduct Commission:

SIR—I beg to inform you that the Commission of Appraisal in the matter of the Jerome Park Reservoir duly organized on the 4th day of June, and that the oaths of the Commissioners have been filed. You are therefore in a position to proceed with the advertisement of your contract for construction as soon as you desire.

Yours, very truly, FRANCIS M. SCOTT, Counsel to the Corporation.

To the Honorable the Committee on Construction:

GENTLEMEN—This is to confirm my verbal report made at your last meeting of the result of

my interviews with Mr. George W. Birdsall, Chief Engineer of the Department of Public Works, on the question of increasing the capacity of the Jerome Park Reservoir.

Mr. Birdsall stated to me that, before submitting the specifications for the work, his Department would request the Aqueduct Commissioners to so alter the plans as to increase the capacity of the proposed reservoir to about two thousand million gallons. The same statement, I understand, was also made to Commissioner Green by the Commissioner of Public Works.

The request for an increase of capacity was based on the grounds that the reservoir thus enlarged would be needed for the proper working of the water-supply of the City. I concur in that opinion.

I subsequently submitted to you a number of sketches illustrating the various ways in which the proposed increase of capacity of the reservoir could be carried out, with approximate estimates of cost, the main alternative being between a large increase of excavation in and around the reservoir and an extension of the reservoir area south of the present site.

The plans and specifications which I now submit to you have been so modified, in accordance with your instructions, as to provide for the excavation of the islands and promontories which it was at first intended to leave as they now stand.

I am, respectfully,

A. FTELEY, Chief Engineer.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

#### DEPARTMENT OF PUBLIC PARKS.

NEW YORK, June 21, 1895.

#### TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR THE following-mentioned works, with the title of the work and the name of the bidder indorsed thereon, will be received by the Department of Public Parks, at its offices, Arsenal, Central Park, until 9.30 o'clock A. M. on Wednesday, July 3, 1895:

No. 1. CONSTRUCTING NEW ROOF OVER THE GALLERY AND GROUND FLOOR TANKS FOR THE AQUARIUM IN THE CASTLE GARDEN BUILDING, IN BATTERY PARK.

No. 2. FOR REGULATING AND GRADING, SETTING CURB-STONES AND FLAGGING THE SIDEWALK AND CONSTRUCTING RECEIVING-BASINS AND CULVERTS IN RIVERSIDE AVENUE, from Claremont place to One Hundred and Twenty-seventh street.

The Engineer's estimate of the work to be done and by which the bids will be tested, is as follows:

#### No. 1. ABOVE MENTIONED.

Bidders are required to state in their proposals, ONE PRICE OR SUM for which they will execute the ENTIRE WORK.

The time allowed for the completion of the whole work will be SIXTY-FIVE CONSECUTIVE WORKING DAYS. The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at FIFTY DOLLARS per day.

The amount of security required is FORTY-FIVE HUNDRED DOLLARS.

#### No. 2. ABOVE MENTIONED.

2,400 cubic yards of earth excavation.  
900 cubic yards of rock excavation.  
100 lineal feet of new curb-stone furnished and set.  
775 lineal feet of old curb-stone taken up and reset.  
980 square feet of new flagging furnished and laid.  
2,480 square feet of old flagging taken up and relaid.  
1 receiving-basin to be built, complete.  
2 receiving-basins to be built, except cap and gutter stones and iron covers and guards.  
50 lineal feet twelve-inch vitrified stoneware pipe in culverts, to furnish and lay.

Bidders are required to state, in writing, and also in figures, a price for each of the items mentioned in the Engineer's estimate.

The time allowed to complete the whole work will be FORTY CONSECUTIVE WORKING DAYS, and the damages to be paid by the contractor for each day that the contract, or any part thereof may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at TEN DOLLARS per day.

Bidders are particularly cautioned that a provision in the contract authorizes the sum of TWENTY-FIVE CENTS per lineal foot of the work done to be retained out of the contract moneys as security for keeping the whole work, when completed, in good order for a period of six months from the date of its acceptance by the Commissioners of the Department of Public Parks, not including in the computation of the said period the months of December, January, February and March.

The amount of security required is TWO THOUSAND DOLLARS.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it re-

lates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded in each case will be awarded to the lowest bidder.

Blank forms for proposals and forms of contracts which the successful bidders will be required to execute, can be had at the office of the Department, Arsenal, Sixty-fourth street and Fifth avenue, Central Park.
