Resolved, That the Municipal Assembly be and is hereby respectfully requested to authorize and approve of the location, establishment and provision by the Police Department of The City of New York of the premises on Henry street, near the Boulevard, Rockaway Beach, in the Borough of Queens, for station-house purposes for a precinct there established, and for the accommodation thereof of members of the Police Force, and as places of temporary detention for prisoners arrested and property taken within such precinct, the Commissioners of the Sinking Fund having authorized the lease thereof June 20, 1898.

McDonald.

Resolved, That said horses be rejected on the ground that the prices charged for the same are in excess of what the Department will pay for that character of horse, and that the Sergeant be directed to return the horses to the person by whom they were submitted to the Department for acceptance.

On reading and filing recommendation of the Chief of Police,

Resolved, That the patrol wagon, with horses and equipments, of the Twenty-fifth Precinct be transferred for duty in the Seventy-ninth Sub-Precinct, Rockaway Beach, for the purpose of conveying prisoners arrested in the Rockaway Sub-Precinct to the Court at Far Rockaway, and also that the use of stables now employed for housing horses and patrol wagon at Twenty-fifth Precinct be dispensed with, and that the Chief be directed to select suitable quarters to house the patrol wagon and horses in Rockaway Beach for such purpose; and further

Resolved, That the horse and buggy now used by the Captain of the Thirty-third Precinct be transferred to Far Rockaway for the use of the Sergeant in command of that precinct.

The Board directs that the licenses referred to be recognized as covering the places specified.

Resolved, That James J. Rooney be restored to duty in the same grade in which he was at the time of his dismissal, and that the Chief Clerk be directed to make and certify to the Civil Service Commission the salary at and for said rate of said James J. Rooney from the 1st day of January, 1898.

In the matter of James J. Rooney, restored by order of the Court,

Resolved, That the Chief Clerk be directed to notify Henry A. Montfort, attorney for the said Rooney, that any claim for salary of said officer prior to January 1, 1898, is a claim against the late Long Island City, and will have to be presented, as such claims are required to be presented, to the proper officer, to wit, the Comptroller of The City of New York.

Duncan, Carpenter, and Korn Daly, Tinsmith, the said persons having been employed by the Police Department as such Carpenter and Tinsmith, respectively, for two or more years prior to the 1st of January last, and that this Board does not feel that it is authorized to pay without certification by the Civil Service Commission, and that, under the provisions of the Charter, they having been in the employ of the Police Department at the time the present Police Board came into office, they are, therefore, entitled to be placed upon the salary list of the Department.

The President submitted to the Board a communication from D. H. Tolman, in which it is stated that a number of policemen referred to in schedule attached are indebted to said Tolman for money loaned, and that they have made an assignment of their salary and also a confession of judgment for the said amounts. The Board of Police directs the Chief Clerk to reply to said communication and to notify said D. H. Tolman that they will not recognize any such assignment of salary made by an officer of this Department, nor will they enforce any penalties against an officer for a failure to pay a debt, whether in judgment or in contract, in the manner stated in said communication.

Resolved, That the Chief of Police be directed to report the number of horses in the Department, where located and for what purposes used.

Resolved, That the commanding officers of precincts be required to at once report the location and name of owner of any new place of public amusement.

Resolved, That the bill of the Kings County Elevated Railway Company for electric wire privileges on railway structure, for the six months ending December 31, 1897, be returned to the Superintendent of Telegraph, upon the ground that the same is charged against the late City of Brooklyn, and as such should be presented to the Comptroller of The City of New York for payment. It is not a charge against the Police Department.

Resolved, That honorable mention be and is hereby made in the records of the Department of the meritorious conduct of Patrolman James E. Hinch, Eighth Precinct, in rescuing from drowning Harry Freedman, aged eight years, on July 3, 1898, at the recreation pier, foot of East Third street, and that the Medal of Honor of the Department be awarded to him.

JOINT MEETING.

Meeting in Room 1, Borough Hall, at 2 P.M., Thursday, July 21, 1898.

The roll was called, and the following members answered to their names:

Edward M. Grout, President, in the chair, and Aldermen Kenney and Hennessy.

The minutes of the meeting held on June 1, 1898, were approved.

The President submitted the following:

(No. 11.)

Complaint of O. Mathews and others against the Long Island Railroad Company as lessee, the Prospect Park and Coney Island Railroad Company as lessor, and the Brooklyn Elevated Railroad Company as a road operating over the tracks of the Prospect Park and Coney Island Railroad Company along Gravesend avenue:

1st. That the Brooklyn Elevated Railroad Company operates road without authority of law.

2d. That the portion of Gravesend avenue between the railroad tracks is not kept in good order and on a level with the grade.

3d. That the railroad company obstructs said avenue with posts, pillars, culverts, sidings, ditches and banks along the line.

Also the following opinion from the Corporation Counsel:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 13, 1898.

Honorable EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—I have received your communication, which reads as follows:

“Two of the local boards of this borough have now before them the inclosed complaint of Owen Mathews and others concerning a railroad on Gravesend avenue, upon which we have received the inclosed advices from the Department of Highways.

“The subjects of complaint are two: First, as to the grade of railroad tracks, and, second, as to the obstructions maintained by the railroad company in the highway. This matter has been much agitated and a source of much trouble in Brooklyn for several years past. The railroad company is a steam railroad constructed originally under the general railroad law, and is not a street surface road, and it maintains that it has a right to continue such obstructions in the highway as are connected with the ordinary operation of a steam railroad. The nature of these obstructions appears from the inclosed papers. Of course, if the obstructions are to be continued in the highway it is useless to remedy the evils resulting from the grade of the street or the tracks.

“I desire advice, therefore, as to the right of this railroad company. Its original rights to the street were acquired under the same law by which Gravesend avenue itself was laid out (chapter 531, Laws of 1873, section 13; having reference to the railroad company). A subsequent statute affecting the subject is found in chapter 307, Laws of 1874. The railroad company claim to have condemned the right to use the street for this purpose by proceedings which were sustained by the Court of Appeals in the suit brought by the Washington Cemetery, exact reference to which I cannot give you. In 1896 (chapter 863) the Legislature passed an act authorizing the local authorities in Brooklyn to correct the abuses in Gravesend avenue, ‘having due regard, however, to the right of any such railroad company to operate a steam railroad on said avenue.’”

In reply thereto I would say that there can be no doubt as to the right of the railroad company to operate its road upon Gravesend avenue. Chapter 863 of the Laws of 1896 reads as follows:

AN ACT to authorize and empower the common counsel of the city of Brooklyn to regulate the use of Gravesend avenue in said city by railroad corporations using said avenue.

Section 1. The common counsel of the city of Brooklyn, subject to the veto power of the mayor, is hereby authorized and empowered to regulate, by ordinance or resolution, the use of Gravesend avenue, in the city of Brooklyn, by any railroad corporation or corporations having tracks along the said avenue and using the same, and using steam motor power. Such power to

regulate shall include the power to require all tracks upon said avenue to be so laid as to conform to the established grade of the said avenue, and to require the removal of any ditch, post, poles, buildings, structure, bank, bridge, culvert or channel or any obstruction of any kind or nature whatsoever in the said avenue, which shall in any manner interfere with the free and untrammelled use of said Gravesend avenue as a public highway, having due regard, however, to the right of any such railroad corporation to operate a steam railroad on said avenue.

Sec. 2. All acts and parts of acts inconsistent with this act are hereby repealed.

Sec. 3. This act shall take effect immediately.

Under this act power is given to the Common Council over two subjects—It may require (1) that all tracks upon the avenue to so laid as to conform to the established grade of said avenue, and (2) removal of any obstructions maintained by the railroad corporation which shall in any manner interfere with the free and untrammelled use of the avenue as a public highway. This power, however, is to be exercised with due regard to the right of any such railroad corporation operating a steam railroad on said avenue. The operation of such a railroad would undoubtedly include the maintenance of whatever structures or appliances may be necessary for its operation. This would not necessarily leave it entirely to the discretion of the railroad corporation to determine as to the number and nature of the obstructions placed and maintained upon the avenue by it. A proper regard to the use of the avenue as a public street must be had, and the interference with such use must be reduced to a minimum.

I would advise that a thorough inspection be made as to the existence of such obstructions and the nature and necessity thereof, and that the result of such inspection be certified to the Municipal Assembly with proper recommendation as to its action in the premises, so that a proper ordinance or resolution may be adopted in pursuance of the provisions of the act above cited.

As to requiring the tracks to be laid so as to conform to the established grade of said avenue, the same course of procedure may be recommended.

Very respectfully yours,
(Signed) JOHN WHALEN, Corporation Counsel.

W. J. Kelly, counsel for the Long Island Railroad Company, appeared before the Board and stated that the company would, voluntarily, remove the wires connected with what are known as the district signals, and he stated further that the company would place the tracks of the railroad on grade, provided the street was graded and paved.

On motion of Alderman Kenney, the matter was laid over for two months, pending the preparation of a petition for grading and paving by the property-owners.

Adjournment.

J. W. STEVENSON, Secretary.

the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Samples of stationery and printing required may be examined and blank forms for estimates may be obtained by application to the Superintendent of Elections of The City of New York, at his office in the Central Department.

Bidders will state a price for each kind of feed to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. Bidders will state a price for each kind of feed to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of feed is to be delivered during the year 1898 in such quantities and at such places within the Boroughs of Manhattan and the Bronx, and at such time or times as may be required by the Police Department.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, in the manner prescribed by law, in the sum of Five Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

No empty packages are to be returned to bidders or contractors except such as are designated in the specifications.

Bidders will state the price for each article, by which the bids are tested.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, New York, or No. 29 Elm place, Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

JOHN W. KELLER, President,
ADOLPH SIMIS, Jr., Commissioner,
JAMES FEENEY, Commissioner,
Department of Public Charities.

- No empty packages are to be returned to bidders or contractors, except such as are designated in the specifications.
- Bidders will state the price for each article, by which the bids are tested.
- THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.
- No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
- The award of the contract will be made as soon as practicable after the opening of the bids.
- Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.
- Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each estimate.
- Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if

no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, New York, or No. 29 Elm place, Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

TO CONTRACTORS.

(No. 637.)

PROPOSALS FOR ESTIMATES FOR DREDGING AT THE WAITS STREET SECTION, ON THE NORTH RIVER, BOROUGH OF MANHATTAN.

ESTIMATES FOR DREDGING AT THE Waits Street Section, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks and Ferries, at the office of said Department, on Pier "A," foot of Battery park, North river, in The City of New York, until 11 o'clock A. M. on

FRIDAY, AUGUST 5, 1898.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Three Thousand Dollars.

The Engineer's estimate of the quantities of materials necessary to be dredged is as follows:

CLASS 1.
Mud Dredging..... 16,000 cubic yards.

CLASS 2.
Crib Dredging, about..... 4,500 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and Ferries, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks and Ferries that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be at the Waits Street Section, on the North river, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the expiration of forty days from the date of service of the above-mentioned notification.

The damages to be paid by the Contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard, for the whole of the dredging to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to

the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amounts of their estimates for doing this work in each class.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to The City of New York; the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding thereon, and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or any other officer or employee of The City of New York, or any of its Departments, is directly or indirectly interested in the estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder, or any one in his behalf, with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.*

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to The City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said City may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the said City.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
