Nos. 946, 953, 956, 962.

City of New York—Office of the Mayor, }
 July 6, 1908. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, resolutions adopted by your Honorable Board on June 23, 1908, as follows:

1. Permitting the Atlantic Coast Amusement Company to erect advertising poles at Far Rockaway, Queens.
 2. Permitting Frank L. Ness to suspend a banner.
 3. Permitting display of sundry canvas signs for week following July 4, 1908, in Eighth Ward, Brooklyn.
 4. Permitting the Oriental Hotel, Brooklyn, to suspend a banner.
- The passage of special resolutions of this character is specifically prohibited by section 50 of the Charter.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to the Atlantic Coast Amusement Company to erect two poles to be surmounted by an advertising sign on the Southern boulevard, Far Rockaway, in the Borough of Queens; the work to be done at the said company's expense, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Aldermen.

Resolved, That permission be and the same is hereby given to Frank L. Ness to suspend a banner from his premises No. 702 East One Hundred and Fifty-first street to the telegraph pole in front of said premises, in the Borough of The Bronx; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Resolved, That permission be and the same is hereby given to the following named persons: Mrs. Martin, No. 5217 Third avenue, and Mr. Harry Fuhrman, No. 5409 Third avenue, to suspend a canvas sign in front of the places designated, in the Borough of Brooklyn; each of them own the property designated, and they request permission to continue until the week following the Fourth of July.

Resolved, That permission be and the same is hereby given to the Oriental Hotel, corner Railroad avenue and West Fifteenth street, to suspend a banner in front of their place as designated in the Borough of Brooklyn, such permission to continue only for a period of thirty days from the receipt hereof from his Honor the Mayor.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

No. 945.

City of New York—Office of the Mayor, }
 July 6, 1908. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution adopted by your Honorable Board on June 23, 1908, entitled:

"Resolution permitting the Arverne Carnival Association to hold a celebration on June 28 and 29, 1908."

The reason for my disapproval of this resolution is because the same grants the exclusive use of certain highways to this association on the 28th and 29th of August, 1908; and, furthermore, because said resolution does not state when the arch and grandstand are to be erected or when the same are to be taken away.

Respectfully yours,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same hereby is given to the Arverne Carnival Association to use the streets and highways in Arverne, Long Island, and to the exclusive use of the street and highway known as Remington avenue, from the Boulevard to the Boardwalk in Arverne, of the Borough of Queens, City of New York, on the 28th and 29th days of August, 1908, for the purpose of the celebration to be conducted by the said association, giving and granting to the said association all rights and privileges to and on said highways, streets and avenues upon which said celebration may be held; it is further

Resolved, That permission be and the same hereby is given to the Arverne Carnival Association, to erect and maintain a grandstand and arch on the aforesaid Remington avenue for the purpose of said celebration at about Story place.

All ordinances and regulations in conflict with this resolution be and the same hereby are suspended, such suspension to be, however, only for the days and place as hereinbefore mentioned.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

No. 928.

City of New York—Office of the Mayor, }
 July 6, 1908. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution adopted by your Honorable Board on June 23, 1908, entitled:

"Resolution permitting part of Ocean parkway, Brooklyn, to be used as a speedway during certain hours in July, August, September and October."

This ordinance further provides that the Police and Park Departments may exclude from this highway all dangerous and horseless vehicles, and relegate the same to the side roads.

I am of the opinion that, under the provisions of the Motor Vehicle Law, the vehicles mentioned may not be excluded from the highways in this manner. For this reason I return the resolution with my disapproval.

Respectfully yours,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission is granted to pleasure owners and drivers of light harness horses to speed or matinee their horses for pleasure on the Brooklyn Speedway on Ocean parkway, between Twenty-second avenue and the Kings highway on Wednesday afternoons during the months of July, August, September and October, from 2 p. m. till 6 p. m.

That the Police and Park Departments are granted power to regulate traffic on said speedway and to compel all dangerous and horseless vehicles to use side roads that adjoin said speedway and run parallel with same.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

No. 1001.

City of New York—Office of the Mayor, }
 July 8, 1908. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution adopted by your honorable Board on June 30, 1908, entitled:

"Resolution permitting John Carlafter to keep a soda water stand."

The passage of a resolution of this character is clearly forbidden by section 50 of the Charter.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to John Carlafter to place and keep a stand for the sale of soda water alongside the waiting room in the open space at the intersection of One Hundred and Thirty-eighth street and Lincoln avenue, in the Borough of The Bronx; such permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

 New York, July 10, 1908. }

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City:

Dear Sir—In the matter of the resolution of the Board of Aldermen, adopted June 30, 1908, asking that the Public Service Commission order increased protection along Eleventh avenue by stationing day and night two flagmen at Forty-ninth and Fiftieth streets and Eleventh avenue and at the three crossings approaching De Witt Clinton Park, I beg to say that in consequence of this question of flagmen having been taken up with the New York Central and Hudson River Railroad Company, that company, by its General Attorney, has notified the Commission, under date of July 9, that the three flagmen withdrawn from service at Forty-sixth, Forty-seventh and Forty-eighth streets crossings, respectively, have been restored to service after an absence of three days.

Yours very truly,

TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

The President laid before the Board the following communication:

No. 1008.

Bellevue and Allied Hospitals, }
 First Avenue and Twenty-sixth Street, }
 New York, July 14, 1908. }

Board of Aldermen, City Hall, New York City:

Gentlemen—The Board of Trustees of Bellevue and Allied Hospitals respectfully requests authority to purchase without public letting two motor ambulances at a cost not to exceed four thousand dollars each. On account of the long distances covered by the service, it is necessary to have better facilities than those afforded by horse ambulances, and it is thought that the interests of the City will be best conserved by purchasing such ambulances from dealers whose machines have been tested and proved to be most serviceable for this work.

Respectfully,

A. M. ROBBINS,
 Acting Secretary, Board of Trustees.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication:

Hon. P. J. SCULLY, City Hall, New York:

Dear Sir—I hereby tender my resignation as Commissioner of Deeds of The City of New York, to take effect at the next meeting of the Board of Aldermen.

Very truly yours,

ISAAC SARGENT.

Which was accepted.

The President laid before the Board the following communication:

No. 1010.
Fire Department of the Town of Newtown,
Newtown, Queens County, New York,
July 6, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, Borough of Manhattan, New York:

Dear Sir—In accordance with instructions, I send you herewith a copy of a resolution adopted by this Department, at a special meeting, held at Departmental Headquarters, on Thursday, June 25, 1908, protesting against the installation of the paid fire department in a portion of our territory, unless the paid department be extended through the whole of the former Town of Newtown.

Yours truly,
GEORGE W. CADWELL, Secretary.

Whereas, It has come to our knowledge that it is the intention of the Fire Commissioner to extend the paid fire department to a portion of the territory now covered by the Newtown Fire Department; and

Whereas, While we welcome the installation of the paid department in our town, yet we feel that its installation in only a portion of the town is a reflection on the work of the Department, and is not fair and just to other sections of the town; and

Whereas, A resolution was adopted by the Board of Aldermen calling upon the Fire Commissioner to apply to the Board of Aldermen for an issue of bonds to cover the cost of installing the paid fire department throughout the Town of Newtown; and

Whereas, The Fire Commissioner has failed to comply with this resolution, and as a consequence the Volunteer Fire Department of the Town of Newtown is still in operation, although volunteer departments operating in sections less thickly populated have been or are about to be replaced; therefore be it

Resolved, That we protest against the installation of a paid fire department in any part of the Town of Newtown, unless the paid service be extended over the whole town; and be it further

Resolved, That a copy of these resolutions be sent to his Honor the Mayor, to the Board of Aldermen, to the Fire Commissioner and to the Deputy Commissioner for the Boroughs of Brooklyn and Queens.

HERMAN RINGE,
GEORGE W. CADWELL,
DENNIS J. McKELVEY,
ARTHUR G. HUMPHREY,
EDWARD WALTERS,
WARREN K. HAVILAND,

The President laid before the Board the following communication:

No. 1011.
The New York Evening Call,
Office: No. 6 Park Place,
New York, July 21, 1908.

The Hon. PATRICK F. McGOWAN, President, the Board of Alderman, City:

Dear Sir—I write to you as President of the Board of Aldermen to lay before that Honorable Body of the people's representatives the matter of the subway advertising scandal. This is a subject which the "New York Evening Call" does not mean to let die. Up to this time the matter is nothing short of a public scandal. Here is a privilege of enormous value, estimated by former Comptroller Grout to be worth a million a year, which the subway interests have literally filched from under the eyes of the men who were supposed to be safeguarding the taxpayers' interests. The half-hearted manner in which the counsel for the Public Service Commission is handling this case would cause his instant dismissal by any other client.

If the City, on the verge of bankruptcy, can so lightly dispose of million dollar assets what hope is there for the relief of the great multitude of unemployed, the children on half-time in our schools, subways, etc. As you have in the past evinced a wholesome respect for the sanctity of your oath of office I call this matter to your attention. With my best wishes for your health, I beg to remain,

Yours truly,
GEO. H. GORDON, Managing Editor.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, June 25, 1908.

Hon. THOS. R. FARRELL, Commissioner, Public Works, Brooklyn:

Dear Sir—Under date of April 6 I addressed a communication to your office asking for an appropriation of ten thousand dollars (\$10,000), with which to carry out proposed improvements at the Brooklyn Disciplinary Training School, made necessary by a report received from the Superintendent of Buildings in which he complains of the condition of said school, relative to the lack of fire escapes, and states that new exits should be provided, that all doors and windows should be put in working order, that new floors should be laid in both buildings, and that miscellaneous work should also be done; which will require the above named sum to have completed.

Under date of June 16 I received a copy of a resolution, approved by the Board of Estimate, allowing the sum of \$1,850, to provide means for the erection of fire escapes and the construction of new sewerage connection, which is to be paid by the issuance of Corporate Stock of The City of New York.

In view of these facts I will thank you to have prepared a resolution calling for the sum of \$8,150, in order to have made the necessary repairs and projected improvements at the Brooklyn Disciplinary Training School. This money should be issued as Special Revenue Bond of The City of New York.

Yours very truly,
JOSEPH M. LAWRENCE, Superintendent.

The President laid before the Board the following communication from the Commissioners of the Sinking Fund:

No. 1013.
Department of Finance—City of New York,
July 2, 1908.

The Honorable Board of Aldermen:

Gentlemen—I transmit herewith a certified copy of resolution adopted by the Commissioners of the Sinking Fund, at meeting held June 30, 1908, assigning to the custody and control of Bellevue and Allied Hospitals, subject to concurrence by the Board of Aldermen, the bed of East Twenty-eighth street on the east side of First avenue to the bulkhead line of the East River, Borough of Manhattan, the closing of which was authorized by resolution of the Board of Estimate and Apportionment adopted at meeting held May 3, 1907.

Very truly yours,
N. TAYLOR PHILLIPS,
Secretary, Commissioners of the Sinking Fund.

Resolved, That the Commissioners of the Sinking Fund, subject to concurrence by the Board of Aldermen, hereby assign to the custody and control of the Trustees of Bellevue and Allied Hospitals, the bed of East Twenty-eighth street from the east side of First avenue to the bulkhead line of the East River, Borough of Manhattan, the closing of which was authorized by resolution of the Board of Estimate and Apportionment adopted at meeting held May 3, 1907.

A true copy of resolution adopted by the Commissioners of the Sinking Fund, June 30, 1908.

The President laid before the Board the following communication from the Metropolitan Sewerage Commission:

No. 1014.
Metropolitan Sewerage Commission of New York,
No. 17 Battery Place, New York City,
July 8, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, New York City:

Dear Sir—Soon after the reorganization of the Metropolitan Sewerage Commission on January 10, 1908, application was made to the Board of Estimate and Apportionment and the Board of Aldermen to give authority to the Comptroller to issue Corporate Stock to the amount of \$5,000 to meet the expenses of this Commission, as originally constituted. A full itemized schedule of these expenses accompanied the communication. The application stated that the \$5,000 asked for was the balance of an appropriation of \$15,000 which, by chapter 639, Laws of 1906, the City was authorized and directed to raise for the Commission's use.

The Board of Estimate and Apportionment granted the request. The Board of Aldermen has taken no action with regard to it. The matter has been in the hands of the Board of Aldermen since April 28.

The Finance Committee of your Honorable Board has repeatedly been requested by the Metropolitan Sewerage Commission to take action on this matter and opportunities have been offered for the fullest investigation.

The money is needed to pay for work done in 1907 for the Metropolitan Sewerage Commission by stenographers, engineers, analysts and others. All the bills are over eight months past due and some have been owing for more than one year. The correctness of the accounts is undisputed.

His Honor, the Mayor, in a communication to the Board of Aldermen, has specifically requested action. The question has been brought to your personal attention and you have a thorough knowledge of all the circumstances and conditions connected with it.

We respectfully bring this matter to your attention in the interests of the persons to whom this money is due, for we have exhausted the means known to us to secure the payment of these debts through the action of your Honorable Body.

Very respectfully,
GEORGE A. SOPER, President.

Whereas, The people of upper Harlem, on the east side, and those of the lower part of The Bronx are protesting in one acclaim against the stench arising from the refuse being dumped on Rikers Island, contending that the same has become most obnoxious and a detriment and menace to the health of men, women and children in these sections because the windows of homes can not be kept open during the warm weather on account of the foul odors which are carried into rooms; and

Whereas, It is currently reported that the Commissioner of Street Cleaning is about to enter into a long term contract for the dumping of refuse and sweepings on Rikers Island, used for filling in purposes, which, if true, will continue rather than abate what has become an unbearable nuisance; and

Whereas, It is further reported that the contractors now engaged in this dumping work have the use, aid or assistance of workhouse or convict labor, which it is said is in conflict with the law; therefore

Resolved, That the Commissioner of Street Cleaning be and he is hereby directed to furnish the Board of Aldermen of The City of New York, by its next meeting, with information showing under what warrant or color of law, if any, City refuse is dumped on Rikers Island, what use, aid or assistance of workhouse or convict labor, if any, the present contractors have in their work of dumping; and further, that the Commissioner of Street Cleaning be respectfully requested not to enter into any contracts for a continuance of dumping work on Rikers Island until such time as the Board of Aldermen shall have taken up and investigated the allegations herein set forth to the end that all nuisances in connection with the questions here raised, if any, may be abated.

REPORTS OF STANDING COMMITTEES.

Reports of the Committee on Finance—

No. 840.

To the Honorable the Board of Aldermen of The City of New York:

The Committee on Finance of the Board of Aldermen, to whom was referred the assessment rolls of the estates, real and personal, of The City of New York, for the year 1908, together with a communication from the Comptroller of The City of New York, dated June 1, 1908, transmitting the Budget for the year 1908, accompanied by his certificate of the amounts authorized by law to be raised by tax in and for

the year 1908, and an estimate of the revenues of the General Fund for the Reduction of Taxation during the current year, respectfully submits the following

REPORT:

The total Budget for the year 1908 is one hundred and forty-three million five hundred and seventy-two thousand two hundred and sixty-six dollars and seventeen cents (\$143,572,266.17), which includes county charges and expenses for the four counties of New York, Kings, Queens and Richmond, aggregating five million ninety-seven thousand eight hundred and sixty-two dollars and twenty-eight cents (\$5,097,862.28), leaving one hundred and thirty-eight million four hundred and seventy-four thousand four hundred and three dollars and eighty-nine cents (\$138,474,403.89), as the amount of the Budget which affects the general tax rates of The City of New York.

In addition to the amount of five million ninety-seven thousand eight hundred and sixty-two dollars and twenty-eight cents (\$5,097,862.28) included in the Budget for County Charges and Expenses, the following amounts disbursed during the year 1907 from the proceeds of Special Revenue Bonds for Judgments and Claims for county charges or liabilities, are to be raised by tax in the year 1908, in the respective counties, as provided by subdivisions 3 and 7 of section 188 of the revised Greater New York Charter, viz.:

New York County.....	\$240,109 42
Kings County	140,743 86
Queens County.....	32,992 46
Richmond County	11,729 83
Total.....	\$425,575 57

Section 902 of the Charter, referred to in the Comptroller's communication, directs that the amounts required for the payment of all county charges and expenses shall be levied and collected from the taxable property within each of said counties respectively, to the end that each of said counties shall ultimately bear and pay all expenses necessary to be incurred for county as distinguished from City purposes. Compliance with the provision of law will, of course, forever prevent an uniform tax rate from prevailing in The City of New York.

AMOUNT TO BE RAISED FOR CITY PURPOSES BY GENERAL RATES.

The following statement shows, therefore, the proportion of the Budget which is to be raised by taxation at uniform rates throughout the whole City:

Total Budget	\$143,572,266 17
Less estimated revenues of the General Fund, as certified by the Comptroller and deducted pursuant to section 900 of the Greater New York Charter	27,454,945 65

Net amount to be collected by tax.....	\$116,117,320 52
Less aggregate of county budgets to be severally raised in the respective counties, as provided by section 902 of the Charter.....	5,097,862 28

The county lines correspond with the borough lines in all the boroughs except Manhattan and The Bronx, which, together, constitute New York County, and, as the rate of taxation in these two boroughs happens to be the same, it will be convenient in dealing with the assessed valuations to use the county classification.

Your Committee recommends that in fixing the actual tax rates in the tax levy ordinance the decimal fractions of such rates be not carried beyond five figures, i. e., hundred thousandths of one per cent., as any smaller fraction would have no practical effect on individual assessments, while increasing enormously and unnecessarily the difficulties of extending the tax rolls and preparing tax bills. The total loss by omission of such remote decimals will be only \$389.87 in the whole tax levy of \$116,542,896.09.

As there is nothing to be gained by separate extensions on the tax rolls of the City and County rates, your Committee recommends that the aggregate thereof, or, in other words, the total tax rates in each Borough, as the case may be, be fixed in the ordinance levying the taxes for the year 1908. Such an ordinance has been prepared and is submitted herewith for approval and adoption by the Board of Aldermen.

SPECIAL ASSESSMENTS IN THE BOROUGH OF BROOKLYN, TO BE COLLECTED WITH THE ANNUAL TAXES.

The Commissioners of Taxes and Assessments have added to the assessment rolls of the Borough of Brooklyn:

First—The amounts required by law to be raised with the annual taxes for the payment of principal and interest on bonds issued pursuant to chapter 311 of the Laws of 1886, as amended by chapter 335 of the Laws of 1886, for flagging, curbing, guttering and paving certain streets in the Twenty-sixth Ward of said Borough (late Town of New Lots).

Second—The annual installment required by law to be collected as a part of the annual taxes for sewerage improvements in the Twenty-ninth Ward of said Borough (late the Town of Flatbush), pursuant to the provisions of chapter 161 of the Laws of 1889 and amendments thereto.

Third—The annual installment required by law to be collected as a part of the annual taxes for street improvements, in the Thirty-first Ward of said Borough (late the Town of Gravesend), pursuant to the provisions of chapter 118 of the Laws of 1892 as amended.

Fourth—The annual installment required by law to be collected as a part of the annual taxes for the improvement of Flatbush avenue, in the Twenty-ninth Ward of

said borough (late the Town of Flatbush); pursuant to the provisions of chapter 161 of the Laws of 1889, as amended by chapter 356 of the Laws of 1894.

The amount to be raised for the payment of the principal and interest on the New Lots bonds is fifty-four thousand four hundred dollars and nine cents (\$54,400.09); the amount of the Flatbush sewer installment is seven thousand five hundred and eighty-four dollars and thirty-nine cents (\$7,584.39); the amount of the Thirty-first Ward improvement installment is forty-six thousand three hundred and fifty dollars and one cent (\$46,350.01); the amount of the Flatbush avenue improvement installment is thirty-five thousand and ninety dollars and thirty-eight cents (\$35,090.38).

The law requires that these assessments and installments be included in the tax levy ordinance to be levied and collected with the annual taxes.

New York, July 21, 1908.

THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

Conditions Governing Payments to Charitable Institutions.

The appropriations in this Budget are made subject to the following conditions:

1. The accounts and records of all charitable institutions receiving public moneys shall be so kept as to show all receipts, disbursements and population in such form as shall be satisfactory to the Comptroller. Records must show the addresses of parents, guardians or nearest relatives of inmates and other information designed to facilitate inquiry into their financial inability to make provision for dependents in the institutions.
2. Moneys received from the City Treasury shall be used by such institutions for recurring expenses of "care, support, education and maintenance."
3. All institutions receiving public moneys and all their books of record and accounts shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance and at all proper times the Department of Public Charities shall have access to the record of inmates.
4. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable institution for which an apportionment has been made, he shall in his discretion suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and upon the determination of said Board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.
5. Except where appropriations are made in bulk and not upon the per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the Commissioner of the Department of Public Charities as proper charges upon the City. Except in emergency cases in hospitals, the Commissioner of Charities shall not accept as proper charges against the City inmates capable of paying for their own support or for whose care adequate provision can be made in public hospitals. *The City shall not be liable for any payment to charitable institutions in excess of the apportionment which may have been made to such institutions, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.*
6. All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.
7. No money shall be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers.
8. That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1154.
9. Magistrates are requested to transfer dependent, and, when judicious, no proper guardianship children, and all cases coming to their attention in the courts where no crime is proven against the child to the Commissioner of Charities, who can commit to institutions. Magistrates are earnestly requested not to commit a dependent child to an institution on a court commitment.
10. The Commissioner of Charities is instructed to take such steps, either by appeal to the national authorities or by proper bills to the Legislature, as to provide

that the children of emigrants abandoned within one year after arrival in this City be returned to the country whence they came.

11. In determining the acceptance of patients in private hospitals as proper charges (see Rule 5) the Commissioner of Charities shall first consider the nature of the service actually rendered to the patients by the hospitals. The records of the institutions and the bed-card notes showing the treatment given shall be received as the essential evidence in deciding acceptances or rejections.

12. No dependent child under 16 years of age shall be accepted as a proper charge upon the City and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities, and has been placed in this Budget by the action of the Board of Estimate and Apportionment. This order has no relation to the class of children of such mental and physical condition as those cared for in the City Institution at Randall's Island.

13. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:

That, having examined the subject, it believes that the same has merit, but inasmuch as jurisdiction thereover rests with the Board of Estimate and Apportionment the Committee recommends that the same be referred to said Board.

Whereas, The cost of living in New York City, according to statistics compiled by the Department of the Interior at Washington, D. Resolved, That all the members of the Police Department who are now or who shall hereafter be appointed as Doormen shall be graded in three grades by the Police Commissioner. All of such Doormen who are now members of said Department and who have served as such for a period of five years or more, shall be members of the first grade. All such Doormen who shall have served on such force for more than three years shall be members of the second grade and such Doormen who have served less than three years shall be in the third grade.

Whenever any member of the third grade shall have done duty therein for three years, he shall be advanced to the second grade. Whenever any member shall have done duty in the second grade for two years he shall be advanced to the first grade. But no such Doorman shall be so advanced as aforesaid except after examination and approval by the Police Commissioner of his record, efficiency and conduct. MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

No. 1038.

By Alderman Beyer—

Eleventh Avenue Track Removal Association, }
July 18, 1908. }

To the Board of Aldermen, City Hall, New York City:

Gentlemen—On June 30 the Board of Aldermen unanimously requested the Public Service Commission to order increased protection along the Eleventh avenue freight tracks by stationing, day and night, two flagmen each at Forty-ninth and Fiftieth streets, and at Fifty-second, Fifty-third and Fifty-fourth streets, the crossings approaching DeWitt Clinton Park.

The reply of the railroad to the Commission is misleading, for while the three men it tried to remove have been restored they are not on duty at night. After 6.20 p. m. there are, from Sixtieth to Forty-second street, but three flagmen on duty, one each at Fifty-second, at Fiftieth and at Forty-second street.

Three flagmen to nineteen crossings at night is surely insufficient protection for the crowds who go to the Recreation pier, DeWitt Clinton Park and the docks for fresh air. Eighteen trains are run at night; eighteen trains in both directions, at an average interval of twenty minutes between 6 o'clock and 12 p. m.

During the day the crossings at Forty-sixth, Forty-seventh and Forty-eighth streets are the only ones properly protected with two flagmen each, when, as often happens, a train is going up and another coming down at the same time. But at night these flagmen are withdrawn.

All crossings between Sixtieth and Thirtieth streets should be equally well protected day and night, and we hope that the additional protection will be granted so that the average of two deaths per month will be reduced.

Owing perhaps to the absence of Commissioner Bassett, the Public Service Commission has not complied with the request of the Board of Aldermen.

In withdrawing all flagmen at night except those who throw switches the New York Central and Hudson River Railroad has violated the law, and for over a year the Public Service Commission has been derelict in its duty to the people of the West Side.

Yours truly,

H. G. SCHNEIDER, Secretary.

In connection therewith Alderman Beyer offered the following resolution:

Whereas, Through Alderman H. W. Beyer, the Eleventh Avenue Track Removal Association has called the attention of the Board of Aldermen to the inadequate protection of the lives and limbs of the citizens on Eleventh avenue during the night, when frequent trains are run in both directions; and

Whereas, In apparent violation of law, all but three flagmen are withdrawn after 6.20 p. m., when crowds are going to and from the water-front; be it

Resolved, That the Board of Aldermen urges the Public Service Commission to order adequate protection on Eleventh avenue by stationing two flagmen, day and night, at each grade crossing from Fortieth to Sixtieth street, and to prevent by frequent inspections the violations of the laws as to speed of trains and number of cars to a train.

Which was adopted.

No. 1039.

Which was adopted.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. Resolved, That, while the said sale is held, under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE Commissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings now standing on property owned by The City of New York, acquired for bridge purposes in the

Borough of Manhattan

acquired by it for the Manhattan Bridge, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., lying within the block bounded by Chrystie, Forsyth, Canal and Bayard streets; also that portion of the block bounded by the Bowery, Chrystie, Canal and Bayard streets, known and designated as Lots Nos. 1, 2, 3, 4, 6, 7, 8, 9, 11, 32, 33, 35, 36, 37, 38, 39, 40, 41, 44, 45, 46, 47 and 48, in Block 290, Section 1, on the Tax Maps of the Borough of Manhattan, City of New York, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above described buildings and appurtenances thereto will be held, by the direction of the Comptroller, on

TUESDAY, AUGUST 4, 1908

at 10 o'clock a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of sale, and the bidder's assent to the above conditions being understood

to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall painted and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy chief, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
