The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, November 21, 1912.

Board of Aldermen, City Hall, New York:

Gentlemen—I would request that your Board take the action necessary under subdivision 8 of section 188 of the Charter toward the authorization and issue of special revenue bonds for the following purposes:

First. The sum of $600 for replacing mutilated and missing street signs, posts, etc., originally placed by this office out of the proceeds of special revenue bonds for that purpose, the original authorization for this purpose having been entirely expended.

Second. The sum of $400 for erecting and placing new posts, signs, etc., on streets where it was necessary to omit them on account of the insufficiency of the original bond issue for this purpose.

The signs, etc., are to be similar in character to those already erected, and as no budget appropriation has been allowed for this purpose, it will be necessary to provide them in this manner. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On October 30, 1912, the Commissioner of Public Charities requested that an appropriation of $150,000 for the construction and equipment of a boiler house and heating plant, Randalls Island, and an appropriation of $100,000 for the construction and equipment of a laundry plant, Randalls Island, be consolidated into one account of $250,000. In connection therewith we report as follows:

The appropriations were made in the 1911 Corporate Stock Budget. The plan, at that time, was for two separate buildings. The Commissioner states that it has been found advisable to put the boiler house and heating plant and the laundry in one building. It is estimated that the construction and equipment of the single building will cost less than under the original plan, and that there will be a saving in maintenance charges.

The sum of $3,000 has been issued against the appropriation for the boiler house and heating plant, and the sum of $2,000 against the appropriation for the laundry plant.

We recommend the adoption of the attached resolution rescinding the unissued amounts of $147,000 and $98,000, and approving a new issue in the sum of $245,000 for the construction and equipment of the single building. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding sixty-five thousand dollars ($65,000), to provide means for the construction and equipment of a Borough Repair Shop, for the use of the Commissioner of Public Works in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

No. 2253.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-seven thousand dollars ($27,000) to provide additional means for the construction of the foundation of the new Children's Court Building, 22d street, near Lexington avenue, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding thirty-eight thousand dollars ($38,000), to provide means for the construction and necessary equipment of a corporation yard located under the Manhattan Bridge, Borough of Manhattan, for unloading and storing paving material and coal, for the use of the Commissioner of Public Works, Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment, November 21, 1912. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 2, 1912, the President of the Borough of Manhattan requested the rescindment of an authorization of $65,000 in corporate stock for his office and approval of two new authorizations in the sum of $65,000. In connection therewith we report as follows:

The proposed rescindment is of the $65,000 appropriated in the 1911 Corporate Stock Budget for the construction and equipment of a Borough repair shop for the use of the Commissioner of Public Works. The new appropriations proposed are $27,000 for the foundation of the new Children's Court building, 22d street, near Lexington avenue, and $38,000 for the construction and necessary equipment of yard for unloading and storing paving material and coal.

Tests have developed the fact that the foundation of the new Children's Court building is over the bed of an old creek. It is necessary, therefore, to go down about 25 feet to reach the rock. The engineers in charge of the work estimate that the extra cost will be $27,000.

An appropriation of $20,000 was made for the establishment of a Corporation Yard under the Manhattan Bridge. It is considered advisable to equip this yard with the proper machinery and apparatus necessary for handling paving material and coal. The President is of the opinion that the installation of this equipment will result in a saving to the City, besides facilitating the movement of materials.

We recommend the adoption of the attached resolution approving the request. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by this Board November 21, 1912, recommending to the Board of Aldermen the fixing of compensation of Janitors in various public schools throughout the city, as set forth therein.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter, is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

A true copy of resolution adopted by the Board of Estimate and Apportionment, November 21, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 11, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 25, 1912, the Board of Education requested the fixation, pursuant to the provisions of section 56 of the Charter, of rates of compensation for sundry Janitors of public schools. In connection therewith we report as follows:

For schools 168, 171, 11 and 108, Brooklyn, and 58 and 130, Manhattan, rates the same or lower than those now paid are requested for temporary assignments. For 23 and 68, Manhattan; 46, The Bronx; 17, 72, 80, 105 and 113, Brooklyn, and 28, Richmond, small increases, as per the regular schedule, are requested for additional equipment or area. For 97, Brooklyn, an increase from $120 to $240 is asked for because another portable building has been opened. Grades are also requested for five new positions for new schools to be opened in the near future as follows: 61, Manhattan; 45 and 47, The Bronx; 40 and 92, Queens. These grades are for the full capacity of the schools. As there is doubt that new 47, The Bronx, will be filled upon opening, it seems advisable to hold this item in abeyance.

With this exception, we recommend that the request be granted by the adoption of the attached resolution. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Which was referred to the Committee on Salaries and Offices.

REPORTS OF STANDING COMMITTEES.

Majority Report of Committee on Finance—

No. 2129.

The undersigned, members of the Committee on Finance, submit herewith to the Board a resolution contemplating certain reductions in the proposed budget for 1913. These changes are the result of careful investigation of the needs of the various Departments of the City government, as compared with the generous allowances heretofore made in the bureaus and divisions affected. It will be observed by a scrutiny of the accompanying resolution that there appears to be a marked tendency toward increasing the number of City employees along professional lines, notwithstanding the fact that the salary lists show that the City now supports an enormous number of this character of workers. It seems to be a matter of habit that as soon as one of these professional men is comfortably and firmly seated he commences to yearn for from one to ten assistants, and results prove that he is apparently able to make his wants of this nature respected, and there is an immediate effort to provide him with the desired companionship on the part of his lay superior. Of the $583,524.84 proposed reduction covered by our resolution, $184,500 is for new aides of this kind.

It was authoritatively stated prior to the transmittal of the proposed Budget to the Board of Aldermen that positively no increases of salary would be allowed; of thirty instances given in the resolution in violation of this statement, covering increases amounting to $13,770, more than two-thirds is devoted to the professional element.

An unsolicited $10,000 has been allotted to the appropriation for the Health Department for the purpose of compiling a card index system of the status of the 30,000 children in private institutions, cared for principally by private funds, which institutions are now fully equipped with medical staffs who cover this entire subject.

Our old friend, the Municipal Reference Library, again looms up with its $20,000. At the time during the present year when this proposition was disallowed by the

Board of Aldermen it was understood that this proposed innovation, which was then rightfully regarded as surplusage, was strongly pressed by some of those unofficial springs of action which so earnestly advocate appropriations, and when they are secured are first to mount the breach of City service for sizable emoluments. We again recommend that this be disallowed.

When the Budget for 1912 came before the Board of Aldermen last year the Board pared from the addition to the General School Fund for Special Branches in Day Elementary Schools for the payment of Teachers in Sewing, Cooking and Music the sum of $153,000, leaving the appropriation at $500,000, and this has been entirely sufficient. It was claimed then that what the students needed was better grounding in the elementary studies and less interruption for fads and fancies, which it appears to your Committee is absolutely a common sense view. To our surprise we now find that the proposed allowance for this purpose for 1913 is $725,000, with the expressed intention of making a large extension to the system in upper classes where the minds of the pupils should be allowed to concentrate on their rapidly increasing number of book studies. Your Committee believes this to be a most serious mistake, and consequently recommends that the amount be the same as allowed last year.

The Board of Aldermen in its consideration of the Budget for 1912 rejected an appropriation for $220,000 for what was termed standardization of salaries. This question has received much study since that time and this proposed bureau now comes before us in a concrete form for about $75,000, and is presented in such a way that if the results are secured, which are confidently predicted, it will render a service in connection with Budget making that will benefit the City to an extent largely beyond its cost.

A similar force is allowed for in the Special School Fund to clear up the question of educational finances to the satisfaction of the Board of Estimate and Apportionment. As there appears to be a decided difference of opinion among the members of the Board of Education as to the acceptance and use of this supplementary efficiency and accounting force, your Committee makes no recommendation in relation thereto.

Your Committee has acted faithfully and conscientiously in behalf of the taxpayers of the city in its recommendations for reductions, and bespeaks your favorable action thereon.

Minority Report of Committee on Finance—

No. 2129.

The undersigned, members of the Committee on Finance, to which was referred on November 12, 1912, the Budget for 1913, as adopted by the Board of Estimate and Apportionment on October 31, 1912, respectfully

REPORT:

The Committee has given careful consideration to the suggestions and arguments presented by citizens and taypayers. Three public hearings have been held at which the Budget, as adopted by the Board of Estimate and Apportionment, was considered intensively, department by department, and ample opportunity was presented for all interested to be heard at length. Heads of departments were summoned before the Committee to answer in respect to recommendations for reductions in their respective departmental appropriations, and all such recommendations were thoroughly threshed out before the Committee in public. Numerous suggestions have also been received in the mail, and all of these have been considered by the Committee.

The Budget as finally adopted for the year 1912 amounted to $181,090,256.51. The amount of the 1913 Budget, as adopted by the Board of Estimate and Apportionment, is $193,047,246, revealing an increase over the 1912 Budget of $11,946,989.49.

This is not, however, the proposed actual increase of 1913 expense over that of 1912. Since the first of the year departments have received replenishments of their budgetary appropriations in the shape of special revenue bond issues, and the amount of these replenishments must be added to the 1912 budget figure to obtain a true statement of the City's running expenses of 1912. Up to November 1 this supplementary budget amounted to almost a million and a half of dollars, and the actual increase of 1913 over 1912 is thus brought down to exactly $10,567,977.77, as of November 1, 1912. When the further replenishments of November and December are subtracted, the increase will be found to come approximately to a round ten millions of dollars, an addition of nearly six per cent. The burden of the taxpayers has become so onerous that such an increment challenges the closest inspection.

In analyzing this increase, the feature that stands out above all others is the handicap of "mandatories." With the greatest efforts toward economy, the burden of legislative enactment and growth of population nevertheless compel mandatory increases in the City's annual outlay that account for almost all of these $10,000,000. The leeway left for optional enlargement of the City's activities is so small as to be negligible, and the City is this year practically foreclosed from this field of endeavor.

The following table of component parts of the $10,000,000 increase supplies the skeleton of the analysis:

Net actual increase (as of November 1, 1912)		$10,567,977 77

Of the increase items, the debt service carries, in addition to its automatic increases, the first fruit of the City's new subway transit system now under construction, in the shape of several hundred thousand dollars' worth of interest on new subway bonds. Next year will show a similar enlargement of subway interest charges and so will each following year until the system is completed and the additional impost of interest becomes fixed and practically stationary through the fifty years to come until the bonds mature. The Sinking Fund installment increase goes hand in hand with that of the interest. Here is an unavoidable and mandatory increase, caused by the need of an increased and distributed population for better means of transit. The Catskill water supply project continues to add its own advance guard of debt service burden. Outside of the swelling of the debt service by these two great developments the balance of the automatic increase comes from debts of the City incurred in years gone by and long forgotten, but now presented for payment to another generation and an administration remotely removed from those which created the debt.

The alarming rapidity of the mushroom growth of the State tax in the last two or three years is shown by the fact that the 1913 tax is almost double the amount for 1912. This is a purely legislative matter, under which the City government is completely helpless.

The third of the great increases is that of almost $2,000,000 in the Department of Education, and practically all of it is poured into the expenditure for salaries of the 17,000 teachers in the public schools of a city of 5,000,000 inhabitants, and a public school attendance of over 700,000 children. The equal pay bill, with its automatic annual increases in many grades, continues to play its part here along with the increase of population.

The debt service, State tax and education increases referred to above, make up $9,000,000 of the $10,000,000. The other increases are relatively small, except those of the Department of Charities, the most of which is caused by the opening, in the near future, of the new Seaview Hospital in Staten Island; the Health Department, a large part of which provides for extending the work of the Bureau of Child Hygiene to cover parochial schools, it being considered just that these New York City children should have the benefit of this work as well as those that go to the public schools; the Fire Department, which must equip and man 42 new fire houses to be opened in the coming year; the Police Department, which is in severe need of more money for the care of its station houses, and also has received money for the addition of patrolmen to the force.

The increased amounts for the other departments listed above are due primarily to the increased population, and the figures given here are in every case a step or two in the rear of this population increase. An overwhelming percentage of department increases in the last three years is found in the 22 great departments under the jurisdiction of the Mayor. The Committee recommends that further reorganization work be undertaken in these departments in the interest of efficiency, so that whatever portion of their increases is not due to the growth of population may be carefully studied, and, if necessary, readjusted.

The departments that show a decreased budget deserve notice. In the cases of the Departments of Bridges, Docks and Ferries, Correction and Parks, and particularly in the case of the Borough Presidents, there has been accomplished a greater return for the City's money with less expense. The Borough Presidents of Manhattan and Brooklyn have made substantial reductions and in the case of the Borough Presidency of Manhattan the transfer of $71,000 worth of employees from the corporate stock payroll to the budgetary payroll, where they properly belong, shows that his real reduction is $177,000, instead of $106,000.

The items of the $10,000,000 increase not specifically dwelt upon fall into classes that are equally mandatory with those just mentioned, or else are potential money savers in the certainty of their accomplishing economies in the future through better handling of various fields of municipal expense.

One item which occasioned serious doubt in the minds of the Committee, but which was finally allowed to stand, deserves passing mention. This is the allowance of $211,866.66 for the addition, during the year 1913, of 454 Patrolmen to the Police Department. The real addition will total 500 men, through the withdrawal of the 46 Patrolmen now detailed to the work of the Permanent Census Board. The Police Commissioner has asked for these 500 additional Patrolmen on the ground that the proportion of Policemen to population in this city is less than that of certain European cities, and in his opinion The City of New York is therefore underpoliced. Assuming this statement to be accurate, it is not clear that any conclusion is to be drawn therefrom, as every large city presents an entirely different policing problem. Where one Patrolman to 600 citizens might be a scant allowance for London, New York might be amply policed with one Patrolman to every 500 citizens. It appears also that within the last year and a half 1,160 Policemen have been turned out on patrol duty from desks and details. One hundred and fifty more Patrolmen were granted by the Board of Estimate and Apportionment last spring. Although, from these two causes alone, 1,250 additional Patrolmen have thus become available within a year and a half, the introduction of the fixed post system has practically obliterated this promise of a fuller patrol through the nailing down of over 1,300 Policemen to these fixed posts. One of these Policemen stands guard through the winter in the middle of the viaduct next to the Polo Grounds, which is neither a residence nor a manufacturing centre. Over 60 per cent of the fixed posts are in the Borough of Manhattan. Because the merit of this fixed post system is still in doubt, and because a regiment of isolated Policemen doing that work could, if released from it, patrol miles and miles of territory now uncovered, and because it does not seem proven that New York City needs more police in proportion to its population, and because, furthermore, investigation of the Police Department by this Board has shown the lack of efficiency in the system of investigating the character of the men who would be added to the force under the appropriation during the year 1913, it seemed doubtful to your Committee whether the appropriation should be allowed. It has been brought to the Committee's attention, however, that parts of the Boroughs of Brooklyn and The Bronx, particularly, are almost denuded of Patrolmen through the drain caused by the fixed post system, and it seems imperative,

for the protection of the residents in those and other Boroughs, that the gap should be filled as soon as possible. The condition governing the outlay of this appropriation for additional Patrolmen places in the Board of Estimate and Apportionment the power of insisting upon what may be considered the wisest system of distribution of Patrolmen before a penny is put to use. With this safeguard it seemed to your Committee that justice to the residents in outlying parts of the city requires that we refrain from cutting this item out of the Budget, and the Committee recommends its allowance.

Your Committee thus presents its analysis of the 1913 budgetary increase, in order to emphasize its conclusion that this Budget has been boiled down to such a minimum by the Board of Estimate and Apportionment that no place is left for budgetary pruning by the Board of Aldermen this year, without danger of an injurious crippling of the governmental work of the City. Your Committee recommends finally that the Budget for 1913, as submitted to the Board of Aldermen by the Board of Estimate and Apportionment, be adopted and approved as submitted without any reduction whatsoever. HENRY H. CURRAN, JAMES HAMILTON.

President McAneny moved that action on the majority and minority reports be postponed until Monday, December 2, 1912, at 1.30 o'clock p. m.

The President put the question whether the Board would agree with said motion.
Which was decided in the negative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Brush, Curran, Dotzler, Esterbrook, Folks, Hamilton, Lieberman, Marks, Morrison, Nicoll, Post, Shipley, Weil, Weston, Willard, Wilmot, President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, The President—24.

Negative—Aldermen Carberry, Cole, Coleman, Cummuskey, Cunningham, Delaney, Devine, Diemer, Dixson, Dowling, Downing, Drescher, Eagan, Fink, Gaynor, Gilmore, Grimm, Hannon, Herbst, Kenneally, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Martyn, Meagher, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Reardon, Smith, Stapleton, Stevenson, Velten, Walsh, Wendel—45.

Alderman Curran raised the point of order that under section 30 of the Charter and rule 21 of the Rules of this Board it was not allowed, in the existence of a single objection, which he then and there made, to pass the Budget as amended until five days' notice had been given the public.

The President, in ruling on this point of order, stated that after careful consideration of the Charter provisions and the rules of the Board the Chair was of the opinion that voting on the annual Budget does not come under section 30 of the Charter, but is prescribed by section 226 of the Charter, therefore rule 21 does not apply to the annual Budget of the City. The Chair ruled the point of order not well taken, and that the Board might consider the report on the Budget at this meeting.

Alderman Folks raised the point of order that the majority report did not contain the date of the reception of the Budget by the Board.

The President ruled that this did not affect the standing of the report.

Pending discussion on the matter, the President called Alderman Esterbrook to the chair. Subsequently the President resumed the chair.

Alderman Dowling then moved the acceptance of the majority report and the adoption of the accompanying resolution, and on that motion moved the previous question.

The President put the question "Shall the main question be now put?"
Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bosse, Carberry, Cole, Coleman, Cummuskey, Cunningham, Delaney, Devine, Dixson, Dowling, Downing, Drescher, Eagan, Eichhorn, Fink, Gilmore, Grimm, Hannon, Kenneally, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Martyn, Meagher, Molen, Moore, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Reardon, Smith, Stapleton, Velten, Walsh, Wendel, White—42.

Negative—Aldermen Bolles, Boschen, Brush, Curran, Diemer, Dotzler, Esterbrook, Folks, Gaynor, Hamilton, Herbst, Marks, Morrison, Nicoll, Pendry, Post, Shipley, Stevenson, Weil, Weston, Willard, Wilmot; President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, and the President—27.

The President then put the question whether the Board would agree to accept such majority report and adopt said resolution.
Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bosse, Carberry, Cole, Coleman, Cummuskey, Cunningham, Delaney, Devine, Diemer, Dixson, Dowling, Downing, Drescher, Eagan, Eichhorn, Fink, Gaynor, Gelbke, Gilmore, Grimm, Hannon, Herbst, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGarry, McGrath, Martyn, Meagher, Molen, Moore, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Post, Reardon, Shipley, Smith, Stapleton, Velten, Walsh, Wendel, White, Willard—50.

Negative—Aldermen Bedell, Bolles, Boschen, Brush, Curran, Dotzler, Esterbrook, Folks, Hamilton, Marks, Morrison, Nicoll, Stevenson, Weston, Wilmot; President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, and the President—20.

BUDGET FOR 1913.

Resolved, That, pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment makes this, the Budget of The City of New York for the year one thousand nine hundred and thirteen, the total amount appropriated being one hundred and ninety-three million and forty-seven thousand two hundred and forty-six dollars ($193,047,246.00), divided as follows:

First—The amounts estimated to be required to pay the expenses of conducting the public business, to meet the debt charges of said City for the year one thousand nine hundred and thirteen, and to meet a direct state tax levied upon the City for the year one thousand nine hundred and thirteen, one hundred and eighty-four million five hundred and twelve thousand five hundred and eighty-four dollars and fourteen cents ($184,512,584.14).

Second—The amount estimated to be the deficiency on January 1, 1912, in the product of taxes theretofore levied, deemed to be uncollectible and not otherwise provided for, as required by chapter 209 of the Laws of 1906, being section 248 of the Greater New York Charter, two million three hundred thousand dollars ($2,300,000).

Third—The amounts estimated to be required to pay the charges and expenses of the Counties of New York, Kings, Queens and Richmond for the year one thousand nine hundred and thirteen, six million two hundred and thirty-four thousand six hundred and sixty-one dollars and eighty-six cents ($6,234,661.86).

Resolved, That this, the Budget of The City of New York, as hereby made in pursuance of section 226 of the Greater New York Charter, shall be administered under the following terms and conditions:

First—

(a) That no transfers shall be made from appropriations or schedules of "Salaries, Regular Employees," to any other appropriation or schedule than "Salaries, Regular Employees."

(b) That no transfers shall be made from appropriations or schedules of "Salaries, Temporary Employees," to any other appropriation or schedule than "Salaries, Temporary Employees."

(c) That no transfers shall be made from appropriations or schedules of "Wages, Regular Employees," to any other appropriation or schedule than "Wages, Regular Employees."

(d) That no transfers shall be made from appropriations or schedules of "Wages, Temporary Employees," to any other appropriation or schedule than "Wages, Temporary Employees."

(e) That no transfers shall be made from appropriations classified as "Transportation," "Hire of Horses and Vehicles with Drivers," or "Transportation," "Hire of Horses and Vehicles without Drivers," to any appropriation other than the one classified as "Transportation," "Hire of Horses and Vehicles with Drivers," or "Transportation," "Hire of Horses and Vehicles without Drivers."

(f) That no transfers shall be made from appropriations or schedules of "Fees and Commissions" to any other appropriation or schedule than "Fees and Commissions."

(g) That no transfers shall be made from any of the appropriations made herein under any classification other than "Personal Service" to any appropriation classified as "Personal Service," except in cases where the title of appropriation specifically provides for transfers herein forbidden.

(h) That no transfers shall be made from any of the appropriations made herein under any classification where the title of the appropriation prohibits such transfer, although otherwise the transfer might be proper under the budget resolutions in the budget for 1913.

Second—That no change shall be made by any Board or head of an Office, Bureau or Department in the City or County Governments in the schedules of "Salaries, Regular Employees"; "Salaries, Temporary Employees"; "Wages, Regular Employees"; "Wages, Temporary Employees"; "Fees and Commissions," herein contained, except when authorized thereto by twelve (12) votes of the Board of Estimate and Apportionment, and that no requests for changes shall be considered except as follows:

(a) In the case of schedules or appropriations of "Salaries, Regular Employees," where the proposed change will not increase the amounts expendable in any month to more than one-twelfth of the total amount herein appropriated for "Salaries, Regular Employees."

(b) In the case of schedules or appropriations of "Wages, Regular Employees," where the proposed change will not increase the amounts expendable in any week to more than the pro rata of the number of working days in such week to the total number of working days provided for such schedule line for the whole year.

Third—That in case of modifications of schedules or transfers within appropriations classified as "Personal Service," where one of the appropriations is a Tax Levy Part appropriation, the full amount of cash necessary to pay the total salaries or wages of the incumbents transferred for the balance of the year 1913 shall be transferred to the appropriation to which the incumbents are transferred.

Fourth—

(a) That the heads of the several Boards, Offices, Bureaus and Departments of the City and County Governments shall prepare their several payrolls for audit by the Department of Finance in accordance with the items of the aforesaid schedules entitled "Salaries, Regular Employees"; "Salaries Temporary Employees"; "Wages, Regular Employees"; "Wages, Temporary Employees"; "Fees and Commissions," or in case these items have been changed by twelve (12) votes of the Board of Estimate and Apportionment, in accordance with the items of the schedules as changed, and that no payroll shall be passed by the Department of Finance unless the incumbents and the rate of individual compensation agree with such schedule lines as originally adopted or as hereafter modified by the Board of Estimate and Apportionment.

(b) That each and every payroll shall be accompanied by a recapitulation showing the exact amount expended to and including said payroll for every item appearing on the schedules supporting any of the appropriations against which all or any part of the moneys involved in said payrolls is to be charged, and that this recapitulation shall contain the full schedule supporting any such appropriations, or in case these schedules have been changed by twelve (12) votes of the Board of Estimate and Apportionment, the full schedules as changed.

(c) That each payroll of any Department, in addition to any other departmental number, shall be numbered during the year serially, beginning with number one for each specific account, and such payroll shall bear a certificate signed by a person cognizant of the fact, stating that the recapitulation attached thereto is the correct recapitulation for the payroll bearing said number.

(d) That in all instances where changes in schedule items have been made by twelve (12) votes of the Board of Estimate and Apportionment, all sums which have been expended against such schedule items as are changed shall be apportioned against the new lines in the same ratio as the new totals of the schedule items bear to the old totals.

(e) That on all payrolls against schedules entitled "Salaries, Regular Employees," and "Wages, Regular Employees," there shall be set forth the monthly or weekly pro rata expenditures against such schedules, or in case the items on such schedules have been changed by twelve (12) votes of the Board of Estimate and Apportionment, the monthly or weekly pro rata expenditures against such schedules as changed.

(f) That there shall be affixed to all payrolls a certificate made by the person preparing such payroll to the effect that there is a time record on file in said Board, Office, Bureau or Department, certified by the person or persons having knowledge of the facts, showing the character of service and the exact time of employment of such person or persons, except heads of departments, and excepting bureau and division heads relieved by the head of their department from the duty of keeping such record on said payrolls, and that the distribution or division of the time of such person or persons as shown on such payrolls is in accordance with such time record.

—be it further

Resolved, That wherever an appropriation under any classification other than "Personal Service," "Supplies" or "Materials" is supported by a schedule, all expenditures against such appropriation shall be made in accordance with such schedule, and no voucher shall be passed by the Department of Finance for a sum exceeding the amount shown in said schedule, except when such schedule shall have been changed by twelve (12) votes of the Board of Estimate and Apportionment, and that the heads of the several Boards, Offices, Bureaus and Departments of the City and County Governments shall transmit to the Department of Finance on the first day of each month, or as soon thereafter as possible, a statement showing, firstly, the aggregate liabilities incurred against such schedules for which vouchers have been transmitted to the Department of Finance, and, secondly, all additional liabilities incurred against such schedules for which vouchers have not as yet been transmitted.

—Be it further

Resolved, That wherever an appropriation under the classification of "Supplies" or "Materials" is supported by a schedule, such schedule shall be conclusive as to the amount allowed for each function or subdivision, and the heads of departments shall submit to the Department of Finance on the first day of each month, or as soon thereafter as possible, a statement showing the amount of "Supplies" or "Materials" consumed the previous month chargeable against each supporting schedule line of the appropriation for "Supplies" or "Materials," which monthly amount, in the aggregate, shall not exceed the amount specified in the schedule, unless modified by twelve (12) votes of the Board of Estimate and Apportionment.

—Be it further

Resolved, That all appropriations under a classification other than "Personal Service," to any Board, Office, Bureau or Department of the City or County Governments, made in this Budget, be made under the following conditions:

First—That, in so far as practicable, all contracts and open market orders for purchases to be charged against such appropriation shall be based upon specifications which are definite and certain as to character and quality, and which conform with standard specifications for the various classes of supplies, materials, fuel and forage already approved or hereafter to be approved by this Board.

Second—That, in so far as such standard specifications may be established by this Board, the Comptroller at the time of certifying to the sufficiency of appropriations out of which such contracts are to be paid shall also certify that the specifications for such supplies or materials, fuel or forage or other articles for which standard specifications have been prescribed, are in conformance with such standard specifications.

Third—That all open market orders issued by any Department for supplies and materials, for which standard specifications shall have been prescribed, shall contain a description of the goods ordered, conforming with such standard specifications.

Fourth—That the Comptroller shall, in auditing claims for goods delivered on open market orders, determine, through inspection or otherwise, whether the goods delivered conform to such standard specifications.

—Be it further

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter:

First—That the positions and grades of positions appearing in the schedules under the classification, "Personal Service," and entitled "Salaries, Regular Employees," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and thirteen be established in the different Boards, Offices, Bureaus and Departments of the City or County Governments for the number of incumbents shown in said schedules, except that in all cases where a position or grade of position has previously been established for an unlimited number of incumbents, or for a number of incumbents greater than the number shown in said schedule, nothing in this resolution contained shall be deemed to reduce the number of incumbents previously authorized.

Second—That the positions and grades of positions appearing in the schedules under the classification "Personal Service," and entitled "Wages, Regular Employees"; "Salaries, Temporary Employees"; "Wages, Temporary Employees," and "Fees and Commissions," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and thirteen be established in the different Boards, Offices, Bureaus and Departments of the City or County Governments.

Third—Nothing in this resolution contained shall be deemed to nullify or abolish any position or grade of position in the different Boards, Offices, Bureaus and Departments of the City or County Governments which has been previously established, but which does not appear in the schedules entitled "Salaries, Regular Employees"; "Salaries, Temporary Employees"; "Wages, Regular Employees"; "Wages, Temporary Employees," and "Fees and Commissions," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and thirteen.

Resolved, That the several Boards, Departments, Offices and Bureaus of the City and County Governments are hereby directed to keep records dating from January 1, 1913, showing the cost price per unit, the number of units purchased and the total cost of all articles, equipment, supplies and materials purchased in 1913 and charged against appropriations made in this Budget; and such Boards, Departments, Offices and Bureaus are directed to submit to the Comptroller at the first of each month a statement of purchases made the preceding month, and also a statement of all articles of equipment, supplies and materials consumed in the preceding month.

Resolved, That the appropriation made herein of two hundred eleven thousand eight hundred sixty-six dollars and sixty-six cents ($211,866.66) for four hundred and fifty-four additional Patrolmen be made with the proviso that it shall not become available for expenditure, and no additional Patrolmen shall be appointed thereunder until such time as this Board shall ascertain by inquiry the present and proposed distribution of the police force and the reasons therefor, and shall reach a conclusion based upon fact as to the exact number of additional Patrolmen which should be provided by the use of such appropriation in whole or in part for such purpose; and that this Board may make available for use all or any part of said appropriation when and as in its judgment it may deem wise.

Resolved, That nothing in the foregoing resolutions shall be construed as nullifying the resolutions preceding the so-called "cost data appropriation" for the Bureau of Highways, the Bureau of Sewers and the Bureau of Street Cleaning in the Department of the President of the Borough of Richmond.

All appropriations made in this budget to charitable institutions are hereby declared to be subject to the following regulations:

1. The accounts and records of all such institutions shall be kept so as to show their receipts and expenditures pertaining to all institutional activities, and a record shall be maintained in which their expenses shall be recorded under the following classifications:

   l. Telephone.
   m. Printing, stationery and advertising.
   n. Postage and telegrams.
   o. Hospital and sanitarium charges.

B. Expenses incurred in the maintenance of plant and equipment, as follows:
   a. Repairs and renewals of plant and fixed equipment.
   b. Repairs and renewals of furniture and movable equipment.
   c. Interest on bonds and mortgages on corporate real estate, used exclusively for the charitable purposes of the institution, taxes and water rates, if any, thereon, fire insurance premiums on buildings on such real estate, together with their contents.

In all other respects such accounts and records shall be in the form required by the Comptroller of The City of New York, and as far as practicable such accounts shall be kept on an income and expense basis.

2. All payments made to charitable institutions in pursuance of the said appropriations shall be used by such institutions only for expenses incurred by the institution for the care, support, maintenance and education of inmates duly committed by the courts or the Commissioner of Charities or accepted by said Commissioner as public charges, but they shall not include any expense for improvements or additions to plant or equipment, except as stated, or any payments on account of principal of mortgages. Expenses for education shall be taken to mean expenses incurred in providing suitable education for properly committed or accepted inmates, and shall include the salaries of instructors and expenses incurred for supplies for use in instruction.

3. All institutions receiving funds by appropriation from The City of New York and their books of record and account, so far as they relate to institutional activities, shall be open at reasonable times to the visitation, inspection and examination of the Board of Estimate and Apportionment, the Department of Finance and the Department of Public Charities by their duly authorized Commissioners, officers or inspectors, excepting, however, that the accounts pertaining to the activities of any religious order which may be in charge of any such institution shall be segregated from the other accounts and shall not be subject to this regulation.

4. All such institutions shall prepare and file with the Department of Finance as of a date to be fixed by said department, a report of the condition of the institution and its operations during the previous fiscal year upon forms prescribed and furnished for the purpose under the provisions of these regulations by the Department of Finance.

5 Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments out of any appropriaion made to any charitable institution, he may, in his discretion, withhold the same, immediately giving written notice thereof to such institution and of his intention to apply to the Board of Estimate and Apportionment for authority to cease further payments. Upon the determination of said board that such payments shall terminate, the right of any such institution to receive payment from any such appropriations shall thereupon end.

6. The names and ages of inmates with a statement of the period for which payment is claimed must be placed on all bills rendered by such institutions for their care, support and maintenance prior to the presentation of such account for payment to the Department of Finance. The certificate of the Commissioner of Public Charities under regulation two hereof must also be attached to such bills. Except in emergency cases the Commissioner of Public Charities shall not accept as proper charges persons capable of paying for their own support or for whose care adequate provision can be made in the public hospitals. No case shall be regarded as an emergency case unless there shall have been made a certificate to that effect by a properly authorized and informed representative of the institution by which such case was received.

7. The City shall not be liable for any claim by any charitable institution which shall be in excess of the amount apportioned to such institution in this budget, notwithstanding the acceptance of the Commissioner of Public Charities or any per capita rates of payment that may have been fixed for various classes of inmates thereof.

8. No money shall be paid to any institution which
   pays any salary to,
   gives any consideration for services (financial or otherwise) by,
   has any business dealing with, or
   secures goods or merchandise (directly or indirectly) from
any officers or trustee or member of its board of managers, or where any such person otherwise receives any pecuniary profit from the operation of such institution.

9. Child-caring institutions not sending their inmates to the public schools, and not sharing in the corporate school fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institution for five (5) hours daily for a period equal to the public school year, shall be paid a per capita of 7 cents per day for five (5) school days in the week, for each child of five years of age and over receiving such instruction, except that for abnormal or atypical children a special rate in excess of this amount may be made by the Comptroller. Institutions receiving a per capita allowance for the education of their inmates shall be under the general supervision of the Board of Education, as required by the general conditions relating to institutions receiving corporate school money, provided in Section 1154 of the Charter of The City of New York.

10. No dependent child under 16 years of age shall be accepted as a proper charge upon the City, and no money shall be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children and being under the supervision of the State Board of Charities and which has been placed in this budget by the Board of Estimate and Apportionment.

11. The Department of Health shall maintain in all child-caring institutions receiving funds by appropriation from The City of New York for each inmate accepted as a public charge under the rules of the State Board of Charities, and as herein provided, a complete physical and health record in which shall be recorded the name, age, sex, height and weight, time of admission, general physical condition, including the presence or absence of defects in eyesight, breathing, teeth, or any organic defect, in a manner to conform as nearly as practicable with the records maintained by the Department of Health for children in the public schools in The City of New York. It shall also record the dietary actually employed in such institutions for the feeding of its inmates. Such statistics and records shall be made and revised by the Board of Health once in each six months.

12. Each institution shall give to the Comptroller on forms prescribed by him notice of the reception or discharge of any person for whose care City or County funds are to be received within twenty-four hours after his arrival at or discharge from the institution.

13. The rates of payments to private charitable institutions, unless otherwise specifically provided for, are fixed for the various classes of inmates as follows: Provided that where the Comptroller finds, after proper investigation, that any per capita rate hereinafter stated is too high, he is hereby authorized, on the approval of the

CONNOLLY, President of the Borough of Queens; GEORGE CROMWELL, President of the Borough of Richmond. Board of Estimate and Apportionment.

Majority Report, Committee on Bridges and Tunnels—
Nos. 1965, 1966, 2196, 2197.

The Committee on Bridges and Tunnels, to which were referred on October 29, 1912 (Minutes, pages 195 and 196), the annexed reports of the Committee on Finance on resolutions of the Board of Estimate and Apportionment providing for an issue of $107,000 corporate stock for elevators on Queensboro Bridge running down to Blackwells Island, and on November 19, 1912 (Minutes, pages 260 and 262), protests against such elevators being erected, respectfully

REPORTS:

That public hearings were held at which the following facts were deduced, that while the proposed elevators would meet the urgent necessity for better transportation facilities for sick and injured to the hospitals and other institutions on Blackwells Island, the opposition developed and personal inspection by the Committee convincingly demonstrated the unavoidable interference with traffic should the elevator be placed in the roadway of the bridge. That on condition of receiving written stipulations not to construct the elevators, so as not to narrow the existing roadway of the bridge, from the Commissioner of Bridges and the Commissioner of Public

Charities, your Committee recommends that the said resolutions of the Board of Estimate and Apportionment be concurred in and that the said protests be placed on file.

OTTO O. GELBKE, JAS. J. MOLEN, THOMAS H. O'NEIL, D. M. BEDELL, EDWARD EICHHORN, JAMES HAMILTON, Committee on Bridges and Tunnels.

The Committee on Finance, to which was referred on October 15, 1912 (Minutes, page 72), the annexed resolution in favor of an issue of $107,000 corporate stock for elevators at Queensboro Bridge, running down to Blackwells Island, respectfully

REPORTS:

That this proposed improvement is highly recommended by Charities Commissioner Drummond, who states that the resultant saving in the boat service will quickly pay for this improvement, the benefits of which in the way of quick and continuous communication with the Island, now lacking, he declares to be incalculable.

The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of one hundred and seven thousand dollars ($107,000), to provide means for constructing and installing elevators for vehicles and passenger service from the roadway of the Queensboro Bridge to Blackwells Island.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment October 10, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and seven thousand dollars ($107,000), to provide means for constructing and installing elevators for vehicles and passenger service from the roadway of the Queensboro Bridge to Blackwells Island, under the jurisdiction of the Department of Bridges, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid; provided that no portion of the said proceeds shall be used for the payment of services of departmental employees.

HENRY H. CURRAN, C. A. POST, HENRY F. GRIMM, JOHN DIEMER, ROBERT F. DOWNING, FRANCIS P. KENNEY, JAMES HAMILTON, THOS. J. MULLIGAN, Committee on Finance.

Minority Report, Committee on Bridges and Tunnels—

Nos. 1965, 1966, 2196, 2197.

The Committee on Bridges and Tunnels, to which was referred on October 29, 1912, the annexed resolutions, Int. No. 1965, in favor of amending issue of $181,120 corporate stock for Manhattan Terminal of Manhattan Bridge by reducing amount to $74,120, and Int. No. 1966, in favor of an issue of $107,000 corporate stock to provide means for constructing and installing elevators for vehicles and passenger service from the roadway of the Queensborough Bridge to Blackwells Island, respectfully

REPORTS:

That two public hearings were held.

Much opposition was manifested against the resolutions, particularly against the installation of a permanent structure being placed in the centre of the bridge roadway. It was shown that the traffic on the bridge had increased in one year over 100 per cent. and it was argued that any curtailment of the present facilities for vehicular traffic should not be permitted.

Through the courtesy of Bridge Commissioner O'Keeffe, an opportunity was afforded to the Committee to witness a practical demonstration of how the vehicular traffic would be affected by a temporary construction showing conditions as they would exist if the proposed improvement would be in operation.

As it was conclusively demonstrated that the erection of elevators from the roadway of the Queensborough Bridge to Blackwells Island would greatly retard the growth and development of the Borough of Queens by reducing the width of the roadway on the bridge to the extent shown by the plans submitted by the Department of Bridges, the Committee believes that the proposed improvement is not warranted and therefore recommends that the accompanying resolutions be disapproved and rejected.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held October 10, 1912.

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on June 27, 1912, and approved by the Board of Aldermen on July 9, 1912, as follows:

"Resolved, That, subject to the concurrence herewith of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on January 11, 1912, and approved by the Board of Aldermen on January 30, 1912, as follows:

"'Resolved, That subject to the concurrence herewith of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment February 23, 1911, and approved by the Board of Aldermen March 7, 1911, as follows:

"'Resolved, That the following resolution adopted by the Board of Estimate and Apportionment January 26, 1911, which reads as follows:

"'Resolved, That the following resolution adopted by the Board of Estimate and Apportionment June 3, 1910, and concurred in by the Board of Aldermen June 28, 1910:

"'Resolved, That, pursuant to the provisions of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to the amount of five hundred and forty-five thousand dollars ($545,000), to provide means for required improvements in connection with the Manhattan Terminal of the Manhattan Bridge, namely, the construction of a terminal building and elevated structure, connecting said building with upper deck tracks on west side of the bridge, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five hundred and forty-five thousand dollars ($545,000), the proceeds whereof to be applied to the purposes aforesaid.

—which was amended by the Board of Estimate and Apportionment July 1, 1910, and concurred in by the Board of Aldermen July 19, 1910, to make the amount authorized three hundred and forty-five thousand dollars ($345,000);

"'—be further amended to make the amount authorized three hundred and thirty-eight thousand one hundred and twenty dollars ($338,120);

"'—be and the same is hereby further amended by striking therefrom the date June 28, 1910, and inserting in place thereof the date July 5, 1910;

"'—be further amended to make the amount read two hundred and eighty-eight thousand one hundred and twenty dollars ($228,120);'"

"—be amended to make the amount authorized *one hundred and eighty-one thousand one hundred and twenty dollars* ($181,120);"

—be amended to make the amount authorized *seventy-four thousand one hundred and twenty dollars* ($74,120).

They, therefore, recommend that the said resolution and ordinance be adopted.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Union Railway Company of New York City has under date of May 28, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along West 230th street, from Bailey avenue to Broadway, Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 5, 1908, fixing the date for public hearing thereon as June 26, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Times" and "New York Tribune," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in Bailey avenue at or near West 230th street; thence in and upon Bailey avenue to West 230th street; thence in and upon West 230th street to Broadway, and there connecting with the existing tracks of the Company in Broadway. And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized, is shown upon a map entitled:

"Map showing proposed Extension of the Union Railway Company of New York City, in the Borough of The Bronx, City of New York, to Accompany Petition to the Board of Estimate and Apportionment, dated May 28, 1908."

—and signed by Edward A. Maher, President, and John F. Fairchild, Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said three (3) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until March 1, 1924, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five hundred dollars ($500) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum, which shall in no case be less than one hundred and seventy-five dollars ($175), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of one hundred and seventy-five dollars ($175).

During the second term of five (5) years an annual sum, which shall in no case be less than three hundred and twenty-five dollars ($325), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and twenty-five dollars ($325).

During the remaining term expiring March 1, 1924, an annual sum, which shall in no case be less than three hundred and fifty dollars ($350), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and fifty dollars ($350).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended, and such charges as are required under chapter 340 of the Laws of 1892 to be paid by the Company for this extension if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of chapter 340 of the Laws of 1892 on the gross receipts earned on the extension constructed pursuant to this contract.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes or whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall, upon request of the Board, consent to the use for street surface railway purposes of the tracks and appurtenances covered by this grant, or any portion thereof, by any such other corporation or individual which may receive a franchise therefor from the City.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company, and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual, and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot prior to the expiration of said ninety (90) days agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individ-

ual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privileges. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court, made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums paid and the sum of five hundred dollars ($500) deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City, provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months, and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings, in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railways shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route herein authorized to be constructed by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or upon the whole or any portion of said route by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City upon said route.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if directed by the President of the Borough of The Bronx, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curblines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street and avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officials, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right here by granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.

10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

And such other information in regard to the business of the Company as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its reports, and may examine its officers under oath.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars ($500), either in money or securities, to be approved by him, which sum, together with any and all sums of money or any securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City for the faithful performance by the Company of the several franchises so granted, shall form a fund for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission, under the laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5 and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate

(a) An additional or second standard gauge railroad track across and upon the following named streets and avenues in the Fifth Ward, Borough of Richmond:

1. Huguenot avenue near Huguenot station.
2. Seguine avenue near Princes Bay station.
3. Bay View avenue, approximately 1,250 feet west of Seguine avenue.
4. Manee avenue, approximately 350 feet west of Bay View avenue.
5. Woodvail avenue, approximately 1,000 feet west of Manee avenue.
6. Sharrot avenue, approximately 800 feet east of Amboy road.
7. Amboy road near Pleasant Plains station.

—within the lines of said streets and avenues as the same are now laid out or may hereafter be widened; said additional or second track to be constructed within the existing right of way of the Company and immediately to the south of the present track of the Company crossing the said streets and avenues and either at the same grade as the surface of said streets or above or below the grade thereof as shall be determined by the Public Service Commission for the First District of the State of New York, pursuant to law.

(b) An additional or second standard gauge railroad track over and across Amboy road approximately 1,100 feet west of Huguenot avenue in the Fifth Ward, Borough of Richmond, within the lines of said Amboy road as the same is now laid out or may hereafter be widened; said track to be constructed within the existing right of way of the Company and immediately to the south of the present track of the Company crossing over and above said Amboy road;

—all as shown upon a map entitled:

"Map showing proposed standard gauge railroad track across Huguenot Ave., Amboy Road, near Huguenot, Sequine Ave., Bay View Ave., Manee Ave., Woodvale Ave., Sharrot Ave., & Amboy Road, at Pleasant Plains Station in The Fifth Ward, Borough of Richmond, City of New York To Accompany Petition of The Staten Island Railway Co. —and signed by C. C. F. Bent, Vice-President, and W. B. Redgrave, Engineer Maintenance of Way, a copy of which is attached hereto, and made a part hereof.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five hundred dollars ($500) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) From the date on which this contract is signed by the Mayor until October 28, 1934, the annual sum of eight hundred dollars ($800), being the annual sum of one hundred dollars ($100) for each crossing herein authorized.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within three (3) years from the date upon which this contract is signed by the Mayor, otherwise the rights herein granted shall cease and determine. Provided that the period for commencement and the period for completion of construction may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate one (1) year.

Seventh—The Company shall pay the entire cost of the construction and maintenance of the tracks herein authorized to be constructed, and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the said tracks, including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said streets which may be disturbed during the construction of the tracks.

(d) The inspection of all work during the construction or removal of the tracks, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun, the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The Company shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks, and the mode of protection or changes in all subsurface structures required by the construction of such tracks.

Ninth—The said railroad crossings shall, for their entire length between the lines of the streets where they are laid on the surface, be paved between the rails and for a width of two (2) feet outside thereof with asphalt blocks or vitrified brick, laid upon a concrete foundation, or such other material as may be prescribed by the President of the Borough of Richmond, and in a manner acceptable to him. The said crossings shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Tenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad tracks authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Eleventh—Free and uninterrupted access to and passage over the streets shall be maintained at all times, both during construction and thereafter, unless otherwise directed by the President of the Borough of Richmond, and no cars shall be allowed to stand upon said railroad tracks within the limits of said streets.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—Should the Company be allowed to operate at the same grade as the streets and avenues it shall at all times keep the streets upon which the rails authorized by this contract are laid, between the said rails and for a distance of two (2) feet beyond the said rails, on either side thereof, free and clear from ice and snow.

Fourteenth—The Company shall, upon being ordered by the Board so to do, remove the tracks hereby authorized to be constructed on and across the said streets and avenues from the surface of said streets, and construct the same over or under the said streets, as directed by the Board, and in such manner as the Board may prescribe, under the supervision of the local authorities of the Borough, at its own expense. And it further agrees, that if at any time during the continuance of this contract or any renewal thereof, proceedings shall be taken under the Railroad Law or any law of the State, looking to the removal of the tracks laid by it on the surface of any street, under authority of this contract, then and in that event the Company shall remove the tracks herein authorized and construct the same across said streets, either over or under the same as directed, at its own cost and expense. Nothing contained herein shall be deemed to affect the rights or liabilities of the Company as to the tracks already laid by it.

Fifteenth—Should the Company be allowed to operate at the same grade as the streets and avenues, it shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks hereby authorized at all times when cars or trains shall be operated thereon. Should gates be erected, maintained and operated across any of the streets or avenues for the purpose of excluding pedestrians or vehicles from the tracks hereby authorized, the Company shall locate and erect the posts for such gates at such points as may be directed by the President of the Borough of Richmond.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks and other structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Seventeenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars ($1,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the repairs of the street pavement, and the removal of the tracks at its own expense as herein provided, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders of either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the other terms and conditions of this contract and orders of the Board acting hereunder relating to the obstruction of traffic and the maintenance of flagmen, the Company shall pay a penalty of ten dollars ($10) per day for each day of violation, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars ($1,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Eighteenth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The words "streets or avenues" and "streets and avenues," wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across and over which the Company is hereby granted the right to construct its tracks.

Twentieth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested or hereafter to be delegated or granted to the City by the State of New York.

Section 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and Queens County Railway Company the franchise or right fully set out and described in the following form of proposed contract, for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT

This Contract, made this day of 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Queens County Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a single track street surface railway extension as a second or additional track to that already operated by the Company, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning and connecting with the existing double track of the Company on 13th street at or near 8th avenue, in the former Village of College Point; thence in and upon 13th street to College Point causeway; thence southeasterly upon College Point causeway to Lawrence street in the former Village of Flushing; thence southeasterly in and upon Lawrence street to Broadway; thence easterly in and upon Broadway to Main street; thence southeasterly in and upon Main street to Jamaica avenue; thence

southeasterly in and upon Jamaica avenue to Sanford avenue; thence easterly in and upon Sanford avenue to Bowne avenue, and to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing street surface railway of the New York & Queens County Railway Company in the Borough of Queens, City of New York, to accompany petition dated January 10, 1910, to the Board of Estimate and Apportionment."

—and signed W. O. Wood, President and General Manager, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within one (1) month from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said one (1) month, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor with the privilege of two renewals of said contract for further periods of twelve and one-half (12½) years each; such renewals to be upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewals it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the commencement of said renewal periods. The determination to the revaluation shall be sufficient if agreed to in writing by the Company and the Board.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the commencement of said renewal periods then the annual rate of compensation for each such renewal period shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into written agrements with each other fixing the rate of such compensation for such renewal periods at such amounts as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

During the first term of five (5) years an annual sum which shall in no case be less than seven hundred and fifty dollars ($750), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of seven hundred and fifty dollars ($750)

During the succeeding term of seven (7) years an annual sum which shall in no case be less than one thousand three hundred and fifty dollars ($1,350), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand three hundred and fifty dollars ($1,350).

During the remaining thirteen (13) years of the original term of this contract such percentages of gross receipts with minimum annual payments as shall be determined as follows, to wit:

Such determination shall be had upon the application of either the Company or the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years, and not later than one (1) year before the expiration of the period for which such percentages and annual payments are herein fixed. The determination shall be sufficient if agreed to by the Company and the Board. If the Company and the Board shall not reach such an agreement on or before the day one year before the expiration of the period for which compensation is herein fixed then the annual rate of compensation for the succeeding thirteen years shall be reasonable, and either the City by the Board or the Company, shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the manner herein provided for the determination of the revaluation for the renewals of this contract.

If either party fails to appoint a disinterested freeholder as herein provided, or should the first two disinterested freeholders fail to agree on the selection of a third within ninety (90) days after the date one year before the expiration of the period for which the annual payments are herein fixed, or if no two of said disinterested freeholders so selected agree upon the percentages or minimum payments to be made by the Company to the City within sixty (60) days after they shall have been so selected, then such percentage and minimum payments shall be fixed by the Supreme Court upon the application of either party.

Nothing herein contained shall be deemed to determine the basis for the fixing of the amount of the percentages of gross receipts and the amount of the minimum annual payments to be paid to the City during said period except that consideration shall be given to the amount of taxes then paid by the Company and it shall be determined whether the Company shall during the said period, be permitted to deduct said annual payments or any taxes which it may by law be required to pay, or whether said payments shall not be considered in any manner in the nature of a tax, but shall be made in addition to any and all taxes of whatsoever kind or description required to be paid by any ordinance of the City, resolution of the Board or any law of the State of New York in force during said period.

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which operation shall begin hereunder.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law, as amended.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease, or sublease of the rights or priviliges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or corporations or to any individual or individuals a similar right or privilege upon the same or other terms and conditions over the routes hereinbefore described. The Company shall not at any time oppose the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract; and the consent of the Company to the use of any portion of its railway by such corporation or individual shall not be necessary.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route or any portion thereof over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power, and all other property of the Company which shall be necessary in the operation of the cars of such corporation or individual upon the tracks of the Company, and shall have the right to continue such operation until this contract or the right to use such property under the terms and conditions of this contract granted said corporation or individual by the City shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined by the Public Service Commission of the State of New York, for the First District.

Within thirty (30) days after such determination by the Public Service Commission such new corporation or individual shall file with the said Commission its acceptance or rejection in writing of said determination. In the event of rejection, such corporation or individual shall immediately cease the operation of its cars over the tracks of the Company, and shall within thirty (30) days thereafter pay to said Company for the use of its tracks and equipment already enjoyed a sum equal to the legal interest on such portion of the actual cost of construction of said railway structures and additions and betterments thereto, as the number of cars operated by such corporation or individual shall have borne to the number of cars operated by the Company or companies using the same during said period; also a like proportion of the cost of keeping the tracks and electrical equipment in repair; also a like proportion of laying and repairing of pavement, removal of ice and snow, taxes, and all duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, together with the actual cost of the power used for the operation of the cars of such individual or corporation. Provided, however, that such corporation or individual shall not be compelled to pay to the Company any sum as compensation for loss to it due to competition.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by the operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise nothwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within one (1) month from the date upon which the consents of the property owners are filed with the Board, or from the date upon which the order of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within four (4) months from the date of filing such consents or such order; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently proseccuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Ninth—The said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may regulate the service and may, by resolution, require the Company, within a period of time stated therein, to improve or add to the railway equipment, including the rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary in the opinion of the Board. In case the Company shall deem such required improvements or additions unreasonable or unnecessary, it may, within ten (10) days after the adoption of such resolution, apply to the Public Service Commission for the First District for a determination of the reasonableness or necessity of such requirements, and the determination of the said Commission shall be binding both on the City and on the Company. If the Company shall not apply to the Public Service Commission for its determination, as above provided, it shall notify the Board, in writing within twenty (20) days after the adoption of such resolution, of its intention to comply therewith. In case of failure of the Company to so notify the Board, or in case of its failure to make the required improvements or additions within the time fixed by such resolution, the rights hereby granted shall cease and determine. If the Company shall apply to the Public Service Commission for its determination, as above provided, and such determination when rendered shall be to the effect that the requirements contained in such resolution are reasonable or necessary, or if such determination when rendered shall prescribe other requirements, either lesser or greater than those contained in such resolution, the Company shall, within ten (10) days after the date of such determination, notify the Board, in writing, of its intention to comply with the requirements contained in such resolution, or with the other requirements prescribed by said Commission, as the case may be, and shall make the required improvements and additions within the time fixed by said resolution; otherwise the rights hereby granted shall cease and determine.

Tenth—It is agreed that the position of the track hereby authorized in the street shall be as determined and directed by the President of the Borough of Queens, and if in the opinion of such Borough President the position of the existing single track upon the routes hereby authorized should be changed to conform with the position of the track hereby authorized the Company shall change the position of such existing track as directed by said Borough President, otherwise this grant shall cease and determine.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues and upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twelfth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract, all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Provided, however, that the Company, during the first five (5) years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
