With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)

NOTE:

As of January 1, 2017, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2017, the contractor will no longer be deducting the tax credit as a separate line item on the invoice. Should the tax credit be extended, it will once again appear as deduction and line item on the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

The National Oilheat Research Alliance (NORA) resumed operations in 2014. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. NORA has been authorized through February 2019. All other terms and conditions remain unchanged.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

LATE NOTICE

ENVIRONMENTAL PROTECTION

■ PUBLIC HEARINGS

The New York City Department of Environmental Protection (DEP), as lead agency, is preparing a voluntary environmental review for the In-City Water Supply Resiliency Project, which includes renewal of DEP's existing Water Supply/Water Withdrawal Permit and the potential future implementation of temporary treatment systems at DEP's existing well stations. The purpose of the project is to meet the City's water supply needs in times of upstate water supply shortage,

due to drought and planned and/or unplanned unforeseen system infrastructure outages. DEP seeks to identify and disclose any potential adverse significant environmental impacts from the Proposed Project. The Proposed Project will not alter current water supply operations and would be employed only under the limited circumstances described in this Draft Environmental Impact Statement (DEIS). The project was reviewed in accordance with the New York State Environmental Quality Review Act (SEQRA) and the City Environmental Quality Review (CEQR) process. DEP has owned, maintained, and operated a groundwater supply system in southeastern Queens since 1996. The Queens Groundwater system is comprised of 44 well stations, which house a total of 68 water supply wells. These wells collectively have a permitted capacity of up to a five-year running average of 22,568 million gallons per year or 62 million gallons per day (mgd), with a 24,807 million gallon maximum in any single year or 68 mgd.

DEP has prepared a voluntary Draft Environmental Impact Statement (EIS) to support DEP's application to the New York State Department of Environmental Conservation (NYSDEC) to renew the existing Water Supply/Water Withdrawal permit for the groundwater system.

The Draft EIS was issued on November 9, 2017, and is available for review on the DEP website at: www.nyc.gov/dep/environmentalreviews.

DEP will hold public meetings to receive public comments on the In-City Water Supply Resiliency Draft EIS, with informal information and listening sessions taking place one hour prior to the meeting at the locations noted below:

Thursday, March 8, 2018, at 7:00 P.M., Information Session at 6:00 P.M. Theodore Roosevelt Legislative Building, 1550 Franklin Avenue, Mineola, NY 11501.

Tuesday, March 13, 2018, at 7:00 P.M., Information Session at 6:00 P.M. Majority Baptist Church Multi-Purpose Center, 115-15 Farmers Boulevard, St. Albans, NY 11412.

These hearing locations are accessible to persons with a mobility impairment. American Sign Language interpreter services may also be made available upon written request to the DEP contact person named below, no less than 10 days prior to the hearing.

The public comment period will remain open until April 2, 2018.
