NEW YORK, SATURDAY, NOVEMBER 1, 1890.

NUMBER 5,314.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, October 15, 1890, at 3 o'clock P. M.

Present—The Comptroller, and Commissioners Duane, Tucker, Scott and Cannon.

The minutes of stated meetings of September 24, October 1 and 8, 1890, were read and approved.

The Committee of Finance and Audit reported their examination and audit of Vouchers Nos. 6310 to 6311, inclusive, being estimates for work done by contractors, amounting to \$4,266.45; also of bills contained in Vouchers Nos. 6312 to 6329, inclusive, amounting to \$4,086.12.

On motion of Commissioner Tucker, the same were approved and ordered certified to the Comptroller for payment.

The Committee also presented the following:

The Committee of Finance and Audit report:

That they have examined the bids and checks received October 15, 1890, for building eleven head-house superstructures, etc., for the shafts of the New Croton Aqueduct.

The checks, amounting to \$8,500, were correct, and transmitted to the Comptroller and his receipt is on file.

The bids were found correct as to their formality, and the sureties proposed appear to be sufficient.

On motion of Commissioner Tucker, the same was approved.

The Construction or Executive Committee reported in favor of the adoption of the following preamble and resolution:

Whereas, The Chief Engineer has certified, under date of October 15, 1890, that the repairs of defective work on Section 9 of the New Aqueduct have so far progressed that it will not be necessary to continue to retain the sum withheld to make good the repairs of defective work on said section; therefore

Resolved, That the Comptroller be and he is hereby requested to release and pay to the contractors for said section the sum of \$3,000, withheld to make good the repairs of defective work on said section, leaving nothing to be withheld for repairs of defective work on said section.

The same were adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker, Scott and Cannon—5.

The Committee also reported in favor of the adoption of the following resolution:

Resolved, That the contract for building eleven head-house superstructures, etc., for the shafts of the New Croton Aqueduct, be and the same is hereby awarded to Breuchaud, Pennell & Co., at their bid of \$43,512.50, it being the lowest bid received for doing said work, and less than the estimate of the Chief Engineer.

The same was adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker, Scott and Cannon—5.

The Committee also presented the following:

The Construction or Executive Committee present the following communication received from the Chief Engineer:

NEW YORK, October 15, 1890.

To the Honorable the Committee on Construction:

GENTLEMEN—The bids that were opened in your presence at the last meeting for an iron bridge to be erected on the East Branch of the Croton river at the Milltown Crossing, are as follows:

1. Cooper, Hewitt & Co. \$2,100 00

The work to be completed in four months after receiving the order.

2. The Berlin Iron Bridge Co. 2,145 00

The bridge to be completed in forty-five days or even thirty days, if occasion requires.

3. Post & McCord. 2,400 00

No time specified.

4. Passaic Rolling Mill Co. 2,485 00

The work to be completed prior to February next.

5. The Riverside Bridge & Iron Works. 2,614 00

The work to be completed within six weeks from receipt of order.

In handing you the above, I desire to call your attention to the desirability of completing Milltown bridge at an early date, inasmuch as we expect to fill the East Branch Reservoir early next year, and the traffic would be interrupted thereby on an important county road if the bridge were not in position.

In this connection you will notice that, although Messrs. Cooper, Hewitt & Co. are the lowest bidders, they want four months for the completion of the structure, while the second bidder, the Berlin Iron Bridge Co., offer to complete it in forty-five days or less.

In my opinion the advantage of the shorter time of construction is of much more value than the sum of \$45, which is the difference between the bids of the two firms aforesaid.

I have to add that I wrote Messrs. Cooper, Hewitt & Co. to ask them whether they would be willing to build the bridge within the time specified by this corporation, but they replied that they would not decrease the time.

I am, very respectfully,

A. FTELEY, Chief Engineer.

And recommend the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, the contract for erecting an iron bridge on the East Branch of the Croton river, at the Milltown Crossing, be and the same is hereby awarded to the Berlin Iron Bridge Company at their bid of \$2,145, as, from investigation, the bid of said firm appears to be the most advantageous for the City.

The same was adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker and Scott—4.

Negative—Commissioner Cannon—1.

The Committee also reported in favor of the adoption of the following resolution:

Resolved, That, upon the recommendation of the Secretary, a leave of absence is hereby granted to John R. Vernam, employed as Messenger in the office of the Aqueduct Commissioners, for one month from October 13, 1890, with pay, and two months' additional leave of absence without pay.

On motion of Commissioner Scott, the same was adopted.

The Committee also presented the following:

The Construction or Executive Committee present the following communication received from the Chief Engineer:

NEW YORK, October 15, 1890.

To the Honorable the Committee on Construction:

GENTLEMEN—Owing to the pressure of work in Mr. Craven's division of the Aqueduct, I respectfully ask that Joseph F. Banks be appointed Axeman, at \$60 per month, in place of Edward Keenan, deceased, who had the same salary.

I am, very respectfully,

A. FTELEY, Chief Engineer.

And recommend the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, Joseph F. Banks be and he is hereby appointed Axeman, at a salary of \$60 per month, in place of Edward Keenan, deceased. On motion of Commissioner Scott, the same was adopted.

The Committee also reported in favor of the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in temporarily employing the following-named persons on the dates and at the wages hereinafter named, be and the same is hereby approved:

John Tracy, Laborer, \$2 per day, October 6.

Charles Peters, Laborer, \$2 per day, October 6.

James Kelly, Stonecutter, \$3.50 per day, October 6.

Charles Gardner, Stonecutter, \$3.50 per day, October 6.

James Ambrose, Hammerman, \$2 per day, October 7.

Daniel Rooney, Laborer, \$1.75 per day, October 7.

Anthony Curack, Laborer, \$1.75 per day, October 7.

John Harrington, Laborer, \$1.75 per day, October 7.

Matthew Rooney, Laborer, \$1.75 per day, October 7.

On motion of the Comptroller the same was adopted.

The Committee also reported in favor of the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in temporarily increasing the salary of Julius Anderson, temporarily employed as a Laborer at \$1.50 per day to \$2 per day, the same to date from October 7, be and the same is hereby approved.

On motion of Commissioner Tucker, the same was adopted.

The Committee also presented the following:

The Construction or Executive Committee present the following communication received from the Chief Engineer, and recommend that the same be spread in full on the minutes and filed:

NEW YORK, October 15, 1890.

To the Honorable the Committee on Construction:

GENTLEMEN—In presenting to you the accompanying statement of laborers who have been added for the repairs at Shaft 24, I have to say that on May 1 of this year the laborers on the pay rolls were, to the number of 29, distributed as follows along the work:

First Division	6
Second Division	1
Fourth Division	2
Fifth Division	3
Sixth Division	4
Survey party	3
Drills	10
Total	29

Since then, owing to the work necessary for preparing the New Aqueduct for permanent service, and also to the putting off and on of the water with the accompanying work of pumping, repairs at Shaft 24, etc., laborers have been employed and discharged in turn, showing a total number of laborers appointed of 62.

At the present time the total number of laborers employed is as follows: Permanently employed at the dams, with the Engineer force, also with the diamond drills, 24. Temporarily employed for the repairs of Shaft 24 and for other work of a temporary character along the Aqueduct, 36.

I am, very respectfully,

A. FTELEY, Chief Engineer.

On motion of Commissioner Scott, the recommendation was approved.

The Committee also reported in favor of the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, Frank Hart, temporarily employed as Machinist at \$3.50 per day, and James E. Kearns, temporarily employed as Assistant Machinist at \$2 per day, be and they are hereby permanently appointed to said positions at the salaries now being paid them.

On motion of Commissioner Tucker, the same was adopted.

The Committee also presented the following communication received from the Chief Engineer, and recommended that the same be spread in full upon the minutes and filed:

NEW YORK, October 15, 1890.

To the Honorable the Committee on Construction:

GENTLEMEN—During the past week no water has been flowing through the New Aqueduct, as it was necessary to enter it to perform work, the principal items of which, as you are aware, were the removal of the platform in Section 9, and the packing of the remaining vacancies in the same section, and the further repairs of Shaft 24, with the consequent pumping of the Aqueduct under Harlem river.

I am, very respectfully,

A. FTELEY, Chief Engineer.

On motion of Commissioner Scott, the communication was ordered filed.

The Committee also presented the following:

The Construction or Executive Committee present the following communication received from the Chief Engineer:

NEW YORK, October 15, 1890.

To the Honorable the Committee on Construction:

GENTLEMEN—The total amount of the appropriation that you made for the prosecution of experiments of the permeability of mortars, bricks and other materials under high-water pressure was \$1,062.22.

I find in settling that account that the total expenditure made under that head amounts to \$1,083.10, leaving a deficiency of \$20.88, which would prevent the regular payment of a bill of \$45 from Messrs. Coldwell, Wilcox & Co. for some necessary supplies.

I respectfully request that the sum of \$20.88 be added to the aforesaid appropriation in order to close the account.

I am, very respectfully,

A. FTELEY, Chief Engineer.

And recommend the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, an additional appropriation of \$20.88 is hereby made for the purpose of testing the durability of mortar, brick and other materials to be used under high-water pressure.

The same was adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker, Scott and Cannon—5.

The Committee also presented the following:

The Construction or Executive Committee present the following communication received from the Chief Engineer:

NEW YORK, October 15, 1890.

To the Honorable the Aqueduct Commissioners:

GENTLEMEN—You made at different times appropriations for the purpose of enabling the Chief Engineer to procure the necessary materials and labor for testing and preparing the New Aqueduct in such parts as are submerged; the appropriations were as follows:

October 23, 1889	\$500 00
November 20, 1889	1,200 00
February 26, 1890	800 00
March 26, 1890	1,000 00
—in all \$3,500.	

In doing such work, in which, as you know, emergencies somewhat unexpected had to be met, and where it was difficult beforehand to estimate accurately the expenditures to be incurred, the total amount expended is \$3,778.14, showing apparently a deficiency of \$278.14; and although this surplus could be strictly charged under other appropriations which are now showing a sufficient balance to cover them, I would recommend, for the regularity of our accounts, an appropriation of \$278.14 to add to the aggregate sum of \$3,500 already appropriated, as hereinbefore stated, viz.:

October 23, 1889	\$500 00
November 20, 1889	1,200 00
February 26, 1890	800 00
March 26, 1890	1,000 00

I am, very respectfully,

A. FTELEY, Chief Engineer.

And recommend the adoption of the following resolution:

Resolved, That, upon the recommendation of the Chief Engineer, an appropriation of \$278.14 is hereby made for the purpose of procuring the necessary materials and labor yet required for testing and preparing such parts of the New Aqueduct as are to be submerged.

The same was adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker, Scott and Cannon—5.

The Committee also reported in favor of the adoption of the following preamble and resolution: Whereas, The Chief Engineer of this Commission has certified in writing that, in his opinion, John Peirce has completely performed and carried out the provisions of the contract made by him with this Commission on the 12th day of December, 1887, for building the gate-house superstructure, roof, floor system and foot bridge for the blow-off chamber at Pocantico, on Section 4 of the New Aqueduct, and has stated from actual measurements the whole amount of work done and materials furnished under and according to the terms of said contract, and of the true value thereof; therefore, be it

Resolved, That the Aqueduct Commissioners do accept the work done and materials furnished by John Peirce under said contract, and that a proper voucher for the final payment for work done and materials furnished thereunder be approved by the Commissioners, and certified to the Comptroller for payment; and the Comptroller is hereby requested to pay the amount of said final estimate without any deduction for overtime, the time for the completion of said contract having been extended under the operation of the contract.

The same were adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker, Scott and Cannon—5.

The Secretary gave notice of the filing of a lien by the Warren Foundry and Machine Company against O'Brien & Clark for materials furnished in the construction of Section 16 of the New Aqueduct, amounting to \$56,700.

On motion of Commissioner Scott, the same was ordered filed.

On motion of Commissioner Scott, the hearing of the charges preferred against Inspector of Masonry E. R. Scott, adjourned to this day, was adjourned until Wednesday next, the 22d instant, at 3 o'clock P. M.

The Commissioners then adjourned.

JOHN C. SHEEHAN, Secretary.

Present—Theodore W. Myers, Comptroller; Wm. H. Clark, Counsel to the Corporation; Frederick Smyth, Recorder.

On motion of the Comptroller, the reading of the minutes of meetings of December 13, 1889, February 6, March 7, May 24, June 23 and 30, and July 8, 1890, was dispensed with.

The Comptroller presented the following assessment lists received from the Board of Assessors under date of September 10, 1890, viz.:

The foregoing assessment lists being in proper form and no objections having been received, on motion, the same were severally confirmed, all the members of the Board voting in the affirmative.

The assessment list for regulating, grading, curbing and flagging One Hundred and Fortieth street, from Tenth avenue to the Boulevard, with record of awards for damages to buildings on the line, and objections of Mary E. Baker, filed by John C. Shaw, attorney, and application of William E. Parsons, Jr., for an award, filed by Edward P. Schell, attorney, ordered to be referred back to the Board of Assessors, at meeting of June 23, 1890, at the request of Mr. Shaw, to afford him an opportunity of a hearing before them, were presented by the Comptroller, together with a brief filed by Mr. Shaw in said matter, the same having been returned by the Board of Assessors under date of August 15, 1890.

The Assessors state that, "since the return of the above assessment list, Mr. Shaw has been given a hearing before this Board, and has filed a written argument in support of his objections. After a careful consideration of the subject, the Assessors are of the opinion that the assessment, as originally apportioned, is just and equitable, and have therefore overruled Mr. Shaw's objections."

A representative of Mr. Schell appeared, and requested that action be postponed on said assessment list on account of his inability to attend the meeting.

On motion, the said assessment list was laid over.

The assessment list for sewer and appurtenances in Vanderbilt avenue, East, between One Hundred and Sixty-fifth and One Hundred and Seventieth streets, with branches in One Hundred and Sixty-sixth, One Hundred and Sixty-seventh and One Hundred and Sixty-eighth streets, between Vanderbilt avenue, East, and Washington avenue, and a sewer and appurtenances in One Hundred and Sixty-fifth street, between Washington and Brook avenues, and objections of George Hey, Mrs. Mullaney and others, filed by Thomas S. Bassford, attorney, and of M. C. Kelly, ordered to be referred back to the Board of Assessors, at meeting of May 24, 1890, for further consideration with regard to the said objections, were presented by the Comptroller, the same having been returned by the Board of Assessors under date of July 25, 1890, together with objections of the New York and Harlem Railroad Company, and affidavits of Joseph V. Wheatley, Thomas S. Bassford and Loring M. Black; and a communication from C. H. Myers, Engineer of Construction Twenty-third and Twenty-fourth Wards, as to the benefit derived by the lands of the New York and Harlem Railroad Company, by the sewers in Vanderbilt avenue, between One Hundred and Sixty-fifth and One Hundred and Seventieth streets.

The Board of Assessors state that, since the return of the assessment list, several hearings have been given Mr. Thomas S. Bassford, attorney for the objectors, and Mr. Loomis, attorney for the New York and Harlem Railroad Company, and that, after a careful consideration of the subject, the assessors have arrived at the conclusion that the assessment, as originally apportioned by them, is just and equitable, and therefore retransmit the assessment list with all papers, without alteration, for the action of the Board of Revision, etc.

Honorable Ernest Hall appeared in opposition to the apportionment of the assessment, and Colonel Gilon, Chairman of the Board of Assessors, made explanation relative thereto. On motion of the Counsel to the Corporation, the said assessment list and accompanying papers were ordered to be referred to the Department of Public Parks, for information as to what extent the said sewers will benefit, for surface drainage or otherwise, the lands of the New York and Harlem Railroad Company.

The assessment list for sewers and appurtenances in St. Ann's avenue, between One Hundred and Thirty-fifth and One Hundred and Thirty-sixth streets, between One Hundred and Forty-fourth and One Hundred and Forty-sixth streets, and between One Hundred and Forty-ninth street and Port Morris Branch Railroad, and objections of Lewis B. Brown and others, filed by Thomas S. Bassford, attorney, ordered to be referred back to the Board of Assessors, at meeting of May 24, 1890, for further consideration of the apportionment of the assessment, were presented by the Comptroller, the same having been returned by the Board of Assessors, under date of August 5, 1890, together with an affidavit of Thomas S. Bassford, attorney, and a communication from C. H. Myers, Engineer of Construction of Twenty-third and Twenty-fourth Wards, Department of Public Parks, dated June 16, 1890, as to benefit derived by St. Mary's Park, from the sewer in question.

The Board of Assessors state that as the information furnished by Mr. Myers favors the claim of the objectors, they have reapportioned the assessment list by charging the Park twenty-five per cent. of the total cost of the sewers in question, and that the list as reapportioned has been advertised and no objections have been received.

Upon consideration, on motion, the said assessment list was confirmed, all the members of the Board voting in the affirmative.

The assessment list for flagging and reflagging, curbing and recurbing, both sides of Sixty-fifth street, from Central Park, West, to Ninth avenue, and objections of James O'Brien, were presented by the Comptroller, the same having been received from the Board of Assessors under date of September 1, 1890.

Upon consideration, Mr. O'Brien not appearing after notice, on motion, the objections filed by him were overruled, and the said assessment list was confirmed, all the members of the Board voting in the affirmative.

The assessment list for regulating, grading, curbing and flagging One Hundred and Thirty-first street, from Boulevard to Twelfth avenue, with record of awards for damages to buildings by change in grade on the line, and petitions for awards of James Rogers, May Deering, John Canlon, Anton Furst and others, with affidavits in support of their claims, and objections of James Rogers and May Deering, Henry Wiegold and others, to the insufficiency of the awards made in said matter, filed by James A. Deering, attorney, were presented by the Comptroller, the same having been received from the Board of Assessors under date of July 25, 1890.

Mr. C. B. Augustine appeared as representative of Mr. Deering, attorney, and requested that consideration of the said assessment be postponed on account of Mr. Deering's absence from the city.

On motion, the said assessment list was laid over.

The assessment list for regulating, grading, curbing and flagging Eighty-seventh street, from West End avenue to Riverside Drive, with record of awards for damages to land and buildings for change in grade on the line, and objections of Oscar Duryea, Charles De Hart Brower, Louise Todd, Jacob Lawson and others, filed by James A. Deering, attorney; application for award and objections of John J. Bradley, filed by Rose & Putzel, attorneys; petition for award and objections of Leopold Eidlitz, affidavits and brief filed by John A. Beall, attorney, were presented by the Comptroller, the same having been received from the Board of Assessors under date of July 25, 1890.

Mr. Putzel appeared in opposition to the assessment. Mr. Augustine, representing Mr. Deering, attorney, requested that consideration of the matter be postponed on account of the absence of Mr. Deering from the city.

On motion, the said assessment list was laid over.

The Comptroller presented the assessment list for alteration and improvement to sewer in Fourth avenue, east side, between Seventy-second and Seventy-fourth streets, and in Seventy-second street, north and south sides, between Lexington and Fourth avenues, and objections of Julius Bowman, Myer S. Isaacs, Otto Horwitz and Cordelia Schnitzer, filed by T. H. Baldwin, attorney; New York and Harlem Railroad Company, with affidavit of Joseph V. Wheatley, civil engineer and surveyor, filed by Frank Loomis, attorney, the same having been received from the Board of Assessors under date of October 7, 1890.

Upon consideration, no one appearing in opposition after notice, on motion, the objections filed were overruled, and the assessment list was confirmed, all the members of the Board voting in the affirmative.

In the matter of the application of Francis Blessing, for an award for damages to his premises by the closing of Ninety-eighth street at Fourth avenue, Mr. Nelson Smith, of counsel for applicant, submitted brief and points in the case.

At 1.35 o'clock P. M., on motion, the Board adjourned.

RICHARD A. STORRS, Chief Clerk, Board of Revision and Correction of Assessments.

FIRE DEPARTMENT, CITY OF NEW YORK,

NEW YORK, October 24, 1890.

TO CONTRACTORS.

SEALED PROPOSALS FOR REMOVING
horse manure from the houses of this Department,
will be received by the Board of Commissioners at the
head of the Fire Department, at the office of said
Department, Nos. 157 and 159 East Sixty-seventh street,
in the City of New York, until 12 o'clock A. M. Wednes-
day, November 12, 1890, at which time and place they
will be publicly opened by the head of said Depart-
ment and read.
No proposal will be received or considered after the
hour named.

For information as to the amount and kind of work to
be done, bidders are referred to the specifications,
which form part of these proposals.

The form of the agreement and the specifications,
showing the manner of payment for the work and
forms of proposals, may be obtained at the office of the
Department.

The number of horses in the houses from which the
manure is to be removed is estimated to be three hun-
dred and twenty-one (321). Bidders will state the price
per month.

Bidders will write out the amount of their estimate
in addition to inserting the same in figures.
The manure is to be removed from each house daily
and in the manner required by section 103 of the
Sanitary Code.

The award of the contract will be made as soon as
practicable after the opening of the bids.

Any person making an estimate for the work shall
present the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or
names of the person or persons presenting the same, the
date of its presentation and a statement of the work
to which it relates.

The Fire Department reserves the right to decline
any and all bids or estimates if deemed to be for the
public interest. No bid or estimate will be accepted
from, or contract awarded to, any person who is in
arrears to the Corporation upon debt or contract, or who
is a defaulter, as surety or otherwise, upon any obliga-
tion to the Corporation.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person be so interested,
it shall distinctly state that fact; that it is made without
any connection with any other person making an estimate
for the same purpose, and is in all respects fair and with-
out collusion or fraud; and that no member of the Com-
mon Council, head of a department, chief of a bureau,
deputy thereof, or clerk therein, or other officer of the
Corporation, is directly or indirectly interested therein, or
in the supplies or work to which it relates, or in any por-
tion of the profits thereof. The bid or estimate must be
verified by the oath, in writing, of the party or parties
making the estimate, that the several matters stated
therein are in all respects true. Where more than one
person is interested, it is requisite that the verification
be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders of
the City of New York, with their respective places of
business or residence, to the effect that if the contract be
awarded to the person making the estimate, they will,
on its being so awarded, become bound as sureties for its
faithful performance, in the sum of two hundred and
fifty (250) dollars, and that if he shall omit or refuse
to execute the same, they will pay to the Corporation any
difference between the sum to which he would be enti-
tled on its completion, and that which the Corpora-
tion may be obliged to pay to the person or
persons to whom the contract may be awarded at
any subsequent letting; the amount in each case to be
calculated upon the estimated amount of the work by
which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirmation,
in writing, of each of the persons signing the same, that
he is a householder or freeholder in the City of New
York, and is worth the amount of the security required
for the completion of this contract, over and above all
his debts of every nature, and over and above his li-
abilities as bail, surety, or otherwise, and that he has
offered himself as a surety in good faith and with the
intention to execute the bond required by law. The
adequacy and sufficiency of the security offered is to be
approved by the Comptroller of the City of New York
before the award is made and prior to the signing of the
contract.

No estimate will be considered unless accompanied
by either a certified check upon one of the banks of the
City of New York, drawn to the order of the Com-
ptroller, or money to the amount of twelve dollars and
fifty cents (\$12.50). Such check or money must not be in-
closed in the sealed envelope containing the estimate, but
must be handed to the officer or clerk of the Department
who has charge of the estimate-box, and no estimate can
be deposited in said box until such check or money has
been examined by said officer or clerk and found to be
correct. All such deposits, except that of the success-
ful bidder, will be returned to the persons making the
same, within three days after the contract is awarded.
If the successful bidder shall refuse or neglect, within
five days after notice that the contract has been
awarded to him, to execute the same, the amount of the
deposit made by him shall be forfeited to and retained
by the City of New York as liquidated damages for
such neglect or refusal, but if he shall execute the con-
tract within the time aforesaid, the amount of his
deposit will be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give the
proper security, he or they shall be considered as having
abandoned it, and as in default to the Corporation, and
the contract will be readvertised and relet as provided
by law.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A
sealed envelope, with the title of the work and the
name of the bidder indorsed thereon, also the number of
the work as in the advertisement, will be received at this
office until 12 o'clock M. Thursday, November 6, 1890,

No. 1. FOR REMOVING THE ROCK NOW LYING
ON THE WEST SIDE OF MADISON
AVENUE, between One Hundred and Seven-
teenth and One Hundred and Eighteenth
streets.

Each estimate must contain the name and place of
residence of the person making the same, the names of all
persons interested with him therein, and if no other per-
son be so interested, it shall distinctly state that fact.
That it is made without any connection with any other
person making an estimate for the same work, and is in
all respects fair and without collusion or fraud. That no
member of the Common Council, head of a department,
chief of a bureau, deputy thereof, or clerk therein, or
other officer of the Corporation, is directly or indirectly
interested in the estimate, or in the work to which it re-
lates or in the profits thereof.

Each estimate must be verified by the oath, in writing,
of the party making the same, that the several matters
therein stated are true, and must be accompanied by the
consent, in writing, of two householders or freeholders
in the City of New York, to the effect that if the con-
tract is awarded to the person making the estimate, they
will, upon its being so awarded, become bound as his
sureties for its faithful performance; and that if he shall
refuse or neglect to execute the same, they will pay to
the Corporation any difference between the sum to
which he would be entitled upon its completion and that
which the Corporation may be obliged to pay to the per-
son to whom the contract shall be awarded at any
subsequent letting; the amount to be calculated upon
the estimated amount of the work by which the bids are
tested.

The consent last above mentioned must be accom-
panied by the oath or affirmation, in writing, of each of
the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth the
amount of the security required for the completion of the
contract, over and above his liabilities as bail, surety,
or otherwise, and that he has offered himself as surety in
good faith, with the intention to execute the bond re-
quired by law.

No estimate will be considered unless accompanied
by either a certified check upon one of the State or National
banks of the City of New York, drawn to the order of
the Comptroller, or money, to the amount of five
per centum of the amount of the security required for
the faithful performance of the contract. Such check
or money must not be inclosed in the sealed envelope
containing the estimate, but must be handed to the
officer or clerk of the Department who has charge of
the estimate-box, and no estimate can be deposited in
said box until such check or money has been examined
by said officer or clerk and found to be correct. All such
deposits, except that of the successful bidder, will be
returned to the persons making the same within three
days after the contract is awarded. If the successful
bidder shall refuse or neglect, within five days after
notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by
him shall be forfeited to and retained by the City of
New York as liquidated damages for such neglect or
refusal; but if he shall execute the contract within the
time aforesaid, the amount of the deposit will be
returned to him.

THE COMMISSIONER OF PUBLIC WORKS
RESERVES THE RIGHT TO REJECT ALL BIDS

Half Slips adjoining West Seventy-ninth street Pier, North river....	3,500 "
Total.....	8,700 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 20th day of December, 1890, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of

New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

25 barrels first quality W. W. Lime.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 10 o'clock A. M. of Friday, November 14, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Leather and Lime," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and let as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Dated NEW YORK, November 1, 1890.

NEW YORK, JUNE 1, 1890.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, editors, editorial writers or reporters of daily newspapers, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; multiarmen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing

their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.
