## PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

No 154 NASSAU STREET, NEW YORK CITY.

### CALENDAR OF HEARINGS.

The following hearings will be held during the remainder of the week beginning Monday, May 17, 1909:

Friday, May 21—2:30 p. m.—Room 305.—Case No. 278.—NEW YORK CENTRAL & HUDSON RIVER R. R. Co.—“Application of the City of New York for opening W. 234th Street across the tracks of the New York & Putnam division of the N. Y. C. & H. R. RR. Co.”—Commissioner Eustis.

2:30 p. m.—Room 310.—Case No. 1107.—BROOKLYN UNION GAS AND EQUITY GAS Co.—“Application for merger.”—Commissioner Maltbie.

Regular meetings of the Commission are held every Tuesday and Friday, at 11:30 a. m. in Room 310.

## MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Friday, April 16, 1909, at 3 p. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keeffe.

The President, Mr. Frank L. Polk, presided.

A hearing was had on the matter of irregular assignments in the office of the President of the Borough of Manhattan. The heads of the various Bureaus of that Department appeared, as directed, to show cause why such irregularities should not cease and the said employees either be assigned to duties appropriate to their titles or dropped from the roster of the Department. The hearing closed.

After the Commission had gone into regular session the matter of adjusting the irregularities specified by the Department was referred to the Secretary.

The Commission then adjourned to meet Wednesday, April 21, 1909, at 10 a. m.

F. A. SPENCER, Secretary.

## MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, held at the Commission's Offices, No. 299 Broadway, on Wednesday, April 21, 1909, at 10 a. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keeffe.

The President, Mr. Frank L. Polk, presided.

A public hearing was had on the proposed amendment of the classification of exempt positions, under the heading “Coroners,” as follows:

First—By striking therefrom the position of Replevin Clerk for the Borough of Brooklyn.

Second—By including therein for the Borough of Manhattan the title “Assistant Property Clerk.”

Third—By striking therefrom the title “Replevin Clerk” for the Borough of Manhattan, and including therein, in lieu of same, the title “Replevin and Property Clerk.”

Hon. John F. Kennedy, Coroner, Borough of Brooklyn, appeared in behalf of the request for an amendment of the exempt classification by striking therefrom the position of Replevin Clerk for the Borough of Brooklyn. There was no opposition.

Jacob E. Bauch, Esq., representing the Coroners of the Borough of Manhattan, addressed the Commission in behalf of the proposed amendment of the classification by including in the exempt class the title “Assistant Property Clerk,” and also by changing the title “Replevin Clerk” to read “Replevin and Property Clerk.” Mr. Elliot H. Goodwin, Secretary of the Civil Service Reform Association, opposed the request.

The Commission then went into regular session and the minutes of the meetings held April 14, 15 and 16 were approved.

On motion, the proposed amendment of the classification of exempt positions, under the heading “Coroners,” was laid over.

The matter of Joseph H. Mahoney, Patrolman, who had been directed to appear before the Commission on the charge of having made a mis-statement in his application as to the date of his birth and thereby secured his appointment through fraud, was adjourned for one week.

On the recommendation of the Committee on Transfers, the following transfers were approved:

Philip Hundemann, from the position of Foreman to that of Laborer in the office of the President of the Borough of Richmond.

George A. Taber, from the position of Assistant Engineer, at a salary of \$3,500 per annum, in the Aqueduct Commission, to a similar position, at a salary of \$3,600 per annum, in the Department of Water Supply, Gas and Electricity.

Francis J. R. Barry, Clerk, third grade (\$1,500 per annum), from the Board of Water Supply to the Law Department (Tenement House Branch).

On the recommendation of the Committee on Reinstatements, the following reinstatement was approved:

John J. Murphy, in the position of Inspector of Meters and Water Consumption in the Department of Water Supply, Gas and Electricity, he having resigned from a similar position on January 23, 1909.

The President presented the following report on transfers, reinstatements, etc., in the Labor Class, acted upon by him:

Thomas Gannon, Laborer, Department of Water Supply, Gas and Electricity.

### Application Granted.

Request of the President of the Borough of The Bronx, dated April 10, for approval of his action in rescinding the dismissal of Joseph Utilono, Laborer.

### Applications Denied.

Request of the Commissioner of Docks and Ferries, dated April 14, for authority to transfer Cornelius Hagan from Dock Builder to Ship Carpenter, there being a preferred list for the latter position.

Request of the President of the Borough of Richmond, dated April 13, for authority to transfer William Walsch, Patrick McCarthy and Salvatore Bade from Driver to Laborer, there being a preferred list for the latter position.

Request of the Commissioner of Water Supply, Gas and Electricity, dated April 14, for authority to transfer James Mullany, from Laborer to Plumber, there being a preferred list for the latter position.

Request of the Commissioner of Water Supply, Gas and Electricity, dated April 14, for authority to transfer Edward J. Larney from Machinist's Apprentice to Mechanic's Helper, there being a preferred list for the latter position.

The report was adopted.

The appeals of the following-named candidates for a rerating of their examination papers were denied on the report of the Examiners that no errors of marking or rating had been pointed out:

Frederick Held, No. 2001 Metropolitan avenue, Middle Village, Long Island, Clerk, third grade (promotion).

Peter T. Reehill, No. 138 Norman avenue, Brooklyn, Sergeant, Police Department (promotion).

George W. Koch, No. 46 Cherry street, Richmond Hill, Long Island, Chemist.

The appeal of John F. Davis, of No. 226 Monroe street, Brooklyn, candidate for promotion to Engineer of Steamer, that he be given another opportunity to qualify in the practical test was denied for lack of power.

A communication was presented from the Chief Examiner, dated April 13, stating that the examination for Assistant Court Clerk, held on November 16, 1908, had been completed on April 5, 1909. On motion, it was

Resolved, That the eligible list of Assistant Court Clerk be and the same hereby is promulgated as of April 5, 1909, the date on which the rating of the papers was completed.

A communication was presented from the Chief Examiner, dated April 19, suggesting the following subjects and weights in the coming examination for Court Stenographer:

Accuracy in taking dictation for five minutes at 180 words..... 5  
Speed in taking questions and answers not less than 180 words, combined with accuracy and ability to read back notes..... 5  
(70 per cent. required.)  
The matter was referred to the President.

A communication was presented from the Chief Examiner, dated April 19, suggesting the following subjects and weights in the coming examination for Photographer:

General—  
To consist of written examination ..... 5  
Exhibit of work ..... 2  
Experience ..... 3  
(70 per cent. required.)  
Candidates to submit properly attested specimens of work of a given size.  
The recommendation of the Chief Examiner was adopted.

A report was presented from the Chief Examiner, dated April 19, with reference to the appeal of Thomas J. Denny, of No. 242 Bradhurst avenue, New York City, a candidate for Patrolman, stating, first, that candidates had been clearly notified on the morning of the examination that they could take their recess after they had handed in their answers to the Government paper; and, second, that when this candidate had asked permission, upon his return, to be allowed to go on with his Government paper, the matter had been brought to his (the Chief Examiner's) attention, and the monitor who had taken up the papers reported that he had not stated to the candidate as reported, that he would be allowed to finish after his return. The appeal was denied.

A communication was presented from the Chief Examiner, dated April 14, stating that the application of Leo Divine, of No. 164 East Seventy-ninth street, for the position of Fireman (20863) had been rejected on the ground of unsatisfactory character. The action of the Chief Examiner was approved, and it was ordered that the candidate's name be placed upon the black list.

A communication was presented from the Chief Examiner, dated April 12, forwarding reports of Miss Upshaw, Examiner, in relation to the following named candidates for Dietitian, and stating that the results of the last examination held for the position showed that the requirements of the advertisement should be rigidly insisted upon:

Mrs. S. R. Sutton, care Kings County Hospital.  
Miss Sarah Wilkie, No. 2 West Ninety-fifth street.  
Mrs. Janet Hynes, care Bellevue Hospital.

It appearing from the candidates' own statements that they had not had the training required by the advertisement of the examination, the Secretary was directed to withhold their names from the eligible list under the authority contained in paragraph 14 of Rule VII.

A communication was presented from the Chief Examiner, dated April 12, stating that a number of the candidates for Nurse at the physical examination, had shown some symptoms of functional weakness either of heart or lungs, but that their general condition was such that the Medical Examiner felt justified in passing them upon their signing a statement that they waived rights of a pension, and asking for instructions. The Secretary was directed to communicate with the Department of Health and request that the Commission be advised as to their opinion in the matter.

A report was presented from the Examiner in charge of the Promotion Bureau, dated April 20, in relation to the request of the Army Board that the title of Lawrence V. Meehan be changed from Wireman to Assistant Clerk of the Work. The request was denied for lack of power.

A report was presented from Mr. Rafferty, Examiner, dated April 6, in the case of James S. Wilson, of No. 51 East Sixty-third street, an applicant for Inspector of Elevators. After considering the report, it was ordered that the disqualification appearing on the eligible list against the candidate's name should be removed.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated April 20, in relation to the request of the Superintendent of Buildings, Borough of Brooklyn, that a non-competitive examination for promotion to third grade Clerk in his Bureau be held. The request was denied, without prejudice to a renewal of same in the month of October.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated April 20, in relation to the request of the President of the Borough of Queens, that an examination be held for promotion from the position of Section Foreman to that of District Superintendent in the Bureau of Street Cleaning of his Department. On motion, it was

Resolved, That the Secretary proceed with an examination for promotion from Section Foreman, grade 2, to District Superintendent, grade 3, in the Bureau of Street Cleaning, office of the President of the Borough of Queens, in accordance with Rule XV., clause 2.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated April 20, in relation to the request of the First Deputy and Acting Commissioner of the Tenement House Department, that the promotion list of third grade Clerk in his Department be divided into separate Bureau and Borough lists. The request was granted.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated April 19, in relation to the request of the Deputy Commissioner of Water Supply, Gas and Electricity, that the eligible list for promotion to second grade Clerk in his Department be divided into separate lists for the Boroughs of Manhattan and Brooklyn. The request was granted.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated April 16, in relation to the request of the President of the Borough of The Bronx, for an examination for promotion to the position of Attendant for Mr. Preston B. Bailey, a Toolman, in his Department. The request was denied.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated April 20, in relation to the application filed by Mr. William L. Seyfarth, for promotion to third grade Clerk in the Bureau of Street Openings, Law Department, from the position of Messenger. It appearing that the candidate had not served in the position of Messenger in the Law Department for a period of six months, as required by clause 2 of Rule XV., the application was rejected.

Reports were presented from the Labor Clerk, dated April 17 and 20, in relation to the cases of James Comerford, Laborer in the Bureau of Highways, Borough of Brooklyn; John J. Finnell, Sewer Cleaner in the Bureau of Sewers, Office of the President of the Borough of Brooklyn, and John J. Kain, Laborer in the office of the President of the Borough of The Bronx, and stating that an investigation had shown them to be clear cases of impersonation. On motion, the Secretary was directed to request that the said persons be dropped from the roster of the Departments in which they had been employed.

On motion, Mr. Boudinot, Clerk in charge of the payrolls of the office, was authorized to sign certificates Nos. 1 and 2 on the office payroll, and certificate No. 7 on the recapitulation payrolls (vouchers).

The President offered the following recommendations, the said matters having been referred to him for special consideration at previous meetings:

1. Request of Michael Enright, No. 214 East One Hundred and Twenty-sixth street, to be certified for appointment as Doorman in the Police Department, he being over the maximum age fixed for the position of Patrolman, and therefore being ineligible for appointment to that position. Recommended that the request be granted, the Police Commissioner having signified his willingness to appoint Enright in the capacity of Doorman.

2. Request of John F. Gaynor, No. 17 North First street, Jamaica, L. I., for permission to change the date of birth in his application for Fireman. Proof submitted insufficient. Recommended that the request be denied unless official proof were furnished.

3. Request of John H. Stewart, No. 132 West Twelfth street, that he be marked qualified on the eligible list of Inspector, Board of Water Supply. Recommended that the request be granted.

4. Request of Thomas F. Sheridan, No. 175 East One Hundred and Eleventh street, for permission to amend the date of birth given in his application for Fireman to correspond with that given in the baptismal certificate furnished. Recommended that the request be granted.

5. Request of James T. Brady, No. 445 DeKalb avenue, Brooklyn, that he be permitted to amend his answer to question 7, in his application for Patrolman, by stating the circumstances of an arrest which he had failed to mention. Recommended that the candidate be directed to appear before the Commission at its next meeting in relation to his request.

The recommendations of the President were adopted.

A letter was presented from the Secretary of the State Civil Service Commission, dated April 19, stating that at a meeting of the State Board held on April 15, the following resolutions of the Municipal Commission had been approved:

1. Amending the classification by including in the competitive class, Part I., Group II, the title "Hospital Clerk, with compensation not exceeding \$900 per annum."

2. Amending paragraph 1 of Rule XXI.

The communication was ordered filed.

A letter was presented from the Secretary of the State Civil Service Commission, dated April 19, stating that at a meeting of the State Board, held on April 15, the resolution of the Municipal Commission, amending paragraph 11, of Rule XV., had been again considered and approved. The letter was ordered filed.

A letter was presented from the Secretary of the State Civil Service Commission, dated April 19, stating that at a meeting of that Board, held on the 15th inst., the request of the Civil Service Reform Association that the resolution adopted by the Municipal Commission of New York, relative to the reinstatement in the City service of twenty-two former employees of the New York and Brooklyn Bridge be rescinded, had been presented, and that, after consideration of the matter, a resolution had been adopted directing the attention of the Municipal Commission to the fact that the said resolution constituted an amendment to the rules, and that as a public hearing had not been held prior to the adoption of same, the legality of the amendment had been questioned. On motion, the Secretary was directed to refer the matter to the Corporation Counsel, with a request for an opinion.

On motion, it was

Resolved, That the action of the Commission taken on February 17, 1909, in cancelling the examination for promotion from Laborer to Axeman in the offices of the Presidents of the Boroughs of Richmond and Queens, be and the same hereby is rescinded, and the Chief Examiner is hereby directed to proceed with the rating of the said examination.

On motion, the following appointments in the Board of Water Supply were approved under paragraph 7 of Rule XII:

Clerk, First Grade; \$360 Per Annum—Frank E. Buckley, Browns Station, N. Y.  
Mining Pumpman; \$3.50 Per Diem—John Lynn, Cornwall-on-Hudson, N. Y.  
Mining Pipe Fitter; \$3.50 Per Diem—James H. A. McGann, Firthcliffe, N. Y.  
Miner; \$3 Per Diem—Angelo Mottes, Peekskill, N. Y.

On motion, the following appointments in the Board of Water Supply for a period of fifteen days were approved under paragraph 4 of Rule XII:

Gerardo Immediato, No. 129 West One Hundred and Seventeenth street, Inspector.  
Walter S. Young, No. 78 West Ninety-fourth street, Inspector.  
Paul BeN. Burrows, No. 215 East Forty-eighth street, Inspector.

A letter was presented from the President of the Department of Taxes and Assessments, dated March 12, requesting authority to appoint Miss Florence C. Ernst as Stenographer and Typewriter on "Real Estate Hearings," with salary at the rate of \$25 a week, under paragraph 6 of Rule XII. The matter was laid over pending the receipt of additional information.

A communication was presented from the President of the Department of Taxes and Assessments, requesting authority to continue the services of Miss Lillian Bradley, Stenographer and Typewriter, for an additional period of three months. The Secretary stated that Miss Bradley had been appointed on January 27 for a temporary period. The matter was referred to the President.

A communication was presented from the Secretary of the Board of Estimate and Apportionment, dated April 15, forwarding a bill amounting to \$182 for services rendered by Miss Helen G. Brophy as Telephone Switchboard Operator in his office from January 1, 1909, and stating that Miss Brophy had performed such service for nearly two years, having been paid by the New York Telephone Company under a contract made with the company; that since January 1, 1909, however, the requirements of the Civil Service Commission had prevented the continuance of the contract, but that an appointment could not be made from the eligible list of Telephone Switchboard Operator until the establishment of such a position for that office by the Board of Estimate and Apportionment and the Board of Aldermen on April 6, 1909; and that an appointment had been made from the list to take effect April 19. On motion, the Secretary was directed to certify the voucher for services rendered from January 1 to April 17, 1909, under paragraph 4 of Rule XII.

The following emergency appointments were approved under paragraph 4 of Rule XII:

April 1 to 15, 1909—William J. Robbins, Clerk, Department of Street Cleaning.  
April 1 to 15, 1909—Dennis F. Darragh, Clerk, Department of Street Cleaning.  
April 1 to 15, 1909—Albert Root, Clerk, Department of Street Cleaning.  
April 1 to 15, 1909—E. P. Lynch, Clerk, Department of Street Cleaning.  
April 1 to 15, 1909—Joseph Began, Clerk, Department of Street Cleaning.  
April 1 to 15, 1909—Patrick Lynch, Clerk, Department of Street Cleaning.  
Miss Bell Z. Pickett, Stenographer and Typewriter, Bellevue and Allied Hospitals.  
September 14, 1908—E. B. Ackerman, Veterinarian, Board of Education.  
February 7, 14, 21 and 28, 1909—Michael F. Bonney, services of five Attendants at recital, College of The City of New York.

The Secretary called the attention of the Commission to a voucher amounting to \$84 for services rendered by Hiram W. Eastman as an Expert Accountant in the office of the Commissioners of Accounts, from March 27 to April 13, 1909, inclusive. On motion, the Secretary was directed to certify the voucher under paragraph 6 of Rule XII.

On motion, it was

Resolved, That Dr. J. Schnurmacher, of No. 312 East Sixty-seventh street, Veterinary Surgeon, be and he hereby is excepted from examination under paragraph 6 of Rule XII, to be employed from time to time during the year 1909 in the Bureau of Buildings, Borough of Manhattan, it appearing that his total compensation for a year's service aggregates such a small amount as to render appointment from an eligible list impracticable.

On motion, it was

Resolved, That Patrick J. McEnroe be and he hereby is excepted from examination under paragraph 6 of Rule XII, to be employed in the Department of Finance during the year 1909 as an Expert Plumber; provided, however, that his total compensation shall not exceed \$750.

A letter was presented from the Commissioner of Street Cleaning, dated April 12, submitting a voucher in the amount of \$220 for medical services rendered by Dr. Alfred Potter, of No. 489 Fourteenth street, Brooklyn, from July 15 to September 1, 1908, inclusive, such services having been rendered necessary by the illness of the Medical Examiner employed in the Borough of Brooklyn. The matter was laid over pending the receipt of further information.

A communication was presented from the Police Commissioner dated April 15, stating that, pursuant to an order of the Supreme Court, Appellate Division, Second Judicial Department, dated March 5, 1909, and an opinion of the Acting Corporation Counsel dated April 12, 1909, George A. Mencke, who had been dismissed as Patrolman from the Police Force of The City of New York on the 3d day of June, 1907, had been reinstated in the position of Patrolman, and forwarding payrolls for the salary of the said George A. Mencke as first grade Patrolman from the date of his dismissal to the date of his reinstatement, with interest. The Secretary was directed to attach the certificate of the Commission to the payrolls, and the papers were ordered filed.

A letter was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated April 14, in answer to the Commission's request for further information relative to the application for authority to appoint Mr. George W. Booth as Engineer in Charge of Remodeling the Distribution System and Waste Prevention,

and stating that it was the desire of the Department to appoint Mr. Booth under paragraph 5 of Rule XII. The matter was referred to the President.

The following reports of Departmental Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Correction, April 19.  
Department of Public Charities, April 12, 19.  
Board of Water Supply, April 13, 19.  
Brooklyn Disciplinary Training School for Boys, April 10.  
Brooklyn Truant School (Education), April 12.  
The Nautical School (Education), April 19.

On motion, it was

Resolved, That Mr. Frederick A. Ross be and he hereby is excepted from examination under paragraph 6 of Rule XII., to be employed in Bellevue and Allied Hospitals during the year 1909 as a Fire Expert and Drill Instructor; provided, however, that his total compensation shall not exceed \$750.

On motion, it was

Resolved, That Dr. George H. Berns, of No. 74 Adams street, Brooklyn, be and he hereby is excepted from examination under paragraph 6 of Rule XII., to be employed as Veterinarian in the Department of Bridges from time to time during the year 1909, it appearing that his total compensation for a year's service aggregates such a small amount as to render appointment from an eligible list impracticable.

On motion, it was

Resolved, That Dr. William Manz be and he hereby is excepted from examination under paragraph 6 of Rule XII., to be employed as Veterinarian from time to time during the year 1909 in the office of the President of the Borough of The Bronx, it appearing that his total compensation for a year's service aggregates such a small amount as to render appointment from an eligible list impracticable.

A letter was presented from the Secretary of the Department of Docks and Ferries, dated April 17, requesting authority to extend the leave of absence without pay granted John O. Van Brakle, Assistant Engineer, from October 30, 1908, to May 1, 1909, until May 15. It appearing that a communication had been received from the said employee to the effect that his physical condition was such that he would be unable to return to work until the latter date, the request was granted.

A letter was presented from the Curator of the College of The City of New York, dated April 20, requesting approval of the emergency appointment of Abraham Klenck as first grade Clerk for fifteen days from and including April 19; also requesting that he be given a non-competitive examination to qualify him for appointment pending the promulgation of an eligible list for Clerk, first grade. The emergency appointment was approved, and the Secretary was directed to arrange an examination under paragraph 3 of Rule XII.

A letter was presented from the Tenement House Commissioner, dated April 20, requesting approval of an additional leave of absence, without pay, granted Jacob Weinstein, Clerk, for one month beginning April 15. It appearing from the doctor's certificate furnished that the leave was required on account of illness, the same was approved.

The request of Sarah A. Donahue, of No. 220 West One Hundred and Sixteenth street, candidate for Police Matron, that she be permitted to amend certain incorrect answers in the preliminary sheet of her physical examination was granted. (The candidate stated that she had lived in Brooklyn always, and desired to amend the answer to show that she had lived in Manhattan for the past twelve years. Stated that she was thirty-one years of age, and desired to correct the answer to read thirty-two years, she having reached that age on March 23, 1909.)

A letter was presented from Martin L. Campbell, of No. 212 East Thirty-first street, and Thomas E. McCormick, of No. 586 Grand street, Manhattan, stating that they were the only persons registered as Tappers in the Boroughs of Manhattan and The Bronx, and that while they did not oppose the proposed change in the classification by striking out the title "Assistant Tapper," in the event of the same being approved they would like to be protected in their higher position by a title such as Superintendent, Supervising or Foreman Tapper, etc. The matter was referred to the Secretary.

The following requests for restoration to the eligible lists indicated were granted: Spencer Z. McIntyre, No. 30 West One Hundred and Thirty-fifth street, Clerk, second grade. Stated that he did not know it was necessary to reply to notices.

Charles B. Magan, No. 342 Union avenue, Mount Vernon, Clerk, second grade. Stated in affidavit that he did not receive notice from the Board of Water Supply.

Peter A. McGann, No. 111 Bedford avenue, Brooklyn, Patrolman. Stated that he did not appear before the Police Surgeons when notified, for the reason that he had made an error in giving the date of his birth, which error had since been corrected.

William F. Morgan, No. 193 Sterling place, Brooklyn, Stationary Engineer (only). Declined appointment on April 5, 1909, on account of illness.

Martin Hoey, No. 31 Bethune street, Licensed Fireman. (Declined temporary appointment.)

James King, No. 377 Nineteenth street, Brooklyn, Climber and Pruner. Changed his address and failed to receive notice of appointment.

Thomas Keenan, No. 159 East Ninety-ninth street, Laborer (preferred). Failed to receive notice of appointment owing to absence from the city.

A letter was presented from Joseph B. Tlach, of No. 1028 Stebbins avenue, The Bronx, protesting against the nature of the duties he had been required to perform in the position of Teacher in the Brooklyn Disciplinary Training School for Boys; also his treatment at the hands of the Superintendent of that institution. The communication was ordered filed.

A letter was presented from Louis Greenglick, of No. 317 East Fourth street, alleging that his request for restoration to the eligible list of Financial Clerk had not been replied to by the Commission. The Secretary stated that under date of February 10 the candidate had been notified that his request had been denied for laches, and that under date of March 23 a second letter had been sent to him to that effect. The matter was referred to the President.

A letter was presented from George M. Price, of No. 70 Hooper street, Brooklyn, requesting that his papers in the examination for promotion to third grade Clerk be rated. The Secretary stated that at the time the candidate had filed his promotion application he was employed in the Department of Water Supply, Gas and Electricity, but that he was subsequently transferred from that Department to the Department of Finance. The matter was referred to the Examiner in Charge of the Promotion Bureau for a report.

The application of John Leahy, of No. 323 Pearl street, Brooklyn, for the position of Patrolman was accepted, he having submitted a certificate of naturalization, also his "honorable discharge" from the navy, in accordance with instructions from the office of the Commission.

The Commission then adjourned to meet Wednesday, April 28, 1909, at 10 o'clock a. m.

F. A. SPENCER, Secretary.

\* During the last quarter of 1908 a thorough revision of the records was undertaken—except for new building violations, Brooklyn, Queens and Richmond—to detect any errors that might have occurred in carrying a running balance of violations pending through a series of years. It was found that corrections should be made as shown. The large addition to old building violations pending in Manhattan was due to the fact that a considerable number of violations of a previous year which had never been made part of the record were brought into action during the last quarter of 1908.

## BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, HELD IN ROOM 16, CITY HALL, FRIDAY, MAY 7, 1909.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After disposing of the Public Improvements Calendar, the following Financial and Franchise Matters were considered:

## FRANCHISE MATTERS.

*South Shore Traction Company.*

The public hearing on the proposed form of contract for the grant of a franchise to the South Shore Traction Company to construct, maintain and operate a street surface railway from the Manhattan approach of the Queensboro Bridge, upon and along said bridge and its approaches, to the Borough of Queens, and upon and along Thomson avenue, Hoffman boulevard and through the former Village of Jamaica to the line dividing the Counties of Queens and Nassau, was opened.

The hearing was fixed for this day by resolution adopted April 2, 1909.

Affidavits of publication were received from the "Daily Long Island Farmer," "The Flushing Daily Times" and the CITY RECORD.

Rudolph Horak appeared in opposition to the proposed grant on the ground that it did not require the company to carry passengers from any part of the Borough of Queens to the Borough of Manhattan for a five-cent fare, and did not require the company to exchange transfers with the existing railways in said Borough, and presented a petition signed by residents of said Borough to this effect.

The following appeared in favor:

Hon. Clarence Lexow and Arthur Carter Hume, of counsel for the company; Lucien Knapp.

No one else desiring to be heard, the Chair declared the hearing closed.

The following was offered:

Resolved, That the Board of Estimate and Apportionment hereby grants to the South Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to-wit:

This contract made this \_\_\_\_\_ day of \_\_\_\_\_, 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the South Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying persons and property in the Boroughs of Queens and Manhattan of The City of New York, upon the following routes, to-wit:

Beginning at the southeasterly line of the Queensboro Bridge plaza, the same being the northwesterly side line of Jackson avenue; thence by double track southeasterly across Jackson avenue to a proposed new street, so named and laid out upon a map or plan, which map was adopted by the Board of Estimate and Apportionment on May 26, 1905, and approved by the Mayor June 13, 1905; thence by double track in and upon said proposed new street and across the proposed viaduct to be constructed as a part of such proposed new street to Thomson avenue; thence by double track in and upon Thomson avenue to Hoffman boulevard; thence by double track in and upon Hoffman boulevard to Brooklyn and Jamaica turnpike or Fulton street; thence by double track in and upon Brooklyn and Jamaica turnpike or Fulton street to Campion avenue; thence by double track in and upon Campion avenue to Archer place; thence by double track in and upon Archer place and in and upon private property to the intersection of Tindall street with Archer place; thence by single track in and upon Archer place and by private property crossing the Rockaway turnpike and Division street to Church street; thence by single track in and upon Church street to Twombly place; thence by double track in and upon Twombly place to Fleet street; thence by double track in and upon Fleet street to Prospect street; thence by double track in and upon Prospect street and crossing the tracks of the Long Island Railroad to Cumberland street; thence by double track in and upon Cumberland street to a point within six hundred feet of the Merrick Plank road; thence by single track in a general southerly direction and approximately parallel with New York avenue in and upon private property to a point approximately in the line of the prolongation of Central avenue, if the same were extended; thence by single track in a general easterly direction in and upon private property to and across the Merrick Plank road to Central avenue; thence by single track in a general easterly direction in and upon Central avenue as it winds and turns, and crossing the Montauk Division of the Long Island Railroad to a point where Central avenue intersects the boundary line between The City of New York and the County of Nassau.

Also the following described alternate routes which may be combined and used in conjunction with portions of the hereinabove described route for the purpose of making one complete route only, of not more than a double track street surface railway from the intersection of Hoffman boulevard with Pierson street to the intersection of Merrick Plank road with Central avenue;

Beginning at the intersection of Rose avenue with Brooklyn and Jamaica turnpike or Fulton street; thence by double track in and upon Rose avenue to Archer place; thence by double track in and upon Archer place to its intersection with Campion avenue.

Beginning at the intersection of Rose avenue with Carll street; thence by double track in and upon Carll street and in and upon private property to the intersection of Archer place with Tindall street.

Beginning at a point in Division street approximately in a line with the prolongation of Archer place if the same were extended; thence by single track in and upon Division street to Twombly place; thence by double track in and upon Twombly place to and across Church street.

Beginning at a point on private property between Brooklyn and Jamaica turnpike or Fulton street and the tracks of the Long Island Railroad, approximately in a

line with the prolongation of Guildford street if the same were extended, thence by double track southerly in and upon private property to and across the tracks of the Long Island Railroad to Guildford street; thence by double track still southerly in and upon Guildford street to Liberty avenue; thence by double track in and upon Liberty avenue to Henry street; thence by double track in and upon Henry street to South street; thence by double track in and upon South street to New York avenue; thence by double track in and upon New York avenue to a point approximately in line with the prolongation of Central avenue if the same were extended; thence by double track in and upon private property in a general easterly direction to the intersection of the Merrick Plank road with Central avenue.

Beginning at a point in the Brooklyn and Jamaica turnpike or Fulton street, opposite Alsop street; thence by double track in, upon and across Brooklyn and Jamaica turnpike or Fulton street to Rockaway turnpike; thence by double track in and upon Rockaway turnpike and across the tracks of the Long Island Railroad to a point at or near Johnson avenue; thence by double track in and upon private property in a general easterly direction across Division street to Beaver street; thence by double track in and upon Beaver street and across the tracks of the Long Island Railroad Company to Church street; thence by double track and upon Church street to South street.

Beginning at the intersection of Johnson avenue with Guildford street, thence by double track in and upon Johnson avenue to Rockaway turnpike.

Beginning at the intersection of Fleet street with Prospect street; thence by double track in and upon Fleet street to Washington street; thence by double track in and upon Washington street and across the tracks of the Long Island Railroad to South street.

Beginning at the intersection of Pierson street with Hoffman boulevard; thence by double track in and upon Pierson street to Kaplan avenue; thence by double track in and upon Kaplan avenue to Amherst street; thence by double track in and upon Amherst street to Alsop street; thence by double track in and upon Alsop street to the Brooklyn and Jamaica turnpike or Fulton street; thence by double track in and upon Brooklyn and Jamaica turnpike or Fulton street to Church street; thence by double track in and upon Church street and across the tracks of the Long Island Railroad to and across Beaver street.

Beginning at the intersection of Degrauw avenue with Kaplan avenue; thence by double track in and upon Degrauw avenue to Alsop street; thence by double track in and upon Alsop street to Amherst street.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said routes.

All of the above described routes are within the Borough of Queens, City of New York, and are, together with turnouts, switches and crossovers hereby authorized, shown upon two maps, each entitled:

"Map showing proposed railway of the South Shore Traction Company in the Borough of Queens, City of New York, to accompany petition dated December 28, 1908, to the Board of Estimate and Apportionment."

—and signed by James T. Wood, as President, and W. B. Spencer, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers, which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Second—To operate the cars of the Company upon two tracks when constructed upon the Queensboro Bridge and approaches thereto, such tracks to be assigned to the Company by the Commissioner of Bridges; beginning at the northwesterly side line of Jackson avenue at the Bridge plaza, in the Borough of Queens, and there connecting with the tracks of the Company above described; thence in and upon said Bridge plaza to the easterly approach to the Queensboro Bridge; thence upon and along said bridge approach and across intersecting streets and avenues to the Queensboro Bridge; thence upon and along the Queensboro Bridge to the westerly bridge approach; thence upon and along said westerly bridge approach to the westerly terminus thereof at Second avenue, in the Borough of Manhattan. The said route is more particularly shown upon the map hereinbefore referred to, and is to be operated by the Company as a continuous route in connection with the route hereinbefore described.

Sec. 2. The grant of the right or privilege to construct, maintain and operate the said railway from the Queensboro Bridge plaza, at Jackson avenue, Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route hereinbefore described, is subject to the following conditions, which shall be complied with by the Company:

First—It is agreed that the Company, before commencing construction on any portion of the routes hereinbefore described as lying between the intersection of Hoffman boulevard with Pierson street and the intersection of Merrick plank road with Central avenue, shall notify the Board in writing which of the routes herein described between those points the Company selects and adopts as the route upon which it shall construct the railway. Upon such notification by the Company to the Board, all of the rights and privileges hereby granted upon the routes not so selected and designated shall be considered null and void and of no effect, and the Company shall be deemed thereupon to have waived all rights or franchises which are hereby granted upon the routes not so selected and designated by the Company. The Company further agrees that it shall select and designate its route as herein provided not later than eighteen (18) months from the date upon which this contract is signed by the Mayor.

Second—The Company shall not construct a double track street surface railway upon any portion of the routes herein described between Jackson avenue and the intersection of Merrick plank road with Central avenue, unless the streets and avenues in which such routes are described shall have at the time when such railway shall be constructed a roadway at least 30 feet in width, and the Company shall not construct a double track street surface railway in Guildford street as it now exists or may be extended, unless the roadway of that street shall exceed 30 feet in width.

Third—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, but the Board may, for cause shown, grant an additional period not exceeding three (3) months within which to obtain and file such consents of property owners, or in the event that such consents cannot be obtained within such time or such extension of such time as shall be granted by the Board, the Company shall, within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Fourth—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights thereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition, at the sole cost and expense of the Company.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions over the routes hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures used in connection therewith in streets, avenues and private property hereinbefore described, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues and private property for street railway purposes, upon payment by such individual or corporation to the Company the following:

(a) An initial payment to be mutually agreed upon by said corporation or individual and the Company, and in case of failure on the part of such individual or corporation and the Company to agree upon the amount of such initial payment, such amount shall be determined by three disinterested freeholders selected in the following manner: One disinterested freeholder shall be chosen by the Company, one disinterested freeholder shall be chosen by the individual or corporation, these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall determine the amount of such payment. Such appraisers in fixing such amount shall consider compensation to the Company for: First, the sinking fund which may have been or should have been set aside for the retirement of the total investment represented by such property of the Company as is used by said individual or corporation, from the date of the granting of this franchise to the date upon which said individual or corporation begins the use of such property of the Company; second, the moneys expended by the Company in its organization and promotion; third, the increased value of the territory as a district suitable for railway operation, which increase may have resulted from the operation of the Company; fourth, the loss of business to the Company which may result from direct competition on its own lines; fifth, any other purpose or purposes which the appraisers may deem as justly due to said Company by such individual or corporation for the use of such property. The compensation and expenses of the said appraisers shall be borne by such individual or corporation.

(b) An annual payment which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individuals or corporations shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice, and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks it may appeal to the Board, and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation, upon the routes hereinbefore described, of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Seventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying in and northwesterly from the Brooklyn and Jamaica turnpike, or Fulton street; and at any time after the first fifteen (15) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying southeasterly from the Brooklyn and Jamaica turnpike, or Fulton street, by underground electric power, substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system and remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Eighth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Ninth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within two (2) years from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or

completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall not cross any railway or railroad other than street surface railways encountered in the route at the grade thereof, but shall be constructed either above or below the grade of such railway or railroads. If any railway or railroad other than street surface railways are operated at the same grade of the streets or avenues in which the Company is hereby authorized to construct a railway at the time the Company constructs such railway, then the Company may construct at its own expense and use a temporary crossing and approaches thereto either upon private property or within the lines of such streets or avenues to be determined by resolution of the Board, and continue to use such temporary crossing until such time as either the grade of such street or avenue or such railway or railroad shall have been changed so that such railway or railroad shall not cross such street or avenue at the grade thereof. When such grade shall have been changed and a permanent crossing shall have been constructed to carry such street or avenue either above or below the grade of such railway or railroad, then the Company shall upon the order of the Board, abandon the above described temporary crossing, and construct its tracks upon such permanent structure as shall be directed by the Board. Any property acquired in fee by the Company for the purpose of the temporary crossing hereinbefore provided for shall be ceded to the City without compensation therefor by the Company, when the same is required by the City for the purpose of widening such street or avenue, upon the removal of the tracks of the Company from such temporary crossing and approaches thereto, to the permanent crossing structure.

Eleventh—Any alteration to the sewerage or drainage system, or to any other sub-surface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twelfth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time during the term of this contract, or should any such street or avenue be made a boulevard, in which it may be desirable to have the position of the tracks changed, the Company shall, at its own expense, change its tracks to conform with such new grades, lines and positions as shall be directed by the Board or by the official having jurisdiction of such streets, avenues or boulevards, and during the construction of any public improvement upon said street, avenue or boulevard, the Company shall take care of and protect the track at its own expense, all to be done subject to the direction of the City official having jurisdiction.

Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic; provided, that no roadway shall be widened beyond the total width of the street, avenue or highway.

Thirteenth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Fourteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Provided, however, that the Company may, with the approval of the City officials having jurisdiction over such matters, oil that portion of the surface of the streets and avenues, between the tracks, the rails of the tracks and two (2) feet beyond the rails on either side thereof, at least twice each summer season, in such a manner as may be necessary to prevent the rising of dust, and if the Company shall so oil such portions of the streets and avenues then the Company shall not be required to water such streets and avenues as herein provided.

Fifteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Sixteenth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Seventeenth—The Company hereby agrees that if the City is, or shall become, entitled to acquire, and shall at any time during the term of this contract acquire or otherwise come into the possession of any of the property on which railway tracks shall be constructed on that portion of the route described herein as private property, no compensation shall be awarded for the right to have railway tracks thereon, and in the event that the City shall have acquired such property, then the rights hereby granted in the streets and avenues shall be extended to cover such property and all the terms and conditions of this contract shall be applicable thereto.

Eighteenth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Sec. 3. The grant of the right or privilege to operate cars upon two (2) tracks of the Queensboro Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge, is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege shall be held and enjoyed by the Company for a term of ten (10) years from the date upon which this contract is signed by the Mayor, and may continue for a further term not exceeding in any case fifteen (15) years, which further term may be terminated at the option of the Board at any time during said fifteen (15) years, upon six (6) months' notice by the Board to the Company.

Second—The Company shall use only such tracks as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks to such individual or other corporation.

Such tracks and all electrical equipment necessary for the operation of cars thereon shall be installed at the expense of the City, and shall remain the property of the City, but the Company shall keep and maintain such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals

to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost imposed by the terms and conditions of this paragraph as the use of such track and appliances by the Company bears to the entire use of such track and appliances.

Third—Before beginning the operation of the cars the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate and a sketch showing clearance dimensions, weight on axles and wheel spacing or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution therefor of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Fourth—The Company shall furnish and supply a sufficient number of cars (herein called local bridge cars) and commence the operation of same as soon as practicable after this contract is signed by the Mayor, and continue to operate the same during the term of this contract back and forth upon the bridge between the bridge plaza in the Borough of Queens and the bridge approach in the Borough of Manhattan, with such frequency as to provide reasonable accommodations for the traveling public, provided, however, that if the through cars operated by the Company, or the operation of cars across the bridge by any other company, shall, in the opinion of the Commissioner of Bridges, be sufficient to supply reasonable accommodations for the traveling public, the operation of such local bridge cars shall be discontinued for such period as designated by the Commissioner of Bridges.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

Sec. 4. The grant of the said rights and privileges to construct, maintain and operate a street surface railway from the Queensboro Bridge plaza, at Jackson avenue, in the Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route hereinbefore described, and to operate cars upon the Queensboro Bridge and the approaches thereto, are both subject to the following conditions, which shall be complied with by the Company.

First—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of twenty thousand dollars (\$20,000) in cash within three (3) months after the date on which this contract is signed by the Mayor.

(b) During the first term of five (5) years an annual sum which shall in no case be less than thirty five hundred dollars (\$3,500) and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of thirty-five hundred dollars (\$3,500).

During the second term of five (5) years an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

During the third term of five (5) years an annual sum, which shall in no case be less than twelve thousand dollars (\$12,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve thousand dollars (\$12,000).

During the fourth term of five (5) years an annual sum which shall in no case be less than fourteen thousand seven hundred dollars (\$14,700), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fourteen thousand seven hundred dollars (\$14,700).

During the remaining term of five (5) years an annual sum, which shall in no case be less than sixteen thousand two hundred dollars (\$16,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of sixteen thousand two hundred dollars (\$16,200).

(c) For the use of the tracks owned by the City, upon the Queensboro Bridge and the approaches thereto, the sum of five cents for each round trip or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of such cars shall be certified by the Commissioner of Bridges to the Comptroller once each month in such form as shall be designated by the Comptroller.

(d) The Company shall pay to the City four (4) per cent. per annum upon the cost of any terminal loops or other terminal facilities which are the property of the City and used by the Company; provided, however, that if such terminal facilities are used by any other company or companies, then the Company shall only pay such portion of four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such facilities by the Company.

The Commissioner of Bridges shall determine such amounts due the City and certify the same to the Comptroller.

(e) For the use of the viaduct to be constructed to carry the proposed new street across the railroad yard of the Pennsylvania Tunnel and Terminal Railroad Company, during the first term of five (5) years of this contract, the annual sum of two thousand dollars (\$2,000); during the second term of five (5) years, an annual sum of two thousand two hundred and fifty dollars (\$2,250); during the third term of five (5) years, an annual sum of two thousand five hundred dollars (\$2,500); during the fourth term of five (5) years, an annual sum of two thousand seven hundred and fifty dollars (\$2,750); and during the remaining term of five (5) years, an annual sum of three thousand dollars (\$3,000). Such payments shall begin on the day when the construction of the tracks on said viaduct shall begin.

The gross annual receipts mentioned above shall be the gross earnings of the Company from all sources within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following, shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Second—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Third—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by the operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Fifth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The rate of fare upon the local bridge cars, or the through cars of the Company, entitling a passenger to ride once across the bridge shall not exceed three cents, and the Company shall at all times have tickets on sale, one of which shall entitle a passenger to ride across said bridge, and the Company shall sell such tickets at the rate of not exceeding three cents for one and five cents for two.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Sixth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company, and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such service than provided for by it.

Seventh—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, as may be determined by the Board. Provided, however, that the Company, during the first five (5) years of this contract, shall not be required to operate its cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m. each day unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Ninth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eleventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries—and such other information in regard to the business of the Company as may be required by the Board.

Twelfth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the city, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the city and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fourteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the

sum of two hundred and fifty dollars (\$250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Fifteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Sixteenth—This grant is upon the express condition that the Company, within three (3) months after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twenty thousand dollars (\$20,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its president or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty thousand dollars (\$20,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Seventeenth—The Company within three (3) months after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, exclusive of the rights conferred upon the Queensboro Bridge and approaches thereto, shall deposit with the Comptroller of the City a further sum of thirty thousand dollars (\$30,000), either in money or securities to be approved by him, which said further sum shall be returned to the Company upon condition that the Company shall have completed the construction of a double track street surface railway from Jackson avenue at the Queensboro plaza and the intersection of Hoffman boulevard with Pier son street, and put the same in operation within eighteen (18) months from the date upon which the consents of the property owners are obtained, necessary for the lawful construction of such railway, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents.

For the purpose of facilitating the work of the Company in constructing and putting in operation said section of its railway, it is hereby consented that the Company may construct its temporary overhead crossings on Thomson avenue within the lines of said avenue.

If such railway shall be constructed and put in operation at any time within such period, a certificate stating that such railway has been constructed and put in operation shall be prepared by the President of the Company, and delivered to the Board, and the Board shall immediately thereafter verify the correctness of such statement and either accept such statement as correct, or, if it deems it to be incorrect, return said certificate to the Company, specifying in writing the respects in which it deems such statement to be incorrect. If such statement is found by the Board to be correct, or is thereafter proven to be correct, the Board shall thereupon adopt a resolution directing the Comptroller to return to the Company the said sum of thirty thousand dollars (\$30,000). Unless such a certificate is delivered to the Board by the Company, and the statement therein contained accepted by said Board as correct, or proven by the Company to be correct, then such sum of thirty thousand dollars (\$30,000) shall be forfeited to and become the property of the City. If at any time prior to the time specified in this clause for the completion and operation of that portion of the line described in this clause, the right to construct a street surface railway upon all or any portions of such line is granted to any other railroad corporation, then and in that case the Board shall thereupon by resolution authorize and direct that the Comptroller of The City of New York return the said sum of thirty thousand dollars (\$30,000) to the said South Shore Traction Company.

Eighteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twentieth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 5. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 6. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto

duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following matter, not on the calendar for this day, was considered by unanimous consent:

*Hudson and Manhattan Railroad Company.*

The Mayor presented the following:

STATE OF NEW YORK,  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,  
TRIBUNE BUILDING, NEW YORK, May 4, 1909.

To the Board of Estimate and Apportionment of The City of New York:

On December 16, 1902, the Board of Aldermen of The City of New York approved a certificate granted by the Board of Rapid Transit Railroad Commissioners to the New York and Jersey Railroad Company, by which that company was authorized to construct and operate a tunnel railroad in The City of New York, having its eastern terminus in the block bounded by Christopher, West Tenth, Greenwich and Hudson streets, in the Borough of Manhattan, thence under the Hudson River and to be connected with a railroad or railroads in the State of New Jersey.

Thereafter and on or about the 28th day of February, 1905, the Board of Aldermen of The City of New York approved a further certificate granted by the Rapid Transit Board to the same company, authorizing it to construct and operate an extension of such railroad from the intersection of Christopher, Greenwich and West Tenth streets under Christopher street to Sixth avenue; thence with one branch under Sixth avenue to a terminal station at or near the intersection of Sixth avenue and Thirty-third street, in the Borough of Manhattan, and with another branch crossing diagonally under Sixth avenue to Ninth street, and thence easterly under Ninth street to a point at or near the intersection of Fourth avenue and Ninth street.

The Hudson and Manhattan Railroad Company has now made application to the Public Service Commission for the First District for authority to connect its Sixth avenue line with the Grand Central Station. Upon this application two public hearings have been held, one upon the character and location of the route and one upon the form of franchise. The Commission has, on the 4th day of May, 1909, fixed and determined the routes and plans of construction of the railroad and facilities, the times within which they shall be respectively constructed and the compensation to be paid therefor to the City by the tunnel company, and has also prescribed such terms, conditions and requirements as to the Commission appeared to be just and proper for the grant in question.

The said locations, plans of construction, compensation to the City, terms, conditions and requirements are fully set forth in a certificate dated May 4, 1909, a copy of which is transmitted herewith. A written instrument, duly executed and acknowledged by the tunnel company, accepting the said franchise and all the terms, conditions and requirements thereof is annexed to the said certificate and is also transmitted herewith.

#### CHARACTER AND LOCATION OF ROUTE.

The authorized northerly terminus of the railroad is at the intersection of Sixth avenue and Thirty-third street. The grant now made allows the company to connect this terminus with the Grand Central Station, a plan which offers great advantages not only to the local traveling public, but also to railroad traffic in this and adjoining States. The extension has been very generally favored by property interests which might be affected by its construction.

The advantages of the road are three-fold: (1) It furnishes additional local facilities for the district between the Grand Central Station and lower Sixth avenue, furnishing persons along the line or above Forty-second street with an easy means of reaching the business and shipping districts on the lower west side, and allows those downtown a convenient means of reaching the business district and the railroads in Forty-second street; (2) it brings the population of the State of New Jersey in even closer connection with the shopping and theatre districts of this City; (3) it furnishes additional facilities for the traveling public in this and other States by furnishing a quick and direct connection between the railroads entering this City from the north and east with the railroads entering New Jersey from the south and west.

The Commission has taken extreme care to see that the proposed extension so far as possible shall be so constructed that it will not interfere with any future extension of the Hudson and Manhattan tunnel, nor with any proper extension or modification of the present Interborough subway, nor with the construction of any independent rapid transit lines to be built by the City or by private companies. The Commission has considered this essential, for no subway route should be approved or located in such a way that it may prevent the construction of other lines to accommodate the public, or that may interfere with the building and operation of a broad, comprehensive system of passenger and freight transportation, not only in Manhattan but in all the other Boroughs.

The plans accompanying the application of the Hudson and Manhattan Railroad Company, showing the exact location of the proposed extension, did not sufficiently meet this requirement, but they have been modified. As now planned the proposed extension begins at Thirty-third street, extends northerly under Sixth avenue to about Fortieth street, makes an easy curve under a portion of Bryant Park, emerges into Forty-second street about midway between Sixth and Fifth avenues, and runs easterly under Forty-second street to the westerly side of Lexington avenue. The subway will contain two tracks as does the present tunnel up to Thirty-third street. The main station—the proposed terminal of the subway—with approaches will extend from the westerly side of Lexington avenue to the westerly side of Vanderbilt avenue. Connections will be made from this station to the Grand Central station, the Lexington avenue station upon the Steinway tunnel and the Grand Central station of the present subway. Stations are planned to be built at Forty-second street and Fifth avenue and near Thirty-ninth street in Sixth avenue.

The location of the tunnel as now planned will permit the construction of one independent large-sized subway, with a mezzanine platform station, under Broadway or under Thirty-fourth street. It will permit, as an alternative plan, the construction of a moving platform subway under Broadway running north and south, and another moving platform subway in Thirty-fourth street running east and west without any crossing at grade, both moving platform subways being above the Hudson and Manhattan tunnel. Stations upon each one of these three subways may be connected with the station upon the Hudson and Manhattan line. It is impossible, because of the location of the Pennsylvania tunnels, to lower the McAdoo tunnel sufficiently to provide for a passenger subway like the present subway under Broadway and another of the same size under Thirty-fourth street without a grade crossing.

Where the Hudson and Manhattan tunnel leaves Sixth avenue, it is so planned that it will be possible, if found desirable at some future time, to build a connecting line up Sixth avenue north of Fortieth street.

In Forty-second street the tunnel is to be built upon the south side of the street, so that it will be possible to build two more tracks upon the same level north of it, which tracks may be used either by the Hudson and Manhattan Company or as a continuation of the Steinway tunnel or by an entirely independent company.

The Hudson and Manhattan tunnel has been placed at such a depth in Forty-second street that it will be possible to construct a north and south subway in Madison avenue under the present Interborough subway and above the Hudson and Manhattan subway. It will also be possible to construct a north and south subway in Fifth avenue.

The Steinway tunnel may also be continued upon its present level under the Hudson and Manhattan tunnel or upon a higher level not only to Sixth avenue, but to the North River. A physical connection can be made west of Lexington avenue between the Steinway tunnel and the Hudson and Manhattan tunnel, so that cars may be run from the Steinway tunnel directly into the Hudson and Manhattan subway down Sixth avenue.

It will also be possible to extend the Hudson and Manhattan tunnel easterly in Forty-second street under the proposed Broadway-Lexington avenue subway and adjacent to the Steinway tunnel.

As thus planned, the Hudson and Manhattan route will not interfere with the operation of the present Interborough subway. It has been urged, however, by the Interborough Company that the location of the station immediately in front of the Grand Central station will interfere with the construction of a two-track extension by the Interborough Company up Lexington avenue. According to the plans of that company, a two-track branch from the present subway in Park avenue would turn easterly through Forty-second street to Lexington avenue, and thence run northerly under Lexington avenue. If such a connection were to be built, it would seriously interfere with the utility of the Hudson and Manhattan tunnel, would prevent the extension of that tunnel easterly in Forty-second street to any other connection in Manhattan or in Queens, would entirely upset the present plans for the Broadway-Lexington avenue road, and would make necessary the removal of the station upon that subway a considerable distance north of Forty-second street, thus inconveniencing the public.

But it is not necessary to make such a connection by way of Forty-second street, even if an extension to the present subway were to be built up Lexington avenue. Practically all of the advantages of such an Interborough extension can be secured by branches through Forty-first street or any other street or streets south of Forty-second street. Indeed, connections in such streets will interfere less with future developments and with the proper treatment of the Broadway-Lexington avenue subway than would a connection in Forty-second street. A connection in Forty-second streets has, indeed, no great advantage over connections made through other streets south of Forty-second street and has many objectionable features which the others do not have; for they would make possible the construction of a station in Lexington avenue at Forty-second street, which is very desirable from the point of view of the public.

#### FORM OF GRANT.

The accompanying certificate follows rather closely the form of the certificates granted to the New York and Jersey Railroad Company by the former Rapid Transit Board and also the form of certificate to the Hudson and Manhattan Railroad Company for its lines terminating at or near Cortlandt and Church streets, which was the subject of very careful consideration and was approved by the Board of Aldermen on December 22, 1903.

The general features of the proposed certificate are these:

First—A grant by the City of rights as follows:

(a) To construct and operate a railway with two tracks on the route described in the preceding pages.

(b) To build, maintain and operate subway stations as follows: At or near the intersection of Sixth avenue and Thirty-eighth street; at or near the intersection of Forty-second street and Fifth avenue, and the terminal station under Forty-second street between Vanderbilt avenue and Lexington avenue.

(c) To transport upon the said railway and in the tunnel persons and property and to use therefor and in connection therewith all suitable appliances; to maintain and operate wires and other appliances for the distribution of power, heat and light for the use of the railroad and for no other purpose, and to construct and operate power plants, shafts for access to the surface, etc., upon private property.

Second—The grant has reserved to the City the right or option to purchase and take over the railroad at any time or times after July 1, 1935, or at any time prior thereto when the right or option may accrue to the City to purchase the railroad or any part thereof, as authorized by the grants made to the company by the Rapid Transit Commission. In other words, the franchise for this extension becomes terminable at the same time as the franchise for the larger portion of the line.

Third—The consent of the Board of Estimate and the Mayor must be obtained by the Company within three months. The consent of property owners of one-half in value of the property on the various streets and avenues along the route, or in place thereof the consent of the Appellate Division, must be secured within one year. These periods may be extended by the Commission, upon good cause shown.

Fourth—The Company is to begin the construction of its extensions within six months after it shall have obtained such consents and complete the construction of this connection within three years after such construction is begun, instead of the period of five years allowed by the prior certificate.

Fifth—The Company is to pay the following compensation, beginning when any portion of the connection now authorized is completed, and ending at the same time that the rentals become subject to readjustment under the certificate granted February 2, 1905, which will involve a period of less than twenty-five years.

(a) A charge of fifty cents per annum per linear foot of single track and of station platform for the first ten years, and of one dollar per annum per linear foot during the next period of fifteen years or less.

(b) A charge of five hundred dollars for each station entrance and exit which the Commission may permit upon the surface of the street.

(c) A charge for vault space used for station and station approaches—that is to say, all vault space within ten feet of the street surface used for such purpose—on a basis of four per cent. of the value of such land based on the assessed valuation of land immediately adjoining, exclusive of buildings.

(d) A further annual sum for tunnel rights under the streets and public property of the route of three per cent. of the gross receipts for the ten years and five per cent. afterwards. The gross receipts are estimated by agreement at three hundred thousand dollars a year for the first ten years, which will provide a rental of nine thousand dollars per annum, that being the same amount as the charge for the Company's Sixth avenue extension, although the line of the proposed connection is less than half as long. After the first ten years the gross receipts are to be determined upon the basis of the information then available as to actual traffic returns and fixed either by agreement or arbitration.

(e) The rental payable to the City in accordance with the statute is to be readjusted at the end of the period of twenty-five years above mentioned, and thereafter at intervals of twenty-five years. If the City and the Company shall not agree upon the rate at the time of such readjustment they are to be determined by the Supreme Court of this State.

Sixth—The right is reserved to the Commission to determine the precise location of tracks, sidings, stations and other structures. The Company is to take care of all subsurface structures at its own expense. No exits or entrances are to be constructed except through private property, unless the Commission shall by resolution approve of an exit or exits situated within the streets. Excavations are to be made without disturbing the surface of any street, unless local conditions make excavations from the surface necessary for efficient construction, and the Commission grants the right to make such excavations subject to suitable conditions and regulations. The Company is to make good to every owner all physical damage which shall be done to him through any act or omission of the Company or its contractors. All plans and drawings for the construction of the railroad other than mere shop drawings are to be submitted to and approved by the Commission in advance of construction. The Company is to give a bond of \$200,000 for the faithful performance of the conditions of the certificate relating to construction.

Seventh—The City is to have a lien upon the franchise and upon the real property of the Company to secure the payment of the compensation and rental.

Eighth—The motive power is to be electricity or such other power (not involving combustion in the tunnels) as may be approved by the Commission.

Ninth—In case it is desired to acquire the railroad authorized by this certificate the City is to give the Company two years' notice. At the date fixed in the notice for acquiring the road the City is to pay the value of the road, not exceeding the actual

cost in money of its construction. In order that the Commission may be fully advised as to the character and cost of construction of the railroad, all plans and methods of doing the work are to be subject to its approval, and it is to have the right to inspect the work while in progress and also to inspect materials used therein, and to examine the books, contracts and papers of the Company. As soon as the railroad is completed the Company is to file with the Commission a statement of the cost of construction, and if the statement is disapproved by the Commission the whole subject of cost is to be submitted to arbitration forthwith. These provisions are the same as in the grant made by the Rapid Transit Commission, approved by the then local authorities.

Tenth—The Company agrees that it will not at any future time oppose the construction of any rapid transit or street railroad over, along or under any portions of the streets to be occupied by it where the same do not actually interfere with its structure.

Eleventh—All duly authorized representatives of the City are to have the right at all reasonable times to inspect the railroad, and nothing in this franchise is to be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

Twelfth—The Company, at its own expense, is to maintain and strengthen all parts of the railroad which shall be under any street or public place, so that the same shall safely support any structure superimposed thereon by the City.

Thirteenth—In case the Company assigns the franchise, such assignment is to be only with the approval of the Commission, and every future owner is to expressly assume the obligations contained in the certificate.

Fourteenth—If at any time the powers of the Commission shall be transferred by law to any other Board or officers, then such Board or officers shall have all the powers, rights and duties reserved to or prescribed for the Commission.

Fifteenth—No part of the railroad is to be used for advertising purposes.

Sixteenth—The railroad authorized by this certificate is to be operated in conjunction with and as a component part of the railroads authorized by the Rapid Transit Board by certificates dated July 10, 1902, and February 2, 1905.

Seventeenth—The Public Service Commissions Law is to apply not only to the railroad authorized by this certificate, but also to the railroads authorized by such certificates of July 10, 1902, and February 2, 1905.

The Commission believes it is for the interest of the public and of The City of New York that your approval and the necessary constitutional consents to the construction and operation of this proposed railroad should be obtained as soon as possible.

In witness whereof, the Commission has caused its official seal to be hereto affixed and these presents to be attested by its Chairman and Secretary, this 4th day of May, 1909.

#### PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

By W. R. WILLCOX, Chairman.

[SEAL.]

TRAVIS H. WHITNEY, Secretary.

The following was offered:

Resolved, That the communication be received, and, in pursuance of law, this Board hereby appoints Friday, the 14th day of May, 1909, at 10.30 o'clock in the forenoon, as the time, and room 16 in the City Hall, Borough of Manhattan, as the place, when and where said certificate and franchise therein contained will be considered; and be it further

Resolved, That the Secretary of this Board be and he hereby is directed to cause notice of such consideration to be published in the CITY RECORD.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter was then referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan to report at the meeting of May 14, 1909, and also to the Chief Engineer.

#### FINANCIAL MATTERS.

The Secretary presented the following communication from the Comptroller referring to resolution adopted March 26, 1909, which authorized an issue of \$102,000 Corporate Stock for the installation of an electric generating plant in the New York Public Library, Astor, Lenox and Tilden Foundations, and the maintenance thereof, and requesting that said resolution be amended so as to include the question of repair (referred to the Corporation Counsel on April 16, 1909); opinion of the Corporation Counsel stating that the resolution proposed by the Comptroller construing maintenance and repair of building to include equipment, fixtures, furniture, etc., within said building is too narrow, and submitting a form of resolution for adoption by the Board which provides for "the maintenance and repair of the building as such with any appurtenance belonging to and forming part of said building, excluding the electric generating plant hereinabove particularly provided for, and all furniture and movable equipment," and also submitting a proposed agreement construing the words "maintenance and repair" in original agreement accordingly; together with communication from the Comptroller relative thereto:

(On April 30, 1909, this matter was laid over.)

DEPARTMENT OF FINANCE—CITY OF NEW YORK, }  
April 12, 1909. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—In discussing the question of the installation of an electric power and lighting plant at the New York Public Library, the question of "maintenance" was only considered and the Secretary has so drawn his resolution, but upon reference to section 8 of the agreement between the Mayor, Aldermen and Commonalty of The City of New York, by the Board of Estimate and Apportionment and the New York Public Library, Astor, Lenox and Tilden Foundations, approved by the Board of Estimate and Apportionment December 1, 1897, you find it reads:

"The City shall annually provide funds for the maintenance and repair of the building."

Therefore, the question of "repair" should be included in the resolution, and I herewith submit a new form of resolution to be adopted in place of the resolution prepared by the Secretary and approved by the Board of Estimate and Apportionment at meeting of March 26, 1909.

Yours very truly,

H. A. METZ, Comptroller.

Resolved, That, pursuant to the provisions of chapter 556 of the Laws of 1897, as amended by chapter 627 of the Laws of 1900, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of one hundred and two thousand dollars (\$102,000) to provide means for the installation of an electric generating plant in the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth to Forty-second street, Borough of Manhattan, subject, however, to the conditions, (a) that any cost for the installation of said electric generating plant in excess of the sum of one hundred and two thousand dollars (\$102,000) shall be borne and paid for by the Trustees of the New York Public Library; (b) that the proposed contract, plans and specifications for said plant shall receive the approval of the Board of Estimate and Apportionment, and (c) that before the contract for the construction of said plant is entered into, there shall be submitted to the Corporation Counsel an agreement on the part of the said

Trustees that the words "maintenance and repair" in the eighth section of the agreement between the Mayor, Aldermen and Commonalty of The City of New York, by the Board of Estimate and Apportionment of said City and the New York Public Library, Astor, Lenox and Tilden Foundations, approved by the Board of Estimate and Apportionment December 1, 1897, shall be construed to mean "maintenance and repair" of the building only, not including any maintenance and repair to any equipment, fixtures, furniture, etc., within said building.

CITY OF NEW YORK—LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
New York, April 28, 1909.

#### Board of Estimate and Apportionment:

SIRS—I am in receipt of the communication of your Secretary, Joseph Haag, dated April 17, 1909, which reads as follows:

"At a meeting of the Board of Estimate and Apportionment held April 16, 1909, a communication was presented from the Comptroller referring to resolution adopted March 26, 1909, which authorized an issue of \$102,000 Corporate Stock for the installation of an electric generating plant in the New York Public Library, Astor, Lenox and Tilden Foundations, and the maintenance thereof, and requesting that said resolution be amended so as to include the question of repair, which was referred to you for an opinion as to the obligation of the City in the matter."

The resolution passed March 26, 1909, by the Board of Estimate and Apportionment is as follows:

"Resolved, That, pursuant to the provisions of chapter 556, Laws of 1897, as amended by chapter 627 of the Laws of 1900, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of one hundred and two thousand dollars (\$102,000), to provide means for the installation of an electric generating plant in the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth street to Forty-second street, Borough of Manhattan, subject, however, to the conditions, (a) that any cost for the installation of said electric generating plant in excess of the sum of one hundred and two thousand dollars (\$102,000) shall be borne and paid by the Trustees of the New York Public Library; (b) that the proposed contract, plans and specifications for said plant shall receive the approval of the Board of Estimate and Apportionment, and (c) that before the contract for the construction of said plant is entered into, there shall be submitted to the Corporation Counsel an agreement on the part of the said Trustees that the word "maintenance" in the eighth section of the agreement between the Mayor, Aldermen and Commonalty of The City of New York, by the Board of Estimate and Apportionment of said City, and the New York Public Library, Astor, Lenox and Tilden Foundations, approved by the Board of Estimate and Apportionment December 1, 1897, shall not include any maintenance of said electric generating plant, but shall be construed to mean maintenance of the building only."

The Comptroller, in his letter to the Board of Estimate and Apportionment, says:

"In discussing the question of the installation of an electric power and lighting plant at the New York Public Library, the question of 'maintenance' was only considered, and the Secretary has so drawn his resolution, but upon reference to section 8 of the agreement between the Mayor, Aldermen and Commonalty of The City of New York, by the Board of Estimate and Apportionment and the New York Public Library, Astor, Lenox and Tilden Foundations, approved by the Board of Estimate and Apportionment December 1, 1897, you find it reads:

"The City shall annually provide funds for the maintenance and repair of the building."

"Therefore, the question of 'repair' should be included in the resolution, and I herewith submit a new form of resolution to be adopted in the place of the resolution prepared by the Secretary and approved by the Board of Estimate and Apportionment at meeting of March 26, 1909."

The new form of resolution proposed by the Comptroller requires that the library authorities sign an agreement that the words "maintenance and repair" in the eighth section of the agreement between the City and the library authorities shall be construed to mean "maintenance and repair" of the building only, not including any "maintenance and repair to any equipment, fixtures, furniture, etc., within said building."

The library authorities have submitted a proposed agreement whereby they agree:

First—That, in case the necessary cost of installing the said electric generating plant according to the plans presented by the library shall exceed the sum of one hundred and two thousand dollars (\$102,000), the library shall pay such excess, and the party of the second part shall be entirely freed therefrom.

Second—That, when so installed, the library, notwithstanding any provisions in the lease hereinabove referred to, shall maintain and repair the said plant so to be installed, and pay the expense thereof, and in the future save the party of the second part therefrom.

Third—That the language contained in the eighth paragraph of the lease and agreement hereinabove referred to, whereby it is provided that "the City shall annually provide funds for the maintenance and repair of the building," shall be construed to mean the maintenance and repair of the building as such, with any appurtenances belonging to and forming a part of said building, excluding the electric generating plant hereinabove particularly provided for, and all furniture and movable equipment.

By the second paragraph of the original agreement, the City agreed on reasonable demand at all times to maintain and keep the building in repair, and by the eighth paragraph the City agreed to annually provide funds for the maintenance and repair of the building.

The Trustees, in their proposed agreement, agree to maintain and repair the electric generating plant to be installed and pay the expense thereof. Such agreement disposes of the question of the electric generating plant. As to the words "maintenance and repair of the building," I think the construction apparently placed upon them by the Comptroller in his proposed resolution is too narrow. There will undoubtedly arise cases where equipment will be considered part of the building.

The offer of the Trustees to construe the words to mean "the maintenance and repair of the building as such, with any appurtenance belonging to and forming part of said building, excluding the electric generating plant hereinabove particularly provided for, and all furniture and movable equipment," seems to me to carry out the intent of the original resolution.

In my opinion, the proposed agreement in no respect lessens the duty of the Trustees in any of their obligations assumed under their original agreement. I therefore enclose same with my approval endorsed thereon, together with a proposed resolution, which, if passed by your Board, will carry out the views expressed in this letter.

Yours respectfully,

F. K. PENDLETON, Corporation Counsel.

This agreement made this day of April, in the year nineteen hundred and nine, by and between The New York Public Library, Astor, Lenox and Tilden Foundations, hereinafter called the Library, party of the first part, and The City of New York, party of the second part.

Whereas, The party of the second part, by the Board of Estimate and Apportionment, by an agreement and lease bearing date the eighth day of December in the year one thousand eight hundred and ninety-seven, agreed to erect upon a portion of Bryant Park, in The City of New York, a fireproof building, to be occupied by the Library; and

Whereas, The Library has applied to the party of the second part to install in the said building an electric generating plant, which the party of the second part has agreed to do, at a cost of one hundred and two thousand dollars (\$102,000), upon condition that any cost in excess thereof shall be borne by the Library, and that the said electric generating plant, when installed, shall be maintained and repaired at the expense of the Library; now therefore this agreement witnesseth:

First—That, in case the necessary cost of installing the said electric generating plant according to the plans presented by the Library shall exceed the sum of one hundred and two thousand dollars (\$102,000), the Library shall pay such excess, and the party of the second part shall be entirely freed therefrom.

Second—That, when so installed, the Library, notwithstanding any provisions in the lease hereinabove referred to, shall maintain and repair the said plant so to be installed, and pay the expenses thereof, and in the future save the party of the second part therefrom.

Third—That the language contained in the eighth paragraph of the lease and agreement hereinabove referred to, whereby it is provided that "the City shall annually provide funds for the maintenance and repair of the building," shall be construed to mean the maintenance and repair of the building as such, with any appurtenances belonging to and forming a part of said building, excluding the electric generating plant hereinabove particularly provided for, and all furniture and movable equipment.

In witness whereof the party of the first part has caused its corporate seal to be hereunto affixed and the same to be attested by its First Vice-President, thereunto duly authorized, the day and year first above written, and the party of the second part has caused this instrument to be subscribed by the Mayor and the common seal of The City of New York to be hereunto affixed, the day and year first above written, in accordance with resolution of the Board of Estimate and Apportionment passed.

Approved as to form:

F. K. PENDLETON, Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
May 5, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Relative to the matter of installing an electric light plant in the New York Public Library Building, Fifth avenue, Fortieth to Forty-second street, and more especially the question of "maintenance and repair" to said building.

The third paragraph of the proposed agreement, which has been approved as to form by the Corporation Counsel, reads:

"That the language contained in the eighth paragraph of the lease and agreement hereinabove referred to, whereby it is provided that 'The City shall annually provide funds for the maintenance and repair of the building' shall be construed to mean the maintenance and repair of the building as such, with any appurtenances belonging to and forming a part of said building, excluding the electric generating plant hereinabove particularly provided for and all furniture and movable equipment."

In the opinion to the Board, the Corporation Counsel states that:

"The offer of the trustees to construe the words to mean 'the maintenance and repair of the building as such with any appurtenance belonging to and forming part of said building, excluding the electric generating plant hereinabove particularly provided for and all furniture and movable equipment' seems to me to carry out the intent of the original resolution."

There was no original or any resolution before the meeting of March 26, 1909, when I agreed and did vote for the proposition. The resolution was prepared subsequently by the Secretary.

To substantiate my contention that the agreement as submitted by the Trustees of the Public Library and approved as to form by the Corporation Counsel is not as I understood Mr. Cadwalader at the meeting of March 26, 1909, I quote from the stenographer's minutes:

The Chair—The question is on the resolution authorizing \$102,000 Corporate Stock to provide means for an electric generating plant as part of the structure of the New York Public Library Building with two provisions.

(1) That any cost in excess of the \$102,000 shall be borne by the Trustees of the New York Public Library, and

(2) That before the contract is made there shall be submitted to the Corporation Counsel an agreement by the Trustees of the New York Public Library that the word "maintenance" in the eighth section of the agreement shall not include any maintenance of the electric plant.

The Comptroller—Shall be construed to mean maintenance of the building only.

Mr. Cadwalader—That the word "maintenance" shall be construed to mean maintenance of the building as against anything else.

The Comptroller—With that construction of the word "maintenance," meaning only maintenance of the building, I'll vote for it.

Therefore, I do not think that the building should be construed to mean "the building as such with any appurtenances belonging to and forming part of said building." Such a clause could be construed to mean everything that was not portable, and does not agree with Mr. Cadwalader's proposition to the Board.

"That the word 'maintenance' shall be construed to mean 'maintenance' of the building, as against anything else."

Therefore in view of Mr. Cadwalader's proposition to the Board on March 26, 1909, I resubmit my proposed resolution, which requires the library authorities to sign an agreement that the words "maintenance and repair" in the second and eighth sections of the agreement between the City and the library authorities shall be construed to mean "maintenance and repair," and not including any "maintenance and repair" to any equipment, fixtures and furniture, within said building.

I would also note that the resolution and agreement as proposed does not refer to section 2 of the original agreement, but only to section 8. The Corporation Counsel having pointed out that section 2 is the section where the City agrees to maintain and keep the building in repair, and by the eighth section the City agreed to annually provide funds for the "maintenance and repair" of the building.

Respectfully,

H. A. METZ, Comptroller.

The Comptroller moved that the words "maintenance and repairs" in the eighth section of the agreement be construed to mean "maintenance and repairs" of the building as such, excluding the electric generating plant and all furniture and movable equipment.

Which motion was lost by the following vote:

Affirmative—The Comptroller and the President of the Borough of Queens—4.

Negative—The Mayor, the President, Board of Aldermen; the Presidents of the Boroughs of Manhattan, Brooklyn and Richmond—11.

Present and not voting—The President, Borough of The Bronx—1.

The following resolution prepared by the Corporation Counsel was then presented:

Resolved, That, pursuant to the provisions of chapter 556 of the Laws of 1897, as amended by chapter 627 of the Laws of 1900, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to the amount of one hundred and two thousand dollars (\$102,000) to provide means for the installation of an electric generating plant in the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth to Forty-second streets, Borough of Manhattan, subject, however, to the conditions (a) that any cost for the installation of said electric generating plant in excess of the sum of one hundred and two thousand dollars (\$102,000) shall be borne and paid by the Trustees of the New York Public Library; (b) that the proposed contract, plans and specifications for said plant shall receive the approval of the Board of Estimate and Apportionment, and (c) that before the contract for the construction of said plant is entered into, there shall be submitted to the Corporation Counsel an agreement on the part of said Trustees that the library, notwithstanding any provisions in the agreement and lease between the Mayor, Aldermen and Commonalty of The City of New York by the Board of Estimate and Apportionment of said City, and the New York Public Library, Astor, Lenox and Tilden Foundations, approved by the Board of Estimate and Apportionment—

ment December 1, 1897, shall maintain and repair the said plant when installed and pay the expenses thereof and in the future save the City therefrom, and that the words "maintenance and repair of the building" in the eighth section of said agreement shall be construed to mean the maintenance and repair of the building as such with any appurtenances belonging to and forming a part of said building, excluding the said electric generating plant and all furniture and movable equipment; and it is further

Resolved, That the resolution passed March 26, 1909, be and the same is hereby rescinded; and it is further

Resolved, That the Mayor of The City of New York be and he hereby is authorized to execute such agreement in the name and on behalf of The City of New York.

Which was adopted by the following vote.

Affirmative—The Mayor, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—12.

Negative—The Comptroller and the President of the Borough of Queens—4.

The Secretary presented the following communication from the Commissioner of Parks, Borough of The Bronx, requesting, and report of the Comptroller recommending, a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Department of Parks, Borough of The Bronx, involving no additional appropriation:

DEPARTMENT OF PARKS—BOROUGH OF THE BRONX,  
ZBROWSKI MANSION, CLAREMONT PARK,  
NEW YORK, April 10, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment, City Hall, New York City:

SIR—Application is hereby respectfully made for a modification of the Budget for 1909, and the supporting schedule, by the transfer of \$1,050 from the Budget appropriation for the Maintenance of Trees in City Streets, Salaries and Wages, Laborers, to Maintenance of Trees in City Streets, Salaries and Wages, Motor Engineers. The time is approaching when the trees should be sprayed to destroy the vermin which kill the young foliage.

Yours respectfully,

JOSEPH I. BERRY, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
April 28, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Under date of April 10, 1909, the Commissioner of Parks, Borough of The Bronx, submitted a request to the Board of Estimate and Apportionment for the modification of the schedule supporting the Budget appropriation No. 807 in the Budget for 1909, entitled Department of Parks, Borough of The Bronx, Maintenance of Trees in City Streets, No. 807, Salaries and Wages, which request was referred by you to me for report on April 14, 1909.

The modification which the Commissioner requests is that the schedule line, viz.: Laborers, \$4,411.50, be changed to read Laborers, \$3,361.50, and the title Motor Engineers, \$1,050 be inserted in the same schedule.

It appears that no provision has been made for the payment of salaries for Motor Engineers in the salary schedule of the account Maintenance of Trees in City Streets, and the Commissioner states that it is necessary that the work of spraying be taken up in order that the vermin which destroy trees be killed. In order to accomplish this work it is necessary that provision be made for the employment of Motor Engineers in order that the engines used in operating the pumps which force the spray be kept running.

I recommend, inasmuch as the total for the account is not affected and the necessity for the employment of the men appears to exist, that the request be approved.

Yours respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the revision and modification of the schedules supporting the Budget appropriation made to the Department of Parks, Borough of The Bronx, for the year 1909, to read as follows:

Maintenance of Trees in City Streets—

807. Salaries and Wages:

Arboriculturist .....	\$1,500 00
Foreman .....	1,200 00
Climbers and Pruners.....	9,065 50
Laborers .....	3,361 50
Motor Engineers .....	1,050 00
	<hr/>
	\$16,177 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the President, Borough of Manhattan, requesting, and report of the Comptroller recommending, a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the President of the Borough of Manhattan, to provide for the compensation of an Electrician, but involving no additional appropriation:

CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,  
CITY HALL, April 1, 1909.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—Request is hereby made that the schedule attached to the Budget of the President of the Borough of Manhattan for the year 1909 be amended as follows: Maintenance of Public Buildings and Offices (1316), Salaries and Wages, Labor Force, by striking therefrom the following item: Flagger, at \$4.50 per day, \$1,350, and substituting therefor Electrician, at \$4.50 per day, \$1,350.

Very truly yours,

JOHN F. AHEARN, President.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
April 29, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I would respectfully submit the following report in the matter of a communication presented to the Board of Estimate and Apportionment from the President of the Borough of Manhattan on April 2, 1909, requesting a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, which was referred to me:

The Borough President desires to have the Salaries and Wages schedule supporting appropriation No. 1316 in the 1909 Budget changed by striking therefrom the line "Flagger, at \$4.50 a day, \$1,350," and inserting in lieu thereof "Electrician, at \$4.50 a day, \$1,350."

The grade of the position of Electrician at \$4.50 a day having been established in the Department of the Borough President, Manhattan, and as the request involves no increase in the Budget rate for 1909, I recommend that the request of the Borough President be approved.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following further change in the Budget schedules as revised for the office of the President of the Borough of Manhattan, for the year 1909:

Maintenance of Public Buildings and Offices (Schedule No. 1316), Salaries and Wages, Labor Force—Strike out item Flagger, at \$4.50 per day, \$1,350, and insert in lieu thereof Electrician, not to exceed \$4.50 a day, \$1,350.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Comptroller, recommending a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the President of the Borough of Brooklyn, involving a transfer of \$600, but no additional appropriation:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
May 4, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—A communication from the President of the Borough of Brooklyn, under date of March 22, 1909, requesting a modification of the schedules supporting appropriations for Salaries and Wages in the Budget for 1909, has been referred to me for consideration.

I would respectfully report that the Borough President states that he desires to advance a competent and experienced Clerk now receiving \$2,100 per annum to the position of Chief Clerk at \$3,000; that said Clerk entered the service of the City on July 1, 1898, at \$1,200; that his salary was increased on April 15, 1905, to \$1,800, and on September 1, 1906, to \$2,100; that he is the only Clerk in the Department eligible to promotion as Chief Clerk after competitive examination. I recommend that the request be approved.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

BOROUGH OF BROOKLYN, April 28, 1909.

Hon. HERMAN A. METZ, Comptroller of The City of New York:

DEAR SIR—I beg to call your attention to a resolution adopted by the Board of Estimate and Apportionment, March 19, 1909, transferring the sum of twenty-seven thousand one hundred and thirteen dollars and twenty-six cents (\$27,113.26) from various accounts within the appropriation made to the Department of Parks, Boroughs of Brooklyn and Queens, for the year 1908, to the appropriation made to the Department of Street Cleaning for the same year, entitled Borough of Brooklyn, Final Disposition, Disposal of Ashes, Street Sweepings and Rubbish, etc. (\$26,405.81) and Hired Scows (\$707.45). From one of the accounts so mentioned, entitled Maintenance of Parks, Boulevards, Drives, Stone Work and Street Trees, Parks and Boulevards, Equipment, Repairs and Renewal Supplies, 1909 (352), the amount transferred was seven thousand nine hundred and seventy-nine dollars and ninety-four cents (\$7,979.94).

Permit me to call your attention to the fact that on December 24, 1908, a contract was awarded by the Department of Parks to Leo E. Kelly, amounting to three thousand nine hundred and forty-nine dollars (\$3,949), for water mains in Prospect Park, and forwarded to your office for certification, and that on April 7, 1909, I received a notice from you saying that the Comptroller's certificate had been endorsed upon said contract on March 19, 1909. Inasmuch as this contract is a proper charge against the account, Maintenance of Parks, Boulevards, Drives, Stone Work and Street Trees, Parks and Boulevards, Equipment, Repairs and Renewal Supplies, 1908 (352), it will leave a deficiency of four thousand and eighty-one dollars and seventy-nine cents (\$4,081.79), and I, therefore, respectfully request that you arrange for a transfer of this amount to cover the deficiency.

Very truly yours,

M. J. KENNEDY, Commissioner.

The following resolution was offered:

Resolved, That the sum of four thousand and eighty-one dollars and seventy-nine cents (\$4,081.79) be and the same is hereby transferred from the appropriation made to the President, Borough of The Bronx, for the year 1908, entitled (Code 74) Bureau of Highways, Labor, Maintenance and Supplies, Equipment, Repairs, Renewals and Supplies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Department of Parks, Boroughs of Brooklyn and Queens, for the year 1908, entitled (Code 352) Maintenance of Parks, Boulevards, etc., Equipment, Repairs and Renewal Supplies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

B—\$108.91 from the appropriation made to the Fire Department, for the year 1908, entitled (734) Telephone Rentals, Borough of Richmond, to the appropriation made to said Department for the same year, entitled (724) Telephone Rentals, Borough of Manhattan.

FIRE DEPARTMENT—CITY OF NEW YORK,  
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
MANHATTAN, April 30, 1909.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

SIR—I am directed by the Deputy and Acting Commissioner to enclose herewith copy of communication transmitted by him this day to his Honor the Mayor, as Chairman of the Board of Estimate and Apportionment, in the matter of a desired transfer of \$108.91 from one to another of the appropriations made to this Department, for the year 1908, for telephone rentals.

Respectfully,

WILLIAM A. LARNEY, Secretary.

FIRE DEPARTMENT—CITY OF NEW YORK,  
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
MANHATTAN, April 30, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment transfer the sum of \$108.91 from the appropriation made to this Department, for the year 1908, entitled (735) Telephone Rentals, Borough of Richmond, the same being in excess of the amount required for the purposes thereof, to the appropriation likewise made to this Department, for the same year, entitled (724) Telephone Rentals, Borough of Manhattan, which is insufficient.

Respectfully,

PATRICK A. WHITNEY, Deputy and Acting Commissioner.

The following resolution was offered:

Resolved, That the sum of one hundred and eight dollars and ninety-one cents (\$108.91) be and the same is hereby transferred from the appropriation made to the Fire Department, for the year 1908, entitled (734) Borough of Richmond, Telephone Rentals, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department, for the year 1908, entitled (724) Borough of Manhattan, Telephone Rentals, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

C—\$15,873.55, as requested by the Commissioner of Street Cleaning, within the appropriation made to said Department for the year 1908.

DEPARTMENT OF STREET CLEANING,  
Nos. 13 TO 21 PARK ROW,  
NEW YORK, April 20, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I respectfully request that the following transfers be made in the appropriation of the Department of Street Cleaning for the year 1908, General Administration, Borough of Manhattan, Borough of Brooklyn and Borough of The Bronx, to the appropriation of said Department for the year 1908, General Administration, Borough of Manhattan, Borough of Brooklyn and Borough of The Bronx, as follows:

General Administration and Borough of Manhattan.....	\$10,977 80
Borough of Brooklyn.....	575 36
Borough of The Bronx.....	4,320 39
Total.....	<u>\$15,873 55</u>

The reason for the above transfers is that the balances remaining in the various accounts are insufficient to cover the business of the Department for the year 1908.

Respectfully,

WM. H. EDWARDS, Commissioner.

The following resolution was offered:

Resolved, That the sum of fifteen thousand eight hundred and seventy-three dollars and fifty-five cents (\$15,873.55) be and the same is hereby transferred from the appropriations made to the Department of Street Cleaning for the year 1908, entitled and as follows:

The Comptroller presented the following communication from the Commissioner of Docks and Ferries requesting authority, pursuant to resolution adopted December 18, 1908, to award a contract for the construction of a landing platform at the foot of West One Hundred and Tenth street, Manhattan, to be used in connection with the Hudson-Fulton Celebration, at a cost not to exceed \$32,000, together with report thereon recommending the approval of said request.

On April 30, 1909, the request of said Commissioner, as above, was referred to the Comptroller.

DEPARTMENT OF DOCKS AND FERRIES,  
PIER "A," NORTH RIVER,  
NEW YORK, April 27, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—The Naval Parade Committee of the Hudson-Fulton Celebration Commission, by J. W. Miller, Vice-Chairman, have requested the building of a landing platform at the foot of West One Hundred and Tenth street, North River, Borough of Manhattan, for the purpose of providing a suitable landing place for the officers of the visiting navies and also the United States Navy; furthermore, to be used as a reception platform for receiving the "Half Moon" and "Claremont," also for mooring the "Half Moon" and "Claremont" during their time of exhibition in the City.

Plans and specifications and form of contract for the building of this platform and pontoon stages have been prepared by this Department, and the estimated cost for doing this work is \$32,000. The time for completion has been fixed at 90 calendar days from date of notification. Permission has been granted to the Naval Parade Committee by the Park Commissioner.

As the City has no suitable landing place for a function of this character opposite Riverside drive, which is the anchorage ground for the navies, it would appear necessary that authority be given to assist in this notable celebration, and I therefore respectfully request authority from the Board of Estimate and Apportionment to advertise and award this contract, and that action be taken thereon as speedily as possible, as the necessity for commencing the work in time for the celebration is apparent.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
May 6, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated April 27, 1909, requests the Board of Estimate and Apportionment to authorize him to advertise and award a contract for the construction of a landing platform at the foot of West One Hundred and Tenth street, North River, for the purpose of providing a suitable landing place for the officers of the visiting navies and also the United States Navy at the time of the Hudson-Fulton Celebration; the platform, furthermore, to be used as a reception platform for receiving the "Half Moon" and "Claremont," and also for mooring the "Half Moon" and "Claremont" during their time of exhibition in the City. The estimated cost of the structure is \$32,000.

In my opinion the building of this platform is necessary to the success of the Hudson-Fulton Celebration. While it will be built for a temporary purpose, this platform will probably remain and be of value in the future.

I would therefore recommend that the resolution of December 18, 1908, be suspended in so far as to permit the Department of Docks and Ferries to advertise and award a contract for the construction of a landing platform at the foot of West One Hundred and Tenth street, Borough of Manhattan, for the use in connection with the Hudson-Fulton Celebration at a cost not to exceed \$32,000.

Respectfully,

H. A. METZ, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1908, adopted a resolution requesting the heads of the various City departments and offices not to advertise for contracts nor enter into any further obligations, to be paid for by the issues of Corporate Stock, without first submitting the same to the Board of Estimate and Apportionment for reapproval; therefore be it

Resolved, That the request of the Commissioner of Docks and Ferries for authority to advertise and award the contract for the construction of a landing platform at the foot of West One Hundred and Tenth street, Borough of Manhattan, for use in connection with the Hudson-Fulton Celebration, at a cost not to exceed \$32,000, be and the same is hereby approved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Board of Aldermen moved that when the Board adjourns on Friday, July 2, 1909, it adjourn to meet Friday, September 17, 1909, at 10.30 o'clock in the forenoon, which motion was adopted.

The Comptroller presented a report referring to the request of the Board of Trustees of the Brooklyn Public Library for an issue of \$11,000 Corporate Stock to provide means for repairs, sodding, fencing and for sidewalks on the grounds of the various Carnegie Library Buildings in Brooklyn, and advising that the request be denied, as this work is part of the general construction of the buildings and should be paid out of the funds provided for such construction, in accordance with the agreement between Andrew Carnegie and The City of New York.

Which was ordered on file and the Secretary directed to transmit a copy of the Comptroller's report to the Board of Trustees of said Library.

(On September 25, 1908, the request of the Board of Trustees of the Brooklyn Public Library, as above, was referred to the Comptroller.)

The Comptroller presented a report referring to a resolution of the Board of Aldermen requesting an issue of \$4,500 Special Revenue Bonds (subdivision 8, section 188 of the Charter) to provide means for enabling the President of the Borough of Richmond to collate and promulgate various statistics showing the unit cost in connection with the maintenance and repair of highways, stating that this work is a proper charge against the Budget appropriation for the maintenance of highways, and recommending that any expense incurred in connection with the compilation of such data be charged against said appropriation, and that no action be taken by the Board on the request at the present time.

Which was ordered on file, and the Secretary directed to transmit a copy of the said report to the President of the Borough of Richmond.

(On April 2, 1909, the resolution of the Board of Aldermen requesting this issue was referred to the Comptroller.)

The Comptroller presented a presentment of the Grand Jury of Richmond County (April term) making certain recommendations relative to a new court house for the County of Richmond, repairs to the present building and the furnishing of suitable racks in the County Clerk's office for the lexicographical indexes; also indorsing the recommendations of a former Grand Jury in regard to the insufficient water supply for the court house and the necessity for repairs in and about the County Jail, and commending the Commissioner of Public Charities on the conditions which prevail in the New York City Farm Colony.

Which was referred to the respective departments affected.

The Comptroller presented the following communication requesting an issue of Corporate Stock in the sum of \$700,098.85 for the purpose of replenishing the Fund for Street and Park Openings in the matter of widening Roebling street, from the bridge plaza at South Fourth street to Union avenue, Thirteenth and Fourteenth Wards, Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
May 4, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate and Assessment, in the matter of widening Roebling street, 20 feet on its westerly side, from the bridge plaza at South Fourth street to Union avenue, in the Thirteenth and Fourteenth Wards, Borough of Brooklyn, was confirmed by an order of the Supreme Court dated April 20, 1909, and entered in the office of the Clerk of the County of Kings April 21, 1909.

The title to the lands, etc., taken in this proceeding became vested in The City of New York March 1, 1906, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted February 23, 1906.

The total—	
Amount of the awards is.....	\$667,024 52
Amount of taxed costs.....	33,074 33
Total.....	\$700,098 85

Pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted March 3, 1905, the entire cost and expense of this proceeding is to be borne and paid by The City of New York, for which Corporate Stock to the amount of seven hundred thousand and ninety-eight dollars and eighty-five cents (\$700,098.85) should be issued.

A resolution for that purpose is herewith submitted.

Respectfully,  
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the revised Greater New York Charter, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the revised Greater New York Charter, to the amount of seven hundred thousand and ninety-eight dollars and eighty-five cents (\$700,098.85), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for this amount to be paid therefrom, in the matter of widening Roebling street, 20 feet on its westerly side, from the bridge plaza at South Fourth street to Union avenue, in the Thirteenth and Fourteenth Wards, Borough of Brooklyn, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted March 3, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President, Board of Aldermen, moved that when the Board adjourns it adjourn to meet Friday, May 14, 1909, at 10.30 o'clock in the forenoon.

Which motion was adopted.

The Board adjourned to meet Friday, May 14, 1909, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

# BOARD OF ESTIMATE AND APPORTIONMENT.

## (PUBLIC IMPROVEMENT MATTERS.)

Minutes of meeting of Board of Estimate and Apportionment, City of New York, held in Room 16, City Hall, Friday, May 14, 1909.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens, and George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After disposing of the franchise and financial calendar, the following public improvement matters were considered by unanimous consent.

### MODIFICATION OF RESOLUTIONS ADOPTED APRIL 23, 1909, GOVERNING THE WIDTH OF ROADWAYS AND SIDEWALKS, ETC.

The Comptroller asked and obtained unanimous consent for the present consideration of the following report from the Chief Engineer, recommending a modification of the resolutions adopted April 23, 1909, governing the width of roadways and sidewalks, etc., so as to make the provisions thereof inoperative prior to December 1, 1909, in so far as they relate to encroachments upon streets which have been opened or dedicated to public use, etc.

REPORT No. 6636.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 13, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On April 23, 1909, the Board of Estimate and Apportionment adopted resolutions fixing the widths of roadways and sidewalks on streets to be hereafter improved and prohibiting the building of encroachments outside the building lines. It also adopted a resolution requesting the President of each Borough to instruct the Superintendent of Buildings in his Borough to refuse to issue permits for new buildings or for alterations to old buildings which would involve encroachments upon the sidewalk space.

These resolutions as construed in the different Boroughs have resulted in much confusion and anxiety on the part of builders and property owners, and many permits for buildings and alterations have been withheld. While it is generally admitted that the resolutions adopted by the Board are entirely consistent with decisions of the courts and with the interpretation of the existing law as given the Board by the City's legal adviser, it might be well to suspend for a limited time the portion of these resolutions relating to encroachments beyond the building line until they can be better understood, or until they can be so modified as to make them perfectly clear, such suspension, however, to apply only to opened or dedicated streets having a width of 60 feet or more.

The necessity of preserving for public use the entire width of streets less than sixty feet wide is so apparent that it would seem unnecessary to except such streets from the operation of the resolutions as adopted.

It is also suggested that this matter be referred to a committee consisting of the Corporation Counsel, the Consulting Architect of the Board, and the Chief Engineer of the Board, to report their recommendations before December 1, 1909, the date until which it is suggested that the resolutions be made inoperative.

This plan has been informally discussed with the Corporation Counsel, and meets with his approval.

Should this suggestion commend itself to the Board, a resolution carrying it into effect is herewith submitted for adoption.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the resolutions adopted by the Board of Estimate and Apportionment on April 23, 1909, governing the width of roadways and sidewalks and intended to prevent the erection of buildings which would encroach on streets laid out upon the City map, and revoking and canceling ordinances or licenses previously granted, be and they hereby are declared to be inoperative prior to December 1, 1909, in so far as they relate to encroachments upon streets which have been opened or dedicated to public use; and be it further

Resolved, That the question of modifying the resolutions of April 23, 1909, governing the width of roadways and sidewalks and encroachments upon streets be referred to a Committee consisting of the Corporation Counsel, the Chief Engineer of the Board of Estimate and Apportionment and the Consulting Architect of the Board, said Committee to report its recommendations before December 1, 1909.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

### CONSTRUCTING DRAIN IN PARKER AVENUE, AT AND NEAR LYON AVENUE, THE BRONX.

The President of the Borough of The Bronx asked and obtained unanimous consent for the present consideration of the following communication transmitting plan of drainage, showing diversion of Parker avenue drain at and near Lyon avenue, The Bronx:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT, BOROUGH OF THE BRONX,  
May 13, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith plan of drainage showing diversion of Parker avenue drain at and near Lyon avenue, with copy of communication from the Engineer of Sewers, for approval.

Yours truly,  
LOUIS F. HAFFEN, President, Borough of The Bronx.

May 13, 1909.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

SIR—I transmit herewith plan of drainage showing diversion of Parker avenue drain at and near Lyon avenue, District of Chester.

This is forwarded for signature and presentation to the Board of Estimate and Apportionment for approval.

Respectfully,  
CHARLES H. GRAHAM, Engineer in Charge of Sewers.

The following resolution was then adopted:

Resolved, That the plan submitted by the President of the Borough of The Bronx, showing diversion of Parker avenue drain at and near Lyon avenue, in the District of Chester, Borough of The Bronx, and bearing date May 13, 1909, be and the same hereby is approved.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

### WIDENING WEST THIRTY-SECOND STREET, BETWEEN SIXTH AND SEVENTH AVENUES, ETC., MANHATTAN.

The President of the Borough of Manhattan asked and obtained unanimous consent for the present consideration of plans, showing the proposed widening of West Thirty-second street, between Sixth and Seventh avenues, etc., Borough of Manhattan.

On motion, the matter was referred to the Chief Engineer of the Board.

### CLOSING EAST SEVENTY-SEVENTH STREET, BETWEEN EXTERIOR STREET AND JOHN JAY PARK, MANHATTAN.

The Comptroller, a member of the committee consisting of the President of the Board of Aldermen, the Comptroller and the President of the Borough of Manhattan, to which was referred, on May 7, 1909, the matter of closing East Seventy-seventh street, between Exterior street and John Jay Park, Borough of Manhattan, asked and obtained immediate consideration of the matter.

The Comptroller stated that the Committee was in favor of changing the map or plan of The City of New York by closing East Seventy-seventh street, between Exterior street and a line 40 feet east of the westerly boundary of John Jay Park and parallel therewith.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 22d day of March, 1907, resolutions were adopted proposing to change the map or plan of The City of New York so as to discontinue and close that portion of East Seventy-seventh street, between Exterior street and the westerly boundary of John Jay Park, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 19th day of April, 1907, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 19th day of April, 1907; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 19th day of April, 1907; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by discontinuing and closing East Seventy-seventh street, between Exterior street and a line 40 feet east of the westerly boundary of John Jay Park, and parallel therewith, in the Borough of Manhattan, City of New York, does hereby favor the same so as to discontinue and close East Seventy-seventh street, between

JOSEPH HAAG, Secretary.

**EAST SEVENTY-FIRST STREET—REREGULATING, REGRADING, PAVING, CURBING, RECURBING, FLAGGING, REFLAGGING AND LAYING BRIDGESTONES,** to a point

150 feet westerly. Area of assessment: Both sides of Seventy-first street, from Exterior street to Avenue A, and to the extent of half the block at the intersecting streets.

—that the same was confirmed by the Board of Revision of Assessments on May 6, 1909, and entered May 6, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 6, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

#### NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF RICHMOND**:

#### THIRD WARD.

**TEMPORARY SANITARY SEWERS** in **BLACKFORD AVENUE,** from a point about 100 feet west of Richmond avenue to a point about 100 feet east of Grant street; in **LAFAYETTE AVENUE,** from Blackford avenue to a point about 100 feet south of Charles avenue; in **HATFIELD PLACE,** from a point about 100 feet west of Richmond avenue to a point 110 feet west of the westerly line of Brook avenue; in **BROOK AVENUE,** from Hatfield place to Charles avenue; in **CHARLES AVENUE,** from a point about 440 feet west of Richmond avenue to and connecting with existing sewer in Nicholas avenue. Area of assessment: Both sides of Blackford avenue, between Richmond avenue and Grant street; both sides of Lafayette avenue, from Blackford avenue to Charles avenue; both sides of Hatfield place, between Richmond avenue and Nicholas avenue; both sides of Brook avenue, from Hatfield place to Charles avenue, and both sides of Charles avenue, from Sharpe avenue to Nicholas avenue.

—that the same was confirmed by the Board of Revision of Assessments May 6, 1909, and entered on May 6, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest shall be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents at Borough Hall, St. George, Borough of Richmond, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 6, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

**AT THE REQUEST OF THE COMMISSIONER OF DOCKS AND FERRIES,** public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for ferry purposes, in the

#### Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., formerly used as the Brooklyn Terminal of the Thirty-ninth Street Ferry, and consisting of the brick ferry house, two open sheds, boiler room, coal bin, fence, etc., all of which are more particularly described in a letter of request, on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held May 5, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

#### FRIDAY, MAY 21, 1909,

at 11 a. m., on the premises, upon the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale

give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars, the sum of Fifty Dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southwesterly line of Bronx River avenue, where it is intersected by the prolongation of a line midway between Seward avenue and Randall avenue, and running thence southwardly at right angles to Bronx River avenue to a point distant 150 feet northeasterly from the northeasterly line of Edgewater road, the said distance being measured at right angles to Edgewater road; thence northwesterly and always distant 150 feet northeasterly from and parallel with the northeasterly line of Edgewater road to the intersection with the prolongation of a line midway between Ludlow avenue and Story avenue; thence eastwardly along the said line midway between Ludlow avenue and Story avenue, and along the prolongation of the said line, to the intersection with a line midway between Beach avenue and Taylor avenue; thence southwardly along the said line midway between Beach avenue and Taylor avenue to the intersection with a line parallel with Randall avenue and passing through the point of beginning; thence westwardly along the said line parallel with Randall avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 4th day of June, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 4th day of June, 1909.

Dated May 21, 1909.

**PUBLIC NOTICE IS HEREBY GIVEN** that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The United Electric Service Company has under date of June 7, 1907, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate wires and other conductors, with the necessary poles, pipes, conduits and appliances, in, over and under the streets, avenues and highways within and belonging to The City of New York for the purpose of operating an electrical signal system for the calling of messengers, and an electrical burglar alarm system and fire alarm system; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 14, 1907, fixing the date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Times" and the "New York Tribune," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the United Electric Service Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the United Electric Service Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the United Electric Service Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

**PROPOSED FORM OF CONTRACT.**  
This contract, made this \_\_\_\_\_ day of \_\_\_\_\_, 1909, by and between The City of New York, hereinafter called the City, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the United Electric Service Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part; witnesseth: In consideration of the mutual covenants and agreements herein contained, the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets, avenues and highways within the territory comprised in the Borough of Manhattan, for the purpose of connecting by means of such wires, call boxes, or other signaling apparatus, to be placed upon the premises of the subscribers with offices of the Company, and thereby maintaining and operating an electrical signal system for the calling of messengers, an electrical burglar alarm system and a fire alarm system, and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The rights, privileges and authority herein granted shall not be construed to in any way give the Company the right, privilege or authority to engage in a telephone business, or to render telephone service, and this contract is entered into on the mutual and express understanding and agreement by and between the parties hereto, that the Company will not in any way engage in a telephone business or render telephone service, or claim the right so to do under this contract and the rights, privileges and authority therein and thereby granted and conferred.

Second—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen (15) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding term (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year prior to the termination of original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate, therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract or if the same be renewed then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company of the Company used for maintaining and operating an electrical signal system for the calling of messengers, an electrical burglary alarm system, and a fire alarm system within the streets and highways of the City shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, or other electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City.

Fourth—The Company shall pay to the City for the said privilege, the following sums of money:

The sum of five thousand dollars (\$5,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years of this contract an annual sum, which shall in no case be less than twelve hundred dollars (\$1,200), and shall be equal to two (2) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of \$1,200.

During the succeeding five years of this contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and shall be equal to three (3) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

During the remaining five years of this contract an annual sum which shall in no case be less than four thousand five hundred dollars (\$4,500), and which shall be equal to four (4) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of four thousand five hundred dollars (\$4,500).

The minimum annual sums herein provided for shall be paid to the Comptroller of the City in equal quarterly payments in advance on the first days of January, April, July and October of each year. Whenever the percentage required to be paid shall exceed the minimum amounts, such sum over and above such minimum shall be paid to the Comptroller on or before December 1 in each year for the year ending September 30 next preceding.

Fifth—The said annual charges or payments, as above specified, shall continue throughout the whole term of the original contract, notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the

said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

It is agreed that any and all payments to be made by the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Sixth—The rights and privileges hereby granted shall not be assigned, either whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The Board may by resolution direct the Company to install free of charge messenger call boxes or fire alarm signals, with the necessary appurtenances thereto, in any or all of the offices of the City situated in the portion of Manhattan in which the Company shall be operating such apparatus.

Upon written notification of the Board to the Company that such resolutions have been adopted the Company shall install such apparatus free of charge, and shall furnish service at rates not to exceed seventy-five (75) per cent. of the rates charged by the Company to any other individual or corporation for similar service.

Eighth—The Company shall construct, maintain and operate its messenger and alarm system, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters under the Charter of the City, and in strict compliance with all laws or ordinances, now in force or which may be adopted, affecting companies operating electrical conductors in the City.

Ninth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the signal and alarm systems hereby authorized.

Tenth—The Company shall, within two years from the date on which this contract is signed by the Mayor, have in operation at least two thousand (2,000) messenger call boxes, otherwise this grant shall cease and determine.

Eleventh—The Company shall file with the Board, on the first day of November in each year, a map, plan or diagram upon which shall be plainly marked and designated the streets and public places in which are then laid and also those proposed to be laid, during the succeeding year, the several conduits and ducts necessary for the cables and wires used and to be used by the Company, together with a statement showing the number of ducts in each street and wires in each duct occupied.

Twelfth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Thirteenth—During the term of this contract or its renewal, the Board shall have absolute power to regulate all charges or rates of the Company for this service, provided that such rates shall be reasonable and fair, but the Company shall not charge at any time during the term of this contract, or its renewal, rates for messenger service in excess of the following:

In any direction from a district office or central station:  
 10 city blocks..... \$0 10  
 11 to 15 city blocks..... 15  
 16 to 20 city blocks..... 20  
 20 to 30 city blocks..... 30  
 —and for each additional 20 city blocks more than 30 city blocks, 5 cents.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein, except by consent of the Board, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—If the said Company, its successors or assigns, shall fail to maintain its structures in good condition throughout the full term of its occupancy of such streets the Board may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time the said Company shall for each day thereafter during which the default or defect remains pay to the City a sum of one hundred dollars (\$100) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of

the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

If, for a period of three consecutive months the messenger, fire alarm or burglary alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

Eighteenth—The Company shall at all times keep accurate books of accounts and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the systems hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit a report to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued, for cash, for property;
  2. The amount paid in as by last report;
  3. The total amount of capital stock paid in;
  4. The funded debt by last report;
  5. The total amount of funded debt;
  6. The floating debt as by last report;
  7. The amount of floating debt;
  8. The total amount of funded and floating debt;
  9. The average rate per annum of interest on funded debt;
  10. The amount of dividends paid during the year and the rate of same;
  11. The amount paid for damage to persons or property on account of construction and operation;
  12. The total income during the year, giving the amount from each class of business;
  13. The total expenses for operation, including salaries;
- and such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing the Company shall pay a penalty of one hundred dollars (\$100) per day until such statement is rendered, which may be collected by the Comptroller without notice.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements and the commencement and increase of construction, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of \$1,000 for each violation, and in case of any violation of the provisions relating to the illegal use of wires, the Company shall pay to the Comptroller of said City for each violation a penalty of not less than \$100, and not more than \$500, to be fixed by the said Comptroller.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day, not less than five days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of \$5,000, and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions of this contract, which shall have been continued for a period of three months after notice given by the Corporation Counsel, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The word "notice" wherever used in this contract, shall be deemed to mean a written notice. Every such notice to be served upon the Company shall be delivered at such office in the city as shall have been designated by the Company; or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the city, postage prepaid, addressed to the Company at the city. Delivery or mailing of such notice as and when above provided shall be equivalent to direct personal notice, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fourth—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be

hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions including the said resolution for the grant of a franchise or right applied for by the United Electric Service Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, June 11, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, June 11, 1909, in two daily newspapers to be designated by the Mayor therefor and published in the City of New York, at the expense of the United Electric Service Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the United Electric Service Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, June 11, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

("New York Tribune" and "New York Sun" designated.)  
 JOSEPH HAAG, Secretary.  
 Dated New York, April 30, 1909. m17,j11

**PUBLIC NOTICE IS HEREBY GIVEN** that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The New York and Queens County Railway Company, under date of December 4, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along Debevoise, or Second avenue, from Pierce avenue to Jackson avenue, in the Borough of Queens; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 11, 1908, fixing the date for public hearing thereon as January 8, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Herald" and "New York Tribune," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing; and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and Queens County Railway Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and Queens County Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and Queens County Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

**Proposed Form of Contract.**

This contract made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Queens County Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property, in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company at or near the intersection of Debevoise or Second avenue and Pierce avenue; thence southerly in, upon and along said Debevoise or Second avenue to and connecting with the existing tracks of the Company in Jackson avenue.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"Map showing proposed street surface railway of the New York & Queens County Railway Company in the Borough of Queens, City of New York, to accompany petition dated December 4, 1908, to the Board of Estimate and Apportionment," and signed by W. O. Wood, Vice-President and General Manager, and T. H. Moyer, Engineer of Way, a copy of which is attached hereto, is to be deemed a part of this contract, and is to be construed with the text thereof, and is to be substantially followed. Provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within thirty (30) days from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time the Company shall within one month thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and terminate.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate thereafter prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

The sum of five hundred dollars (\$500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

During the first term of five (5) years an annual sum which shall in no case be less than four hundred dollars (\$400), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four hundred dollars (\$400).

During the remaining term of twenty (20) years an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

The gross annual receipts mentioned above shall be that portion of the gross earnings of the Company from all sources within the limits of the City as shall bear the same proportion to such gross earnings as the length of the extension hereby granted shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of the route mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract, within the streets and avenues, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of the tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The Company shall commence construction of the railway herein authorized within ninety (90) days from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within nine (9) months from the date of obtaining such consents or such decision, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eighth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Ninth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

And provided further that the Company shall not be required under the provisions of this contract to make such change upon the route hereby authorized until the existing line of the Company on Borden avenue and Jackson avenue, between the East River and Debevoise avenue, shall have been so changed.

Eleventh—Upon six months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two ducts not less than three inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any

point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized, during the term of this contract, all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Thirteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Fourteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Fifteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Seventeenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board. Provided, however, that the Company, during the first five (5) years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of said streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly, or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the right to construct the railway is hereby granted be changed at any time after the railway has been constructed, and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company shall, within thirty (30) days after the date on which this contract is signed by the Mayor, take the necessary proceedings under the provisions of the Railroad Law for the abandonment of that portion of its existing route, described as follows:

Beginning at the intersection of Pierce avenue and Debevoise avenue; thence westerly in, upon and along said Pierce avenue to Lockwood street; thence southerly in, upon and along said Lockwood street, Ridge road, Academy street and Jane street to the intersection of said route with the existing tracks of the Company on Jackson avenue, at or near the intersection of Jane street and Jackson avenue, and shall within sixty (60) days from the commencement of operation of the railway hereby authorized, remove at its own expense all of its tracks, wires and other equipment from the above-described streets and avenues, and restore the same to their original condition.

Twenty-fifth—The Company shall at all times keep accurate books of account of the gross earnings from all sources, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, total miles in operation within the limits of the city and the miles of railway constructed and operated under this contract and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution by said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-eighth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-ninth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of fifteen hundred dollars (\$1,500), either in money, or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain date not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the City a sum sufficient to restore said security fund to the original amount of fifteen hundred dollars (\$1,500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided, shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers, shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authority, officer or officers.

Section 3. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 4. The Company promises, covenants and agrees on its part and behalf, to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Attest: ..... City Clerk.  
NEW YORK AND QUEENS COUNTY  
RAILWAY COMPANY,  
[SEAL.] By..... President.  
Attest: ..... Secretary.  
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and Queens County Railway Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, May 21, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, May 21, 1909, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York and Queens County Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and Queens County Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, May 21, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard. ## SUPREME COURT—FIRST DEPARTMENT.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of BUSH STREET, from Creston avenue to Grand Boulevard and Concourse, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 27th day of April, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 28th day of April, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, James A. Donnelly, J. C. Julius Langbein and John J. Hynes, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 28th day of April, 1909, and the said James A. Donnelly was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 28th day of April, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same duly verified to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 10th day of June, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimants or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, May 21, 1909.  
JAMES A. DONNELLY,  
JOHN J. HYNES,  
J. C. JULIUS LANGBEIN,  
Commissioners.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved

lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of June, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of June, 1909, at 2 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 15th day of June, 1909.

Third—That, provided there be no objections filed to said abstract, our supplemental and amended first partial and separate final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 27th day of July, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our supplemental and amended first partial and separate final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of June, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of June, 1909, at 4 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 12th day of June, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the bulkhead line of the Harlem River with the easterly prolongation of the middle line of the blocks between West Two Hundred and Tenth street and West Two Hundred and Eleventh street; running thence westerly along said prolongation and middle line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Vermilyea avenue; thence southeasterly along said parallel line to its intersection with a line parallel to and 100 feet southwesterly from the southwest-erly line of Isham street; thence northwesterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Broadway (Kingsbridge road); thence northeasterly along said last mentioned parallel line to its intersection with the westerly prolongation of the middle line of the blocks between West Two Hundred and Eleventh street and West Two Hundred and Twelfth street; thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with the bulkhead line of the Harlem River; thence southerly along said bulkhead line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of July, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EDGE-WATER ROAD (although not yet named by proper authority), from Garrison avenue (or Mohawk avenue) to Seneca avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

**NOTICE IS HEREBY GIVEN TO ALL PER-** sons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 26th day of May, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 26th day of May, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 27th day of May, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by the prolongation westwardly of the southerly line of Ludlow avenue, as now laid out east of the Bronx River; on the east by the westerly side of the Bronx River; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue; on the west by a line midway between the westerly side of Longfellow street and the easterly side of Bryant street; and on the northwest by the present northeasterly property line of the New York, New Haven and Hartford Railroad Company.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of May, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 22d day of July, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Collis, Commissioner of Public Works of The City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring certain pieces or parcels of land, and the title thereto, wherever the same has not been heretofore acquired, for the use of the public, for the purposes of sewerage and drainage, pursuant to section 327 of chapter 410 of the Laws of 1882, as amended by chapter 423 of the Laws of 1888, and chapter 31 of the Laws of 1892, from Amsterdam avenue at Fort George to the Harlem River, in the Twelfth Ward of The City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to

us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of May, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of May, 1909, at 4 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of May, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of the Speedway, which point is 45 feet northerly of the intersection of the westerly side of the Speedway and the northerly line of West One Hundred and Ninetieth street produced; thence westerly on a line parallel to and distant 45 feet northerly of the northerly line of West One Hundred and Ninetieth street produced to the westerly side of Amsterdam avenue; thence northwesterly in a straight line to its intersection with the middle line of the block between Amsterdam avenue and Audubon avenue at a point 175 feet northerly of the northerly side of West One Hundred and Ninetieth street; thence northerly along said middle line of the block to its intersection with the easterly prolongation of a line parallel to and distant 60 feet northerly of the northerly side of West One Hundred and Ninety-second street; thence westerly along said prolongation and parallel line to a point midway between Audubon avenue and St. Nicholas avenue; thence northerly along a line parallel to St. Nicholas avenue to a point 20 feet south of the southerly side of West One Hundred and Ninety-third street; thence northwesterly in a straight line to a point on a line 20 feet east of the southerly line of Fort George avenue, and 45 feet south of the intersection of the westerly side of Fort George avenue and the easterly side of St. Nicholas avenue; thence northerly along a line parallel to and distant 20 feet from the westerly line of Fort George avenue 475 feet; thence westerly on a line at right angles to the side of Fort George avenue to a point midway between the easterly side of St. Nicholas avenue and the westerly side of Fort George avenue; thence northerly on a line at right angles to the last mentioned line for a distance of 125 feet; thence on a curved line to the right radius 210 feet for a distance of 100 feet; thence still on a curve to the right radius 660 feet for a distance of 135 feet; thence still on a curve to the right radius 310 feet for a distance of 475 feet to a point 100 feet north of the northerly side of Fort George avenue; thence on a straight line to a point on the westerly side of the Speedway, which point is 100 feet south of the point of intersection of the westerly side of Dyckman street and the westerly side of the Speedway; thence southwardly along the westerly side of the Speedway to the point and place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 22d day of July, 1909, at the opening of the Court on that day.

Fifth, in case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 16, 1909.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of FOURTEENTH AVENUE (although not yet named by proper authority), from Jackson avenue to Flushing avenue, in the First Ward, Borough of Queens, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 252 Jackson avenue, Long Island City, Borough of Queens, in The City of New York, on or before the 27th day of May, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 1st day of June, 1909, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, Long Island City, in the Borough of Queens, in said City, there to remain until the 9th day of June, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly line of Jackson avenue where said northerly line is intersected by the prolongation of the line in the centre of the block between Fourteenth avenue and Thirteenth avenue, and running thence northerly along the centre line of the block between said Fourteenth and Thirteenth avenues to a point on the southerly side of Flushing avenue where said middle line of the block intersects; running thence easterly along the southerly line of Flushing avenue to a point where the prolongation of the centre line of the block between Fourteenth avenue and Fifteenth avenue intersects said southerly line of Flushing avenue; thence southerly along said centre line of the block between Fourteenth and Fifteenth avenues to a point on the northerly side of Jackson avenue where the said centre line of the block between Fourteenth and Fifteenth avenues if prolonged will intersect; thence westerly along the northerly side of Jackson avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 10th day of September, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, May 4, 1909.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AVENUE C, between Gravesend avenue and Coney Island avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

**NOTICE IS HEREBY GIVEN TO ALL PERSONS** interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 25th day of May, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 25th day of May, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 2d day of June, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 19th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Avenue C and Beverley road and by the prolongation of the said line; on the east by a line midway between Coney Island avenue and East Eleventh street; on the south by a line midway between Avenues C and D and by the prolongation of the said line, and on the west by the easterly side of Gravesend avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of June, 1909.

Fifth—That provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 26th day of July, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

### THIRD JUDICIAL DISTRICT.

#### ASHOKAN RESERVOIR.

#### SECTION No. 18, ULSTER COUNTY.

### NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended.

Such application will be made to the Supreme Court, at a Special Term thereof to be held in and for the Third Judicial District, at the City Hall, in the City of Albany, Albany County, N. Y., on the 22d day of May, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Town of Hurley, County of Ulster, and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing the map: "All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster and State of New York, shown on a map entitled 'Reservoir Department. ### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

#### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
