#### PUBLIC NOTICE IS HEREBY GIVEN

that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The United Electric Service Company has under date of June 7, 1907, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate wires and other conductors, with the necessary poles, pipes, conduits and appliances, in, over and under the streets, avenues and highways within and belonging to The City of New York for the purpose of operating an electrical signal system for the calling of messengers, and an electrical burglar alarm system and fire alarm system; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 14, 1907, fixing the date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Times" and the "New York Tribune," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the United Electric Service Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the United Electric Service Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the United Electric Service Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

#### PROPOSED FORM OF CONTRACT.

This contract, made this \_\_\_\_\_ day of \_\_\_\_\_, 1909, by and between The City of New York, hereinafter called the City, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the United Electric Service Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part; witnesseth: In consideration of the mutual covenants and agreements herein contained, the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets, avenues and highways within the territory comprised in the Borough of Manhattan, for the purpose of connecting by means of such wires, call boxes, or other signaling apparatus, to be placed upon the premises of the subscribers, with offices of the Company, and thereby maintaining and operating an electrical signal system for the calling of messengers, an electrical burglar alarm system and a fire alarm system, and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The rights, privileges and authority herein granted shall not be construed in any way to give the Company the right, privilege or authority to engage in a telephone business, or to render telephone service, and this contract is entered into on the mutual and express understanding and agreement by and between the parties hereto, that the Company will not in any way engage in a telephone business or render telephone service, or claim the right so to do under this contract and the rights, privileges and authority therein and thereby granted and conferred.

Second—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen (15) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year prior to the termination of original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract or if the same be renewed then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the plant and property of the Company used for maintaining and operating an electrical signal system for the calling of messengers, an electrical burglary alarm system, and a fire alarm system within the streets and highways of the City shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, or other electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City.

Fourth—The Company shall pay to the City for the said privilege, the following sums of money:

The sum of five thousand dollars (\$5,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years of this contract an annual sum, which shall in no case be less than twelve hundred dollars (\$1,200), and shall be equal to two (2) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of \$1,200.

During the succeeding five years of this contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and shall be equal to three (3) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

During the remaining five years of this contract an annual sum which shall in no case be less than four thousand five hundred dollars (\$4,500), and which shall be equal to four (4) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of four thousand five hundred dollars (\$4,500).

The minimum annual sums herein provided for shall be paid to the Comptroller of the City in equal quarterly payments in advance on the first days of January, April, July and October of each year. Whenever the percentage required to be paid shall exceed the minimum amounts, such sum over and above such minimum shall be paid to the Comptroller on or before December 1 in each year for the year ending September 30 next preceding.

Fifth—The said annual charges or payments, as above specified, shall continue throughout the whole term of the original contract, notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the

said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

It is agreed that any and all payments to be made by the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The Board may by resolution direct the Company to install free of charge messenger call boxes or fire alarm signals, with the necessary appurtenances thereto, in any or all of the offices of the City situated in the portion of Manhattan in which the Company shall be operating such apparatus.

Upon written notification of the Board to the Company that such resolutions have been adopted the Company shall install such apparatus free of charge, and shall furnish service at rates not to exceed seventy-five (75) per cent. of the rates charged by the Company to any other individual or corporation for similar service.

the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

If, for a period of three consecutive months the messenger, fire alarm or burglary alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day, not less than five days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City, a sum sufficient to restore said security fund to the original amount of \$5,000, and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions of this contract, which shall have been continued for a period of three months after notice given by the Corporation Counsel, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.
