TAXI AND LIMOUSINE COMMISSION

■ NOTICE

NOTICE OF PUBLIC HEARING FOR DRAFT EIS Taxi Medallion Increase CEQR No. 12TLC026Y

This Notice is hereby given pursuant to CEQR requirements as established in Executive Order No. 91 of 1977, and as set forth in its implementing Rules and Procedures, Title 62, Chapter 5 of the Rules of the City of New York and SEQRA. In addition, Article 8 of the Environmental Conservation Law (ECL §§ 8-0101 et seq.) and its implementing regulations (Title 6 NYCRR §617) requires a public hearing on the Draft Environmental Impact Statement (DEIS) for the Taxi Medallion Increase.

This DEIS public meeting will be held on June 12, 2012 at the Taxi and Limousine Commission's Commission Meeting Room located at 33 Beaver Street, 19th Floor, New York, NY. The session will commence at 6:00 P.M. and close at 8:00 P.M. If you need a reasonable accommodation of a disability to participate in the hearing (e.g., you need open captioning service), please contact Justine Johnson by telephone at 212-676-1137 or email at Justine.johnson@tlc.nyc.gov by Tuesday, June 5, 2012.

The New York City Taxi and Limousine Commission (TLC), as lead agency, has completed a DEIS for the proposed Taxi Medallion Increase project. As allowed under New York State Legislation (New York State Senate Bill S5825-2011 and New York State Assembly Bill A8496-2011), TLC proposes to issue 2,000 additional taxicab medallion licenses provided that such licenses be restricted to vehicles capable of transporting persons in wheelchairs or that contain a physical device or alteration designed to permit access to and enable the transportation of persons in wheelchairs in accordance with the Americans with Disability Act (ADA),

provided further that:

- Such additional medallion licenses are issued by public sale;
- The additional medallion licenses are fully transferable;
- No more than four hundred of the taxicab medallion licenses authorized pursuant to the legislation, may be issued by TLC until a Disabled Accessibility Plan (DAP) is approved by the New York State Department of Transportation (NYSDOT); and
- Authorization for the public sale of the additional taxicab medallions is also conditioned upon the TLC making hail vehicle licenses available for issuance.

Sale of the additional medallions would be at the discretion of the Mayor of New York City through TLC, an action subject to review under the requirements of the State Environmental Quality Review Act (SEQRA) found in Article 8 of the New York State Environmental Conservation Law and the Rules of Procedure for City Environmental Quality Review (CEQR) published as Chapter 5 of Title 62 of the Rules of the City of New York. In conformance with those requirements, the DEIS considered the environmental impacts of this discretionary action.

TLC anticipates that the public sale of the initial 400 taxicab licenses would occur in 2012, and that the remaining 1,600 additional taxicab licenses would be issued by public sale over an additional two year period with 800 medallions sold each year, subject to approval of the DAP by NYSDOT.

An Environmental Assessment Statement (EAS) with Positive Declaration and Draft Scope of Work were issued by the Taxi and Limousine Commission on March 9th, 2012. A Public Scoping meeting for the EAS and the Draft Scope of Work was held on April 19th at TLC's Commission Meeting Room. The DEIS, prepared in accordance with the Final Scope of Work issued on May 22, 2012, assesses the effects of the Proposed Actions on land use, zoning, and public policy; socioeconomic conditions; community facilities and services; open space; shadows; historic and cultural resources; urban design and visual resources; natural resources; hazardous materials; water and sewer infrastructure; solid waste and sanitation services; energy; transportation; air quality; greenhouse gas emissions; noise; public health; neighborhood character, and construction. The DEIS identifies the potential impacts to socioeconomic conditions and transportation. Many impacts would be mitigated, in whole or in part; others would remain unmitigated.

The DEIS also examined a No Action alternative.

Written comments will be accepted by the lead agency until 5:00 P.M. on Friday, June 22, 2012, and may be submitted at the public hearing or to the below address.

LAW**SOLICITATIONS***Services (Other Than Human Services)***LEGAL REPRESENTATION FOR WORKER'S COMPENSATION OUTSIDE OF NEW YORK –**

Negotiated Acquisition – Specifications cannot be made sufficiently definite - PIN# 02512X100015 – DUE 06-25-12 AT 5:00 P.M. – The New York City Law Department seeks expressions of interest from law firms with expertise in providing legal representation before the New York State Workers' Compensation Board at hearings, appeals, and depositions that may be conducted at hearing points outside the City of New York. The method of source selection for this procurement will be Negotiated Acquisition because the Corporation Counsel has been determined that there is a need to procure legal services, and that it is not practicable or not advantageous for the City to use the Competitive Sealed Bids or Competitive Sealed Proposals methods of source selection for this procurement. It is projected that the term of the contract to be awarded pursuant to this solicitation will commence as of approximately January 1, 2013 and continue through December 31, 2015 with one option to renew for an additional two-year term. The selected firm will be required to handle such matters on an as-required basis at hearing points within the State of New York but outside the City of New York. It is estimated that approximately 3000 hearings were held outside the City's geographical limits last year, the majority of which were held at various Nassau, Suffolk and Westchester County hearing points. Interested firms should send one original and four (4) copies of an Expression of Interest ("EOI") to: Esther S. Tak, Assistant Corporation Counsel, New York City Law Department, 100 Church Street, Room 5-209, New York, New York, 10007. EOIs are due by no later than 5:00 P.M. on Monday, June 25, 2012. The envelope containing the EOI should be clearly labeled as "Expression of Interest for Legal Representation in Workers' Compensation Hearings and Depositions Held Outside The City of New York." The firm's EOI should contain the following information, which should be organized clearly under the three headings indicated below:

1. The Firm's Personnel and Other Resources for the Provision of the Services: Describe and document the firm's personnel resources and other resources for the provision of legal representation in Workers' Compensation matters as counsel for Respondent. Include a brief history of the firm, its areas of specialization, the allocation of personnel across those areas of specialization, the addresses of all firm offices in the State of New York, and the approximate number of staff (legal and support) in each such office with experience and expertise in Workers' Compensation matters.

2. The Firm's Experience and Expertise in the Provision of the Services: Describe and document the firm's specific Experience and Expertise as Counsel for Respondents in Workers' Compensation Matters in New York State;

3. Identification and Qualifications of Attorneys for the Provision of the Services: List and document the qualifications of the specific attorneys who the firm will commit to the provision of the requisite services to the Department in the event of contract award to the firm.

The Law Department intends to award one contract predicated upon a fee-per-hearing and fee-per-service basis. The Department will follow a two-step approach to the selection of a law firm for these services. The EOI that is here solicited is the first step in that process. Firms whose EOIs are evaluated as being within a competitive range of technical merit will advance to the second step. The Department will provide to the competitive range firms a detailed Scope of Work, a Law Firm Questionnaire, Price Proposal Forms, a Doing Business Data Form and instructions for submitting these second step materials. The Department's subsequent decision making with respect to contract award will be made on the basis of the evaluation of these second step materials.

The Corporation Counsel has determined that it is not practicable or not advantageous to use Competitive Sealed Proposals as the method of source selection for the award of this contract, which is a contract for Legal Services.

All attorneys performing services under any contract that may result from this solicitation shall be members in good standing of the Bar of the State of New York.

Statement of Basis and Purpose*Statutory Authority*

Pursuant to authority vested in the Commissioner of Environmental Protection by Section 1043 and 1403(c) of the Charter, and Section 24-163.4 of the Administrative Code, and in accordance with the requirements of Section 1043 of the Charter, the Department of Environmental Protection is amending a rule governing the use of Ultra-Low Sulfur Diesel Fuel and Emissions Control Technology by the City's Diesel-Fuel Powered Motor Vehicles. (15 RCNY §15-01 et seq.)

Background of Proposed Rule

By law, the Commissioner of Environmental Protection determines the best available retrofit technology (BART) for reducing the emission of pollutants from City owned vehicles. The BART is determined for each type of diesel fuel-powered motor vehicle affected by the law. The Commissioner also publishes this list. (This requirement is described in §24-163.4 (c)(1) of the Administrative Code.)

Often, vehicles with older technology are used for several years before they are replaced. The original rule was adopted to make sure that City agencies equip these older vehicles with the highest level of retrofit technology (Level IV), in order to reduce the vehicles' emissions.

Overview of Proposed Amendment

The proposed amendment relieves agencies of the burden of retrofitting vehicles that are near the end of their useful life as long as the vehicles will be used for a limited amount of mileage. After that amount of mileage, which is specified in the new rule, they will need to be retired and replaced with cleaner and more efficient engines.

This balanced approach reduces the amount of Particulate Matter that would be emitted by limiting the use of older vehicles and encouraging their replacement with cleaner vehicles that produce less pollution. The new rule would still require Level I or Level II technology, diesel oxidation catalysts (DOC), to be installed when older vehicles are used for more than 2,000 miles before being retired.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New text is underlined, deleted material is in [brackets].

Section 1. Section 15-02 of Title 15 of the Rules of the City of New York is amended to read as follows:

§15-02 Best Available Retrofit Technology Determination

Pursuant to section 24-163.4 of the Code, any diesel fuel-powered motor vehicle having a gross vehicle weight rating of more than 8,500 pounds that is owned or operated by a City agency [shall] must utilize the Best Available Retrofit Technology ("BART"), as defined in §15-01 of subchapter A of this chapter. In making their selections, agencies are directed to consult the EPA and CARB verified lists at <http://www.epa.gov/otaq/retrofit/retroverifiedlist.htm> and <http://www.arb.ca.gov/diesel/verdev/back-ground.htm>. City agencies [shall] must select BART for their diesel fuel-powered motor vehicles in accordance with §15-05 of this subchapter. City agencies [shall] must notify the Department of their selections, and the Department [shall] will make a determination as to whether the BART selected may be utilized for the vehicle, engine and application for which it was selected. The Department [shall] will notify the selecting agency of its determination.

City agencies are not required to select BART for their diesel fuel-powered motor vehicles in the following circumstances:

- (1) If a vehicle is going to be retired within the next 12 months, the vehicle does not have to be retrofitted if vehicle usage is limited to 2000 miles; if the agency does not limit such usage to 2,000 miles, a DOC must be installed; and
- (2) If a vehicle is going to be retired within the next 36 months, the vehicle must have a DOC installed, and vehicle usage must be limited to yearly mileage of 3,000 miles or 30% of the mileage averaged over the last three years, whichever is less.

For agencies that are retiring their vehicles pursuant to this section, such agencies shall provide the odometer or hour-meter reading and date it was taken to the Department and must maintain a mileage log for the vehicle(s).

Matter underlined is new. Matter in brackets [] is to be deleted.

BASIS AND PURPOSE OF PROPOSED AMENDMENTS

Section 11-208.1 of the Administrative Code of the City of New York requires that owners of income-producing real property in New York City file income and expense statements each year for the property. The Department of Finance uses the information in the statements to assess the value of real property in the City.

The proposed amendments will update the rules relating to requirements for filing income and expense statements set forth in Chapter 33 of Title 19 of the Rules of the City of New York by:

- Adding examples of income-producing property for which owners must file income and expense statements.
- Clarifying that certain of the examples listed will be considered income-producing property regardless of whether or not they are owner-occupied.
- Excluding utility properties from the list of properties not considered income-producing properties so that the Department of Finance can obtain income and expense statements for utility properties.
- Deleting the provision that exempts owners who purchase property on or after August 1st from filing income and expense statements for the year the property was purchased. This will allow Department of Finance to obtain income and expense information to help assess these properties.

- Allowing owners to file consolidated statements for properties that are:

1. operated together as an economic unit or related for valuation purposes,
2. under common ownership, and
3. in contiguous locations.

This will permit the Department of Finance to obtain accurate assessment information while reducing the number of statements that need to be filed by these property owners.

- Giving the Commissioner of Finance discretion to determine each year whether or not to require owners of properties with a final actual assessed value of \$750,000 or more to file an addendum with rent roll information. Currently, owners of these properties must always file an addendum. The amendment will allow the Department of Finance to require the addendums only if they are needed to conduct accurate property assessments. Owners will be able to determine whether or not they need to file an addendum during a particular year by referring to the instructions for filing income and expense statements that accompany the form for that particular year.
- Requiring owners of certain types of equipment defined as real property under the Real Property Tax Law to file both an income and expense statement and an inventory statement. This amendment will help the Department of Finance obtain information to accurately assess these properties.
- Requiring the filing of income and expense statements for unsold condominium and cooperative building units. This amendment will help the Department of Finance obtain information to accurately assess these properties.
- Requiring that certain owners of properties file a claim of exclusion if they believe that their property is excluded from the filing requirement. This will assist the Department of Finance in determining if the claim for exclusion is valid.
- Extending the time for filing a corrected statement from 20 to 30 days of receipt from the Department of Finance of notice of failure to file a timely statement.
- Requiring owners who are found by audit not to have filed a substantially complete and accurate statement to pay a penalty, regardless of whether they file a corrected statement.
- Permitting the Commissioner of Finance to appoint individuals who are not employees of the Department of Finance or administrative law judges to serve as hearing officers. This will allow the Department of Finance to choose other qualified individuals to serve as hearing officers, such as, for example, members of the New York City Office of Administrative Tax Appeals.
- Acknowledging that owners are currently permitted to file certain documents in paper format without a waiver from the Commissioner.

Amendments to Rules Relating to the Filing of Income and Expense Statements

The addendum will not be required for a property with a final actual assessed value of less than \$750,000 for the tax year during which filing of the income and expense statement is required. Any [The] addendum required by this paragraph shall be considered to be a part of the income and expense statement and any filing requirement contained in these rules for the income and expense statement shall also be applicable to the addendum.

§6. Paragraph (8) of subdivision (d) of section 33-02 of such rules is amended to read as follows:

(8) [Notwithstanding any other provision of these rules, with] With respect to power plants, generators, telecommunication lines and other equipment defined as real property in paragraphs (d), (e), (f) and (i) of subdivision 12 of §102 of the Real Property Tax Law, [the filing requirements of §11-208.1 of the New York City Administrative Code will be met by] in addition to the requirement to file an income expense statement, the owner of such property [if] must also file with the Department of Finance, no later than September 1 each year, [the owner files with the Department of Finance] a statement that includes a description of the use and the cost of:

(9) Notwithstanding the provisions of §33-01(b)(1)(xv) and §33-01(b)(2)(vi), for space in a condominium or cooperative building that represents units that have not been sold and remain owned by the sponsor, the property owner must file an income and expense statement that includes rent roll information in a format determined by the Commissioner of Finance.

§8. Paragraph (3) of subdivision (e) of section 33-02 of such rules is amended to read as follows:

(3) (i) Owners of property [described in §33-01(b)(2) and (3) of these rules] who contend that they are excluded from the filing requirement based on any provision of paragraph (2) of subdivision (b) of §33-01 of these rules, other than subparagraphs (i), (ii) or (iii) of such paragraph (2), must [notify the Department of their current status on a form prepared by the Department of Finance] file with the Department of Finance a claim of exclusion on a form prepared by the Department, no later than September 1, 2014 and on or before September 1 in every third year thereafter, for as long as the owner claims that the property is excluded from the filing requirement.

(ii) In addition to the requirements of subparagraph (i) of this paragraph, owners of properties who claim that they are excluded from the filing requirement, and are required to file a claim of exclusion, must file a claim of exclusion on a form prepared by the Department no later than the September 1 that immediately follows the date on which the owner took title to the property.

(iii) Owners who erroneously claim to be excluded from the filing requirements shall be subject to the penalties set forth in §11-208.1 of the Administrative Code and §33-03 of these rules for failure to file an income and expense statement. Owners whose claim of exclusion is approved by the Department must notify the Department of any subsequent change in the physical condition or use of their property which would result in their being required to file an income and expense statement in future years. Failure to notify the Department of Finance of such a change may result in the imposition of penalties for the year(s) in which an income and expense statement was required.

§9. Subparagraph (ii) of paragraph (1) of subdivision (a) of section 33-04 of these rules is amended, and a new subparagraph (iii) is added to paragraph (1) of subdivision (a) of section 33-04 of these rules, to read as follows:

(ii) Except as provided in subparagraph (iii) of this paragraph, the [The] notice shall also provide that such owners may avoid penalties for failure to file by filing a properly completed income and expense statement no later than [twenty] thirty days following the date of the notice.

(iii) Notwithstanding any other provision of these rules, or any other determination by the Department of Finance of failure to file, if the Department of Finance determines by audit that an owner failed to file a substantially complete and accurate income and expense statement, the provisions of subparagraph (ii) of this paragraph do not apply with respect to the audit determination and, therefore, the owner may not avoid penalties for failure to file with respect to the

audit determination by filing a properly completed income and expense statement.

§10. Paragraph (5) of subdivision (a) of section 33-04 of such rules is amended to read as follows:

(5) *Designation of hearing officer.* The Commissioner of Finance shall designate [employees of the Department of Finance or administrative law judges] persons to serve as hearing officers to hear petitions filed pursuant to these rules. READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
