In the 2018 climate survey, it was recommended that we continue to increase EEO awareness at the agency, ensure employees are aware of the process for making a complaint, and compare our agency-specific results to the city-wide results to determine gaps. The agency has moved to requiring annual EEO awareness training, which is completed by all staff, consultants, and interns. This – along with the annual agency head commitment to EEO – which was issued in December 2020 – inform staff about the process. This will be followed by meetings between the directors and their teams to further clarify EEO at the agency. The Climate Survey results were evaluated at a senior staff meeting and it was noted that the agency fared well overall. Also, steps taken to

address risk (previously identified) may address issues identified in the Climate Survey.
