The Board of Police met on the 1st day of October, 1895.

Present—Commissioners Roosevelt, Andrews, and Parker.

Whereas, The new Ballot Law provides for a style of balloting entirely different from that which has heretofore been in vogue, and much confusion may arise therefrom unless instructions are given to the voters; therefore

Resolved, That the Bureau of Elections be required to have printed full instructions on the subject of how to vote, which shall be displayed in the different Polling Places, beginning with the first day of registration, and also be requested to have the Inspectors of Election give instructions to the voters as they are registered.

Adjourned.

WM. H. KIPP, Chief Clerk.

I respectfully request you, therefore, to make the transfer of said sum of \$533.35 from my salary to my contingency appropriation, in order to provide for my usual contingency expenses, and for the payment of such extra help. Yours, respectfully,

WILLIAM M. HOES, Public Administrator.

FINDINGS IN THE MATTER OF FIRE MARSHAL JAMES MITCHELL.

The Board of Fire Commissioners finds itself confronted with the fact that under the administration of the Fire Marshal's Bureau by the said James Mitchell, incendiarism has been allowed to assume an organized form in this city, the only metropolis in the world where such an anomaly

exists, and that such lodgment of bands of "firebugs," and the boldness with which they have been allowed to carry on their infamous work has been in large measure due to the encouragement and the immunity which they have received through their collusion with officials of the Bureau of the said James Mitchell, its responsible head.

The Board finds: First—That without protest or objection on his part said James Mitchell permitted Assistant Fire Marshal Frank and Policeman Charles Lenz to remain on duty in the Fire Marshal's Bureau three years or more after having been informed that they were unworthy men, and unfit for their duties, and that although they were his subordinates for years, he disregarded warnings and statements as to their character, and either failed to discover that they were the associates and allies of the incendiaries, whose crimes they were paid to detect and prevent, as well as to punish, or failed and neglected to report the information he had received to the Fire Commissioners, when he was bound to assume that such a report would have been promptly and properly acted upon by the Commissioners.

The foregoing facts this Board finds upon evidence furnished by the records of their Department, upon investigation made by and evidence furnished to its members in the discharge of their official duties, and from testimony given by said James Mitchell before a Committee of the Senate of the State of New York, on about the 20th day of December, 1890; we find that the information furnished to said James Mitchell as to the character of said Frank and Lenz imposed upon him the duty of a full and thorough investigation, and of laying such information before the Board of Fire Commissioners, and that if such course had been pursued the public service might have been rid of these unworthy men long before that was actually done; and we find that said James Mitchell has not displayed that independence and strength of character, nor that diligence in the performance of his duties, nor that zeal for the good name and efficiency of his Bureau and of this Department which are the necessary qualifications of a fit and proper incumbent of the important position of Fire Marshal.

Second—That he permitted an article entitled "Organized Incendiarism in New York City" to be compiled and tabulated from the records of the Bureau of the Fire Marshal, and published in the "Chronicle," an insurance journal, a newspaper published in the City of New York, and did address and furnish to the editor of said newspaper a communication relating to the official business of this Department, without the knowledge or approval of the Board of Fire Commissioners, and without the same having been made through the office of the Board, in violation of the Regulations of the Department. The foregoing facts this Board finds upon the records of the Department, the deposition of Franklin Webster, the editor of said newspaper, and the issue of said newspaper of the date March 28, 1895.

Third—That without the knowledge of the Fire Commissioners, the said James Mitchell did seek information from the Comptroller of the City of New York as to whether money could be obtained from the Public Treasury to pay to informers or witnesses in cases of arson, and that he did procure or permit the New York Board of Fire Underwriters, and other persons or companies carrying on the business of fire insurance in the City of New York, to pay out considerable sums of money for such purposes, without reporting the necessity for such expenditures or giving knowledge thereof to the Board of Fire Commissioners. The foregoing facts are found upon the records of the Department, upon statements made to their Board by said James Mitchell, and upon evidence and information furnished to and obtained by members of this Board, in the discharge of their official duties, from William A. Anderson, Superintendent of the Survey Bureau of the New York Board of Fire Underwriters, and from George T. Patterson and others.

Fourth—That there is a want of hearty co-operation between the Bureau of the Fire Marshal and the Detective Police Force of the City as contemplated by law, by reason of which the efficiency of said Bureau is impaired and the work of detecting criminals and bringing them to punishment is hindered or rendered impossible. The Board finds that this state of things is largely due to the fact that said James Mitchell has alienated the good-will of many of the members of said Police Force, by claiming or allowing to be claimed for himself the sole credit for convictions in arson cases, obtained on evidence furnished by members of the Detective Police Force, and that so long as said James Mitchell remains at the head of said Bureau, the necessary co-operation between its officers and those of the Police Force is impossible. The foregoing facts are found upon affidavits of officers of the regular Detective Police of the City, and upon evidence and information furnished to and obtained by the members of the Board in the discharge of their official duties.

That Fire Marshal Mitchell in his affidavit herein denies without disproving the evidence in the possession of the Commission, including his own official statements to the Board, showing reasons for his removal, and that the other affidavits and documents submitted evade without denying or disproving those reasons; that his defense is evasive, uncautious and contradictory of his own official statements, and is not a satisfactory explanation of the facts communicated to him on July 8, calling for his removal.

Therefore, Resolved, That James Mitchell be and he hereby is removed from the position of Fire Marshal of the City of New York in this Department, and that the cause for such removal, and the true grounds thereof, are hereinbefore set forth.

Resolved, That the position of clerk of the second grade, now held by Warren C. Bennett in this Department, be and the same is hereby abolished, and that the duties of his position be and are hereby consolidated with the duties of the position held by Clerk David Graham.

Adjourned.

CARL JUSSEN, Secretary.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each bid or estimate must be verified by the oath, in writing, of the party making the same, and the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are estimated.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the

amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety, in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

Blank forms of bid or estimate, the proper envelopes in which to enclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

LOUIS F. HAFEN, Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards.

DEPARTMENT OF DOCKS.

TO CONTRACTORS. (No. 521.)

PROPOSALS FOR ESTIMATES FOR DREDGING AT EAST NINETY-NINTH STREET SECTION, ON THE HARLEM RIVER.

ESTIMATES FOR DREDGING AT EAST NINETY-NINTH STREET SECTION, on the Harlem river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, NOVEMBER 8, 1895.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Four Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:

CLASS I.
Mud, sand, earth filling, etc., to be dredged, about 10,000 cubic yards.

CLASS II.

Crib dredging, about 2,600 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that the premises are in such condition that the work can proceed. And all the work done under this contract is to be fully completed on or before the 1st day of January, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance in the sum of five thousand (5,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and fifty (250) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
