MUNICIPAL ASSEMBLY.**PUBLIC NOTICE.**

AN ORDINANCE GRANTING TO THE WEST TENTH STREET CONNECTING RAILWAY COMPANY THE RIGHT OR FRANCHISE TO CONSTRUCT AND OPERATE A STREET SURFACE RAILROAD IN, UPON AND ALONG CERTAIN STREETS, AVENUES, PARKWAYS AND HIGHWAYS IN THE CITY OF NEW YORK.

Be it Enacted by the Municipal Assembly of The City of New York, as follows:

WHEREAS, THE WEST TENTH STREET Connecting Railway Company has duly presented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise or right to use the streets, avenues, parkways and highways in The City of New York hereinafter mentioned, for the construction, maintenance and operation of a single-track street surface railroad in or upon the surface of the same; and

Whereas, The said Municipal Assembly, by resolution adopted March 30, 1900, approved by his Honor the Mayor of said City on March 30, 1900, gave public notice of such application, and that at the Councilmanic Chamber, in the City Hall, in The City of New York, on the 19th day of April, 1900, at 2:30 o'clock in the afternoon, such application of said railway company would be first considered and a public hearing had thereon, which notice was published daily for at least fifteen (15) days successively prior to the hearing, in two daily papers published in The City of New York, viz., in the "New York Press" and in the "New York Journal and Advertiser," which papers were first designated, in writing, by his Honor the Mayor of said City, on March 28, 1900; and

Whereas, After public notice given as aforesaid and at a public hearing duly held in pursuance of such notice, whereas all persons so desiring were given an opportunity to be heard and were heard, such application was first considered by the Railroad Committee of both houses of said Municipal Assembly;

Section 1. The Municipal Assembly of The City of New York hereby grants to the West Tenth Street Connecting Railway Company, subject to the conditions and provisions hereinafter set forth, the right and franchise to use the streets, avenues, parkways and highways of the said City, and to construct, maintain and operate a single-track street surface railroad in and upon the following streets, avenues, parkways and highways, viz.: Commencing at the intersection of Sixth Avenue and West Tenth street, in The City of New York, running southwesterly with single track through, upon and along West Tenth street to the intersection of said West Tenth street with Greenwich Avenue, all in the Borough of Manhattan, City of New York.

Sec. 2. The grant of said franchise or right to use said streets, avenues, parkways and highways is made subject to the following conditions:

First.—That the said right, privilege and franchise to construct and operate its said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years with the privilege of a renewal of said grant for the further period of twenty-five years upon a fair revaluation of the right, such revaluation to be of the right, privilege and franchise to maintain and operate said railway by itself, and not to include any value derived from the ownership, control or operation of any other railroad, line or tracks by the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, parkways and highways shall be first obtained, or in lieu thereof the favorable determination of three Commissioners, approved by the Appellate Division of the Supreme Court, that such railroad should be constructed and operated.

Second.—Upon the termination of the said franchise or right, whether original or renewed, there shall be a fair valuation of the plant and property of the grantee in the streets, avenues, parkways and highways aforesaid, with its appurtenances; and the said plant and property shall be and become the property of the City on the termination of the grant on paying the grantee such valuation. Such payment shall be at a fair valuation of the said plant and property as property, excluding any value derived from the franchise.

Third.—The mode of determining the valuations and revaluations herein provided for shall be as follows: One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder; the three so chosen shall act as appraisers and shall make the valuations and revaluations aforesaid. Such appraisers shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their reports shall be filed with the Comptroller of the City not more than thirty days thereafter. They shall act as appraisers and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party; they shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties.

Fourth.—The said West Tenth Street Connecting Railway Company shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on November 1, pay into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the same fund, of five per cent. of its gross receipts, as required by section 95 of the Railroad Law, but such percentage of gross receipts shall not be less than one hundred and fifty dollars (\$150) annually for the first five years and not less than three hundred dollars (\$300) annually thereafter.

That but one fare shall be exacted for passage over the railroad constructed under this grant and over the lines of any railroad system or systems operated in connection therewith, and that the gross receipts from joint business shall be divided in the proportion that the length of said railroad operated hereunder shall bear to the entire length of the railroad system or systems which shall be operated in connection therewith, and of the railroad to be constructed hereunder.

Wherever and whenever this connecting railway shall make it possible for the cars of a non-percentage paying line to operate upon the tracks of a percentage paying line, the former line shall keep a separate and accurate account of all fares collected from passengers who enter said cars upon the routes of percentage lines, and account to the City for them the same as if they had been collected on the percentage line, and to pay the same percentage thereon as is now provided by law to be paid by the company upon whose route they operate.

Fifth.—The said railroad may be operated by underground electrical power substantially similar to the system of underground electrical traction now in use on the railroads in Second, Sixth, Eighth, Ninth and Madison avenues in this city, and by any other motive power, except locomotive steam power, which may be approved by the Board of Railroad Commissioners and

consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Sixth.—The said railroad shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways and the Commissioner of Public Buildings, Lighting and Supplies of The City of New York, in all matters with respect to which said Commissioners are respectively invested with the power of regulation and control by the Charter of said city; and the consent of the City, as owner of property bounded on West Tenth street and on Christopher street, is hereby given to the operation of the railroads now or hereafter constructed on said streets by the force of motive power provided in section fifth.

Sec. 3. The said grant is also upon the further conditions, namely:

First.—The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

Second.—The rate of fare for any passenger upon said railroad shall be five cents; and said company shall not charge any passenger more than said sum for one continuous ride from any point on its road, or any road, line or branch operated by it or under its control, to any point thereon or any connecting branch thereof within the limits of The City of New York. The cars on said railroad shall be run as often as the public convenience may require.

Third.—The said railroad company shall apply to each car a proper fender and wheel-guard conformably to such laws and ordinances as may hereafter be enacted or adopted by the State or City authorities.

Fourth.—All cars of said railroad company shall be heated during cold weather conformably to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fifth.—In case of any violation or breach of or failure to comply with any of the provisions of this section, this grant may be forfeited by suit brought by the Corporation Council on notice of ten days to the said railroad company.

Sec. 4. This grant is also upon the further and expressed condition that the provisions of article IV. of the Railroad Law applicable thereto be complied with.

Sec. 5. The said company shall at all times keep the street between its tracks and for a distance of two feet beyond the rails upon either side thereof free and clear from ice and snow.

Sec. 6. The said railroad company, so long as it shall continue to use any of its tracks upon said streets, avenues or public places, shall have and keep in permanent repair that portion of such streets, avenues and public places between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe.

Sec. 7. This grant shall not become operative unless, within ten days after the approval thereof by the Mayor of said City, or the final passage thereof succeeding the return with the disapproval thereof, or subsequent to the taking effect of said grant by reason of the failure of said officers to return the same with his disapproval, the said railroad company shall duly execute under its corporate seal an instrument in writing, wherein said company shall promise, covenant and agree on its part and behalf to pay the compensation and to conform to, abide by and perform all the conditions and requirements in this ordinance fixed and contained, and within the said period file the said instrument in the office of the Comptroller of The City of New York.

Sec. 8. This ordinance shall take effect immediately. Published in accordance with a resolution adopted by the Municipal Assembly of The City of New York on the 24th day of May, 1901, and approved by his Honor the Mayor on the 24th day of May, 1901.

New York, May 24, 1901.

BIRD S. COLER,

Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, May 21, 1901.

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE.

To the Holders of Six Per Cent. Gold Consolidated Stock of the County of New York, Payable July 1, 1901.

THE FOLLOWING IS AN EXTRACT FROM the proceedings of the Commissioners of the Sinking Fund at a meeting held Tuesday, February 19, 1901:

The Comptroller presented the following report and accompanying resolution relative to the redemption of six per cent. Gold Consolidated Stock of the County of New York, maturing July 1, 1901:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, February 15, 1901.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Six per cent. Gold Consolidated Stock, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), which was issued by the County of New York prior to its consolidation with the former City of New York, matures on July 1, 1901.

The said stock is all held by the public and is payable from the Sinking Fund for the Redemption of the City Debt (No. 2), under the provisions of section 23 of chapter 378 of the Laws of 1890.

Under an amendment to the Constitution of the State of New York adopted at the general election held in the year 1890, the said stock is exempted, for the debt-reduction purposes of section 2 of article VIII, of the Constitution, from classification as a City debt.

In view of the present heavy demands upon the City's debt-incurring capacity, especially for rapid transit and bridge construction, it is desirable to retain the advantages gained by such exemption. This advantage would be practically lost as to the amount of said stock if it were to be redeemed out of the Sinking Fund, or if it were refunded by the issue of Corporate Stock of the City of New York.

I therefore propose to extend the maturity of a considerable proportion, if not the whole of such stock, for periods not exceeding twenty years, under the authority conferred upon me by chapter 60 of the Laws of 1900, upon the best obtainable terms for the City.

It is not unlikely, however, that it may prove impossible to extend certain portions of said stock upon advantageous terms, and I therefore recommend that a resolution be adopted authorizing the Comptroller to redeem from the Sinking Fund such portions of said stock.

Respectfully,
(Signed) BIRD S. COLER,
Comptroller.

Whereas, Six per cent. Gold Consolidated Stock issued by the County of New York prior to its consolidation with the former City of New York, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), matures July 1, 1901, and is payable from the Sinking Fund for the Redemption of the City Debt (No. 2), under the provisions of section 23 of chapter 378 of the Laws of 1890;

Whereas, the Comptroller proposes, under the authority of chapter 60 of the Laws of 1900, to extend the periods not exceeding twenty years the maturity of as much of said stock as he may be able to so extend upon terms advantageous to the City; therefore

Resolved, That the Comptroller be and is hereby authorized to pay out of the Sinking Fund for the Redemption of the City Debt (No. 2), such portion of the six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, as he may be unable to extend upon terms deemed by him to be advantageous to the City.

The report was accepted and the resolution unanimously adopted.

For the reasons set forth in the foregoing report to the Commissioners of the Sinking Fund, the Comptroller of the City of New York will avail himself of the provisions of chapter 60 of the Laws of 1900, which reads as follows:

CHAPTER 60.

AN ACT to authorize the extension of the funded indebtedness of the counties of New York, Kings, Queens and Richmond.

ACCEPTED BY THE CITY.

Because a law April 22, 1900, with the approval of the Governor. Passed, a majority being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. It shall be lawful for the comptroller of the city of New York, in his discretion, to provide for the extension of all or any part of the funded indebtedness of the counties of New York, Kings, Queens and Richmond, as the same may from time to time mature. Certificates of stock or bonds so extended shall bear interest at a rate not exceeding three and one-half per centum per annum, and shall be stamped across their face with the terms of such extension, which shall be for a period not exceeding twenty years.

Sec. 2. This act shall take effect immediately. Proposals will be received by the Comptroller at his office, No. 38, Broadway, New York City, from the holders of six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, for extending the maturity of all or any part of the respective amounts of such stock held by them to the following dates:

JULY 1, 1917,
JULY 1, 1918,
JULY 1, 1919,
JULY 1, 1920, and
JULY 1, 1921.

Stock so extended will be payable in gold and will bear interest from July 1, 1901, at the rate of three and three-fourths (3 3/4) per cent. per annum, payable, also in gold, semi-annually, on the first day of January and of July in each year. The Comptroller proposes in apposition the amount of stock thus extended so that, as nearly as practicable, one-fifth of the whole amount extended shall be redeemable at each of the five maturity dates above mentioned. Preference will, as far as possible, be given to the proposals received according to priority in the date of their receipt, the proposals first received being entitled to the privilege of the longest extension period, unless such proposal shall indicate a preference for the shorter terms. The stock which is so extended in accordance with the terms of this circular must be delivered to the Comptroller upon demand, when the certificates will be stamped across their face with the terms of the extension, in accordance with the provisions of chapter 60 of the Laws of 1900, provided, however, that such stock now outstanding in coupon form when presented for extension will be extended in the form of registered stock. Thereafter transfers may be made of such stock on the books of the Corporation in accordance with the general provisions of law and the rules of the Department of Finance in regard thereto. The right to discontinue the offer contained in this circular at any time without further notice is expressly reserved.

Dated New York, June 4, 1901.

BIRD S. COLER, Comptroller.
