## LOCATIONS OF COURTS.

### EXECUTIVE DEPARTMENT.

### PROCLAMATION BY THE MAYOR.

I, George B. McClellan, Mayor of The City of New York, acting under the authority of section 120 of the Greater New York Charter, give public notice that until such time as the Criminal Courts Building has been repaired and made safe, and the Superintendent of Buildings has certified that the said building is in a proper condition for occupancy, that

The City Court Building in City Hall Park, and the Merchants' Association Building, Nos. 54 to 60 Lafayette street, Borough of Manhattan, City of New York, have been designated and assigned as places for the holding of the Court of General Sessions of the Peace for the County of New York;

The Tombs Prison Building, in Centre street, and the Seventy-first Regiment armory, corner of Thirty-fourth street and Park avenue, Borough of Manhattan, City of New York, as places for the holding of the Court of Special Sessions; and

The Jefferson Market Building, Eighth street and Sixth avenue, Borough of Manhattan, City of New York, as the place for the holding of the City Magistrates' Court of the First District, First Division.

To which I have set my hand and affixed my seal of office this 5th day of November, one thousand nine hundred and nine.

(Signed) GEO. B. McCLELLAN, Mayor.

### COMMISSIONERS OF THE SINKING FUND.

Public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the power and authority vested in them by law, pursuant to the provisions of section 205 of the Greater New York Charter, have by resolution designated and assigned as the places for holding the Court of Special Sessions in and for the City and County of New York, the following buildings:

#### TERMS AND CONDITIONS OF SALE.

All expense of removing, storing, advertising and selling such trucks, wagons, carts, etc., will be deducted from the purchase price paid, and any remainder of such purchase price over and above said expense will be held by the Commissioner of Docks in trust for the owner or owner thereof for a period of twelve months from the receipt of same; and if not claimed within said twelve months the Commissioner of Docks will pay such remainder over to the Commissioners of the Sinking Fund.

The purchase price must be paid immediately at the time of sale.

In case of failure to pay the purchase price, the property for which such purchase price is not paid will be immediately resold, and if the price paid on such resale is less, the difference will be charged against the person or persons failing so to pay.

Upon the payment of the purchase price a receipt will be given to the purchaser by the Auctioneer, and upon the production of such receipt at the pound the trucks, wagons, carts, etc., therein described, will be delivered to the purchaser.

All property purchased at the sale must be removed from the pound within five days after the sale, or within any extension of time beyond such period which the Commissioner of Docks may grant.

In case of failure to remove the same within the time specified, in case of failure to remove the same within any extended time which may be granted by the Commissioner of Docks, the purchaser will be deemed to have abandoned the property sold to him, the purchase price paid by him will be forfeited and the property will be resold.

ALLEN N. SPOONER, Commissioner.

#### AUCTION SALE.

THE DEPARTMENT OF PARKS, BOROUGH OF THE BRONX, will sell at public auction, at the Zbrowski Mansion, in Claremont Park, in the Borough of the Bronx on

THURSDAY, NOVEMBER 11, 1909,

at 12 m., the following named property: TIMBER AND WOOD OF DEAD TREES, PRINCIPALLY CHESTNUT AND OAK, IN PARKS, BOROUGH OF THE BRONX.

Timber to be sold by the one hundred cubic feet; wood by the cord; measured on the premises prior to removal.

Trees will be cut down by the Park Department, but shall be cut up and removed by the purchaser, and the brush and other debris properly disposed of by him, without damage to surrounding trees and shrubbery. Timber and wood to be removed from park premises, and the brush disposed of, within ten days from time of notice that the trees have been felled.

TERMS OF SALE.

Cash payments in bankable funds at the time the articles purchased are to be removed. If the purchaser fails to effect removal of the articles purchased within ten days from the date of notice that the trees have been felled and are ready to be removed, he shall forfeit his purchase money and the ownership of the articles purchased. The City further reserves the right to sell the articles over again; the money received at said sale is also to become the property of the City.

The Commissioner of Parks, Borough of The Bronx, reserves the right to all timber for rustic fence work, firewood for the propagating greenhouses, steam rollers, etc., and for any other use that may be deemed necessary.

The successful bidder will be required to deposit One Hundred Dollars (\$100) on the day of sale, as payment in advance for the first hundred dollars worth of wood to be removed, and on the removal of each said quantity of wood a like sum will be required to be deposited with the Commissioner of Parks, Borough of The Bronx, until the removal of all the wood purchased.

The Commissioner reserves the right to reject any or all bids.

Full information relative to bidding, location of trees to be cut, etc., can be obtained at the office of the Department of Parks, Zbrowski Mansion, Claremont Park, New York City.

#### Corporation Sales.

#### CORPORATION SALE OF LEASE.

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN CITY REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund and pursuant to a resolution adopted by them at a meeting held October 20, 1909, the Comptroller of The City of New York will sell by sealed bids on

THURSDAY, NOVEMBER 18, 1909

at 11 a. m., in Room 141, No. 280 Broadway, Borough of Manhattan, the lease, for a period of

ten years from December 1, 1909, with a privilege of renewal for an additional ten years upon the same terms and conditions, of the premises belonging to the Corporation of The City of New York, situated on the northerly side of Monroe Street, distant 93 feet 4 inches easterly from Clinton Street, size 46 feet 9 inches front and rear by 100 feet in depth, and being known as Nos. 153 and 155 Monroe Street, in the Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said parcel of land for the said period at the minimum or upset price of \$1,000 per annum, payable quarterly in advance, and the said sale will be made upon the following

#### TERMS AND CONDITIONS.

The highest bidder will be required to pay 25 per cent. of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give a bond in double the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No building shall be erected upon said site except approval shall have been first obtained from the Commissioners of the Sinking Fund and plans and specifications of said building shall be presented to said Board and approval in writing obtained.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, as provided by law.

The lease will be in the usual form of leases of like property and will contain, in addition to other terms, covenants and conditions as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

2. A clause providing that the lessee shall not make any improvements on property except with the consent and approval of the Comptroller.

3. A clause providing that all improvements placed upon the said lot of ground shall revert to The City of New York upon the termination of the lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

H. A. METZ, Comptroller. City of New York, Department of Finance, Comptroller's Office, October 28, 1909.

#### CORPORATION SALE OF LEASE.

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN CITY REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held October 20, 1909, the Comptroller of The City of New York will sell by sealed bids on

TUESDAY, NOVEMBER 16, 1909,

at 11 a. m., in Room 141, No. 280 Broadway, Borough of Manhattan, the lease, for a period of ten years from December 1, 1909, of the land and buildings and appurtenances thereunto belonging situated on the northerly side of Richmond Terrace, with a frontage of 150 feet on Richmond Terrace, between Sharp Avenue and Elm Street, and extending northerly out to the established pier and bulkhead line, in the Borough of Richmond.

The Comptroller will receive sealed bids for the lease of the said parcel of land and appurtenances thereto for said period at the minimum or upset price of \$600 per annum, payable quarterly in advance; and the said sale will be made upon the following

#### TERMS AND CONDITIONS.

The highest bidder will be required to pay 25 per cent. of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give a bond in double the amount of the annual rental bid with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance and fulfillment of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

First—A clause providing that the lessee shall pay the usual rates for water, per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements of the property except with the consent or approval of the Comptroller.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

H. A. METZ, Comptroller. City of New York, Department of Finance, Comptroller's Office, October 28, 1909.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 12th day of November, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement. Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter. Successful bidders will be required to pay the purchase money and deposit the required security

within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened November 12, 1909," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall be itself a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb, the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight, where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw

from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 10th day of November, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened November 10, 1909," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act.

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 3, 1910, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on October 22, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Terrace place, from Seventeenth street to Coney Island avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Seelye street and Vanderbilt street distant 100 feet easterly from the easterly line of Coney Island avenue, the said distance being measured at right angles to Coney Island avenue, and running thence westwardly along the said line midway between Seelye street and Vanderbilt street, and along the prolongation of the said line, to the intersection with the center line of Prospect avenue; thence northwardly along the center line of Prospect avenue to the intersection with a line midway between Terrace place and Seelye street; thence westwardly along the said line midway between Terrace place and Seelye street to a point distant 100 feet westerly from the westerly line of Eighteenth street, the said distance being measured at right angles to Eighteenth street; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Eighteenth street, to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Terrace place, the said distance being measured at right angles to Terrace place; thence eastwardly along the said line parallel with Terrace place to the intersection with a line bisecting the angle formed by the intersection of the center line of Terrace place and the prolongation of the center line of Eleventh avenue as these streets are laid out between Sherman street and Windsor place; thence eastwardly along the said bisecting line to the intersection with a line parallel with Coney Island avenue, as this street is laid out between Vanderbilt street and Seelye street, and passing through the point of beginning; thence southwardly along the said line parallel with Coney Island avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 19th day of November, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 19th day of November, 1909.

#### Franchise Matters.

**PUBLIC NOTICE IS HEREBY GIVEN** that at a meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Flatbush Gas Company has, under date of April 6, 1908, made application to this Board for a grant of the right, privilege and franchise to construct, lay, maintain and operate suitable wires or other conductors, and the necessary poles, pipes or other fixtures, and branches or connections therefrom, in the Ocean parkway and the territory adjacent thereto, from Fodder avenue to the Atlantic Ocean, Borough of Brooklyn, as described in the petition, for the purpose of supplying electricity for lighting the streets and to public and private consumers; and Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on September 17, 1909, fixing the date for a public hearing thereon as October 15, 1909, at which citizens were entitled to appear and be heard, and publication was made for at least two days in the "Brooklyn Citizen" and "Standard Union," newspapers designated by the Mayor, and in the City Record, for ten days immediately prior to the date of hearing, and the public hearing was duly had on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Flatbush Gas Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the Flatbush Gas Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Flatbush Gas Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

#### Proposed Form of Contract.

This contract, made and entered into this day of \_\_\_\_\_, 1909, by and between The

City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Flatbush Gas Company, a corporation chartered under and pursuant to the laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter contained, the right and privilege to maintain and operate the underground conduit laid by the Company in the easterly side of the Ocean parkway, Borough of Brooklyn, from Fodder avenue, in the Thirtieth Ward, to the easterly side of the said Ocean parkway, in that part of the Thirtieth ward of the said Borough commonly known as Coney Island, to lay, maintain and operate in the said conduit conductors for conducting and distributing electricity, and to construct, maintain and operate such additional conduits and underground connections as may be necessary for the purpose of supplying electricity to public and private buildings and consumers within the following territory:

Beginning at a point at the intersection of the westerly side of Ocean parkway with the northerly side of Foster avenue; running thence westerly along the northerly side of Foster avenue to its intersection with the westerly side of East Fifth street; thence southerly along the westerly side of East Fifth street and on a line therewith through private property to the intersection of the westerly side of East Fifth street with the northerly side of Avenue W; thence westerly along the northerly side of Avenue W to its intersection with the westerly side of East Fourth street; thence southerly along the westerly side of East Fourth street to its intersection with the northerly side of Avenue X; thence westerly along the northerly side of Avenue X to its intersection with the westerly side of East Third street; thence southerly along the westerly side of East Third street to its intersection with the northerly side of Avenue Y; thence westerly along the northerly side of Avenue Y to its intersection with the westerly side of East Second street; thence southerly along the westerly side of East Second street to its intersection with the northerly line of Avenue Z; thence westerly along the northerly line of Avenue Z to its intersection with the westerly side of East First street; thence southerly along the westerly side of East First street to its intersection with the northerly side of Canal avenue; thence southerly along the westerly side of Canal avenue to its intersection with the westerly side of West First street; thence southerly along the westerly side of West First street to its intersection with the northerly side of Sea Breeze avenue; thence westerly along the northerly side of Sea Breeze avenue to its intersection with the westerly side of West Fifth street; thence southerly along the westerly side of West Fifth street to the Atlantic Ocean; thence easterly along the Atlantic Ocean to its intersection with Coney Island avenue, also known as Coney Island road; thence northerly along the westerly line of Coney Island avenue, or the line of Coney Island road, to its intersection with the northerly line of Avenue W; thence westerly along the northerly line of Avenue W to its intersection with the easterly line of East Seventh street; thence northerly along the easterly line of East Seventh street to its intersection with the northerly line of Avenue R; thence easterly along the southerly line of Avenue R to its intersection with the easterly line of East Ninth street; thence northerly along the easterly line of East Ninth street to its intersection with the northerly line of Avenue Q; thence westerly along the northerly line of Avenue Q to its intersection with the easterly line of East Seventh street; thence northerly along the easterly side of East Seventh street to its intersection with the northerly line of Foster avenue; thence westerly along the northerly line of Foster avenue to the point of place of beginning.

—the said boundaries being more clearly shown by a broken red line on the map or plan attached to this contract, dated March 21, 1908, signed by W. K. Rossiter, Vice-President, and Henry E. McGowan, Engineer of the Company, and made a part hereof.

The underground conduit above referred to is the underground conduit laid by the Company in the Ocean parkway under an agreement entered into between the Commissioner of the Department of Parks of the City of Brooklyn and the Company on August 4, 1897, which agreement was held by the Court of Appeals on December 17, 1907, in *People ex rel. Flatbush Gas Company against Bird S. Coler et al.* (190 New York Reports, 268), not to have given the Company the privilege of laying or erecting conduits or conductors for the purpose of supplying electricity to private consumers.

Sec. 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions which shall be complied with by the Company:

First—The said right to lay, construct, maintain and operate the said conduit, wires, conductors and connections for furnishing and supplying electricity in the above described territory shall be held and enjoyed by the Company, its successors and assigns, for a period of twenty-five (25) years from December 17, 1907, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate said conduit, wires, conductors and connections, constructed, maintained and operated under and in pursuance of this contract.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other party fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall

be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, at any time, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

The sum of five hundred dollars (\$500) for the privilege hereby granted within thirty (30) days after the signing of this contract by the Mayor.

The further sum of one hundred and fifty dollars (\$150) for the privilege of operating during the year ending December 16, 1908, within thirty (30) days after the signing of this contract by the Mayor.

During the period between December 17, 1908, and December 16, 1912, an annual sum which shall in no case be less than one hundred and fifty dollars (\$150), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

During the succeeding five years of this original contract an annual sum, which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

During the succeeding five years of this original contract an annual sum, which shall in no case be less than four hundred dollars (\$400), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of four hundred dollars (\$400).

During the succeeding five years of this original contract an annual sum, which shall in no case be less than five hundred dollars (\$500), and which shall be equal to four (4) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

During the last five years of this original contract an annual sum, which shall in no case be less than six hundred and fifty dollars (\$650), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of six hundred and fifty dollars (\$650).

All annual sums as above shall be paid into the treasury of the City on February 1 of each year, and shall be for the amount due to December 31 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

Any and all payments to be made by the terms of this contract shall be made to the City, and shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board of the City of New York.

Third—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, as hereinafore provided, notwithstanding any clause in any statute or in the charter of the City of New York, or in any franchise or agreement for similar rights or franchises at a different rate, and no transfer, sale, assignment, lease or sublease of the rights or franchises hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease shall conform to the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, wires, plants or appliances of any such person or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, in the same territory in which the Company is authorized to operate by this contract.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, wires, plants or appliances of any such person or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the conduits, wires, conductors, connections and street lamps laid, erected and located by the Company and including all property laid, erected or located by it in the streets or avenues, shall become and be the property of the City, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant, stations and property erected and located by the Company in the Borough of Brooklyn and used exclusively to supply electricity to the territory described in section 1 of this contract, but which are not situated in any street or avenue thereof, including the buildings, plants, stations, meters, house fittings and all property not situated in the streets or avenues so used by the Company in the generation, conversion and distribution of electricity to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant. But the provisions of this paragraph shall not apply to the buildings, plant or other property of the Company in the Twenty-ninth Ward of the Borough of Brooklyn, and shall only apply to such plant or other property as may be erected and operated exclusively to supply the territory described in section 1 of this contract.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove its conduits, wires, conductors and connections from all the streets and avenues and restore said streets at its own cost and expense. Seventh—The Company shall construct and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials, where such permits are required by the Charter of the City. In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company, whether the same be under streets and avenues or in private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

The Company shall, within six months after the signing of this contract, prepare a map showing in detail the location of its underground conduits, the number of ducts in the same, the subsurface structures laying adjacent to or crossing over, under or through said underground conduits, and the size of the same, and such other information as the President of the Borough of Brooklyn may desire. Copies of this map are to be filed in the office of the Board of Estimate and Apportionment, in the office of the President of the Borough of Brooklyn, in the office of the Commissioner of Water Supply, Gas and Electricity, and in the office of the Commissioner of Parks for the Borough of Brooklyn.

The Company shall, where it has opened any street or avenue for the purpose of laying or repairing any conduits or connections, or erecting lamps or for any other purpose, properly restore said or pavement and maintain the same for a period of one year all at its own expense. If the Company shall, after five (5) days' notice from the President of the Borough of Brooklyn, neglect to so restore or maintain said pavement, then the President of the Borough of Brooklyn shall be authorized to do so at the expense of the Company, and the cost of such restoration and maintenance shall be a proper charge against and may be deducted from the security fund hereinafter provided for.

Eighth—The electric plant, conduits, wires, conductors, connections and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner, and with the most modern and improved appliances. The Company shall not construct any overhead wires, conductors or connections, or erect any poles for that purpose.

The supply of electricity furnished by the Company shall always be sufficient for public and private consumers and shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

Ninth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its wires and conductors and furnish light, heat or power to any public building or street lamp.

Tenth—The Company shall file with the Board on or before the 1st day of February in each year and every year a map, plan or diagram, showing the boundaries of the territory in which it is authorized to operate by this contract—upon which shall be plainly marked in appropriate colors the wires and connections laid and erected by it up to December 31 of the second preceding year, and during the year ending December 31 next preceding. This map, plan or diagram shall have a statement thereon of the number of miles of conductors and connections laid and erected up to the 31st day of December of the second preceding year, and of the number of miles of conductors and connections laid and erected during the year ending on the 31st day of December next preceding the date of filing of the same, in the words and figures following, viz:

Number of miles of conductors and connections laid and erected up to December 31, 19 : \_\_\_\_\_ miles, \_\_\_\_\_ feet.

Number of miles of conductors and connections laid and erected during the year ending December 31, 19 : \_\_\_\_\_ miles, \_\_\_\_\_ feet.

and shall be certified by the Secretary of the Company. Copies of this map, plan or diagram shall also be filed in the office of the President of the Borough of Brooklyn, in the office of the Commissioner of Water Supply, Gas and Electricity, and in the office of the Commissioner of Parks for the Borough of Brooklyn.

Eleventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant, or any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets required on account of the construction or operation of the underground conduits herein authorized to be placed in the streets, shall be made at the sole cost of the

Company and in such manner as the proper City officials may prescribe.

Twelfth—It is agreed that the right hereby granted to lay and maintain conduits shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its conduits and their appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Thirteenth—Should the grades or lines of the streets and avenues in which the Company is hereby authorized to operate be changed at any time during the term of this contract or any renewal thereof, the Company shall, at its own expense, change its conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets or avenues the Company shall take care of and protect its conduits and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Fourteenth—The Company shall provide in all future conduits to be laid by it, one (1) duct in every line laid for the exclusive use of the Company for any purpose whatsoever, and free of any charge therefor. Provided, that the duct space required to be furnished shall not be more than one duct in every conduit of four (4) ducts laid, nor shall the total space required to be furnished exceed a space equal to two (2) ducts each three (3) inches in diameter.

Fifteenth—The Company agrees that if at any time during the term of this contract or any renewal thereof, the City shall lay out and undertake the construction and maintenance of a general system of electrical subways in the Borough of Brooklyn, and for that purpose shall deem it advisable to acquire the conduits herein authorized to be laid and maintained, or shall be required to acquire the same, the Company shall, by a valid deed in writing and under seal, surrender to the City all its right, title and interest in and to such conduits and their appurtenances upon payment to it of the value of such underground conduits as fixed by appraisers appointed and paid in the same manner and having the same powers as appraisers appointed upon any renewal of this contract as hereinafter provided. Such value shall be fixed with due regard to the termination of this contract or renewal thereof. If, however, the City, by the Board, so determines it may at any time after March 1, 1914, require the Company, by an instrument under seal entered into between the City and the Company, to surrender to the City the said conduits and their appurtenances free of all cost, in consideration of the City allowing the Company to use all the space necessary for its corporate purposes in said conduits so surrendered free of any and all charges, whether for rental or for maintenance, from the date of the surrender of said conduits and their appurtenances to the date of the expiration of this contract or any renewal thereof.

Any agreements made by the Company with any duly authorized individual or other corporation, whether under the provisions of this contract or otherwise, whereby said duly authorized individual or other corporation is granted or given the right or permission to use said conduits and their appurtenances shall not in any manner affect the right of the City to acquire and take over the conduits and their appurtenances belonging to the Company, free and clear of any and all incumbrances whatsoever.

This provision shall not in any way affect the City's right to the use of the Ocean Parkway and other public streets and places upon the expiration of this contract or any renewal thereof, or upon the happening of any of the other contingencies herein provided for.

Sixteenth—Should the City at any time acquire the conduits of the Company for construction of a system of conduits for the accommodation of wires and conductors thereto strung and constructed above the surface of the street, the Company agrees that upon being directed to do so, it will remove its overhead wires and place them in said conduits, under the supervision of the proper municipal authorities, paying for the use of such conduits, except as otherwise expressly agreed in this contract, a reasonable rental to be fixed by the Board.

Seventeenth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board as hereinafter provided.

For electricity furnished to the City or other public consumers:

(a) For lighting purposes, the sum of ten (10) cents per kilowatt hour;

(b) For other purposes the sum of twelve (12) cents per kilowatt hour, subject to the following discounts, where the monthly consumption equals or exceeds the following:

100 horse power, 20 per cent. discount.  
200 horse power, 25 per cent. discount.  
400 horse power, 30 per cent. discount.  
600 horse power, 35 per cent. discount.  
800 horse power, 40 per cent. discount.  
1,000 horse power, 45 per cent. discount.  
1,500 horse power, 50 per cent. discount.

For electric street lamps consuming four hundred and fifty (450) watts of electric current at the arc, and burning 3,950 hours per year, together with proper inspection and necessary service for care and maintenance, the sum of one hundred dollars (\$100) per year; and for other electric street lamps at proportionate rates, as provided by law.

For electricity furnished for all other purposes and to all other consumers, the rates fixed by chapters 390 and 615 of the Law of 1906.

The Company also agrees that if in the future any new or improved style of street lighting is available for use, it will furnish the same at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Eighteenth—The Company shall supply electricity to the public buildings and public lamps of all types situated on the line or lines of the conductors of said Company, if required by the Commissioner of Water Supply, Gas and Electricity, and said public buildings and lamps shall be lighted when required by the City at rates not to exceed those heretofore set forth, or such as may be hereafter established by the Board. As a condition of this contract the Company binds itself to submit bids or proposals for lighting the public buildings and furnishing and lighting public lamps of all types in the entire territory in which, during the term of this contract or any renewal thereof, it claims the right to operate along the lines of its conductors as they exist or may be extended, whenever the same are advertised or called for by the Commissioner of Water Supply, Gas and Electricity, or his successor in authority.

Nineteenth—During the term of this contract or any renewal thereof the Board shall have the power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to operate, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for electricity furnished by the Company shall continue until September 16, 1912, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to readjust such rates, provided the same shall not exceed those fixed by law or be unreasonable or unfair to the Company.

Twentieth—The Company shall, upon request from any individual, company or corporation, occupying premises in the territory covered by this contract, not in arrears to it for services already rendered, and who has not agreed with any previous occupier of the premises occupied by such individual, company or corporation, to assume the payment of any moneys due by such previous occupier to the Company, extend its conductors to the premises of such individual, company or corporation, and supply current for light, heat or power or any or all of such purposes; provided that it shall not be required to so extend its conductors where the ground in which the same are to be laid shall be frozen, during the period in which the said frozen condition shall continue.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the conductors of the Company can apply to the Board to compel the Company, in compliance with the provisions of this contract, to connect with and furnish electricity to such consumer or person, and all orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions of section 63 of the Transportation Corporations Law fixing a penalty for failure of any electric company to extend its service to an applicant, and of this subdivision of the contract requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

Twenty-first—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-second—The Company shall submit to the Board a report not later than February 1 of each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate of interest per annum on funded debt.
10. Statement of dividends paid during year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the stockholders of the Company held for that purpose.
13. Cost of underground conduits and appurtenances in territory covered by this contract to the year preceding and moneys expended on same during year.
14. Present value of said conduits and appurtenances based on cost and depreciation.
15. Miles of conductors.
16. Amount of electricity in kilowatts furnished to consumers other than City, number and kind of lamps, motors and heaters supplied with same, and under the supervision of the City.
17. Amount of electricity furnished to the City, in kilowatts, number and kind of lamps, motors and heaters supplied with same and amount received therefor.
18. Total receipts from sales of electricity in territory covered by this contract.
19. Operating expenses, interest and other charges.
20. Net earnings and surplus from such sales.
21. Statement of receipts and expenses from all operations in the territory covered by this contract.
22. Cost of furnishing electricity per kilowatt in territory covered by this contract and in entire territory in which Company operates.
23. Balance sheet for year.
24. Amounts paid by Company for damages to persons or property on account of construction and operation.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-third—The Company shall at all times keep accurate books of account and shall, on or before February 1 in each year, make a verified report to the Board of the business done by the Company for the year ending December 31 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company in the territory in which it is authorized to operate by this contract, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-fourth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant shall thereupon become the property of the City without proceedings at law or in equity.

If for a period of two consecutive weeks the electric system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings in law or in equity, if it shall appear in the judgment of said Board that the same was not operated through the fault of the Company. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-fifth—If the said Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, or fail to comply with any

provision of this contract, except as hereinafter otherwise provided, the Board, if it so elects, instead of commencing proceedings to terminate this contract may give written notice to the said Company, specifying any default on the part or said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed and liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, and in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided.

Twenty-sixth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of seven hundred and fifty dollars (\$750), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, and requiring the removal of the Company's overhead wires; and in case of such default in the annual payment the City shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of default by the Company in the removal of its overhead wires, pursuant to the provisions of this contract, the City, after ten (10) days' notice to the Company, shall have the right to cause the said work to be done and collect the reasonable cost thereof from the said fund without legal proceedings. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other Municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall, in addition to the penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on its own motion or on complaint made, shall give notice to the Company, directing its president or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Board, to be in default, said Board shall forthwith impose the prescribed penalties, and without legal proceedings direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him.

In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of seven hundred and fifty dollars (\$750), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City, in the same manner as provided for other breaches in section 2, twenty-fourth thereof. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-seventh—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-eighth—Unless expressly so provided therein, none of the conditions or provisions inserted in this contract shall be deemed to apply to any other territory than that described in section 1 hereof, nor to bind the Company in regard to its operations, rights or property in such other territory.

Twenty-ninth—If at any time the powers of the Board or of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then, and in such case, such other Board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract.

Thirty-first—The words "streets and avenues" or "streets or avenues," when and where used, shall be deemed to include the Ocean Parkway and any and all streets, avenues, roads, highways, boulevards, parkways, parks and public places.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, in addition to all provisions of law pertaining thereto.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK.

By..... Mayor.

Attest:..... City Clerk.

By..... President.

Attest:..... Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Flatbush Gas Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, December 3, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, December 3, 1909, in two daily newspapers to be designated by the Mayor thereof and published in The City of New York, at the expense of the Flatbush Gas Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Flatbush Gas Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, December 3, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

(Brooklyn "Citizen" and "Standard Union" designated.)

Dated New York October 15, 1909.

JOSEPH HAAG, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN

that at a meeting of the Board of Estimate and Apportionment, held October 22, 1909, the following petition was received:

BEFORE THE BOARD OF ESTIMATE AND APPOINTMENT OF THE CITY OF NEW YORK.

In the matter of the application of the East River Terminal Railroad for an extension of franchise to operate a railroad in and upon certain streets and avenues in the Borough of Brooklyn, City of New York.

To the Honorable, The Board of Estimate and Apportionment of The City of New York:

The petition of the East River Terminal Railroad respectfully shows to your Honorable Board:

I. That your petitioner is a corporation duly organized under and by virtue of the laws of this State as a railroad for the transportation and carriage of freight exclusively for the public generally, with its office and principal place of business located at No. 113 Wall street, in the Borough of Manhattan, City of New York, and that William Butler Duncan, Jr., of Port Washington, Nassau County, N. Y., is the President, and John McCafferty, of the City and State of New York, is the Secretary thereof.

II. That heretofore and on or about the 15th day of March, 1909, The City of New York, acting through your Honorable Board, granted to your petitioner a franchise to construct, maintain and operate a steam railroad in certain streets and avenues in the Borough of Brooklyn, City of New York, adjacent to and connected with the hereinafter mentioned streets, avenues and public highways, the terms and conditions of which franchise were duly performed by your petitioner.

III. Your petitioner is desirous of extending its road and connecting the same with tracks in the hereinafter referred to streets and avenues, and for that purpose hereby petitions your Honorable Board for a franchise to construct, maintain and operate a steam railroad, and for permission to lay down tracks in the following streets and avenues, which are public highways in the Borough of Brooklyn, City of New York, to wit:

(A) One single track in the centre of North Fifth street, beginning at a point three hundred and forty (340) feet westerly from the west side of Kent avenue; running thence easterly to a point distant about fourteen (14) feet westerly from the westerly side of Kent avenue, together with a single spur or connection track running from the first-mentioned track northwesterly at an oblique angle across the northern side of North Fifth street to a point distant three hundred and seventeen (317) feet westerly from the westerly side of Kent avenue.

(B) One single track on the north side of North Fifth street, entering thereon at a point distant three hundred and eleven (311) feet westerly from the westerly side of Kent avenue; running thence easterly along the northern side of North Fifth street to the westerly side of Kent avenue; thence across Kent avenue, continuing along North Fifth street to the westerly side of Wythe avenue, with the following spur or connection tracks:

(1) One single track beginning at a point forty (40) feet west of the westerly side of Kent avenue; running thence westerly at an oblique angle across the northern side of North Fifth street to the property abutting on said highway at a point about ninety-seven (97) feet westerly from the westerly side of Kent avenue.

(2) One single track, beginning on the northern side of North Fifth street and the easterly side of Kent avenue; running thence southeasterly across North Fifth street to a point on the south side thereof, distant one hundred and three (103) feet easterly from the easterly side of Kent avenue.

(3) One single track, beginning on the north side of North Fifth street at a point distant about one hundred and three (103) feet easterly from the easterly side of Kent avenue; running thence southwesterly across North Fifth street to the southerly curb line; thence easterly to a point three (3) feet west of the westerly side of Wythe avenue.

(4) One single track, beginning on the south side of North Fifth street at a point about one hundred and sixty (160) feet easterly from the east side of Kent avenue; running thence northwesterly across North Fifth street to the northern side thereof at a point about two hundred and fifty (250) feet easterly from the easterly side of Kent avenue.

(C) One single track, beginning on the northern side of North Fifth street at a point near the easterly side of Kent avenue; running thence southeasterly across North Fifth street to the southerly side thereof; thence easterly along the southerly side of North Fifth street to the westerly side of Wythe avenue.

(D) One single track on the northern side of North Fifth street, beginning at a point about sixty (60) feet westerly from the westerly side of Wythe avenue; running thence northwesterly across North Fifth street to a point about two hundred and fifty (250) feet easterly from the easterly side of Kent avenue; thence across Wythe avenue in a north-easterly direction to the easterly side thereof at a point about

twelve (12) feet northerly from the northerly side of North Fifth street.

(E) Four single tracks across Wythe avenue from the easterly side or house line to the westerly side or house line thereof, all of which tracks are to be on said Wythe avenue at a point between North Fifth street and North Sixth street and near the northerly side of North Fifth street.

(F) One single track on the south side of North Sixth street, beginning at the bulkhead line on the easterly side of the East River; running thence southeasterly along the southerly side of North Sixth street to a point four hundred and fifty-two (452) feet westerly from the westerly side of Kent avenue, with a single spur or connecting track on the south side of North Sixth street, beginning at the bulkhead line and running thence southeasterly to the abutting property at a point about five hundred and sixty-one (561) feet westerly from the westerly side of Kent avenue.

(G) One single track on the northerly side of North Sixth street, beginning at the bulkhead line on the easterly side of the East River; running thence southeasterly along the northerly side of North Sixth street to a point four hundred (400) feet westerly from the westerly side of Kent avenue, with a single spur or connecting track on the northerly side of North Sixth street beginning at the bulkhead line aforesaid; running thence northerly to a point on the northerly side of North Sixth street about six hundred (600) feet westerly from the westerly side of Kent avenue.

(H) Two single tracks across North Seventh street from the northerly to the southerly side thereof, which said tracks are to be about five hundred and fifty-four (554) feet and five hundred and sixty (560) feet, respectively, west of the westerly side of Kent avenue.

(I) One single track, beginning at a point on the northerly side of North Seventh street five hundred and fifty-five (555) feet westerly from the westerly side of Kent avenue; running thence southeasterly to the southerly side of North Seventh street; thence easterly along said southerly side of North Seventh street to a point thirteen (13) feet westerly from the westerly side of Kent avenue.

(J) One single track on the north side of North Eighth street, beginning at a point five hundred and seventy-seven (577) feet westerly from the westerly side of Kent avenue; running thence southeasterly, thence easterly, along the northerly side of North Eighth street to a point one hundred and eighty (180) feet westerly from the westerly side of Kent avenue.

(K) One single track, beginning on the southerly side of North Eighth street at a point about five hundred and fifty-two (552) feet westerly from the westerly side of Kent avenue; running thence northwesterly across North Eighth street to the northerly side thereof to a point about six hundred and thirty-three (633) feet westerly from the westerly side of Kent avenue.

(L) One single track, beginning on the south side of North Eighth street at a point five hundred and ninety-six (596) feet westerly from the westerly side of Kent avenue; running thence northwesterly across North Eighth street to the northerly side thereof to a point six hundred and thirty-three (633) feet westerly from the westerly side of Kent avenue.

(M) Two single tracks across North Eighth street, from the northerly to the southerly side thereof, the first of which beginning at a point on the northerly side of North Eighth street about six hundred and seventy-one (671) feet westerly from the westerly side of Kent avenue, running southerly across North Eighth street to a point about six hundred and thirty-three (633) feet westerly from the westerly side of Kent avenue, and the second of which running parallel with the first track, beginning at the same point on the northerly side of North Eighth street, running thence southerly across North Eighth street to the southerly side thereof to a point distant about six hundred and forty-one (641) feet westerly from the westerly side of Kent avenue.

(N) One single track, beginning on the north side of North Ninth street at a point about six hundred and seventy-six (676) feet westerly from the westerly side of Kent avenue, running thence westerly to the bulkhead line on the easterly side of the East River, together with four single spur or connecting tracks, as follows:

(1) One track beginning at a point in the center of North Ninth street about six hundred and seventy-six (676) feet westerly from the westerly side of Kent avenue, running thence northerly to a point on the northerly side of North Ninth street about five hundred and eighty-seven (587) feet westerly from the westerly side of Kent avenue.

(2) One track beginning at a point in the center of North Ninth street about four hundred and sixteen (416) feet westerly from the westerly side of Kent avenue, running thence northwesterly to the north side of North Ninth street to a point about five hundred and sixteen (516) feet westerly from the westerly side of Kent avenue.

(3) One track beginning in the center of North Ninth street at a point about four hundred and sixty (460) feet westerly from the westerly side of Kent avenue, running thence northwesterly to the northerly side of North Ninth street at a point about five hundred and eighty-seven (587) feet westerly from the westerly side of Kent avenue.

(4) One single track beginning at a point in the center of North Ninth street about five hundred and eighty-seven (587) feet westerly from the westerly side of Kent avenue, running thence northwesterly to the northerly side of North Ninth street to a point about six hundred and forty-seven (647) feet westerly from the westerly side of Kent avenue.

(P) Two single tracks across Kent avenue, from the easterly side or house line to the westerly side or house line thereof, the first beginning at a point about twelve (12) feet northerly from the northerly side of North Fifth street, and the second about twenty-two (22) feet northerly from the northerly side of North Fifth street.

(Q) One single track on trestle beginning at the bulkhead at the easterly side of the East River, running thence southeasterly across the southerly side of North Ninth street to building line at a point about six hundred and thirty-six (636) feet westerly from the westerly side of Kent avenue, together with two spur or connecting tracks, each beginning at a point on the above mentioned track about six hundred and seventy-six (676) feet westerly from the westerly side of Kent avenue, both running thence southeasterly about forty (40) feet to a point in the building line on the southerly side of North Ninth street, all of said tracks being elevated above grade about twenty-two (22) feet.

IV. Attached hereto and made a part of this application is a plan entitled "Map showing proposed railroad of the East River Terminal Railroad, in the Borough of Brooklyn, City of New York, to accompany petition, dated October 13, 1909, to the Board of Estimate and Apportionment."

V. The motive power to be employed shall be an electric engine or steam engine of the dummy type.

VI. Heretofore your petitioner, pursuant to the statute in such case made and provided, duly filed with the Secretary of State a statement of the above described streets and avenues, and a notice of its intention to apply for a franchise to construct, operate and maintain a railroad thereon as an extension of its present system and franchise.

VII. That your petitioner has duly procured and filed the consent of the owners of more than one-half in value of the abutting property on and along said streets and avenues to the construction, maintenance and operation of said railroad.

VIII. Your petitioner has duly applied to the Public Service Commission, First District, for a certificate that public convenience and necessity requires the construction of said railroad, which application is pending.

Wherefore your petitioner prays that a franchise covering the right to construct, operate and maintain a railroad upon the aforesaid public highways may be granted, and that your Honorable Board proceed in due form of law thereon.

Dated October 13, 1909.

JOSEPH HAAG, Secretary.

Dated New York, November 5, 1909. n8,12

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The New York and Queens County Railway Company has, under date of April 12, 1908, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate an extension to its existing street surface railway system, beginning and connecting the Southern Boulevard and Westchester avenue route, opposite the Queensboro Bridge plaza, in the Borough of Queens; thence in and upon the Queensboro Bridge plaza to the easterly bridge approach to the Queensboro Bridge; thence upon and along the Queensboro Bridge to the westerly approach; thence upon and along said westerly bridge approach to the westerly terminus thereof at Second avenue, in the Borough of Manhattan; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on May 1, 1908, fixing the date for a public hearing thereon as June 12, 1908, at which citizens were entitled to appear and be heard, and publication was made for at least fourteen days in the Long Island City "Daily Star" and the "Evening Journal," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing; and the public hearing was duly had on such date; and

Whereas, At the meeting of this Board held September 17, 1909, the Select Committee to whom the matter had been referred submitted a report recommending certain amendments in the form of contract previously presented, and the Chief Engineer was thereupon directed to prepare a contract in accordance with such recommendations, which amended contract was presented to this Board September 24, 1909; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and Queens County Railway Company,

and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and Queens County Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and Queens County Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

#### Proposed Form of Contract.

This contract, made this day of November, 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Queens County Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to operate passenger cars, upon two tracks only, upon and across the Queensboro Bridge (Blackwell's Island) Bridge, as an extension to its existing lines in the Borough of Queens, upon the following route, to wit:

Beginning and connecting with the tracks of the Company in Jackson avenue, opposite the Queensboro Bridge plaza, in the Borough of Queens; thence in and upon the Queensboro Bridge plaza to the easterly approach to the Queensboro Bridge; thence upon and across intersecting streets and avenues to the Queensboro Bridge; thence upon and along the Queensboro Bridge to the westerly approach; thence upon and along said westerly bridge approach to the westerly terminus thereof at Second avenue, in the Borough of Manhattan, all in The City of New York.

Sec. 2. The grant of this right or privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege shall be held and enjoyed by the Company for a term of ten (10) years from the date upon which this contract is signed by the Mayor, and may continue for a further term of five (5) years, or a term of fifteen (15) years, which further term shall be terminable at the option of the Board at any time during the said fifteen (15) years, upon six months' notice by the Board to the Company.

Second—The Company shall pay to the City the following sums hereby granted the following sums of money:

(a) The sum of two thousand five hundred dollars (\$2,500) in cash within thirty days after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the hereby granted right and privilege.

(b) During the first term of five years an annual sum which shall in no case be less than one thousand two hundred dollars (\$1,200), and which shall be equal to three (3) per cent. of its gross annual receipts, in excess of the sum of one thousand two hundred dollars (\$1,200).

During the second term of five years an annual sum which shall in no case be less than two thousand two hundred dollars (\$2,200), and which shall be equal to five (5) per cent. of its gross annual receipts, in excess of the sum of two thousand two hundred dollars (\$2,200).

During the third term of five years, or during such portion of said term as this contract shall be in force, an annual sum which shall in no case be less than two thousand four hundred dollars (\$2,400), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand four hundred dollars (\$2,400).

During the fourth term of five years, or during such portion of said term as this contract shall be in force, an annual sum which shall in no case be less than two thousand six hundred dollars (\$2,600), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand six hundred dollars (\$2,600).

The gross receipts mentioned above shall be that portion of the gross earnings of the Company from all sources as shall bear the same proportion to such gross earnings as the length of the route hereby authorized shall bear to the entire length of the railway of the Company in operation.

The payment of such minimum sums shall begin from the day on which this contract is signed by the Mayor.

(c) For the use of the bridge structure and approaches thereto, the sum of five cents for each round trip, or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of such cars shall be certified by the Commissioner of Bridges to the Comptroller of the City, in such form as shall be designated by the Comptroller.

(d) For the use of the tracks owned by the City upon the bridge and approaches, a sum equal to four (4) per cent. per annum upon the valuation of thirty thousand dollars (\$30,000) per mile of single track used; provided, however, that if such tracks are used by any other company or companies, then the Company shall pay only such portion of such four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such tracks by the Company. The Commissioner of Bridges shall compute the sums due the City for the use of such tracks and certify the same to the Comptroller.

(e) For the use of terminal loops and other terminal facilities which are the property of the City a sum equal to four (4) per cent. upon the cost of the tracks in the terminal, and all overhead equipment necessary for the operation of the cars, provided, however, that if such terminal loops and other terminal facilities are used by any other company or companies, then the Company shall pay only such portion of such four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such facilities by the Company. The Commissioner of Bridges shall compute the sums due the City for the use of such terminal facilities and certify the same to the Comptroller.

All such sums as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law, as it now exists or as it may hereafter be amended, relating to the matter of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract shall be strictly complied with.

Any and all payments to be made by the terms of this contract to the City by the Company, except the payment of three (3) per cent. of the gross receipts during the first five years of the contract, and five (5) per cent. of the same thereafter, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal of any part thereof, or of the route mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary notwithstanding, and the granting of any such "consents" shall not render unnecessary any subsequent consent or consents.

Fifth—The Company shall use only such tracks and terminal facilities as shall be assigned to the Company by the Commissioner of Bridges; and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks and terminal facilities to such individual or other corporation.

Such tracks, terminal facilities and all electrical equipment necessary for the operation of cars thereon shall be installed at the expense of the Company, and shall remain the property of the City, but the Company shall pay the cost of keeping and maintaining such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges, and in the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for effecting such changes, which shall be made under the control and direction of the Commissioner of Bridges, and no such changes, or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks, terminal facilities, electrical equipment or signal system are used by any other company or companies, and should any change in the layout of such tracks, curves, switches, sidings or equipment be made necessary while used by any other company, then, in that event, the Company shall bear only that proportion of the cost of such signal system and the cost of making such changes in the layout of the tracks, curves, switches, sidings or platforms as the use of such track, electrical equipment and signal system by the Company shall bear to the entire use of such appliances.

Sixth—Before beginning the operation of the cars the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate, and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company, and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any car or inadequate appliance and the substitution thereof of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement of highway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Seventh—A sufficient number of cars from the lines of the Company operated in the Borough of Queens shall at all times be operated across the bridge to accommodate passengers desiring to ride upon such cars. Nothing in this contract shall be construed as permitting the Company to operate local bridges can boats and such upon the bridge between the bridge piers in the Borough of Queens and the bridge approach in the Borough of Manhattan.

**Eighth**—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway or line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City when such employees are in full uniform, and shall carry free upon the bridge and its approaches such employees of the Department of Bridges as may be designated by the Commissioner of Bridges.

**Ninth**—All cars operated on said railway shall be well lighted by electricity or by some lighting system equally efficient, or as may be required by resolution of the Board.

**Tenth**—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

**Eleventh**—The Company shall at all times keep accurate books of account of the gross earnings from all sources, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the total miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

**Twelfth**—In case of any violation or breach of the provisions of this contract, or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

**Thirteenth**—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge, or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

**Fourteenth**—If the Company shall fail to give efficient public service at the rates herein fixed, or shall fail to maintain the structures and equipment as herein provided, in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250), as fixed or liquidated damages; or the Board, in case such structures or equipment shall not be put in good condition within a reasonable time, after notice by the Board as aforesaid, shall have the right to make all the needed repairs at the expense of the Company, which shall be paid by the Company to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

**Fifteenth**—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

**Sixteenth**—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City of New York the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, and the repair and maintenance of tracks and equipment upon the bridge, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or, in case of failure to keep the said terms and conditions of this contract relating to the rules and regulations made by the Commissioner of Bridges and the heating and lighting of cars, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated or lighted in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its president, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing, appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or, where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and, without legal procedure, direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No

action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

**Seventeenth**—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction and shall be deemed to have been given at the time of delivery or mailing.

**Eighteenth**—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

**Sec. 3.** Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

**Sec. 4.** This grant is also upon the further and express condition that the provisions of the Railroad Law applicable thereto shall be strictly complied with by the Company.

**Sec. 5.** The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions of rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and Queens County Railway Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, November 12, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, November 12, 1909, in two daily newspapers to be designated by the Mayor thereof and published in the City of New York, at the expense of the New York and Queens County Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and Queens County Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, November 12, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard. (Long Island City "Daily Star" and "Evening Journal" designated.)

**No. 5. FOR ERECTING A BUILDING FOR STOREHOUSE AND SHOP AT THE ONE HUNDRED AND SEVENTY-NINTH STREET PUMPING STATION, LOCATED NEAR AMSTERDAM AVENUE AND ONE HUNDRED AND SEVENTY-NINTH STREET, BOROUGH OF MANHATTAN.**

The time allowed for doing and completing the work will be one hundred and fifty (150) working days.

The security required will be Five Thousand Dollars (\$5,000).

The attention of bidders is particularly called to the following requirements, i. e.: Each bidder shall submit with his bid or estimate evidence that will prove to the satisfaction of the Commissioner that he is prepared to furnish all the necessary materials, and possess the necessary plant to complete all the work in the manner and time herein specified.

For particulars as to the quantity and quality of the supplies or of the materials to be furnished, bidders are referred to the specifications and lists of materials, supplies and apparatus to be furnished, and to the plans on file at the office of the Department.

Any bid which fails to name a price, both in writing and in figures, per unit of measurement for each and every item where quantities are given, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders are particularly cautioned that a provision in the contract requires the maintenance of all construction work in good condition for a period of one year, and the maintenance of the roofing, flashing, etc., in good condition for a period of three years.

The bids will be compared and the contract awarded for all the work, articles, materials and supplies contained in the specifications or schedule attached thereto.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to inclose the bid or estimate, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, may be obtained upon application therefor at the office of the Department, Bureau of Chief Engineer, Room 922, No. 21 Park row, New York City, where the plans, which are made a part of the specifications, may also be seen, and any further information obtained from the Chief Engineer.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of HULL AVENUE and NORWOOD (DECATUR) AVENUE (although not yet named by proper authority), between Mosholu Parkway North and Woodlawn road, across the lands of the former Jerome Branch of the New York and Harlem Railroad, now the property of the New York City Railway Company, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

**NOTICE IS HEREBY GIVEN TO ALL** persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of November, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 26th day of November, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of November, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 26th day of November, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the day of 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

The area bounded on the southwest by the northeasterly side of Mosholu parkway, on the northeast by the southwesterly side of Woodlawn road, on the southwest by a line midway between Mosholu avenue and Intervale avenue, and on the southeast by a line midway between Norwood avenue and Webster avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps and all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of November, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 24th day of February, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the day to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 688 of the Laws of 1906.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BRONX BOULEVARD (although not yet named by proper authority), from Old Boston Post road to East Two Hundred and Forty-second street (Dermitt avenue), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 19th day of November, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of November, 1909, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of November, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly boundary line of The City of New York, with a line parallel to and distant 500 feet westerly from the westerly line of Webster avenue, running thence southerly along said line parallel to Webster avenue to its intersection with a line midway between Moshulu Parkway North and Woodlawn Road. Thence southeasterly along said line and its southeasterly prolongation to its intersection with a line parallel to and distant 1,500 feet westerly from the westerly line of the Bronx boulevard; thence southerly along said parallel line to the Bronx boulevard and its southerly prolongation to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West Farms road. Thence easterly along said parallel line to the southerly prolongation of a line parallel to and distant 100 feet easterly from the easterly line of Barnes avenue; thence northerly along said last-mentioned southerly prolongation and parallel line and its northerly prolongation to its intersection with the northerly boundary line of the City of New York; thence westerly, southerly, and again westerly along the said boundary line of The City of New York to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 25th day of January, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, August 2, 1909.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of NINETEENTH AVENUE, from Seventy-sixth street to Eighty-sixth street, in the Thirtieth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 30th day of June, 1909, and duly entered in the office of the Clerk of the County of Kings, at his office, in the Borough of Brooklyn, in the City of New York, on the 1st day of July, 1909, a copy of which order was duly filed in the office of the Register of the County of Kings, we, Joseph H. Breaznell, Karl S. Dietz and J. Alexander Stitt, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also, in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Kings on the 1st day of July, 1909; and the said Joseph H. Breaznell was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Kings on the 1st day of July, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 22d day of November, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, City of New York, November 9, 1909.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of DEKALB AVENUE, (although not yet named by proper authority), from Brooklyn Borough line to Woodward Avenue, in the Second Ward, Borough of Queens, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson Avenue, Long Island City, Borough of Queens, in The City of New York, on or before the 3d day of December, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of December, 1909, at 10 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson Avenue, Long Island City, in the Borough of Queens, in said City, there to remain until the 3d day of December, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Woodward Avenue on the centre line of the block bounded by the easterly side of DeKalb Avenue and the westerly side of Stockholm Street; running thence in a southerly direction along the said centre line to the line separating the Boroughs of Brooklyn and Queens; thence in a westerly direction along the last mentioned line to the centre line of the block bounded by the westerly side of DeKalb Avenue and the easterly side of Hart Street; thence northerly along the last mentioned centre line to the southerly side of Woodward Avenue; thence easterly along the said southerly side of Woodward Avenue to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 15th day of February, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made, according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application to the office of the Corporation Counsel, for which the work to be done, plans and drawings of construction work may also be seen there.
