To the Board of Estimate and Apportionment:

The Board of Education, at its meeting of June 17, 1891, adopted a resolution requesting the approval of this Board to the issue of additional bonds to the amount of twenty-seven thousand dollars (\$27,000), for the purpose of providing the funds necessary to meet the expenditure of the said amount in carrying out a contract to be entered into between the School Trustees of the Tenth Ward and Joseph Lane, for the erection of a new wing and for alterations to Grammar School No. 75.

The matter was referred to the Comptroller at the meeting of this Board of July 1, and an examination of the plans of the proposed work by the Engineer of the Finance Department shows them to be well adapted to the purpose required. Bids were called for by public advertisement, and eight were received, that of Joseph Lane being the lowest at the price above mentioned, to whom the award was made.

I offer the following preamble and resolution for such action as this Board may deem advisable.

Respectfully,

THEO. W. MYERS, Comptroller.

To Board of Estimate and Apportionment:

The Board of Education, at the meeting of July 8, 1891, adopted a resolution requesting the issue of additional bonds for the purpose of providing the funds necessary to meet an expenditure of thirteen thousand three hundred and forty-seven dollars (\$13,347), for contracts to be entered into between the School Trustees of the Twenty-third Ward, and A. Lowenbein's Sons for Part I., and Andrews Manufacturing Co. for Part II., for supplying new furniture for building at One Hundred and Fifty-seventh street and Courtlandt avenue.

The Engineer of the Finance Department reports that the plans and specifications for this furniture were carefully prepared, and that proposals were called for by public advertisement, and that only one bid was received for supplying the furniture for Part I., being that of A. Lowenbein's Sons, at their price of six thousand five hundred and ninety-seven dollars (\$6,597); for the furniture for Part II., two bids were received, the lower being that of the Favorite Desk and Seating Co. The School Trustees, however, upon comparing the samples submitted by the two bidders for Part II., decided to award the contract to the Andrews Manufacturing Co. at their price of six thousand seven hundred and fifty dollars (\$6,750), as against the sum of six thousand two hundred and thirty-one dollars (\$6,231), bid by the Favorite Desk and Seating Co. The Finance Committee in its report to the Board of Education confirms this action of the School Trustees, and the award was duly made to the Andrews Manufacturing Co. Apart from this irregularity, which is thus satisfactorily explained, no reason exists why the appropriation should not be approved.

I offer the following preamble and resolution for such action as this Board may deem advisable.

Respectfully,

THEO. W. MYERS, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT,

Hon. THEO. W. MYERS, Comptroller:

SIR—The Board of Education, by resolution adopted July 8, 1891, requests the approval of the Board of Estimate and Apportionment of an appropriation of the sum of \$13,347 for supplying new furniture for building at One Hundred and Fifty-seventh street and Courtlandt avenue.

Proposals were invited in the usual way by advertisement for this work, on carefully made plans and specifications, and the following bids were received:

Part I.—A. Lowenbein's Sons.....	\$6,597 00
Part II.—1. Favorite Desk & Seating Co.....	6,231 00
Part II.—2. Andrews Manufacturing Co.....	6,750 00

The award was made by the Trustees, as follows:

For Part I.—To A. Lowenbein's Sons.....	\$6,597 00
For Part II.—To Andrews Manufacturing Co.....	6,750 00
	<hr/> \$13,347 00

The Finance Committee, in its report to the Board of Education, says: "The award by the Trustees not being to the lowest bidder, the Committee took occasion to personally examine the samples presented by the two companies, upon which the award was based, and upon such examination decided to confirm the award of the Trustees, as made to the Andrews Manufacturing Co." I consider the bids reasonable and just.

This is the only irregularity attached to the matter, and it is satisfactorily explained.

I see no reason why the appropriation should not be approved.

Respectfully,

EUG. E. McLEAN, Engineer.

Whereas, The Engineer of the Finance Department reports that the plans and specifications for this work were carefully prepared and advises the approval of the appropriation; therefore

Resolved, That this Board hereby approves of the action of the Board of Education in the above mentioned matter; and

July 28, 1891.

To the Board of Estimate and Apportionment:

The Board of Education, at its meeting of July 8, 1891, adopted a resolution requesting the issue of additional bonds to the amount of ten thousand eight hundred and twenty-six dollars (\$10,826), from the proceeds of which payment may be made upon the contract to be entered into between the School Trustees of the Seventeenth Ward and John Rau, for building, grading, etc., new lots, and altering, etc., present building of Grammar School No. 79.

The Engineer of the Finance Department reports that the plans and specifications upon which proposals were invited were carefully prepared, and that eight bids were received, the lowest being that of John Rau, at the sum named above, to whom the award was made, and advises that the appropriation be approved.

I offer the following resolution for such action as this Board may deem advisable.

Respectfully,
THEO. W. MYERS, Comptroller.

Hon. THEODORE W. MYERS, Comptroller:

Proposals were invited for this work by advertisement in the usual way, on carefully prepared plans and specifications, and eight bids were received, the lowest being that of John Rau for \$10,826, to whom the award was made.

There appears to me no reason why the appropriation should not be approved.

Respectfully,

Whereas, The Board of Education, on July 8, 1891, adopted a resolution requesting the issue of additional bonds to the amount of ten thousand eight hundred and twenty-six dollars (\$10,826) for work to be done in connection with a contract to be entered into between the School Trustees of the Seventeenth Ward and John Rau, for building, grading, etc., new lots, and altering, etc., present building of Grammar School No. 79; and

Whereas, The Engineer of the Finance Department reports that the award was made to John Rau, after public advertisement for proposals, eight of which were received, that of John Rau being the lowest at the price named in the resolution of the Board of Education; therefore

Resolved, That this Board hereby approves of the action of the Board of Education in the above matter; and

Resolved, That the said stock is hereby exempted from taxation by the City and County of New York, pursuant to an ordinance of the Common Council approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote:

Hon. THEO. W. MYERS, Comptroller:

SIR—The Board of Education, by resolution adopted July 1, 1891, requests the approval of the Board of Estimate and Apportionment of an appropriation of the sum of \$20, for the payment of the bill of Amerman & Ford for a survey of property adjoining Grammar School No. 41, in Greenwich avenue.

This survey was made in order to enable the Superintendent to prepare his plans for improving the property which had been recently acquired.

The charge is reasonable and just, and I see no reason why the appropriation should not be approved.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following:

Whereas, The Board of Education adopted a resolution at its meeting of July 1, 1891, appropriating the sum of twenty dollars (\$20) from the premiums received on the sale of School-house Bonds heretofore issued under chapter 136 of the Laws of 1888, for the payment of the bill of Amerman & Ford for survey of property in rear of No. 34 Greenwich avenue, adjoining Grammar School No. 41, dated May 25, 1891, and requested the approval of this Board to the same; therefore

Resolved, That the foregoing resolution, adopted at a meeting of the Board of Education on July 1, 1891, be and the same is hereby approved; and

Resolved, That this Board hereby designates and appropriates the sum of twenty dollars (\$20) for the purpose of paying the bill of Amerman & Ford for survey made by them of property in rear of No. 34 Greenwich avenue, adjoining Grammar School No. 41, dated May 25, 1891, and the Comptroller is authorized to pay the amount thereof out of premiums received on the sale of School-house Bonds heretofore issued under chapter 136, Laws of 1888, and credited to the account of the Board of Education, as required by said resolution.

Which were adopted by the following vote:

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
July 21, 1891.

Hon. THEO. W. MYERS, Comptroller:

SIR—At the meeting of the Board of Police held July 17, 1891, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to appropriate the sum of six thousand dollars for the year 1891, for the payment of salaries of twenty Police Matrons, at the rate of sixty dollars per month, for five months commencing August 1, and also the sum of twenty-six thousand dollars for making the necessary alterations and fitting-up of station-houses and prisons to provide accommodations for women held under arrest, to keep them separate and apart from the cells, corridors and apartments provided for males under arrest.

I was unable this afternoon to see Commissioner Voorhis, who has immediate control over this matter, but I obtained the following information from the Clerks and from the Architect's office.

The matrons are to be placed at the following ten stations—two to each station, viz.:

Fourth Precinct—No. 99 Oak street.

Sixth Precinct—No. 18 Elizabeth street.

Eleventh Precinct—Nos. 105 and 107 Eldridge street.

Thirteenth Precinct—Union Market and Houston street.

Fifteenth Precinct—No. 221 Mercer street.

Nineteenth Precinct—No. 137 West Thirtieth street.

Twenty-first Precinct—No. 120 East Thirty-fifth street.

Twenty-fifth Precinct—No. 153 East Sixty-seventh street.

Twenty-ninth Precinct—No. 148 East One Hundred and Twenty-ninth street.

Thirty-third Precinct—Town Hall, Morrisania.

Of the above, it was found, on examination, that six, viz.: The Eleventh, Thirteenth, Fifteenth, Nineteenth, Twenty-first and Twenty-ninth needed special alterations and fitting up for the required purpose.

The changes consist of putting up new iron cells, in number depending on the space available for the purpose, the highest number in any one station-house being eleven.

Estimates were obtained from competent and reliable mechanics of the different classes of work, consisting of mason work, iron work, plumbing and carpentry, and painting.

The estimates were gone into with particularity, on general plans submitted by the Architect, made after visiting the various buildings, taking measurements, etc.

It was found on such estimate that the building requiring the most work would cost about \$3,800, and this was taken as an average, making the whole amount for the six buildings \$22,000, the remaining \$4,000 being added for contingencies.

The cells are to be made of iron, in the style of the latest prisons. Floors to be concreted.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following :

Whereas, The Board of Police, at a meeting held July 17, 1891, adopted a resolution requesting that, in pursuance of chapter 90 of the Laws of 1891, this Board appropriate the sum of six thousand dollars (\$6,000), for the payment of the salaries of twenty Police Matrons for five months from August 1, 1891, at the rate of sixty dollars per month, each; and also requesting the appropriation of the sum of twenty-six thousand dollars (\$26,000), for making the necessary alterations and fitting up of station-houses and prisons to provide accommodations for women held under arrest, to keep them apart from the cells, corridors and apartments provided for males under arrest; and

Whereas, The Engineer of the Finance Department reports that two of these Matrons are to be placed at ten of the station-houses, namely: the Fourth, Sixth, Eleventh, Thirteenth, Fifteenth, Nineteenth, Twenty-first, Twenty-fifth, Twenty-ninth, and Thirty-third Precincts; and that the following station-houses needed special alterations, namely: the Eleventh, Thirteenth, Fifteenth, Nineteenth, Twenty-first, and Twenty-ninth, in the matter of new iron cells and other necessary work, consisting of mason work, plumbing, iron work, carpentering and painting, and that the estimate given was derived from the plans of the Architect, and after an examination of the different buildings; therefore,

Resolved, That this Board hereby approves of the action of the Board of Police in the matter of the above resolution; and

Resolved, That the sum of six thousand dollars (\$6,000) be and hereby is appropriated to the Police Department for "Salaries for twenty Police Matrons, at seven hundred and twenty dollars each," from August 1, 1891, to December 31, 1891, as provided by chapter 90 of the Laws of 1891; and

Resolved, That the sum of twenty-six thousand dollars (\$26,000) be and is hereby appropriated to provide sufficient accommodations for women held under arrest in the station-houses, as provided by section 5 of the said act; and be it further

Resolved, That the said sums of six thousand dollars and twenty-six thousand dollars be and are hereby included in the Final Estimate for 1891, as provided by section 7 of the said act, under the titles respectively of "Salaries of twenty Police Matrons, at \$720 each," and "Police Station-houses—Alterations, Fitting up, etc., for 1891."

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

Whereupon the Comptroller offered the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
July 24, 1891.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I have the honor to inform you of the adoption of the following preambles and resolution at a meeting of the Board of Parks, held on the 22d instant:

Whereas, The Board of Estimate and Apportionment has heretofore authorized the issue of bonds to the amount of fifteen thousand dollars, pursuant to chapter 575, Laws of 1887, for constructing a foundation wall around Mount Morris Park; and

Whereas, The Engineer of Construction has reported that the contract price is seven thousand and fifty-seven dollars and fifty cents, leaving a balance of six thousand two hundred and two dollars and forty-two cents, of which balance six thousand dollars will not be required for this part of the work; therefore

Resolved, That the Board of Estimate and Apportionment be respectfully requested to authorize the expenditure of the sum of six thousand dollars from the amount raised for the construction of a foundation wall around Mount Morris Park for the purpose of constructing the superstructure to be placed on the said foundation wall in accordance with a plan adopted by this Board on the 15th instant.

In connection with the matter of the proposed enclosing wall for Mount Morris Park I have the honor to communicate the following information:

The distance around the entire park is 3,754 feet, being 987 feet each on Mount Morris and Madison avenues and 890 feet each on One Hundred and Twentieth and One Hundred and Twenty-fourth streets. From this is to be deducted 416 feet required for entrances, making 3,338 lineal feet of wall required for inclosing this park. The estimated cost of the wall, of which plan has been transmitted for the action of your Honorable Board, is \$14 per lineal foot.

Very respectfully,
CHARLES DE F. BURNS, Secretary, D. P. P.

Which were received and referred to the Comptroller.

DEPARTMENT OF STREET CLEANING,

CITY OF NEW YORK,
STEWART BUILDING, No. 280 BROADWAY,
NEW YORK, July 17, 1891.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR BUILDING FIFTY DUMPING CARTS.

PROPOSALS FOR ESTIMATES FOR BUILDING Fifty Dumping Carts will be received by the Commissioner of Street Cleaning, at his office, No. 280 Broadway, Stewart Building, until 2:30 o'clock P. M., of the 10th day of August, 1891, at which time and place they will be publicly opened and read by said Commissioner. Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Department of Street Cleaning, indorsed "Estimate for Building Fifty Dumping Carts," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two

sufficient sureties, each in the penal sum of FIVE THOUSAND DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal examination as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Street Cleaning, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Department of Street Cleaning may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Commissioner of Street Cleaning reserves the right to reject all bids received for any particular work, if he deems it for the best interest of the City.

Plans may be examined, and specifications and blank forms for bids or estimates obtained by application to the Chief Clerk, at the offices of the Department, No. 280 Broadway, New York.

Commissioner of Street Cleaning.

THOS. F. GILROY,

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET,
NEW YORK, July 27, 1891.

PUBLIC NOTICE CALLING FOR BIDS OR proposals for the privilege or license to sprinkle the public streets in the City of New York with water drawn from the public fire-hydrants, the bids to be received and opened at the office of the Commissioner of Public Works on Friday, August 7, 1891, at 12 o'clock noon.

The bidder must state the amount which he proposes and agrees to pay for the license, over and above the amount which will be charged for the water consumed in sprinkling. The amount of each bid must be paid in advance at the time when the license is issued, and the charges for water, as established by the Commissioner of Public Works, must be paid monthly in advance.

The season for sprinkling the streets shall begin not earlier than March 15, 1891, and terminate not later than November 15, 1891, and the Commissioner of Public Works reserves the right to diminish the length of the season and to suspend sprinkling during the season whenever he deems it in the interest of the City so to do.

The Commissioner of Public Works also reserves the right to reject any or all of the bids or proposals.

In the sprinkling of the streets the following rules and regulations must be observed:

1st. The tin sprinkler attached to each cart shall conform in every respect to a pattern approved by the Department of Public Works, the holes to be in parallel rows, at least one-half inch apart, and of a size not to exceed No. 14 wire.

2d. The name and residence of each person licensed to sprinkle the streets shall be painted on both sides of the cask in black letters of not less than two inches in length on a white ground.

3d. Permits for sprinkling carts, if driven by boys, will be immediately revoked.

4th. No license will be granted to any person not a resident of the City and County of New York.

5th. Each sprinkling cart shall be provided with a sound and proper piece of hose to conduct the water from the fire-hydrant to the cart, and such hose shall always be kept in order and free from leaks.

6th. Each person obtaining a permit for sprinkling shall keep the hydrants allotted to his use closed, except when obtaining water for use, and shall be responsible for any damage that may result from the use or abuse of them while in their charge; provided such damage shall not have been occasioned by others than those in the employ of said persons.

7th. Any person who shall thus obtain a permit shall pay to the Department of Public Works such sum or price as may be fixed by the Department for the water used during the season for sprinkling; the payments to be made monthly in advance and within the first week of each month.

8th. Each person obtaining a permit will be required to sprinkle the streets with sufficient water only to lay the dust; drenching the streets with an excessive quantity of water will be sufficient cause to revoke any permit or license.

9th. Every person who shall obtain a sprinkling permit will be required to confine himself strictly to his route; encroaching on other routes will not be permitted.

10th. No double-nozzle hydrants shall be used.

11th. Any licensee violating any of the above rules and regulations will, at the discretion of the Commissioner of Public Works, have his license revoked, and will forfeit all moneys paid by him on account of the same.

No bid will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Commissioner of Public Works, or money to the amount of one hundred dollars (\$100) as security for compliance with the conditions of the license. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the license is awarded. If the successful bidder shall refuse or neglect, within five days after the license has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the license within the time aforesaid, the amount of the deposit will be returned to him.

The following is a description of the route for which proposals will be received:

CROTON WATER RATES.

NOTICE IS HEREBY GIVEN THAT ACCORD- ing to law five per cent. will be added on the 1st of August next on all unpaid Croton Water Rates.

THOMAS F. GILROY,

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1891.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number, of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repave, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of six thousand (\$6,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of three hundred (\$300) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to

him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be

returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the contract is \$5,000.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 31st day of October, 1891, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such

check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

NEW YORK, June 1, 1891.

CLAIMS FOR EXEMPTION FROM JURY DUTY will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, editors, editorial writers or reporters of daily newspapers, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. etc. No attention paid to letters.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

BERNARD F. MARTIN,
Commissioner of Jurors.
