To the Honorable the Common Council of the City of New York:

The petition of the Washington Bridge, Tremont and Westchester Railroad Company respectfully shows:

That your petitioner is a corporation duly organized and incorporated under and in pursuance of the act of the Legislature of the State of New York entitled "An act to provide for the construction, extension, maintenance and operation of street surface railroads and branches thereof in the cities, towns and villages," passed May 6, 1884, for the purpose of constructing, maintaining and operating a street surface railroad for public use in the conveyance of passengers and property in cars, for compensation, in the City of New York, and that the said railroad is proposed to be constructed and maintained and operated upon and along surface of the following streets, avenues and highways in the City of New York, County of New York and State of New York, viz.:

Commencing at the easterly terminus of the Washington Bridge; thence running through Aqueduct avenue as soon as legally opened and graded, to the road known as Featherbed lane, as soon as legally opened and graded to the MacComb's Dam road, along the same as soon as legally opened and graded to the road known as Morris street (or One Hundred and Seventy-seventh street), to Jerome avenue; or by any more feasible route to One Hundred and Seventy-seventh street and Jerome avenue as soon as such streets are legally opened and graded; thence across the same to Tremont avenue (or One Hundred and Seventy-seventh street), formerly known as Locust avenue, Tremont avenue crossing the Harlem Railroad Bridge at Railroad avenue, and thence along said Tremont avenue to the Bronx river at West Farms to the Westchester Avenue Bridge, or so much of said bridge as is situated in the City and County of New York. REPORTS.

(G. O. 211.)

The Committee on Law Department, to whom was referred the annexed "Ordinance in relation to scalpers in coal freight in the City of New York," respectfully

REPORT:

That your Committee have learned, upon inquiry, that it is in the power of persons engaged in business in this city, and known as "coal scalpers," by their manipulations, to retard or advance the supply of coal intended to be delivered to dealers in coal, in this city, thereby at will increasing or diminishing the cost of coal to consumers, and as this result is frequently, nay, almost entirely, secured by misrepresentation, by these "scalpers," who are totally irresponsible for their acts or statements, and not one of whom resides in this State or city, it is desirable, and in the interest of the public, that they be placed under municipal control, and held to a strict responsibility. This the ordinance is intended to do, and it is therefore herewith respectfully submitted for your adoption.

AN ORDINANCE in relation to scalpers in coal freight in the City of New York.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:
Section 1. The Mayor shall license and appoint as many and such persons as he may think expedient, to be scalpers of coal freight in the City of New York, and may issue, suspend or revoke any or all of such licenses, at his pleasure, but such licenses shall be issued only to citizens of the United States, and residents of the State of New York.

Sec. 2. Every person receiving a license to be a scalper in coal freight shall pay to the Mayor, for the use of the city, and to be applied towards the support of the poor of said city, the sum of two hundred and fifty dollars, and shall also file a bond, with two or more good and sufficient sureties, to be approved by the Mayor, in the sum of two thousand five hundred dollars, conditioned for a faithful compliance with the provisions of this ordinance.

Sec. 3. Every licensed scalper in coal freight shall wear, when exercising his calling, in a conspicuous place about his person, so as to be easily seen, a plate or badge, of a size and style to be designated by the Mayor, on which shall appear his name and the words "Scalper in Coal Freight" and the number of his license.

Sec. 4. All licenses to scalpers in coal freight granted as aforesaid, shall run one year from the date thereof, and may be renewed by the Mayor at any time within said year for a succeeding year.

Sec. 5. Every such licensed scalper in coal freight who shall violate or fail to comply with any of the provisions of this ordinance, shall, in addition to a forfeiture of the bond mentioned in section 2 of this ordinance, thereby incur a penalty of fifty dollars, to be recovered by the Corporation Attorney, as in the case of other penalties.

Sec. 6. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 7. This ordinance shall take effect immediately.

NICHOLAS T. BROWN, } Committee
DAVID BARRY, } on
WILLIAM H. WALKER, } Law Department.

Alderman Storm moved that the report be printed and laid over for one week.
The President put the question whether the Board would agree with said motion.
Which was decided in the affirmative.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, March 13, 1890.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted March 4, 1890, which provides for the paving of Eighty-ninth street, from the Boulevard to West End avenue. An ordinance directing that this part of Eighty-ninth street be paved with granite was approved January 28, 1890. The present ordinance would, therefore, be inoperative unless the prior ordinance is repealed.

HUGH J. GRANT, Mayor.

Resolved, That the roadway of Eighty-ninth street, from Boulevard to West End avenue, be paved with asphalt pavement, with concrete foundation, the work to be guaranteed for five years and to be done under the direction of the Commissioner of Public Works; and that the accompanying ordinance thereto be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

I return, without my approval, the resolution of the Board of Aldermen, adopted March 4, 1890, permitting M. Hughes to lay pipes and tap Croton-water mains at Eighty-seventh street and Second avenue, on the ground that the resolution does not set forth with sufficient detail and clearness the purposes sought to be accomplished by it.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to M. Hughes to tap the large Croton-water main on the west side of Second avenue, forty feet north of Eighty-seventh street, thence to lay pipes to the north side of Eighty-seventh street, thence to a point two hundred feet east of Second avenue, for the purpose of supplying water to the premises Nos. 317 to 327 East Eighty-seventh street, as shown on the annexed diagram, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted March 4, 1890, which provides for the lighting, etc., of Andrew's place, from Jerome avenue to Grand avenue, on the ground that, according to the report of the Commissioner of Public Works, this part of Andrew's place is an open common, not graded, and without sidewalks. Gas-mains and public lamps should not be placed until the street is graded and sidewalks built.

HUGH J. GRANT, Mayor.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Joseph A. Britton to place an ornamental lamp in front of the premises on the southeast corner of Forty-first street and Broadway, the work to be done and gas supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

OFFICE OF THE BOARD OF STREET OPENING AND IMPROVEMENT,
ROOM NO. 10, STEWART BUILDING,
NEW YORK, March 12, 1890.

SIR—You are respectfully requested to attend an adjourned meeting of the Board of Street Opening and Improvement of the City of New York, to be held in the Mayor's office, in the City Hall, on Friday, March 14, 1890, at 2 o'clock P. M., at which it is proposed to consider unfinished business, with such other matters as may be brought before the Board.

Very respectfully,

V. B. LIVINGSTON, Secretary.

The roll was called and the following members were present and answered to their names.
The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Board of Aldermen—4.

Absent—The President of the Department of Public Parks.

The minutes of the meeting of March 7, 1890, were read and approved.

The Secretary presented the following petitions from "The Port Morris Land and Improvement Company," for the opening of East One Hundred and Thirty-second, One Hundred and Thirty-third, One Hundred and Thirty-fourth, One Hundred and Thirty-fifth, and One Hundred and Thirty-sixth streets, in the Twenty-third Ward of the City of New York.

To the Board of Street Opening and Improvement of the City of New York:

The Port Morris Land and Improvement Company, owner of a large and valuable tract of land fronting on the Harlem Kills and East river at Port Morris, in the Twenty-third Ward of the City of New York, respectfully petitions your Honorable Board to take the necessary steps at once for opening East One Hundred and Thirty-second street, from Locust avenue to Brook avenue, in accordance with the lines and location fixed by law.

The entire length of that part of the street proposed to be opened is 3,553 feet, and the assessable frontage thereon is 6,466 feet.

Your petitioner owns 2,604 feet of said frontage, and the Morris estate, which joins in this petition, 2,200 feet, making in all 4,804 feet of frontage, or about 74 per cent., in addition to the fee of the land in said street.

Said One Hundred and Thirty-second street is more than a mile in length, and by law one-half of the entire assessment for said opening is required to be paid by the City of New York.

In order to secure immediate improvement to its large property, your petitioner is willing to accept a nominal award of \$1 for all its lands taken in said opening, and to waive the benefit of the provision of law aforesaid requiring the City to pay one-half of the assessment, and to pay the entire assessment for said opening so far as its lands fronting on said street is concerned, and to guarantee the City against any assessment for said opening as to such lands, is ready and willing to execute necessary bond or other instrument to that effect as soon as the same can be prepared and approved by the proper authorities.

The opening of this and other streets leading to the valuable water-front at Port Morris, and making this large tract of land available for immediate improvement must, in the immediate future, result in a great increase in the value of property and materially enhance its value for purposes of taxation, in addition to furnishing much needed facilities for manufacturing and other business and commercial interests within the limits of our own city.

The map hereto annexed is a correct transcript from the official city map affecting the street proposed to be opened.

THE PORT MORRIS LAND AND IMPROVEMENT CO.,
By WM. REYNOLDS BROWN, President.

ESTATE OF GOUVERNEUR MORRIS, Deceased,
J. ALFRED DAVENPORT, Executor.

To the Board of Street Opening and Improvement of the City of New York:

The Port Morris Land and Improvement Company, owner of a large and valuable tract of land fronting on Harlem Kills and East river, at Port Morris, in the Twenty-third Ward of the City of New York, respectfully petitions your Honorable Board to take the necessary steps at once for opening East One Hundred and Thirty-third street, from the westerly line of Locust avenue to the easterly line of Trinity or Cypress avenue, in accordance with the lines and locations adopted and fixed by law.

The entire length of this street is much less than a mile, being 2,095 feet, including the width of cross streets, and the frontage of lands on said street is about 3,946 feet.

The Port Morris Land and Improvement Company owns 2,650 feet of said frontage, or more than 67 per cent., and is the owner in fee of the lands in that portion of the street proposed to be opened.

That the entire expense of said opening must be borne by the owners of property fronting on the same, but in case it should be decided that said street is more than a mile in length, said company is willing and ready to waive the benefit of the provision of law charging one-half of the assessment upon the City, and to bear and pay the entire expense of said opening so far as its lands fronting on said street is concerned, and to guarantee the City against any assessment or charge for said opening as to lands assessed belonging to said company, and is ready and willing to execute the necessary bond or other instrument to that effect as soon as the same can be drawn and approved by the proper authorities.

The said company agrees also to accept a nominal award of \$1 for all its land necessary to be taken for said opening.

The opening of this and other streets leading to the valuable water-front at Port Morris, and making this large tract of land available for immediate improvement must, in the near future, result in a great increase in the value of property and materially enhance its value for purposes of taxation, in addition to furnishing much needed room for manufacturing and other great interests within the limits of our own city.

The map hereto annexed, showing the portion of the street proposed to be opened, is a correct transcript of the official city map.

To the Board of Street Opening and Improvement of the City of New York:

The Port Morris Land and Improvement Company, owner of a large and valuable tract of land fronting on Harlem Kills and East river at Port Morris, in the Twenty-third Ward of the City of New York, respectfully petitions your Honorable Board to take the necessary steps at once for opening East One Hundred and Thirty-fourth street, from the State grant line in the East river to the easterly line of the Southern Boulevard, in accordance with the lines and locations fixed by law.

The portion of said street proposed to be opened (including the width of cross streets) is 2,646 feet; the frontage of lands on said street, as proposed to be opened, is 4,928 feet (not including the width of cross streets).

The Port Morris Land and Improvement Company owns 3,561 feet of said frontage, or more than 72 per cent., and is the owner of the fee of the lands in that portion of said street proposed to be opened.

The said street is more than a mile in length, and by law one-half of the expense of said opening, including damage for lands, is required to be paid by the City.

Your petitioner, in order to secure immediate improvement to its large property, is willing to accept a nominal award of \$1 for all its land taken in said opening, and to waive the benefit of the provision of law aforesaid requiring the City to pay one-half of the assessment, and to pay the entire expense of the proceedings for said opening so far as its land fronting on said street is concerned, and to guarantee the City against any charge for said opening as to such lands, and is ready and willing to execute necessary bond or other instruments to that effect as soon as the same can be drawn and approved by the proper authorities.

The speedy opening of this street, is a public necessity, owing to the fact that it is the only street south of One Hundred and Thirty-eighth street which runs to the East river, and will contain the main sewer which will drain that territory.

The opening of this and other streets leading to the valuable water-front at Port Morris, and making this large tract of land available for immediate improvement must, in the near future, result in a great increase in the value of property and materially enhance its value for purposes of taxation, in addition to furnishing much needed room for manufacturing and other great business interests within the limits of our own city.

The map hereto annexed, showing the portion of the street proposed to be opened, is a correct transcript of the official city map.

THE PORT MORRIS LAND AND IMPROVEMENT CO.,
By WM. REYNOLDS BROWN, President.

The foregoing petitions having been referred to the Counsel to the Corporation, at a meeting of the Board held on the 27th ultimo, for his opinion and report thereon, etc., the Secretary read the following communication received from the Counsel to the Corporation in answer thereto:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, March 14, 1890.

V. B. LIVINGSTON, Esq., Secretary of the Board of Street Opening and Improvement:

SIR—I have received your letter, dated March 4, 1890, informing me that at a meeting of the Board of Street Opening and Improvement, held on the 27th ult., the petitions, which you inclosed, from the Port Morris Land and Improvement Company, for the opening of East One Hundred and Thirty-second, One Hundred and Thirty-third, One Hundred and Thirty-fourth, One Hundred and Thirty-fifth, and One Hundred and Thirty-sixth streets, in the Twenty-third Ward of the City of New York, were presented.

You state that as each of said streets is over a mile in length; the company in its petitions agrees to bear the entire assessment for such opening so far as its land fronting on said streets is concerned, and to guarantee the City against any assessment or charge for such opening as to such lands.

You also state that the petitions were referred to me for my report and opinion thereon, and especially as to whether the City would be liable to assessment for the opening of any part of said streets named in the said petitions along the line of any property not belonging to the said Port Morris Land and Improvement Company, and lying west of the property belonging to the said company on the line of the streets asked to be opened, in consequence of any such street being over one mile in length.

Under the proposition of the company, as I understand it, the City might become liable for part of the expense. The company, of course, cannot bind other owners by waiving the statute in its own case.

If there should be other owners on the line of the improvement, they could insist that the statute be observed, and thus part of the expense would become a charge upon the City.

It would seem from the statements furnished me that the total cost of the proceedings will be small.

The question whether other parts of the streets further west should be opened will not, I think, be at all affected by any action that may be taken as to these parts. Whether such other parts shall be opened or not, rests in the discretion of your Honorable Board.

If it is thought that the City should not pay any of the expense, let the company give a bond of indemnity against any sum that may become a charge upon the City.

After the report has been prepared and while it is in the power of the Board to discontinue the proceedings, the charge upon the City should be paid by the company and the report then confirmed. In this way the proceedings can be conducted with entire regularity and without any expense to the City.

Very respectfully,
WM. H. CLARK, Counsel to the Corporation.

Inclosures, papers transmitted.

After some discussion of the matter, Mr. William R. Brown, representing "The Port Morris Land and Improvement Company," in consideration of the opening of the several streets named in the before-mentioned petitions of the company, agreed that the said company would execute a necessary bond or other instrument to indemnify the City against any assessment for the opening of any part of East One Hundred and Thirty-second, One Hundred and Thirty-third, One Hundred and Thirty-fourth, One Hundred and Thirty-fifth and One Hundred and Thirty-sixth streets, in the Twenty-third Ward of the City of New York.

Whereupon the Commissioner of Public Works offered the following resolutions:

JURORS.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING, }
 No. 280 BROADWAY, THIRD FLOOR, }
 NEW YORK, June 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

CHARLES REILLY,

Commissioner of Jurors.

All lumber to be delivered at Blackwell's Island. —will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Friday, March 21, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Hardware, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation under debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the

same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

HEADQUARTERS FIRE DEPARTMENT,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, March 6, 1890.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING Six Hose Wagons to this Department will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M. Wednesday, March 19, 1890, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the description of the apparatuses to be furnished, bidders are referred to the specifications which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The apparatuses are to be completed and delivered within one hundred and twenty (120) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at the sum specified in the form of contract.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the apparatuses shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; and the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or

in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand and six hundred (\$1,600) dollars, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required upon the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or her bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

S. HOWLAND ROBBINS,
ANTHONY EICKHOFF,
Commissioners.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from a contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to

the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number, of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,
Commissioner of Public Works.
