The Comptroller presented the following report and offered the following resolution relative to a sale at public auction of the interest of The City of New York, which it has by virtue of a lease from the Supervisor of the Town of Gravesend to the City of Brooklyn, in certain property known as and by the number 80 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean parkway, in the late Town of Gravesend, which was sold to the Town of Gravesend at a sale for unpaid assessments, held August 9, 1894, for \$36.83. Application of Daniel S. McElroy:

April 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Daniel S. McElroy, in a verified petition under date of March 3, 1906, addressed to the Commissioners of the Sinking Fund, requests a release of certain property sold by the Supervisor of the former Town of Gravesend, now Thirty-first Ward of the Borough of Brooklyn, for an unpaid assessment for the opening of Neptune avenue, from West Sixth street to Ocean parkway. The property is known as and by the number 80 on the assessment map for the opening of said Neptune avenue, and on May 1, 1894, the said Supervisor of the Town of Gravesend, pursuant to a resolution of the Board of Supervisors of the County of Kings, being No. 8, passed June 14, 1892, and, after due notice, was offered for sale at the Town Hall in Gravesend on the 9th day of August, 1894, the premises owned by the petitioner and described in the petition, which is made part of this report, and that upon said sale, no person bidding, the Supervisor of the Town of Gravesend bid in said premises for the use and benefit of the Town of Gravesend for the term of one hundred years.

That thereafter the said premises and the interest of the Town of Gravesend therein were conveyed by William V. B. Bennett, Supervisor of the Thirty-first Ward of the City of Brooklyn, late of the Town of Gravesend, County of Kings and State of New York, to the City of Brooklyn by a certain indenture of lease or deed bearing date the 24th day of December, 1896, and recorded in section 21 Liber 3 of Conveyances, page 249, on the 29th day of December, 1896, said deed containing a recital of the facts above set forth in reference to the sale of said premises, conveying said premises for the term of one hundred years. It was provided in the original resolution of the Board of Supervisors that:

"If no person bid for any such parcel (at a sale held for such assessment) the Supervisors shall bid in the same for a term of not less than one hundred years, in the name and for the benefit of the town, and if not redeemed within two years thereafter he shall, as such Supervisor, execute such lease or conveyance to the town as the purchaser, and file the same in the office of the Register of Kings County; if not redeemed within two years thereafter, he may dispose of the same for the sum due, together with interest at 6 per cent. per annum from the time of sale."

The matter of the interest which The City of New York has by virtue of leases for the term of 100 years from the Supervisor of the Town of Gravesend, whose title was derived from sales for unpaid assessments for certain public improvements, has been the subject of consideration by the Corporation Counsel in previous similar applications, and in an opinion, bearing date June 28, 1900 (see Minutes, Sinking Fund, July 24, 1900, in re application of Marcus B. Campbell), he quotes section 16 of the act of the Supervisor of the County of Kings, passed June 13, 1892, as bearing upon the time when such property could be redeemed from such sales (which was two years thereafter), and decides that such time is past, and further states:

"The property under consideration became the property of the City of Brooklyn on the annexation of the Town of Gravesend to the City. The Board of Supervisors of the County of Kings was abolished by chapter 954 of the Laws of 1895. The body having authority in the City of Brooklyn to dispose of this class of property was the Common Council, that being the legislative body of the city, and no such power being vested in any other of the officers or departments thereof."

"By section 205 of the Charter of the Greater City, the power to sell the real estate of The City of New York is vested in the Board of Commissioners of the Sinking Fund. This section provides that the Board must sell City property at public auction for the highest marketable price, after due advertisement and appraisal, under the direction of said Board."

In accordance with this advice, it became necessary, in this instance, for the Commissioners of the Sinking Fund to appraise the City's interest in and to this lease for one hundred years. It is my opinion, however, that should the City receive the sums paid out by the former Town of Gravesend, with interest on the same to date, together with a sum sufficient to pay for the expenses which have been incurred on account of this unpaid assessment, such as the advertisement of sale, expenses of sale, drawing and recording of the deed and the further expense now incurred by the sale of this property, that the interest of The City of New York will be fully protected without hardship upon the property owner. This course has been pursued and adopted in all previous cases that have been acted upon by the Commissioners of the Sinking Fund.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the sale at public auction of all the right, title and interest of The City of New York in and to the following described property, which it has by virtue of a lease from the Supervisor of the Town of Gravesend to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's office on December 29, 1896, in section 21, Liber 3 of Conveyances, page 249:

Beginning at a point on the northerly side of Neptune avenue 1.46 feet westerly from the westerly line or side of West Fifth street and running thence in a northerly or northeasterly direction 34.33 feet to the westerly side of West Fifth street; running thence northerly along the westerly side of said West Fifth street 316.26 feet; thence westerly at right angles to said West Fifth street 56.85 feet; thence southerly 354.78 feet to the northerly side of Neptune avenue, and thence easterly along the northerly side of Neptune avenue 72.50 feet to the point or place of beginning.

—known as and by the number 80 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean Parkway, in the late Town of Gravesend, which was sold to the Town of Gravesend at a sale for unpaid assessments held August 9, 1894, for the sum of \$36.83, and which said property is therefore leased to the City of Brooklyn for the term of one hundred years. That the interest of the City of New York in and to the same be appraised at the sum of \$62.68, the purchaser to pay the auctioneer's fees and \$100 for the expense of examination, advertisement, etc., but this sale be not held until after the petitioner has furnished the Commissioners of the Sinking Fund with evidence by a certificate of a title company that he is the owner of the fee title to the property, subject only to this lease; that also he shall furnish evidence that all taxes, assessments and water rates are paid, and further that the said deed shall contain a clause reserving to the City all the land

included in Neptune avenue and West Fifth street which will or would be necessary for the opening or widening thereof, together with all the right, title and interest in and to any awards that have been or may hereafter be made in any proceedings for such opening or widening as aforesaid.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to sell at public auction, after due advertisement, for cash to the highest bidder, all the right, title and interest of The City of New York, which it has by virtue of a lease, from the Supervisor of the Town of Gravesend to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's office on December 29, 1896, in section 21, liber 3 of Conveyances, page 249:

"Beginning at a point on the northerly side of Neptune avenue 1.46 feet westerly from the westerly line or side of West Fifth street and running thence in a northerly or northeasterly direction 34.33 feet to the westerly side of West Fifth street; running thence northerly along the westerly side of said West Fifth street 316.26 feet; thence westerly at right angles to said West Fifth street 56.85 feet; thence southerly 354.78 feet to the northerly side of Neptune avenue, and thence easterly along the northerly side of Neptune avenue 72.50 feet to the point or place of beginning."

—known as and by the number 80 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean Parkway, in the late Town of Gravesend, which was sold to the Town of Gravesend at a sale for unpaid assessments held August 9, 1894, for the sum of \$36.83, and which said property is therefore leased to the City of Brooklyn for the term of one hundred years.

Resolved, That the minimum or upset price of the said land be and is hereby appraised at the sum of sixty-two dollars and sixty-eight cents (\$62.68), the purchaser to pay the auctioneer's fees and \$100 for the expense of examination, advertisement, etc.

Before the property is advertised for sale the petitioner shall furnish the Commissioners of the Sinking Fund with evidence by a certificate of a title company that he is the owner of the fee title of the property, subject only to this lease, and shall also furnish evidence that all taxes, assessments and water rates are paid.

The deed is to contain a clause reserving to the City all the land included in Neptune avenue and West Fifth street, which will or would be necessary for the opening or widening thereof, together with all the right, title and interest in and to any awards that have been or may hereafter be made in any proceedings for such opening or widening aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report relative to an application of the Staten Island Association of Arts and Sciences, for a lease at a nominal rental of rooms in the new Borough Hall in the Borough of Richmond:

April 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—This office is in receipt of a petition addressed to the Commissioners of the Sinking Fund by the Staten Island Association of Arts and Sciences, Howard R. Bayne, President, which corporation was created a body corporate under said name, to be located in the Borough of Richmond, City of New York, for the purpose of promoting intellectual activity and intercourse and to encourage an interest in the sciences, arts and history; to collect and preserve objects of scientific and historic interest, especially such as relate to Staten Island; to establish and maintain a public museum and reference library; to provide facilities for recording and publishing scientific and historical information; to preserve from needless destruction such plants and animals as are harmless and to protect objects and places of natural beauty, of scientific and of historic interest.

Said corporation shall have power to make and adopt a constitution and by-laws; make rules and regulations for the transaction of its business; the admission, suspension and expulsion of members of said corporation and for the number, election, terms and duties of its officers; and make such rules and regulations as may be necessary for the safe keeping and proper use of its property; and may from time to time alter or modify its constitution, by-laws, rules and regulations, and shall be subject to the provisions of the General Corporation Law.

By the act which created them, chapter 526 of the Laws of 1905, the corporation could take and hold by purchase, grant, lease, gift, devise or bequest, either absolutely or in trust, real or personal property necessary or proper for the purposes of its incorporation and for the endowment of the same or any branch thereof.

By section 7 of the act the Commissioners of the Sinking Fund of The City of New York may authorize the President of the Borough of Richmond to provide such room or rooms in the borough building, in the Borough of Richmond, City of New York, as may not otherwise be in use, and they may otherwise provide and set apart land in said borough for the erection of a suitable building or buildings thereon for the keeping and maintaining of the museum, collection and library of the Staten Island Association of Arts and Sciences, subject to all the conditions of section 217, chapter 446 of the Laws of 1901, and for the purpose of providing means for the erection of said building or buildings it shall be the duty of the Comptroller of The City of New York, upon being authorized thereto by the Board of Estimate and Apportionment, to issue and sell Corporate Stock of The City of New York in the manner now provided by law, sufficient for the same; and the Board of Estimate and Apportionment may include in the annual Budget for the maintenance and care of said museum, collection and library of the Staten Island Association of Arts and Sciences a sum not exceeding \$10,000, and the Board of Trustees are empowered to enter into a contract with the proper officials of The City of New York looking to the leasing of such rooms and building or buildings for the care of its museum, collection and library as herein provided.

Section 8 provides that the museum, collection and library shall be open and free to the public at all reasonable times on such terms of admission as shall be approved by the Board of Trustees of said association acting in conjunction with the Commissioner of Public Works for the Borough of Richmond, in The City of New York, so long as The City of New York shall provide a place for its care and maintenance.

The object of the petition is for the purpose of securing a room in the new municipal building, and they request that the Commissioners of the Sinking Fund authorize the President of the Borough of Richmond to provide such room or rooms as may not otherwise be in use, for the purposes aforesaid, and that a lease thereof for a nominal rental be made upon such terms that such other action may be taken by your Honorable Body as will enable the association to accomplish the beneficent purposes of its incorporation.

The President of the Borough of Richmond, in a recent communication addressed to the Commissioners of the Sinking Fund, respectfully called the attention of the Commissioners to the fact that the Borough Hall would be ready for occupancy on or about the first of July, and in his communication he gave a list of the different City Departments now leasing quarters in various parts of the Borough of Richmond that could utilize the new Borough Hall for offices. It seems to me that the different Departments of the City Government should first be accommodated in the new borough building before any rooms are assigned to any outside corporation. After these Departments have been accommodated and there are additional rooms which the Commissioners of the Sinking Fund find could be utilized by this corporation, such an assignment might be designated by the Commissioners of the Sinking Fund, but only to be used during the pleasure of the Commissioners. I would therefore respectfully recommend that no action on this petition be taken until after all the different Departments

of the City Government have found sufficient room in the Borough Hall for their needs.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

The report was accepted and action deferred as recommended.

PUBLIC NOTICE.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE.

To Whom It May Concern:

On May 9, 1904, chapter 686 of the Laws of 1904, "An act to authorize the Comptroller and the Corporation Counsel of The City of New York, on behalf of said City, to compromise and settle with property owners interested, certain claims for taxes, assessments and sales for the same, and for or on account of evidences of indebtedness issued on account of local improvements in the territory formerly included within the boundaries of Long Island City," became a law.

The purpose of this act was to grant relief to the owners of property located within the territory of the former City of Long Island City, which property had become encumbered with liens approaching, in many cases, almost the assessed value of the property. Owing to the phenomenal increase in values of real estate in the Borough of Queens during the past year, the object for which said act was passed has ceased to exist.

Notice is therefore given that on and after May 15, 1906, the Comptroller of The City of New York will refuse to consider applications filed under chapter 686 of the Laws of 1904.

All applications filed after May 15, 1906, will be rejected.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 27, 1906, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The Seaboard Refrigeration Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a pipe line and all necessary appurtenances for the transportation of refrigeration under and along certain streets in Coney Island, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provides for the manner and procedure for making such grants; and

Whereas, The Mayor has, in pursuance of such law, designated the Brooklyn Daily "Eagle" and Brooklyn "Citizen" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Seaboard Refrigeration Company, and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers published in the City of New York, and a public hearing has been had thereon by this Board; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of _____, 1906, by and between The City of New York, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a conduit not to exceed eighteen inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, said conduit and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points described as follows, all situate in the Borough of Brooklyn, City of New York, to wit:

In, under and along West Twenty-first street, West Twelfth street and West Eighth street, between Surf avenue and Neptune avenue; in, under and along Neptune avenue, between West Twenty-first street and West Eighth street; and in, under and along Surf avenue, between West Twenty-fifth street and West Fifth street, said routes being shown on a map entitled "Map to accompany the petition of the Seaboard Refrigeration Company to the Board of Estimate and Apportionment, dated November 2, 1905, for laying conduits along designated streets and avenues on Coney Island, Borough of Brooklyn, New York," signed by Charles E. Booth, President, and Henry Gutlin, Engineer, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or by such other authority in its place)

or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than eight hundred and fifty dollars (\$850), and which shall be equal to 4 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eight hundred and fifty dollars (\$850).

During the second five years of this contract an annual sum which shall be in no case less than eleven hundred dollars (\$1,100), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eleven hundred dollars (\$1,100).

During the third and remaining five years of this contract an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

3. An annual payment of ten (10) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when the permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—If a conduit line as herein described shall not be constructed and in actual operation

in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said conduit line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made, without injury to the pipes, shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board of Estimate and Apportionment.

Twelfth—The Company, its successors or assigns, shall not charge consumers more than three dollars and fifty cents (\$3.50) for the same amount of refrigeration which is produced by one ton of ice. During the term of this contract the Board of Estimate and Apportionment shall have absolute power to regulate the maximum and minimum rates, provided that such rates shall be reasonable and fair. All refrigeration which may be required by The City of New York at any point along the routes herein described, shall be furnished by the Company without cost to the City.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigeration at the prices which are hereinafter fixed, in properly insulated compartments, under contracts containing fair and reasonable regulations for such service; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment on the application of either said consumer, user or Seaboard Refrigeration Company shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Seaboard Refrigeration Company hereby agrees to abide by such decision and conform such regulations thereto.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all conduit lines which are authorized by this grant are constructed or until the right hereby authorized to construct conduit lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant, the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense, within one year from the date of signing this contract. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues.

Eighteenth—The conduit line hereby authorized shall be used only by the Company and for no other purpose than for supplying refrigeration by the ammonia process or such other process as may be consented to by the Board of Estimate and Apportionment.

Nineteenth—The Company hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority therefor has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the said Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board of Estimate and Apportionment stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath and examine the books and

papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board of Estimate and Apportionment not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued; for cash; for property;
2. The amount paid in as by last report;

—And such other information in regard to the business of the Company as may be required by the Board. For each failure to comply with the foregoing, the Company shall pay a penalty of one hundred dollars (\$100), which may be collected by the Comptroller without notice.

Twentieth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York, of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-second—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars (\$5,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bid or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
