City and County of New York, ss.:

William M. Hoes, Public Administrator of the County of New York, being duly sworn, deposes and says, according to his best knowledge, information and belief, the foregoing account contains a true statement of the total amount of his receipts and expenditures in each case in which he shall have taken charge of and collected any effects, or on which the Public Administrator shall have administered during the year 1899, with the name of the deceased, his or her addition, and the country or place from which he or she came, if the same be known.

WILLIAM M. HOES.

Sworn to before me this 4th day of January, 1900.

JAMES F. PUCK, Commissioner of Deeds for the City and County of New York.
 Which was ordered on file.

DEPARTMENT OF BUILDINGS.

RULES AND REGULATIONS FOR PLUMBING, DRAINAGE, WATER SUPPLY AND VENTILATION OF BUILDINGS.

Once in each year every employing or master plumber carrying on his trade, business or calling in The City of New York shall register his name and address at the Main Office of the Department of Buildings in said city, under such rules and regulations as the said Department shall prescribe, and as provided by section 141 of the Building Code of The City of New York.

I.

Filing of Drawings, Descriptions, etc.

1. Drawings and triplicate descriptions, on forms furnished by the Department of Buildings for all plumbing and drainage, shall be filled in with ink and filed by the owner or architect in the said department. The plans must be drawn to scale in ink, on cloth, or they must be cloth prints of such scale drawings, and shall consist of such floor plans and sections as may be necessary to show clearly all plumbing work to be done, and must show partitions and method of ventilating water-closet apartments.

2. The said plumbing and drainage shall not be commenced or proceeded with until said drawings and descriptions shall have been so filed and approved by the Commissioner of Buildings.

3. No modification of the approved drawings and descriptions will be permitted unless either amended drawings and triplicate descriptions, or an amendment to the original drawings and descriptions, covering the proposed change or changes, are so filed and approved by the Commissioner of Buildings.

4. The drainage and plumbing of all buildings, both public and private, shall be executed in accordance with the rules and regulations of the Department of Buildings.

5. Repairs or alterations of plumbing or drainage may be made without filing drawings and descriptions in the Department of Buildings, but such repairs or alterations shall not be construed to include cases where new vertical or horizontal lines of soil, waste, vent or leader pipes are proposed to be used.

6. Notice of such repairs or alterations shall be given to the said department before the same are commenced in such cases as shall be prescribed by the rules and regulations of the said department, and the work shall be done in accordance with the said rules and regulations.

7. Where repairs or alterations ordered by the Board of Health for sanitary reasons include cases where new vertical and horizontal lines of soil, waste, vent or leader pipes are proposed to be used or old ones replaced, drawings and descriptions must be filed with and approved by the Commissioner of Buildings before the same shall be commenced or proceeded with.

8. Repairs and alterations may comply in all respects with the weight, quality, arrangement and venting of the rest of the work in the building.

9. It shall not be lawful to commence work on said plumbing and drainage or on any part thereof until the plumber who is to do the work shall sign the specifications and make affidavit that he is duly authorized to proceed with the work. Affidavit must give the name and address of owner and plumber, etc.

10. One set of specifications will be received for not more than ten houses, and then only when on adjoining lots and houses are exactly alike.

11. Written notices must be given to the Commissioner of Buildings by the plumber when any work is begun, and from time to time when any work is ready for inspection. All notices required must be sent in on blank forms furnished by the Department of Buildings.

II.

Definition of Terms.

12. The term "private sewer" is applied to main sewers that are not constructed by and under the supervision of the Department of Sewers.

13. The term "house sewer" is applied to that part of the main drain or sewer extending from a point two feet outside of the outer wall of the building, vault or area, to its connection with public sewer, private sewer or cesspool.

14. The term "house drain" is applied to that part of the main horizontal drain and its branches inside the walls of the building, vault or area, and extending to and connecting with the house sewer.

15. The term "soil-pipe" is applied to any vertical line of pipe extending through roof, receiving the discharge of one or more water-closets, with or without other fixtures.

16. The term "waste-pipe" is applied to any pipe, extending through roof, receiving the discharge from any fixtures except water-closets.

17. The term "vent-pipe" is applied to any special pipe provided to ventilate the system of piping and to prevent trap siphonage and back pressure.

III.

Materials and Workmanship.

18. All materials must be of the best quality, free from defects, and all work must be executed in a thorough, workmanlike manner.

19. All cast-iron pipes and fittings must be uncoated, sound, cylindrical and smooth, free from cracks, sand holes and other defects, and of uniform thickness and of the grade known in commerce as "extra heavy."

20. Pipe, including the hub, shall weigh not less than the following average weights per linear foot:

DIAMETERS.	WEIGHTS PER LINEAL FOOT.
2 inches.....	5½ pounds.
3 ".....	9½ "
4 ".....	13 "
5 ".....	17 "
6 ".....	20 "
7 ".....	27 "
8 ".....	33½ "
10 ".....	45 "
12 ".....	54 "

21. The size, weight and maker's name must be cast on each length of the pipe.

22. All joints must be made with picked oakum and molten lead and be made gas-tight. Twelve (12) ounces of fine, soft pig lead must be used at each joint for each inch in the diameter of the pipe.

23. All wrought-iron and steel pipes must be equal in quality to "standard," and must be properly tested by the manufacturer. All pipe must be lap-welded. No plain black or uncoated pipe will be permitted.

24. Wrought-iron and steel pipes must be galvanized, and each length must have the weight and maker's name stamped on it.

25. Fittings for vent-pipes on wrought-iron and steel pipes may be the ordinary cast or malleable steam and water fittings.

26. Fittings for waste or soil and refrigerator waste-pipes must be the special extra heavy cast-iron recessed and threaded drainage fittings with smooth interior water way and threads tapped, so as to give a uniform grade to branches of not less than one-fourth of an inch per foot. All fittings for wrought-iron or steel pipe must be galvanized.

27. All joints to be screwed joints made up with red lead, and the burr formed in cutting must be carefully reamed out.

28. Short nipples on wrought-iron or steel pipe, where the unthreaded part of the pipe is less than one and one-half inches long, must be of the thickness and weight known as "extra heavy" or "extra strong."

29. The pipe shall not be less than the following average thickness and weight per linear foot:

DIAMETERS.	THICKNESSES.	WEIGHTS PER LINEAL FOOT.
1½ inches.....	.14 inches.	2.68 pounds.
2 ".....	.15 "	3.61 "
2½ ".....	.20 "	5.74 "
3 ".....	.21 "	7.54 "
3½ ".....	.22 "	9.00 "
4 ".....	.23 "	10.66 "
4½ ".....	.24 "	12.34 "
5 ".....	.25 "	14.50 "
6 ".....	.28 "	18.76 "
7 ".....	.30 "	23.27 "
8 ".....	.32 "	28.18 "
9 ".....	.34 "	33.70 "
10 ".....	.36 "	40.06 "
11 ".....	.37 "	45.02 "
12 ".....	.37 "	48.98 "

30. All brass pipe for soil, waste and vent pipes and solder nipples must be thoroughly annealed, seamless, drawn, brass tubing, of standard iron-pipe gauge.

31. Connections on brass pipe and between brass pipe and traps on iron pipe must not be made with slip joints or couplings. Threaded connections on brass pipe must be of the same size as iron pipe threads for same size of pipe and be tapered.

32. The following average thicknesses and weights per linear foot will be required:

DIAMETERS.	THICKNESSES.	WEIGHTS PER LINEAL FOOT.
1½ inches.....	.14 inches.	2.84 pounds.
2 ".....	.15 "	3.82 "
2½ ".....	.20 "	6.08 "
3 ".....	.21 "	7.92 "
3½ ".....	.22 "	9.54 "
4 ".....	.23 "	11.29 "
4½ ".....	.24 "	13.08 "
5 ".....	.25 "	15.37 "
6 ".....	.28 "	19.88 "

33. Brass ferrules must be best quality, bell-shaped, extra heavy cast brass, not less than four inches long and two and one-quarter, three and one-half inches, and four and one-half inches in diameter, and not less than the following weights:

DIAMETERS.	WEIGHTS.
2¼ inches.....	1 pound 0 ounces.
3½ ".....	1 " 12 "
4½ ".....	2 pounds 8 "

34. One and one-half inch ferrules are not permitted.

35. Soldering nipples must be heavy cast brass or of brass pipe, iron pipe size. When cast they must not be less than the following weights:

DIAMETERS.	WEIGHTS.
1½ inches.....	0 pounds 8 ounces.
2 ".....	0 " 14 "
2½ ".....	1 pound 6 "
3 ".....	2 pounds 0 "
4 ".....	3 " 8 "

36. Brass screw caps for cleanouts must be extra heavy, not less than one-eighth of an inch thick. The screw cap must have a solid square or hexagonal nut, not less than one inch high, with a least diameter of one and one-half inches. The body of the cleanout ferrule must be at least equal in weight and thickness to the calking ferrule for the same size of pipe.

37. Where cleanouts are required by rules and by the approved plans, the screw cap must be of brass. The engaging parts must have not less than six threads of iron pipe size and be tapered. Cleanouts must be of full size of trap up to four inches in diameter, and not less than four inches for larger traps.

38. The use of lead pipes is restricted to the short branches of the soil and waste pipes, bends and traps, roof connections of inside leaders. "Short branches" of lead pipe shall be construed to mean not more than:

- 5 feet of 1½-inch pipe.
- 4 feet of 2-inch pipe.
- 2 feet of 3-inch pipe.
- 2 feet of 4-inch pipe.

39. All connections between lead pipes and between lead and brass or copper pipes must be made by means of "wiped" solder joint.

40. All lead waste, soil, vent and flush pipes must be of the best quality, known in commerce as "D," and of not less than the following weights per lineal foot:

DIAMETERS.	WEIGHTS PER LINEAL FOOT.
1¼ inches (for flush pipes only).....	2½ pounds.
1½ ".....	3 "
2 ".....	4 "
3 ".....	6 "
4 and 4½ inches.....	8 "

41. All lead traps and bends must be of the same weights and thicknesses as their corresponding pipe branches. Sheet lead for roof flashings must be six-pound lead and must extend not less than six inches from the pipe and the joint made water-tight.

42. Copper tubing when used for inside leader roof connections must be seamless drawn tubing, not less than 22-gauge, and when used for roof flashings must be not less than 18-gauge.

IV.

General Regulations.

43. The entire plumbing and drainage system of each building must be entirely separate and independent of that of any other building.

44. Each building must be separately and independently connected with a public or private sewer, or cesspool.

45. Every building must have its sewer connections directly in front of the building, unless permission is otherwise granted by the Commissioner of Buildings.

46. Where there is no sewer in the street or avenue, and it is possible to construct a private sewer to connect in an adjacent street or avenue, a private sewer must be constructed. It must be laid outside the curb, under the roadway of the street.

47. Cesspools and privy-vaults will be permitted only after it has been shown to the satisfaction of the Commissioner of Buildings that their use is absolutely necessary.

48. When allowed, they must be constructed strictly in accordance with the terms of the permit issued by the Commissioner of Buildings.

49. Cesspools must not be used as privy-vaults. Cesspools and privy-vaults must be at least twenty-five feet from any building and should be on the same lot with the building for which its use is intended. Cesspools and privy-vaults when constructed of brick must be eight inches thick; of stone, twenty inches thick.

50. All cesspools and privy-vaults must be made water-tight.

51. As soon as it is possible to connect with a public sewer, the owner must have the cesspool and privy-vault emptied, cleaned and disinfected, and filled with fresh earth, and have a sewer connection made in the manner herewith prescribed.

52. All pipe-lines must be supported at the base on brick piers or by heavy iron hangers from the cellar-ceiling beams, and along the line by heavy iron hangers at intervals of not more than ten feet.

53. All pipes issuing from extension or elsewhere, which would otherwise open within thirty feet of the window of any building, must be extended above the highest roof and well away and above all windows.

54. The arrangement of all pipes must be as straight and direct as possible. Offsets will be permitted only when unavoidable.

55. All pipes and traps should, where possible, be exposed to view. They should always be readily accessible for inspection and repairing.

56. In every building where there is a leader connected to the drain, if there are any plumbing fixtures, there must be at least one four (4) inch pipe extending above the roof for ventilation.

V.

Yard, Area and Other Drains.

57. All yards, areas and courts must be drained.

58. Tenement-houses and lodging-houses must have their yards, areas and courts drained into the sewer.

59. These drains, when sewer-connected, must have connections not less than three inches in diameter. They should be controlled by one trap—the leader trap if possible.

60. Cellar drains will be permitted only where they can be connected to a trap with a permanent water seal.

61. Subsoil drains should discharge into a sump or receiving-tank, the contents of which must be lifted and discharged into the drainage system above the cellar bottom by some approved method. Where directly sewer-connected, they must be cut off from the rest of the plumbing system by a brass flap valve on the inlet to the catch-basin, and the trap on the drain from the catch-basin must be water-supplied, as required for cellar drains.

62. Floor or other drains will only be permitted when it can be shown to the satisfaction of the Commissioner of Buildings that their use is absolutely necessary and arrangements made to maintain a permanent water seal in the traps.

VI.

Leaders.

63. All buildings shall be kept provided with proper metallic leaders for conducting water from the roofs in such manner as shall protect the walls and foundations of said buildings from injury. In no case shall the water from said leaders be allowed to flow upon the sidewalk, but the same shall be conducted by pipe or pipes to the sewer. If there be no sewer in the street upon which such buildings front, then the water from said leaders shall be conducted by proper pipe or pipes below the surface of the sidewalk to the street gutter.

64. Inside leaders must be made of cast-iron, wrought iron or steel, with roof connections made gas and water tight by means of a heavy lead or copper-drawn tubing wiped or soldered to a brass ferrule or nipple calked or screwed into the pipe.

65. Outside leaders may be of sheet metal, but they must connect with the house-drain by means of a cast-iron pipe extending vertically 5 feet above the grade level.

66. Leaders must be trapped with cast-iron running traps so placed as to prevent freezing.

67. Rain water leaders must not be used as soil, waste or vent pipes, nor shall any such pipe be used as a leader.

VII.

The House Sewer, House Drain, House Trap and Fresh-air Inlet.

68. Old house sewers can be used in connection with the new buildings or new plumbing only when they are found, on examination by the plumbing inspector, to conform in all respects to the requirements governing new sewers.

69. When a proper foundation, consisting of a natural bed of earth, rock, etc., can be obtained, the house sewer can be of earthenware pipe.

70. Where the ground is made or filled in, or where the pipes are less than three feet deep, or in any case where there is danger of settlement by frost or from any cause, the house sewer must be of extra heavy cast-iron pipe, with lead-calked joints.

71. The house drain and its branches must be of extra heavy cast-iron, when underground, and of extra heavy cast-iron or galvanized wrought-iron or steel when above ground.

72. The house drain must properly connect with the house sewer at a point two feet outside of the outer front wall or area wall of the building. An arched or other proper opening must be provided for the drain in the wall to prevent damage by settlement.

73. If possible, the house drain must be above the cellar floor. The house drain must be supported at intervals of ten feet by eight-inch brick piers or suspended from the floor beams, or be otherwise properly supported by heavy iron-pipe hangers at interval of not more than ten feet. The use of pipe hooks for supporting drains is prohibited.

74. No steam-exhaust, boiler blow-off or drip-pipe shall be connected with the house drain or sewer. Such pipes must first discharge into a proper condensing tank, and from this a proper outlet to the house sewer outside of the building must be provided. In low pressure steam systems the condensing tank may be omitted, but the waste connection must be otherwise as above required.

75. The house drain and house sewer must be run as direct as possible, with a fall of at least one-quarter inch per foot, all changes in direction made with proper fittings, and all connections made with Y branches and one-eighth and one-sixteenth bends.

76. The house sewer and house drain must be at least four inches in diameter where water-closets discharge into them. Where rain water discharges into them the house sewer and house drain up to the leader connections must be in accordance with the following table:

DIAMETER.	FALL $\frac{1}{4}$ -INCH PER FOOT.	FALL $\frac{1}{2}$ -INCH PER FOOT.
6 inches	5,000 square feet.	7,500 square feet of drainage of area.
7 "	6,900 "	10,300 "
8 "	9,100 "	13,600 "
9 "	11,600 "	17,400 "

77. Full size Y and T branch fittings for handhole cleanouts must be provided where required on house drain and its branches.

78. An iron running trap must be placed on the house drain near the wall of the house, and on the sewer side of all connections, except a drip-pipe where one is used. If placed outside the house or below the cellar floor, it must be made accessible in a brick manhole, the walls of which must be eight inches thick, with an iron or flagstone cover. When outside the house it must never be less than three feet below the surface of the ground.

The house trap must have two cleanouts with brass screw cap ferrules calked in.

79. A fresh-air inlet must be connected with the house drain just inside of the house trap, where under ground it will be of extra heavy cast iron. Where possible it will extend to the external air, and finish with an automatic device, approved by the Department of Buildings, at a point just outside the front wall of building. The fresh air inlet must be of the same size as the drain up to four inches. For five and six-inch drains it must be not less than four inches in diameter. For seven and eight inch drains not less than six inches in diameter, or its equivalent, and for large drains not less than eight inches in diameter, or its equivalent.

The curb inlet and the return bend inlet are hereby prohibited.

VIII.

Soil and Waste Pipes.

80. All main, soil, waste or vent pipes must be of iron, steel or brass.

81. When they receive the discharge of fixtures on any floor above the first, they must be extended in full calibre at least one foot above the roof coping, and well away from all shafts, windows, chimneys or other ventilating openings. When less than four inches in diameter, they must be enlarged to four inches at a point not less than one foot below the roof surface by an increaser not less than nine (9) inches long.

82. No caps, cowls or bends shall be affixed to the top of such pipe.

83. In tenement-houses and lodging-houses wire baskets must be securely fastened into the opening of each pipe that is in an accessible position.

84. Necessary offsets above the highest fixture branch must not be made at an angle of less than 45 degrees to the horizontal.

85. Soil and waste pipes must have proper Y branches for all fixture connections.

86. No connection to lead branches for water-closets or slop-sinks will be permitted, except the required branch vent.

87. Branch soil and waste pipe must have a fall of at least one-quarter inch per foot.

88. Short TY branches will be permitted on vertical lines only. Long one-quarter bends and long TYs are permitted. Short one-quarter bends and double hubs, short roof increasers and common offsets, and bands and saddles are prohibited.

89. The diameters of soil and waste pipes must not be less than those given in the following tables.

Main soil-pipes	4 inches
Main soil-pipes for water-closets on five or more floors	5 "
Branch soil-pipes	4 "
Main waste-pipes	2 "
Main waste pipes for kitchen sinks on five or more floors	3 "
Branch waste-pipes for laundry tubs	1 1/2 "
When set in ranges of three or more	2 "
Branch waste for kitchen sinks	2 "
Branch waste for urinals	2 "
Branch waste for other fixtures	1 1/2 "

IX.

Vent-pipes.

90. All traps must be protected from syphonage and back-pressure, and the drainage system ventilated by special lines of vent-pipes.

91. All vent-pipe lines and main branches must be of iron, steel or brass. They must be increased in diameter and extended above the roof as required for waste pipes. They may be connected with the adjoining soil or waste line well above the highest fixture, but this will not be permitted when there are fixtures on more than six floors.

92. All offsets must be made at an angle of not less than forty-five degrees to the horizontal, and all lines must be connected at the bottom with a soil or waste pipe or the drain in such a manner as to prevent the accumulation of rust scale.

93. Branch vent-pipes should be kept above the top of all connecting fixtures, to prevent the use of vent-pipes as soil or waste pipes. Branch vent-pipes should be connected as near to the crown of the trap as possible.

94. Earthenware traps for water-closets and slop sinks must be ventilated from the branch soil or waste pipe just below the trap, and this branch vent-pipe must be so connected as to prevent obstruction, and no waste pipe connected between it and the fixture. Earthenware traps must have no vent-horns.

95. No sheet metal, brick or other flue shall be used as a vent-pipe.

96. The sizes of vent-pipes throughout must not be less than the following:

For main vents and long branches, two inches in diameter; for water-closets on three or more floors, three inches in diameter; for other fixtures on less than seven floors, two inches in diameter; three-inch vent-pipe will be permitted for less than nine stories; for more than eight and less than sixteen stories, four inches in diameter; for more than fifteen and less than twenty-two stories, five inches in diameter; for more than twenty-one stories, six inches in diameter; branch vents for traps larger than two inches, two inches in diameter; branch vents for traps two inches or less, one and one half inches in diameter.

For fixtures other than water-closets and slop sinks and for more than eight (8) stories, vent-pipes may be one (1) inch smaller than above stated.

X.

Traps.

97. No form of trap will be permitted to be used unless it has been approved by the Board of Buildings.

98. Every fixture must be separately trapped by a water-scaling trap placed as close to the fixture outlet as possible.

99. A set of wash trays may connect with a single trap, or into the trap of an adjoining sink, provided both sink and tub waste outlets are on the same side of the waste line, and the sink is nearest the line. When so connected the waste-pipe from the wash-trays must be branched in below the water seal.

100. The discharge from any fixture must not pass through more than one trap before reaching the house drain.

101. All traps must be well supported and set true with respect to their water levels.

102. All fixtures other than water-closets and urinals must have strong metallic strainers or bars over the outlets to prevent obstruction of the waste-pipe.

103. All exposed or accessible traps, except water-closet traps, must have brass trap screws for cleaning the trap placed on the inlet side, or below the water level.

104. All iron traps for house drain, yard and other drains and leaders must be running traps with handhole cleanouts of full size of the traps when same are less than five (5) inches. All traps underground must be made accessible by brick manholes with proper covers.

105. Overflow pipes from fixtures must in all cases be connected on the inlet side of traps.

106. All earthenware traps must have heavy brass floor plates soldered to the lead bends and bolted to the trap flange, and the joint made gastight with red or white lead. The use of rubber washers for floor connections is prohibited.

107. No trap shall be placed at the foot of main soil and waste pipe lines.

108. The sizes for traps must not be less than those given in the following table:

Traps for water-closets	4 inches in diameter
Traps for slop sinks	2 "
Traps for kitchen sinks	2 "
Traps for wash trays	2 "
Traps for urinals	2 "
Traps for other fixtures	1 1/2 "

Traps for leaders, areas, floor and other drains must be at least 3 inches in diameter.

XI.

Safe and Refrigerator Waste-pipes.

109. Safe and refrigerator waste-pipes must be of galvanized iron, and be not less than one and one-quarter (1 1/4) inch in diameter, with lead branches of the same size, with strainers over the inlets secured by a bar soldered to the lead branch.

110. Safe waste pipes must not connect directly with any part of the plumbing system.

111. Safe waste pipes must either discharge over an open, water supplied, publicly placed, ordinarily used sink, placed not more than three and one-half feet above the cellar floor.

112. The safe waste-pipe from a refrigerator must be trapped at the bottom of the line only and cannot discharge upon the ground or floor. It must discharge over an ordinary portable pan, or over some properly trapped, water supplied sink, as above. In no case shall the refrigerator waste-pipe discharge over a sink located in a room used for living purposes.

113. The branches on vertical lines must be made by Y fittings, and be carried up to the safe with as much pitch as possible.

114. Lead safes must be graded and neatly turned over bevel strips at their edges.

115. Where there is an offset on a refrigerator waste-pipe in the cellar, there must be cleanouts to control the horizontal part of the pipe.

116. In tenement-houses and lodging-houses the refrigerator waste-pipes must extend above the roof, and must not be larger than one and one-half inches, nor the branches smaller than one and one-quarter inches.

117. Refrigerator waste-pipes, except in tenement houses, and all safe waste-pipes, must have brass flap-valves at their lower ends.

XII.

118. In tenement-houses, lodging-houses, factories, workshops and all public buildings, the entire water-closet apartment and side walls to a height of sixteen inches from the floor, except at the door, must be made waterproof with asphalt, cement, tile, metal or other waterproof material as approved by the Board of Buildings.

119. In tenement-houses and lodging-houses the water-closet and urinal apartments must have a window opening to the outer air, except that tenement or lodging houses three-stories or less in height may have such window opening on a ventilating shaft not less than ten square feet in area.

120. In all buildings the outside partition of such apartment must extend to the ceiling or be independently ceiled over, and these partitions must be air-tight. The outside partitions must include a window opening to outer air on the lot whereon the building is situated, or some other

approved means of ventilation must be provided. When necessary to property light such apartments, the upper part of the partitions must be made of glass. The interior partitions of such apartments must be dwarfed partitions.

121. The general water-closet accommodations for a tenement or lodging-house cannot be placed in the cellar.

122. No water-closet can be placed outside of a building.

123. The closets must be set open and free from all inclosing woodwork.

124. Where water-closets will not support a rim seat, the seat must be supported on galvanized-iron legs, and a drip-tray must be used.

125. Every earthenware closet in all new work and in all alterations where it is not impossible to use it because of water-pipes or other obstructions, must be set on a natural stone slab. Sand or artificial stone or tile will not be allowed.

126. All water-closets must have earthenware flushing rim bowls, "pipe-wash" bowls or hoppers will not be permitted.

127. Pan, valve, plunger, offset-washout and other water-closets having an unventilated space, or whose walls are not thoroughly washed at each discharge, will not be permitted.

128. Long hoppers will not be permitted, except where there is an exposure to frost.

129. The connections of traps must be made to main soil, waste or vent pipe, by means of lead caulked or screwed joints. Drip-trays must be enameled on both sides and secured in place.

130. In all sewer-connected occupied buildings there must be at least one water-closet, and there must be additional closets so that there will never be more than 15 persons per closet.

131. In tenement-houses and lodging-houses there must be one water-closet on each floor, and when there is more than one family on a floor, there will be one additional water-closet for every two additional families.

132. In lodging-houses where there are more than 15 persons on any floor, there must be an additional water-closet on that floor for every 15 additional persons or fraction thereof.

133. Water-closets and urinals must never be connected directly with or flushed from the water-supply pipes.

134. Water-closets and urinals must be flushed from separate cisterns on each floor, the water from which is used for no other purposes.

135. The overflow of cisterns may discharge into the bowls of the closet, but in no case connect with any part of the drainage system.

136. Iron water-closet and urinal cisterns and automatic water-closet and urinal cisterns are prohibited.

137. The copper lining of water-closet and urinal cisterns must not be lighter than ten (10) ounce copper.

138. Water-closet flush-pipes must not be less than one and one-fourth inches and urinal flush-pipes one (1) inch in diameter, and if of lead must not weigh less two and one-half pounds and two pounds per linear feet. Flush couplings, must be of full size of the pipe.

139. Latrine's trough water-closets and similar appliances may be used only on written permit from the said Commissioner of Buildings, and must be set and arranged as may be required by the terms of the permit.

140. All urinals must be constructed of materials impervious to moisture that it will not corrode under the action of urine. The floor and wall of the urinal apartments must be lined with similar non-absorbent and non-corrosive material.

141. The platforms or treads of urinal stalls must never be connected independently to the plumbing system, nor can they be connected to any safe waste pipe.

142. Iron trough water-closets and trough urinals must be enameled or galvanized.

143. In tenement-houses and lodging-houses sinks must be entirely open, on iron legs or brackets, without any inclosing woodwork.

144. Wooden washtubs are prohibited. Cement or artificial stone tubs will not be permitted unless approved by the Board of Buildings.

XIII.

Water Supply for Fixtures

145. All water-closets and other plumbing fixtures must be provided with a sufficient supply of water for flushing, to keep them in a proper and cleanly condition.

146. When the water-pressure is not sufficient to supply freely and continuously all fixtures, a house supply tank must be provided, of sufficient size to afford an ample supply of water to all fixtures at all times. Such tanks must be supplied from the pressure or by pumps, as may be necessary; when from the pressure, ball-cocks must be provided.

147. If water pressure is not sufficient to fill house-tank, power pumps must be provided for filling them in tenement-houses, lodging-houses, factories and workshops.

148. Tanks must be covered so as to exclude dust, and must be so located as to prevent water contamination by gas and odors from plumbing fixtures.

149. House supply-tanks must be of wood or iron or of wood lined with tinned and planished copper.

150. House-tanks must be supported on iron beams.

151. The overflow pipe should discharge upon the roof, where possible, and in such cases should be brought down to within six (6) inches of the roof, or it must be trapped and discharged over an open and water-supplied sink not in the same room, not over 3½ feet above the floor. In no case shall the overflow be connected with any part of the plumbing system.

152. Emptying pipes for such tanks must be provided, and be discharged in the manner required for overflow pipes, and may be branched into overflow pipes.

153. No service-pipes or supplying-pipes should be run, and no tanks, flushing cisterns or water-supplied fixtures should be placed where they will be exposed to frost.

154. Where so placed they shall be properly packed and boxed in such a manner as to prevent freezing.

XIV.

Testing the Plumbing System.

155. The entire plumbing and drainage system within the building must be tested by the plumber, in the presence of a plumbing inspector, under a water or air test, as directed. All pipes must remain uncovered in every part until they have successfully passed the test. The plumber must securely close all openings as directed by the Inspector of Plumbing. The use of wooden plugs for this purpose is prohibited.

156. The water test will be applied by closing the lower end of the main-house drain and filling the pipes to the highest opening above the roof with water. The water test shall include at one time the house drain and branches, all verticle and horizontal soil, waste and vent and leader lines and all branches therefrom to point above the surface of the finished floor and beyond the finished face of walls and partitions. Deviation from the above rule will not be permitted, unless upon written application to and approval by the Commissioner of Buildings. If the drain or any part of the system is to be tested separately, there must be a head of water at least six feet (6) above all parts of the work so tested, and special provision must be made for including all joints and connections in at least one test.

157. The air test will be applied with a force-pump and mercury columns under ten pounds pressure, equal to twenty inches of mercury. The use of spring gauges is prohibited.

158. After the completion of the work, when the water has been turned on and the traps filled, the plumber must make a peppermint or smoke test in the presence of a Plumbing Inspector and as directed by him.

159. The material and labor for the tests must be furnished by the plumber. Where the peppermint test is used, two ounces of oil of peppermint must be provided for each line up to five stories and basement in height, and for each additional five stories or fraction thereof, one additional ounce of peppermint must be provided for each line.

The Board of Examiners met this day at 4 P. M.

Present—Thomas J. Brady, Commissioner of Buildings for the boroughs of Manhattan and The Bronx (in the chair), and Messrs. Dobbs, McMillan, Fryer, D'Oench, Moore, O'Reilly and Croker.

Absent—Mr. Conover.

The minutes of February 6, 1900, were read, and, on motion, approved.

Petitions were then submitted for approval as follows:

Plan 2722, Alterations to Buildings, 1899—Petition to allow a casing to be built around proposed smokestack, said casing to be made of No. 16 gauge galvanized iron, and same to start at skylight on first floor and extend over roof of building, as stated in petition; Nos. 59 and 61 Broadway. Petitioners, Walker & Chambers. Denied on recommendation of Mr. Croker.

Plan 1983, New Buildings, 1899—Petition to allow the first-story hall partitions, staircase enclosure and dumbwaiter shaft to be constructed with 4-inch angle irons, placed 30 inches on centres and filled in between with 4-inch hollow tile fireproof blocks, instead of building 8-inch brick walls, as stated in petition; Nos. 23 and 25 Marion street. Petitioner, Adolph G. Rechlin. Approved on condition that ceiling blocks are 2 inches thick of burnt clay.

Plan 2062, New Buildings, 1899—Petition to allow partition to be constructed of 4-inch T's, channels and angles, properly braced and set not more than 30 inches on centres, filled in between solid with burnt-clay blocks or porous terra cotta and plastered on both sides; ceiling to be constructed of 2-inch T's and channels, set not more than 2 feet apart, well braced and filled in between solid with burnt-clay blocks not less than 2 inches thick, as stated in petition; No. 184 Orchard street. Petitioners, Young & Cornell. Approved on condition that partition blocks are 4 inches thick.

Plan 2179, New Buildings, 1899—Petition to allow partitions inclosing first-story entrance hallways to be constructed of 4-inch angle and T iron frame, spaced 30 inches apart, filled in between with 4-inch terra-cotta blocks and plastered on both sides; ceiling to be constructed of 2-inch T iron, spaced 24 inches apart, filled in between with 2-inch terra-cotta blocks and plastered on underside, as stated in petition; Nos. 223 and 225 East Thirty-ninth street. Petitioner, Geo. Fred. Pelham. Approved.

Plan 2181, New Buildings, 1899—Petition to allow partitions inclosing first-story entrance hallways to be constructed of 4-inch angle and T iron frame, spaced 30 inches apart, filled in between with 4-inch terra-cotta blocks and plastered on both sides; ceiling to be constructed of 2-inch T iron, spaced 24 inches apart, filled in between with 2-inch terra-cotta blocks and plastered on underside, as stated in petition; No. 4 Bedford street. Petitioner, Geo. Fred. Pelham. Approved.

Plan 2203, New Buildings, 1899—Petition to allow the partitions inclosing the office and waiting-room of the first story to be constructed of steel T's, channels and angles not less than 4 inches, placed 20 inches on centres, properly braced and filled in solid with burnt-clay blocks 4 inches thick, plastered on both sides; ceiling and floor to be made fireproof with steel I beams and bonded brick arches, as shown on plan and as stated in petition; south side of Fifty-fifth street, 100 feet west of Seventh avenue. Petitioner, G. A. Schellenger. Approved.

Plan 737, New Buildings, 1899—Petition to allow the Bailey system of fireproof floor filling to be used in place of brick arches, the lower flanges of steel beams on first story to be covered underneath with wire-lath, as stated in petition; southeast corner of Cauldwell avenue and One Hundred and Fifty-sixth street. Petitioner, Arthur Gorsch. Approved.

Plan 1317, New Buildings, 1899—Petition to allow the Bailey system of fireproof floor filling to be used in place of brick arches, the lower flange of steel beams on first story to be covered underneath with wire-lath; also to allow the same system of fireproofing to be applied to bulkhead on roof and vestibule in first story and halls, all as stated in petition; Nos. 538 and 540 East Sixth street. Petitioners, Schneider & Herter. Approved.

Plan 1464, New Buildings, 1899—Petition to allow the Bailey system of fireproof floor filling to be used in place of brick arches, the lower flanges of steel beams on first story to be covered underneath with wire-lath; also to allow the same system of fireproofing to be applied to bulkhead on roof and vestibule hall and landing, all as stated in petition; Nos. 118 and 120 Elizabeth street. Petitioner, Edward R. Poerschke. Approved.

Plan 2109, New Buildings, 1899—Petition to allow the construction of main entrance hall to be of 4-inch I beams, 30 inches on centres, filled in with 4-inch thick hollow fire-clay blocks and plastered on both sides; ceiling of said hall to be constructed of 2-inch by 2-inch angle irons, 24 inches on centres and filled in with 2-inch thick hollow fire-clay blocks plastered on underside, as stated in petition; Nos. 338 and 340 East Fifteenth street. Petitioner, M. Bernstein. Approved.

BOROUGH OF THE BRONX

BOROUGH OF THE BRONX.

OFFICE OF THE PRESIDENT OF THE BOROUGH, MUNICIPAL BUILDING, CROTONA PARK, 177TH STREET AND THIRD AVENUE.

I HEREBY GIVE NOTICE THAT PETITIONS have been presented to me and are on file in my office for inspection for:

Asphalting Arthur avenue, between Tremont avenue and Pelham avenue.

Asphalting East One Hundred and Eighty-third street, between Third avenue and Webster avenue.

Asphalting East One Hundred and Eighty-third street, between Arthur avenue and Southern Boulevard. Regulating, grading, macadamizing and planting trees on sidewalks, Prospect avenue, from Crotona Park, North, to East One Hundred and Eighty-ninth street.

Sewer, etc., East One Hundred and Thirty-third street, from Cypress avenue to summit east of Cypress avenue.

Sewer, etc., Crotona avenue, from East One Hundred and Seventy-seventh street to Crotona Park, North.

The petitions for the above will be submitted by me to the Local Board having jurisdiction thereof on March 8, 1900, at 2 P. M., at the office of the President of the Borough of the Bronx, Municipal Building, Crotona Park (One Hundred and Seventy-seventh street and Third avenue).

Dated, FEBRUARY 23, 1900.

LOUIS F. HAFKEN, President.

DEPARTMENT OF PARKS.

DEPARTMENT OF PARKS,

ARSENAL, CENTRAL PARK, BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 24, 1900.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES, WITH THE title of the work and the name of the bidder or bidders indorsed thereon, will be received by the Park Board, at its offices, Arsenal Building, Sixty-fourth street and Fifth avenue, Central Park, New York City, until 11 o'clock A. M. of

THURSDAY, MARCH 8, 1900,

for the following-named works and supplies for parks in the Borough of Manhattan.

No. 1. CONSTRUCTING TWO DOUBLE PROPAGATING HOUSES AT THE CONSERVATORY IN CENTRAL PARK.

No. 2. FURNISHING AND DELIVERING 4,500 CUBIC YARDS MOULD IN PLACE, ON RIVERSIDE PARK, between Ninety-sixth and One Hundred and Eighth streets.

No. 3. FURNISHING AND LAYING 100,000 SQUARE FEET OF GRA'S SOD ON RIVERSIDE PARK, between Ninety-sixth and One Hundred and Eighth streets.

No. 4. REMOVING 120 LARGE DEAD TREES FROM RIVERSIDE PARK, between Ninety-sixth and One Hundred and Twentieth streets.

THE CONTRACTS MUST BE BID FOR SEPARATELY. BIDDERS MUST NAME A PRICE FOR EACH AND EVERY ITEM INCLUDED IN THE SPECIFICATIONS UPON WHICH THESE BIDS ARE BASED, AND ALSO STATE THE TOTAL AMOUNT OF THEIR BIDS.

Bidders must satisfy themselves by personal examination, and by such other means as they may prefer, as to the nature and extent of the materials, and shall not, any time after the submission of an estimate dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded

to the person or persons for whom he consents to become surety; the adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No. 5. The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do. Blank forms for proposals and information relative thereto, can be had at the office of the Park Board, Arsenal, Central Park.

Resolved, That the Municipal Civil Service Commission consent, in accordance with section 20 of the Civil Service Laws of 1899, to the following change in the classification of positions in Schedule A, Part I, in the Department of Parks: Striking out "three Superintendents of Parks," and substituting in place thereof "two Superintendents of Parks, boroughs of Manhattan and Richmond, one Superintendent of Parks, Borough of The Bronx."

Resolved, That rule 43 be amended by adding thereto the following:

"But any person employed in the train service of the New York and Brooklyn Bridge in July, 1898, whose services were discontinued through the transfer of the train service from the authority of the City to that of the Elevated Railroad Companies may be reinstated in the service of the City in the same or a similar position and grade in any department within three years, without further examination, provided, that the names of all such persons shall be placed on appropriate eligible lists in the order of their length of City service, the one with longest service being placed at the head, and such persons to be certified in regular order from such lists to vacancies in such positions as they are entitled to fill. Any reinstatement herein authorized shall be made only after the certificate of the Municipal Civil Service Commission, that the reinstatement has been made in accordance with this rule."

The following resolution adopted by the Municipal Civil Service Commission on December 12, 1899, was approved as submitted:

"Resolved, That Schedule F of the classification of positions in the office of the President of Borough be amended by adding thereto 'Dormant'."

Corporation Counsel,

No. 2 Tryon Row,

Borough of Manhattan,

City of New York.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to all the real estate not owned by The Mayor, Aldermen and Commonality of The City of New York, or any right, title or interest therein not extinguishable by public authority, mentioned and described in the first section of an Act entitled "An Act to provide for an addition to RIVERSIDE PARK, in The City of New York," being chapter 727 of the Laws of 1896.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 3d day of March, 1900, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 3d day of March, 1900, and for that purpose will be in attendance at our said office on each of said ten days at 4 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 16th day of March, 1900.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the westerly prolongation of a line drawn parallel to the southerly side of West One Hundred and Sixteenth street and distant 100 feet southerly therefrom with the southerly prolongation of a line drawn parallel to and distant 200 feet westerly from the westerly side of that part of Riverside Drive lying northwardly from West One Hundred and Sixteenth street; running thence northerly along said southerly prolongation and parallel line to the westerly prolongation of the centre line of West One Hundred and Twenty-first street; thence westerly along said westerly prolongation of said centre line of West One Hundred and Twenty-first street to the easterly side of the New York Central and Hudson River Railroad; thence

northerly along said easterly side of the New York Central and Hudson River Railroad to the westerly prolongation of the centre line of West One Hundred and Twenty-fifth street; thence easterly along said westerly prolongation of said centre line of West One Hundred and Twenty-fifth street to its intersection with a line drawn parallel to and distant 200 feet westerly from the westerly side of that part of Riverside Drive lying opposite to West One Hundred and Twenty-fifth street; thence northerly along said parallel line and its prolongation northwardly to the westerly prolongation of the centre line of West One Hundred and Twenty-seventh street; thence easterly along said westerly prolongation and centre line of West One Hundred and Twenty-seventh street to its intersection with the northerly prolongation of the middle line of the block between Claremont avenue and Broadway; thence southerly along said northerly prolongation and middle line of the blocks to the westerly prolongation of the middle line of the block between West One Hundred and Twenty-fifth street and West One Hundred and Twenty-sixth street; thence easterly along said westerly prolongation and middle line of the blocks and its prolongation easterly to its intersection with a line drawn parallel to the easterly side of Amsterdam avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to the middle line of the block between West One Hundred and Fifteenth street and West One Hundred and Sixteenth street; thence westerly along said middle line of the block and its prolongation westerly to the point or place of beginning. Excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court-house in the Borough of Manhattan, in The City of New York, on the 5th day of April, 1900, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WHITE PLAINS ROAD (although not yet named by proper authority), from the northern boundary of The City of New York to Morris Park avenue, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by an order of the Supreme Court, bearing date the 5th day of January, 1900, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, in the office of the Clerk of the County of Kings, at his office in the Borough of Brooklyn, in The City of New York and in the office of the Clerk of the County of Westchester, at his office in White Plains, Westchester County, in the State of New York, on the 23d day of January, 1900, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, No. 71 Annexed Territory, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable assessment of the loss and damage, if any, or of the benefit or advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of acquiring the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, in the office of the Clerk of the County of Kings, and in the office of the Clerk of the County of Westchester, on the 23d day of January, 1900; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of acquiring the said street or avenue, but benefited thereby, and of ascertaining and finding the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of acquiring the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, ninth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 5th day of March, 1900, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, February 5, 1900.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS, in the BOROUGH OF BROOKLYN:

TWENTY-FOURTH WARD.
PARK PLACE—GRADING, between Troy and Schenectady avenues. Area of assessment: Both sides of Park place, between Troy and Schenectady avenues, and to the extent of half the blocks on the terminating avenues.

—that the same were confirmed by the Board of Assessors on February 6, 1900, and entered on same date in the Record of Titles of Assessments Confirmed, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter. Said section provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per cent. per annum, to be calculated from the date of such entry to the date of payment."

The above assessment is payable to the Collector of Assessments and Arrears at the office of the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before April 7, 1900, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per cent. per annum from the date of entry in the Record of Titles of Assessments in said Bureau to the date of payment.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
February 23, 1900.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required to rewire the Electric Light Plant in the Headquarters of the New York Fire Department, Borough of Manhattan, will be received by the Fire Commissioner, at the office of the Fire Department, Nos. 157 and 159 East Sixty-seventh street, in the Borough of Manhattan, City of New York, until 10.30 o'clock A. M.,

WEDNESDAY, MARCH 7, 1900,

at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of the proposals.

The form of the agreement, and the specifications, showing the manner of payment for the work, and forms of proposals, and any further information desired, may be obtained at the office of the Department.

Proposals must be made for all the work contained in the specifications.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed within sixty (60) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at Ten (10) Dollars.

Screws, about	8,190 pounds.
10. Boiler-plate Armatures, Bands, etc., about	10,840 "
11. a. Cast-iron Mooring-posts, weighing about 1,800 pounds each,	2
6. Cast-iron Mooring-posts, weighing about 900 pounds each,	16
12. Cast-iron Cleats, weighing about 165 pounds,	2
13. Cast-iron Pile Shoes, about	5,000 pounds.
14. 1/2" Chain, about	64 feet.
15. Galvanized 3/4-inch Staples, about	58 pounds.
16. Tar Paper, 3-ply, about	4,370 sq. feet.
17. Materials for Painting, Oiling, and Asphaltic Cement.	
18. Labor of every description, for about 40,166 square feet of pier.	

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Board of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the receipt of a notification from the Engineer-in-Chief of the Department of Docks and Ferries that the work, or any part of it, is ready to be begun, and all the work to be done under this contract (except about 100 feet of the inshore end of the pier, which may not be constructed until the bulkhead-wall is constructed by the Department of Docks and Ferries) is to be wholly completed on or before the expiration of one hundred and ten days after the date of service of said notification, and the said 100 feet are to be completed within forty-five days after notice shall be given to the contractor by the said Engineer-in-Chief of the Department of Docks and Ferries that work on the said 100 feet may be begun; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

It is the intention of the Board of Docks to deposit rip-rap over the outer about 450 feet of the pier site, along the easterly and westerly sides and across the outer end of the pier, and also for the foundation-piles in the inner portion of the pier. This work may or may not be done in whole or in part during the progress of the pier construction; and, if so ordered by the Engineer, the contractor will suspend work on the pier to permit the Department to deposit rip-rap, in which case due allowance will be made the contractor for any delay thereby occasioned in making the final estimate for time of completion of this contract.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, and the same is not leased, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

THE RIGHT TO REJECT ALL THE BIDS IS RESERVED IF DEEMED FOR THE INTEREST OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Board, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Board.

Dated, New York, January 26, 1900.
J. SERGEANT CRAM,
CHARLES F. MURPHY,
PETER F. MEYER,
Commissioners composing the Board of Docks.

No. 300 MULBERRY STREET.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with Stationery and Printing for election purposes will be received at the Central Office of the Department of Police, in The City of New York, until 2 o'clock P. M. of

WEDNESDAY, THE 28TH DAY OF FEBRUARY, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Stationery and Printing for Primary Election," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of stationery and printing required, reference must be made to the specifications, forms of which may be obtained at the office of the Superintendent of Elections of The City of New York in the Central Department.

Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids should it be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of stationery and printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Superintendent of Elections of The City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Three Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interest of the City so to do, and to re-advertise until satisfactory bids or proposals shall be received.

Samples of stationery and printing required may be examined and blank forms for estimates may be obtained by application to the Superintendent of Elections of The City of New York, at his office in the Central Department.

By order of the Board,

WILLIAM H. KIPP,

Chief Clerk.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with eight hundred tons of best quality of Anthracite Coal for use on the steamboat "Patrol" will be received at the Central Office of the Department of Police, in The City of New York, until 2 o'clock P. M. of

WEDNESDAY, THE 28TH DAY OF FEBRUARY, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Coal for Steamboat," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be

publicly opened by the head of said Department and read.

For particulars as to the quality, kind, quantity and size of coal required and time of delivery, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state the kind of anthracite coal they propose to furnish by giving the name of its mine or other business appellation.

The attention of bidders is called to the following provisions of the contract: "And it is hereby expressly agreed by and between the parties to this contract that the said parties of the second part may and they are hereby authorized to increase or diminish the amounts of coal required to be furnished hereof, by an amount not to exceed 10 per cent, without compensation to the said party of the first part other than the prices per ton herein agreed upon to be paid for the amount actually furnished under this agreement."

Bidders will state the price per ton of two thousand two hundred and forty pounds for the coal to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Two Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded, at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, will be received at this office until

WEDNESDAY, MARCH 7, 1900,

at 12 o'clock M., at which hour they will be publicly opened by the head of the Department and read.

For the following work in the

Borough of The Bronx.

No. 1. SEWER IN CROTONA PARK, SOUTH,

from Fulton to Franklin avenue.

No. 2. SEWER AND APPURTENANCES IN BATHGATE AVENUE, between East One Hundred and Seventy-second street and Wendover avenue.

No. 3. SEWERS AND APPURTENANCES IN EAST ONE HUNDRED AND SEVENTY-NINTH STREET, between Boston road and Mohegan avenue; in EAST ONE HUNDRED AND EIGHTIETH STREET, between Boston road and Southern Boulevard; in EAST ONE HUNDRED AND EIGHTY-FIRST STREET, between Boston road and Crotona parkway; in EAST ONE HUNDRED AND EIGHTY-SECOND STREET, between Boston road and Honeywell avenue; in VYSE STREET, between East One Hundred and Eightieth street and East One Hundred and Eighty-second street; in DALY AVENUE, between East One Hundred and Eighty-first street and East One Hundred and Eighty-second street, and in HONEYWELL AVENUE, between East One Hundred and Seventy-seventh street and East One Hundred and Eighty-second street.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF SEWERS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED, IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

the name of the bidder indorsed thereon, will be received at this office until

WEDNESDAY, FEBRUARY 28, 1900,
at 12 o'clock M., at which hour they will be publicly opened by the head of the Department and read.
For the following work in the

Borough of Brooklyn.

- No. 1. SEWER IN SEVENTY-FOURTH STREET, between Third and Fourth avenues, and in FOURTH AVENUE, west side, between Seventy-fourth and Seventy-fifth streets.
No. 2. SEWER IN SEVENTY-FIFTH STREET, between Third and Fourth avenues.
No. 3. SEWER IN SEVENTY-FIFTH STREET, between Fourth and Fifth avenues.
No. 4. SEWER IN BAY ELEVENTH STREET, between Bath and Benson avenues, and in BENSON AVENUE, between Bay Tenth and Bay Eleventh streets.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested in it, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above-mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF SEWERS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bids or estimates, the proper envelopes in which to inclose the same, and any further information desired, can be obtained at the office of the Deputy Commissioner of Sewers, Municipal Building, Borough of Brooklyn.

BOARD OF PUBLIC IMPROVEMENTS,
19 TO 21 PARK ROW,
BOROUGH OF MANHATTAN.

NOTICE IS HEREBY GIVEN, THAT THE

Board of Public Improvements of The City of New York, deeming it for the public interest so to do, proposes to lay out and locate towers and anchorages for the proposed bridge over the East River between the boroughs of Manhattan and Brooklyn, in The City of New York, and that a meeting of the said Board will be held in the office of the said Board, at Nos. 19 to 21 Park Row, Borough of Manhattan, on the 28th day of February, 1900, at 2 o'clock P. M., at which such proposed laying out and locating will be considered by said Board; all of which is more particularly set forth and described in the following resolution, adopted by said Board on the 14th day of February, 1900, notice of the adoption of which is hereby given, viz.:

Whereas, At a meeting of this Board, held on the 29th day of November, 1899, resolutions were adopted approving plans for a bridge over the East River, between the boroughs of Manhattan and Brooklyn and the approaches thereto; and

Whereas, The Municipal Assembly by ordinance, duly approved by the Mayor on the 8th day of January, 1900, provided for the building of said bridge and approaches in accordance with said plans, and duly approved of the same; and

Whereas, The lands for the location of towers and anchorages in said boroughs of Manhattan and Brooklyn, as the same are designated and described on the sketch or plan hereto annexed, are necessary to be taken for the purposes of said bridge and approaches, and are more particularly described as follows:

MANHATTAN TOWER.

All distances given above are more or less.

Line marked A-B is intended to divide, as near as may be into equal parts, the water space between Old Piers 41 and 42.

MANHATTAN ANCHORAGE

Block 254, Ward 7.

Beginning at a point on the north side of Cherry street distant 97 feet 3 inches westerly from the northwest corner of Cherry and Pike streets, running thence along the northerly side of Cherry street 238 feet 5 1/2 inches to the westerly boundary line of Lot 12, Block 254; thence along the boundary line between Lots Nos. 11 and 12 for 49 feet; thence on a line bearing north 23 degrees 00 minutes 00 seconds west 162 feet to a point on the boundary line between Lots 8 and 44 of Block number 254, thence along this boundary line and the boundary line between Lots 8 and 45 for 27 feet 6 inches to the corner between Lots 45 and 46; thence northerly along the division line between Lots 45 and 46, for 92 feet 8 inches to the southerly line of Monroe street; thence easterly along the south side of Monroe street for 252 feet 7 inches to the corner between Lots 32 and 33; thence southerly along the division line between Lots 32 and 33 for 82 feet 1 inch to the other corner between these lots; thence easterly along the boundary line between Lots 32 and 17 for 26 feet to the northeast corner of Lot 17; thence along the easterly boundary of Lot 17 for 72 feet and thence south 23 degrees 00 minutes 00 seconds east for 127 feet to the place of beginning.

All distances given above are more or less.

The bearings (north 23 degrees 00 minutes west) and (south 23 degrees 00 minutes east) are as near parallel as may be to the centre line of the bridge as now located.

BROOKLYN TOWER.

Beginning at a point on the present bulkhead line at the intersection of the west side of Washington street and distant 231 feet 9 inches from the northwest corner of Washington and Plymouth streets; thence north 84 degrees 30 minutes 30 seconds west along said bulkhead line 78 feet 4 1/2 inches; thence north 2 degrees 50 minutes 20 seconds east for 268 feet 4 1/2 inches to the United States Pierhead-line of 1890; thence along said pierhead-line easterly for 28 feet 6 1/2 inches; thence southerly 220 feet to a point on the present bulkhead-line; thence west 160 feet to place of beginning.

All above distances are more or less.

Lines marked A-B and C-D are intended to divide into equal parts the water-space between the two adjacent piers.

BROOKLYN ANCHORAGE.

Block 26, Ward 2.

Beginning at the intersection of the east side of Adams street and the south side of Water street; thence easterly along the south side of Water street for 26 feet 3 inches to the western side of Pearl street; thence southerly along the western side of Pearl street for 200 feet to the northern side of Front street; thence westerly along the northern side of Front street or 200 feet 2 1/2 inches to the eastern side of Adams street; thence northerly along the eastern side of Adams street for 200 feet to the south line of Water street or point of beginning.

All dimensions given above are more or less.

Resolved, That notice to all persons interested in or affected by the location of such towers or anchorages or the lands necessary to be taken therefor, be given by publication in the CITY RECORD and corporation newspapers, for at least ten days continuously, exclusive of Sundays and holidays, prior to Wednesday, February 28, 1900, on which day, at two o'clock in the afternoon, at a meeting of this Board, all persons so interested or affected will be given an opportunity to be heard in relation thereto, as by law provided.

Dated, NEW YORK, February 14, 1900.

JOHN H. MOONEY,
Secretary.
