State of New York, Office State Civil Service Commission, Albany, July 25, 1911.

The foregoing resolution of the Municipal Civil Service Commission of The City of New York, having been duly examined, is hereby approved by the State Civil Service Commission.

Attest: JOHN C. BIRDSEYE, Secretary.

Municipal Civil Service Commission, New York, July 15, 1911.

At a meeting of the Municipal Civil Service Commission of New York, held on July 12, 1911, it was

Resolved, That Rule XVIII. (the Non-Competitive Class), be amended to read as follows:

1. The positions in the Non-Competitive Class shall be those of a minor nature, in the city institutions or elsewhere, that it is not practicable to fill either through competition or through registration under the provisions of Rule XIX., and that are specifically designated in the classification.

2. In each department or institution where there are positions in the Non-

Competitive Class there shall be a Board of Examiners for such positions composed of not less than three superior officers or employees of such department or institution, who shall be designated by the Commission with the approval of the appointing officer.

3. A vacancy in any position in the said class, at compensation not exceeding the limit, if any, set in the classification for such position, may be filled by the appointment of any person who, upon nomination by the appointing officer to such Board of Examiners, and upon appropriate non-competitive examination, shall be certified by such Board to be qualified to perform the duties of such position. In any department or institution having a number of such employees in the same class of work, the appointing officer, in order to provide a list permitting immediate selection, in case of necessity may nominate for examination more than one person, but selection shall be made, in such a case, in the order of the placing of the names upon such list.

4. Such examinations shall be conducted so as to show (a) that the applicant is free from any physical defect likely to interfere with the proper discharge of his duties; (b) that his general character and habits are satisfactory, and (c) that he possesses the requisite knowledge and ability, or that he is qualified by experience, to discharge his duties efficiently and intelligently.

5. For the position of Trained Nurse, when the applicant is a Registered Nurse, under chapter 293 of the Laws of 1903, a certificate of such registry may, when presented, be accepted in lieu of the examination required herein, and for the position of Master, Mate or Pilot, the certificate or license of the United States Steamboat Inspection Bureau may be accepted in lieu of such examination.

6. The Commission shall supervise and regulate the conduct of examinations by the Boards of Examiners, and may prescribe uniform conditions and tests of fitness for the guidance and government of the Examiners.

7. Each Board of Examiners shall transmit to the Commission at the end of each month a statement of the results of the examinations they have conducted, setting forth the names of the persons examined or appointed, the compensation of each, and such other information as the Commission may require.

8. Any position of which the title appears in the classification of the Non-Competitive Class, but with compensation attaching thereto which exceeds the limit, if any, set by the classification for such position shall be deemed to be in either the Competitive or the Labor Class, according to the duties of such position.

9. No person holding a position in the Non-Competitive Class shall be increased in compensation beyond the limit set in the classification for such position unless he shall have qualified for appointment for such higher paid position in an open competitive examination or shall have been promoted in accordance with paragraph 18 of Rule XV.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC. WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, free or rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.
