PUBLIC NOTICE.

Proposals inclosed in sealed envelopes, and indorsed with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Department of Street Cleaning, No. 51 Chambers street, in the City of New York, under and in pursuance of authority conferred by chapter 367, Laws of 1881, entitled "An act to create a Department of Street Cleaning in the City of New York, and to provide for the cleaning of the streets of said city, for the removal of snow and ice therefrom, and for the collection of ashes, garbage and street sweepings, and the disposal of the same," passed May 26, 1881, three-fifths being present, until 12 o'clock M., of Thursday, the day of, at which time and place the proposals will be publicly opened and read: For the final disposition of the street sweepings, ashes and garbage collected in the City of New York and delivered at the several dumps or dumping-places of the Department of Street Cleaning in said city, for the term of four years, from the day of 188.....

The person or persons to whom the contract may be awarded will be required to furnish suitable and sufficient scows or boats for the reception of said substances and material, when the same are delivered at said dumps or dumping-places of the Department of Street Cleaning; to defray the expense of trimming, towing, and unloading said scows or boats, and all other expenses incurred in disposing of said substances and material, and to conform to and obey all laws of the United States, of the State of New York, ordinances of the Board of Aldermen of the City of New York, the sanitary code of the Board of Health of said city, touching the removal from said city of said substances and material or dumping thereof, or any part thereof, either within the limits of said city, or in the waters of the North or East rivers, adjoining the counties of New York, Kings, Westchester, or Richmond, or in the bay of New York, or Raritan bay, within the jurisdiction of the State of New York, or in the waters of Jamaica bay, or in the waters of the Atlantic ocean, within three miles of Coney Island, or within three miles of Rockaway Beach or Far Rockaway, or within less than one mile beyond the outer bar.

If any part of said substances and material should be required by any person or persons, or Department of the City of New York, for the purpose of filling in lots, or for other purposes, the Commissioner expressly reserves the right to deliver as much of said substances and material as he may deem necessary for such purposes, without invalidating the terms of the contract.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard, measurements and estimates to be made by an Engineer appointed by the Commissioner of Street Cleaning, on the boats or scows of the Contractor or Contractors, at the several dumps or dumping-places of the Department of Street Cleaning; or if the street-sweepings, ashes and garbage are bid for at a separate price for each class of work, and the said Commissioner accepts bids in that form, the measurements and estimates may be made by said Engineer on the substances and material delivered at the dumps or dumping-places, upon the scows or boats at said dumps or dumping-places.

Bidders will be allowed, at their option, to bid a price per cubic yard upon the work, as a whole as a mass, or a separate price for each class of the work, the bid or bids being for the performance of the whole work, as hereinafter described and classified, to wit:

1st. For the final disposition of the street-sweepings, ashes and garbage collected in the City of New York, and delivered as a mass at the several dumps or dumping-places of the Department of Street Cleaning in said City:

Per cubic yard:

Or, 2d. For the final disposition of the street-sweepings collected in the City of New York, and delivered at the several dumps or dumping-places of the Department of Street Cleaning in said City, said sweepings to be separated from all other substances and material only as far as may be practicable in the judgment of the Commissioner of Street Cleaning.

Per cubic yard:

And for final disposition of the ashes, separated from all other substances and material only as far as may be practicable in the judgment of the Commissioner of Street Cleaning, collected in the City of New York, and delivered at the several dumps or dumping-places of the Department of Street Cleaning, in said City:

Per cubic yard:

And for the final disposition of the garbage, separated from all other substances or material only as far as may be practicable in the judgment of the Commissioner of Street Cleaning, collected in the City of New York, and delivered at the several dumps or dumping-places in said city.

Per cubic yard:

The estimated quantities of street sweepings, ashes and garbage to be removed from the City of New York, and finally disposed of per year, are as follows:

1. Street sweepings, two hundred thousand cubic yards.
2. Ashes, seven hundred thousand cubic yards.
3. Garbage, one hundred thousand cubic yards.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and, in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may either make another selection from the proposals submitted in accordance with this public notice, or readvertise and relet the work, as he may consider best for the public interest.

If the person or persons to whom the contract may be awarded, shall neglect or delay to commence the work or any portion thereof, on or after the 1st day of January, 1883, the Commissioner of Street Cleaning may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract.

Bidders are required to state in their proposals, under oath, their names and places of residence, the names of all persons interested with them therein, and, if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or proposal for the above work; and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. Each proposal shall also be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded to the person or persons making the proposal, they will, on its being so awarded, become bound, as his or their sureties for its faithful performance in the amount of Fifty Thousand Dollars; and that, if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that each is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract as stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller of the City of New York.

Permission will not be given for the withdrawal of any bid or proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject any and all bids, or to select the bid or bids the acceptance of which will, in his judgment, best secure the efficient performance of the work. No bid will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each proposal must be accompanied by a certified check on a solvent banking incorporation in the City of New York, payable to the order of the Comptroller of the City of New York, for five per cent. of the amount bid for the performance of all the work required by said contract to be done in any one year. On the acceptance of any bid, the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract the check of the accepted bidder will be returned to him.

The contract will contain a stipulation or condition that it may be terminated on ten days' notice to the Contractor by the Commissioner of Street Cleaning, with the approval of the Mayor.

All bids must be made with reference to the form of contract and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected; and the same is referred to as a part of this notice.

Blank forms of contract may be obtained at the Department of Street Cleaning, 51 Chambers street, New York city, on or after 1882.

MEMORANDUM OF AGREEMENT made this day of, A. D. 188, by and between of the City of New York, party of the first part, and the Mayor, Aldermen and Commonalty of the City of New York, by the Commissioner of Street Cleaning of the City of New York, party of the second part, pursuant to the provisions of chapter 367 of the Laws of 1881, entitled: "An Act to create a Department of Street Cleaning in the City of New York, and to provide for the cleaning of the streets of said City, for the removal of snow and ice therefrom, and for the collection of ashes, garbage, and street-sweepings, and the disposal of the same," passed May 26, 1881; three-fifths being present; witnesseth as follows:

The said party of the first part, in consideration of the undertakings, promises and agreements herein contained on the part of the said party of the second part, to be performed, fulfilled, and kept, doth undertake, promise and agree to and with said party of the second part, to provide suitable and sufficient boats or scows or other receptacles for the reception of all street-sweepings, ashes and garbage collected and delivered at the several dumps or dumping-places of the Department of Street Cleaning in the City of New York; to furnish all labor, material, or other means or implements necessary or proper for the purpose of receiving said substances and material when dumped, and for trimming said boats, and for removing the same from the City of New York; and to furnish the labor and implements or means for, and to defray the whole expense of, unloading the same when so removed and being finally disposed of.

The said party of the first part undertakes, promises, and agrees to do and perform said work of removing and disposing of all substances and material hereinbefore mentioned, in such manner as to fully comply with the conditions and provisions of chapter 367 of the Laws of 1881, and all laws of the State of New York, and ordinances and provisions of the Sanitary Code in force in the City of New York, and the Laws of the United States, so far as they relate to the dumping, placing, or finally disposing of said substances and material either in the City of New York, or in the waters or harbors in the vicinity of said city, and so as not to create any obligation, claim, or demand, nor furnish any just ground for any action, suit, or legal proceeding against the Mayor, Aldermen, and Commonalty of the City of New York, or the Department of Street Cleaning of the City of New York.

The said party of the first part further undertakes, promises, and agrees to remove from the City of New York, and finally dispose of: All street sweepings, ashes, and garbage collected in the said city and delivered at the several dumps or dumping-places of the Department of Street Cleaning in said city, according to the terms of this contract, at a rate or rates per cubic yard, to be paid at the times and in the manner herein stipulated, to wit:

FIRST:

For the final disposition of the street sweepings, ashes, and garbage collected in the City of New York, and delivered as a mass at the several dumps or dumping-places of the Department of Street Cleaning in said city:

Per cubic yard:

OR, SECOND:

For the final disposition of the street-sweepings collected in the City of New York, and delivered at the several dumps or dumping-places of the Department of Street Cleaning in said city, said street-sweepings to be separated from all other material only as far as may be practicable, in the judgment of the Commissioner of Street Cleaning.

Per cubic yard:

And for final disposition of the ashes, separated from all other substances and material only as far as may be practicable, in the judgment of the Commissioner of Street Cleaning, collected in the City of New York, and delivered at the several dumps or dumping-places of the Department of Street Cleaning, in said city:

Per cubic yard:

And for the final disposition of the garbage, separate from all other substances or material only as far as may be practicable, in the judgment of the Commissioner of Street Cleaning, collected in the City of New York, and delivered at the several dumps or dumping-places in said city:

Per cubic yard:

It is hereby expressly stipulated and agreed by and between the parties hereto that the above mentioned rate or rates shall be the sole compensation for the work to be performed under this contract, and no claim shall be made by the party of the first part, his or their successors, assigns or personal representatives, for any greater or extra compensation.

The said party of the second part, in consideration of the undertakings, stipulations, and agreements on the part of the party of the first part, to be performed, fulfilled, and kept, doth hereby undertake, promise and agree to and with the said party of the first part, to pay or cause to be paid, on or about the first day of each month, to the said party of the first part at the rate or rates hereinbefore specified for each cubic yard of substances removed and finally disposed of; the sum or sums of money due according to the terms and conditions of this contract.

Provided, that the party of the second part may, and shall at all times, reserve and retain out of said payments, or any or either of them, all such sum or sums, as by the terms hereof, or of any law of the State of New York, or of any ordinance or resolution of the Common Council of the City of New York, passed prior to the date hereof, they may be authorized to reserve or retain.

And it is expressly agreed by and between the parties hereto, that the quantity of substances and material so removed and finally disposed of shall be ascertained by measurements and estimates thereof upon the said boats or scows of the Contractor or Contractors, at the several dumps or dumping-places of the Department of Street Cleaning, by an Engineer in the employment of said Department; or if the street-sweepings, ashes and garbage are bid for at a separate price for each class, and the said Commissioner accepts bids in that form, the measurements and estimates may be made by said Engineer on the substances and material delivered at the dumps or dumping places, upon the scows or boats at said dumps or dumping places; and that the certificates of said Engineer shall be conclusive as to the quantities thereof, and shall be the basis upon which the amount to be paid shall be determined.

Whenever in this agreement the words "substances and material" are used, they shall cover and include all ashes, garbage, dirt, street-sweepings, and such other refuse as the said Commissioner may have caused to be collected in said city and delivered at the dumps or dumping-places of the said Department.

And it is further stipulated and agreed by the parties hereto that the dumps and dumping-places shall be at such locations and so many in number as the Commissioner of Street Cleaning may determine, and the number and location thereof shall be changed by said Commissioner at pleasure.

And it is further stipulated and agreed that one or more of said scows or boats shall be kept continually at each of the dumps or dumping-places, by the party of the first part, with a sufficient force of laborers, during such hours as may be designated by the Commissioner of Street Cleaning as working hours, to receive and load such substances and material thereon; and whenever such scows or boats are not present at a dump or pier, or dumps and piers, of the said Department during said working hours, for the purpose of receiving said substances and material on board, the party of the second part may cause said substances and material to be dumped or placed upon such dumps or piers, and the party of the first part shall cause the same thereafter, without any extra expense to the party of the second part, to be shovelled or placed upon their scows or boats for final disposition when such scows or boats shall arrive.

It is hereby mutually stipulated and agreed by and between the parties hereto, that if any part of said substances and material is desired by any party or parties, or any Department of the City of New York, for filling in lots or for other purposes, the party of the second part has the right to retain and deliver to such party or parties or Department as much of said substances and material as may be required for such purposes.

The said party of the first part further undertakes, promises and agrees that if the work of receiving or finally disposing of said substances and material or any part thereof in compliance with the terms of this contract shall be omitted or neglected, and notice shall be given to said party of the first part by or on behalf of the said party of the second part of the neglect and omission, and said neglect and omission shall continue for six hours thereafter, the Commissioner of Street Cleaning shall have the power to procure such boats, scows, barges, tugs and implements and appliances, and to employ such labor as may be necessary to fulfill this contract, or such part thereof as may be deemed necessary, and to charge the expense of the same to said party of the first part, and deduct the same from any moneys accruing or to accrue under this contract.

It is further mutually agreed by and between the parties hereto, that the Commissioner of Street Cleaning may at any time annul and cancel this contract with the approval of the Mayor of the said city, upon giving ten days' notice to the party of the first part, and that the action of said Commissioner in so annulling or cancelling the said contract shall be in all respects final and conclusive and binding upon the parties hereto, and that thereupon the said contract shall be terminated and void, annulled and cancelled, and the said party of the first part shall have no claim or action for any damages or compensation for or on account of annulling or cancelling the said contract.

It is hereby expressly stipulated and agreed by the party of the first part, to and with the party of the second part, that if the said party of the first part should delay, or neglect to commence the work or any portion thereof, under this agreement, on or after the 18th day of January, 1883, the said party of the second part may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said party of the first part, and deduct the same from any moneys accruing or to accrue under this contract.

It is expressly stipulated and agreed by and between the parties hereto, that the contractor or contractors shall receive directly upon his or their scows or boats, while moored at the aforesaid dumps or dumping places, any and all ashes, garbage or rubbish, from any steam tug or steam vessel, located at one or more dumps or dumping-places "on the East and North rivers respectively, or at such other points as the Commissioners of Pilots may direct, for the special use of boats and vessels wishing to discharge ashes, garbage or rubbish," and that the party of the second part will pay for the final disposition of the ashes, garbage and rubbish received by all said scows and boats as a part of the hereinbefore mentioned substances and material, as required by law.

The said party of the first part hereby covenants and agrees that he or they will give his or their personal attention to the faithful prosecution of said work; that he or they will not assign or sublet the same or any part thereof, without the previous written consent of the Commissioner of Street Cleaning enforced on this agreement, but will keep the same under his or their own control; that he or they will not assign by power of attorney or otherwise any of the moneys payable under this agreement, unless by and with the like consent, to be signified in like manner.

It is further mutually stipulated and agreed by and between the parties to this contract, that the undertakings, agreements and stipulations contained herein, shall bind and be obligatory upon the executors, administrators, assigns, successors and legal representatives of the respective parties hereto.

And it is further agreed by and between the parties hereto, that if, at any time before or within thirty days after the whole work herein agreed to be performed has been completed and properly done in accordance with this contract and to the satisfaction of the Commissioner of Street Cleaning by the parties of the first part, any person or persons claiming to have performed any labor or furnished any machine, implement, appliance or material towards the performance or completion of this contract, shall file or cause to be filed with the Department of Street Cleaning and with the head of the Finance Department of the said City of New York, any such notice as is described in the Act of the Legislature of the State of New York, passed May 22, 1878, entitled "An Act to secure the payment of laborers, mechanics, merchants, traders and persons furnishing materials towards the performing of any public work in the cities of the State of New York," then, and in every such case, the said party of the second part shall retain, anything herein contained to the contrary notwithstanding, from the moneys under its control, and due or to grow due from it under this agreement, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person or persons filing such notice, or causing the same to be filed, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained shall be retained by the said party of the second part until the lien thereon created by the said act and the filing of the said notice shall be discharged, pursuant to the provisions of the said act.

And the said party of the first part hereby further agrees that he or they will furnish the said Department of Street Cleaning with satisfactory evidence that all persons who have done work or furnished materials under this agreement, and who have given written notice to said Department

And in case such evidence be not furnished as aforesaid, such amount as may be necessary to meet the claims of the persons aforesaid shall be retained from the moneys due from said party of the second part to the said party of the first part under this agreement until the liabilities aforesaid shall be fully discharged or such notice withdrawn.

And it is expressly agreed by and between the parties hereto, that the said party of the second part, nor its assigns, shall not, nor shall any department or officer of the City of New York be precluded or estopped by any return or certificate made or given by any engineer, inspector, or other officer, agent, or appointee of the Department of Street Cleaning or of said party of the second part, under or in pursuance of anything in this agreement contained, from at any time showing the true and correct amount and character of the work which shall have been done by said party of the first part or any other person or persons under this agreement.

The Comptroller presented the following:

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
COMMISSIONERS' OFFICE, 66 THIRD AVENUE,
NEW YORK, November 23, 1882.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Commissioners of Public Charities and Correction held this day, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be requested to transfer the sum of fourteen thousand dollars (\$14,000) from the appropriation made to the Department of Street Cleaning for the year 1881, to the appropriation made to this Department for the construction of a crib bulkhead at Hart's Island, which is insufficient to complete the same.

Very respectfully,

THOMAS S. BRENNAN, President.

DEPARTMENT OF STREET CLEANING, CITY OF NEW YORK,
No. 51 CHAMBERS STREET,
NEW YORK, November 3, 1882.

Hon. WILLIAM R. GRACE, President Board of Estimate and Apportionment:

SIR—On October 3, 1882, I received a communication from the Board governing the Department of Charities and Correction, dated October 2, 1882, requesting that this Department furnish the necessary means to complete the crib at Hart's Island, and in answer thereto I addressed a communication to the Hon. Thos. S. Brennan, President of the Board, suggesting that it would be well to furnish this Department with an estimate of the cost of completing said crib, so that I might act intelligently in giving my consent to the transfer. To this communication I received a reply, dated November 2, 1882, enclosing a report of the cost of constructing and completing the crib, as estimated by Mr. Haswell, Superintending Engineer, which I inclose to you, with the request that it may be returned to this Department after you have given the matter your consideration.

To-day, November 3, 1882, I address a communication to the Hon. Thos. S. Brennan, President of the Board, in which I signify my consent to the transfer of eleven thousand dollars from the unexpended balance of appropriation to this Department for the year 1881 to the credit of the Department of Charities and Correction, and promise to notify the Board of Estimate and Apportionment thereof, which I hereby do.

Respectfully, your obedient servant,

J. S. COLEMAN, Commissioner.

And offered the following resolution:

Resolved, That the sum of eleven thousand dollars (\$11,000) be and is hereby transferred from the appropriation to the Department of Street Cleaning for "Cleaning Streets," for the year 1881, which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the Department of Public Charities and Correction for the year 1881, entitled "For Crib at Hart's Island," for which it is required.

Requesting the early action of the Board in these matters, I am,

Very respectfully,

FRED. H. HAMLIN,
Deputy and Acting Commissioner of Public Works.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, November 22, 1882.

CHARLES V. ADEE, Esq., Clerk of the Board of Estimate and Apportionment :

SIR—Your communication to this Department, dated October 31, 1882, enclosing copy of the following resolution, adopted at a meeting of the Board of Estimate and Apportionment held on that day, was duly received :

Resolved, That the Counsel to the Corporation be requested to furnish to this Board his opinion as to whether the Board of Estimate and Apportionment has the power to designate the salaries to be paid to the clerks and subordinates in the various departments and offices of the city government and the Board of Education.

Section 28 of chapter 335 of the Laws of 1873, among other things, contains the following : "The number and duties of all officers and clerks, employees and subordinates, in every department, except as otherwise herein specifically provided, with their respective salaries, whether now fixed by

special law or otherwise, shall be such as the heads of the respective departments shall designate and approve ; but subject, also, to the revision of the Board of Apportionment ; provided, however, that the aggregate expense thereof shall not exceed the total amount duly appropriated to the respective departments for such purpose."

Reading this provision in connection with those contained in section 112 of said chapter, and with the statutes relating to the powers of the Board of Education, I am of the opinion that the salaries of all clerks and subordinates in the different Departments of the City Government, and the Board of Education, are to be designated and approved, in the former case, by the respective heads of Departments, and in the latter case, by the Board of Education ; subject to the revision of the Board of Estimate and Apportionment as to the total amount to be expended by each Department, and the Board of Education, in each year, for such purpose. I do not think that, looking either to the letter or the spirit of the statute, the Board of Estimate and Apportionment is authorized to fix or designate the salaries to be paid to any of such clerks and subordinates.

I am, sir, yours respectfully.

GEORGE P. ANDREWS, Counsel to the Corporation.

Which was ordered on file.

On motion, the Board adjourned.

THOS. B. ASTEN, Secretary.

Labor of framing and carpentry, including all moving of timber, jointing, planing, bolting, spiking, painting, oiling or tarring, and furnishing the materials for painting, oiling or tarring, and labor of every description, for an area of about 20,700 square feet of pier, and about 90 feet of bulkhead.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work contracted for to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom the award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of Three Thousand Dollars.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed on or before the 15th day of February, 1883, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the fulfillment thereof have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the said pier and bulkhead to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders must distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages, such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

- No. 2. SEWER in Seventy-third street, between First avenue and Avenue A.
- No. 3. REGULATING AND GRADING One Hundred and Seventeenth street, from the west curb of Fourth avenue to the east curb of Fifth avenue, and setting curb-stones and flagging sidewalks therein.
- No. 4. FLAGGING SIDEWALKS four feet wide on east side Fifth avenue, from the north curb of Seventy-second street to the south curb of Eighty-sixth street.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount

of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Or any other public building or office in which gas may be required during the aforesaid term.
Any person making an estimate for the above-mentioned supplies shall furnish the same in a sealed envelope at said office, at or before the day and hour above named, which envelope shall be inclosed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The gas shall have an illuminating power of not less than sixteen sperm candles when tested on the improved form of the Bunsen Photometer, by a Sugg-Lesbeys 15 hole argand burner, calculated on a consumption of five cubic feet of gas per hour. The regular daily tests however will be made with a burner that will obtain from the gas the greatest amount of light, and practicable for use by the consumer and consuming at the rate of five cubic feet of gas per hour. The testing candle shall be of sperm of six to the pound, and consuming, as near as possible, one hundred and twenty grains of sperm per hour, and no candle shall be used for testing which consumes less than one hundred and fourteen or more than one hundred and twenty-six grains of sperm per hour. And, as regards purity, the gas shall be free, within limits not injurious to the public health, from ammonia, sulphuretted hydrogen, and other sulphurous and noxious compounds.

Bidders are required to state in their estimates the several markets, armories, buildings, and offices to which they propose to furnish gas in accordance with the terms, conditions and specifications contained herein, and in the proposed form of contract, and the illuminating power of the gas they propose to furnish.

Bidders are also required to state one definite and distinct price for each thousand cubic feet of gas furnished (whether the quantity be more or less) to each or any of the public markets, armories, buildings, and offices of the city, and this price must be written out in full, and also inserted in figures.
Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters

therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

The amount of security required is \$20,000, but the same may be reduced at the option of the parties of the first part if an award is made warranting a less amount of security.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms of bids or estimates, the proper envelope in which to inclose the same, the specifications and agreements, and any further information desired can be obtained at the office of the Superintendent of Lamps and Gas, Room 11, No. 31 Chambers street.

The Commissioner of Public Works reserves the right to reject any or all proposals, if in his judgment the same may be for the best interests of the city.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Lumber and Hardware," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

250 bales long, bright rye straw, weight as delivered at storehouse. B. L. and any tare of wood or iron, used in piling, in excess of three pounds per bale, to be deducted from bill.

— or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M. of Friday, November 24, 1882. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Etc.," and with his or her name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract

has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
