#### CHAPTER 346.

AN ACT relative to the repavement of streets and avenues in the City of New York.

Approved by the Governor June 3, 1889. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows :

Section 1. Whenever and as often as the board of estimate and apportionment in the city of New York, shall determine that the public interests require the repavement of certain streets and avenues in said city, to be designated by such board from time to time, and that the expense of such repavement should be paid out of the proceeds of the sale of the city's stocks or bonds hereinafter authorized to be issued for such purpose, it shall be lawful for said board to authorize such repavement and to determine the kind of pavement which shall be laid, and upon such authority being given it shall be the duty of the commissioner of public works in said city to proceed with the work of repavement so authorized. He shall have power to determine the manner in which such pavements shall be laid. The work of such repaving shall be done under contracts to be let on sealed bids or proposals after advertisement, in the manner now provided by law in the case of contracts for public works in said city.

Sec. 2. For the payment of the expense to be incurred under the authority of this act, the comptroller of said city of New York shall issue, from time to time, when thereto directed by the board of estimate and apportionment, bonds or stock of the mayor, aldermen and commonality of the city of New York, payable from taxation. Such stocks or bonds shall be redeemable in not less than ten nor more than thirty years from the date of issue, as the comptroller shall determine, shall bear interest at a rate to be fixed by the comptroller not exceeding three per centum per annum, and shall not be disposed of at less than par value. The mayor and comptroller shall sign said stocks or bonds and it shall be the duty of the clerk of the common council of said city to countersign the same, and to affix thereto the seal of said city. Said bonds shall not be issued to a greater amount, in the aggregate, than three million dollars, but not more than one million dollars of said bonds shall be issued in any one year, beginning from the first of January, one thousand eight hundred and eighty-nine. Nothing in this act contained, shall be construed as repealing, or in any way affecting any existing provisions of law in relation to the repavement of streets, avenues and public places in the city of New York, the expense of which is authorized by such provisions, to be met by taxation.

Sec. 3. Before advertising for or executing any contract for the repavement of any street or avenue as provided for in this act, said commissioner of public works shall submit to the board of estimate and apportionment of said city an estimate as nearly as may be, of the probable cost of such repavement, and no contract shall be entered into for the repavement of any street or avenue under the provisions of this act, until said board of estimate and apportionment shall have appropriated the amount to be expended therefor from the proceeds of said stocks or bonds.

Sec. 4. This act shall take effect immediately.

And offered the following preamble and resolution :

Whereas, Chapter 346 of the Laws of 1889, provides that, whenever and as often as the Board of Estimate and Apportionment in the City of New York shall determine that the public interests require the repavement of certain streets and avenues in said city, to be designated by such Board from time to time, it shall be lawful for said Board to authorize such repavement and determine the kind of pavement which shall be laid, and upon such authority being given it shall be the duty of the Commissioner of Public Works to proceed with the work of repavement so authorized ; and

Whereas, Said act also provides for the expenditure of three million dollars in the aggregate for such repavement, to be raised by the issue of stocks or bonds not exceeding one million dollars in any one year, beginning with the first of January, 1889 ; and

Whereas, The great importance of such repavement of certain streets and avenues require specific and full information upon the subject for the consideration of the Board of Estimate and Apportionment in order to enable it to judge and determine which streets and avenues the public interests require should first be repaved and what kind of repavement should be laid ; therefore

Resolved, That the Commissioner of Public Works be and is hereby respectfully requested to report to this Board, as early as practicable, the names and locality or portions of all the streets and avenues which require, in his judgment, to be first repaved, stating the kind and condition of the existing pavement in each, and the estimated cost of different kinds of repavement that may be most advantageously laid in different localities, and furnishing therewith all the information in possession of the Department of Public Works, relating to such works, that may aid the Board of Estimate and Apportionment to understand the matter fully and determine which streets and avenues should first be repaved and what kind of repavement should be laid.

Which were agreed to.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
June 12, 1889.

To the Board of Estimate and Apportionment :

An application to this Board was made on May 31 by the Veteran Firemen's Association for an appropriation of \$1,000, for the payment of expenses of said association in entertaining visiting fire-

men at the Centennial Celebration of the Inauguration of George Washington as first President of the United States, under chapter 285 of the Laws of 1889, which was referred to the Comptroller. I recommend that the sum of \$500 be appropriated for the purpose and submit a resolution to appropriate that amount, to be included in the final estimate for 1890.

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following resolution :

Resolved, That pursuant to the provisions of chapter 285 of the Laws of 1889, the sum of five hundred dollars (\$500) be and the same is hereby appropriated for the use of the Veteran Firemen's Association of the City of New York in participating in the Centennial Anniversary of the Inauguration of George Washington as first President of the United States, for the payment of the expenses of said association in entertaining visiting Firemen ; and the Comptroller is hereby authorized and directed to issue a revenue bond for said sum to be raised by taxation and included in the Final Estimate for the year 1890, and to pay the amount to the said Veteran Firemen's Association.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, May 29, 1889.

CHARLES V. ADEE, Esq., Clerk to the Board of Estimate and Apportionment :

SIR—I have received your letter of the 26th instant, inclosing copy of resolution of the Board of Estimate and Apportionment, transmitting to me a copy of the act, chapter 290 of the Laws of 1889, by which the salary of the Surrogate of the City and County of New York has been increased to \$15,000 per year, from and after May 15, 1889, and requesting my opinion as to the powers and duties of the Board in the premises.

The Constitution provides that "the salary of the Surrogate, when elected as a separate officer, shall be established by law, and shall not be diminished during his term of office."

Article 6, section 15.

There seems to be, therefore, no reason to doubt the power of the Legislature to enact the law ; the additional salary established is consequently a valid charge upon the public treasury, to be met by taxation.

The final estimate for the expenses of the current year has been completed and filed in the office of the Comptroller, pursuant to section 189 of the Consolidation Act.

Under section 212 of the Consolidation Act, it is the duty of the Comptroller to prepare and submit to the Board of Aldermen, at least four weeks before their annual meeting for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, and an estimate of the probable amount of receipts into the City Treasury during the current year. The Board of Aldermen are authorized to deduct the total amount of the estimated receipts from the aggregate amount of the Final Estimate of expenses, and it then becomes their duty to cause to be raised by tax only the balance of such aggregate amount.

The annual meeting of the Board of Aldermen, for the purpose of acting upon the tax-rolls, is directed to be held on the first Monday of July. (Vide section 828.)

In order, therefore, to provide for the increase of the Surrogate's salary, directed by the act in question, it will be necessary that the Comptroller shall include the requisite amount in the statement to be made to the Board of Aldermen ; and it will then become the duty of the Board to cause the amount so certified to be raised in the tax which will be levied by them subsequently to the first Monday of July next.

I remain, yours respectfully,

WM. H. CLARK, Counsel to the Corporation.

Which was received and laid over.

The Comptroller presented the following :

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, June 4, 1889.

CHARLES V. ADEE, Esq., Clerk to the Board of Apportionment :

SIR—I have received your letter of the 1st instant, inclosing resolution of the Board of Apportionment, by which the communication of the Police Department to the Comptroller in relation to the unexpended residue of appropriation made to the Health Department, for the year 1888, for the payment of salaries of one sergeant and forty-four policemen, was referred to me.

From the letters of the Secretary of the Health Board and the Chief Clerk of the Police Department, I have ascertained the following facts :

1. That in the appropriation made to the Health Department for the year 1888, provision was made for the salaries of forty-four policemen and one sergeant of police, members of the police force detailed to service in the Health Department.

2. That \$728.41 of the sum so appropriated remains unexpended, and that all salaries chargeable to the said appropriation have been paid.

3. That the Commissioners of Police claim that said residue of appropriation should be transferred to the Pension Fund of the Police Department.

4. That the Commissioners of the Health Department consent to such transfer. The statute, chapter 364 of the Laws of 1885, enumerates, amongst other resources of the Pension Fund, "Any and all unexpended balances of appropriations or amounts made, estimated and levied, raised or appropriated for the payment of salaries or compensation of members of the police force, remaining unexpended or unapplied, after allowing all claims payable therefrom."

Section 207 of the Consolidation Act provides that the Board of Estimate and Apportionment "shall have the power, at any time, to transfer any appropriation for any year, which may be found by the head of the Department for which such appropriation shall have been made to be in excess of the amount required, or deemed to be necessary for the purposes or objects thereof, to such other purposes or objects for which the appropriations are insufficient, or such as may require the same."

Under the provisions recited it is obvious :

1. That the unexpended balance of the appropriation indicated is lawfully applicable to the Pension Fund.

2. That the Board of Apportionment has authority to direct the transfer thereof from the Health Department to the Pension Fund of the Police Department.

I therefore recommend the adoption of a resolution in the form indicated below to accomplish the transfer.

I remain, yours respectfully,

WM. H. CLARK, Counsel to the Corporation.

And offered the following resolution :

Resolved, That the Health Department be and is hereby authorized and directed to pay over to the Police Department the sum of seven hundred and twenty-eight dollars and forty-one cents (\$728.41), being balance remaining to the credit of the appropriation of the Health Department, entitled, "Health Fund—For payment to the Board of Police for the services of forty-four Policemen and one Sergeant of Police, etc.," 1888, to be applied to the Police Pension Fund.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following preamble and resolution :

Whereas, The Board of Education, by a resolution adopted May 4, 1887, requested the Board of Estimate and Apportionment to authorize a further issue of Consolidated Stock of the City of New York, to the amount of \$1,000,000, for the purchase of school-house sites and the erection of new school-houses, and

Whereas, The Board of Estimate and Apportionment authorized the issue of \$958,846 of said stock on the 16th day of June, 1887, and

Whereas, Under such authority of the Board of Estimate and Apportionment, stock for \$958,000 has been sold and issued, leaving \$846 of said stock unissued, and

Whereas, The Board of Education, in a communication dated May 7, 1889, has requested the sale and issue of the bonds remaining unsold under the requisition of May 4, 1887, amounting to \$42,000, therefore,

Resolved, That in pursuance of the provisions of chapter 458 of the Laws of 1884, and the amendments thereof, and of section 132 of the New York City Consolidation Act of 1882, the Board of Estimate and Apportionment hereby approves of and authorizes the issue of School-house Bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be called and known as Consolidated Stock of the City of New York, to the amount of forty-two thousand dollars; and the Comptroller is hereby authorized to issue the same, to run for such term as he may direct, not exceeding twenty years, and at such rate of interest as he may determine, not exceeding three per cent. per annum, the proceeds of which shall be applied to the purposes provided for in said acts.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

To the Board of Excise:

GENTLEMEN—I would respectfully suggest that the Board ask the Board of Estimate and Apportionment for an appropriation of one thousand dollars (\$1,000) for "Legal expenses," for the following reasons:

First—There are twelve (12) cases pending in which costs may be awarded against the Board.

Third—There may be subpoenas to be served, which would require witness fees to be paid in order to punish the party served for contempt for not appearing or testifying.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
May 31, 1889.

To the Board of Estimate and Apportionment:

Herewith I present a communication from the Harlem River Bridge Commissioners stating that they intend making changes in the pay-roll to take effect on June 1, and designating the persons they propose to retain in their service.

The Bridge is completed and has been opened to the public, but the Board of Commissioners propose to keep up their official staff, excepting the following employees, who are to be dropped from the pay-roll from June 1:

William R. Hutton, Chief Engineer, at \$583.33 per month.  
William A. Jackson, Assistant Engineer, at \$125 per month.  
Emerson H. Ayres, Clerk, at \$3 per day.

The following persons are retained on the pay-roll:

Malcolm W. Niven, Secretary, at \$400 per month.  
Charles F. Strohm, Bookkeeper, at \$100 per month.  
J. D. Patterson, Clerk, at \$85 per month.  
M. J. Fenton, Superintendent, at \$150 per month.  
William Young, Watchman, at \$2 per day.  
James Foley, Watchman, at \$2 per day.  
Cephas Guyatt, Watchman, at \$1.75 per day.  
Michael Ryan, Watchman, at \$1.75 per day.

The Bridge Commissioners state that:

"In addition to the above stated staff, such professional or mechanical assistance as the Commission may deem necessary to perfect such parts of the bridge as are considered experimental or still in stage of construction, or to carry out the Act of 1888, will be employed. The expenditure to be incurred in perfecting the bridge cannot be stated. Nor can the precise amount required to carry out the Act of 1888 be fixed, for it is not even known whether an agreement with the owners can be reached (for the approaches to the bridge). A requisition, however, will be made upon the Board of Estimate and Apportionment for such amount as is believed will cover all expenses up to an actual purchase of land."

Respectfully submitted for such action as the Board of Estimate and Apportionment may consider proper.

THEO. W. MYERS, Comptroller.

Which was received and laid over.

On motion, the Secretary was directed to communicate with the Harlem River Bridge Commission to the effect, that it is the sense of this Board that the proposition contained in the above report, to retain upon the pay-roll of the said Commission the Secretary at \$400 per month and the Bookkeeper at \$100 per month should not be adhered to.

## JURORS.

## NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

Room 127, STEWART BUILDING,  
No. 280 BROADWAY, THIRD FLOOR,  
NEW YORK, June 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,  
Commissioner of Jurors.

Resolved, That section 18 of the Sanitary Code be and is hereby amended so as to read as follows: Sec. 18. ## FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,  
157 AND 159 EAST SIXTY-SEVENTH STREET,  
NEW YORK, June 1, 1889.

## TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required in building Two Fire Pumps for a New Floating Engine for this Department will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M. Friday, June 14, 1889, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to "Schedule C, Part I," and the "General Clauses" and "Steam Trials" clauses of the specifications, and to the drawings, all of which form part of these proposals.

The forms of the agreement, with specifications, showing the manner of payment for the work, and the drawings, may be seen, and forms of proposals may be obtained, at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within one hundred and twenty-five (125) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at thirty (30) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of each of the persons making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of four thousand five hundred (\$4,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work, by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and twenty-five (225) dollars. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. ## DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

### TO CONTRACTORS.

#### PROPOSALS FOR THE ELECTRIC LIGHT PLANT, AND THE BUILDING FOR HOUSING THE SAME, ON HART'S ISLAND.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9.30 o'clock A. M. of Friday, June 21, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Electric Light Plant, Hart's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TEN THOUSAND (\$10,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder

or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Friday, June 14, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Hardware, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

"The commissioner of public works shall, from time to time, establish scales of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, or consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to time, and extend it to other descriptions of buildings and establishments. Such regular rents, including the extra charges above mentioned, shall be collected from the owners or occupants of all such buildings respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water-pipes are or may be laid, and from which they can be supplied with water. Said rents, including the extra charges aforesaid, shall become a charge and lien upon such houses and lots, respectively, as herein provided, but no charge whatever shall be made against any building in which a water-meter may have been, or shall be placed as provided in this act. In all such cases the charge for water shall be determined only by the quantity of water actually used as shown by said meters. \* \* \* \* \*

Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed, will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,  
JOHN NEWTON,  
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,

## PUBLIC NOTICE AS TO WATER RATES.

**PUBLIC NOTICE IS HEREBY GIVEN THAT**  
in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

D. LOWBER SMITH,  
Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, November 10, 1886.

## NOTICE TO CROTON WATER CONSUMERS.

**NUMEROUS APPLICATIONS HAVE BEEN**  
made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,  
Commissioner of Public Works.

## GRANTS OF LANDS UNDER WATER.

**THE OWNERS OF LANDS IN THE CITY OF**  
New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.  
Dated New York City, August 7, 1888.  
JOHN NEWTON,  
Commissioner of Public Works.
