BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in Room 16, City Hall, on Friday, June 10, 1904, at 10:30 o'clock in the forenoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After considering the financial calendar the Board took up the consideration of public improvements.

LAND FOR MORGAN AVENUE OUTLET SEWER, BROOKLYN.

On motion of the President of the Borough of Brooklyn, the following resolution was adopted:

Resolved, by the Board of Estimate and Apportionment, That the resolution adopted by said Board on February 26, 1904, directing that title to the land required for an outlet sewer, lying between Meadow street and Stagg street, and running from Morgan avenue to the Newtown creek canal, in the Borough of Brooklyn, be vested in the City on June 15; and also the resolution adopted on September 30, 1903, providing for the acquisition by the City of said land, be and the same hereby are rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

LAYING OUT PARK AT EAST ONE HUNDRED AND TWENTY-FIFTH STREET AND EAST RIVER, MANHATTAN.

The following communication was placed on file, and the matter was laid over for one week:

YONKERS, June 3, 1904.

To the Chairman and Members of the Board of Estimate and Apportionment:

GENTLEMEN—I beg to call to the attention of this Honorable Board a case of peculiar hardship, and to ask its aid therein.

It concerns the proposition to lay out a park at One Hundred and Twenty-fifth street and the Harlem river, now pending before the Board.

Two ladies of my family own some forty lots of land between One Hundred and Twenty-fifth and One Hundred and Twenty-fourth streets, First avenue and the Harlem river, affected by this proceeding.

This proceeding has been pending before the Board for at least a year.

Last fall a proposition was made to us with a view to having a factory erected on this property, but certainty of tenure was essential, and, in view of this proceeding before this Board, nothing could then be accomplished, and the proposition fell through.

The taxes on the property amount to between \$2,500 and \$3,000 a year, and they have been paid all but about \$500 for the past year, which has not been paid for lack of funds.

On account of the pendency of this proceeding the entire rent of the property has been lost for one year at least.

The Park Commissioner for 1903 reported adversely on this project to the Board, and the present Park Commissioner also reported adversely some two months ago.

To-day I have received a renewal of the former proposition for a factory on this property under a lease for a long term of years, provided there can be certainty of tenure. The party making the proposition sails for Europe in a short time and must have his answer before he sails. He will not take the premises while this uncertainty of seizure by the City for park purposes is hanging over them. We cannot borrow the money needed to make the required improvements unless we know definitely that there will be no park.

Not only have the Park Commissioners for the past two years reported adversely to this project, but the Harlem Board of Commerce has also filed a protest against the taking of this property for park purposes, and the owners whom I represent have also filed protests.

We now ask that at the next meeting of the Board this matter be brought up and finally passed upon.

It was laid on the table on May 6, a month after the adverse report of the Park Commissioner, and no action has been had since.

The present state of things in effect imposes a cloud upon the title, and is working great hardship upon these parties.

As above set forth, we respectfully ask that the Board will bring the matter forward and act upon it at the next meeting.

Very respectfully yours,
WM. T. ROGERS.

On motion, the Board then adjourned until Friday, June 17.

J. W. STEVENSON, Secretary.

Attest:

JOHN H. MOONEY, Assistant Secretary.

On motion, the report of the Chief Examiner upon uncompleted examinations was ordered filed.

The Secretary presented the report of Examiner Byrne on the complaint of the Civil Service Reform Association against the employment of certain persons as telephone operators in the various City departments. The report showed that in the Mayor's office, Department of Dock and Ferries, Department of Correction and the Department of Finance the operators are furnished by the New York Telephone Company, in accordance with the terms of the contracts between these departments and the company, and that they are not paid directly from the City Treasury; that in Bellevue and Allied Hospitals, Hospital Orderlies and Hospital Helpers are performing the duties of Telephone Operators; that in the Department of Parks, Borough of The Bronx, the telephone calls are not sufficiently numerous to warrant the employment of an operator, and the telephone is attended to by clerks, in addition to their regular duties, as occasion may require.

On motion, the Secretary was instructed to request the opinion of the Corporation Counsel as to the legality of obtaining the services of telephone operators through contracts with the New York Telephone Company, and to notify the Board of Trustees of Bellevue and Allied Hospitals that it would be necessary to discontinue the services of Hospital Orderlies and Hospital Helpers as Telephone Operators.

On motion, the request was granted, and the Secretary was instructed to change the records accordingly.

On motion, it was

Resolved, That Dr. George T. Creevey, employed as an Anæsthetist in Bellevue and Allied Hospitals, be and hereby is excepted from examination under the provisions of Rule 12, paragraph 6, it appearing that Dr. Creevey is engaged in private practice and that the services to be rendered by him are of a professional, scientific, technical and expert character; it being understood that his compensation in any one year shall not exceed two hundred and fifty dollars (\$250).

A letter was presented from Henry K. Spaulding, requesting that he be transferred from the position of Examiner, with compensation at the rate of \$2,400 per annum, to that of Examiner, with compensation at the rate of \$10 per day while employed. The Commission then went into executive session.

Mr. Henry K. Spaulding then appeared and read an affidavit, purporting to be an explanation of the charges preferred against him by Mr. Henry Berlinger, Secretary, on April 13, 1904. —and after the presentation of the above charges on April 13, 1904, the Commission having directed that a copy of the same, together with the specifications, be served on said Henry K. Spaulding, together with a notice that he would be allowed an opportunity of making an explanation in answer thereto at a meeting of the Commission to be held on Wednesday, April 20, 1904, at 3 o'clock in the afternoon; and the said charges as made by the Secretary of the Commission, with the above specifications, having been personally served on Henry K. Spaulding on the 14th day of April, 1904, together with the said notice directing him to appear before the Commission on Wednesday, April 20, 1904, at 3 o'clock, and be prepared to present an explanation in answer thereto; and the Commission having duly met on Wednesday, April 20, 1904, at 3 P. M., Commissioners McCooey, Day, Crowninshield, Siegel and Bell being present, and the said Henry K. Spaulding having appeared, in pursuance of the notice served upon him, and having requested an adjournment of one week, but offering no reason therefor except that he had not had sufficient time to formulate such a reply as he could wish; and being asked whether he desired to have counsel present his explanation, and his reply that he did not desire counsel unless he was given the week's adjournment, and would go on alone; and thereupon, being directed to proceed, said Henry K. Spaulding, having presented an affidavit, verified April 20, 1904, in answer to the charges and specifications made against him;

Now, after due and careful consideration of the charges and specifications presented to the Commission and the answer thereto filed by said Henry K. Spaulding, the said Henry K. Spaulding be and is hereby adjudged guilty of the charges made against him as specified, except that part of the specification No. 2, charging him with leaving the office of the Commission at 3.30 P. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
