Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 16, 1911, the following petition was received:

To the Board of Estimate and Apportionment: The petition of New York, Westchester and Boston Railway Company respectfully shows:

Your petitioner is a railroad corporation duly organized by the consolidation of New York, Westchester and Boston Railway Company and New York and Port Chester Railroad Company, and is engaged in the construction of a railroad in The City of New York and in the County of Westchester, upon a private right of way, in accordance with the provisions of its charter, which provide for a main line from the Harlem River in The City of New York, to Port Chester, in the County of Westchester, with a branch line from Mount Vernon to White Plains, and a branch line from a point at about 180th street to Throggs Neck, in the Borough of The Bronx. The portions of its line under construction at the present time are (1) that portion of the main line beginning at about 180th street in The City of New York and running to the City of New Rochelle, and (2) the branch line from Mount Vernon to White Plains.

In The City of New York the railroad is being constructed and will be operated in accordance with the terms of the franchises of the New York, Westchester and Boston Railway Company, one of the consolidating companies forming your petitioner, which were granted as follows:

The original franchise to cross streets intersected by its route in The City of New York was granted to New York, Westchester and Boston Railway Company by ordinance of the Board of Aldermen of The City of New York, adopted July 26, 1904, and approved by the Mayor, August 2, 1904. This franchise was amended by resolution of the Board of Estimate and Apportionment adopted July 14, 1905, approved July 21, 1905, and was further amended by contract between New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909.

The franchise as thus amended contains the following provision:

"Said railroad company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railroad upon the main line from the northerly line of the City as far south as East 174th street, on the 24 day of August, 1911; otherwise this grant shall cease and determine."

From the northerly line of The City of New York south to about 180th street the railroad is nearly completed. Practically all the grading has been done; about one-half of the steel structures for bridges and tunnels have been erected and the balance of the structures have been fabricated at the mills and are being shipped from time to time; rail has been laid over about one-third of the distance and the rail and ties necessary to complete the work are on the ground. Contracts for cars to be used on the line will probably be entered into before the first of April of this year. A large part of this work has been done in the last eighteen months. Prior to that time the work was seriously delayed, on account of litigation, and the consequent difficulty in obtaining right of way. From 180th street to 174th street no work has been done, and the electrification of the line has but recently been begun.

The delay in construction between 180th street and 174th street has been due to the necessity of reconsidering the plans for the location between those points of the railroad. Since the route of your petitioner was last amended, the uncertainty in the location of the proposed subway and rapid transit lines in the Borough of The Bronx now under consideration by your Board has made it advisable to await the final determination of the location of such proposed rapid transit lines so that the most practicable connections might be made by your petitioner's railroad with existing and proposed lines. Until these plans are fully determined, it will be unwise to complete the construction of your petitioner's railroad between the streets mentioned.

After the acquisition of the capital stock of your petitioner by the New York, New Haven and Hartford Railroad Company, the question of the method of electrification of the road became a very serious one, and the problem of determining whether or not to adopt the present New Haven system of overhead current or the existing subway system has caused delay in completing the plans for the electrification. The final plan has now been adopted and has recently been approved by the Department of Water Supply, Gas and Electricity of The City of New York and by the Public Service Commission of the First District, and will be installed as rapidly as possible. The completion of these plans, however, will occupy at least a year, and in the meantime your petitioner desires the right to operate its railroad by steam. If such right be granted, your petitioner by the end of the present year will be able to furnish rapid transit from about 180th street, near the present Subway Station at that point, to the northern part of the City, and to the cities of Mount Vernon and New Rochelle.

Wherefore, your petitioner prays:

1. That section 5, paragraph 1, of the Ordinance of The City of New York, adopted July 26, 1904, approved by the Mayor, August 2, 1904, as amended by contract between the New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909, be amended so that the figures "1911" shall be changed to "1912", thus extending the time for the completion of construction of the railroad from the northerly line of the City to about 174th street, for a period of one year.

2. That your honorable Board will further amend the said franchise by inserting in section 2 of clause 15 of the original franchise, as amended by the said contract of January 29, 1909, after the words "except steam locomotive power," the following:

"Said New York, Westchester and Boston Railway Company may, however, operate the said railroad by steam locomotive power for a period of one year from September 1, 1911, and for such further periods as may be permitted by the Board of Estimate and Apportionment, not exceeding in all a total period of two years."

Respectfully submitted,
NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,

By L. S. MILLER, President.

State of New York, County of New York, ss.:
Leverett S. Miller, being duly sworn, deposes and says, that he is President of New York, Westchester and Boston Railway Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof, and that the same is true to his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, or part thereof, to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curbs in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the De-

partment of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right, on the day of sale, to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
