Abstract of Transactions from Dec. 10 to Dec. 15, 1917, Both Days, Inclusive.

DECEMBER 10.

Opening of Proposals—For furnishing and delivering dry cell batteries: 1. Manhattan Electric Supply Co., Inc., 17 Park pl., Manhattan, \$1,197.50; 2. National Carbon Co., Inc., 220 Broadway, Manhattan, \$1,160; award of contract deferred. For furnishing and delivering kindling wood: 1. Long Island Wood Co., 111 Vanderbilt ave., Brooklyn, Borough of Brooklyn, \$1,680; Borough of Queens, \$375; 2. Clark & Wilkins Co., 568 W. 34th st., Manhattan, Borough of Manhattan, \$2,400; Borough of Bronx, \$1,200. For furnishing and delivering horseshoe pads, nails and tips: 1. Capewell Horse Nail Co., Inc., 17 Park pl., Manhattan, Class 2, \$252; 2. Revere Rubber Co., 59 Reade st., Manhattan, Class 1, \$2,412; 3. M. Hallinan, 186 W. 4th st., Manhattan, Class 1, \$2,988; 4. Fowler Nail Co., Seymour Ct., Class 2, \$252; 5. P. J. Langer, 191 Grand ave., Brooklyn, Class 3, \$464.40; Class 4, \$22.80; Class 5, \$26; Class 6, \$60; Class 7, \$91.10; 6. Joseph Ruppert, Inc., 100-104 Willoughby st., Brooklyn, Class 1, \$2,152; Class 2, \$283.50; Class 3, \$464.40; Class 4, \$22.80; Class 5, \$26; Class 6, \$59.25; Class 7, \$90.35; 7. Vought & Williams, 363 Greenwich st., Manhattan, Class 1, \$2,174; Class 2, \$298; Class 3, \$464.40; Class 4, \$22.80; Class 5, \$25; Class 6, 63; Class 7, \$98.89; 8. Edward E. Striffler, 591 11th ave., Manhattan, Class 2, \$306.60; Class 3, \$464.40; Class 4, \$24.80; Class 6, \$54; Class 7, \$122.61; award of contracts deferred.

Trials—The following penalty was this day imposed and other action taken as result of trial held before Deputy Fire Commissioner Clarence H. Fay, Dec. 4, 1917: Fireman Charles J. Melville, H. & L. Co. 42, for absence without leave, and neglect of duty. On first charge two regular leaves of absence allowed under section 154, Rules and Regulations, ordered withheld. Second charge dismissed.

Appointed—To take effect 8 a. m., Dec. 12, 1917: Frank E. Carroll as Telephone Operator, Bureau of Fire Alarm Telegraph, for an emergency period of 15 days, at rate of \$660 per annum.

Extensions of Time Granted—To Rudolph Reimer, Jr., until Nov. 15, 1917, on contract dated Sept. 28, 1917, for furnishing and delivering coal; to East River Mill & Lumber Co., until Nov. 15, 1917, on contract dated Jan. 31, 1917, for furnishing and delivering lumber.

Fires Reported—Week ended Dec. 8, 1917: Manhattan—Bronx and Richmond, 171; Brooklyn and Queens, 116.

DECEMBER 11.

Resigned—To take effect 8 a. m., Dec. 12, 1917: Fireman Frederick J. Shields, Engine Co. 22.

Retired—To take effect 8 a. m., Dec. 11, 1917: Fireman Henry J. Mullin, Engine Co. 7, on annual pension of \$483.33; Fireman George V. Kane, Engine Co. 252, on annual pension of \$725.

DECEMBER 12.

Old Charge Dismissed—Pursuant to the provisions of Special Order No. 163, Paragraph IV, dated Sept. 13, 1916, the charge of absence without leave on which Engineer of Steamer Edward Hussey, Engine Co. 19, was tried before the Fire Commissioner Nov. 2, 1916, found guilty and decision reserved, was this day dismissed.

DECEMBER 13.

Old Charge Dismissed—Pursuant to the provisions of Special Order No. 163, Paragraph IV, dated Sept. 13, 1916, the following charges against members of the uniformed force specified, tried before the Fire Commissioner Dec. 7, 1916, on which they were found guilty and decisions reserved, were this day dismissed: Fireman William Gablenz, Engine Co. 18, for neglect of duty; Fireman Edward J. Smith, Engine Co. 49, for being under the influence of liquor, drug or compound and absence without leave.

DECEMBER 14.

Opening of Proposals—For furnishing and delivering fire hose: 1. Eureka Fire Hose Mfg. Co., 29 Barclay st., Manhattan, Item 4, \$14,850; Item 5, \$2,970; Item 6, \$2,970; Item 7, \$1,980. 2. B. F. Goodrich Co. of New York, 1780 Broadway, Manhattan, Item 1, \$63,000; Item 2, \$4,200; Item 3, \$4,200; Item 4, \$15,750; Item 5, \$3,150; Item 6, \$3,150; Item 7, \$2,100. 3. Hewitt Rubber Co., 11 Broadway, Manhattan, Item 4, \$14,250; Item 5, \$2,850; Item 6, \$2,850; Item 7, \$1,900. 4. Empire Rubber and Tire Co., 148 Chambers st., Manhattan, Item 1, \$71,850; Item 2, \$4,840; Item 3, \$4,900; Item 4, \$15,900; Item 5, \$3,180; Item 6, \$3,180; Item 7, \$2,120. 5. Manhattan Rubber Mfg. Co., Passaic, N. J., Item 4, \$15,450. Contracts were awarded as follows: B. F. Goodrich Rubber Co., Items 1, 2, 3, \$71,400; Hewitt Rubber Co., Items 4, 5, 6, 7, \$21,850. For furnishing and delivering 1 motor-driven city service hook and ladder truck: 1. Robinson Fire Apparatus Mfg. Co., St. Louis, Mo., \$6,180; award of contract de-

ferred. For furnishing and delivering 13 motor-driven hose wagons: No bids received.

Trial—The following penalty was this day imposed as result of trial held before the Deputy Fire Commissioner, Brooklyn and Queens, Dec. 12, 1917. Fireman Frederick M. Nuhn, H. & L. Co., 136, for absence without leave; reprimanded.

Resigned—To take effect Dec. 25, 1917: Chaplain Vincent de Paul McGean.

Designation—To take effect from Dec. 25, 1917: Rev. Vincent de Paul McGean as Honorary Chaplain.

Retired—To take effect 8 p. m., Dec. 16, 1917: Fireman Martin J. Foody, Engine Co. 68, on annual pension of \$725.

Award of Contract—Public letting Nov. 20, 1917: To Croker National Fire Prevention Engineering Co., 1270 Broadway, Manhattan: For furnishing all the labor and materials necessary for installing electric lighting systems at quarters of Engine Cos. 237 and 246, \$1,595. Public letting Nov. 24, 1917: American-La France Fire Engine Co., Inc., Elmira, N. Y.: For furnishing and delivering five 2-section 65-front aerial hook and ladder trucks, exclusive of tractors, \$28,975; Front Drive Motor Co., 16th st. and Willow ave., Hoboken, N. J.: For furnishing and delivering five tractors for hook and ladder trucks to be propelled by five-cylinder gasoline motors, \$26,225.

DECEMBER 15.

Bills Audited—Contracts, \$17,715.27; \$5,737.03; \$14,584.26.

ROBERT ADAMSON, Fire Commissioner.

Borough of The Bronx.

Report for Week Ended Dec. 26, 1917, Exclusive of Bureau of Buildings.

Permits Issued—Sewer connections and repairs, 1; water connections and repairs, 5; laying gas mains and repairs, 8; miscellaneous, 18; total, 32.

Money Received—Permits for sewer connections, \$5; permits for restoring and repaving streets, \$103.20; permits for inspection, etc., \$1.50; sales of maps, \$14.60; miscellaneous advance railroad companies, \$34,775.73; total, \$34,900.03.

Bureau of Public Buildings and Offices: Foremen, 1; Assistant Foremen, 1; Mechanics, 9; Laborers, 27; Cleaners, 40; Watchmen, 4; Attendants, 12. Topographical Bureau: Laborers, 3; Driver, 1. Administration: Mechanics, 1; Laborers, 4.

DOUGLAS MATHEWSON, President.

Extract of the Minutes of the Meeting of the Local Board of Crotona, 24th District.

Pursuant to call by President Mathewson, the members of the Local Board of Crotona, 24th District, met at Borough

Hall, Tremont ave. and 3d ave., on Tuesday, Dec. 18, 1917, at 8:15 p. m.

Present—President of the Borough of The Bronx and Alderman Robitzek. Absent—Alderman Ferguson, excused.

Extracts of minutes of Nov. 20, 1917, as published in the City Record of Dec. 4, 1917, was approved.

1752—Erecting guard rail, where required, in front of property on the south side of Home st., 100 feet east of Union ave., designated on the Tax Maps of The City of New York as Lot 31, Block 2680, together with all work incidental thereto. Adopted.

LAI D OVER MATTER.

1737—Modification of the Zoning Resolution by changing the Use Designation of the northwesterly side of Westchester ave., between Jackson ave. and Forest ave.; westerly side of Forest ave., between the northwesterly side of Westchester ave. and a line 100 feet northwesterly from and parallel thereto, and the easterly side of Jackson ave., from the northwesterly side of Westchester ave. to a point 240 feet south of E. 156th st., from Business to Unrestricted Use.

Alderman Robitzek moved that the matter lie over until Jan. 15, 1918, for the consideration of the members of the newly constituted board with the expression of opinion on the part of the members of this present board that if upon request the owners of 80 per cent. of the frontage deemed by the Board of Standards and Appeals as the one immediately affected by the garage proposed to be erected by the applicant should refuse to consent to such erection after evidence that the applicant was willing to conform to the imposition of all reasonable conditions as to plans, entrances to garage or other safeguards for the better protection of adjacent property, then the application should be approved, but that in the event of such consents being given the land in question should not be made part of an unrestricted district.

The proposed garage to occupy a plot 97 feet or thereabouts on Jackson ave., about 60 feet on Westchester ave. and about 47 feet on Forest ave. Motion was adopted and recommendations referred to the members of the new Local Board of Crotona.

FOR RECONSIDERATION, TO LAY OVER OR RESCIND.

1604—Regulating, grading, setting curb, laying sidewalks and crosswalks, building inlets, receiving basins, drains, culverts, approaches and guard rails, where necessary, in, and paving with bituminous concrete on a cement concrete foundation (preliminary pavement), the roadway of Elmsmere pl., from Southern Boulevard to Daly ave., together with all work incidental thereto. The resolution adopted by this Local Board on Sept. 19, 1916, for this work was rescinded. Resolution to rescind unanimously adopted.

On motion, seconded, the board adjourned sine die.

HENRY H. SPITZ, Acting Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Meeting of Board of Estimate and Apportionment Held in Room 16, City Hall, Friday, December 14, 1917.

The Board met in pursuance of an adjournment.

Present—Frank L. Dowling, Acting Mayor; Albert E. Hadlock, Deputy and Acting Comptroller; Robert L. Moran, Acting President, Board of Aldermen; Marcus M. Marks, President, Borough of Manhattan; Lewis H. Pounds, President, Borough of Brooklyn; Douglas Mathewson, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and Calvin D. Van Name, President, Borough of Richmond.

The Acting Mayor, Hon. Frank L. Dowling, presided.

Approval of Minutes (Cal. No. 1).

The minutes of meetings held November 30, 1917, a. m. and p. m. were approved as printed in the City Record December 14, 1917.

PUBLIC HEARINGS.

On Changes in the City Map.

Borough of Manhattan.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Grade of West 168th Street, Between Amsterdam Avenue and Jumel Place, Borough of Manhattan (Cal. No. 2).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 118).

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, at a meeting of this Board, held on the 16th day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the grade of West 168th street between Amsterdam avenue and Jumel place, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 14th day of December, 1917, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at

which such proposed action would be considered, to be published in the City Record for ten days prior to the 14th day of December, 1917, and

Whereas, it appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the City Record for ten days prior to the 14th day of December, 1917, and

Whereas, all persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of West 168th street between Amsterdam avenue and Jumel place, in the Borough of Manhattan, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated October 17, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Laying Out an Extension of Vermilyea Avenue, from Dyckman Street to Broadway, and Closing and Discontinuing Sickles Street, from Broadway to Sherman Avenue, Borough of Manhattan (Cal. No. 3).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 119).

The Secretary also presented a communication, dated December 5, 1917, from Messrs. Simpson, Thatcher & Bartlett, on behalf of the estate of Frederick Mead, and a communication, dated December 8, 1917, from Michael A. Hoffman, in opposition.

Joseph Young appeared in opposition.

No one else appearing, the hearing was continued four weeks (January 11, 1918).

Borough of Brooklyn.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Closing and Discontinuing East 19th Street, from Church Avenue to a Line 500 Feet North of Albemarle Road (Tennis Court), and Laying Out St. Paul's Place, from Church Avenue to a Line 677.58 Feet North of Albemarle Road, Borough of Brooklyn (Cal. No. 4).

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 138).

The Secretary also presented the following report of the Chief Engineer:

Report No. 17239. November 26th, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on November 16th, 1917, a resolution was adopted, at the request of the President of the Borough of Brooklyn, fixing December 14th as the date for a public hearing in the matter of a proposed change in the City Plan making provision for closing and discontinuing East 19th Street between Church Avenue and a line 500 feet north of Albemarle Road (Tennis Court), and for laying out St. Paul's Place from Church Avenue to a line 677.58 feet north of and parallel with Albemarle Road.

This plan is designed to supersede one for closing and discontinuing East 19th Street from Church Avenue to Tennis Court, which, on the date referred to, was disapproved by the Board, concerning which it was pointed out by your Engineer that its adoption would have the effect of creating a block with a depth ranging from about 330 feet to about 460 feet and a length of about 520 feet, the subdivision of which at some time would be required, and it was urged that the proposed discontinuance of East 19th Street as heretofore mapped should be coupled with provision for the laying out of such new street as might be found suitable to permit of a subdivision of what would otherwise be interior property.

The plan now submitted provides for assigning the proposed new street a width of 40 feet, with a length of about 250 feet, terminating in a cul-de-sac, objection to which is minimized by reason of provision for a turning space at the interior end, where the width is increased to 60 feet. The property subdivisions of the area affected and the development which has already been carried out appear to be such as to prevent the enforcement of the original street plan, and the change now proposed may, in my judgment, be favored.

I would recommend the adoption of the plan. Respectfully,

NELSON P. LEWIS, Chief Engineer.

No one appearing in opposition to or in favor of the proposed change, the hearing was continued six weeks (January 25, 1918).

Hearing in the Matter of Changing the Map or Plan of The City of New York by Modifying the Plan of the Street System at the Junction of Eastern Parkway, Washington Avenue and Classon Avenue, Together with Corresponding Changes in the Boundary Line of the Institute Park and of the Parks Heretofore Laid Out and Acquired at the Junction of Classon Avenue with Eastern Parkway, Borough of Brooklyn.

Fixing Roadway and Sidewalk Widths for Classon Avenue, from Washington Avenue to Eastern Parkway, a New Street Extending from Classon Avenue to Eastern Parkway, and Eastern Parkway, from Washington Avenue to Classon Avenue (Cal. No. 5).

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 139).

The Secretary also presented the following report of the Chief Engineer:

Report No. 17237. November 24, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on November 16 the President of the Borough of Brooklyn submitted a plan for a modification of street lines at the junction of Eastern Parkway, Washington Avenue and Classon Avenue, and the Board fixed December 14th as a date for a public hearing.

This plan is the result of a number of conferences which have been held between representatives of the Park Department, the Borough President, the architects of the Museum Building of the Brooklyn Institute of Arts and Sciences, the Trustees of the Brooklyn Institute and this office. Its chief purpose is to improve the surroundings of the Museum Building. This building has its main entrance on Eastern Parkway. The eastern facade of the building, while it will not include an entrance for the public, will be very imposing and will contain the service entrance to the building. Owing to the fact that this facade is not parallel with Washington Avenue as now laid out and that the northeasterly corner of the building is very close to Washington Avenue, the appearance of the building to those approaching it along Washington Avenue from the south is very unfortunate and a satisfactory treatment of the grounds is impossible, owing to the limited space between the street and Washington Avenue and the difference between the grade of the street and the building. On the opposite side of the present Washington Avenue there are two irregular park areas between Washington Avenue and Classon Avenue which are now owned by the city. It is proposed to divert Washington Avenue at its present junction with Classon Avenue so that it shall follow the line of the present Classon Avenue widened from 70 to 80 feet to a point near the southerly side of Union Street, which now ends at Washington Avenue and divides the park area above referred to into two small parcels. From this point the new Washington Avenue will curve to the left or west reaching the point where the present Washington Avenue joins Eastern Parkway on the south.

In view of the fact that Washington Avenue is an important and direct thoroughfare leading from Wallabout Market to Flatbush Avenue, it is important that its continuity should not be seriously broken and it is believed that the new plan will avoid doing so and will at the same time greatly improve the surroundings of the Museum Building, which it is believed will, when completed, be one of the most imposing public buildings in its design and setting to be found in this country. Between the new curved street, Classon Avenue and Eastern Parkway there will remain a small

triangular park, while the discontinued portion of the present Washington Avenue and portions of the small park areas between the present Washington Avenue and Classon Avenue as well as the portion of Union Street between Washington Avenue and the new curved street will be added to Institute Park. The carrying out of this plan will not involve the acquisition of any private property, but is confined to the rearrangement of the existing street and park areas, all of which are owned by the City. A slight curtailment in the length of the parking strip on the southerly side of Eastern Parkway, between the present Washington Avenue and Classon Avenue, will be necessary. It is believed that the movement of traffic will not be interfered with and that the results which are desired will be secured without involving any inconvenience to those using the streets. It will be necessary to secure the consent of the Commissioners of the Sinking Fund to certain transfers of jurisdiction as to lands now in the custody of the Park Department and streets under the control of the Borough President, but, inasmuch as the plan has been agreed to by the President of the Borough of Brooklyn and the Park Commissioner of that Borough, their consent to such transfer may be assumed.

It is recommended that, unless unexpected objection should be raised, the plan be approved after a public hearing.

In case the plan is favored, I would also recommend the adoption of a resolution making provision for fixing the roadway and sidewalk width of Classon Avenue from Washington Avenue to Eastern Parkway, of the New Street extending from Classon Avenue at Union Street to Eastern Parkway at Washington Avenue, and of Eastern Parkway from Washington Avenue to Classon Avenue, as shown thereon.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board, held on the 16th day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the westerly line of Classon Avenue, from Eastern Parkway to Washington Avenue, and the southerly line of Eastern Parkway between Classon Avenue and a point 570 feet westerly therefrom; to lay out a new street from Eastern Parkway to Classon Avenue; to lay out a Public Park bounded by Eastern Parkway, Classon Avenue as proposed, and the proposed new street; to close and discontinue Washington Avenue between Eastern Parkway as proposed and Classon Avenue as proposed; and Union Street from Washington Avenue to Classon Avenue as proposed; to close and discontinue that portion of the Public Park which falls within the lines of Classon Avenue and the new street; and to extend the limits of Institute Park so as to include the discontinued portions of Washington Avenue and Union Street, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 14th day of December, 1917, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the City Record and in the Corporation Newspapers for ten days prior to the 14th day of December, 1917, and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the Corporation Newspapers that the aforesaid resolution and notice have been published in the City Record and in the Corporation Newspapers for ten days prior to the 14th day of December, 1917; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the westerly line of Classon Avenue from Eastern Parkway to Washington Avenue, and the southerly line of Eastern Parkway between Classon Avenue and a point 570 feet westerly therefrom; by laying out a new street from Eastern Parkway to Classon Avenue; by laying out a Public Park bounded by Eastern Parkway, Classon Avenue as proposed, and the proposed new street; by closing and discontinuing Washington Avenue between Eastern Parkway as proposed and Classon Avenue as proposed and Union Street from Washington Avenue to Classon Avenue as proposed; by closing and discontinuing that portion of the Public Park which falls within the lines of Classon Avenue and the new street; and by extending the limits of Institute Park so as to include the discontinued portions of Washington Avenue and Union Street, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated November 15, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes the roadway and sidewalk widths of Classon Avenue from Washington Avenue to Eastern Parkway, of the new street extending from Classon Avenue at Union Street to Eastern Parkway at Washington Avenue, and of Eastern Parkway from Washington Avenue to Classon Avenue, as shown upon a map or plan adopted by the Board of Estimate and Apportionment on December 14, 1917, approving a change in the map or plan of The City of New York by changing the westerly line of Classon Avenue from Eastern Parkway to Washington Avenue, and the southerly line of Eastern Parkway between Classon Avenue and a point 570 feet westerly therefrom; by laying out a new street from Eastern Parkway to Classon Avenue; by laying out a public park bounded by Eastern Parkway, Classon Avenue as proposed, and the proposed new street; by closing and discontinuing Washington Avenue between Eastern Parkway as proposed and Classon Avenue as proposed, and Union Street from Washington Avenue to Classon Avenue as proposed; by closing and discontinuing that portion of the public park which falls within the lines of Classon Avenue and the new street; and by extending the limits of Institute Park so as to include the discontinued portions of Washington Avenue and Union Street, in the Borough of Brooklyn, which map or plan bears the signature of the Secretary of the Board of Estimate and Apportionment, and is dated November 15, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Lines of New Jersey Avenue and Wyona Street, from Belmont Avenue to New Lots Avenue, and of Miller Avenue, from Pitkin Avenue to New Lots Avenue, Borough of Brooklyn (Cal. No. 6).

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 120).

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board held on the 16th day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to increase the width of New Jersey Avenue and Wyona Street, from Belmont Avenue to New Lots Avenue, and the width of Miller Avenue, from Pitkin Avenue to Riverdale Avenue, and adjust the block dimensions within the territory bounded by Pennsylvania Avenue, Riverdale Avenue, Miller Avenue and New Lots Avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 14th day of December, 1917, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the City Record and in the Corporation Newspapers for ten days prior to the 14th day of December, 1917; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the Corporation Newspapers, that the aforesaid resolution and notice have been published in the City Record and in the Corporation Newspapers for ten days prior to the 14th day of December, 1917; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by increasing the width of New Jersey avenue and Wyona street, from Belmont avenue to New Lots avenue, and the width of Miller avenue, from Pitkin avenue to Riverdale avenue, and adjusting the block dimensions within the territory bounded by Pennsylvania avenue, Riverdale avenue, Miller avenue and New Lots avenue, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated June 27, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Borough of The Bronx.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Grade of Unionport Road, Between Sagamore Street and Birchall Avenue, Borough of The Bronx (Cal. No. 7).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 121).

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board held on the 16th day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the grade of Unionport road, from Sagamore street to Birchall avenue, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 14th day of December, 1917, at 10:30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of Unionport road, from Sagamore street to Birchall avenue, in the Borough of The Bronx, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated February 27, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Lines and Grades of Orloff Avenue, from West 238th Street to a Point About 60 Feet Easterly Therefrom, and of West 238th Street, from Orloff Avenue to a Point 70 Feet Northerly Therefrom, Borough of The Bronx (Cal. No. 8).

(On November 16 (Cal. No. 122) the matter was laid over until November 23, and on November 23, 1917 (Cal. No. 94), a resolution was adopted fixing December 14, 1917, as the date for the hearing; on the latter date to this meeting.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board, held on the 23d day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the lines and grades of Orloff Avenue, from West 238th Street to a point about 60 feet easterly therefrom, and change the lines and grades of West 238th Street, from Orloff Avenue to a point about 70 feet northerly therefrom, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 14th day of December, 1917, at 10:30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the lines and grades of Orloff Avenue, from West 238th Street to a point about 60 feet easterly therefrom, and by changing the lines and grades of West 238th Street from Orloff Avenue to a point about 70 feet northerly therefrom, in the Borough of The Bronx, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated February 1, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Borough of Queens.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Laying Out Lines and Grades for the Street System on Final Map of Section No. 75, Borough of Queens (Cal. No. 9).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 123).

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board, held on the 16th day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to establish or change the lines and grades for the street system within the territory bounded approximately by Utopia Parkway (33d Street), 33d (Mitchell) Avenue, Cross Island Boulevard (Whitestone Boulevard-Beechhurst Avenue), 32d (Connorton) Avenue, 205th (Van Fossen-Greelyville) Street, 34th (Hillcrest) Avenue, 208th (Fairview-Jevington) Street, 36th (Lamartine-26th) Avenue, Gardiner Street (Lonsdale Avenue), 39th (Ashburton-29th) Avenue, 206th Street (Linwood Street-Linwood Avenue), 42d Avenue (Palace Boulevard-32d Avenue), 202d Street (Odell Avenue), Northern Boulevard (Jackson Avenue-Broadway), 192d Street (Lancaster Avenue), and Station Road (Baldwin Street), designated as Section No. 75 of the Final Maps, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board to be held on the 14th day of December, 1917, at

at 10:30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by establishing or changing the lines and grades for the street system within the territory bounded approximately by Utopia Parkway (33d Street), 33d (Mitchell) Avenue, Cross Island Boulevard (Whitestone Boulevard-Beechhurst Avenue), 32d (Connorton) Avenue, 205th (Van Fossen-Greelyville) Street, 34th (Hillcrest) Avenue, 208th (Fairview-Jevington) Street, 36th (Lamartine-26th) Avenue, Gardiner Street (Lonsdale Avenue), 39th (Ashburton-29th) Avenue, 206th Street (Linwood Street-Linwood Avenue), 42d Avenue (Palace Boulevard-32d Avenue), 202d Street (Odell Avenue), Northern Boulevard (Jackson Avenue-Broadway), 192d Street (Lancaster Avenue) and Station Road (Baldwin Street), designated as Section No. 75 of the Final Maps, in the Borough of Queens, City of New York, does favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the President of the Borough, and dated August 2, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Grade of 91st Street (Columbia Avenue), from 85th Road (Ferriss Street) to Park Lane South (Ashland Street), and to 85th Avenue (Avondale Street), from 91st Street (Columbia Avenue) to Woodhaven Avenue, Borough of Queens (Cal. No. 10).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 124).

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, at a meeting of this Board, held on the 16th day of November, 1917, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the grades of 91st Street (Columbia Avenue), from 85th Road (Ferriss Street) to Park Lane South (Ashland Street), and of 85th Avenue (Avondale Street), from 91st Street (Columbia Avenue) to Woodhaven Avenue, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 14th day of December, 1917, at 10:30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 14th day of December, 1917; and

Whereas, all persons interested in such proposed change were afforded an opportunity to be heard thereon and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grades of 91st Street (Columbia Avenue), from 85th Road (Ferriss Street) to Park Lane South (Ashland Street), and of 85th Avenue (Avondale Street), from 91st Street (Columbia Avenue) to Woodhaven Avenue, in the Borough of Queens, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the President of the Borough and dated May 10, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Lines and Grades of Kingsland Avenue, from Van Dine Street to Peartree Avenue; Changing the Grade of Card Place, Between Kingsland Avenue and North Railroad Avenue; and Changing the Grade of Voorhes Place, Between Kingsland Avenue and Hunt Street, Borough of Queens (Cal. No. 11).

(The hearing in this matter was fixed for June 29, by resolution adopted by the Board on June 8 (Cal. No. 130). On June 29 (Cal. No. 9), September 21 (Cal. No. 11), October 19 (Cal. No. 12) and November 16, 1917 (Cal. No. 11), the hearing was continued; on the latter date to this meeting.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in opposition to or in favor of the proposed change, the hearing was continued four weeks (January 11, 1918).

On Areas of Assessment for Benefit in Condemnation Proceedings.

Borough of Queens.

Hearing on the Proposed Area of Assessment in the Matter of Acquiring Title to Barclay Avenue, from Murray Street to 154th (14th) Street, and to 154th (14th) Street, from Barclay Avenue to Sanford Avenue, Borough of Queens (Cal. No. 12).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 125).

No one appearing in opposition to or in favor of the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the real property required for the opening and extending of Barclay avenue, from Murray street to 154th (14th) street; 154th (14th) street, from Barclay avenue to Sanford avenue, in the Borough of Queens, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the compensation to be made to the owners of the real property to be acquired shall be ascertained and determined by the Supreme Court without a jury.

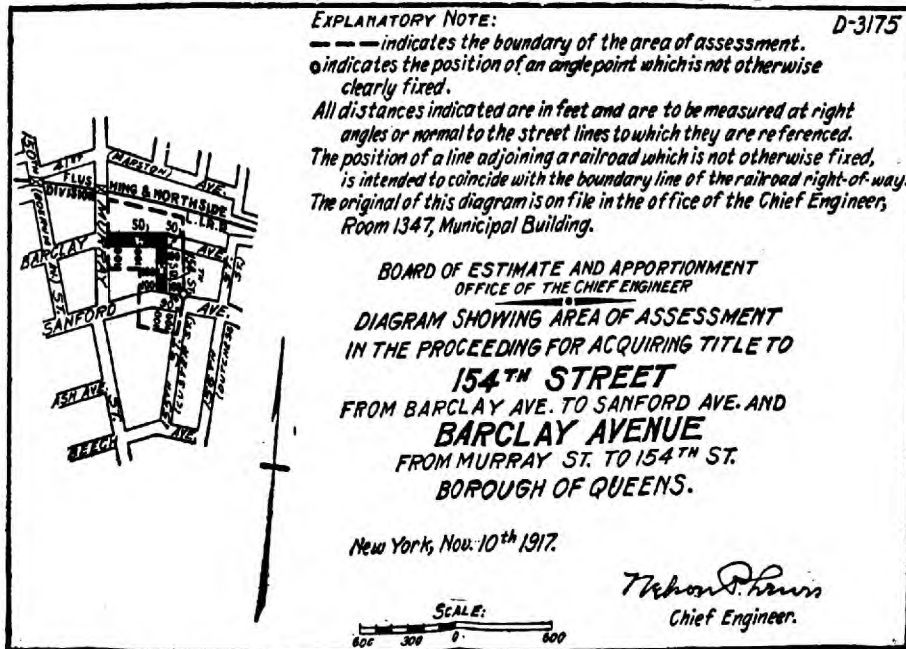

Resolved, That the Board of Estimate and Apportionment hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court to have the compensation which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the Supreme Court without a jury, and to have the said Court assess the cost and expense of the proceedings upon the real property within the area of assessment hereinafter determined, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the real property that shall or may be required for the purpose of opening and extending Barclay avenue, from Murray street to 154th (14th) street; 154th (14th) street, from Barclay avenue to Sanford avenue, in the Borough of Queens, City of New York, upon the receipt by him of a rule map and damage map, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Queens in the preparation of rule, damage and benefit maps for the use thereof, and all other expenses and disbursements authorized by section 977 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein, that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the real property required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described, and would give a public hearing thereon upon the 14th day of December, 1917; and

Whereas, At the aforesaid time a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board.

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as shown on the following diagram:

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on the Proposed Area of Assessment in the Matter of Amending the Proceeding for Acquiring Title to Woodside Avenue, from Jackson Avenue to Broadway, Subject to the Easements of the Long Island Railroad Company and of the New York Connecting Railroad Company, as Well as to Any Right or Easement that May Be Owned by the New York and Queens County Railroad Company, Borough of Queens (Cal. No. 13).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 126).

No one appearing in opposition to or in favor of the proposed area of assessment the hearing was closed.

The following was offered:

Whereas, The Board of Estimate and Apportionment, under resolutions adopted on October 8th, 1915, and February 16th, 1917, authorized a proceeding for acquiring title to Woodside Avenue, from Jackson Avenue to Broadway, subject to the easements of the Long Island Railroad Company and of the New York Connecting Railroad Company, as well as any right or easement that may be owned by the New York and Queens County Railway Company, Borough of Queens; and

Whereas, The Board of Estimate and Apportionment on November 9th, 1917, adopted a resolution changing the map or plan of The City of New York by changing the lines of Woodside Avenue, between Jackson Avenue and Dreyer Avenue, Borough of Queens;

Resolved, That the Corporation Counsel be and hereby is requested to apply to the Supreme Court to have the proceeding amended so as to provide for the acquisition of title to Woodside Avenue, between Jackson Avenue and Broadway, as now shown upon the map or plan of The City of New York, and subject to the easements of the Long Island Railroad Company and of the New York Connecting Railroad Company, as well as any right or easement that may be owned by the New York and Queens County Railway Company, Borough of Queens.

Whereas, Pursuant to a resolution adopted by the Board of Estimate and Apportionment on November 16th, 1917, due notice was given in the City Record that the Board would consider a proposed area of assessment for the said proceeding as proposed to be amended; and

Whereas, On the 14th day of December, 1917, a public hearing was given to all persons interested in such proposed area of assessment, who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in this proceeding as proposed to be amended be and it hereby is fixed and determined to be as shown on the following diagram:

See Diagram A (next column).

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on the Proposed Area of Assessment in the Matter of Amending the Proceeding to Acquire Title to Atlantic Avenue, from the Brooklyn Borough Line to Van Wyck Avenue, Excluding All Land Within the Right-of-Way of the Long Island Railroad and All Land Actually Occupied by Railroad Buildings, by Eliminating Therefrom the Section East of Maure Avenue, Borough of Queens (Cal. No. 14).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 127).

R. W. Kellogg appeared and requested that the matter be laid over one week.

No one else appeared and the hearing was continued one week (December 21, 1917).

Miscellaneous Hearings.

Hearing on a Proposed Amendment of Paragraph "a" of Section 4 of the Building Zone Resolution (Cal. No. 15).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 23, 1917 (Cal. No. 110A).

The Secretary presented a report of the Committee on the City Plan, stating that it is proposed to amend Section 4 by numbering the various subdivisions of Paragraph "a" of that section. This makes no change in the effect of Section 4 and is merely for the purpose of convenience and definiteness of reference in connection with a proposed revision of Section 6.

(On November 23, 1917 (Cal. No. 67), a communication from Edward M. Bassett, in behalf of the Zoning Committee, requesting this amendment, was referred to the Committee on the City Plan.)

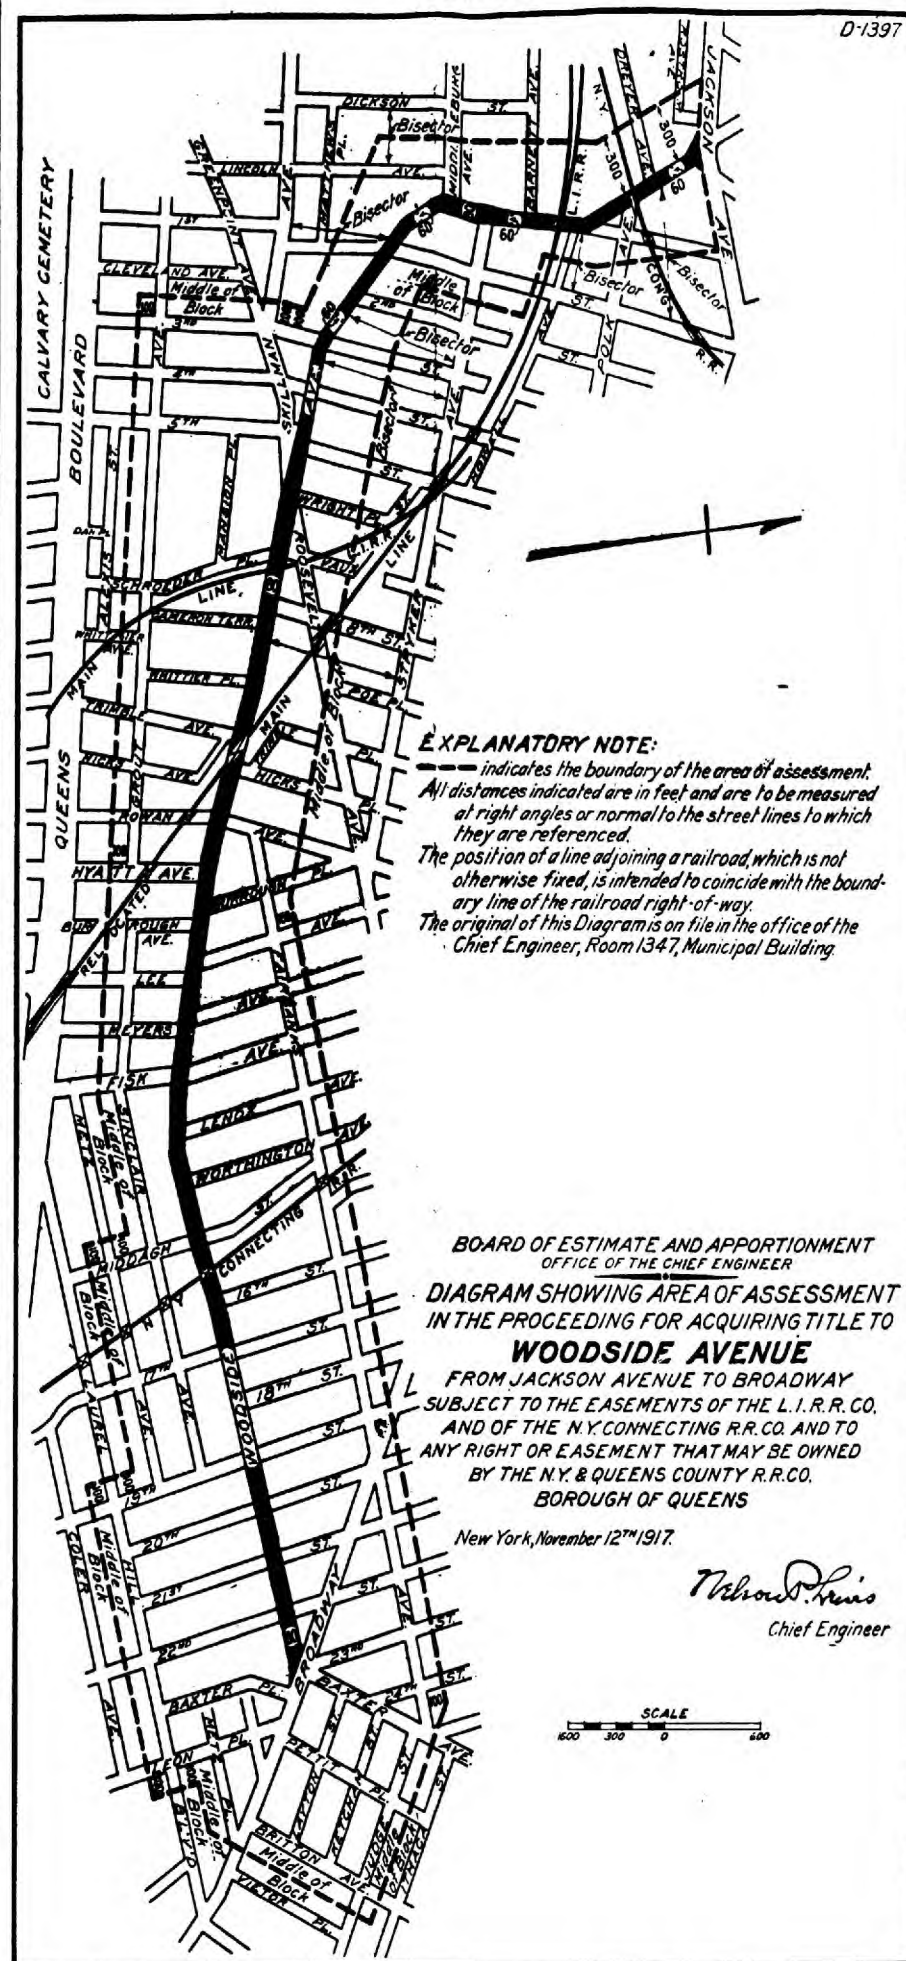

Edward M. Bassett appeared in favor.

No one else appearing, the hearing was continued one week (December 21, 1917).

Hearing on a Proposed Amendment of Section 6 of the Building Zone Resolution (Cal. No. 16).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 23, 1917 (Cal. No. 110B).

DIAGRAM A.

(On November 23, 1917 (Cal. No. 67), a communication from Edward M. Bassett, in behalf of the Zoning Committee, requesting this amendment, was referred to the Committee on the City Plan.)

The Secretary presented a report of the Committee on the City Plan, stating that the proposed amendments are for the purpose of clarifying and making more definite the provisions of the Building Zone Resolution that relate to buildings and uses that existed at the time of the passage of the resolution and did not conform to the regulations of the use district in which they were maintained.

Edward M. Bassett appeared in favor.

No one else appeared and the hearing was continued one week (December 21, 1917).

Hearing on a Proposed Amendment to Paragraph "e" of Section 7 of the Building Zone Resolution in Relation to the Authority of the Board of Appeals to Permit the Erection of Stables and Garages (Cal. No. 17).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 23, 1917 (Cal. No. 109).

(On October 26, 1917 (Cal. No. 69), a communication from Edward M. Bassett, in behalf of the Zoning Committee, recommending this amendment, was referred to the Committee on the City Plan.)

The Secretary presented a report of the Committee on the City Plan, stating that the proposed amendment would make the paragraph read as follows: "Permit in a business district the erection or extension of a garage or stable in any portion of a street between two intersecting streets in which portion there exists a garage for more than five motor vehicles or a stable for more than five horses at the time of the passage of this resolution." This language will clear the intent of the paragraph.

The Secretary also presented a communication, dated December 12, 1917, from K. M. Marryatt, in favor of the proposed amendment.

Edward M. Bassett appeared in favor.

No one appearing, the hearing was continued one week (December 21, 1917).

Hearing on a Proposed Amendment to Height District Map, Sections 5, 6 and 8, so as to Change from a One and One-half Times Height District to a One Times Height District the Property on Fifth Avenue, Between 60th Street and 99th Street, Borough of Manhattan (Cal. No. 18).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 30, 1917 (Cal. No. 130).

(On November 2, 1917 (Cal. No. 59), a communication from the Fifth Avenue Association requesting this amendment was referred to the Committee on the City Plan.)

The Secretary presented a report of the Committee on the City Plan stating that, as Fifth Avenue is a 100-foot street, the effect of this amendment would limit the height of apartment houses on Fifth Avenue in this section to eight or nine stories instead of the twelve stories permitted by the present height regulation, and would more nearly equalize the height limit as compared with that permitted on side streets in this section.

The Secretary also presented a brief of the Fifth Avenue Association, by Bruce M. Falconer, Attorney; communications from the Women's City Club; Robert Grier Cooke, President, Fifth Avenue Association, submitting list of property owners; and American Institute of Architects, all in favor.

Bruce M. Falconer appeared in favor.

No one else appeared and the hearing was continued one week (December 21, 1917).

Hearing on a Proposed Amendment of Use District Map, Section No. 13, so as to Change from a Business District to an Unrestricted District the Block Bounded by Richardson Street, Frost Street, Leonard Street and Manhattan Avenue, Borough of Brooklyn (Cal. No. 19).

(On April 13, 1917 (Cal. No. 171), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 23, 1917 (Cal. No. 108).

The Secretary presented petition, dated January 25, 1917, of owners of property in the block bounded by Richardson Street, Frost Street, Leonard Street and Manhattan Avenue, Borough of Brooklyn, for the amendment of the Building Zone resolution by placing this block in the Unrestricted District; and a report of the Committee on the City Plan:

No one appearing in opposition to or in favor of the proposed amendment, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that the resolution entitled: "A Resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map, Section No. 13, so as to include in an unrestricted district the area bounded northerly by a line parallel to Richardson street west of Meeker avenue, and Meeker avenue, and 100 feet northerly from said streets measured at right angles, easterly by Manhattan Avenue, southerly by a line parallel to Frost street and 100 feet southerly therefrom measured at right angles, and westerly by the existing unrestricted district, Borough of Brooklyn, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated November 22, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on a Proposed Amendment to Use District Map, Section No. 23, so as to Change from a Residence District to a Business District the Property on Both Sides of Glenwood Road, Between Remsen Avenue and East 85th Street, Borough of Brooklyn (Cal. No. 20).

(On September 21, 1917 (Cal. No. 194), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 30, 1917 (Cal. No. 131).

The Secretary presented a petition, dated June 25, 1917, of property owners, requesting amendment of building restrictions to permit the building and maintenance of stores on Glenwood Road, between Remsen Avenue and East 85th Street, Borough of Brooklyn; and a report of the Committee on the City Plan.

David H. Wynberg appeared in favor. No one else desiring to be heard the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that the resolution entitled: "A Resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map, Section No. 23, so as to include within a business district all the area not now so included on both sides of Glenwood road within 100 feet thereof, between East 85th street and a line parallel to Remsen avenue and 100 feet easterly therefrom, measured at right angles, Borough of Brooklyn, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated November 27, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on a Proposed Amendment to Use District Map, Section No. 3, so as to Change from a Residential to a Business District Grand Boulevard and Concourse, on Its Westerly Side, from Fordham Road to a Point 330 Feet North of East 184th Street, and on Its Easterly Side, from Fordham Road to East 184th Street, Together with Ryer Avenue, from East 184th Street to East 187th Street, and to Change from a Business to a Residential District the Property on the South Side of East 184th Street, Between the Concourse and Ryer Avenue, Borough of The Bronx (Cal. No. 21).

(On September 21 (Cal. No. 195) and November 2, 1917 (Cal. No. 62), petitions herein were referred to the Committee on the City Plan.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 23, 1917 (Cal. No. 106).

The Secretary presented a petition, verified September 15, 1917, of Robert J. Fearn and six others requesting the amendment of the Building Zone resolution so as to change from a residential to a business district a portion of the Grand Boulevard and Concourse, between East 187th street and East 188th street, Borough of The Bronx; and a petition, verified October 29, 1917, of Robert J. Fearn and four others, all property owners, requesting the amendment of the Building Zone Resolution by changing from a residential to a business district Grand Boulevard and Concourse, between Fordham Road and East 184th Street, Ryer Avenue, between East 184th Street and East 187th Street, and East 187th Street, from Grand Boulevard and Concourse to Ryer Avenue, Borough of The Bronx; and a report of the Committee on the City Plan.

No one appearing in opposition to or in favor of the proposed amendment, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that the resolution entitled: "A Resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map, Section No. 3, so as to include within a business district all the area not now so included on the westerly side of the Grand Boulevard and Concourse, within 100 feet thereof, between a line at right angles to the Grand Boulevard and Concourse and 330 feet northerly from the northwesterly corner of the Grand Boulevard and Concourse and East 184th street, measured along the westerly side of said Concourse, and a line parallel to Fordham road and 100 feet northerly therefrom, measured at right angles, and so as to include in a business district the area on the easterly side of the Grand Boulevard and Concourse, within 100 feet thereof, between a line parallel to East 187th street and 100 feet northerly therefrom, measured at right angles, and a line parallel to Fordham road and 100 feet northerly therefrom, measured at right angles, together with such additional areas as are governed by the use district designation along the Grand Boulevard and Concourse as herein determined according to rule j, and so as to include in a business district all the area not now so included, bounded as follows: Westerly by the Grand Boulevard and Concourse, northerly by a line parallel to East 187th street and 100 feet northerly therefrom, measured at right angles, easterly by a line parallel to Ryer avenue and 100 feet easterly therefrom, measured at right angles, and its continuation north of the southerly line of East 187th street at right angles to said street, and southerly by East 184th street, together with such additional areas as are governed by the use district designation in East 187th street and Ryer avenue, as herein determined according to rule j, and so as to include in a residence district the area on the southerly side of East 184th street, within 100 feet thereof, between the Grand Boulevard and Concourse and Ryer avenue, Borough of The Bronx, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated November 22, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on a Proposed Amendment of Use District Map, Section No. 2, so as to Include in an Unrestricted District the Area Bounded by Boston Road, the Right of Way of the New York, Westchester and Boston Railroad and Palmer Avenue, Borough of The Bronx (Cal. No. 22).

(On September 21, 1917 (Cal. No. 196), the petition of the Crawford Real Estate and Building Company herein was referred to the Committee on the City Plan.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 23, 1917 (Cal. No. 107).

The Secretary presented a petition, dated August 27, 1917, from The Crawford Real Estate and Building Company for amendment of Building Zone resolution by changing from a Business to an Unrestricted district property bounded by Boston road, DeReimer avenue, Boller avenue and land of the New York, Westchester and Boston Railroad Company, Borough of The Bronx; and a report of the Committee on the City Plan.

No one appearing in opposition to or in favor of the proposed amendment, the hearing was closed.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment, that the resolution entitled: "A Resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map, Section No. 2, so as to include in an unrestricted district the area bounded as follows: Northerly by Boston road, easterly and southerly by the easterly line of the right of way of the New York, Westchester and Boston Railroad, and westerly by a line parallel to Palmer avenue and 100 feet westerly therefrom measured at right angles, Borough of The Bronx, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated November 22, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on a Proposed Amendment to Use District Map, Section No. 9, so as to Change from a Business District to an Unrestricted District the Property Fronting on William Street, Between Webster Avenue and Beebe Avenue, Borough of Queens (Cal. No. 23).

(On September 21, 1917 (Cal. No. 197), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 25).

The Secretary presented a petition, dated September 5, 1917, from George J. Gardner and six others requesting the amendment of Building Zone Resolution so as to change from a business to an unrestricted district the portion of William Street between Webster and Freeman Avenues, Borough of Queens; and a report of the Committee on the City Plan.

Peter Leniger and another appeared in opposition.

George J. Gardner and William Frankel appeared in support of petition.

No one else desiring to be heard, the hearing was closed.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment, that the resolution entitled: "A Resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map, Section No. 9, so as to include in an unrestricted district all that area not now so included on both sides of William street, within 100 feet thereof, between a line parallel to Webster avenue and 100 feet southerly therefrom, measured at right angles, and a line parallel to Beebe avenue, and 100 feet southerly therefrom measured at right angles, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan, and dated October 24, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

Present and Not Voting—The President of the Borough of Manhattan.

Hearing on a Proposed Amendment to Use District Map, Section No. 10, so as to Change from an Unrestricted District to a Business District the Property on Both Sides of Amity Street, Between Main Street and Union Street, Borough of Queens (Cal. No. 24).

(On June 22 (Cal. No. 133) and October 5, 1917 (Cal. No. 82), petition and resolution herein were referred to the Committee on the City Plan.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 22).

The Secretary presented a petition of Aaron Gottlieb and seventeen others and a resolution adopted July 26, 1917, by the Local Board of the Jamaica District, requesting the amendment of Use District Map, Section No. 10, so as to change from an unrestricted to a business district property on both sides of Amity Street, between Main Street and Union Street, Flushing, Borough of Queens; and a report of the Committee on the City Plan.

No one appearing in opposition to or in favor of the proposed amendment, the hearing was closed.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment, that the resolution entitled: "A Resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map, Section No. 10, so as to include within a business district all the area not now so included in the area bounded by Main street, St. Georges place, Union street and Donnelly avenue, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated October 29, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on a Proposed Amendment to Use District Map, Section No. 13, so as to Change from a Business District to an Unrestricted District the Property on Metropolitan Avenue, Between Weisse Avenue and Morton Avenue, and Weisse Avenue, Between Metropolitan Avenue and Steuben Street, Etc., Borough of Queens (Cal. No. 25).

(On October 26, 1917 (Cal. No. 75), the resolution herein was referred to the Committee on the City Plan.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 24).

The Secretary presented a resolution adopted October 11, 1917, by the Local Board of Newtown District, Borough of Queens, recommending amendment of building zone resolution by changing Use District Map, section No. 13, so as to place in

an unrestricted district Metropolitan Avenue, between Ankeny Street and Weiss Avenue, Borough of Queens; and a report of the Committee on the City Plan.

No one appearing in opposition to or in favor of the proposed amendment, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that the resolution entitled "A resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map Section No. 13 so as to include in an unrestricted district the area on the northerly side of Metropolitan Avenue, within 100 feet thereof, between a line parallel to Weiss Avenue and 100 feet easterly therefrom, measured at right angles, and a line parallel to Ankeny Street and 100 feet westerly therefrom, measured at right angles and so as to include in an unrestricted district the area on the southerly side of Metropolitan Avenue, within 100 feet thereof between said line parallel to Weiss Avenue and 100 feet easterly therefrom, measured at right angles, and the easterly side of Morton Avenue, and so as to include in an unrestricted district the area on both sides of Weiss Avenue, within 100 feet thereof, between a line parallel to Metropolitan Avenue and 100 feet southerly therefrom, measured at right angles, and the northerly side of Steuben Street and its extension east of the easterly line of Weiss Avenue at right angles to said Avenue, and so as to include in an unrestricted district such additional areas as are governed by the Use District Designation as herein determined within the above described areas, according to rule j, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan, and dated October 29, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on a Proposed Amendment to Use District Map, Section No. 17, so as to Change from a Business District to an Unrestricted District the Property Fronting on Cypress Avenue, Between Ozone Terrace and Vermont Avenue; on Bush Street, Between Ozone Terrace and Cypress Avenue, and on Ozone Terrace, Between Fairmount Street and Vermont Avenue, Borough of Queens (Cal. No. 26).

(On August 22, 1917 (Cal. No. 32), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted November 16, 1917 (Cal. No. 23).

The Secretary presented a petition, dated July 20, 1917, from Sarah Cooper Geoway and four others, owners of property at 1659 Cypress Avenue, Queens, requesting amendment of Building Zone resolution by changing said property from a business to an unrestricted district; and a report of the Committee on the City Plan.

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that the resolution entitled: "A resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and is hereby amended by changing Use District Map Section No. 17, so as to include within an unrestricted district the area bounded as follows: Beginning at the intersection of the southerly side of Fairmount Street with a line parallel to Ozone Terrace and 100 feet northerly therefrom, measured at right angles; thence easterly, southerly and then westerly parallel to Ozone Terrace and 100 feet distant therefrom to a line parallel with Cypress Avenue and 100 feet southerly therefrom, measured at right angles; thence westerly along said line parallel with Cypress Avenue to a line parallel with Ozone Terrace and 100 feet southerly therefrom, measured at right angles; thence easterly along said line parallel to Ozone Terrace to the northerly line of Cypress Avenue; thence westerly along said northerly line of Cypress Avenue to the northerly line of Ozone Terrace; thence easterly along said northerly line of Ozone Terrace and westerly along the southerly line of Fairmount Street to the point of beginning, and including such additional areas as are governed by the Use District Designation as herein determined within the above described area, according to rule j, and so as to include within a business district the area not now so included on the northerly side of Ozone Terrace within 100 feet thereof between Cypress Avenue and Fairmount Street, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated October 25, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

APPROVAL OF MAPS AND PLANS.

Rule, Damage and Profile Maps.

Borough of Queens.

Firth Avenue, from Grand Street to Juniper Avenue, Borough of Queens—Damage Map in Proceeding for Acquiring Title (Cal. No. 27).

The Secretary presented a communication, dated November 30, 1917, from the Secretary of the Borough of Queens, transmitting damage map for approval; and the following report of the Chief Engineer:

Report No. 17258.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Queens, bearing date of November 30, 1917, presenting for consideration the damage map in the proceeding for acquiring title to Firth Avenue, from Grand Street to Juniper Avenue, subject to the easements of the New York Connecting Railroad Company.

This proceeding was instituted under the provisions of a resolution adopted by the Board of Estimate and Apportionment on May 16, 1912, and amended on July 10, 1913. To make it conform with the requirements of the new Street Opening Law, the proceeding was reinstituted on October 13, 1916, and to expedite the appointment of Commissioners the Corporation Counsel was then authorized to base his application upon the receipt of a rule map only. The rule map was approved on December 8th following but the City's application was denied by the court on the ground that the property to be acquired, as shown on the rule map, included certain areas that had been ceded to the City for street purposes under former Section 992 of the Charter. To overcome the Court's objection an amendatory rule map was later submitted, from which the ceded parcels were excluded, and this was approved on July 19, 1917. The oaths of the Commissioners were filed on November 1st last.

The property to be acquired, as shown on the map now presented, conforms in scope with that indicated on the rule map and appears to be identical with that needed for the land still in private ownership within the street lines as now laid out upon the City Plan, and comprises an area of 223,828.8 square feet. Of this area 8,243.1 square feet is included in other opening proceedings now in progress relating to Caldwell Avenue and to Eliot Avenue, leaving a net area of 215,585.7 square feet to be acquired under the new proceeding.

The street is in use in disconnected sections, and a number of buildings have been erected upon the abutting property. At the intersection with Juniper Avenue a one-story frame schoolhouse and two small outbuildings fall largely within the street lines. Portions of the street are shown on maps filed by the property owners.

I would recommend the approval of the map, and that after certification it be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the

damage map submitted by the President of the Borough of Queens, for the use of the Commissioners of Estimate and Assessment, in the proceedings authorized by the Board on October 13, 1916, for acquiring title to Firth Avenue from Grand Street to Juniper Avenue, subject to easements of the New York Connecting Railroad Company, in the Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Lowery Street, from Skillman Avenue to Queens Boulevard, and from Gould Avenue to Borden Avenue, Borough of Queens—Damage Map in Proceeding for Acquiring Title (Cal. No. 28).

The Secretary presented a communication, dated November 23, 1917, from the Secretary of the Borough of Queens, transmitting damage map for approval; and the following report of the Chief Engineer:

Report No. 17253.

December 3, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Queens, bearing date of November 23, 1917, presenting for consideration the damage map prepared for the court record in the proceeding for acquiring title to Lowery Street, from Skillman Avenue to Queens Boulevard, and from Gould Avenue to Borden Avenue.

This proceeding was instituted under the provisions of a resolution adopted by the Board of Estimate and Apportionment on October 27, 1916. The rule map was approved on November 2, 1917, at which time the Corporation Counsel was authorized to base his application to the court upon it in order that preliminary steps might be taken to secure the consent of the court to the condemnation of the land.

The property to be acquired, as shown on the map now presented, appears to be identical with that needed for the street as laid out upon the City Plan and comprises an area of 113,855.4 square feet. Of this area 38,938.9 square feet has been ceded to the City by the property owners, leaving a net area of 74,916.5 square feet still to be acquired.

The street is in use only for a short distance adjoining Skillman Avenue and a number of buildings have here been erected upon the abutting property, one of which encroaches slightly within the street lines. Portions of the street are shown on maps filed by the property owners between March 28, 1871, and October 27, 1911.

I would recommend the approval of the map, and that after certification it be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the damage map submitted by the President of the Borough of Queens, for the use of the Supreme Court, in the proceedings authorized by the Board on October 27, 1916, for acquiring title to Lowery Street from Skillman Avenue to Queens Boulevard and from Gould Avenue to Borden Avenue, in the Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Nagy Street, from Metropolitan Avenue to Jansen Avenue, and Nassau Avenue to Grand Street, Together with the Public Place Bounded by Grand Street, Nagy Street and Nassau Avenue, Borough of Queens—Supplementary Rule and Damage Maps in Proceeding for Acquiring Title (Cal. No. 29).

The Secretary presented a communication dated November 24, 1917, from the Secretary to the President of the Borough of Queens, transmitting supplementary rule and damage map for approval; and the following report of the Chief Engineer:

Report No. 17251.

November 26, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of November 24, 1917, presenting for consideration the supplementary rule map and damage map in the proceeding for acquiring title to Nagy Street, from Metropolitan Avenue to Jansen Avenue, and from Nassau Avenue to Grand Street, together with the Public Place bounded by Grand Street, Nagy Street, and Nassau Avenue.

This proceeding was instituted under the provisions of a resolution adopted by the Board of Estimate and Apportionment on March 8, 1907, and amended on June 15, 1911, on June 23, 1916, and again on October 19, 1917. The Commissioners of Estimate and Assessment filed their oaths on January 6, 1912, and there remains little work to be done in order to bring about the confirmation of the proceeding.

The property to be acquired as shown on the maps now presented, appears to be identical with that needed for the street and public place as laid out upon the City Plan, and comprises an area of 293,184.2 square feet, of which 292,808.3 square feet is needed for Nagy Street and 375.9 square feet for the Public Place. Of this area 2,257.2 square feet within the lines of old Juniper Swamp Road was acquired prior to consolidation and 75,865.2 square feet has been ceded to the City by the property owners, leaving a net area of 215,061.8 square feet still to be acquired. This is 72,582.9 square feet less than was included in the proceeding as amended in 1916 and 175,694.4 square feet less than was included in the proceeding as originally authorized in 1907.

The street is in use only in the section south of Juniper Swamp Road where the abutting property is partially improved. This portion of the street is shown on a map filed by the property owners on June 10, 1908, and is probably fully dedicated to public use. There are no encroachments, the various amendments to which reference has been made having resulted in eliminating the street where it was formerly laid out across an existing street system with which it was inconsistent and where the taking of the land involved building damage.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the supplementary rule map and damage map submitted by the President of the Borough of Queens, for use of the Commissioners of Estimate and Assessment in the proceedings authorized by the Board under resolutions adopted on March 8th, 1907; June 5th, 1911; June 23rd, 1916, and October 19, 1917, for acquiring title to Nagy Street, from Metropolitan Avenue to Jansen Avenue, and from Nassau Avenue to Grand Street; together with the Public Park bounded by Grand Street, Nagy Street and Nassau Avenue, in the Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sewerage and Drainage Plans.

Borough of Manhattan.

Sewerage Districts Nos. 4-EP and 5-AV, Borough of Manhattan—Modification in Drainage Plan (Cal. No. 30).

The Secretary presented a communication dated December 4, 1917, from the President, Borough of Manhattan, transmitting for approval map showing proposed modification; and the following report of the Chief Engineer:

Report No. 17261.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Manhattan, bearing date of December 4, 1917, presenting for approval a map showing a proposed modification in the drainage plan for Sewerage Districts Nos. 4-EP and 5-AV.

This plan more particularly relates to a trunk sewer in Madison Avenue, from East 25th Street to East 33rd Street, and in East 26th Street, from Madison Avenue to the bulkhead line of the East River; it also includes provision for intercepting

the sewer in East 23rd Street west of Madison Avenue into the Madison Avenue sewer and for a storm water overflow at the foot of East 22nd Street.

The drainage area affected by the plan comprises the territory bounded approximately by Broadway, East 31st Street, 5th Avenue, East 37th Street, 4th Avenue, East 28th Street, 3rd Avenue, East 27th Street, East River, East 21st Street, 4th Avenue and East 17th Street, with an area of about 260 acres, the greater portion of which is now outletted into the East River at the foot of East 21st Street, this outlet, however, being reinforced by outlets for small areas adjoining the waterfront at the foot of East 23rd Street and East 26th Street.

From information presented by the Borough President it appears that the trunk sewers of these districts are utterly inadequate for the removal of storm water, and that numerous complaints have been made by the property owners by reason of the flooding which takes place at "every moderately severe storm." It is now proposed to reconstruct the Madison Avenue sewer between East 25th Street and East 33rd Street with a capacity sufficient for the removal of the district drainage from the territory on the west, as well as for that to the east, north of East 31st Street and to outlet this sewer through a new sewer in East 26th Street, which will also serve as the interceptor for the adjoining area to the north, the storm flow being outletted at the bulkhead line while the sanitary flow will be discharged through an existing sewer at the end of the pier. The area which this new sewer will serve comprises about 140 acres, while the remaining area in the district will also be provided with further relief by the overflow sewer proposed at the foot of East 22nd Street.

The plan is based upon diverting the sanitary flow from the East 26th Street sewer into a sanitary interceptor ultimately to be built in 1st Avenue, the construction of which will also be coupled with provision for treatment.

In my judgment the plan is a proper one, and its approval is recommended. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan for Sewerage Districts Nos. 4-EP and 5-AV, Borough of Manhattan, showing the location, sizes and grades of the sewers in Madison Avenue, from East 25th Street to East 33rd Street; in East 26th Street, from Madison Avenue to the East River, across the marginal way in the line of East 22nd Street produced and at the junction of Madison Avenue and East 23rd Street, bearing the signature of the President of the Borough and dated November 26, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sewerage District No. 4-DZ, Borough of Manhattan—Modification in Drainage Plan (Cal. No. 31).

The Secretary presented a communication, dated October 28, 1914, from the President, Borough of Manhattan, transmitting for approval map showing proposed modification; and the following report of the Chief Engineer:

Report No. 17226.

December 3, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Manhattan, bearing date of October 28, 1914, presenting for approval a modification in the drainage plan for Sewerage District No. 4-DZ.

These changes provide for incorporating upon the drainage plan receiving basins at the following intersections: Southwesterly corner of 1st Avenue and East 29th Street; easterly side of 1st Avenue opposite the southerly line of East 28th Street; north side of East 26th Street about 200 feet east of 1st Avenue; south side of East 29th Street about 700 feet east of 1st Avenue.

These basins are desired in order to adequately provide for the removal of surface drainage in the vicinity of Bellevue Hospital.

I see no reason why the plan should not be approved and would recommend such action. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan for Sewerage District No. 4-DZ, Borough of Manhattan, showing the location of receiving basins on the southwesterly corner of East 29th Street and 1st Avenue; on the easterly side of 1st Avenue, opposite the southerly line of East 28th Street; on the northerly side of East 26th Street, about 200 feet east of the easterly side of 1st Avenue; and on the southerly side of East 29th Street, about 700 feet east of the easterly side of 1st Avenue, bearing the signature of the President of the Borough and dated August 11th, 1914.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sewerage Districts Nos. 11-EM, 12-DX, 20-CN and 29-P, Borough of Manhattan—Modification in Drainage Plan (Cal. No. 32).

The Secretary presented a communication, dated May 6, 1914, from the President, Borough of Manhattan, transmitting for approval map showing proposed modification; and the following report of the Chief Engineer:

Report No. 17227.

December 3, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Manhattan, bearing date of May 6, 1914, presenting for approval a map showing proposed modifications in the drainage plan for Sewerage Districts Nos. 11-EM, 12-DX, 20-CN and 29-P.

These changes include provision for incorporating in the drainage plan of the City receiving basins at the following locations:

District 11-EM, northerly and southerly sides of West 156th Street about 125 feet west of the Harlem River; northwesterly corner of West 151st Street and St. Nicholas Place.

District 12-DX, northwesterly corner of Morningside Avenue and West 123d Street.

District 20-CN, southwesterly corner of 6th Avenue and Waverly Place; southerly side of Waverly Place about 350 feet west of 6th Avenue.

District 29-P, southeasterly corner of West 165th Street and the Service Street adjoining Riverside Drive.

These basins are desired in order to more adequately provide for the removal of surface drainage.

The plan appears to be a proper one and its approval is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Frank Demuth appeared in opposition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan showing location, sizes and grades of sewers in Sewerage Districts Nos. 11-EM, 12-DX, 20-CN and 29-P, Borough of Manhattan, being the design for sewer basins on each side of West 156th Street, about 125 feet west of the Harlem River; at the northwest corner of West 151st Street and St. Nicholas Place; at the northwest corner of West 123rd Street and Morningside Avenue; at the southwest corner of 6th Avenue and Waverly Place; on the south side of Waverly Place, about 350 feet west of 6th Avenue; and at the southeast corner of West 165th Street and Riverside Drive Service Street, bearing the signature of the President of the Borough and dated March 30th, 1914.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Borough of Queens.

Sewerage Districts Nos. 40-A-13 and 40-B-15, Borough of Queens—Modification in Drainage Plan (Cal. No. 33).

The Secretary presented a communication, dated December 6, 1916, from the Secretary of the Borough of Queens, transmitting for approval map showing proposed modification; and the following report of the Chief Engineer:

Report No. 17263.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Queens, bearing date of December 6, 1916, requesting approval of a modification in the drainage plan for Sewerage Districts Nos. 40-A-13 and 40-B-15.

These changes relate to the territory bounded approximately by 103d (Kimball) Avenue, 109th Street (Napier Avenue), Liberty Avenue and 106th Street (Portland Avenue), and comprise a reversal in the direction of flow of the sewers proposed in the half block of 106th Street, 107th Street, 108th Street, and 109th Street north of Liberty Avenue, thereby affecting a substantial economy in the cost of construction.

I see no reason why the plan should not be approved, and would recommend such action. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan for Sewerage Districts Nos. 40-A-13 and 40-B-15, Borough of Queens, showing location, size and grades of lateral sewers within the territory bounded approximately by 103d (Kimball) Avenue, 109th Street (Napier Avenue), Liberty Avenue and 106th Street (Portland Avenue); bearing the signature of the President of the Borough and dated November 8, 1916.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORTS.

From Standing Committees.

Committee on the City Plan.

Board of Estimate and Apportionment—Amendment of Section 24A of Building Zone Resolution (Cal. No. 34).

(On October 11, 1917 (Cal. No. 31), the petition herein was referred to Committee on the City Plan.)

The Secretary presented a petition, dated September 24, 1917, of Frederick C. Zobel and six others, requesting amendment of section 24A of the Building Zone resolution, so as to extend for one year the time allowed for the completion of the ground story frame work of buildings, permits for the erection of which were issued under or prior to the adoption of the Building Zone resolution, provided the use and occupancy of such proposed building is not contrary to the provisions of said resolution; and the following report of the Committee on the City Plan:

December 5, 1917.

Board of Estimate and Apportionment:

Gentlemen—On October 11, 1917, the Board received and referred to the Committee on the City Plan the petition of Frederick C. Zobel and others requesting an amendment to section 24A of the Building Zone resolution so as to extend for one year the time allowed for the completion of the ground story framework of buildings, permits for the erection of which were issued within the limits prescribed by said resolution, provided the use and occupancy of such proposed buildings shall not violate the provisions as to use contained in said resolution.

On October 19, 1917, the Board adopted an amendment to the Building Zone resolution providing that the Board of Appeals may extend for not to exceed one year the time within which such ground story framework shall be completed in any case where, in the judgment of said Board, "actual construction or fabrication was begun early enough to allow under the then existing conditions adequate time for completion as above specified, and where such construction or fabrication was diligently prosecuted and where such completion has been prevented by conditions impossible to foresee and beyond the control of the owner and builder."

The above resolution, adopted after extended consideration by the Committee and by the Board, goes as far as the Committee deems it proper to go in extending, because of war time conditions, the time allowed for the erection of buildings under plans filed prior to the passage of the Building Zone resolution. The amendment proposed by the petitioners would extend for one year the time of completion of proposed buildings that violate the height and area provisions of the Building Zone resolution, but would not affect such extension for buildings violating the regulations as to use contained in the Building Zone resolution.

The Committee sees no good reason for this discrimination, especially as plans of proposed buildings could be modified to meet the height and area requirements. Neighboring structures will have to conform to these height and area requirements and it seems unjust to continue longer the exemption from the requirements of the Building Zone resolution extended to those who had plans filed at the time of the adoption of the resolution on July 25, 1916, but have taken no steps towards actual construction.

Your Committee recommends that the petition be denied. Respectfully submitted,

Mayor, Chairman: MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on the City Plan.

Frederick C. Zobel appeared in support of the petition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the petition of Frederick C. Zobel and others, requesting an amendment to section 24A of the Building Zone resolution so as to extend for one year the time allowed for the completion of the ground story framework of buildings, permits for the erection of which were issued within the limits prescribed by said resolution provided the use and occupancy of such proposed buildings shall not violate the provisions as to use contained in said resolution.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

West 183d, West 184th, West 185th, West 186th, West 187th Streets, Amsterdam Avenue and Laurel Hill Terrace, Borough of Manhattan—Amendment of Building Zone Resolution (Cal. No. 35).

(On January 12, 1917 (Cal. No. 3), the Committee on the City Plan submitted a report, recommending denial of request that 184th and 185th Streets, from 100 feet east of Amsterdam Avenue to within 100 feet of Laurel Hill Terrace, be changed from a residential to a business district. The report is printed in the minutes of said meeting. On February 9, 1917 (Cal. No. 6), this matter was referred back to the Committee on the City Plan for further consideration.)

The Secretary presented the following report of the Committee on the City Plan:

December 4, 1917.

Board of Estimate and Apportionment:

Gentlemen—On October 6, 1916, the Board received and referred to the Committee on the City Plan a communication dated October 2, 1916, from James W. Barney, Vice-President of the Barney Estate Company, requesting that the property in the block bounded by 187th Street, Laurel Hill Terrace, 186th Street and Amsterdam Avenue, be placed in an unrestricted district.

On October 20, 1916, the Board received and referred to the Committee on the City Plan a communication dated October 14, 1916, from the executors of the estate of Michael Seraphine, requesting that West 185th Street, from Laurel Hill Terrace to Amsterdam Avenue, be changed from a partly residence and partly business district to an unrestricted district.

A similar petition, in behalf of the Ice Manufacturing Company, dated November 15, 1916, asks that both 184th Street and 185th Street, between Amsterdam Avenue and Laurel Hill Terrace, be placed in an unrestricted district. A petition dated November 4, 1916, was also received from Edward A. Meyer and George I. Naegele, requesting that the block bounded by 184th Street, Laurel Hill Terrace, 183rd Street and Amsterdam Avenue be placed in an unrestricted district.

On November 17, 1916, the Board received and referred to the Committee on the City Plan a communication dated November 11, 1916, from Ernest Joseph Cuzzo, presenting petitions of certain owners of property between 184th and 186th Streets,

requesting that 184th, 185th and 186th Streets, between Amsterdam Avenue and Laurel Hill Terrace be placed in an unrestricted district.

The President of the Borough of Manhattan, at the request of the Committee, held two public hearings on the above matters. The Barney Estate Company withdrew their petition for the proposed change between 186th Street and 187th Street. Representatives of the Washington Heights Taxpayers' Association and of the North Manhattan Taxpayers' Association protested against placing any of the area between Amsterdam Avenue and Laurel Hill Terrace in an unrestricted. Several property owners in the vicinity also protested.

Laurel Hill Terrace borders High Bridge Park from 181st Street to 186th Street. It is at the top of the ridge overlooking the Harlem River valley. It was undoubtedly laid out with the belief that it would be developed for residence purposes. It is on very high ground, remote from rail and water terminals and a most inappropriate location for any general industrial use. A large ice plant has, however, been constructed on the north side of 184th Street, between Amsterdam Avenue and Laurel Hill Terrace. The south side of this same street, across from the ice plant, is leased to the Department of Street Cleaning for stable purposes. The north side of 185th Street is now improved with a hotel and dance hall. The remaining area from 100 feet east of Amsterdam Avenue to Laurel Hill Terrace is vacant. Laurel Hill Terrace and the cross streets between the terrace and Amsterdam Avenue have not been regulated or graded.

On January 12, 1917, your Committee submitted a report, recommending denial of the above request for a change to an unrestricted district, but recommending that the Board hold a public hearing on a change of a portion of this area to a business district.

On February 9, 1917, at the request of this Committee, this matter was referred back to the Committee for further consideration.

Your Committee now recommends that the petitions asking for a change to an unrestricted district be denied without prejudice to a later consideration of any petition to change 184th Street and 185th Street to a business district.

Respectfully submitted, Mayor, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on the City Plan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the following petitions:

Petition dated October 2nd, 1916, from James W. Barney, Vice-President of The Barney Estate Company, requesting that the property in the block bounded by 187th Street, Laurel Hill Terrace, 186th Street and Amsterdam Avenue, Borough of Manhattan, be placed in an unrestricted district.

Petition dated October 14th, 1916, from the executors of the estate of Michael Seraphine, requesting that West 185th Street, from Laurel Hill Terrace to Amsterdam Avenue, be changed from a partly residence and partly business district to an unrestricted district.

Petition dated November 15th, 1916, from The Ice Manufacturing Company, requesting that both 184th Street and 185th Street, between Amsterdam Avenue and Laurel Hill Terrace, be placed in an unrestricted district.

Petition dated November 4th, 1916, from Edward A. Meyer and George J. Naegele, requesting that the block bounded by 184th Street, Laurel Hill Terrace, 183rd Street and Amsterdam Avenue, be placed in an unrestricted district.

Petition dated November 11th, 1916, from Ernest Joseph Cuzzo and others, requesting that 184th, 185th and 186th Streets, between Amsterdam Avenue and Laurel Hill Terrace, be placed in an unrestricted district.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hart Street and Lawton Street, North of Broadway, Borough of Brooklyn—Amendment of Building Zone Resolution (Cal. No. 36).

(On November 2, 1917 (Cal. No. 60), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented a report of the Committee on the City Plan recommending denial of the petition of John M. Balsam requesting an amendment to Use District Map, Section No. 13, so as to change from a business district to an unrestricted district the property between Hart street and Lawton street, situated 100 feet north of Broadway, Borough of Brooklyn.

Harold V. Angevine appeared for the petitioner.

The matter was laid over one week (December 21, 1917).

Carroll Street, Northerly and Southerly Sides, Between Henry and Hicks Streets, Borough of Brooklyn—Amendment of Building Zone Resolution (Cal. No. 37).

(On January 12, 1917 (Cal. No. 108), a protest from Giacanio Caozza against any change was referred to the Committee on the City Plan.)

(On March 16 (Cal. No. 132) and July 19, 1917 (Cal. No. 217), the petitions herein were referred to the Committee on the City Plan.)

The Secretary presented a petition of property owners, dated December 21, 1916, requesting amendment to Use District Map, Section No. 16, so as to change from a residence district to a business district both sides of Carroll street, between Henry street and Hicks street, Borough of Brooklyn, and petition of Thomas A. O'Neill, dated July 16, 1917, requesting an amendment to Use District Map, Section No. 16, so as to change from a residence district to an unrestricted district the north side of said street; a communication, dated January 9, 1917, from Giacanio Caozza, protesting against said change; and the following report of the Committee on the City Plan recommending denial of the request:

December 5, 1917.

Board of Estimate and Apportionment:

Gentlemen—On March 16, 1917, the Board received and referred to the Committee on the City Plan the petition of property owners requesting an amendment to Use District Map Section No. 16 so as to change from a residence district to a business district both sides of Carroll Street between Henry Street and Hicks Street, Borough of Brooklyn.

On July 19, 1917, the Board received and referred to the Committee on the City Plan the petition of Thomas A. O'Neill requesting an amendment to Use District Map, Section No. 16, so as to change from a residence district to an unrestricted district the north side of Carroll Street, between Henry Street and Hicks Street, Borough of Brooklyn.

At the request of the Committee the President of the Borough of Brooklyn held a public hearing on the proposed change of Carroll Street to a business district. At this hearing there was opposition from various owners of property affected.

The Committee understands that the last petition filed is for the purpose of erecting a public garage. Provided the applicant secures the consent of eighty per cent. of the owners immediately affected, the Board of Appeals may, on proper application, permit the construction of a garage.

In view of this fact and the protest of owners against changing the district to a business district or an unrestricted district, your Committee recommends that the petitions be filed. Respectfully submitted,

..... Mayor, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on the City Plan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the petition of property owners requesting an amendment to Use District Map, Section No. 16, so as to change from a residence district to a business district both sides of Carroll Street, between Henry Street and Hicks Street, Borough of Brooklyn.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

East Avenue, Easterly Side, from 8th Street to Nott Avenue; Van Alst Avenue, from Jackson to Nott Avenues; 9th Street, from East Avenue to Jackson Avenue, and 10th, 11th and 12th Streets, Between East Avenue and Van Alst Avenue, Borough of Queens—Amendment of Building Zone Resolution (Cal. No. 38).

(On June 1, 1917 (Cal. No. 101), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented a petition, dated May 31, 1917, of Stuard Hirschman for amendment of Use District Map, Section 9, by changing to an unrestricted district the property on the east side of East Avenue, 8th Street to Nott Avenue; Van Alst Avenue, Jackson to Nott Avenues; 9th Street, East Avenue to Jackson Avenue, and 10th, 11th and 12th Streets, from East Avenue to Van Alst Avenue, Queens; and the following report of the Committee on the City Plan recommending denial thereof:

December 4, 1917.

Board of Estimate and Apportionment:

Gentlemen—On June 1, 1917, the Board received and referred to the Committee on the City Plan the petition of Stuard Hirschman requesting an amendment to Use District Map Section No. 9, so as to change from a business district to an unrestricted district the east side of East Avenue, between 8th Street and Nott Avenue; Van Alst Avenue, between Jackson and Nott Avenue; 10th Street, 11th Street and 12th Street, between East Avenue and Van Alst Avenue, and 9th Street, between East Avenue and Jackson Avenue, Borough of Queens.

The Local Board of the Newtown District held a public hearing on this proposed change and adopted a resolution opposing the same. At this hearing many property owners in the vicinity protested against the proposed extension of the existing unrestricted district.

The area the petitioner asks be made unrestricted is largely vacant. It is, however, bounded on the east by a residential section. The area proposed to be changed should be continued in the present zone classification, both for the protection of the existing residential area and to provide housing accommodations in connection with the large nearby industrial areas.

Your Committee recommends that the petition be denied. Respectfully submitted, Mayor, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on the City Plan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the petition dated May 31, 1917, from Stuard Hirschman, requesting an amendment to Use District Map Section No. 9, so as to change from a business district to an unrestricted district the east side of East Avenue, between 8th Street and Nott Avenue; Van Alst Avenue, between Jackson Avenue and Nott Avenue; 10th Street, 11th Street and 12th Street, between East Avenue and Van Alst Avenue, and 9th Street, between East Avenue and Jackson Avenue, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hillside Avenue, Southeast Corner of Ackroyd Avenue, Jamaica, Borough of Queens—Amendment of Building Zone Resolution (Cal. No. 39).

(On January 5, 1917 (Cal. No. 51), the petition herein was referred to the Committee on the City Plan.)

The Secretary presented a petition, dated December 30, 1916, from Frank J. Engeldrum, of Jamaica, Borough of Queens, requesting amendment of the building zone resolution by changing from business to unrestricted district property on Hillside avenue, corner of Ackroyd avenue, Fourth Ward, Borough of Queens; and the following report of the Committee on the City Plan, which was ordered printed in the Minutes and filed:

November 27, 1917.

Board of Estimate and Apportionment:

Gentlemen—On January 5, 1917, the Board received and referred to the Committee on the City Plan the communication from Frank J. Engeldrum requesting an amendment to Use District Map, Section No. 14, so as to change from a business district to an unrestricted district the southeast corner of Hillside Avenue and Ackroyd, Borough of Queens.

The Local Board for the Jamaica District held a public hearing on this proposed change and adopted a resolution favoring the same.

Under the present Zone plan Hillside Avenue and Ackroyd Avenue are made business districts and the other streets in the vicinity are made residence districts. The streets to the south of Hillside Avenue in this vicinity are developed with detached houses and north of Hillside Avenue are the Hillcrest and Jamaica Estates developments. In view of the high-class residential development both to the north and south of Hillside Avenue it seemed to the Committee undesirable to place in the unrestricted district any portion of Hillside Avenue, as this would permit the erection not only of garages but of any kind of the nuisance industries.

Although the applicant merely requests permission to erect a public garage, there is no way under the Zone plan by which the Board, in making a zone change of this kind, can permit garages and prohibit other industrial uses. To meet situations of this kind the Board, on September 21, 1917, adopted an amendment to the Building Zone Resolution which will permit the Board of Appeals in appropriate cases to authorize the location of a garage in either a residence or a business district provided the applicant secures the consent of 80 per cent. of the frontage deemed by the Board of Appeals to be immediately affected by the erection of the proposed garage. The Committee feels that the adoption of this amendment has made it unnecessary for the Board to consider the zone change requested by the petitioner and recommends, therefore, that the petition be filed.

Respectfully submitted,

..... Mayor, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on the City Plan.

Board of Estimate and Apportionment (Committee on the City Plan)—Discharge of Committee from Further Consideration of Matters Pending (Cal. No. 40).

The Secretary presented the following report of the Committee on the City Plan:

December 4, 1917.

Board of Estimate and Apportionment:

Gentlemen—There appearing to be no present need for the further consideration by this Committee of the following matters referred to it, your Committee recommends that it be discharged from their further consideration:

Request for the modification of existing resolution with respect to the location of news stands at subway and elevated stations. (Referred January 15, 1915).

Communication from the Woman's Municipal League, suggesting that the Committee on the City Plan consider park plans already made for New York, viz., to connect Coney Island, Prospect Park, Central Park and Riverside Drive by park boulevards and to plan for some future time a boulevard connection by bridge to the Palisades; also asking that consideration be given to the question of restrictions on the west side with the view of preserving it as a residence section. (Referred February 4, 1916).

Communication from the Secretary of the City Club of New York, dated May 21, 1914, making certain suggestions relative to the Park Avenue tunnel and rerouting of Madison Avenue surface cars through 42nd Street, between Fourth Avenue and Madison Avenue, Borough of Manhattan. (Referred May 22, 1914).

Removal of Encroachments on 59th Street, between Second Avenue and Fifth Avenue, Borough of Manhattan. (Referred January 30, 1914).

Matter of widening Fulton Street, between Flatbush Avenue and Ashland Place, and Ashland Place, between Fulton Street and a point 91 feet north of Lafayette Avenue, Borough of Brooklyn. (Referred January 30, 1914).

Matter of changing the lines of Fulton Street, from Ashland Place to the extension of Flatbush Avenue, Borough of Brooklyn. (Referred June 30, 1916).

Matter of acquirement of land between Washington Street and Fulton Street, from Myrtle Avenue to High Street, Borough of Brooklyn. (Referred May 8, 1914).

Proposed agreement between the City of New York, the New York Central and Hudson River Railroad Company, the New York, New Haven and Hartford Rail-

road Company and the City of Yonkers, providing for a highway bridge connecting East 241st Street, Borough of The Bronx, with Wakefield Avenue, in the City of Yonkers. (Referred February 20, 1914).

Respectfully submitted, Mayor, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on the City Plan.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby discharges the Committee on the City Plan from further consideration of the following matters and orders the papers relating thereto placed on file:

Request for the modification of existing resolution with respect to the location of news stands at subway and elevated stations (referred January 15, 1915, Cal. No. 81).

Communication from the Woman's Municipal League suggesting that the Committee consider park plans already made for New York, viz., to connect Coney Island, Prospect Park, Central Park and Riverside Drive by park boulevards, and to plan for some future time a boulevard connection by bridge to the Palisades; also asking that consideration be given to the question of restrictions on the west side with the view of preserving it as a residence section. (Referred February 4, 1916, Cal. No. 108.)

Communication from the Secretary of the City Club of New York, dated May 21, 1914, making certain suggestions relative to the Park Avenue tunnel and rerouting of Madison Avenue surface cars through 42nd Street, between Fourth Avenue and Madison Avenue, Borough of Manhattan. (Referred May 22, 1914, Cal. No. 78.)

Removal of encroachments on 59th Street, between 2nd Avenue and 5th Avenue, Borough of Manhattan. (Referred January 30, 1914, Cal. No. 85.) A resolution presented by the President of the Borough of Manhattan providing for this action was adopted by the Board on September 15, 1916 (Cal. No. 21).

Widening Fulton Street, between Flatbush Avenue and Ashland Place, and Ashland Place, between Fulton Street and a point 91 feet north of Lafayette Avenue, Borough of Brooklyn. (Referred January 30, 1914, Cal. No. 85, and (as to former street only) on June 30, 1916, Cal. No. 3. On the latter date the matter was also referred to the Committee on Assessments, which was discharged from further consideration of the matter on June 29, 1917, Cal. No. 43.)

Acquisition of land between Washington Street and Fulton Street, from Myrtle Avenue to High Street, Borough of Brooklyn, as an approach to the Brooklyn Bridge. (Referred May 8, 1914, Cal. No. 52.)

Proposed agreement between the City of New York, the New York Central and Hudson River Railroad Company, the New York, New Haven and Hartford Railroad Company and the City of Yonkers, providing for a highway bridge connecting East 241st Street, The Bronx, with Wakefield Avenue, Yonkers. (Referred February 20, 1914, Cal. No. 88, and March 20, 1914, Cal. No. 12.)

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Committee on Assessments.

Lafayette Avenue, from Flatbush Avenue to Fulton Street, Borough of Brooklyn—Acquiring Title (Cal. No. 41).

(After a public hearing on July 7, 1916 (Cal. No. 3), on the area of assessment recommended by the President of the Borough of Brooklyn and the Chief Engineer of the Board, this matter was laid over until September 15, 1916, and was subsequently laid over at various meetings until February 16, 1917, when (Cal. No. 121) it was referred to the Committee on the City Plan.)

(On April 20, 1917 (Cal. No. 10), the report of the Committee on the City Plan in this matter was referred to the Committee on Assessments. Said report is printed in the minutes of that meeting.)

The Secretary presented the following report of the Committee on Assessments: November 22, 1917.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—On April 20th, 1917, the Board of Estimate and Apportionment referred to its Committee on Assessments the matter of acquiring title to Lafayette Avenue, from Flatbush Avenue to Fulton Street, Borough of Brooklyn, for consideration by the committee of the area of benefit which has been fixed by the Board in this proceeding, the understanding being that, if it should appear from the preliminary assessments that these assessments would be unduly burdensome, your committee might suggest such an amendment of the area of benefit as seemed justified.

When this reference was made it was believed that the proceedings would reach the stage of a preliminary report on the assessments before the close of the present year. When the damage maps were made it was discovered that, in order to avoid undue expense, it would be necessary to make some modification in the lines of Lafayette Avenue in front of the Brooklyn Academy of Music and in connection with this proposed change in line the Board was advised that it would also be necessary to adopt a new plan for the entire portion of Lafayette Avenue included in the proceedings in order to discontinue the courtyards along this street laid out many years ago by an act of the legislature. A new plan for this part of the street is being prepared by the Borough President, but it is quite apparent that it will be impossible for the proceedings to be sufficiently advanced to reach the stage of preliminary assessments during the present year.

Your committee, believing that this matter must be disposed of by the next Board of Estimate and Apportionment, submits this report describing the circumstances and requests that it be discharged from further consideration of the matter.

DOUGLAS MATHEWSON, President, Borough of The Bronx; Mayor; ALBERT E. HADLOCK, Deputy and Acting Comptroller; MARCUS M. MARKS, President, Borough of Manhattan; Committee on Assessments.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby discharges the Committee on Assessments from further consideration of the matter of the acquisition of title to Lafayette Avenue from Flatbush Avenue to Fulton Street, Borough of Brooklyn, which matter was referred to said Committee on April 20, 1917 (Cal. No. 10).

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter was laid over to the first meeting in January, 1918.

Corona Avenue, Between Hampton and Rodman Streets, Borough of Queens—Petition for Relief from Assessment in Proceeding for Acquiring Title (Cal. No. 42).

The Secretary presented a report of the Committee on Assessments on a petition for relief from assessment in the proceeding for acquiring title to Corona Avenue from Hampton Street to Rodman Street, Borough of Queens, stating that the Committee can see no justification for enlarging the area of benefit, but is impressed with the burdensome character of the assessments and recommends an amendment of the distribution of the cost by placing 50 per cent. upon the local area already established, 25 per cent. upon the Borough of Queens and 25 per cent. upon The City of New York, the contribution of the City to include and not to be in addition to any portion of the building damage placed upon it by the Commissioner of Assessment.

The Chairman of the Committee has added a statement saying that he cannot concur in the recommendation to place a part of the expense upon the City-at-large, regarding this as a violation of all precedents. He points out that there is no claim that the street is opened as an arterial thoroughfare, those who appeared before the Committee admitting that other more direct streets would eventually divert a large part of the traffic from Corona Avenue. He suggests that one-third of the cost be placed upon the Borough and the City's contribution be limited to one-third of the building damage, amounting to about \$57,000, which has already been imposed upon it.

(On July 19, 1917 (Cal. No. 206), the above matter was referred to the Committee on Assessments.)

The matter was laid over one week (December 21, 1917).

Queens Boulevard, Borough of Queens—Matter of Relief from Assessment for Physical Improvement (Cal. No. 43).

(On April 3, 1914 (Cal. No. 8), the above matter was referred to the Committee on Assessments.)

The Secretary presented the following report of the Committee on Assessments: November 22nd, 1917.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—On April 3, 1914, the Board of Estimate and Apportionment referred to the Committee on Assessments the matter of the apportionment of the cost of the physical improvement of Queens Boulevard.

This matter has been discussed at intervals since its reference and meanwhile the Board has authorized the improvement of certain portions of Queens Boulevard at the westerly end, with the understanding that the entire cost of the work so far authorized should be locally assessed.

The President of the Borough requested the board to authorize him to expend several thousand dollars from the Street Improvement Fund for preliminary surveys and investigations in order that a plan of orderly procedure and progressive development might be worked out, which would greatly assist in a determination as to the manner in which the cost should be borne. The Board declined to grant this request of the Borough President, but at a meeting of your Committee on Assessments, held on November 19, 1917, the committee advised the President of the Borough of Queens that in its judgment a Local Board resolution initiating proceedings for some of the preliminary work of improvement along the entire street involving but a small fraction of the cost of the ultimate improvement could be made the basis of a preliminary authorization by the Board of Estimate and Apportionment which would enable the President of the Borough to draw upon the Street Improvement Fund for such expense as might be involved in the surveys and investigations he desires to make.

It was decided that the President of the Borough and the Chief Engineer of the Board could work out some such plan and that a resolution such as that above described would undoubtedly meet with favorable consideration by the Board, so that no further report would be required from your Committee on Assessments. The Committee, therefore, asks that it be discharged from further consideration of this matter. Respectfully submitted,

DOUGLAS MATHEWSON, President, Borough of The Bronx; Mayor; ALBERT E. HADLOCK, Deputy and Acting Comptroller; MARCUS M. MARKS, President, Borough of Manhattan; Committee on Assessments.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, hereby discharges the Committee on Assessments from further consideration of the matter of the apportionment of the cost of the physical improvement of Queens Boulevard, Borough of Queens, which matter was referred to said Committee on April 3rd, 1914 (Cal. No. 8).

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Assessments for Street Improvements Affecting Property Adjacent to Cemeteries—Discharge of Committee from Further Consideration (Cal. No. 44).

(On October 5, 1917 (Cal. No. 83), the above matter was referred to the Committee on Assessments.)

The Secretary presented a communication, dated October 2, 1917, from the President, Borough of Queens, relative to the assumption by the City of the entire amount which would be assessed upon the cemeteries in each Borough in every assessment proceeding, and stating that under the present policy improvements have been prevented on a large number of streets adjacent to cemeteries in the Borough of Queens; that while the members of the Committee on Assessments have been unwilling to create a precedent which would entail upon the city at large the expenditure of large sums of money in the future for this purpose, in justice to property owners, particularly in the Borough of Queens, this precedent should be created at the first opportunity, it being the only equitable course which can be pursued by the City until appropriate legislation can be obtained; and the following report of the Committee on Assessments:

November 26th, 1917.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—On October 5, 1917, a communication from the President of the Borough of Queens relative to the assumption by the City of the entire amount which would be assessed upon cemeteries in each Borough in connection with assessable public improvements was referred to the Committee on Assessments.

Your Committee, at a meeting held on November 19, discussed this matter at considerable length with the President of the Borough of Queens. At the close of such discussion, the President of the Borough of Queens stated that he would withdraw his request, and the Committee, therefore, submits this brief statement with the request that it be discharged from further consideration of the matter.

DOUGLAS MATHEWSON, President, Borough of The Bronx; Mayor; ALBERT E. HADLOCK, Deputy and Acting Comptroller; MARCUS M. MARKS, President, Borough of Manhattan; Committee on Assessments.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby discharges the Committee on Assessments from further consideration of the question of the assumption by The City of New York of the entire amount, which, if not prohibited by law, would be assessed upon cemeteries in each Borough in connection with assessable public improvements, which matter was referred to said Committee on October 5th, 1917 (Cal. No. 83).

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Committee on Corporate Stock Budget.

Department of Docks and Ferries—Repaving of Streets Along Waterfront (Cal. No. 45).

The Secretary presented a report of the Committee on Corporate Stock Budget relative to a communication from Mr. T. B. Pratt, Executive Secretary of the Motor Truck Club of America, requesting that some action be taken to correct the condition of the pavement along the water front and urging that the marginal way be repaved, and recommending that the subject of providing suitable appropriations for permanent pavements for these marginal streets under the jurisdiction of the Department of Docks and Ferries and the streets and avenues contiguous thereto under the jurisdiction of the President, Borough of Manhattan, which together constitute the waterfront streets, be considered by the Board of Estimate and Apportionment in conjunction with and at the same time that yearly authorizations are made for repaving streets and avenues in the several Boroughs.

(On October 5, 1917 (Cal. No. 80), the above matter was referred to the Committee on Corporate Stock Budget.)

The matter was laid over one week (December 21, 1917).

President, Borough of Manhattan—Issue of Corporate Stock (Cal. No. 46).

The Secretary presented communications, dated August 3 and 8, 1917, from the President, Borough of Manhattan, requesting an issue of \$20,000 corporate stock for the reconstruction of a sewer in 42d Street, between First and Third Avenues; and the following report of the Committee on Corporate Stock Budget recommending denial thereof:

November 24, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 3, 1917, the President, Borough of Manhattan, addressed a communication to the Board of Estimate and Apportionment requesting an issue of corporate stock in the amount of \$20,000 for the reconstruction of a deep tunnel sewer in 42d Street, between First and Lexington Avenues, Borough of Manhattan.

This request was referred to the Bureau of Contract Supervision, which bureau reports thereon as follows:

"An examination and personal inspection of this sewer within the limits mentioned was made by an engineer of this bureau two years ago.
"This is a circular five-foot sewer driven through solid rock with a brick-work lining throughout. East of First Avenue a siphon or trap was constructed

in the sewer to prevent the movement of air from the river. This trap prevents the movement of air within the sewer, and in consequence gas and gasoline vapor from oils and gasoline which find their way into the sewer, gather into the upper part, and on several occasions have caused explosions within the sewer.

"Owing to the lack of solid filling behind the upper part of the brick lining these explosions have raised up or elevated the upper part of the sewer lining in a good many places, and a part of the brickwork of the arches has fallen down. A considerable part of the broken masonry which has impeded the flow in the sewer has been removed, and the removal of the remainder would be but a small task. At the time the sewer was inspected a recommendation was made as to the removal of the siphon east of First Avenue. This is now being done, and it is probable that, after the removal of the siphon, the ventilation of the sewer will be so far improved that no further explosions of gas therein may be expected.

"Some work may properly be done within the sewer in the way of cleaning up, replacing loose brick and repairing generally the lining of the tunnel throughout the lower half of the structure. On top of the repaired lining it would be advisable to place a covering of mortar or concrete to effectually prevent the flow of sewage or storm water from getting behind the brickwork.

"The cost of all the work necessary to be done to put this sewer in fair and adequate repair should not exceed \$1,500.

"No part of the work above mentioned or recommended is a proper corporate stock charge. The funds should be provided out of budget allowance and the work done by employees of the Borough President, owing to the difficulty of specifying and planning such work in a satisfactory manner."

In view of the foregoing, we recommend that the request of the Borough President be denied. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller;
President of the Board of Aldermen; LEWIS H. POUNDS, President of the Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The President of the Borough of Manhattan offered a resolution appropriating \$58,000 for reconstruction of the sewer in 42d street, from East River to Third avenue, the request for the increased appropriation being due to a number of explosions along the line of this sewer since the original appropriation was requested.

John J. Dugan appeared in support of the request of the Borough President for \$58,000.

The Acting Mayor moved that the matter be referred to the Chief Engineer of the Board for consultation with the Consulting Engineer of the Borough of Manhattan and the Chief Engineer of Sewers of the Borough of Manhattan for report to the Board in one week (December 21, 1917).

Which motion was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Manhattan—2.

President, Borough of Manhattan—Appropriation for Equipment and Improvement of Municipal Asphalt Plant (Cal. No. 47).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending an appropriation of \$19,750 in pursuance of section 169 of the Charter, to provide means for the equipment of the machine shop and other necessary improvements, at the Municipal Asphalt Plant, under the jurisdiction of the President of the Borough of Manhattan.

Which was laid over one week (December 21, 1917) under Rule 19.

President, Borough of Richmond—Appropriation for Repaving Streets (Cal. No. 48).

The Secretary presented a communication dated February 19, 1917, from the President, Borough of Richmond, requesting an appropriation of \$88,160 for repaving various streets in said Borough; and the following report of the Committee on Corporate Stock Budget relative thereto:

November 20, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On February 19, 1917, the President, Borough of Richmond, forwarded a communication to the Board of Estimate and Apportionment requesting an appropriation of corporate stock in the amount of \$88,160 for repaving certain streets in the Borough of Richmond which he listed in the communication.

On February 9, 1917, the Board of Estimate and Apportionment apportioned \$100,000 in corporate stock for repaving in the Borough of Richmond.

The streets listed in the request under consideration comprised each and all of those which were not included in the list approved for paving and for which funds were provided on February 9, 1917.

In addition to the \$100,000 above mentioned, the Board gave the Borough President of Richmond \$131,430 on June 1, 1917, for continuing the repaving of Amboy Road, and on August 22, 1917, \$19,000 for repaving Bradley Avenue. The request of the Borough President for the additional funds should be returned without prejudice to a renewal of the request or listing the same streets in his request for corporate stock funds for repaving during 1918. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The Secretary was directed to return the request referred to herein to the Borough President.

Department of Parks, Boroughs of Manhattan and Richmond—Appropriations for Various Purposes (Cal. No. 49).

The Secretary presented a report of the Committee on Corporate Stock Budget in the matter of the requests of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for authorizations of corporate stock aggregating \$202,815 for the following improvements:

- | | |
|---|--------------|
| (1) Repaving Riverside Drive Extension | \$150,000 00 |
| (2) Construction of new Comfort Station at Union Square | 35,000 00 |
| (3) Reconstruction of a Bulkhead at Thomas Jefferson Park | 15,815 00 |
| (4) Construction of fifty feet of bulkhead and reconstruction of entrance at Carl Schurz Park | 2,000 00 |

—and recommending the authorization of corporate stock to the amount of \$18,000 for the reconstruction of the bulkhead in Thomas Jefferson Park; \$2,500 for the construction of fifty feet of bulkhead in and the reconstruction of the entrance to Carl Schurz Park, and recommending denial of the two remaining requests.

Which was laid over one week (December 21, 1917) under Rule 19.

Department of Parks, Boroughs of Manhattan and Richmond—Appropriation for Bulkhead of Harlem River Driveway (Cal. No. 50).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending an appropriation of \$100,000, pursuant to section 169 of the Charter, to continue the work of building the reinforced cellular concrete bulkhead similar to that already built and in course of construction along the easterly boundary of the public driveway of the Harlem River, under the jurisdiction of the Department of Parks, Manhattan and Richmond.

Which was laid over one week (December 21, 1917), under Rule 19.

Department of Parks, Borough of Brooklyn—Appropriations for Various Purposes (Cal. No. 51).

The Secretary presented five communications, dated January 25, November 2 and 8, 1917, from the Commissioner of Parks, Borough of Brooklyn, requesting issues of corporate stock aggregating \$891,602.90 for various improvements; and the following report of the Committee on Corporate Stock Budget recommending denial thereof:

November 24, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—The Commissioner of Parks, Borough of Brooklyn, has requested authorizations of corporate stock aggregating \$891,602.90 for the following improvements:

- | | |
|---|--------------|
| 1. Repaving Eastern Parkway | \$230,700 00 |
| 2. Paving portions of Ocean Parkway and Prospect Park Roads | 134,350 00 |
| 3. Building new Municipal Bath House at Coney Island | 200,000 00 |

- | | |
|--|-----------|
| 4. Building a yacht basin near Fort Hamilton | 15,000 00 |
| 5. Building retaining wall at Brighton Beach | 8,000 00 |

The Bureau of Contract Supervision, to which these requests were referred, reports thereon as follows:

"Items 1 and 2 should be taken up in connection with the general repaving program for 1918.

"Items 3 and 4 are far from urgent and should at least be deferred until market conditions are much better than they are at present.

The request for \$8,000 for item 5 was made to replace a wooden bulkhead which at present acts as support for a raised walk from Ocean Parkway to the Brighton Beach boardwalk. During a recent storm this bulkhead was partially undermined and its general condition is bad. Repairs have been made, however, and the present bulkhead will last until spring. More study should be given to this situation at that time, as it appears probable that an agreement can be reached with the bathing house proprietors adjacent to this beach which will avoid the necessity for building the wall as at present proposed. This request should be denied at this time."

We recommend the adoption of the attached resolution denying the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the requests of the Commissioner of Parks, Borough of Brooklyn, for appropriations of corporate stock during the year 1917, as follows:

- | | |
|--|--------------|
| Repaving Eastern Parkway | \$230,700 00 |
| Repaving portions of Ocean Parkway and Prospect Park | 134,350 00 |
| Building new Municipal Bath House at Coney Island | 200,000 00 |
| Building Yacht Basin near Fort Hamilton | 15,000 00 |
| Building Retaining Wall at Brighton Beach | 8,000 00 |

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Proposed Purchase of Plant of Manhattan Fire Alarm Company and Appropriation Therefor (Cal. No. 52).

(On May 28, 1914 (Cal. No. 153), a communication from the Fire Commissioner relative to the application of the Manhattan Fire Alarm Company for a franchise to maintain a fire alarm telegraph system and recommending the purchase of the company's plant, to be operated as a part of the fire alarm telegraph system, was referred to the Committee on Corporate Stock Budget.)

(On February 23, 1917 (Cal. No. 113), a communication from the Fire Commissioner relative to the above matter was referred to said Committee.)

The Secretary presented communications, dated May 5, 1914, and February 20, 1917, from the Fire Commissioner relative to this matter; and the following report of the Committee on Corporate Stock Budget, which was ordered printed in the Minutes and filed:

May 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 28, 1914, you referred to the Committee on Corporate Stock Budget to be considered as a request for funds a communication from the Fire Commissioner, dated May 5, 1914, recommending that the proposed franchise to the Manhattan Fire Alarm Company pending before the Board of Estimate and Apportionment be not granted and requesting that the Board authorize the Fire Commissioner under the provisions of section 729 of the Greater New York Charter, to acquire, after expert appraisal approved by the Board of Estimate and Apportionment, the plant of the Manhattan Fire Alarm Company with a view to its inclusion in the city's fire alarm system. The Committee was empowered to negotiate with the company to ascertain at what price and under what conditions the property might be acquired by the city.

In an investigation undertaken by the Bureau of Contract Supervision an appraisal was made of the company's plant and the company was requested to state the lowest price at which it would be willing to sell its plant. The difference between the appraised valuation and the lowest amount which the company was willing to consider for the property was so great that it was evident there would be some difficulty in purchasing the whole or part of the property of the company in the manner authorized by chapter 388 of the laws of 1903 amending section 729 of the Charter which it is provided shall be "at a price to be agreed upon with the person or persons owning the same."

The investigation of the history of the Manhattan Fire Alarm Company indicated that the company did not own any franchise or other rights which the city must pay for in case it purchased the business of the company or any rights which would prevent the city from entering into a similar business in competition with the company.

Under date of March 4, 1915, an opinion was received from the Corporation Counsel that, under section 729 of the Greater New York Charter, as amended, the city had the right to extend its fire alarm telegraph system into private buildings by original construction as well as by the use of property purchased or leased from fire alarm telegraph companies; that it may charge a rental for such service sufficient in amount to provide for a reasonable profit and that the subway companies must furnish the necessary additional duct space for the wires without charge.

In a letter dated February 23, 1917, referred to this committee on February 26, 1917, the Fire Commissioner suggests that either a final decision be made to acquire the plant of the Manhattan Fire Alarm Company or that action be taken upon the pending franchise of the company.

Since the date of the Commissioner's letter, any action with relation to the Manhattan Fire Alarm Company has become unnecessary through the sale of the entire plant and business of the company to the National District Telegraph Company, which, in addition to fire alarm service, also operates messenger call service, watchmen's signal systems, local fire alarm systems and automatic sprinkler supervisory systems.

With the elimination of the Manhattan Fire Alarm Company there remain three companies operating fire alarm systems, including the National District Telegraph Company, which have applied for franchises to use the streets.

We recommend that no action be taken upon the Commissioner's request at this time. During the continuation of the war and probably for some time thereafter the City will not be in a financial condition to consider the purchase of these plants and meanwhile franchises can be so drawn as to provide that the City will not be prevented from installing fire alarms in private buildings if it so desired and may purchase after proper appraisal the whole or part of the property of the companies if in the future it decides to do so. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller;
President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

Department of Health—Appropriation for Increased Cost of Construction of Seton Falls Hospital, Borough of The Bronx (Cal. No. 53).

The Secretary presented two communications, dated October 17 and November 15, 1917, from the Commissioner of Health, requesting an additional appropriation to meet increased cost of construction of a hospital for contagious diseases at Seton Falls, Borough of The Bronx; and the following report of the Committee on Corporate Stock Budget recommending denial thereof:

November 24, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On October 17, 1917, the Commissioner of Health addressed a communication to your Board, requesting an additional appropriation of \$60,000, to meet the architect's estimate of increased cost for the construction of a hospital for contagious diseases at Seton Falls, in the Borough of The Bronx.

The Bureau of Contract Supervision, to which this request was referred, reports thereon as follows:

"The architects' preliminary plans were approved by the Comptroller on August 29, 1917. Prior to the approval of the preliminary plans the Commissioner of Health, in conference with the President, Borough of The Bronx, the Medical Consultant of the Board of Estimate and Apportionment and the Director of the Bureau of Contract Supervision, in April, 1917, agreed to defer

the commencement of construction until the cost of labor and materials were more favorable for the project.

"The sum of \$60,000 is now requested in order to conform to the architect's estimate of increased cost for the construction of the hospital in 1918.

"The main justification for approving additional funds and undertaking construction in the coming year would be some indication of the immediate or impending necessity for another hospital for contagious diseases in the Borough of The Bronx.

"The following table of census days of the more frequent and important contagious diseases at Riverside Hospital, in the Borough of The Bronx, shows that this hospital is only taxed to a relatively small fraction of its bed capacity by these diseases:

	Census Days.			
	1914.	1915.	1916.	9 Mos. 1917.
Diphtheria	9,498	16,471	18,901	13,500
Scarlet fever	8,943	19,495	8,704	5,581
Measles	9,706	6,676	3,244	4,107
Whooping cough	59	145	416	729
Chicken pox	13	14	307	383
German measles	17
Total	28,219	42,801	31,572	24,317
Poliomyelitis	49,342	..
Average daily census	77	117	222	89
Bed capacity	630	630

"Attention is also called to the fact that there are three new and unoccupied pavilions at Riverside Hospital with an aggregate capacity of approximately 240 beds. It is proposed, however, to devote two of these pavilions to tuberculosis and the remaining one to venereal diseases.

"A second table is presented to show the relative mortality from the more important contagious diseases in Manhattan, Brooklyn and The Bronx within and without the hospitals of the Department of Health. It will be noted the mortality in The Bronx is generally lower than in Manhattan and Brooklyn.

"Table of Mortality from Diphtheria, Measles, Scarlet Fever, Smallpox, Mumps, Chicken Pox, German Measles and Whooping Cough.

	1914.	1915.	1916.	Jan. to Oct. 1917.
	%	%	%	%
Willard Parker Hospital, Borough of Manhattan	16.4	12.1	15.3	13.3
Cases other than those treated at Willard Parker Hospital	2.8	2.6	2.3	2.2
Kingston Avenue Hospital, Borough of Brooklyn	11.1	10.8	12.4	12.3
Cases other than those treated at Kingston Avenue Hospital	2.5	2.1	2.1	1.9
Riverside Hospital, Borough of The Bronx	12.8	11.1	10.6	12.3
Cases other than those treated at Riverside Hospital	1.6	0.81	0.95	0.39

"In view of the facts it is recommended the construction of another hospital for contagious diseases in the Borough of The Bronx be deferred until there are more apparent indications of its urgency."

We recommend the adoption of the attached resolution denying the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn. I concur in foregoing recommendation in view of present high costs: DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

Dr. Haven Emerson, Commissioner of Health, appeared in support of the request. The President of the Borough of The Bronx moved that an additional appropriation of \$60,000 be granted.

Which motion failed of adoption, receiving the following vote:

Affirmative—The Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—5.

Negative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the President of the Borough of Richmond—10.

Present and Not Voting—The President of the Borough of Queens.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Commissioner of Health, dated October 17, 1917, for an additional appropriation of sixty thousand dollars (\$60,000), to meet the Architect's estimate of increased cost for the construction of a hospital building for contagious diseases at Seton Falls, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn and Richmond—12.

Negative—The Presidents of the Boroughs of Manhattan and The Bronx—3.

Present and Not Voting—The President of the Borough of Queens.

Department of Plant and Structures—Appropriation for the Completion of the Manhattan Plaza of the Manhattan Bridge (Cal. No. 54).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending an appropriation of \$2,625, pursuant to section 169 of the Greater New York Charter, for the completion of the Manhattan Plaza of the Manhattan Bridge under the jurisdiction of the Department of Plant and Structures.

Which was laid over one week (December 21, 1917) under Rule 19.

Bronx Parkway Commission—Appropriation for Improving Lands Acquired and to Be Acquired During 1917 (Cal. No. 55).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending that the sum of \$225,000 in 15-year serial bonds be authorized for the purpose of providing funds to improve the lands acquired and to be acquired during the year 1917, under the jurisdiction of the Bronx Parkway Commission.

Which was laid over one week (December 21, 1917) under Rule 19.

President, Borough of Brooklyn—Erection of Building for Place of Detention and Women's Court; Appropriation for (Cal. No. 56).

(On February 23, 1917 (Cal. No. 61), the above matter was referred to the Committee on Corporate Stock Budget.)

The Secretary presented a communication dated February 16, 1917, from the Secretary of the Brooklyn Bureau of Charities, urging the erection of a building for a Women's Court in Brooklyn; and the following report of the Committee on Corporate Stock Budget recommending denial thereof:

November 20, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On February 16, 1917, Mr. Louis H. Pink, Secretary, Brooklyn Bureau of Charities, addressed a communication to the Mayor in the matter of a request for \$60,000 to \$75,000 to provide for the erection of a Place of Detention and Women's Court in Brooklyn.

This communication and a pamphlet prepared by the Courts Committee of the Brooklyn Bureau of Charities were referred to the Bureau of Contract Supervision on February 26, 1917. Immediately following the receipt of the communication the

matter was taken up informally with the President, Borough of Brooklyn, and it was agreed that no immediate action was advisable.

We believe that the request should be denied at this time. Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Brooklyn Bureau of Charities dated February 16, 1917, that an appropriation of \$60,000 to \$75,000, be granted to provide for the erection of a place of Detention and Women's Court in Brooklyn, for the reason that immediate action is not advisable.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Committee on Salaries and Grades.

Department of Finance—Modification of Schedules (Cal. No. 57).

The Secretary presented a communication dated December 11, 1917, from the Deputy and Acting Comptroller, requesting modification of schedules for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 11, 1917, the COMPTROLLER requested modification of four salary schedules for 1917. The Bureau of Personal Service reports thereon as follows:

"Proposed Change—(1) In No. 76 it is proposed to change the line of Clerk at \$2,250 to read Clerk at \$2,350, reducing the Balance Unassigned by \$100.

"Reason Given—(1) To increase the salary of Miss Mary E. Brennan.

"Result of Investigation—(1) Miss Brennan, as Clerk to the Comptroller, performs services of a highly important character, making investigations for the Comptroller, handling considerable of the correspondence of his office without dictation and acting in general in a secretarial capacity. Miss Brennan has been doing this work for a number of years.

"Proposed Change—(2) In No. 84TS it is proposed to change the line of Clerk at \$2,250 to read Clerk at \$2,400, reducing the Balance Unassigned by \$150.

"Reason Given—(2) To increase the salary of Bernard H. Fee.

"Result of Investigation—(2) Mr. Fee is Chief Clerk of the Bureau of Assessments and Arrears, Queens. Besides acting in this capacity, he frequently acts as the Deputy Collector for that Borough. Mr. Fee has been doing this work for many years.

"Proposed Change—(3) In No. 86 it is proposed to eliminate a vacant position of Bookkeeper at \$1,200 and Clerk at \$1,050 and to add positions of Clerk at \$1,200 and Bookkeeper at \$840, scheduling \$210 in Balance Unassigned.

"Reason Given—(3) To provide appropriate civil service titles for the work to be performed.

"Result of Investigation—(3) The request is proper.

"Proposed Change—(4) To eliminate a vacant position of Bookkeeper at \$1,440 and to add a position of Clerk at \$1,320, scheduling \$120 in Balance Unassigned.

"Reason Given—(4) To provide the appropriate civil service title for the work to be performed.

"Result of Investigation—(4) The request is proper. The rate requested is the minimum of the grade."

Recommendation—In view of the above report, the Committee recommends that the request be approved by the adoption of the attached resolution.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approve of the schedules, as revised, for the Department of Finance for the year 1917, effective as of December 1, 1917, as follows:

Typewriter Accountant	900 00	The Secretary presented a communication dated December 4, 1917, from the	
Bank Messenger	1,200 00	Acting Corporation Counsel, requesting transfer of funds within appropriation made	
Bank Messenger	1,050 00	to the Law Department for 1917; and the following report of the Committee on	
Messenger, P. and A.	1,050 00	Salaries and Grades recommending approval thereof and modification of schedules:	
Messenger, 2 at \$1,050.....	2,100 00	December 11, 1917.	
Guard, 6 at \$1,050.....	6,300 00	To the Board of Estimate and Apportionment:	
Balance Unassigned	1,728 51	Gentlemen—On December 4, 1917, the ACTING CORPORATION COUNSEL	
Schedule Total	\$420,288 51	requested a transfer of \$2,100 from Code 120, Salaries, Regular Employees, to Code	
87 Accountancy—		128, Services of Experts for the year 1917. The Bureau of Personal Service reports	
Chief Accountant	\$6,000 00	as follows:	
Expert Accountant	3,000 00	“The purpose of the request is to provide money for the retention of the	
Expert Accountant	2,100 00	services of Martin J. Dwyer, M. D., as a Medical Expert and Advisor in certain	
Expert Accountant	1,800 00	litigations now being brought against the City. In the budget for the year 1917	
Expert Accountant	1,740 00		
Accountant	3,000 00		
Accountant, 3 at \$2,400.....	7,200 00		
Accountant	2,100 00		

the line Medical Consultant, at \$6,000 a year, was provided for. The Municipal Civil Service Commission determined that the position was properly in the competitive class. At the request of the Corporation Counsel an examination was held and an eligible list promulgated on August 23. Pending the result of this examination Dr. Dwyer was appointed to the position with the consent of the Municipal Civil Service Commission. Dr. Dwyer is not on the eligible list but is familiar with the details of the cases now pending in the office of the Corporation Counsel. It is deemed wise to continue his services as Medical Expert for the remainder of the year 1917 and not to make a permanent appointment to the position of Medical Consultant until after January 1, 1918. The position of Medical Consultant at \$6,000 a year has been provided in the 1918 budget."

Recommendation—The Committee on Salaries and Grades submits the attached resolution, which, if adopted, will grant the request for the transfer of \$2,100 to provide the necessary funds for the retention of Dr. Dwyer for the remainder of the year 1917. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Law Department for the year 1917, as follows:

FROM	
<i>Personal Service.</i>	
120 Salaries, Regular Employees (Tax Levy Force).....	\$2,100 00
TO	
<i>FEES AND COMMISSIONS.</i>	
128 Services of Medical Experts	\$2,100 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Transfer of Appropriation and Modification of Schedules (Cal. No. 60).

The Secretary presented communications dated November 14 and 28, 1917, from the Board of Education, requesting transfer of funds within appropriation for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof and modification of schedule:

December 8, 1917.

To the Board of Estimate and Apportionment:
Gentlemen—On November 14 and 28, 1917, the Board of Education requested transfer of funds within appropriations for the year 1917, the former being an amendment to two requests for transfer dated March 28 and June 27, 1917. The Secretary of the Committee on Education reports thereon as follows:

"The requests of November 14 and 28, 1917, call for transfers in the amount of \$2,496.50 and \$45.20, respectively, from Account No. 850, General School Fund, to Account No. 866, Wages, Regular Employees, Tax Levy Force, being the amount (\$2,541.70) required to defray the cost of increased per diem rates of compensation granted to certain employees in accordance with resolutions adopted by the Board of Estimate and Apportionment and concurred in by the Board of Aldermen.

"The following table shows the class of employees to receive the increased rates, together with the dates when they are to become effective:

Title.	Number of Incumbents.	Existing Per Diem Rate.	Increased Per Diem Rate Effective Jan. 1, 1917.	Increased Per Diem Rate Effective Apr. 1, 1917.
Painter	2	\$4 00	\$5 00
Machinist	2	4 50	5 00
Electrician	2	4 80	5 00	\$5 20
Batterymen	2	4 80	5 00	5 20
Lineman	1	4 80	5 00	5 20
Wireman	10	4 80	5 00	5 20
Steamfitter's Helper	6	3 00	3 20

"In connection with the proposed increases to batterymen, linemen and wiremen, employed in the Department of Education, it is stated by the Superintendent of Buildings that they all perform work that is identical with that of an electrician and they should receive the same compensation.

"The proposed increases are proper."

In view of the above report, the Committee recommends the adoption of the attached resolutions approving the transfer of funds and modifying Account No. 866. Respectfully,

WM. A. PRFENDERGAST, Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the Department of Education for the year 1917, as follows:

FROM	
850 General School Fund	\$2,541 70

TO
Personal Service, Wages, Regular Employees, Maintenance, Repairing.

866 Tax Levy Force	2,541 70
--------------------------	----------

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised for the Department of Education for 1917, to be effective as of January 1, 1917, as follows:

<i>Personal Service, Wages, Regular Employees, Maintenance, Repairing.</i>	
866 Tax Levy Force—	
Plumber, 1 at \$5.50 per day (277 days).....	\$1,523 50
Electrician, 2 at \$5 per day (277 days).....	2,770 00
Machinist, 1 at \$5 per day (278 days).....	1,390 00
Machinist, 1 at \$5 per day (277 days).....	1,385 00
Batterymen, 2 at \$5 per day (277 days).....	2,770 00
Lineman, 1 at \$5 per day (277 days).....	1,385 00
Thermostat Repairer, 8 at \$5.50 per day (277 days).....	12,188 00
Steamfitter, 4 at \$5.50 per day (277 days).....	6,094 00
Roofer, 1 at \$5 per day (277 days).....	1,385 00
Driver, 1 at \$3 per day (277 days).....	831 00
Wireman, 10 at \$5 per day (277 days).....	13,850 00
Steamfitter's Helper, 6 at \$3 per day (277 days).....	4,986 00
Tinner, 1 at \$5 per day (277 days).....	1,383 00
Gasfitter, 1 at \$5.50 per day (277 days).....	1,523 50
Painter, 2 at \$5 per day (277 days).....	2,770 00
Carpenter, 5 at \$5 per day (277 days).....	6,925 00
Laborer, 1 at \$2.50 per day (277 days).....	692 50
Upholsterer, 1 at \$4.50 per day (277 days).....	1,246 50
Clock Repairer, 2 at \$4.50 per day (277 days).....	2,493 00

\$67,593 00

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.
Negative—The President of the Borough of The Bronx—1.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the Department of Education for the year 1917, to be effective as of April 1, 1917, as follows:

Personal Service, Wages, Regular Employees, Maintenance, Repairing.	
866 Tax Levy Force—	
Plumber, 1 at \$5.50 per day (277 days).....	\$1,523 50

Upholsterer, 1 at \$4.50 per day (277 days).....	1,246 50
Clock Repairer, 2 at \$4.50 per day (277 days).....	2,493 00
Schedule Total	\$68,756 40

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.
Negative—The President of the Borough of The Bronx—1.

College of The City of New York—Transfer of Appropriation and Modification of Schedules (Cal. No. 61).

The Secretary presented five communications, dated June 1, October 9, 17, November 2 and 27, 1917, from the Curator, College of The City of New York, requesting transfer of appropriation; and the following report of the Committee on Salaries and Grades relative thereto:

December 3, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 1, October 9, 17, November 2, 1917, as amended on November 27, 1917, the College of the City of New York requested modification of wage schedule No. 1029 for 1917, involving a cash transfer of \$470.20, which amount was amended by telephone to read \$484.30. The Secretary of the Committee on Education reports thereon as follows:

"Purpose (1) To change the line Mechanician, 2 at \$4.50 per day, to read Mechanician, 2 at \$5 per day, to be effective as of January 1, 1917.

"(2) To change the line Steamfitter's Helper at \$3 per day, to read Steamfitter's Helper at \$3.20 per day to be effective as of April 1, 1917, and at \$3.40 per day, to be effective as of July 1, 1917.

"(3) To change the lines Plumber at \$5.50 per day, Steamfitter at \$5.50 per day to read Plumber at \$6 per day and Steamfitter at \$6 per day, to be effective as of July 1, 1917.

"Reason—(1), (2), (3) To provide for the payment of increases in wages to these employees to take effect on the several dates stated above in accordance with resolutions approved by your Board, and concurred in by the Board of Aldermen.

"Finding—The request for the increased rates is proper. In order to make these increases the sum of \$484.30 will be required which the College requests to be transferred from Code 1025, Salaries Regular Employees, Teaching Corps. Unanimous consent of your Board is required to effect this request as it involves a transfer from a salary to a wage appropriation. This request, if approved, will obviate the necessity of issuing special revenue bonds for this purpose and enable the department to keep within the 1917 appropriation."

Recommendation—In view of the foregoing report, the Committee recommends that the request be granted by the adoption of the attached resolutions.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the College of The City of New York for the year 1917, as follows:

FROM	
Personal Service, Salaries, Regular Employees, Instruction.	
1025 Teaching Corps	\$484 30

TO	
Personal Service, Wages, Regular Employees.	
1029 Care of Plant and Equipment	\$484 30

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.
Negative—The President of the Borough of The Bronx—1.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the College of The City of New York for the year 1917, as follows:

Personal Service, Wages, Regular Employees.	
1029 Care of Plant and Equipment—	
Stationary Engineer, 2 at \$4.50 per day (365 days).....	\$3,285 00
Plumber, at \$5.50 per day (277 days).....	1,523 50
Plumber's Helper, 1 at \$3 per day (277 days).....	831 00
Steamfitter, at \$5.50 per day (277 days).....	1,523 50
Steamfitter's Helper, 1 at \$3.20 per day (277 days), effective April 1, 1917	886 40
Oiler, 3 at \$3 per day (365 days).....	3,285 00
Stoker or Licensed Fireman, 4 at \$3 per day (365 days).....	4,380 00
Coal Passer, 3 at \$2.50 per day (365 days).....	2,737 50
Carpenter, 1 at \$5.50 per day (277 days).....	1,523 50
Laborer, 2 at \$2.50 per day (313 days).....	1,565 00
Cleaner, 3 at \$2 per day (313 days).....	1,878 00
Mechanician, 2 at \$5 per day (277 days), effective January 1, 1917.	2,770 00
Electrician's Helper, 1 at \$3 per day (277 days).....	831 00
Schedule Total	\$27,019 40

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.
Negative—The President of the Borough of The Bronx—1.

The following resolution was offered:

Schedule Total	\$27,351 80

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.
Negative—The President of the Borough of The Bronx—1.

Fund for Salary and Wage Accruals; Department of Parks, Borough of Brooklyn—Transfer of Appropriation and Modification of Schedule (Cal. No. 62).

The Secretary presented a communication dated November 28, 1917, from the Commissioner of Parks, Borough of Brooklyn, requesting transfer from Fund for Salary and Wage Accruals for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof, and the modification of schedules:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 28, 1917, the DEPARTMENT OF PARKS, BROOKLYN, requested modification of schedule 1281 for 1917. The Bureau of Personal Service reports thereon as follows:

"Purpose—To increase the line 'Laborer at \$2.50 per day' by 960 days, transferring an amount of \$2,400 from schedule 3039 for this purpose.

"Reason—A deficit exists in this line, in explanation of which the Commissioner states as follows:

"We now have 230 Laborers working, as against 275 in mid-winter last year, which hitherto has been the lowest number on record. To get along without the \$2,400 would deprive us of one-third of the sum which we have been relying upon to work out our present schedule. In other words, even on the four or five-day basis, it would mean laying off immediately one-third of the force or more than 75 men. Aside from the very serious effect in the future on the park organization, this would leave us without sufficient men to actually protect our properties at present and keep them in reasonable condition. The same would be the case if the men were reduced to a two day per week basis, and, in addition, that would create a cruel situation with the cost of living at its present level."

"This deficit is also due to the fact that Laborers were employed on work incidental to back-yard and community farm plots, which activity was brought about owing to war conditions. Also an unusual number of park celebrations occurred during the year. On both of these activities Laborers were employed and the amount of time required could not be estimated at the time of the preparation of the 1917 Budget.

"Finding—In view of the statement set forth above, the request appears to be necessary."

The attached resolutions, one of which requires a unanimous vote, if adopted by this Board, will grant the request. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter and in accordance with the terms and conditions of resolution 2-F of the 1917 Budget, approves of the transfer of funds, as follows:

FROM	
MISCELLANEOUS.	
3039 Fund for Salary and Wage Accruals from Schedule-supported Appropriations to be Expended as Provided in the Budget Resolutions Herewith	\$2,400 00

TO	
DEPARTMENT OF PARKS, BROOKLYN.	
Personal Service, Wages Temporary Employees.	
1281 Operation and Current Maintenance of Park Properties, including Minor Additions and Alterations.....	\$2,400 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Parks, Borough of Brooklyn, for the year 1917, as follows:

Wages Temporary Employees.	
1281 Operation and Current Maintenance of Park Properties, Including Minor Additions and Alterations—	
Bricklayer, at \$6 per day (100 days).....	\$600 00
Plumber, at \$5.50 per day (685+ days).....	3,767 62
Plumber, at \$6 per day (137+ days).....	823 38
Housesmith, at \$5.50 per day (1687-11 days).....	927 50
Housesmith, at \$5.80 per day (40 days).....	232 00
Carpenter, at \$5 per day (1,731 days).....	8,655 00
Mason, at \$5 per day (540 days).....	2,700 00
Tinsmith, at \$5 per day (250 days).....	1,250 00
Electrician, at \$5 per day (68½ days).....	342 50

Toolman, at \$4 per day (300 days).....	1,200 00
Climber and Pruner, at \$2.75 per day (3,400 days).....	9,350 00
Climber and Pruner, at \$2.60 per day (850 days).....	2,210 00
Climber and Pruner, at \$2.50 per day (4,000 days).....	10,000 00
Gardener, at \$2.75 per day (6,420 days).....	17,655 00
Laborer, at \$3 per day (1,689½ days).....	5,068 00
Laborer, at \$2.50 per day (71,052½ days).....	177,631 25
Driver, at \$2.50 per day (6,965 days).....	17,412 50
Attendant, at \$2 per day (13,047 days).....	26,094 00
Cleaner, at \$2 per day (663 days).....	1,326 00
Schedule Total	\$315,068 55

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fund for Salary and Wage Accruals; Department of Parks, Borough of Brooklyn—Transfer of Appropriation (Cal. No. 63).

The Secretary presented a communication dated November 5, 1917 from the Commissioner of Parks, Borough of Brooklyn, requesting transfer of funds within appropriation for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof and modification of schedule:

December 5, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 5, 1917, the DEPARTMENT OF PARKS, BROOKLYN, requested modification of Schedule 1281 for 1917. The Bureau of Personal Service reports thereon as follows:

"Purpose—To transfer \$207.50 from Schedule 3039 to provide for the increased rate for Plumbers from \$5.50 to \$6 per diem.

"Reason—On October 19, 1917, your Board increased the rate for Plumbers, effective as of July 1, 1917. This transfer of funds will enable the department to comply with the resolution.

"Finding—The request is proper and necessary."

Recommendation—In view of the above report the Committee recommends that the request be approved by the adoption of the attached resolutions, one of which will require unanimous vote of the Board.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller, FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, and in accordance with the terms and conditions of Resolution 2F of the 1917 Budget, approves of the transfer of funds as follows:

3039 Fund for Salary and Wage Accruals from Schedule-Supported Appropriations to be Expended as Provided in the Budget Resolutions Herewith	FROM	\$207 50
---	------	----------

1281 Operation and Current Maintenance of Park Properties, Including Minor Additions and Alterations	TO	\$207 50
DEPARTMENT OF PARKS, BROOKLYN. Personal Service, Wages Temporary Employees.		

Which failed of adoption, receiving the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

The terms and conditions governing the administration of the Budget for the year 1917 require a unanimous vote for the adoption of a resolution of this character.

Police Department—Modification of Schedule (Cal. No. 64).

The Secretary presented a communication dated December 3, 1917, from the Police Commissioner, requesting modification of schedule for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 3, 1917, the POLICE COMMISSIONER requested modification of salary schedule No. 1601 for 1917. The Bureau of Personal Service reports thereon as follows:

"Proposed Change—To eliminate a vacant position of Bookkeeper at \$1,320 and to add a position of Clerk at \$1,320.

"Reason Given—To permit of the promotion of Clerk Michael J. Drinane from \$960 to \$1,320 to fill the vacancy caused by the resignation of the Bookkeeper.

"Result of Investigation—The request is proper. The Commissioner states that effort to obtain an employee under the title of bookkeeper has been made without avail. Since the resignation of the bookkeeper Mr. Drinane has been performing the duties, and, as he has rendered satisfactory service, it is desired to promote him to the minimum of the grade, which is \$1,320 per annum."

Recommendation—In view of the above report, the Committee recommends that the request be approved. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Police Department for 1917, as follows:

Personal Service, Salaries, Regular Employees.

Balance unassigned	241 00

Schedule Total \$134,341 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Modification of Schedule (Cal. No. 65).

The Secretary presented a communication, dated November 27, 1917, from the Fire Commissioner, requesting modification of schedule for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 4, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1917, the FIRE COMMISSIONER requested modification of salary schedule No. 1650 for 1917. The Bureau of Personal Service reports thereon as follows:

"Proposed Change—To eliminate a vacant position of Inspector at \$1,260 and to add a position of Law Clerk at \$1,140, scheduling \$120 in Balance Unassigned.

"Reason Given—To provide the proper civil service title for the work to be performed.

"Result of Investigation—The duties of the position are mainly clerical and require some knowledge of legal procedure. The work heretofore has been performed by an Inspector. An employee with some legal knowledge would be of more value to the department."

Recommendation—In view of the above report, the Committee recommends that the request be approved by the adoption of the attached resolution. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Fire Department for 1917, as follows:

Personal Service, Salaries Regular Employees.

1650 Inspection—	
Inspector of Combustibles	\$3,300 00
Assistant Inspector of Combustibles	2,500 00

Assistant Engineer, 3 at \$1,740	5,220 00
Law Clerk	1,140 00
Balance Unassigned	289 00

Schedule Total \$156,809 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Modification of Schedule (Cal. No. 66).

The Secretary presented a communication dated November 28, 1917, from the Fire Commissioner, requesting modification of schedule for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 5, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 28, 1917, the FIRE COMMISSIONER requested modification of Code No. 1658TC for the year 1917. The Bureau of Personal Service reports thereon as follows:

"Proposed Change—(1) To drop a vacant position of Batteryman's Assistant at \$1,000 and add a position of Telephone Operator at \$660, scheduling \$340 in Balance Unassigned.

"Reason Given—(1) In order to appoint a Telephone Operator to perform telephone duties formerly rendered by the Batteryman's Assistant.

"Result of Investigation—(1) The request is proper. The 1918 Budget schedule provides for this change."

Recommendation—In view of the above report, the Committee recommends the adoption of the attached resolution modifying the schedule as requested. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Fire Department for the year 1917, from December 1, 1917, as follows:

Personal Service, Salaries Regular Employees, Alarm Service.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Public Charities—Transfer of Appropriation and Modification of Schedules (Cal. No. 67).

The Secretary presented a communication dated December 6, 1917, from the Commissioner of Public Charities, requesting transfer of funds within appropriation for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof and modification of schedules:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1917, the DEPARTMENT OF PUBLIC CHARITIES requested modification of Codes 1909 and 1914 for 1917. The Bureau of Personal Service reports thereon as follows:

"Proposed Change—(1) To reduce the number of months allowed in various lines in Code 1909, Children's Clearing Bureau, Social Investigation and District Offices, at a saving of \$4,000.

"(2) To increase the line, Trained Nurse, Pupil Nurse, Attendants, Overseers, Matrons and Hospital Helpers, from \$19,620 to \$23,620.

"Reason Given—(1 and 2) The modification outlined in number 1 is to secure funds for the Proposed Change number 2. On account of the small salaries paid in some of the regular codes, it was necessary to employ help at higher salaries and charge them to temporary codes. As the accruals were taken away from the regular codes, the above transfer is necessary to replenish the temporary codes.

"Result of Investigation—The \$4,000 transfer requested will be needed to make up a deficit of \$1,600 to meet the November payrolls and an estimate of \$2,400 needed for the December payrolls of the New York City Children's Hospitals and Schools."

Recommendation—In view of the facts set forth above, we recommend that the request be granted by the adoption of the attached resolutions modifying the schedules and transferring the funds. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated in the Budget for 1917, for the Department of Public Charities, as follows:

FROM
Personal Service, Salaries Temporary Employees.
1909 Social Investigation \$4,000 00

TO
Personal Service, Salaries Temporary Employees.
1914 Randall's Island \$4,000 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Department of Public Charities for the year 1917, as follows:

1909 Social Investigation—	
Children's Clearing Bureau—	
Superintendent of Nurses, 6 months, at \$1,800, with maintenance	\$900 00
Stenographer, 6 months, at \$720.....	360 00

Social Investigator at \$1,080 (53 months)..... 4,770 00

Total \$6,360 00

Schedule Total \$44,011 00

1914 Randall's Island—

Nursing Care—
Trained Nurse, Pupil Nurse, Attendants, Overseers, Matrons,
Hospital Helpers \$23,620 00

Other Than Nursing Care—
Hospital Helper (maximum salary rate, \$360 per annum)..... 2,070 00

Schedule Total \$25,690 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Street Cleaning—Transfer of Appropriation and Modification of Schedules (Cal. No. 68).

The Secretary presented a communication dated December 7, 1917, from the Commissioner of Street Cleaning, requesting transfer of funds within appropriation and modification of schedules for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 7, 1917, the Commissioner of Street Cleaning requested modification of several salary and wage schedules, also of two other than Personal Service schedules for his Department for the year 1917. The Bureau of Personal Service and Contract Supervision report thereon as follows:

"Proposed Change—(1) To transfer \$25,583.41 from sixteen personal service accounts within the departmental appropriation and \$172,457.98 from Codes Nos. 3016 and 3017, Debt Service, to six personal service accounts.

"Reason Given—(1) To provide for the payment of salaries and wages of the uniformed force of this department from December 15 to the end of the year.

"Result of Investigation—(1) At four different periods during the year this Board increased the salaries and wages of the regular and temporary laboring forces of the uniformed force of the Department of Street Cleaning without providing additional funds to meet these increases. Authority, however, was given by your Board to the Commissioner of Street Cleaning to utilize the funds provided for the uniformed force, in order to meet these increased rates. It was estimated that this would cause a deficit of approximately \$420,000 within the accounts. On November 9, 1917, the Board passed a resolution transferring \$188,514.51 from Code No. 3017, Debt Service, to four of the debit accounts, which provided for the payment of the salaries and wages of this force up to December 15. The requested additional transfer of \$198,041.39, which is \$33,666.10 less than the estimated deficit, will be necessary to carry this force at the increased rates to the end of the year.

"Proposed Change—(2) To transfer \$305.56 from Code 2345, Vacations, to Salaries, Regular Employees, General Administration, 2327, Medical and Surgical Service.

"Reason Given—(2) To continue the services of a Veterinarian at \$1,500 per annum from September 30 to the end of the year.

"Result of Investigation—(2) On account of delay in the motorization of the 9th and 11th Districts, Manhattan, it will be necessary to continue the present horse-drawn system of collections in these two districts for the remainder of the year. The continuation of the services of the Veterinarian will therefore be necessary.

"Proposed Change—(3) To transfer \$13,750 from Code 2345, Vacations, to Contract or Open Order Service, Transportation, 2375, Hire of Horses, Vehicles or Motor Trucks with Drivers, \$8,660, and to 2377, Hire of Horses and Vehicles without Drivers, \$5,090.

"Reason Given—(3) To provide funds for the hiring of extra horses and horses and carts with drivers. The funds allowed in the budget for these purposes are now exhausted.

"Result of Investigation—(3) The department has experienced great difficulty in securing the services of drivers, due chiefly to labor conditions. At the present time there are about 500 emergency drivers employed. These men are not as competent to perform the required work as are the regular drivers, and on this account the department has been forced to hire extra horses and carts with drivers to keep up with its daily collections. The delayed delivery of motor vehicles in the 9th and 11th Districts, Manhattan, and the motor collection and flushing vehicles in the Boroughs of Brooklyn and The Bronx has caused the Department to hire extra horses in order to replace these proposed motor-drawn systems by the present horse-drawn system. In view of the installation of these proposed motor systems the Department requested a lesser number of new horses for this year than it would have requested otherwise. The amounts to be transferred to these accounts are reasonable and necessary."

Recommendation—In view of the above report, the Committee recommends that the request be granted by the adoption of the attached resolution, one of which requires unanimous vote of the Board. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

FROM
DEPARTMENT OF STREET CLEANING.

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—15.
Present and Not Voting—The President of the Borough of The Bronx.

Department of Plant and Structures—Transfer of Appropriation and Modification of Schedules (Cal. No. 69).

The Secretary presented a communication, dated November 23, 1917, from the Commissioner of Plant and Structures, requesting transfer of funds within appropriation for 1917 and modification of schedules; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 23, 1917, the COMMISSIONER OF PLANT AND STRUCTURES requested modification of Codes Nos. 2759TR and 2760TBR for 1917. The Bureau of Personal Service reports thereon as follows:

"Proposed Change—(1) In Code 2759TR to change the line Stoker, at \$3 per day, 100 days, to read 116 days.

"(2) In Code 2760TBR to add the line Laborer, at \$3.20 per day, 10 days, and Laborer, at \$2.80 per day, 16 days.

"Reason Given—(1) The Department states the allowance in this line is insufficient.

"(2) To provide time for anticipated snow removal for the balance of the year 1917.

Result of Investigation—(1) The allowance in temporary time of 100 days for Stoker is found to be insufficient for the needs of the Department and the additional 16 days is necessary to make proper provision for this class of employment for the balance of the year.

"(2) The Department of Street Cleaning is arranging for the payment of Laborers employed on snow removal work at rates of \$3.20 and \$2.80 per day of 8 hours. The Department of Plant and Structures must make some provision for probable snow removal (work) and therefore asks that a small allowance at these rates be made for the balance of this year. The requested allowance of 26 days is an estimate and it may prove to be adequate or inadequate as the conditions develop. No increase in appropriations is necessary to provide for the purposes of this request as the necessary funds are found by reducing the line Wireman, Electrician or Inspector of Electric Lighting and Conductors, at \$4.80 per day, 100 days, to 74 days. This line is in Code 2760TBR and the necessary transfer of funds is provided for in the request."

Recommendation—In view of the above report the Committee recommends the adoption of the attached resolutions granting the request. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Department of Plant and Structures for the year 1917 as follows:

FROM	
2760TBR	Wages, Temporary Employees, Care of Bridges.
Tax Levy, Bridge Revenue and Special Revenue Bond Fund	
Force	\$48 00

TO	
2759TR	Wages, Temporary Employees.
Operation, Tax Levy and Special Revenue Bond Fund Force...	\$48 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller; the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedules, as revised, for the year 1917, for the Department of Plant and Structures, as follows:

Schedule Total			\$61,168 32
Tax Levy Allowance			\$27,305 00
Bridge Revenue			22,000 00
Special Revenue Bond Allowance			11,863 32
Total Allowance			\$61,168 32

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller; the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fund for Salary and Wage Accruals; Department of Docks and Ferries—Transfer of Appropriation (Cal. No. 70).

The Secretary presented a communication, dated November 9, 1917, from the Acting Commissioner of Docks, requesting transfer of funds within appropriation and modification of schedules for 1917; and the following report of the Committee on Salaries and Grades recommending approval thereof:

December 4, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 9 and 27, 1917, the ACTING COMMISSIONER OF DOCKS requested modification of Codes No. 2819 and No. 2822 for the year 1917, involving a transfer of \$671.53 from City Accrual Fund. The Bureau of Personal Service reports thereon as follows:

"Purpose—(1) To increase the wages of Pipefitter from \$5.50 to \$6 per day, and Pipefitter's Helper from \$3.20 to \$3.40 per day, to be effective as of July 1, 1917.

"(2) To increase the allowance for Ship Carpenter at \$4 per day by 15 days and reduce the allowance for Laborer at \$2.50 per day by 24 days.

"Reason (1) To provide funds for the increase of wages in accordance with action of this Board and the Board of Aldermen.

"(2) To provide funds for necessary repair to the municipal ferryboats.

"Finding—The request is proper and reasonable. As there are no available funds in the Department, it will be necessary to transfer \$671.53 from the City Accrual Fund."

Recommendation—In view of the above report, the Committee recommends that the request be granted by the adoption of the attached resolution. Respectfully,
ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

FROM
MISCELLANEOUS.
3039 City Fund for Salary and Wage Accruals from schedule-supported appropriations to be expended as provided in the budget resolutions herewith \$671 53

TO
DEPARTMENT OF DOCKS AND FERRIES.
Personal Service, Wages Temporary Employees.
2819 General Maintenance, Repairing \$178 43
2822 Ferries, Maintenance 493 10

Total \$671 53

Which failed of adoption, receiving the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

The terms and conditions governing the administration of the Budget for the year 1917 require a unanimous vote for the adoption of a resolution of this character.

Department of Public Markets—Transfer of Appropriation and Modification of Schedules (Cal. No. 71).

The Secretary presented a report of Committee on Salaries and Grades recommending approval of the request of the Department of Public Markets for modification of schedules and transfer of funds for 1917.

Which was laid over one week (December 21, 1917).

From the Department of Finance.

Fund for Salary and Wage Accruals; Commissioners of the Sinking Fund—Transfer of Appropriation (Cal. No. 72).

The Secretary presented a report of the Deputy and Acting Comptroller recommending the transfer of \$900 from City Fund for Salary and Wage Accruals to the Contingent Account of the Commissioners of the Sinking Fund for 1917.

Which was laid over one week (December 21, 1917).

Board of Estimate and Apportionment; Contingencies—Statement of Receipts and Expenditures of the Committees Appointed by His Honor the Mayor to Welcome and Entertain Foreign Envoys (Cal. No. 73).

The Secretary presented the following report of the Deputy and Acting Comptroller, which was ordered printed in the Minutes and filed:

December 8, 1917.

The Board of Estimate and Apportionment, The City of New York:

Gentlemen—Now that all of the bills for expenses incurred by the Committees of Citizens appointed by the Mayor to honor and welcome the commissions from the foreign countries allied with the United States in the war have been received, I submit below a statement showing the receipts and expenditures of each of the committees as follows:

Statement of Receipts and Expenditures of the Committees Appointed by the Mayor to Honor and Welcome the Foreign Envoys.

Funds for Salary and Wage Accruals; City Chamberlain; Art Commission; Board of Child Welfare; Court of Special Sessions; Board of Coroners, Borough of Richmond; Sheriff, Richmond County; Sheriff, New York County; Supreme Court, Second Department, Kings County—Transfers of Appropriations (Cal. No. 74).

The Secretary presented seven communications dated November 27, 30, December 3, 4 and 7, 1917, from the Deputy City Chamberlain; Court of Special Sessions, Children's Court; Board of Coroners, Borough of Richmond; Sheriff, Richmond County; Art Commission; Supreme Court, Second Department, and Sheriff, New York County, requesting transfers of appropriations for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—The following requests have been received for transfer of funds within appropriations for the year 1917:

November 27, 1917	City Chamberlain	\$180 00
November 30, 1917	Court of Special Sessions, Children's Court	182 50
December 3, 1917	Board of Coroners, Richmond	25 00
December 7, 1917	Art Commission	45 50
December 7, 1917	Supreme Court, Second Department	40 00
December 7, 1917	Sheriff, New York County	271 00
December 7, 1917	Sheriff, Richmond County	100 00

The Bureau of Contract Supervision reports thereon as follows:

"City Chamberlain.

"Nine totalizers used in making the daily trial balance are in need of repair, the cost of which will be \$103.50. It is proposed to purchase one totalizer for the sum of \$76.50, to be used in making statements to the Secretary of State. The requested funds are necessary and may be procured from available balances within the accounts of this office.

"Court of Special Sessions, Children's Court.

"Recently your Board allowed five additional Probation Officers for this court.

"The sum of \$182.50 is to be transferred from the Board of Child Welfare to purchase five new desks and chairs in order to utilize effectively the services of the new officers.

"There is no equipment available for this purpose as this is a comparatively new office and has no excess furniture.

"Board of Coroners, Richmond.

"The sum of \$25 is to be transferred from Board of Child Welfare to the appropriation for carfare for the year 1917, which has proven insufficient to that extent.

"Art Commission.

"It is necessary to transfer the sum of \$45.50 within appropriations to this office to provide funds in the proper accounts to meet invoices for small equipment, \$19.50, and for contingencies, \$26.

"Supreme Court, Second Department, Kings County.

"The transfer of \$40 from the Kings County Accrual Fund is necessary to provide for contingencies for the balance of the year.

"Sheriff, New York County.

"The sum of \$1,648, transferred to this office by your Board on June 15, 1917, to provide for repairs to Ludlow Street Jail, has proven insufficient, as the lowest bids received exceed the estimated cost by the sum of \$271.

"As the excess is caused by the increase in cost of labor and materials, and the work is urgent, the necessary sum may be obtained from the New York County Accrual Fund.

"Sheriff, Richmond County.

"It is proposed to immediately equip the automobile van with a cover, in order to protect prisoners from the inclemency of the winter weather.

"The necessary sum of \$100 may be procured from the Richmond County Accrual Fund."

I recommend the adoption of the attached resolution granting the requests, which action requires the unanimous vote of the Board. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the

provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the year 1917, as follows

FROM

CITY CHAMBERLAIN.

Hunter College of The City of New York—Transfer of Appropriation (Cal. No. 75).

The Secretary presented a resolution adopted November 15, 1917, by the Hunter College of The City of New York, requesting transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 15, 1917, the Board of Trustees of Hunter College of the City of New York requested transfer of funds within accounts for the year 1917, as follows:

FROM

Supplies.

1066	Educational and Recreational Supplies	\$250 00
------	---------------------------------------	----------

Purchase of Equipment.		
1069 Educational and Recreational Equipment	1,200 00	
1070 General Plant Equipment	400 00	
	<u>\$1,850 00</u>	
to		
Supplies.		
1062 Fuel Supplies	\$400 00	
Contract or Open Order Service.		
1071 General Repairs	1,450 00	
	<u>\$1,850 00</u>	

In regard to the request for a transfer, the Secretary of the Committee on Education reports as follows:

"The transfer to Code 1062, Fuel Supplies, is needed to provide for an additional supply of about fifty tons of coal for the remainder of the year. There is now on hand only about twelve tons. The present shortage in the appropriation for fuel is due primarily to the inferior quality of the coal which has been obtainable during the current year.

"The transfer to Code 1071, General Repairs, is mainly to provide funds to pay for alterations and repairs made in the buildings in order to provide additional laboratories for chemistry and bacteriological work. This work was started after the 1917 budget had been prepared in order to provide the necessary facilities to meet the demand for courses in subjects in which women wanted to be instructed, so that they could fill vacancies in commercial houses, due to the enlistment of men for war service. The work required a considerable expenditure for plumbing, electrical work, carpentry and painting. Other items for which funds are needed consist of minor repairs to locks and windows, and the purchase of the necessary lines and pulleys to handle the stage scenery used in connection with plays given by students at the college. The work has all been done and the bills unpaid amount to \$1,446.07 as against a requested transfer of \$1,450.

"The accounts which it is proposed to debit appear as follows on the books of the Department of Finance:

Supplies.		
1066 Educational and Recreational Supplies—		
Appropriation as modified	\$6,144 00	
Expenditures	4,293 44	
Balance	<u>\$1,850 56</u>	
Proposed transfer	250 00	
Purchase of Equipment.		
1069 Educational and Recreational Equipment—		
Appropriation as modified	\$13,736 99	
Expenditures	8,380 05	
Balance	<u>\$5,356 94</u>	
Proposed transfer	1,200 00	

1070 General Plant Equipment—		
Appropriation as modified	\$1,886 00	
Expenditures	1,186 11	
Balance	<u>\$699 89</u>	
Proposed transfer	400 00	

"From the foregoing it will be seen that there is a sufficient balance in each of the accounts to be debited to permit of the proposed transfer being made.

"The accounts to which a transfer of funds is requested appear as follows on the books of the Department of Finance:

Supplies.		
1062 Fuel Supplies—		
Appropriation as modified	\$3,263 00	
Expenditures	2,363 00	
Unexpended balance	<u>\$900 00</u>	
On December 3, 1917, a bill of Jurgen, Rathgen Co. of Long Island City, dated October 5, 1917, for coal delivered to Hunter College on September 24 and October 2 and 3, 1917, was transmitted to the Comptroller		
	899 00	
Unencumbered balance	<u>\$1 00</u>	
Proposed transfer	400 00	
Contract or Open Order Service.		
1071 General Repairs—		
Appropriation as modified	\$4,676 01	
Expenditures	3,091 74	
Unexpended balance	<u>\$1,584 27</u>	
Orders registered by auditor of Hunter College	1,656 63	
Deficit, per books of auditor of Hunter College	<u>\$71 36</u>	
Orders issued, not included in those registered, for which invoices have been received	1,374 71	
Total deficit	<u>\$1,446 07</u>	
Proposed transfer	1,450 00	

In view of the foregoing facts, I recommend the adoption of the attached resolution granting the transfer. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to Hunter College for the year 1917 as follows:

FROM		
Supplies.		
1066 Educational and Recreational Supplies	\$250 00	
Purchase of Equipment.		
1069 Educational and Recreational Equipment	1,200 00	
1070 General Plant Equipment	400 00	
	<u>\$1,850 00</u>	
TO		
Supplies.		
1062 Fuel Supplies	\$400 00	
Contract or Open Order Service.		
1071 General Repairs	1,450 00	
	<u>\$1,850 00</u>	

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Boroughs of Manhattan and Richmond—Transfer of Appropriation (Cal. No. 76).

The Secretary presented a communication, dated December 4, 1917, from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller relative thereto:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 4, 1917, the Commissioner of Parks, Boroughs of Man-

hattan and Richmond, requested the transfer of \$750 from Code 1134, Motor Vehicle Supplies, to Code 1156, Other Materials, within appropriations to his department for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on December 5, 1917, reports thereon as follows:

"On August 14, 1917, the Commissioner requested transfer to each of these accounts from the City Fund for Salary and Wage Accruals.

"On October 5, 1917, the Board transferred \$1,000 from accruals to Code 1134, the account out of which it is now proposed to transfer \$750. The amount of this transfer was based on probable needs for the remainder of the year as shown by experience during the same period for 1916. The Commissioner states that there is now an excess of \$750 in Code 1134 due to the fact that a gasoline contract for about this sum was charged to the account for General Plant Supplies instead of Motor Vehicle Supplies, as was anticipated when the transfer was made.

"A transfer of \$4,000 was made on the same date as above to Code 1146, Other Materials. This amount was based partly on supported items and partly on past experience at increased unit costs, it being agreed that a careful scrutiny of all expenditures would enable the department to finish the year with this allowance. The department has, however, seen fit to purchase several hundred dollars worth of wire mesh and other items not intended or provided for in the \$4,000 transferred. This has resulted in the account becoming exhausted.

"The proposed transfer of \$750 is requested for the purchase of various incidental items which the department states will be urgently necessary during the remainder of the month.

"While it is apparently true that there is \$750 excess balance in Code 1134, Motor Vehicle Supplies, it will be necessary at the end of the year to make up deficiencies in the accounts of this department for Carfare and for Telephone Service which will probably require all of this balance.

"There are only two items for the purchase of which a portion of the requested funds is to be used, which appear imperative and which should be purchased at once. These are as follows: \$250 for purchase of lumber for the skate house and \$25 for purchase of auto parts.

"While not in accordance with the general idea of budget administration or of a proper transfer of funds, lumber for the skate house having been specifically provided for in a previous transfer, it is desirable to construct the skate house at once and repair the automobiles, and a transfer of funds to the extent of \$275 is therefore probably advisable."

I recommend the adoption of the attached resolution granting the request to the extent of \$275. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1917, as follows:

FROM		
Supplies.		
1134 Motor Vehicle Supplies	\$275 00	
TO		
Materials.		
1146 Other Materials	\$275 00	

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Borough of Brooklyn—Modification of Schedule (Cal. No. 77).

The Secretary presented a communication, dated November 27, 1917, from the Commissioner of Parks, Borough of Brooklyn, requesting a modification of schedule for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1917, the Commissioner of Parks, Borough of Brooklyn, requested a modification of schedule supporting the appropriation to his department for the year 1917 for the "Hire of Horses and Vehicles with Drivers."

The Bureau of Contract Supervision, to which this request was referred on November 27, 1917, reports thereon as follows:

"The department states that there is a surplus of \$450 in the line for the hire of carts and that if this surplus of funds can be utilized for the hire of teams, in which there is a shortage, the department will thereby be enabled to take care of any team hire which may be necessary for snow removal between now and January 1st, 1918. The modification is a proper one and is necessary if the funds are to be available for the purpose stated."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves schedule, as revised, for the Department of Parks, Borough of Brooklyn, for the year 1917 as follows:

Contract or Open Order Service.		
1313 Hire of Horses and Vehicles with Drivers—		
Driver with Horse and Vehicle at \$3 per day (3,150 days)	\$9,450 00	
Driver with Team and Vehicle at \$5 per day (7,130 days)	35,650 00	
Schedule Total	<u>\$45,100 00</u>	

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Borough of The Bronx—Transfer of Appropriation (Cal. No. 78).

The Secretary presented a communication, dated December 7, 1917, from the Commissioner of Parks, Borough of The Bronx, requesting transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 7, 1917, the Commissioner of Parks, Borough of The Bronx, requested transfer of funds within the appropriations to his department for the year 1917.

The Bureau of Contract Supervision, to which this request was referred, reports thereon as follows:

"The Commissioner proposed to transfer certain small excess balances in four codes aggregating \$43.50 to Code 1237, Carfare, to the extent of \$28.50, and to Code 1239, General Plant Service, General, to the extent of \$15, in order to provide sufficient funds in these accounts for the balance of the year.

"This transfer is proper and necessary and there is sufficient unencumbered balance for the purpose in each of the accounts from which it is proposed to transfer."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Borough of The Bronx, for the year 1917; as follows:

FROM		
Supplies.		
1221 Office Supplies	\$15 00	
1223 Botanical and Agricultural Supplies	13 50	
Materials.		
1230 Highway Materials	4 34	

<i>Contract or Open Order Service.</i>		
1235	Shoeing and Boarding Horses, Including Veterinary Service	10 66
		\$43 50
<i>TO</i>		
<i>Contract or Open Order Service.</i>		
1237	Carfare	\$28 50
1239	General Plant Service, General	15 00
		\$43 50

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Borough of Queens—Transfer of Appropriation (Cal. No. 79).

The Secretary presented a communication, dated December 6, 1917, from the Commissioner of Parks, Borough of Queens, requesting transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1917, the Commissioner of Parks, Borough of Queens, requested transfer of funds within the appropriations to his department for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on December 7, 1917, reports thereupon as follows:

"The Commissioner proposes to transfer certain small excess balances in six codes aggregating \$339.60 to Code 1383, Forage and Veterinary Supplies, in order to provide sufficient funds in this account to purchase forage for the month of December, and to settle an outstanding bill for forage which it was necessary to purchase during the latter half of November.

"The transfer is proper and necessary and there is sufficient unencumbered balance for the purpose in each of the accounts from which it is proposed to transfer."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the Department of Parks, Borough of Queens, for the year 1917, as follows:

<i>FROM</i>		
<i>Supplies.</i>		
1384	Fuel Supplies	\$2 59
1385	Office Supplies	19 00
1386	Botanical and Agricultural Supplies	9 29
<i>Contract or Open Order Service.</i>		
1398	Repairs and Replacements	267 14
1406	General Plant Service, General	17 00
1407	Contingencies	24 58
		\$339 60

<i>TO</i>		
1383	Forage and Veterinary Supplies	\$339 60

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Debt Service; Police Department—Transfer of Appropriation (Cal. No. 80).

The Secretary presented a communication dated December 5, 1917, from the Police Commissioner, requesting issue of \$1,050,203.38 special revenue bonds to meet deficit in appropriation for 1917; and the following report of the Comptroller relative thereto:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of December 5, 1917, a communication was received by the Comptroller, of which the following is a copy:

"December 5, 1917.

"Hon. WILLIAM PRENDERGAST, Comptroller, City of New York:

"Sir—I hereby request that Special Revenue Bonds in the sum of \$1,050,203.38, be issued to meet the deficit in the appropriation (Code No. 1602) Salaries, Uniformed Force, Surgeons, etc., for the year 1917, as follows:

Estimated Payroll for Uniformed Force for December.....	\$1,328,420 88
Estimated Payroll for Special Patrolmen (5 weeks).....	87,885 00
	\$1,416,305 88

Less Balance of Appropriation, December 1, 1917.....	366,102 50
	\$1,050,203 38

The Cost of Special Emergency Police During 1917 was..... 1,080,357 84

"As you will note, the deficit has been caused by the employment of emergency police on account of war conditions. These men have been employed under authority vested in the Police Commissioner by chapter 583, Laws of 1888, in accordance with an opinion of the Corporation Counsel rendered on September 20, 1916, a copy of which is forwarded herewith. Respectfully,

"A. WOODS, Police Commissioner."

Conditions arose in the spring of 1917 which, in the opinion of the Commissioner of Police, made it necessary to appoint a considerable body of special or emergency police for the protection of subways, public buildings and water works within and about the City. This force, the Commissioner states, was employed under authority of chapter 583 of the Laws of 1888, and in accordance with an opinion of the Corporation Counsel rendered on September 20, 1916, a copy of which is hereto appended and made part of this report.

Under the authority thus conferred a force was employed which numbered 207 men in March, when it was first organized. The greatest number employed at one time was in May, when 1,783 men were employed, the force at present numbering some 761. Including December 5, 1917, the extra police force has cost \$1,008,975.39, the salary payments being made from Code 1602, the 1917 budget appropriation from which the regular uniformed force is paid.

The Police Commissioner has submitted a tabulation showing the weekly distribution of the cost of the special force since its organization up to and including December 5, 1917, classified by the charter of the properties protected. This tabulation shows the following classification:

Aqueduct protection	\$14,337 93
Subway protection	78,146 31
Bridge protection	419,479 42
Protection of water works, railway terminals, ammunition plants, power houses, etc.	497,011 73
	\$1,008,975 39

The Aqueduct protection was chiefly in March, the force since then having been employed on the other properties shown above.

The distribution of the force of 793 employed on December 5 was:

Public Service Utilities	46
Public Buildings	19
Bridges	478
Water Works	195
Tunnels	10
Munition Factories	18
Police Boats	14
Absent	13
Total	793

It is estimated the total cost of the special force for the present year will be \$1,008,357.84, and by reason of these additional expenditures from Code 1602 that there will be a deficit in the account up to December 31 of \$1,050,203.38.

The special force is paid weekly and the regular force twice a month. The total amount available for use during the year 1917 from Code 1602 is \$15,840,907.14, and the total payrolls registered for the year up to the morning of December 10, 1917, aggregate \$16,123,615.97, leaving a deficit of \$282,708.83. This includes the regular roll for the first half of December of \$633,478.61, and the weekly roll of \$16,493.55 for the week ending December 5.

There are funds available for transfer, in excess of the requirements for which the appropriations were made, as follows:

3016	Interest on Bonds, Corporate Stock and Corporate Stock Notes to Be Issued from October 1, to December 31, 1916, and to September 30, 1917	\$150,000 00
3017	Interest on Revenue Bonds and Revenue Bills Outstanding September 30, 1916, and on Bonds to Be Issued.....	150,000 00

Total Available for Transfer

If these amounts were transferred to the credit of Code 1602, they would suffice to meet the present deficit in the account, and consideration can later be given the means of providing for the estimated requirements for the balance of the year of \$750,203.38, as war emergency expenses from special revenue bonds, or transfer of funds, if any, are found available.

It is therefore recommended that the attached resolution effecting the transfer of \$300,000 as outlined herein be adopted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Office of the Corporation Counsel, New York, Sept. 20, 1916.

Hon. ARTHUR WOODS, Police Commissioner:

Sir—I have considered your oral request for advice as to your authority to appoint, with pay, special patrolmen to meet an emergency which you deem to have been created by the labor strikes now existing in this city, and as to the compensation which may be paid such appointees.

Section 274 of the Greater New York Charter provides:

"Sec. 274. All the rights, powers, authority, duties and obligations, immediately heretofore by law vested in or imposed upon the police departments, or either of the board of commissioners mentioned in the last above section, shall forthwith by force of and as an effect of this chapter be transferred to and continue in the police department created by this act, except in so far as the same shall be contrary to or inconsistent with the provisions of this chapter. * * *"

Section 18 of title XI of chapter 583 of the Laws of 1888 (the Brooklyn Charter) expressly provided that the Police Commissioner in Brooklyn

"* * * may also, upon any emergency or apprehension of riot, tumult, mob, insurrection, pestilence or invasion, appoint as many special patrolmen, among the citizens, as it may seem desirable, who may be paid the same rate per diem as is paid to regular members of the force; * * *"

Under the doctrine enunciated by our courts, the provision of section 274 of the Greater New York Charter, above quoted, transfers to you the power theretofore vested in the Police Commissioner of Brooklyn by the provision of section 18 of the Brooklyn Charter, above quoted, unless the power defined in said section 18 is contrary to or inconsistent with some other provision of the Greater New York Charter.

Section 308 of the Greater New York Charter empowers you to appoint special patrolmen, without pay, in the same contingencies mentioned in section 18 of the Brooklyn Charter, but I think it may be safely assumed that this does not destroy the devolution by section 274 of the Greater New York Charter of the power contained in section 18 of the Brooklyn Charter, since the power conferred by said section 308 is not inconsistent with that embraced in said section 18.

I am of opinion, therefore, that you are vested with the power contained in the above quoted provision of section 18 of the Brooklyn Charter.

Mr. George B. Buck, the Actuary of the Commission on Pensions, has prepared a table showing compensation which would be paid to patrolmen were the present pension benefits paid as salary equivalents and the amount of the salary plus the equivalent paid as salary alone.

I hand you herewith a copy of said table. In my opinion you would be justified in appointing special patrolmen at a per diem based upon the salary thus estimated for any grade of patrolman, the highest of which rates, as you will observe, being \$4.33 per diem based upon the annual salary of \$1,400.

I am also transmitting herewith forms of appointment of special patrolmen and oath of office. Respectfully yours,

(Signed) LAMAR HARDY, Corporation Counsel.

Cornelius M. Sheehan appeared in opposition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the City of New York for the year 1917 as follows:

<i>FROM</i>		
<i>DEBT SERVICE.</i>		
<i>Fixed Charges and Contributions.</i>		
3016	Interest on Bonds, Corporate Stock and Corporate Stock Notes to be issued from October 1 to December 31, 1916, and to September 30, 1917	\$150,000 00
3017	Interest on Revenue Bonds and Revenue Bills outstanding September 30, 1916, and on bonds to be issued.....	150,000 00
		\$300,000 00

<i>TO</i>		
<i>POLICE DEPARTMENT.</i>		
<i>Personal Service, Salaries, Regular Employees, Safeguarding Life and Property.</i>		
1602	Uniformed Force, Surgeons, etc.....	\$300,000 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fund for Salary and Wage Accruals; Fire Department—Transfer of Appropriation (Cal. No. 81).

The Secretary presented a communication, dated December 5, 1917, from the Fire Commissioner, requesting a transfer from the "City Fund for Salary and Wage Accruals," and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated December 5, 1917, the Fire Commissioner requested that \$433.16 be transferred from Code 3039, "City Fund for Salary and Wage Accruals," to Code 1649, "Fire Prevention—Executive."

During the last seven months your Board adopted resolutions transferring various sums of money aggregating \$433.16 from Code 1649 to Code 3039, "City Fund for Salary and Wage Accruals," and the Commissioner states that consequently the funds in Code No. 1649 will be insufficient to meet the December payrolls.

The adoption of the attached resolution granting the Commissioner's request is therefore recommended. This resolution requires the unanimous vote of the Board. Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within the appropriations for the year 1917, as follows:

<i>FROM</i>		
<i>MISCELLANEOUS.</i>		
3039	City Fund for Salary and Wage Accruals.....	\$433 16
<i>TO</i>		
<i>FIRE DEPARTMENT.</i>		
1649	Fire Prevention—Executive	\$433 16

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller; the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Armory Board—Transfer of Appropriation (Cal. No. 82).

The Secretary presented a communication dated December 10, 1917, from the Secretary, Armory Board, requesting transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 10, 1917, the Secretary of the Armory Board requested the transfer of \$12,070.25, within appropriations to said board for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on December 10, 1917, reports thereon as follows:

"In order to adjust line items to meet actual expenditure conditions for the balance of the year, it will be necessary to transfer the sum of \$12,070.25 within the schedules of appropriations to the Armory Board for the year 1917.

"The item changes within codes affect hundreds of lines."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations to the Armory Board for the year 1917 as follows:

FROM

1751 Fuel Supplies—

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Present and Not Voting—The President of the Borough of The Bronx.

Department of Public Charities; Charitable Institutions—Transfer of Appropriation (Cal. No. 83).

The Secretary presented a communication, dated December 3, 1917, from the Commissioner of Public Charities, requesting transfer of appropriation; and the following report of the Deputy and Acting Comptroller recommending approval thereof: December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 3, 1917, the Commissioner of Public Charities requested transfer of funds within budgetary appropriations for the year 1917. The Bureau of Contract Supervision, to which this request was referred on December 5, 1917, reports thereon as follows:

"There was provided in the 1917 appropriations for Charitable Institutions the sum of \$125,000 for the care of children over two years of age in foster homes instead of in institutions. This work is being supervised by the Children's Home Bureau of the Department of Public Charities. In order to extend this placement work so as to include infants under two years of age your Board at the request of the Commissioner of Public Charities transferred \$25,000 and \$24,020 on June 15th and July 3rd, respectively, to the Department of Public Charities, Code 1984, Contingencies, an appropriation directly under the control of the above mentioned Commissioner.

"Out of the net appropriation of \$73,980 to the Children's Home Bureau for payment of bills rendered for the care of children in foster homes there is at present a balance of \$5,633.85. The bills for the month of October amounted to approximately \$9,550, and November, \$9,840. For the month of December the Deputy Commissioner in charge of this work believes that these bills might amount to as much as \$10,500, and in order to anticipate these charges the re-transfer of \$4,900 from Contingencies to Charitable Institutions is necessary. The amount of the transfer and the present balance will be sufficient to cover the anticipated bills."

I recommend the adoption of the attached resolution granting the request. Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations for the year 1917, as follows:

FROM	
DEPARTMENT OF PUBLIC CHARITIES.	
1984 Contingencies	\$4,900 00
TO	
PAYMENTS TO CHARITABLE INSTITUTIONS.	
2615 Children's Home Bureau, Department of Public Charities.....	\$4,900 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.
Present and Not Voting—The President of the Borough of The Bronx.

Fund for Salary and Wage Accruals; Department of Public Charities—Transfer of Appropriation (Cal. No. 84).

The Secretary presented a communication dated December 3, 1917, from the Secretary, Department of Public Charities, requesting transfer from Fund for Salary and Wage Accruals for 1917; and the following report of the Comptroller recommending approval thereof:

December 12, 1917.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated December 3, 1917, Mr. Victor S. Dodworth, Secretary of the Department of Public Charities, requested that \$766.26 be transferred from Code 3039, "City Fund for Salary and Wage Accruals," to Code 1897, "Bradford Street Hospital."

On November 23, 1917, your Board adopted a resolution transferring the sum of \$774 from Code No. 1897 to Code 3039. It is now stated \$7.74 should have been transferred, instead of \$774.00, and that because of this error the funds in Code No. 1897 will be insufficient to meet the payrolls for the months of November and December.

The adoption of the attached resolution providing for the desired transfer is therefore recommended. This resolution requires the unanimous vote of the Board.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within the appropriations for the year 1917, as follows:

FROM	
MISCELLANEOUS.	
3039 City Fund for Salary and Wage Accruals.....	\$766 26
TO	
DEPARTMENT OF PUBLIC CHARITIES.	
1897 Bradford Street Hospital	\$766 26

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Child Welfare; Bellevue and Allied Hospitals—Transfer of Appropriation (Cal. No. 85).

The Secretary presented a resolution adopted November 13, 1917, by the Board of Aldermen, requesting an issue of \$6,550 special revenue bonds to meet anticipated deficiencies in appropriation made to the Board of Trustees, Bellevue and Allied Hospitals for 1917; and the following report of the Deputy and Acting Comptroller recommending a transfer of funds from appropriation made to Board of Child Welfare:

December 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13, 1917, the Board of Aldermen requested an issue of special revenue bonds in the sum of \$6,550 for the Board of Trustees of Bellevue and Allied Hospitals, to be used in meeting anticipated deficiencies in appropriations made to that board for the year 1917. The Bureau of Contract Supervision, to which this request was referred reports thereon as follows:

"The deficiencies, as estimated by the Board of Trustees of Bellevue and Allied Hospitals in their letter to the Board of Aldermen, dated September 27, 1917, and upon which the present request is predicated, are made up as follows:

2071 Forage and Veterinary Supplies \$550 00

2076 Refrigerating Supplies 1,000 00

2086 Materials 5,000 00

\$6,550 00

"Code 2071, Forage and Veterinary Supplies. Out of an appropriation of \$1,400 for this purpose the balance as at September 30, 1917, was \$54.22. The deficiency is due to the increased cost of forage, particularly oats. The total of bills for months of October and November and the estimated amount for December will be about \$454. The sum of \$400 appears sufficient, which is satisfactory to the department.

"Code 2076, Refrigerating Supplies. The depletion in this fund is due to the increased cost of anhydrous ammonia and aqua ammonia, and also the advanced price for ice delivered to Harlem, Gouverneur and Neponset Hospitals. For the month of December ice bills will approximate \$181 and for ammonia and other refrigerating supplies, \$923. The sum of \$900 appears sufficient and is satisfactory to the department.

"Code 2086, Materials. The 1917 appropriation for this purpose, amounting to \$17,000, was practically exhausted on August 30, 1917, due entirely to the large increase in the cost of materials used by this department. Since the date the appropriation was exhausted it was necessary for the department to purchase various materials amounting to about \$4,200, principally for lumber, amounting to \$1,100; electrical materials, \$189; engineering materials, \$767, such as pipe and valves; painters' materials, \$1,179, and laundry materials, \$210, such as canvas, pulleys and pipe. For the balance of the month at least \$800 will be required, or a total in all of \$5,000.

"As the Board of Child Welfare has consented to the transfer of the above mentioned amounts it is suggested that the necessary funds be provided by transfer rather than the issue of special revenue bonds."

I recommend the adoption of the attached resolutions (1) transferring \$6,300 from available funds as stated above, and (2) denying the request of the Board of Aldermen for an issue of special revenue bonds.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations for the year 1917 as follows:

FROM	
BOARD OF CHILD WELFARE.	
1999 Fixed Charges and Contributions.....	\$6,300 00
TO	
BELLEVUE AND ALLIED HOSPITALS.	
Supplies.	
2071 Forage and Veterinary Supplies.....	\$400 00
2076 Refrigerating Supplies	900 00
2086 Materials	5,000 00
	\$6,300 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller; the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that the request of the Board of Aldermen, made by resolution adopted on November 13, 1917, for an issue of special revenue bonds in the sum of six thousand five hundred and fifty dollars (\$6,550), the proceeds whereof to be used by the Board of Trustees of Bellevue and Allied Hospitals for the purpose of meeting anticipated deficiencies in appropriations to that Board for the year 1917, be and the same is hereby denied.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Docks and Ferries—Transfer of Appropriation (Cal. No. 86).

The Secretary presented a communication, dated November 30, 1917, from the Acting Commissioner of Docks requesting transfer of funds within appropriation for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 30, 1917, the Acting Commissioner of Docks requested transfer of funds within the 1917 appropriation to his department. On December 6, 1917, the request was verbally amended.

The Bureau of Contract Supervision, to which the request was referred on December 5, 1917, reports thereon as follows:

"As amended the request proposes the transfer of \$400 from Code 2852, Hire of Horses, and \$200 from Code 2859, Telephone Service, the sum of \$600 to go to Code 2850, Repairs and Replacements.

"This transfer is requested in order to provide funds for welding eight new tips on two propeller wheels for the Staten Island Ferryboats.

"On November 26, 1917, the Municipal Ferryboat 'Manhattan' lost one of the propeller wheels and is now out of commission.

"The department has no new propeller wheel on hand for installation and as it is important that the boat should be made navigable at as early a date as possible it is considered advisable to repair these old wheels.

"The tops of these wheels are broken and badly worn but can be repaired and made serviceable until new ones can be obtained, the procuring of which would take a much longer time.

"Both wheels are to be repaired so that one may be held in reserve.

"There are sufficient balances available in the accounts to be debited."

I recommend the adoption of the attached resolution which will grant the request. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the Department of Docks and Ferries to the year 1917 as follows:

FROM	
2852 Hire of Horses and Vehicles with Drivers.....	\$400 00
2859 Communication, Telephone Service	200 00
	\$600 00
TO	
2850 Contract or Open Order Service, Repairs and Replacements.....	\$600 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

City Magistrates' Court—Transfer of Appropriation (Cal. No. 87).

The Secretary presented a communication, dated November 16, 1917, from the Chief Clerk, City Magistrates' Court, requesting transfer from Fund for Salary and Wage Accruals for 1917; and the following report of the Deputy and Acting Comptroller relative thereto:

December 10, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1917, the Chief Clerk of the City Magistrates' Court, requesting the transfer of \$885 from the City Accrual Fund to provide means for making alterations and removing certain encumbrances in the new quarters of the Probation Bureau, 300 Mulberry street, Borough of Manhattan.

The Bureau of Contract Supervision to which the request was referred reports thereon as follows:

"The assignment of rooms on the second floor of No. 300 Mulberry street is now pending before the Sinking Fund Commission. In these rooms there are two brick vaults which together occupy a space of approximately 18 feet by 13 feet.

"One of these vaults is built between two walls about 9 feet apart and the other extends out into a large room at one end thereof. It was originally intended to remove both vaults and one of the walls. It would not be advisable to remove the wall, and in view of the fact that the additional Probation Officers asked for in the 1918 Budget were disallowed, sufficient room for the 22 Probation Officers and the Stenographers can be had by removing only the vault extending into the large room.

"In the 1918 Budget there is an allowance of \$5,000 for the equipment and partitions for these quarters, and it is proposed to provide separate small rooms which will each accommodate three or four Probation Officers and give more privacy that is obtainable in the present quarters. The removal of this vault, while only 9 feet by 13 feet, will in fact be the means of providing a better arrangement of the small rooms. There is considerable space that will go to waste if the vault is not removed.

"The work as proposed by this bureau and agreed to by the Chief Magistrate's office, consists of the removal of the one vault in the large room, the cutting of a window into the interior court, and the patching of the floor, walls and ceilings. The estimated cost for this work is \$350, which is reasonable.

"There is a sufficient excess unencumbered balance within the City Magistrates' appropriation in 'Code 2910, Hire of Automobiles,' available for transfer for this purpose."

I recommend the adoption of the attached resolution granting the request to the extent of \$350 within the accounts of the Court. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the City Magistrates' Courts for the year 1917, as follows:

FROM	
<i>Contract or Open Order Service, Transportation.</i>	
2910 Hire of Automobiles	\$350 00
TO	
2913 General Plant Service	\$350 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Supreme Court, First Department; Commissioner of Jurors, New York County—Transfer of Appropriation (Cal. No. 88).

The Secretary presented a communication, dated December 10, 1917, from the Commissioner of Jurors, New York County, requesting the transfer of \$10,000 from appropriation made to the Supreme Court, First Department, for 1917; consent thereto, dated December 6, 1917, of the Presiding Justice, Appellate Division; and the following report of the Deputy and Acting Comptroller recommending approval thereof: December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 10, 1917, the Commissioner of Jurors requested transfer of funds within the New York County appropriations for the year 1917.

The Bureau of Contract Supervision reports thereon as follows:

"It is proposed to transfer \$10,000 from a balance in 'Code 3180, Salaries of Justices, Official Referees and Other Employees of the Supreme Court,' to 'Code 3117, Equipment,' Commissioner of Jurors, to permit the purchase of office equipment to be used by the Commissioner of Jurors in the quarters which have been provided for him in the Hall of Records. The Presiding Justice of the Appellate Division of the Supreme Court has consented to such transfer.

"The Commissioner of Jurors is now located in leased quarters in the old Stewart Building, 280 Broadway.

"All the furniture and equipment in present use is of the old wooden unsanitary type, most of it being about thirty years old. In order to properly equip the new quarters it will be necessary to provide the following equipment:

"12 small flat top desks, 48 inches; 8 double flat top desks, 60 inches; 2 roll top desks, 60 inches; 1 typewriter desk, 60 inches; 1 flat top desk, 60 inches; 24 swivel desk chairs, 8 six drawer letter files, 450 square yards of linoleum, 20 cupboards in 2 sections, 2 cupboards in 4 sections, 2 sorting racks, 1 counter arrangement, including 3 desks; 3 wardrobes, 6 four-section 36-drawer case, 30 side chairs for jury room.

"The amount requested, \$10,000, is reasonable for the purchase of above mentioned equipment.

"The Justices of the Appellate Division of the Supreme Court having given their approval for the new equipment, it appears to be mandatory that funds be provided under chapter 499, Laws of 1906, which reads in part as follows:

"The Commissioner of Jurors may with the written consent of the justices of the Appellate Division of the Supreme Court, who appointed him or a majority of them, procure a suitable office, properly furnished and equipped and all books, stationery, blanks, postal cards and postage stamps as shall be required for the proper performance of the duties of the office. The rent of such office and the cost of the furniture and equipment thereof, and of all books, stationery, printing, blanks, postal cards and postage stamps to be so provided shall, with the salary paid to the Commissioner and his assistant, Clerks, stenographers and messengers, be a county charge and shall be audited and paid as are the compensation and expenses of County Officers."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds from the New York County appropriations for 1917, as follows:

FROM	
SUPREME COURT, FIRST DEPARTMENT, NEW YORK COUNTY.	
<i>Personal Service.</i>	
3180 Salaries, Regular Employees, Salaries of Justices, Official Referees and Other Employees	\$10,000 00
TO	
COMMISSIONER OF JURORS, NEW YORK COUNTY.	
3117 Equipment	\$10,000 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bronx County Fund for Salary and Wage Accruals; Register, Bronx County—Transfer of Appropriation (Cal. No. 89).

The Secretary presented a communication dated October 8, 1917, from the Register, Bronx County, requesting transfer from Bronx County Fund for Salary and Wage Accruals for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On October 8, 1917, the Register, Bronx County, requested transfer of \$241.64 from "Code 3354, Bronx County Fund for Salary and Wage Accruals," to his appropriation, "Code 3273, Equipment," for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on October 9, 1917, reports thereon as follows:

"The unencumbered balance in this account is \$104.88. Transfer is necessary in order to purchase two typewriting machines, one drafting table and two high stools.

"In the 1917 appropriation an allowance of \$150 was made for the exchange of 3 regular machines. Early in the year it was found necessary to purchase one long carriage machine, therefore only one of the regular machines could be purchased. The work of the office requires two additional new machines for the folio writers.

"The drafting table and stools are required for the draftsmen in making copies of the New Block System Maps recently installed in the Department of Taxes and Assessments. This work will start about January 1, 1918. An effort was made to provide this equipment by transfer from some other department but it was found that none could be had.

"As there are no available unencumbered balances in the accounts of the Register, it is proposed to transfer from 'Code 3354, Bronx County Fund for Salary and Wage Accruals,' in which there is sufficient balance."

I recommend the adoption of the attached resolution granting the request, which action requires the unanimous vote of your Board. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the year 1917, as follows:

FROM	
MISCELLANEOUS, BRONX COUNTY.	
3354 Bronx County Fund for Salary and Wage Accruals	\$241 64
TO	
REGISTER, BRONX COUNTY.	
3273 Equipment	\$241 64

Which was adopted by the following vote:

Affirmative—The Acting Mayor, The Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Kings County Fund for Salary and Wage Accruals—Transfer of Appropriation (Cal. No. 90).

The Secretary presented the following report of the Deputy and Acting Comptroller:

December 11, 1917.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Open market orders were issued by the Borough President of Brooklyn to Theodore Gans' Sons for printing and binding calendars of the Supreme Court, Second Department. Bills have been received for this service aggregating \$1,565.25.

The Corporation Counsel has advised that the duty of printing the calendar of the Supreme Court, except in the County of New York, is expressly placed upon the clerk of the county where the calendar is to be furnished and the expenditure involved therein is a charge against that county and not against the city at large. In accordance with this advice the bills referred to are properly chargeable against Code 3514—Contingencies—County of Kings, which appropriation has been entirely exhausted. This account must, therefore, be replenished and the suggestion is made that \$1,565.25 be transferred from the Kings County Salary and Wage Accrual Fund, Account No. 3509.

The adoption of the attached resolution effecting the transfer is therefore recommended. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds within appropriations to the County of Kings for the year 1917, as follows:

FROM	
MISCELLANEOUS.	
3509 Kings County Fund for Salary and Wage Accruals	\$1,565 25
TO	
MISCELLANEOUS.	
3514 Contingencies, The County of Kings	\$1,565 25

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Edison Storage Battery Company—Claim of (Cal. No. 91).

The Secretary presented the following certificate of the Deputy and Acting Comptroller:

December 7, 1917.

To the Honorable, The Board of Estimate and Apportionment:

Sirs—Under and pursuant to the provisions of section 246 of the Greater New York Charter, I hereby certify that a claim has been presented by the Edison Storage Battery Company for the sum of \$42.42 alleged to be due for labor and material furnished to Bellevue and Allied Hospitals at various times between June 22, 1914, and April 13, 1916; that the claim has no legal status because the work performed and the materials furnished were without proper authorization on the part of the Trustees of Bellevue and Allied Hospitals, as no written orders were ever issued in connection therewith; that the actual cost of the work performed and materials furnished amounts to \$39.23, that while the claim is illegal and invalid as against The City of New York, it is, notwithstanding, in my judgment, equitable and proper for the City to pay the claim in the sum of \$39.23, the actual cost to applicant for the labor and material furnished, inasmuch as the City has received a benefit and derived an advantage which, in money value, is equal to said sum; that the sum of \$39.23 is the amount which should be paid in full satisfaction of said claim, from the appropriate fund. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 246 of the Greater New York Charter, hereby determines that the City of New York has received a benefit from the Edison Storage Battery Company, and is justly and equitably obligated to pay said Company, without interest, the sum of thirty-nine dollars and twenty-three cents (\$39.23) for certain labor and materials furnished to the Trustees of Bellevue and Allied Hospitals between June 22, 1914, and April 13, 1916; that the said sum shall be paid in full satisfaction of the claim which the Edison Storage Battery Company presented in the sum of forty-two dollars and forty-two cents (\$42.42); that the interests of the City will be best subserved by the compromise of said claim for the sum of thirty-nine dollars and twenty-three cents (\$39.23); that the last mentioned sum shall be paid only upon the execution by the Edison Storage Battery Company of a full release in favor of the City in such form as may be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay said claim in the sum of thirty-nine dollars and twenty-three cents (\$39.23) from the appropriate fund.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the Ramapo Iron Company for Supply of Special Work (Order No. 7) for Use in the Construction of Rapid Transit Railroads (Cal. No. 92).

The Secretary presented the following communication, resolution and agreement of the Public Service Commission for the First District, and report of the Deputy and Acting Comptroller relative thereto:

State of New York, Public Service Commission for the First District, 120 Broadway, New York, November 14, 1917.

To the Board of Estimate and Apportionment of the City of New York:

Pursuant to the direction contained therein, I transmit herewith a certified copy of a Resolution adopted by the Commission on November 14, 1917, requesting your Honorable Board to consent to a proposed agreement herewith transmitted, between the City of New York, acting by the Commission and the Ramapo Iron Works, providing for certain modifications of the contract for the supply of special work (Order No. 7) for use in the construction of Rapid Transit Railroads.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By JAMES B. WALKER, Secretary.

(Seal.)

Resolved, That this Commission do and hereby does approve the proposed agreement now submitted modifying the contract between the City of New York, acting by the Commission and the Ramapo Iron Works, for the supply of special work (Order No. 7) for use in the construction of Rapid Transit Railroads, so as to provide for the supply of Revised Portion 136, the extension of the periods of time for delivery and the return of the retained percentages.

Resolved, That the Secretary of this Commission be and hereby is authorized and directed to transmit said proposed agreement to the Board of Estimate and Apportionment for its consent, and that the Chairman and the Secretary of this Commission be and hereby are authorized and directed to execute and deliver said proposed agreement in such form when so consented to and approved by the Acting Corporation Counsel.

State of New York, County of New York, ss.:

I, James B. Walker, Secretary of the Public Service Commission for the First District Do Hereby Certify, that I have compared the above with the original adopted by said Commission on November 14, 1917, and that it is a correct transcript therefrom and of the whole of the original.

In Testimony Whereof, I have hereunto subscribed my hand and affixed the seal of the Commission, this 14th day of November, 1917.

JAMES B. WALKER, Secretary.

(Seal.)

Agreement made this _____ day of _____, 1917 between The City of New York (hereinafter referred to as the "City"), acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission"), party of the first part, and Ramapo Iron Works, a domestic corporation, (hereinafter referred to as the "Contractor"), party of the second part:

Whereas, heretofore and on or about the 22nd day of June, 1916 the City, acting by the Commission, entered into a contract with the Contractor for the supply of Special Work (Order No. 7) for use in the construction of rapid transit railroads

(which contract as heretofore duly modified is hereinafter referred to as the "Contract");

Whereas, as security for the faithful performance of the Contract on its part the Contractor deposited a bond in the sum of Seven thousand Dollars (\$7,000), and upon which there are now sureties as follows: American Fidelity Company and United States Guarantee Company; and

Whereas, due to the change in the design of a certain portion of said rapid transit railroads on which the Special Work to be supplied under the Contract is to be used a revision of Special Work Portion No. 136 from a No. 6 to a No. 5 double crossover is necessary; and

Whereas the Contractor has requested the Commission to extend the time of the delivery of the Portions of the Special Work to be supplied under the Contract, the Contractor alleging that the City delayed in ordering such Special Work as required by the provisions of the Contract; and

Whereas, the City desires and the Contractor is willing to provide for a modification of said portion No. 136 of said Special Work and to fix the time for the delivery thereof and both the Contractor and the City desire to provide for an extension of time in which to make delivery of other portions of said Special Work; and

Whereas, all the Portions of the Special Work under the Contract except Portion 136, has been delivered and accepted in accordance with the provisions of the Contract, and in view of that fact and the fact that the said Portion 136 will not be required by the City for some time, the Contractor has requested the City to return to it the money reserved and retained as additional security under the Contract; and

Whereas, the Board of Estimate and Apportionment of the City has consented to this agreement;

Now, Therefore, in consideration of the mutual stipulations and agreements hereinafter contained, the parties hereto do hereby agree that the Contract be and hereby is modified as follows:

First: By striking from the Schedule of Unit Prices contained in Article XV of the Contract the following:

"Item 2136. For furnishing and delivering, within the free lighterage limits of the City of New York, Special Work, Portion No. 136 complete, the sum of Four thousand six hundred and nineteen dollars (\$4,619.00)."

—and substituting in place thereof the following:

"Item 2136X. For furnishing and delivering within the free lighterage limits of the City of New York, as they exist on the date of March 1, 1918 Revised Special Work Portion No. 136 complete, the sum of Four thousand eight hundred and seventy-three dollars and twenty cents (\$4,873.20)."

Second: By striking from Article XXV of the Contract the following:

"31 Special Work Portion 136 Willoughby & Lawrence Streets Broadway Line—B."

"39 Special Work Portion 136 Broadway Line—B Special crossing."

and by substituting in the places thereof the following:

"State of New York Public Service Commission for the First District Track Division Special Work Portion 136 Willoughby & Jay Streets Broadway Line—B Supersedes Contract Drawing No. 31" signed by D. L. Turner, Chief Engineer Dated Feb. 1, 1916, revised July 28, 1917 and numbered Issue No. 2 Drawing No. 59 File No. 19.

"State of New York Public Service Commission for the First District Track Division Special Work Portion 136 Broadway Line—B Special Crossing Supersedes Contract Drawing No. 39" signed by D. L. Turner, Chief Engineer, Dated Feb. 1, 1917, revised July 30, 1917 and numbered Issue No. 2 Drawing No. 60 File No. 19.

—a blue print of each of which is hereto attached and made a part hereof.

Third: The time for the completion of the various Portions of Special Work as provided for in the Contract is hereby extended according to the following Schedule and the Contract is hereby modified so as to conform to the following schedule:

Portion No.	Date of Delivery
127 extended to.....	September 27, 1916
128 extended to.....	September 27, 1916
126 extended to.....	October 7, 1916
129 extended to.....	October 31, 1916
130 extended to.....	November 14, 1916
122 extended to.....	January 10, 1917
123 extended to.....	December 26, 1916
132 extended to.....	February 28, 1917
110 extended to.....	September 12, 1917
111 extended to.....	September 12, 1917
118 extended to.....	April 5, 1917
119 extended to.....	April 12, 1917

Revised Portion No. 136 herein provided for shall be delivered in accordance with the provisions of the Contract on or before the first day of March, 1918.

Fourth: The City shall return to the Contractor on the expiration of thirty (30) days after the date of delivery of this agreement, Seven thousand eight hundred and fifty-six and sixty one-hundredths dollars (\$7,856.60) being the sum of the moneys reserved and retained from partial payments made to the Contractor pursuant to the terms of the Contract up to and including the 30th day of October, 1917, provided however, that in case any lien shall be filed for work done or materials furnished toward the performance or completion of the work under the Contract prior to said payment the Contractor shall as a condition precedent of receiving the payment herein provided for cause said lien or liens to be discharged.

Fifth: The Contractor for itself, its successors and assigns does hereby release and forever discharge the City and the Commission from any and all claims of whatsoever character arising from or due to any delay, neglect, fault or default on the part of the City, the Commission, or any of their agents or representatives with respect to the Contract or the work under the Contract.

No member of the Commission shall be liable personally under or by reason of this agreement or any of its provisions.

This agreement shall bind the parties hereto and their respective successors and assigns.

Provided, however, that this agreement shall not take effect unless and until it shall be consented to in writing in the form subjoined by United States Guarantee Company and American Fidelity Company.

In witness whereof the Commission has caused its official seal to be hereto affixed and attested by its Secretary and these presents to be signed by its Chairman and the Contractor has caused its corporate seal to be hereunto affixed and attested by its Secretary and these presents to be signed by its President on the day and year first above written.

THE CITY OF NEW YORK, acting by the Public Service Commission for the First District, by, Chairman.

Attest:, Secretary.

RAMAPO IRON WORKS, by, President.

Attest:, Secretary.

December 5, 1917.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 14, 1917, the Public Service Commission for the First District transmitted for approval an agreement modifying the contract dated on or about the 22nd day of June, 1916, of the Ramapo Iron Works, for the supply of Special work (Order No. 7) for use in the construction of rapid transit railroads. Said agreement providing in substance as set forth in the preamble of the attached resolution.

In regard to the first purpose of the proposed agreement that is to omit special work Item No. 136, for which the bid price in the contract was \$4,619, and substitute therefor revised special work Item No. 136, for which the price is fixed at \$4,873.20, the Director of the Bureau of Contract Supervision of the Board of Estimate and Apportionment in a report dated November 19, 1917, advises me that in his opinion the Board may properly consent to the proposed Modification to the extent mentioned and commented upon in said report.

The Chief Engineer of this Department reports that the contract is about ninety-four per cent. completed, that all the material has been furnished except the special work called for in Item No. 136, which is the item that it is proposed to modify.

The financial statement of the contract is as follows:

Amount Earned.....	\$78,566 00
Amount Paid.....	70,789 40
Amount Retained.....	\$7,856 60

The records of the Department of Finance show that there are no liens filed against this contract relative to the claims for delays released by the contractor (Article V) by the proposed agreement, the Chief Engineer of this Department reports:

The contract (No. 45322) dated June 22, 1916, provides for the delivery of all special work within seven months after the delivery of the contract, which would be January 22, 1917. If the Engineer had asked for a two months extension as permitted by Article L, Page 36 of the contract, it would make March 22, 1917, the date for the last delivery of all the special work and the contractor would probably have received his final payment in June or July, 1917.

All the special work has been delivered except Portion No. 136, the change to be made in this item of the work is at the request of the City, and will probably delay final delivery until March, 1918, or nearly a year after the contract time. It would therefore appear that there is merit in the contractor's claim for "delay, neglect, fault or default on the part of the City," which claim the contractor releases by the proposed agreement. If this agreement is carried out the City will have the original bond in the sum of \$7,000 for the faithful completion of the contract estimated to cost \$4,873.20.

In view of the advantages resulting from the structural changes, the claims released by the contractor and the surety retained, which in my opinion is sufficient and ample for the faithful completion of the contract, I advise the adoption of the attached resolution approving the request. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following was offered:

Whereas, On November 14, 1917, the Public Service Commission for the First District transmitted an agreement modifying the contract dated on or about the 22nd day of June, 1916, of the Ramapo Iron Works for the supply of special work (Order No. 7) for use in the construction of rapid transit railroads, said agreement providing, in substance, as follows:

First—By striking from the Schedule of Unit Prices contained in Article XV. of the Contract the following:

"Item 2136. For furnishing and delivering, within the free lighterage limits of the City of New York, Special Work, Portion No. 136, complete, the sum of four thousand six hundred and nineteen dollars (\$4,619)."

—and substituting in place thereof the following:

"Item 2136X. For furnishing and delivering, within the free lighterage limits of the City of New York, as they exist on the date of March 1, 1918, Revised Special Work, Portion No. 136, complete, the sum of four thousand eight hundred and seventy-three dollars and twenty cents (\$4,873.20)."

Second—By striking from Article XXV. of the Contract the following:

"31 Special Work, Portion 136, Willoughby and Lawrence Streets, Broadway Line—B."

"39 Special Work, Portion 136, Broadway Line—B Special crossing."

—and substituting in the place thereof the following:

"State of New York, Public Service Commission for the First District, Track Division, Special Work, Portion 136, Willoughby and Jay Streets, Broadway Line—B Supersedes Contract, Drawing No. 31," signed by D. L. Turner, Chief Engineer, dated February 1, 1916, revised July 28, 1917, and numbered Issue No. 2, Drawing No. 59, File No. 19.

"State of New York, Public Service Commission for the First District, Track Division, Special Work, Portion 136, Broadway Line—B Special Crossing Supersedes Contract, Drawing No. 39," signed by D. L. Turner, Chief Engineer, dated February 1, 1917, revised July 30, 1917, and numbered Issue No. 2, Drawing No. 60, File No. 19.

—a blue print of each of which is hereto attached and made a part hereof.

Third—The time for the completion of the various Portions of Special Work as provided for in the Contract is hereby extended according to the following Schedule, and the Contract is hereby modified so as to conform to the following Schedule:

Portion No.	Date of Delivery.
127 extended to.....	September 27, 1916
128 extended to.....	September 27, 1916
126 extended to.....	October 7, 1916
129 extended to.....	October 31, 1916
130 extended to.....	November 14, 1916
122 extended to.....	January 10, 1917
123 extended to.....	December 26, 1916
132 extended to.....	February 28, 1917
110 extended to.....	September 12, 1917
111 extended to.....	September 12, 1917
118 extended to.....	April 5, 1917
119 extended to.....	April 12, 1917

Revised Portion No. 136, herein provided for, shall be delivered in accordance with the provisions of the Contract on or before the first day of March, 1918.

Fourth—The City shall return to the Contractor on the expiration of thirty days after the date of this agreement seven thousand eight hundred and fifty-six dollars and sixty cents (\$7,856.60), being the sum of money reserved and retained from partial payments made to the Contractor; provided, however, that in case any lien shall be filed for work done or materials furnished toward the performance or completion of the work under the contract prior to said payment, the Contractor shall, as a condition precedent of receiving the payment herein provided for, cause said lien or liens to be discharged.

Fifth—The Contractor does hereby release and forever discharge the City and the Commission from any and all claims of whatsoever character arising from or due to any delay, neglect, fault or default on the part of the City with respect to the contract of work under the contract;

—therefore, be it

Resolved, That the Board of Estimate and Apportionment hereby approve of and consents to the proposed agreement as approved by the Public Service Commission for the First District on November 14, 1917, modifying the contract dated on or about the 22nd day of June, 1916, of the Ramapo Iron Works for the supply of special work (Order No. 7) for use in the construction of rapid transit railroads, as generally set forth in the preamble of this resolution, and more specifically in the certified copy of the agreement on file in the office of the Secretary of the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the United States Realty and Improvement Company for Construction of Section 2, Routes 4 and 36, of the Broadway-Fourth Avenue Rapid Transit Railroad, and Sections 4 and 5, Routes 4 and 38, of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad (Cal. No. 93).

The Secretary presented a report of the Comptroller, recommending approval of agreement modifying contracts with the United States Realty & Improvement Company, for the construction of sections of the Broadway-Fourth Avenue and Seventh Avenue-Lexington Avenue Rapid Transit Railroads.

Laurence M. D. McGuire, representing the United States Realty & Improvement Company appeared in favor.

The matter was laid over one week (December 21, 1917).

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the T. H. Reynolds Contracting Company for the Installation of Tracks for a Portion of the Broadway-Fourth Avenue Rapid Transit Railroad (Cal. No. 94).

The Secretary presented a report of the Comptroller predicated upon a communication from the Public Service Commission for the First District recommending approval of a proposed agreement modifying the contract with the T. H. Reynolds Con-

tracting Company for the installation of tracks for a portion of the Broadway-Fourth Avenue Rapid Transit Railroad, approved by the Board of Estimate and Apportionment on August 22, 1916, at an estimated cost of \$288,400.

Which was laid over one week (December 21, 1917).

Public Service Commission for the First District—Issue of Corporate Stock to Meet Cost of Transporting Track Materials (Cal. No. 95).

The Secretary presented a report of the Comptroller, predicated upon a requisition of the Public Service Commission for the First District, recommending the authorization of corporate stock in the sum of \$3,500 for the purpose of providing funds to meet the cost of transporting within the City limits track materials for use in the construction and operation of rapid transit railroads.

Which was laid over one week (December 21, 1917), under Rule 19.

Fund for Street and Park Openings—Issue of Corporate Stock (Cal. No. 96).

The Secretary presented a report of the Comptroller recommending an issue of \$33,272.44 corporate stock, the proceeds to be used for replenishing the Fund for Street and Park Openings, on account of the imposition upon the City of a portion of the cost and expenses of certain street opening proceedings.

Which was laid over one week (December 21, 1917) under Rule 19.

Street Improvement Fund—Issues of Corporate Stock and Serial Bonds (Cal. No. 97).

The Secretary presented a report of the Comptroller recommending an issue of \$27,700.23 corporate stock and \$13,416.07 serial bonds for the purpose of replenishing the Street Improvement Fund to liquidate the City's indebtedness to said fund on account of the imposition upon the City of the cost and expenses of certain street improvement proceedings.

Which was laid over one week (December 21, 1917) under Rule 19.

Street Improvement Fund—Issues of Corporate Stock and Serial Bonds (Cal. No. 98).

The Secretary presented a report of the Comptroller recommending an issue of \$1,953.69 corporate stock and \$4,171.33 serial bonds, to provide for the payment of assessments on City property for local improvements, such as regulating and grading streets, etc.

Which was laid over one week (December 21, 1917) under Rule 19.

Bureau of Public Improvements.

Board of Estimate and Apportionment—Engineer's Financial Statement (Cal. No. 99).

The Secretary presented the following report of the Chief Engineer, which was ordered printed in the Minutes and filed:

Financial Statement No. D-96.

December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—I beg to submit the following tabular statement showing the estimated cost of physical improvements and the number of opening proceedings for each borough and total for all boroughs, which have been authorized by the Board of Estimate and Apportionment since January 1, 1916, together with the physical improvements for which preliminary authorization is now outstanding.

Surface and Subsurface Improvements Given Final Authorization in 1916 and 1917.

Borough.	Surface Improvements.				Sewer Improvements.			
	Total, 1916.		1917 to Date.		Total, 1916.		1917 to Date.	
	No.	Amount.	No.	Amount.	No.	Amount.	No.	Amount.
Manhattan	13	\$108,200 00	16	\$503,300 00	23	\$446,200 00	11	\$295,100 00
Brooklyn	140	934,800 00	65	429,100 00	*63	1,245,800 00	*46	2,691,900 00
The Bronx	37	722,600 00	35	763,400 00	19	920,000 00	13	426,500 00
Queens	57	561,800 00	37	448,200 00	60	971,600 00	55	622,400 00
Richmond	11	67,300 00	3	28,900 00	10	21,300 00	4	6,500 00
Total	258	\$2,454,700 00	176	\$2,172,900 00	*175	\$3,604,900 00	*129	\$4,042,400 00

*Includes two improvements for which partial authorization only has been given.

Surface and Subsurface Improvements for Which Preliminary Authorization Is Now Outstanding.

Borough.	Surface Improvements.		Sewer Improvements.	
	No.	Amount.	No.	Amount.
Manhattan	7	\$156,900 00	6	\$177,200 00
Brooklyn	11	82,000 00	*11	1,277,000 00
The Bronx	7	111,800 00	4	201,400 00
Queens	51	439,500 00	28	1,336,700 00
Richmond	1	5,500 00
Total	77	\$795,700 00	*49	\$2,992,300 00

*Includes one improvement for which partial final authorization has been given.

Street and Park Opening Proceedings Authorized in 1916 and 1917.

Borough	Total, 1916.		1917 to Date.	
	Number of Streets of and Parks Proceed-Affected.	Number of Streets of and Parks Proceed-Affected.	Number of Streets of and Parks Proceed-Affected.	Number of Streets of and Parks Proceed-Affected.
Manhattan	6	6
Brooklyn	20	13	4	4
The Bronx	8	7	15	14
Queens	70	33	20	10
Richmond	2	2	1	1
Total	106	61	40	29

A comparison of the estimated cost of physical improvements for which final authorization has been given since January 1, 1917, and of all outstanding preliminary authorizations, with the value of assessment lists relating to improvements authorized since January 1, 1902, returned in 1917 and with the 1917 collections up to and including December 6, in each case, shows the following:

Borough.	Authorizations.						Assessment Lists Returned.	Collections.
	Outstanding Preliminary Authorizations.		Final Authorizations in 1917.		Total.			
	No.	Amount.	No.	Amount.	No.	Amount.		
Manhattan ...	13	\$334,100 00	27	\$798,400 00	40	\$1,132,500 00	\$373,212 88	\$465,217 45

Amounts Available for Preliminary and Final Authorization During 1917 Under the Interpretation of the Resolution Adopted on July 30, 1914, as Submitted on October 19, 1917.

Borough.	Preliminary Authorizations Which May Be Outstanding, Including Those Which Are Not to Be Converted Into Final Authorizations During 1917.	Final Authorizations to Be Granted During 1917.
Manhattan	\$472,800 00	\$524,300 00
Brooklyn	1,345,700 00	2,111,900 00
The Bronx	699,000 00	1,092,700 00
Queens	1,080,400 00	1,082,900 00
Richmond	54,000 00	88,200 00
Total	\$3,651,900 00	\$4,900,000 00

The following table shows the additional amounts for which preliminary authorizations may now be outstanding, as deduced from the resolution of July 30, 1914, the value of the preliminary authorizations now outstanding which the Borough Presidents desire to have converted into final authorization during 1917, and the balance available for final authorization as determined under the interpretation of the July 30, 1914, resolution as submitted on October 19, 1917:

Borough.	Additional Preliminary Authorizations Which May Be Outstanding on the Basis of the Resolution of July 30, 1914, as Interpreted on October 19, 1917.	Preliminary Authorizations Now Outstanding the Urgency of Which Has Been Established or Which It Is Expected to Establish in 1917.	Balance Available for Final Authorization as Provided by the Resolution of July 30, 1914, as Interpreted on October 19, 1917.
Manhattan	\$138,700 00	\$182,300 00	—\$274,100 00
Brooklyn	—13,300 00	1,306,300 00	—1,009,100 00
The Bronx	385,800 00	283,200 00	—97,200 00
Queens	—695,800 00	1,358,800 00	12,300 00
Richmond	48,500 00	5,500 00	52,800 00
Total	—\$136,100 00	\$3,136,100 00	—\$1,315,300 00

From the above table it will be noted that the limit placed upon the total value of preliminary authorizations which may be outstanding has been exceeded by \$136,100 for the entire city, and in the boroughs of Brooklyn and Queens by \$13,300 and \$695,800, respectively. It will also be noted that the balance available for final authorizations has been exceeded by \$1,315,300 for the entire city, and in the boroughs of Manhattan, Brooklyn and The Bronx by \$274,100, \$1,009,100 and \$97,200, respectively.

The value of the authorizations given in this report does not include an item of \$15,700, representing the probable expense of planting shade trees in the Borough of Manhattan, for which authorization was granted by the Board at its meeting of May 18. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Netherland Avenue, on the Southerly Side of West 239th Street, Borough of The Bronx—Deed of Cession Conveying Easement for Sewer Purposes (Cal. No. 100).

The Secretary presented a communication from the President of the Borough of The Bronx, dated December 1, 1917, submitting deed of cession in this matter; and the following report of the Chief Engineer:

Report No. 17257.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of The Bronx, bearing date of December 1, 1917, presenting for approval a deed from the Stadacona Company purporting to cede to the City an easement for sewer purposes within the lines of Netherland Avenue on the southerly side of West 239th Street.

A map laying out this easement was adopted by the Board on November 30, 1917, at which time it was understood to be the intention of the property owners to convey the necessary rights to the City. The deed now presented is intended to effect this and to grant such rights as may be necessary for the construction and permanent maintenance of a sewer. The deed clearly relates to the land included within the easement area embodied on the map to which reference has been made, this having a width of 10 feet and a length of about 40 feet, and I can see no reason why the cession should not be accepted.

I would accordingly recommend that, with the concurrence of the Commissioners of the Sinking Fund, the Corporation Counsel be authorized to unconditionally accept the deed providing that the title to be conveyed is, in his judgment, adequate for the purposes, and that he be requested to file the instrument in the office designated for the recording of such matters. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of The Bronx, under date of December 1, 1917, submitted to the Board of Estimate and Apportionment a deed of cession executed on the 19th day of November, 1917, by the Stadacona Company, conveying to The City of New York an easement for sewer purposes within the lines of Netherland Avenue on the southerly side of West 239th street, in the Borough of The Bronx; be it

Resolved, That the Board of Estimate and Apportionment, subject to the concurrence of the Commissioners of the Sinking Fund, hereby authorizes the Corporation Counsel to accept, unconditionally, the aforesaid deed of cession, provided that the title to be conveyed is, in his judgment, adequate for the purposes, and if satisfactory to cause the instrument to be registered and filed in the proper offices.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

91st Avenue (Fulton Street), from the Brooklyn Borough Line to 84th (Digby) Street, Borough of Queens—Petition for Relief from Assessment in the Matter of Acquiring Title (Cal. No. 101).

The Secretary presented a petition dated November 28, 1917, from the Union Course Civic Association, requesting relief from assessment in the matter of proceeding for acquiring title to 91st Avenue (Fulton Street), from the Brooklyn Borough Line to 84th (Digby) Street, in the Borough of Queens; and the following report of the Chief Engineer:

Report No. 17262.

December 7, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a petition from a large number of property owners, members of the Union Course Civic Association, bearing date of November 28th, 1917, requesting relief from assessment in the matter of the proceeding for acquiring title to 91st Avenue (Fulton Street), from the Brooklyn Borough Line to 84th (Digby) Street, in the Borough of Queens.

This proceeding, which also includes provision for acquiring title to the short block of Digby Street which connects the two sections of Fulton Street on either side of it, was instituted under resolutions adopted by the Board of Estimate and Apportionment on September 15th, 1916, and amended on September 21st, 1917. The rule and damage maps were approved on October 5th, 1917, but the Court order granting the City's application to condemn has not yet been entered.

The proceeding relates to a length of about one-half mile of Fulton Street, the acquisition of which was urgently requested by the owners of the property in this vicinity in order that a much needed connection between Woodhaven and the Borough of Brooklyn might be provided and the way cleared for the development of adjoining property. The street has been given a width of only 50 feet, although

its position would justify the provision of a greater street width were it not for the large consequential damage this would have entailed.

The City has already acquired title to the section of Fulton Street east of Snedeker Avenue by deeds of cession, but the abutting property has been included in the assessment district in order that it may be assessed for its share of the awards for damages to buildings which encroach upon the land needed for the street west of Snedeker Avenue, this district comprising the adjoining property to a depth of about 300 feet on each side of the street and extending on the southerly side to a point about midway between Fulton Street and Atlantic Avenue. In recognition of the important position of the street, this area is somewhat larger than would ordinarily be fixed in the case of a street having a width of only 50 feet.

The petitioners claim to be the owners of property adjoining the section east of Snedeker Avenue where the land within the lines of Fulton Street has been ceded to the City. They protest against the inclusion of their holdings within the area of benefit upon the grounds that they already have frontage on an existing street, the extension of which to the Borough Line will only serve to increase their danger from traffic and deprive them of their privacy, and request that the area of assessment be confined to the section west of Snedeker Avenue and, if necessary, be here enlarged so as to extend a distance of 600 feet on each side of the street.

It is evident that a substantial benefit and enhancement in values should accrue to the petitioners' property by reason of the extension of the street upon which it fronts to the Brooklyn Borough Line, thereby creating a thoroughfare of importance and providing convenient access to transit facilities. The inclusion of their lands within the assessment district is, therefore, just and proper. Under the provisions of the Charter the assessments which they may be obliged to bear must be limited to a share of the awards for damage to buildings because of the cession of their part of the street to the City.

The proceeding has not advanced to the stage where information concerning the probable assessments is available, and I can see no reason why any modification should now be made in the district of assessment as heretofore fixed. I accordingly recommend that the petition be denied. Respectfully,

NELSON P. LEWIS, Chief Engineer.

G. J. Dick and R. Goodburn appeared in support of the petition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the petition dated November 28, 1917, from members of the Union Course Civic Association, requesting relief on assessment in the proceedings authorized by the Board under resolution adopted September 15, 1916, and September 21, 1917, for acquiring title to 91st Avenue (Fulton Street and 8th Street), from Brooklyn Borough Line to 84th Street (Digby Street); and 84th Street (Digby Street) and 91st Avenue (Fulton Street and 8th Street), to 90th Road (Canoe Place), Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—15.

Negative—The President of the Borough of Queens—1.

Rogers Street, from Vernon Avenue to State Barge Canal Terminal, Long Island City, Borough of Queens—Acquisition of Title (Cal. No. 102).

The Secretary presented the following report of the Chief Engineer:

Report No. 17277. December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on November 2, 1917, a Local Board resolution was presented for the acquisition of title to Dupont Street, from Franklin Street to the property acquired by the State of New York for a Barge Canal Terminal, Borough of Brooklyn. While the street will provide frontage to the abutting property it is primarily required as an approach to the Barge Canal Terminal, which property was accordingly included within the proposed district of assessment. The Board set December 7 as the date for a public hearing in the matter and the Secretary was directed to request the Corporation Counsel to take steps to secure legislation that would insure the payment by the State of the assessment which will probably be levied upon the Barge Canal Terminal property.

At the meeting held on December 7 the Board laid over the matter of acquiring title to Dupont Street pending the enactment of the legislation requested.

On October 18, 1917, the Local Board of the Newtown District, Borough of Queens, adopted a resolution initiating proceedings for acquiring title to Rogers Street from Vernon Avenue to the easterly line of the Barge Canal Terminal. This resolution is now before the Board and its early consideration has been requested by the Commissioner of Public Works.

A change in the plan relating to Rogers Street is now under consideration and it is probable that another street may be substituted as an approach to the Barge Canal Terminal. Under these conditions it is evident that the opening proceeding should not be advanced at this time.

In so far as this proceeding is intended to provide an approach to a Barge Canal Terminal it is similar to the one relating to Dupont Street, and in order that there may be no delay in advancing it when the street plan has been definitely determined upon, I would recommend that the Corporation Counsel be requested to take steps to secure legislation that will insure the payment by the State of New York of the assessment which will probably be levied upon the Barge Canal Terminal property in Long Island City in connection with the proposed proceeding for acquiring title to Rogers Street or a substitute street as an approach to this terminal.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Which was referred to the Corporation Counsel.

Bureau of Contract Supervision.

President, Borough of Manhattan—Approval of Increased Estimate of Cost (Cal. No. 103).

(On September 21, 1917 (Cal. No. 129), the Board approved the estimate of cost for this work at \$26,702.50.)

The Secretary presented a communication dated October 16, 1917, from the President, Borough of Manhattan, requesting approval of increased estimate of cost, to the amount of \$31,205.80, for widening, and repaving with wood block pavement 59th Street from Third to Fifth Avenues, Borough of Manhattan; and the following report of the Bureau of Contract Supervision, recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On October 16, 1917, the Acting President, Borough of Manhattan, addressed a communication to the Board of Estimate and Apportionment requesting the approval by the Board of an increased estimate of cost in the amount of \$31,205.80 for widening and repaving with wood block pavement 59th Street, from Third to Fifth Avenues, Borough of Manhattan.

On September 21, 1917, the Board approved the form of contract, specifications and estimate of cost in the amount of \$26,702.50 for this work.

Bids were opened on October 10, 1917, and \$31,205.80 was the lowest bid received.

The cost is to be charged to the corporate stock fund "C. P. M.—48A," authorized for the purpose, in which there is sufficient balance to provide for the excess cost.

In view of the existing market conditions both as to material and labor, I think the Board may properly approve the request of the Acting President by the adoption of the attached resolution.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans, specifications and increased estimate of cost in the amount of \$31,205.80, for widening and repaving with wood block pavement, and work incidental thereto, 59th Street, from Third to Fifth Avenues, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan; this action being in substitution for action of September 21, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Approval of Increased Estimate of Cost (Cal. No. 104).

(On June 1, 1917 (Cal. No. 98), the Board approved the estimate of cost for this work, at \$33,874.)

The Secretary presented a communication dated November 26, 1917, from the President, Borough of Manhattan, requesting approval of increased estimate of cost, to the amount of \$35,194.43, for repaving Transverse Road No. 4, Central Park, and the following report of the Bureau of Contract Supervision, recommending approval thereof:

December 7, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 26, 1917, the President, Borough of Manhattan, forwarded a communication to the Board of Estimate and Apportionment, requesting the approval by the Board of an increased estimate of cost in the amount of \$35,194.43 for repaving Transverse Road No. 4, Central Park, Borough of Manhattan.

On June 1, 1917, the Board of Estimate approved an increased estimate of cost for this work in the amount of \$33,874.

The communication of the Borough President states that, as the work progressed it became necessary to modify the curb lines, which increased the area of sidewalk which had to be restored, thereby increasing the cost by \$1,320.43.

This increase is a trifle under four per cent. of the amount of the contract and there is sufficient balance in the fund to meet it.

I recommend the adoption of the attached resolution approving the increased cost. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby amends its resolution adopted on June 1, 1917, approving the form of contract, plans, modified specifications and increased estimate of cost in the amount of thirty-three thousand eight hundred and seventy-four dollars (\$33,874) for repaving Transverse Road No. 4, Central Park, Borough of Manhattan, with Portland cement and concrete pavement, under the jurisdiction of the President of the Borough of Manhattan, the cost to be charged to the corporate stock fund "CPM—55, Repaving Transverse Roads Nos. 1, 2 and 4, Central Park, Borough of Manhattan," by increasing the estimate of cost from thirty-three thousand eight hundred and seventy-four dollars (\$33,874) to thirty-five thousand one hundred and ninety-four dollars and forty-three cents (\$35,194.43).

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Expenditure of Corporate Stock Funds (Cal. No. 105).

The Secretary presented two communications, dated December 1 and 4, 1917, from the President, Borough of Manhattan, requesting permission to expend \$1,030 to provide examining rooms, a doctor's office and three lavatories on the third floor of the Children's Court Building; and the following report of the Bureau of Contract Supervision relative thereto:

December 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 1, 1917, and December 4, 1917, you referred to this Bureau two communications from the President of the Borough of Manhattan requesting approval of the expenditure of corporate stock funds, as follows:

Plumbing Work	\$250 00
General Construction Work	780 00

Total	\$1,030 00
-------------	------------

This expenditure is to provide examination rooms and a doctor's office on the third floor of the Children's Court Building and for installing a lavatory in each of three of the rooms.

The cost of the work is to be charged to the corporate stock fund entitled "C. P. M. 49-A, Erection, Equipment and Furnishing of New Buildings for Children's Court, First Division, Borough of Manhattan," in which on December 11, 1917, there remained an unencumbered balance of \$23,799.53.

Section 39-A of chapter 691 of the Laws of 1913 provides for the appointment by the Mayor of three physicians and also for their expenses in order to examine the mentality of children whom the Justices of the Children's Court believe may be mentally defective and may require special care and treatment.

The three physicians provided for in the above section were appointed by the Mayor on January 1, 1917.

The General Construction will provide examining rooms and a doctor's office in which to make the examinations, by dividing with partitions the present large room in the northwest corner of the third floor, including new doors and trim, all to match the existing adjoining work of the present building. Two of the existing rooms on this floor are now used by doctors.

The plumbing work will provide for installing a lavatory in each of three of the rooms, including the connections to the existing drainage system and water supply lines.

In addition to the two items for which approval is requested, certain electrical work will be necessary. This work is estimated to cost \$127.

The President of the Borough of Manhattan has obtained bids for the work included in the two requests. The lowest bids received for each of the items is as follows:

For plumbing work, the lowest of four bids was.....	\$240 50
For general construction work, the lowest of five bids was.....	780 00

Total.....	\$1,020 50
------------	------------

I recommend the adoption of the attached resolution approving the expenditure of \$1,020.50 for this work, subject to the provision of section 419 of the Charter. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment in accordance with its resolution of July 11, 1912, and subject to the provisions of section 419 of the Charter, hereby approves of the expenditure by the President of the Borough of Manhattan, of one thousand twenty dollars and fifty cents (\$1,020.50), as follows:

For Plumbing Work, two hundred and forty dollars and fifty cents (\$240.50).

For General Construction Work, seven hundred and eighty dollars (\$780).

—to provide examining rooms, a doctor's office and to install three lavatories on the third floor of the Children's Court Building, No. 137 East 22d Street, Borough of Manhattan, to be charged to the corporate stock fund "C.P.M. 49-A, Erection, Equipment and Furnishing of New Building for Children's Court, First District, Borough of Manhattan."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, The Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval and Disapproval of Contracts, Specifications, Plans, Etc., and Approval of Increased Estimates of Cost (Cal. No. 106).

The Secretary presented five communications dated October 30, November 6, 8, 9 and 16, 1917, from the Department of Education, transmitting contracts, plans, specifications and estimate of cost and increased estimates of cost, in connection with work and equipment, relative to duplicate schools, in the Boroughs of The Bronx and Brooklyn; and the following report of the Bureau of Contract Supervision relative thereto:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—Communications from the Board of Education, all relating to duplicate schools, were referred by you to the Bureau of Contract Supervision, as follows:

Date of Communication and Purpose of the Request.

October 30, 1917—

One (in Part).

Approval of specifications for completing bookbinding equipment at Public School 50, Borough of The Bronx, estimated cost \$990, to be charged to the

corporate stock fund entitled "C D E 145, School Buildings, Borough of The Bronx, Alteration and Equipment of Specified Schools."

Two.

Approval of new estimates of cost for tool equipment for shops, items E, L and M, in Public Schools 10, 23, 25, 37, 39, 51 and 52, Borough of The Bronx, as follows:

Item E	\$18,179 63
Item L	1,098 41
Item M	1,760 00

Total \$21,038 04

The costs to be charged to the fund "C D E 145."

Three.

November 7, 1917—

(1) Approval of specifications and plans for opera chairs at Public School 173, Borough of Brooklyn, estimated cost \$590, to be charged to the corporate stock fund "C D E 143, School Buildings, Borough of Brooklyn, Alteration and Equipment of Specified Schools."

(2) Approval of specifications and plans for opera chairs at Public School 175, Borough of Brooklyn, estimated cost \$595, to be charged to the corporate stock fund "C D E 143."

Four.

November 8, 1917—

(1) Approval of the form of contract, specifications, plans and estimates of cost for alterations, fire protection, sanitary, heating, electric work, etc., at Public Schools 83 and 132, Borough of Brooklyn, as follows:

Item 1, General Construction	\$19,610 00
Item 2, Sanitary Work	1,995 00
Item 4, Electric Work	8,978 00

Total \$30,583 00

Item 2, Sanitary Work \$2,987 00
—the costs to be charged to the fund "C D E 143."

(2) Approval of the form of contract, specifications, plans and estimates of cost for furniture for Public School 83, Borough of Brooklyn, as follows:

Item 1	\$1,086 00
Item 2	1,070 00
Item 3	620 00
Item 4	2,890 00
Item 5	462 00
Item 6	2,165 00
Item 8	384 00

Total \$8,677 00

—the cost to be charged to the fund "C D E 143."

(3) Approval of the form of contract, specifications, plans and estimates of cost for alterations and additions to the heating and ventilating apparatus in Public Schools 10, 13, 20, 23 and 25, Borough of The Bronx, as follows:

Public School 10	\$4,500 00
Public School 13	1,590 00
Public School 20	5,200 00
Public School 23	2,350 00
Public School 25	2,100 00

Total \$15,740 00

—the cost to be charged to the fund "C D E 143."

Five.

November 9, 1917—

Approval of specifications and estimates of cost for the following:

(1) Installing gas power line at Public School 55, Borough of The Bronx, estimated cost \$245, to be charged to the corporate stock fund entitled "C D E 110-L, School Buildings, Construction and Equipment, The Bronx, Subtitle 11."

(2) Teachers' desks for libraries at various public schools, Borough of The Bronx, estimated cost \$293, to be charged to the fund entitled "C D E 145."

(3) Sewing machines for various public schools, Borough of The Bronx, estimated cost \$1,480, to be charged to the fund "C D E 145."

(4) Opera chairs for music room 309 at Public School 150, Borough of Brooklyn, estimated cost \$585, to be charged to the fund "C D E 143."

Six.

November 19, 1917—

Approval of request, dated October 23, 1917, for approval of a new estimate of cost in the sum of \$984 for alterations to radiators, coils, etc., at Public School 25, Borough of The Bronx, the cost to be charged to the fund "C D E 145."

All of the work and equipment for which approval is requested in these communications is in connection with the alteration and equipment of school buildings for the duplicate school plan of organization.

The facts in relation to the requests are as follows:

One.

At Public School 50, The Bronx, the alterations for the duplicate school organization provide a bookbinding shop in Room 409.

On June 8, 1917, your Board approved specifications for part of the equipment for this shop, consisting of one paper cutter, one punching and eyelet machine, one round cornering machine, one bookbinder's shears, one strawboard shears, and miscellaneous small items of equipment.

The specifications now submitted provide for a bookbinder's cabinet, a foot power wire stitcher, brass type, small tools, a paring stone, a lettering pallet and a stamping press.

The additional equipment will eventually be necessary to complete the bookbinding shop equipment.

I recommend that the request be disapproved.

Two.

On August 6, 1917, the Comptroller approved the form of contract, specifications and plans for tool equipment for shops for Public Schools 10, 23, 25, 37, 39, 51 and 52, The Bronx, Items E, L, and M, at an aggregate estimated cost of \$20,000 for the three items.

On August 27, 1917, the Board of Education received bids, the lowest on each of the items being as follows:

Item E, American Type Founders Company.....	\$18,179 63
Item L, American Type Founders Company.....	1,098 41
Item M, Frank Tracy	1,760 00

Total \$21,038 04

The total of the low bids for the three items exceeds the amount approved by \$1,038.04.

On August 29, 1917, the Board of Education, in error, awarded contracts for these items, but through inadvertence, omitted to obtain the approval of the increased cost by the Board of Estimate and Apportionment, in accordance with the provisions of the approval of August 6, 1917. The contracts have not been registered by the Department of Finance for this reason.

The contractors, when notified by the Board of Education of the awards, proceeded with the work and ordered material and equipment immediately in order to obtain such material and equipment at the prices upon which the bids were based and before advances in such prices should occur.

The American Type Founders Company, to whom the contracts were awarded for items E and L, state that approximately seventy-five per cent. of the equipment called for in these items is ready for delivery to the schools.

Mr. Frank Tracy to whom the contract for Item M was awarded, states that eighty per cent. of the equipment specified in this item is ready for delivery.

Under Item E there are to be delivered to each of the seven schools the following equipment:

Two printing presses, with electric drive; one paper cutter, one proof press, one wire stitcher, an assortment of type and small tools. Under Item L, the following equipment is specified for the printing shop at Public School 10, Borough of The

Bronx: One bookbinder's cabinet, one punching and eyeletting machine, one round cornering machine, and assortment of brass type and small tools, one bookbinder's shears and one strawboard shears. Under Item M, there are to be delivered and set up in the art metal shop at Public School 10, The Bronx, the following equipment: One motor driven pressure blower, one air storage tank, an assortment of small tools, one motor driven twelve inch lathe with an assortment of metal spinning tools.

Some of the equipment is of special manufacture, and having been prepared for delivery by the contractors, will cause loss to them if not accepted by the City.

It is probable that the Department of Education, in the event that the plan of the duplicate school organizations should be altered, will find use for the equipment in a vocational school or one of the high schools.

In view of the conditions in this case and in order to avoid causing financial loss to the contractors who, acting on the award of the contracts by the Department of Education, proceeded with the contracts, I recommend that the increased estimate of cost in the aggregate of \$21,038.04 for the three items be approved.

Three.

(1) and (2). At Public Schools 173 and 175, Borough of Brooklyn, it is proposed to remove the pupils' desks and seats from rooms 301 and 401, respectively, and install tablet arm chairs in order to provide music rooms at these schools in conformity with the duplicate school organizations. No work has been performed in either of these rooms, both rooms being in use as classrooms at the present time. I recommend *disapproval* of this request.

Four.

(1) and (2). On November 9, 1917, your Board disapproved the form of contract, specifications, plans and estimates of cost for alterations, fire protection, sanitary and electric work and for furniture for Public School 83, Borough of Brooklyn, and for sanitary alterations at Public School 132, Borough of Brooklyn.

At Public School 83, Brooklyn, no work has been contracted for in connection with alterations or equipment for the proposed duplicate school reorganization. No further action on contracts in connection with work or equipment at this school is necessary.

At Public School 132, Brooklyn, which is a duplicate school, construction alterations have been completed and the school reorganized as a girls' school, by transferring 972 girls from Public School 23, which has been reorganized as a boys' school. The toilet accommodations at Public School 132 are inadequate for the girls. The Principal of the school states that the Department of Health has threatened to close the school because of the lack of sufficient toilets, and also states that the school will in all probability be continued as a girls' school. It is urgent that the sanitary alterations be proceeded with in order to provide necessary toilet accommodations for the girls.

On November 9, 1917, your Board disapproved the form of contract, specifications, plans and estimate of cost, \$2,600, for this work. On November 5, 1917, the Board of Education opened bids, the lowest bidders being Christopher Nally and Joseph Graf, each of whom bid \$2,987. The contract was awarded to Joseph Graf, pending approval by the Board of Estimate and Apportionment. I recommend, for the reasons stated, that this contract be approved at the estimated cost of \$2,987.

(3). On November 9, 1917, your Board disapproved the form of contract, specifications, plans and estimates of cost for alterations and additions to heating and ventilating work at Public Schools 10, 13, 20, 23 and 25, Borough of The Bronx. An examination of these buildings shows that contracts for structural changes are under way at Public Schools 10, 13, 23 and 25.

The alterations proposed to the heating and ventilating apparatus, as specified, while ultimately necessary to provide proper heating and ventilation for these buildings, under the duplicate school organization, may be deferred for the present without interfering with the use of the buildings. At Public School 20 alterations to the building have not yet been started, with the exception of the removal of two unused boilers from the basement. No further action at the present time is necessary.

Five.

(1). At Public School 55, The Bronx, a gas supply line is proposed to be installed to furnish a supply of gas to the tables of the art metal shop and domestic science room. These are part of the duplicate school plan in operation at this school. The tables have not yet been contracted for. Action on these specifications for the gas power lines may be deferred. I recommend *disapproval* of this request.

(2) and (3). The equipment of desks and sewing machines is to be furnished to Public Schools 10, 23, 25, 37, 39, 51 and 52, Borough of The Bronx. This equipment is to be used in connection with the duplicate school organizations at these schools. Action on this request may be deferred for the present, the necessary alterations in these schools being not yet completed. I recommend *disapproval* of the request.

(4). At Public School 150, Borough of Brooklyn, the pupils' desks and seats are proposed to be removed from room 309 and opera chairs installed, to form a music room in connection with the duplicate school organization. Action on this request may be deferred. I recommend *disapproval* of the request.

Six.

On October 26, 1917, your Board disapproved the specifications and estimate of cost, \$975, for alterations to radiators, coils and riser casings at Public School 25, Borough of The Bronx. Five estimates have been received by the Board of Education for this work, the amount of the lowest bid being \$984. On November 16, 1917, the Board of Education renewed the request that the specifications be approved at the estimated cost of \$984.

Alterations for duplicate school organizations are now in progress at Public School 25, The Bronx. In the progress of these alterations, radiators and coils have to be shifted and certain riser lines changed to new locations and recovered. These alterations to the heating apparatus are provided for in the specifications. The contractor for the building alterations has been hampered and delayed in his work because of the interference of the steam piping.

It is urgent that this specification be approved so that existing conditions may be remedied and the alteration which has been contracted for may proceed. I recommend that this request be granted.

I recommend the adoption of the attached resolutions (four) in accordance with the recommendations herein made. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby *approves* the form of contract, specifications, plans and aggregate estimate of cost, twenty-one thousand and thirty-eight dollars and four cents (\$21,038.04) for tool equipment for shops, Items E, L and M, for Public Schools 10, 23, 25, 37, 39, 51 and 52, Borough of The Bronx, under the jurisdiction of the Department of Education, this action being amendatory of the approval by the Comptroller dated August 6, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby *approves* the form of contract, specifications, plans and estimate of cost, two thousand nine hundred and eighty-seven dollars (\$2,987), for sanitary work at Public School 132, Borough of Brooklyn, under the jurisdiction of the Department of Education, the cost to be charged to the corporate stock fund entitled "C. D. E.—143, School Buildings, Borough of Brooklyn, Alteration and Equipment of Specified Schools," provided that if no bids are received for said work, within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment or by any official designated by the Board, provided that any of the bids is within the amount authorized, and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby *approves* the specifications and estimate of cost, nine hundred and eighty-four dollars (\$984), for alterations to radiators, coils and

riser casings at Public School 25, Borough of The Bronx, under the jurisdiction of the Department of Education, the cost to be charged to the corporate stock fund entitled "C. D. E.—145, School Buildings, Borough of The Bronx, alteration and Equipment of Specified Schools," this action being amendatory of the approval by the Comptroller dated August 8, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby *disapproves* the following work, under the jurisdiction of the Department of Education:

- (1) Specifications for completing bookbinding shop equipment at Public School 50, Borough of The Bronx; estimated cost, \$990.
- (2) Specifications and plans for opera chairs at Public Schools 173 and 175, Borough of Brooklyn; estimated cost, \$590 and \$595, respectively.
- (3) Specifications for installing gas power line at Public School 55, Borough of The Bronx; estimated cost, \$245.
- (4) Specifications for Teachers' desks for libraries at various public schools, Borough of The Bronx; estimated cost, \$293.
- (5) Specifications for sewing machines for various public schools, Borough of The Bronx; estimated cost, \$1,480.
- (6) Specifications for opera chairs for music room at Public School 150, Borough of Brooklyn; estimated cost, \$585.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval of Specifications, Etc. (Cal. No. 107).

The Secretary presented three communications, dated November 23, 30 and December 1, 1917, from the Department of Education, transmitting contracts, plans, specifications and estimate of cost in connection with work and equipment, relative to duplicate schools, in the Boroughs of Brooklyn and The Bronx; and the following report of the Bureau of Contract Supervision relative thereto:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—Communications from the Board of Education, all relating to duplicate schools, were referred by you to the Bureau of Contract Supervision, as follows:

Date of Communication and Purpose of the Request.

November 23, 1917—

One.

Approval of the form of contract, specifications and estimate of cost, \$3,091, for gymnasium apparatus in Public Schools 66 and 109, Borough of Brooklyn, the cost to be charged to the corporate stock fund entitled "C. D. E. 143, School Buildings, Borough of Brooklyn, Alteration and Equipment of Specified Schools."

November 30, 1917—

Two.

Approval of the form of contract, specifications and estimate of cost, \$1,800, for furnishing and installing new locks on doors of special rooms at Public Schools 50, 66, 72, 110, 125, 126, 132, 143, 149, 150, 156, 165, 173, 174 and 175, Borough of Brooklyn, the cost to be charged to the corporate stock fund "C. D. E. 143."

Three.

December 1, 1917—

Approval of the form of contract, specifications, plans and estimate of cost, \$18,000, for forming a playground adjacent to Public School 45, Borough of The Bronx, the cost to be charged to the corporate stock fund entitled "C. D. E. 145A, School Buildings, Borough of The Bronx, Construction and Equipment of Playgrounds for Specified Schools."

Four.

November 11, 1917 (in Part)—

Approval of specifications and estimate of cost, \$360, for furniture for natatorium at Public School 66, Borough of Brooklyn.

Approval of specifications and estimate of cost, \$700, for machine equipment for woodworking shop at Public School 170, Borough of Brooklyn, the costs to be charged to the corporate stock fund entitled "C. D. E. 143, School Buildings, Borough of Brooklyn, Alteration and Equipment of Specified Schools."

The facts in relation to these requests are as follows:

One.

At Public Schools 66 and 109, Brooklyn, the alterations for the duplicate school organization are now practically completed. A new gymnasium has been formed in each of these buildings. These gymnasiums have no equipment. The specifications provide for furnishing to each school the following equipment: Indoor basketball goals, climbing ropes, dumbbells and cabinets, wands and racks, jump mats, linen tapes, anthropometer, scales, game cabinets, stadiometers, medicine balls, mattresses, chinning bars, jump stand, curtain ball outfits, Indian clubs, platforms and horizontal ladders. Certain equipment at present in the buildings which was used in the former gymnasiums is to be removed to the storehouse, where it will be repaired and put in condition for use at other schools.

Two.

At the schools stated in the Borough of Brooklyn it is proposed to remove the locks on the doors of certain rooms which have been reconstructed as special rooms for the duplicate school plan of organization. These rooms were formerly classrooms and are not equipped with proper locks which will permit locking the rooms to prevent entrance from the outside and at the same time allow of the opening of the door by turning the knob from the inside in order to prevent loss of the equipment now in the rooms and avoid the danger of, accidentally or otherwise, locking a child in a room.

Three.

The specifications and plans provide for forming a playground on the site bounded by East 188th Street, Bathgate Avenue, East 189th Street and Lorillard Place. This site is directly opposite Public School 45, Borough of The Bronx, which is now organized on the duplicate school plan. The playground is necessary to the proper operation of this plan.

It will be surrounded by a chain link wire fence and, as planned, will contain an athletic field for baseball and basketball, park areas, playground space and gardens. All necessary plumbing and drainage work is included in the contract.

Four.

At Public School 66, Brooklyn, the natatorium has just been completed. The specifications now submitted provide for the following equipment: One umbrella stand, seven mirrors, one rug for the office, curtains for locker stalls and dressing rooms, one folding screen, cocoa matting, one key cabinet and twelve stools.

At Public School 170, the specifications provide for the installation of one wood trimmer, one band saw and one speed lathe. The last two machines are to have electric drive.

The forms of contract, specifications and plans herein stated are satisfactory. The estimates of cost are reasonable. The costs are properly chargeable to the funds stated, in which sufficient unencumbered balances remain to pay the estimated costs.

All of the work and equipment herein mentioned are required for the operation of the duplicate school plan of organization and have been approved by the Division of Duplicate Schools of the Board of Education.

It is suggested that, with the exception of the equipment for the natatorium at Public School 66, Brooklyn, the requests be *not approved* pending the determination of a policy with regard to the organization of the public schools of the City by the new Board of Education which will shortly be constituted.

Approval of the equipment of the natatorium at Public School 66, Brooklyn, is recommended, because this equipment is necessary to put to use the swimming pool which has just been completed and which may be used in any scheme of school organization either during or outside of school hours.

The attached resolution approving the requests is submitted for your consideration.

I recommend the adoption of this resolution only in so far as it relates to item 4, for the equipment of the natatorium at Public School 66, Brooklyn. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the specifications and estimate of cost, three hundred and sixty dollars (\$360) for furniture for natatorium at Public School 66, Borough of Brooklyn, under the jurisdiction of the Department of Education, the cost to be charged to the fund "C. D. E. 143"; provided that if no bids are received for said work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment or by any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval of Contract, Specifications, Plans, Etc. (Cal. No. 108).

The Secretary presented a report of the Bureau of Contract Supervision, recommending denial of the request of the Department of Education for approval of the form of contract, specifications, plans and estimate of cost, \$3,800, for alterations to Public School 101 (Portable School Building) Borough of Queens.

Which matter was laid over one week (December 21, 1917).

Park Department, Borough of Queens—Amendment of Resolution Approving Contract for Architectural Services (Cal. No. 109).

(On November 16, 1917 (Cal. No. 78), the Board approved form of final contract for architectural services with Erdmann & Hahn in connection with the construction of a service building for the Park Department, Borough of Queens.)

The Secretary presented the following report of the Bureau of Contract Supervision:

December 7, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1917, Deputy Comptroller Fisher requested amendment of a resolution adopted by your Board on November 16, 1917, approving form of final contract for architectural services with Erdmann & Hahn, in connection with the construction of a service building for the Park Department, Queens.

The contract provides for compensation at flat rate of five per cent., less \$300 already provided for in the preliminary contract. Through an error, the amount of the preliminary contract was deducted twice and the resolution, as adopted, provides for a total payment to the architects of \$1,307.72, whereas it should provide for a total payment of \$1,607.72.

The attached resolution, if adopted, will rectify this error.

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on November 16, 1917, approving the form of proposed final contract for the services of Erdmann & Hahn, 101 Park Avenue, New York City, as architects, in connection with the construction of a service building in Forest Park, Queens, under the jurisdiction of the Department of Parks, Borough of Queens, be and is hereby amended by striking out the words and figures "thirteen hundred and seven dollars and seventy-two cents (\$1,307.72)" and substituting therefor the words and figures "sixteen hundred and seven dollars and seventy-two cents (\$1,607.72)."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Approval of Contract, Specifications, Etc. (Cal. No. 110).

The Secretary presented a report of the Bureau of Contract Supervision recommending approval of the form of contract, specifications and estimate of cost, \$32,500, for five (5) motor-driven hose wagons and pumps for the Fire Department.

Which matter was laid over one week (December 21, 1917).

Fire Department—Approval of Contract, Specifications, Etc. (Cal. No. 111).

The Secretary presented a report of the Bureau of Contract Supervision recommending approval of the form of contract, specifications and estimate of cost, \$5,000, for one (1) four-wheel motor-driven tractor for water tower No. 3, for the Fire Department.

Which matter was laid over one week (December 21, 1917).

Armory Board—Approval of Plans, Specifications, Etc., and Approval of Contract of Architects (Cal. No. 112).

The Secretary presented the following report of the Bureau of Contract Supervision:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 10, 1917, there was received by the Bureau of Contract Supervision a communication from the Secretary of the Armory Board, requesting the approval of plans and specifications for the "installation of exit, stairs, etc.," at the 71st Regiment Armory, 34th street and Park Avenue, Borough of Manhattan, prepared by Messrs. Clinton and Russell, architects; also the preliminary and final contracts for the services of said architects in this matter.

The estimated cost of this work is \$5,500, including architects' fees, and is payable from the corporate stock fund "C. A. B. 41, Armory Fund, 71st Regiment, Construction and Erection," in which there is an unencumbered balance of \$8,513.27.

In December, 1914, in order to temporarily meet the orders of the Fire Prevention Bureau, three temporary wooden doors and stairways have been constructed from the drill room floor to 33d street.

The work included in the submitted specifications and plans consists of the construction of iron exterior stairways and fireproof doors which should have been included in the original construction of the buildings.

On October 16 and October 25, 1917, the Secretary of the Armory Board was summoned before the Grand Jury in reference to these wooden stairs and was threatened with indictment unless this matter was attended to.

This work is necessary, the plans and specifications are satisfactory, the estimate of cost is based on informal bids received by the architects and is reasonable.

On June 17, 1917, the Armory Board appointed Messrs. Clinton and Russell, architects, to prepare plans and specifications for "fire exits, etc.," at the 71st Infantry Armory and the preliminary and final contracts for their service are now submitted for approval.

The preliminary contract provides for a fee of \$50 on completion of the preliminary plans. In the final contract the fee is seven and one-half per cent. (7½%) of the total estimated cost, including architects' fees, \$5,500, less the fee paid under the preliminary contract, making the estimated cost on the final, \$334.

The forms of contract are standard, but should be approved by the Corporation Counsel.

I recommend the adoption of the attached resolution granting the requested approvals. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the plans, specifications and estimate of cost, including architect's fees, in the sum of five thousand five hundred dollars (\$5,500) for the installation of permanent exit, stairs and fireproof doors at the 71st Regiment Armory, 34th Street and Park Avenue, Borough of Manhattan, under the jurisdiction of the Armory Board, and further

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of preliminary contract and of the final contract, subject to the approval of the Corporation Counsel for the services of Messrs. Clinton & Russell as architects, for the preparation of drawings and specifications and supervision of installation of permanent exit stairs and fireproof doors at the 71st Regiment Armory, 34th Street and Park Avenue, Borough of Manhattan, at an estimated cost of fifty dollars (\$50) for the preliminary and for the final seven and one-half (7½) per cent. of the total cost of construction, estimated at three hundred and eighty-four dollars (\$384), less the amount paid under the preliminary contract, the cost to be charged to the fund entitled "C. A. B. 41, Armory Fund, 71st Regiment, Construction and Erection."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Health—Approval of Modified Specification (Cal. No. 113).

(On March 17, 1916 (Cal. No. 41), the Board approved the estimate of cost for this work at \$9,400.)

(On May 4, 1917 (Cal. No. 58), the Board approved amended specifications for this work.)

The Secretary presented a communication dated November 23, 1917, from the Commissioner of Health requesting modification of specification for furnishing laundry machinery at the Municipal Sanitarium, Otisville, New York; and the following report of the Bureau of Contract Supervision recommending approval thereof:

December 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 30, 1917, you referred to this Bureau a communication from the Commissioner of Health, dated November 23, 1917, requesting a modification of the specification for steam drying tumbler included in the specifications for furnishing the laundry machinery required to equip the laundry at Municipal Sanitarium, Otisville, N. Y., which were approved by your Board on May 4, 1917.

The specifications approved by you would permit the purchase of all the standard types of tumblers on the market at that time. Since then, however, other machines have been introduced which are considered by the engineers of this bureau to be equally suitable for the purpose, but which could not be purchased under the approved specification.

It is for the purpose of including all types equally suitable for the purpose and to broaden competition that the request for modification of specification is made.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the modification of the specification for the steam drying tumbler included in the specification for furnishing the laundry machinery to equip the laundry at the Municipal Sanitarium at Otisville, N. Y., approved on May 4, 1917, under the jurisdiction of the Department of Health.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval of Contract, Specifications, Plans, Etc. (Cal. No. 114).

The Secretary presented a report of the Bureau of Contract Supervision recommending approval of the form of contract, plans and estimate of cost, \$15,414, for a new Portable School Building at Mermaid avenue, between W. 31st street and W. 32d street, Borough of Brooklyn, under the jurisdiction of the Department of Education.

Which was laid over one week (December 21, 1917).

Department of Public Charities—Expenditure of Corporate Stock Funds (Cal. No. 115).

The Secretary presented a communication dated November 21, 1917, from the Commissioner of Public Charities, requesting permission to expend \$9,000 for plastering the walls of the 21 pavilion buildings, omitted in original contract for buildings now in course of construction at Sea View Hospital; and the following report of the Bureau of Contract Supervision recommending approval thereof:

December 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1917, you referred to the Bureau of Contract Supervision a communication from the Department of Public Charities, requesting approval of an expenditure of \$9,000 for plastering the walls of the 21 pavilion buildings, which was omitted in the original contract for the buildings which are now in course of construction at Sea View Hospital.

The cost of the proposed work to be paid from the Corporate Stock Fund "C. C. H. 55, Additional Land and Buildings for Sea View Hospital," in which there is an unencumbered balance of only \$7,883.09.

All exterior walls of these pavilions are built of eight inch hollow terra cotta blocks and, due to the unequal thickness of these blocks, the interior walls present a very rough and uneven surface and will be difficult to keep as clean as they should be for hospital purposes.

The original specifications for the construction of the buildings provide for plastering all the ceilings, the side walls of the Day Room and a six-foot high waiscote in the toilet room; the balance of the side walls to be pointed up and receive two coats of cold water paint.

It is now proposed to plaster all the sidewalls not provided in the original contract with two coats of cement plaster and all work incidental thereto, including the construction of new wood bucks to suit the new condition of door openings when this plaster work is to be applied.

The estimate of \$9,000 is based on the total value of the work to be done, less the value of the pointing and painting of these walls, which was specified in the original construction specifications, but which may now be omitted.

The estimate for the plastering necessary in the 21 pavilions, taking into consideration the deductions, averages about \$429 for each pavilion. The 21 pavilions are all alike. This estimate is reasonable.

As there is not sufficient balance in the fund to do all the buildings, it is recommended that as many of the buildings as the fund will allow be done at an estimated cost of \$429 for each pavilion. Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Charter, hereby approves an expenditure for the plastering of the 21 new pavilions at Sea View Hospital, Borough of Richmond, at an estimated net cost under the existing contract of four hundred and twenty-nine dollars (\$429) for each pavilion, to the extent of the amount available in the corporate stock fund entitled "C. C. H. 55, Department of Public Charities, Additional Land and Buildings for Sea View Hospital," to which the cost is to be charged.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Negative—The President of the Borough of Richmond—1.

Department of Water Supply, Gas and Electricity—Expenditure of Corporate Stock Funds (Cal. No. 116).

The Secretary presented five communications dated December 7, 1917, from the Commissioner of Water Supply, Gas and Electricity, requesting permission to expend \$2,926.29 for hauling and laying eight-inch water pipe in various streets in the Borough of Brooklyn; and the following report of the Bureau of Contract Supervision recommending approval thereof:

December 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 8, 1917, you referred to the Bureau of Contract Supervision five communications from the Commissioner of Water Supply, Gas and Electricity, dated December 7, 1917, requesting permission to make expenditures for work as follows:

\$610.63 for hauling and laying about 625 feet of new eight-inch water main and appurtenances in Thatford Avenue, between Newport and Riverdale Avenues, Brooklyn.

\$533.62 for hauling and laying about 440 feet of eight-inch pipe and appurtenances in 78th Street, from 5th Avenue, east, Brooklyn.

\$620.85 for hauling and laying about 500 feet of eight-inch pipe in 80th Street, from 10th Avenue, west, Brooklyn.

\$788.94 for hauling and laying about 770 feet of eight-inch pipe in Crown Street, from Troy Avenue to Albany Avenue, Brooklyn.

\$372.25 for hauling and laying about 300 feet of eight-inch pipe in 68th Street, from 7th Avenue to Stewarts Avenue, Brooklyn.

The cost of all of the contracts is to be charged against the corporate stock fund "C D W 12," in which there is sufficient balance for the proposed expenditures.

The work is urged at this time because contracts have been signed for paving the streets and the proposed extension should be made in advance of the paving.

The estimates of cost are the lowest of several bids and are reasonable.

I recommend the adoption of the attached resolution approving the requests.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Greater New York Charter, hereby grants permission to the Commissioner of Water Supply, Gas and Electricity to make expenditures as follows:

Six hundred and ten dollars and sixty-three cents (\$610.63) for hauling and laying a new eight-inch water main and appurtenances in Thatford Avenue, between Newport and Riverdale Avenues, Brooklyn.

Five hundred and thirty-three dollars and sixty-two cents (\$533.62) for hauling and laying a new eight-inch water main and appurtenances in 78th Street, from 5th Avenue, east, Brooklyn.

Six hundred and twenty dollars and eighty-five cents (\$620.85) for hauling and laying new eight-inch water pipe and appurtenances in 80th Street, from 10th Avenue, west, Brooklyn.

Seven hundred and eighty-eight dollars and ninety-four cents (\$788.94) for hauling and laying new eight-inch water pipe and appurtenances in Crown Street, from Troy Avenue to Albany Avenue, Brooklyn.

Three hundred and seventy-two dollars and twenty-five cents (\$372.25) for hauling and laying new eight-inch water pipe and appurtenances in 68th Street, from 7th Avenue to Stewarts Avenue, Brooklyn.

—all five contracts to be charged against the corporate stock fund "C D W 12, Water Fund, Borough of Brooklyn."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Expenditure of Corporate Stock Funds (Cal. No. 117).

The Secretary presented a communication dated December 4, 1917, from the Commissioner of Water Supply, Gas and Electricity, requesting permission to expend \$918 for laying water mains and appurtenances in Sixth Avenue, between 33rd and 34th Streets, Borough of Manhattan; and the following report of the Bureau of Contract Supervision recommending approval thereof:

December 6, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 5, 1917, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Water Supply, Gas and Electricity, dated December 4, 1917, requesting permission to make an expenditure of \$918 for laying water mains and appurtenances in Sixth Avenue, between 33rd and 34th Streets, Borough of Manhattan; the cost to be charged against the corporate stock fund C. D. W.—13, Water Fund, Boroughs of Manhattan and The Bronx, in which there is a sufficient unencumbered balance for the purpose.

The work consists in laying about 320 feet of new 20-inch water pipe in Sixth Avenue and Broadway, to fill the present gap in the 20-inch main in Sixth Avenue, between 33rd and 34th Streets, setting two new hydrants and one new 12-inch valve, removing a present 12-inch valve and roundabout, replacing a present 3-way and a reducer with straight pipe and connecting the new 20-inch main with the present 12-inch main in 34th Street.

The laying of the new main is necessary for the proper distribution of the new Catskill supply below 34th Street, and should be done before the present subway excavation has been backfilled. The minor changes in the present system are incidental to the work. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the request.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Greater New York Charter, hereby grants permission to the Commissioner of Water Supply, Gas and Electricity to make an expenditure of nine hundred and eighteen dollars (\$918) for laying a twenty-inch water main in Sixth Avenue and Broadway, between 33d and 34th streets, Borough of Manhattan, and making changes in the present distribution system incidental thereto, to be charged against the corporate stock fund "C. D. W.—13, Water Fund, Boroughs of Manhattan and The Bronx."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Plant and Structures—Approval of Increased Estimate of Cost (Cal. No. 118).

The Secretary presented a report of the Bureau of Contract Supervision recommending approval of an increased estimate of cost in the amount of \$113,500 for making the improvement at the southerly side of the Manhattan Plaza of the Manhattan Bridge, under the jurisdiction of the Department of Plant and Structures, said approval to be contingent upon favorable action on No. 54 on this calendar.

Which was laid over one week (December 21, 1917).

LOCAL IMPROVEMENTS.

Preliminary Authorization.

Borough of Manhattan.

Clarkson Street, from the Hudson River to Varick Street; West Street, from Clarkson Street to Canal Street; Intersection of West Street with Canal Street; Canal Street, from the Treatment Plant to a Point About 200 Feet West of the Pierhead Line, Borough of Manhattan—Sanitary and Storm Water Sewers, Treatment Plant, Pumping Station, Etc. (Cal. No. 119).

The Secretary presented a joint resolution adopted November 20, 1917, by the Local Boards of the Greenwich, Murray Hill and Bowery Districts Borough of Manhattan, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17255.

December 8, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a joint resolution of the Local Boards of the Greenwich, Murray Hill and Bowery Districts, Borough of Manhattan, adopted on November 20, 1917, initiating proceedings for constructing sanitary and storm water sewers in Clarkson Street from the Hudson River to Varick Street, an intercepting sanitary sewer in West Street from Clarkson Street to Canal Street, a treatment plant and pumping station at the intersection of West Street with Canal Street, and an outlet along the prolongation of Canal Street from the treatment plant to a point about 200 feet west of the pierhead line.

This resolution affects four blocks of Clarkson Street and five blocks of West Street with an aggregate length of about 2,900 feet, and the outlet from the treatment plant will have a length of about 3,400 feet.

On April 13 and November 30, 1917, the Board approved plans for the drainage of Sewerage Districts Nos. 20-DE, 20-DG and 3-CS, these relating to about 460 acres between Lafayette Street and West Street and extending from Canal Street northwardly to about West 13th Street. The plans embodied a general revision of the drainage map so as to provide sewers of adequate capacity and as far as practicable of sufficient depth. Under the new scheme the existing combined sewers in a number of streets, these including the trunk in 6th Avenue, the reconstruction of which has been made the subject of a Local Board resolution, Carmine Street and Clarkson Street, are to be entirely replaced by sewers at a substantially lower elevation designed in the separate system, of which the sanitary trunk will outlet through an interceptor in West Street delivering its flow into a treatment plant to be located at the intersection of West Street and Canal Street. The method of treatment has not as yet

been definitely determined upon, but the effluent will be pumped and outletted by gravity along the pier at the foot of Canal Street and carried into deep water through three separate submerged pipes, insuring a proper diffusion. The necessity of reconstructing a number of laterals in the upstream section has already been brought to the attention of the Board and the inadequacy and poor physical condition of the 6th Avenue trunk, to which reference has been made, seems to be well established. Flooding is said to have occurred in the tributary area to such an extent as to have repeatedly made the City subject to damage suits, but the desirability of a radical modification of the drainage plan has made it necessary to defer relief measures inasmuch as this could only be carried out along rational lines as a part of the permanent system recently determined upon.

The resolution now presented relates to a part only of the work needed to bring the sewers in this system into physical harmony with the present legal plan, and until the plan can be more fully developed only one of the submerged pipes carrying the effluent from the treatment plant is to be provided. The storm water flow from the sewers now described will be discharged at the bulkhead line opposite Clarkson Street, but ultimately two other outlets for surface drainage will have to be provided within the limits of the drainage district. The improvement would result in a manifest betterment of drainage conditions in the tributary area and will also have the effect of eliminating an insanitary condition caused by the discharge of a large volume of raw sewage at the foot of Clarkson Street. It seems reasonable to assume that the continuing of existing conditions for a further brief period would not entail any increased hardship to property owners in the drainage district or any marked change in the pollution of the adjoining waters of the Hudson River.

The work is estimated to cost \$368,300, which amount it should be noted is very materially in excess of the limitation set by the Board under its resolution of July 30, 1914, for single authorizations other than such as are deemed to be entirely exceptional. The Board is advised, however, that the carrying out of this project on the scale proposed will probably result in a minimum cost inasmuch as a Contractor who has procured adequate resources and equipment to warrant the undertaking of a contract amounting to more than \$100,000 could reasonably be expected to be better able to extend his activities to one or more similar projects than could a different individual with practically equal overhead charges to defray. At the same time it is believed that a single Contractor who would be required to carry out the work at three or four different points, which in this case could readily be done on account of its diversified character, could more intelligently plan and advantageously coordinate the work in the various sections so that in the aggregate a minimum contract period will be involved in its completion. The assessed valuation of the property to be benefited is reported to be \$166,096,350.

At the meeting of the Board held on December 7 attention was called by your Engineer to the overdraft on the amount fixed for the value of authorizations to be given during the year 1917 and to the need of limiting favorable action in cases involving large expenditures to such improvements as are of a most urgent character, and instructions were asked as to the policy which the Board proposed to assume in the matter. In the absence of any determination on the part of the Board, no recommendation is made concerning the action to be taken with respect to this resolution, which is placed on the calendar at the request of the Acting Borough President, but although the improvement falls within the classification heretofore set up by the Board as defining urgency, its authorization might properly be postponed for a reasonable period unless the present limitation on the value of authorizations is to be waived in order to leave the way clear for other improvements, the need of which is more pronounced.

In case favorable action is accorded, it should be with the understanding that when the authorization of the construction is requested information will be presented to show that the necessary transfer of jurisdiction in certain City-owned property at the intersection of West Street with Canal Street that it will be necessary to enter upon for the purpose of constructing the treatment plant has been effected. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The Secretary also presented a communication dated December 8, 1917, from the proprietor of The Colborne, 79-81 Washington place, in favor of the improvement.

J. E. Keene, representing Central Mercantile Association, appeared in opposition. Michael Horan appeared in favor.

The following was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Boards of Greenwich, Murray Hill and Bowery Districts, duly adopted by said Boards on the 20th day of November, 1917, and approved by the President of the Borough of Manhattan on the 23d day of November, 1917, initiating proceedings for the following local improvement: Alteration and improvement to the sewerage system of the Borough of Manhattan by the construction of sanitary and storm water sewers in Clarkson street from the bulkhead at the Hudson River to Varick street, an intercepting sanitary sewer in West street from Clarkson street to Canal street, a treatment plant and pumping station in West street near its intersection with Canal street, and an outlet from the treatment plant crossing West street and discharging through one submerged pipe into the Hudson River beyond the pierhead line, together with all work incidental thereto, and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Carmine Street, from Varick Street to 6th Avenue; 6th Avenue, from Carmine Street to West 14th Street, and West 14th Street, from 6th Avenue to a Point About 450 Feet Westerly Therefrom, Borough of Manhattan—Constructing and Reconstructing Sewers (Cal. No. 120).

The Secretary presented a joint resolution adopted by the Local Boards of the Greenwich, Murray Hill and Bowery Districts, Borough of Manhattan, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17273.

December 8, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a joint resolution of the Local Boards of the Greenwich, Murray Hill and Bowery Districts, Borough of Manhattan, adopted on November 20, 1917, initiating proceedings for constructing sanitary sewers in Carmine Street from Varick Street to 6th Avenue, and in 6th Avenue from Carmine Street to West 11th Street; and for reconstructing the existing sewers in Carmine Street from Varick Street to 6th Avenue, in 6th Avenue from Carmine Street to West 14th Street, and in West 14th Street from 6th Avenue to a point about 450 feet westerly therefrom.

This resolution affects lengths varying from a little more than one-half of a long block of West 14th Street to 11 short blocks of 6th Avenue with an aggregate length of about 4,300 feet. From information at hand it appears that the existing sewers in these streets were constructed about 70 years ago. They are stated to be in a dilapidated condition physically and at the same time to be of inadequate depth and capacity. Flooding of adjoining property is said to have frequently occurred causing serious financial losses and subjecting the City to heavy claims for damage.

The project now under consideration involves the bringing of the system into

harmony with a drainage plan approved on April 13, 1917, under which the existing sewers will be entirely replaced by others at a substantially lower elevation designed in the separate system. A Local Board resolution recommending the construction of the continuing outlet sewers in Carmine Street, Clarkson Street and West Street, together with a treatment plant, is now before the Board for consideration. The improvement as a whole would result in a manifest betterment of drainage conditions in the tributary area and will also have the effect of eliminating an insanitary condition at the foot of Clarkson Street, but it seems reasonable to assume that the continuing of existing conditions for a time would not entail any increased hardship to property owners within the benefited area.

The work is estimated to cost \$258,300, which amount it should be noted is very materially in excess of the limitation set by the Board under its resolution of July 30, 1914, on single authorizations other than those deemed entirely exceptional. The Board is advised, however, that the carrying out of the project on the scale proposed will probably result in a minimum cost as well as in its most expeditious completion. The estimated cost of the continuing outlet and the amount of work to be done are somewhat greater than those involved in the tributaries to which this resolution relates, but the Board is advised that it is the intention of the Borough authorities to allow a contract period of two years for each of the projects and that in the lower section the Contractor will be required to carry out the work in several sections, which treatment would seem to be practicable because of the diversified character of the work. Under these conditions the simultaneous completion of the two projects would seem to be assured if the authorizations are given at this time. The assessed valuation of the property to be benefited is reported to be \$134,012,900.

At the meeting of the Board held on December 7 attention was called by your Engineer to the overdraft on the amount fixed for the value of authorizations to be given during the year 1917 and to the need of limiting favorable action in cases involving large expenditures to such improvements as are of a most urgent character, and instructions were asked as to the policy which the Board proposed to assume in the matter. In the absence of any determination on the part of the Board, no recommendation is made concerning the action to be taken with respect to this resolution, which is placed on the calendar at the request of the Acting Borough President, but although the improvement falls within the classification heretofore set up by the Board as defining urgency, its authorization might properly be postponed for a reasonable period unless the present limitation on the value of authorizations is to be waived in order to leave the way clear for other improvements, the need of which is more pronounced.

In case favorable action is accorded, it should be with the understanding that the authorization of the construction will be deferred until the outlet sewers have been provided for. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The Secretary also presented a communication, dated December 5, 1917, from the Acting Principal of the Julia Richman High School, 60 West 13th street, in favor of this improvement.

J. E. Keene, representing Central Mercantile Association, appeared in opposition.

Michael Horan appeared in favor.

The following was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Greenwich, Murray Hill and Bowery Districts, duly adopted by said Boards on the 20th day of November, 1917, and approved by the President of the Borough of Manhattan on the 23d day of November, 1917, initiating proceedings for the following local improvement:

Alteration and improvement to the sewerage system of the Borough of Manhattan by the construction of sanitary sewers and the reconstruction of the existing sewers in Carmine street, from Varick street to Sixth avenue, and in Sixth avenue, from Carmine street to West 11th street; and by the reconstruction of the existing sewers in Sixth avenue, from West 11th street to West 14th street, and in West 14th street, from Sixth avenue to the sewer summit about 450 feet west of Sixth avenue, together with all work incidental thereto; and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of Contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

East 26th Street, from Madison Avenue to the East River; Madison Avenue, from East 25th Street to East 31st Street; East 23d Street at Its Intersection with Madison Avenue; and East 22d Street to the East River, Borough of Manhattan—Sewer and Storm Water Sewer (Cal. No. 121).

The Secretary presented a joint resolution adopted November 20, 1917, by the Local Boards of the Kips Bay and Murray Hill Districts, Borough of Manhattan, initiating proceedings for this improvement; and a report of the Chief Engineer stating that this matter is placed on the calendar at the request of the Borough President, but without recommendation, because no determination has been made with respect to the policy to be pursued as to the serious overdraft made on the allotment of funds for physical improvements, which condition was brought to the attention of the Board on December 7th. The improvement clearly falls within the Board rules defining urgency, but it could be deferred for a brief period unless the Board is prepared to waive the restriction heretofore placed on expenditures of this character.

The Secretary presented eight communications from Easton S. Bacon, Treasurer of the Holland House Company; Alsace Realty Company, owner of Hotel Latham; Lehmaier, Schwartz & Co., Inc.; The Hotel Seville, The New York College of Dentistry, Cox Sons & Vining and Park & Tilford in favor of this improvement; communications from Hess Building Company, No. 432 Fourth Avenue Corporation and Mortgage Associates, Inc., in opposition to this improvement; and communication, dated December 7, 1917, from Patrick Gallagher, submitting copies of correspondence had with the President of the Borough of Manhattan, as a reason for the rejection of the proposition.

Patrick Gallagher, J. R. McAfee and J. E. Keene, representing Central Merchants Association, appeared in opposition.

Charles F. Rogers, owner of Prince George Hotel, appeared in favor.

The Secretary also presented communications from the Metropolitan Life Insurance Company, Phelps Stokes Estates, E. W. Bliss Buildings, Inc., Eugene Dietzgen Company, Inc., and C. S. Hassey, in favor; from David F. Barnett, submitting petitions of clients, in opposition, and from Kranich & Bach and others, requesting to be heard.

The matter was laid over one week (December 21, 1917).

Borough of Brooklyn.

91st Street, from Ridge Boulevard to 3d Avenue, Borough of Brooklyn—Sewer (Cal. No. 122).

The Secretary presented a resolution adopted October 15, 1914, by the Local Board of the Bay Ridge District, Borough of Brooklyn, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17264.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge

District, Borough of Brooklyn, adopted on October 15, 1914, initiating proceedings for constructing a sewer in 91st Street from Ridge Boulevard to 3d Avenue.

This resolution affects one block or about 700 feet of 91st Street, title to which has been legally acquired.

The improvement is petitioned for by six property owners representing 58 per cent. of the frontage which, in the interior lots, is assessed as having a value of \$45 per linear foot.

The work is estimated to cost \$2,400, on which basis the assessment will amount to about \$2 per front foot. The assessed valuation of the property to be benefited is reported to be \$71,350.

An inspection of the ground shows that the street is approximately graded and that the abutting property is entirely unimproved, although the vicinity is one in which building development may be anticipated following the recent provision of adequate transit facilities. The outlet sewer is built. Each of the intersecting streets is paved.

Although this improvement clearly falls within the rules of the Board defining urgency, I am unable to recommend its favorable consideration for the reason that the allotment of funds for preliminary authorizations in this Borough has been exceeded. At the request of the Commissioner of Public Works, however, the matter is placed upon the calendar for such action as may be deemed proper. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 15th day of October, 1914, and approved by the President of the Borough of Brooklyn on the 13th day of November, 1917, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to construct a sewer in 91st Street, from Ridge Boulevard to Third Avenue."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bay Street, from Otsego Street to Columbia Street, Borough of Brooklyn—Sewer (Cal. No. 123).

The Secretary presented a resolution adopted November 7, 1917, by the Local Board of the Heights District, Borough of Brooklyn, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17265.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Heights District, Borough of Brooklyn, adopted on November 7, 1917, initiating proceedings for constructing a sewer in Bay Street from Otsego Street to Columbia Street.

This resolution affects one block, or about 500 feet, at the westerly end of Bay Street, which the Corporation Counsel advises is dedicated to public use.

The improvement is petitioned for by six property owners representing the entire frontage, which, in the interior lots, is assessed as having a value, excluding buildings, of \$25 per linear foot.

The work is estimated to cost \$2,400, on which basis the assessment will amount to about \$4 per front foot. The assessed valuation of the property to be benefited is reported to be \$61,200.

An inspection of the ground shows that an approximately graded roadway is in use without curbing or flagging, and that the abutting property is almost fully improved with buildings used for industrial purposes. The outlet sewers are built.

Although this improvement clearly falls within the rules of the Board defining urgency, I am unable to recommend its favorable consideration for the reason that the allotment of funds for preliminary authorizations in this Borough has been exceeded. At the request of the Commissioner of Public Works, however, the matter is placed upon the calendar for such action as may be deemed proper. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Heights District, duly adopted by said Board on the 7th day of November, 1917, and approved by the President of the Borough of Brooklyn on the 14th day of November, 1917, as follows, to wit:

"Resolved, That the Local Board of the Heights District hereby initiates proceedings to construct a sewer in Bay street, from Otsego street to Columbia street";

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Borough of Queens.

Moore Street, from Queens Boulevard to Hunterspoint Avenue, Borough of Queens—Sewer (Cal. No. 124).

The Secretary presented a resolution adopted August 16, 1917, by the Local Board of the Newtown District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17269.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on August 16, 1917, initiating proceedings for constructing a sewer in Moore Street, from Queens Boulevard to Hunterspoint Avenue.

This resolution affects three blocks or about 2,100 feet at the southerly end of Moore Street, title to which has been legally acquired.

The improvement is petitioned for by two property owners representing a little less than 70 per cent. of the frontage, which, in the interior lots, is assessed as having a value, excluding buildings, ranging from \$36 to \$72 per linear foot.

The work is estimated to cost about \$6,700, on which basis the assessment will amount to about \$2 per front foot. The assessed valuation of the land to be benefited is reported to be \$141,600.

An inspection of the ground shows that the street is not in use excepting in the northerly block where it is graded, and that the abutting property is almost entirely unimproved. The street, however, is located in a territory where it is believed that intensive building development is about to be begun following the recent provision of transit facilities. The outlet sewer is built.

Although this improvement clearly falls within the rules of the Board defining urgency, I am unable to recommend its favorable consideration for the reason that from the financial statement it appears that the allotment of funds for preliminary authorizations in this borough has been exceeded by a substantial amount. At the request of the Acting Borough President, however, the matter is placed upon the calendar for such action as may be deemed proper. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, the President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 16th day of August, 1917, and approved by the President of the Borough of Queens on the 21st day of August, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Moore Street, from Queens Boulevard to Hunterspoint Avenue, First Ward of the Borough of Queens."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done; that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Rockdale (Hill) Street, from Queens Boulevard to Nelson (Nott) Avenue, Borough of Queens—Sewer (Cal. No. 125).

The Secretary presented a resolution adopted August 16, 1917, by the Local Board of the Newtown District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17268.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on August 16th, 1917, initiating proceedings for constructing a sewer in Rockdale (Hill) Street, from Queens Boulevard to Nelson (Nott) Avenue.

This resolution affects one block or about 600 feet of Rockdale Street, title to which has been legally acquired.

The improvement is petitioned for by property owners representing a little less than 80 per cent. of the frontage, which, in the interior lots, is assessed as having a value, excluding buildings, of \$72 per linear foot.

The work is estimated to cost about \$2,000, on which basis the assessment, excluding house connecting drains, will amount to about \$2 per front foot. The assessed valuation of the land to be benefited is reported to be \$62,800.

An inspection of the ground shows that an approximately graded roadway is in use and that curbing and flagging have been provided on the westerly side for a distance of about 300 feet adjoining Queens Boulevard, where the abutting property is fully improved. The outlet sewer is built.

Although this improvement clearly falls within the rules of the Board defining urgency, I am unable to recommend its favorable consideration for the reason that from the financial statement it appears that the allotment of funds for preliminary authorizations in this borough has been exceeded by a substantial amount. At the request of the Acting Borough President, however, the matter is placed upon the calendar for such action as may be deemed proper.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, the President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 16th day of August, 1917, and approved by the President of the Borough of Queens on the 21st day of August, 1917, as follows, to wit:

"Resolved, that this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Rockdale (Hill) Street, from Queens Boulevard to Nelson (Nott) Avenue, First Ward of the Borough of Queens";

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, that the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost, based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, that the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sanford Avenue, from Forbes (18th, 158th) Street to Gerold (19th, 159th) Street, and Gerold (19th, 159th) Street, from Sanford Avenue to Lucerne Place (Station Road), Borough of Queens—Sewers (Cal. No. 126).

The Secretary presented a resolution adopted May 24, 1917, by the Local Board of the Jamaica District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17270.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on May 24th, 1917, initiating proceedings for constructing sewers in the following streets: Sanford Avenue, from Forbes (18th, 158th) Street, to Gerold (19th, 159th) Street; Gerold (19th, 159th) Street, from Sanford Avenue to Lucerne Place (Station Road).

This resolution affects one block, or about 200 feet of Sanford Avenue, and one block, or about 400 feet of Gerold Street. The Corporation Counsel has advised that each of the streets is dedicated to public use.

The improvement is petitioned for by three property owners, representing about 12 per cent. of the frontage, which, in the interior lots, is assessed as having a value, excluding buildings, ranging from \$27.50 to \$45 per linear foot. In the area of secondary benefit a similar taxed land value obtains.

The work is estimated to cost about \$2,900, on which basis the assessment, excluding the charge to be made for house connecting drains, will amount to about \$2.25 and to about 20 cents per front foot in the areas respectively directly and indirectly affected. The assessed valuation of the land to be benefited is reported to be \$73,600.

An inspection of the ground shows that the streets are in use and that four buildings have been erected upon the property abutting on Gerold Street. In the area indirectly affected there are a few houses. The outlet sewer is under construction and practically completed.

Although this improvement clearly falls within the rules of the Board defining urgency, I am unable to recommend its favorable consideration for the reason that the allotment of funds for preliminary authorizations in this borough has been exceeded by a substantial amount. At the request of the Acting Borough President, however, the matter is placed upon the calendar for such action as may be deemed proper. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 24th day of May, 1917, and approved by the President of the Borough of Queens on the 6th day of June, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

"For the construction of a sewer and appurtenances in Sanford Avenue, from Forbes (18th) street to Gerold (19th) street; and in Gerold (19th) street, from Sanford Avenue to Lucerne Place, Third Ward of the Borough of Queens,"—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

125th Street (North Cochran Avenue), from Jamaica Avenue to 89th (Ridgewood) Avenue, Borough of Queens—Regulating and Grading, Etc. (Cal. No. 127).

The Secretary presented a resolution adopted June 24, 1915, by the Local Board of the Jamaica District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17266.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on June 24, 1915, initiating proceedings for grading, curbing and flagging 125th Street (North Cochran Avenue), from Jamaica Avenue to 89th (Ridgewood) Avenue.

This resolution affects one block or about 750 feet of 125th Street, which the Corporation Counsel has advised is dedicated to public use.

The improvement is petitioned for by six property owners representing 16 per cent. of the frontage, which, in the interior lots, is assessed as having a value, excluding buildings, of \$30 per linear foot.

The work is estimated to cost about \$2,800, on which basis the average assessment will amount to about \$2 per front foot. The assessed valuation of the property to be benefited is reported to be \$44,000.

An inspection of the ground shows that the street is in use without curbing, but that the flagging is largely provided. Twenty-three buildings have been erected upon the abutting property, these involving the development of a little more than 50 per cent. of the frontage.

Although this improvement clearly falls within the rules of the Board defining urgency I am unable to recommend its favorable consideration, for the reason that the allotment of funds for preliminary authorizations in this Borough has been exceeded. At the request of the Acting Borough President, however, the matter is placed upon the calendar for such action as may be deemed proper.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 24th day of June, 1915, and approved by the President of the Borough of Queens on the 2d day of October, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating, grading, curbing and laying sidewalks (where not already laid to grade and in good condition), together with all work incidental thereto, in 125th street (North Cochran Avenue), from Jamaica Avenue to 89th (Ridgewood) Avenue, Fourth Ward."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

14th Avenue, from Grand Avenue to Jamaica (Patterson) Avenue, Borough of Queens—Paving and Recurbing (Cal. No. 128).

The Secretary presented a resolution adopted March 1, 1917, by the Local Board of the Newtown District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17267.

December 6, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on March 1, 1917, initiating proceedings for paving with asphalt (permanent pavement) 14th Avenue, from Grand Avenue to Jamaica (Patterson) Avenue, and for recurbing where necessary.

This resolution affects one block, or about 1,000 feet of 14th Avenue, title to which has been legally acquired.

The improvement is petitioned for by one property owner representing 73 per cent. of the frontage. The street crosses diagonally an old street system which was not recognized when the plan for Long Island City was developed, although it appears to have been used by the property owners as the basis for lot subdivision. The subsequent acquisition of 14th Avenue along its present legal lines has accordingly resulted in the creation of gores, but the records of the Department of Taxes and Assessments indicate that the land value, this ranging from \$6 to \$35, with an average of about \$25 per linear foot, is sufficient to permit of fully assessing the cost against the frontage, except in the case of one gore on the easterly side at the intersection with old Grand Street where the abutting property constitutes the rear of a lot fronting on the old highway.

The work is estimated to cost \$8,300, on which basis the assessment will amount to about \$5 per front foot. The assessed valuation of the property to be benefited is reported to be \$84,000.

An inspection of the ground shows that the street is graded, curbed and flagged, and although the curbing is in a fair condition of repair it is probable that some of it will have to be replaced. Five houses have been erected upon the abutting property, and on the westerly side ten others are in course of construction. These buildings occupy about 300 feet of frontage at the northerly end of the block and have a position inconsistent with the old streets, so that available information tending to establish the fact that the frontage to a large extent has been brought under a single ownership is corroborated and the belief is justified that a comprehensive development of the abutting property harmonizing with the acquired street system can be brought about. With the exception of the gas main, all of the subsurface structures have been completed.

Although this improvement clearly falls within the rules of the Board defining urgency, I am unable to recommend its favorable consideration for the reason that the allotment of funds for preliminary authorizations in this Borough has been exceeded. At the request of the Acting Borough President, however, the matter is placed upon the calendar for such action as may be deemed proper. If preliminary authorization is given it should be with the understanding that the authorization of the construction will be deferred until the gas main is provided for.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 1st day of March, 1917, and approved by the President of the Borough of Queens on the 6th day of March, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating, recurbing where necessary and paving with a permanent pavement of sheet asphalt upon a concrete foundation six inches in thickness, together with all work incidental thereto, in Fourteenth Avenue, from Grand Avenue to Jamaica Avenue, First Ward of the Borough of Queens,"—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost, based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Borough of Richmond.

Elliott Avenue, from Amboy Road to Johnson Avenue, Borough of Richmond—Constructing Brick Gutters (Permanent Pavement), Relaying Stone Gutters (Permanent Pavement), Curbing and Recurbing Where Necessary (Cal. No. 129).

The Secretary presented a resolution adopted October 9, 1917, by the Local Board of the Staten Island District, Borough of Richmond, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17254.

December 4, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on October 9, 1917, initiating proceedings for constructing brick gutters (permanent pavement), re-laying stone gutters (permanent pavement), and for curbing and re-curbing where necessary, in Elliott Avenue, from Amboy Road to Johnson Avenue.

This resolution affects five blocks or about 2,000 feet of Elliott Avenue. From Bentley Street to Johnson Avenue title to the street has been legally acquired, and the Corporation Counsel advises that through the remaining distance the street is dedicated to public use.

The improvement is petitioned for by nine property owners, but I am unable to determine the location and extent of their holdings. In the interior lots the frontage is assessed as having a value, excluding buildings, ranging from \$10 to \$16 per linear foot.

The work is estimated to cost \$5,000, on which basis the assessment will amount to about \$1.50 per front foot. The assessed valuation of the land to be benefited is reported to be \$39,125.

An inspection of the ground shows that the street is paved with bituminous macadam along the center, and that the curbing and flagging are largely provided. The abutting property is almost fully improved, the buildings including a firehouse on the southerly side which will probably be subject to an assessment of about \$100. In a recent communication the Acting Borough President advises that unsanitary conditions are occasioned in this street through the ponding of storm water, which can only be eliminated through the provision of curbing and gutters at the established elevation.

From the conditions above outlined it would appear that, in conformity with the rules of the Board, preliminary authorization of this improvement might properly be accorded, such action being recommended. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Richmond has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Staten Island District, duly adopted by said Board on the 9th day of October, 1917, and approved by the President of the Borough of Richmond on the 10th day of October, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To build concrete curb with steel guard, reset bluestone curb and concrete curb; lay vitrified brick gutter (permanent pavement) on concrete foundation; relay stone block gutter (permanent pavement) on concrete foundation, on Elliott avenue, from Amboy road to Johnson avenue in the Fifth Ward, Borough of Richmond, and to do all work incidental thereto."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Richmond, to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved; That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Richmond has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Final Authorization.

Borough of Brooklyn.

The Secretary presented the following report of the Chief Engineer relative to Cal. Nos. 130 to 132, inclusive:

Report No. 17260.

December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of Brooklyn, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Sewers in the following streets: Dumont Avenue, from Snediker Avenue to Williams Avenue; Williams Avenue, from Dumont Avenue to Louisiana Avenue; Louisiana Avenue, from Williams Avenue to Hegeman Avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on May 11, 1917, at which time information was presented to show that its probable cost would be about \$240,000. The Borough President states that the time to be allowed for the completion of the improvement is 330 days, and that the expense incurred for the preliminary work amounts to \$1,809.97.

The work to be done comprises the following: 2,850 linear feet 144-inch sewer, 473 linear feet 126-inch sewer, 35 linear feet 60-inch brick sewer, 1 separation chamber, 12 manholes, 5 receiving basins. The cost of the improvement is now estimated to be \$345,000.

2. Sewers in Avenue U, from West 5th Street to a point about 47 feet west of West 7th Street and from a point about 130 feet west of West 7th Street to West 11th Street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 29, 1917, at which time information was presented to show that its probable cost would be about \$140,000. The Borough President states that the time to be allowed for the completion of the improvement is 220 days, and that the expense incurred for the preliminary work amounts to \$1,069.62.

The work to be done comprises the following: 1,504 linear feet 102-inch sewer, 1,485 linear feet 30-inch sewer, 41 linear feet 18-inch pipe sewer, 35 linear feet 12-inch pipe sewer, 74 linear feet 8-inch pipe sewer, 15 manholes, 11 receiving basins. The cost of the improvement is now estimated to be \$165,000.

3. Sewers in the following streets: Pitkin Avenue, from Saratoga Avenue to Stone Avenue; Stone Avenue, from Pitkin Avenue to Dumont Avenue; Dumont Avenue, from Stone Avenue to Snediker Avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on May 11, 1917, at which time information was presented to show that its probable cost would be about \$240,000. The Borough President states that the time to be allowed for the completion of the improvement is 350 days, and that the expense incurred for the preliminary work amounts to \$1,574.42.

The work to be done comprises the following: 1,294 linear feet 120-inch brick and concrete sewer, 307 linear feet 114-inch brick and concrete sewer, 3,860 linear feet 96-inch brick and concrete sewer, 273 linear feet 90-inch brick and concrete sewer, 260 linear feet 84-inch brick and concrete sewer, 28 receiving basins reconnected. The cost of the improvement is now estimated to be \$350,000.

At the meeting of the Board held on December 7, attention was called by your Engineer to the overdraft on the amount fixed for the value of final authorizations to be given during the year 1917, and to the need of limiting favorable action in cases involving large expenditures to such improvements as are of a most urgent character, and instructions were asked as to the policy which the Board proposed to assume in the matter. In the absence of any determination on the part of the Board no recommendation is made concerning the action to be taken concerning these resolutions, which are placed on the calendar at the request of the Borough President, but it is pointed out that, while the improvements fall within the classification heretofore set up by the Board as to urgency, action might be postponed unless the present limitations on the value of authorizations are to be waived in order to clear the way for others the need for which is more pronounced. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Dumont Avenue, from Snediker Avenue to Williams Avenue; Williams Avenue, from Dumont Avenue to Louisiana Avenue, and Louisiana Avenue, from Williams Avenue to Hegeman Avenue, Brooklyn—Sewers (Cal. No. 130).

Avenue U, from West 5th Street to a Point About 47 Feet West of West 7th Street, and from a Point About 130 Feet West of West 7th Street to West 11th Street, Brooklyn—Sewers (Cal. No. 131).

Pitkin Avenue, from Saratoga Avenue to Stone Avenue; Stone Avenue, from Pitkin Avenue to Dumont Avenue, and Dumont Avenue, from Stone Avenue to Snediker Avenue, Brooklyn—Sewers (Cal. No. 132).

These matters were laid over four weeks (January 11, 1918).

The Secretary presented the following report of the Chief Engineer relative to Cal. Nos. 133 and 134:

Report No. 17276.

December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of Brooklyn, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with:

1. Grading, curbing where necessary and paving with asphalt (permanent pavement) Avenue O from Coney Island Avenue to East 13th Street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 16, 1917, at which time information was presented to show that its probable cost would be about \$6,900. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to \$54.66.

The work to be done comprises the following: 600 cu. yds. excavation, 120 lin. ft. cement curbing, 2,665 sq. yds. asphalt pavement. The cost of the improvement is now estimated to be \$7,600.

2. Grading, curbing, flagging and paving with asphalt (permanent pavement) East 4th Street from Avenue I to Avenue J, and paving with asphalt (permanent pavement) Avenue I from East 3rd Street to East 4th Street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 16, 1917, at which time information was presented to show that its probable cost would be about \$13,500. The Borough President states that the time to be allowed for the completion of the improvement is 55 days, and that the expense incurred for the preliminary work amounts to \$100.61.

The work to be done comprises the following: 1,100 cu. yds. excavation, 1,730 lin. ft. cement curbing, 8,220 sq. ft. cement sidewalk, 4,060 sq. yds. asphalt pavement. The cost of the improvement is now estimated to be \$14,500.

The urgency of these improvements was established at the time when the preliminary authorizations were given, but the matter of granting final authorization at this time is submitted without recommendation for the reason that the allotment for final authorizations during the year 1917 has already been exceeded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Avenue O, from Coney Island Avenue to East 13th Street, Brooklyn—Grading, Curbing and Paving (Cal. No. 133).

East 4th Street, from Avenue I to Avenue J, and Paving with Asphalt Avenue I, from East 3d Street to East 4th Street, Brooklyn—Regulating, Grading and Paving (Cal. No. 134).

These matters were laid over four weeks (January 11, 1918).

Borough of The Bronx.

The Secretary presented the following report of the Chief Engineer relative to Cal. Nos. 135 and 136:

Report No. 17274.

December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of The Bronx advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Grading, curbing and flagging Tyndall Avenue from a point about 73 feet north of West 260th Street to a point about 300 feet south of West 261st Street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 30, 1917, at which time information was presented to show that its probable cost would be about \$1,800. The Borough President states that the time to be allowed for the completion of the improvement is 40 days, and that the expense incurred for the preliminary work amounts to \$23.87.

The work to be done comprises the following: 40 cu. yds. earth and rock excavation, 525 cu. yds. filling, 370 lin. ft. curbing, 1,720 sq. ft. cement sidewalk. The cost of the improvement is now estimated to be \$1,600.

2. Sewer in the northerly side of Eastern Boulevard from Layton Avenue to Fort Schuyler Road (East Tremont Avenue).

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 16, 1917, at which time information was presented to show that its probable cost would be about \$8,000. The Borough President states that the time to be allowed for the completion of the improvement is 100 days, and that the expense incurred for the preliminary work amounts to \$20.

The work to be done comprises the following: 243 lin. ft. 15-inch pipe sewer, 597 lin. ft. 12-inch pipe sewer, 9 manholes, 1 receiving basin. The cost of the improvement is now estimated to be \$6,900.

The urgency of these improvements was established at the time when the preliminary authorizations were given, but the matter of granting final authorization at this time is submitted without recommendation for the reason that the allotment for final authorizations during the year 1917 has already been exceeded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Tyndall Avenue, from a Point About 73 Feet North of West 260th Street to a Point About 300 Feet South of West 261st Street, The Bronx—Regulating and Grading (Cal. No. 135).

Eastern Boulevard, Northerly Side, from Layton Avenue to Fort Schuyler Road (East Tremont Avenue), The Bronx—Sewer (Cal. No. 136).

These matters were laid over four weeks (January 11, 1918).

Borough of Queens.

The Secretary presented the following report of the Chief Engineer relative to Cal. Nos. 137 and 138:

Report No. 17275.

December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of Queens, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Sewer in Gerold (19th, 159th) Street, from California (43rd) Avenue to Sanford Avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 5, 1917, at which time information was presented to show that its probable cost would be about \$2,000. The Borough President states that the time to be allowed for the completion of the improvement is 20 days, and that the expense incurred for the preliminary work amounts to \$31.54.

The work to be done comprises the following: 536 lin. ft. 12-inch pipe sewer, 5 manholes. The cost of the improvement is now estimated to be \$2,300.

2. Sewers in the following streets: Broad Street, from Maspeth Avenue to Grand Street; Van Cott Avenue, from Maspeth Avenue to Grand Street; High Street, from Maspeth Avenue to Charles Street; Hill Street, from Rust Street to Clermont Avenue; Herbert Street, from Rust Street to High Street; Charles Street, from Rust Street to Grand Street; Bielby Street, from Rust Street to Van Cott Avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 8, 1917, at which time information was presented to show that its probable cost would be about \$28,800. The Borough President states that the time to be allowed for the completion of the improvement is 200 days, and that the expense incurred for the preliminary work amounts to \$763.49.

The work to be done comprises the following: 510 lin. ft. 3-foot concrete sewer,

243 lin. ft. 2-foot 6-inch concrete sewer, 478 lin. ft. 24-inch pipe sewer, 250 lin. ft. 18-inch pipe sewer, 250 lin. ft. 15-inch pipe sewer, 4,861 lin. ft. 12-inch pipe sewer, 54 manholes, 34 basin manholes, 47 inlets, 1 junction chamber. The cost of the improvement is now estimated to be \$47,900.

The urgency of these improvements was established at the time when the preliminary authorizations were given, but the matter of granting final authorization at this time is submitted without recommendation for the reason that the allotment in this borough for final authorizations will have been exceeded if the final authorization of these improvements is granted.

In case final authorization is given it is recommended that title be vested in the City on March 1, 1918, to Broad Street, from Maspeth Avenue to Grand Street.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Gerold (19th, 159th) Street, from California (43d) Avenue to Sanford Avenue, Queens—Sewer (Cal. No. 137).

Broad Street, from Maspeth Avenue to Grand Street; Van Cott Avenue, from Maspeth Avenue to Grand Street; High Street, from Maspeth Avenue to Charles Street; Hill Street, from Rust Street to Clermont Avenue; Herbert Street, from Rust Street to High Street; Charles Street, from Rust Street to Grand Street, and Bielby Street, from Rust Street to Van Cott Avenue, Queens—Sewers (Cal. No. 138).

These matters were laid over four weeks (January 11, 1918).

Borough of Richmond.

Tompkins Avenue (Riker Street, Centre Street), from Broad Street to Simonson Avenue, Richmond—Grading, Flagging and Reflagging (Cal. No. 139).

The Secretary presented the following report of the Chief Engineer:

Report No. 17259.

December 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Richmond, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvement have been complied with:

Grading the sidewalk spaces and flagging and reflagging Tompkins Avenue (Riker Street, Centre Street), from Broad Street to Simonson Avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 19, 1917, at which time information was presented to show that its probable cost would be about \$5,500. The Borough President states that the time to be allowed for the completion of the improvement is 60 days and that the expense incurred for the preliminary work amounts to \$300.36.

The work to be done comprises the following: 2,200 cubic yards excavation, 4,400 square feet new and old flagging, 15,000 square feet cement sidewalk. The cost of the improvement is now estimated to be \$7,600.

The urgency of this improvement was established at the time when the preliminary authorization was given and it is recommended that the construction work be now authorized.

It is also recommended that title be vested in the City on March 1, 1918, to Rosebank Avenue (Tompkins Avenue, Riker Street, Centre Street), from Broad Street to Simonson Avenue, where not heretofore acquired. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The matter was laid over four weeks (January 11, 1918).

COMMUNICATIONS, PETITIONS, ETC.

From Citizens and Public Bodies.

Bushwick Avenue, Between Myrtle and DeKalb Avenues, Brooklyn—Amendment of Building Zone Resolution (Cal. No. 140).

The Secretary presented a petition of Katherine Becker, 680 Bushwick Avenue, Brooklyn, and 26 other property owners on Bushwick Avenue, between Myrtle and DeKalb Avenues, Borough of Brooklyn, requesting amendment of Building Zone resolution so as to change the property on both sides of the avenue in said locality from a business to a residential district.

Which was laid over four weeks (January 11, 1918).

Board of Water Supply—Retirement of James Lyons, Inspector of Masonry (Cal. No. 141).

The Secretary presented a communication, dated December 6, 1917, from James Lyons requesting that the Board reconsider its action in retiring him on an annuity of 50 per centum, less the amount to be refunded on account of a successful suit against the City, giving him a net annuity of \$709.56; and stating that the amount recovered from the City was \$590, which represents salary wrongfully withheld, and not payment under the prevailing rate of wages law.

(On September 24, 1915 (Cal. No. 12), the Board adopted a resolution retiring Mr. Lyons on an annuity of \$500.)

The communication was referred to Committee on Salaries and Grades.

City Departments—Rate of Compensation for Compositors (Cal. No. 142).

The Secretary presented a communication, dated December 5th, 1917, from the President, New York Typographical Union No. 6, requesting that the rate of compensation for Compositors in City Departments be fixed at \$28 per week, beginning January 1, 1918.

Which was referred to Committee on Salaries and Grades.

Inwood Hill Park, Borough of Manhattan—Advance Payment of Awards for Acquiring Title (Cal. No. 143).

The Secretary presented a communication, dated December 11, 1917, from Cornelius Kahlen, by George J. Gillespie, Attorney, making application for advance payment of award in the proceeding for acquiring title to the property for opening and extending Inwood Hill Park, Borough of Manhattan.

(On November 23, 1917 (Cal. No. 75), the Board adopted a resolution vesting title on December 15, 1917, to the property in this proceeding.)

The communication was laid over one week (December 21, 1917).

From City, Borough and County Officials.

President, Borough of Manhattan—Widening Roadway of West 59th Street, from 5th Avenue to Columbus Circle (Cal. No. 144).

The Secretary presented the following communications from the President, Borough of Manhattan, and the Real Estate Board of New York:

December 8, 1917.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building, New York City:

Dear Sir—I transmit herewith resolution for the widening of the roadway of West 59th Street, from 5th Avenue to Columbus Circle, which I request you to submit to the Board of Estimate and Apportionment for action.

This improvement has been petitioned for by 83 per cent. of the property owners on the south side of 59th Street, between 5th Avenue and Columbus Circle, and will prove a much needed relief from the congestion of vehicular traffic in this street, particularly in the south half of the roadway.

On account of the lack of sufficient force to take a traffic census of actual conditions we have to refer to observations taken at various times when the number of lines of standing vehicles along the south side of the street are such as to force the through traffic going east to run in the track area. We propose to relieve this condition by widening the north roadway and by restricting this portion of the roadway for standing vehicles, prohibit the parking of vehicles along the south curb.

Very truly yours, MARCUS M. MARKS, President, Borough of Manhattan.

Real Estate Board of New York, 217 Broadway, New York, December 12, 1917.

To the Board of Estimate and Apportionment, City Hall, N. Y. City:

Gentlemen—There will come before your honorable body on Friday, December 14th, a petition requesting the widening of the roadway of Central Park South, from Fifth Avenue to Columbus Circle, by taking nine feet from the northerly curb line. This petition is made on the ground that there is at present considerable congestion

on this thoroughfare and that the roadway is not wide enough to accommodate automobile, railroad and other vehicular traffic. We are advised that a majority of the property owners approve of the proposed widening, which can be done now at practically nominal cost compared with what it would cost to make this change after the street is repaved, as it will soon be on completion of the subway.

The petition to widen this thoroughfare in the limits above mentioned has been approved by the Real Estate Board and your favorable action is requested.

Respectfully yours, REAL ESTATE BOARD OF NEW YORK, per RICHARD O. CHITTICK, Executive Secretary.

The matter was laid over four weeks (January 11th, 1918).

Department of Street Cleaning—Restoration of Ash Removal Service (Cal. No. 145).

The Secretary presented the following communication from the Commissioner of Street Cleaning:

December 7, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The owners of various office buildings in the Borough of Brooklyn have presented to me a petition demanding the restoration of ash removal service from their buildings, upon the ground that they are not used for manufacturing or trade purposes, and that the heating and lighting of the buildings is as necessary for the protection of the occupants as it is for the occupants of dwellings.

A copy of this petition is herewith enclosed.

Collection service from most of these buildings was discontinued about August 19, 1916, due to a change of policy adopted by the Board of Estimate and Apportionment on June 30, 1916, following my recommendation that the City discontinue the collection of such trade waste as was then removed by City vehicles from distinctively business buildings. This recommendation was submitted to the Board of Estimate and Apportionment in a report dated April 25, 1916.

In order to comply with this demand this Department would require additional horses, carts, stables and men at a cost of approximately \$1,000,000 per year, in addition to the present appropriation. Since it would be obliged to furnish similar service to all business buildings and in addition would be required to remove rubbish and ashes.

An order of the Supreme Court, which has been in existence since July 23, 1915, prohibits the Department from removing certain classes of rubbish from distinctively business buildings and this injunction will remain in force until the termination of the existing contract on January 1, 1919.

As the subject matter of the petition involves an increased appropriation and a change in the policy already adopted the matter is submitted to the Board of Estimate and Apportionment for its consideration.

Yours truly,

J. T. FETHERSTON, Commissioner.

Hon. John T. Fetherston, Commissioner of Street Cleaning, appeared and requested that the matter be laid over until next year.

The matter was laid over.

Department of Taxes and Assessments—Authority to Furnish Land Map to Various Departments, Citizens, Etc. (Cal. No. 146).

(On December 22, 1916 (Cal. No. 175), the Board authorized this department to sell the land map of the County of New York at cost of reproduction.)

The Secretary presented the following communication from the Department of Taxes and Assessments:

December 10, 1917.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—In compliance with section 1575a of the Greater New York Charter the Board of Taxes and Assessments has prepared and certified the Land Map of the County of Bronx, to take effect January 1, 1918.

The map is in two volumes and consists of 48 sheets, each 22 inches by 28 inches; two title pages, two index pages and forty-four map pages drawn to a scale of 300 feet to the inch; the originals of the sheets are on file in the Surveyor's Bureau of the Department of Taxes and Assessments.

Subdivision 6 of section 1575a provides that such number of the maps as the Board of Estimate and Apportionment may direct shall be printed by the Board of Taxes and Assessments.

The New York Blue Print Paper Company, which made the copies for filing, has furnished the following schedule of prices for litho zinc reproductions of the sheets:

One copy of the 48 sheets.....	\$14 40
Two copies of the 48 sheets at.....	12 00 per copy
Three copies of the 48 sheets at.....	9 60 per copy
Four or more copies of the 48 sheets	7 20 per copy

To obtain the copies an order should be drawn on the New York Blue Print Paper Company and sent to the Department of Taxes and Assessments, whence it will be sent to the print company with the originals. The cost of reproduction to be paid by the applicant to the New York Blue Print Paper Company.

The land map of Bronx County is identical as to block numbers and outlines with the tax maps, which latter maps are copied in all published real estate atlases; for this reason the demand for copies of the land map will be a small one. At the present time three of the title companies have applied for a total of eleven copies.

The following resolution is suggested:

Resolved, That, in compliance with subdivision 6 of section 1575a of the Greater New York Charter, the Department of Taxes and Assessments is authorized to furnish on request to departments or citizens copies of the Land Map of the County of Bronx at the cost of reproduction.

A similar resolution for the Land Map of the County of New York was passed by your Board on the 22nd of December, 1916.

Respectfully,

C. ROCKLAND TYNG, Secretary.

The following resolution was offered:

Resolved, That, in compliance with subdivision 6 of section 1573 of the Greater New York Charter, the Department of Taxes and Assessments is authorized to furnish on request to departments or citizens copies of the Land Map of the County of Bronx at the cost of reproduction.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Commissioners of the Sinking Fund; Department of Docks and Ferries—Amendment of Resolutions Authorizing Issues of Corporate Stock (Cal. No. 147).

The Secretary presented a communication, dated December 6, 1917, from the Secretary, Commissioners of the Sinking Fund, transmitting certified copies of two resolutions adopted by said Commissioners on that date, as follows:

1—Recommending that the resolution adopted by the Board of Estimate and Apportionment July 3, 1913, authorizing an appropriation of \$30,000 to be used by the Department of Docks and Ferries for hard dredging in the Harbor of The City of New York, be amended by reducing the amount to \$22,300.

2—Recommending that the resolution adopted by the Board of Estimate and Apportionment March 17, 1916, reducing the authorization of corporate stock for the construction of pier, foot W. 46th street, N. R., from \$140,000 to \$53,346, be further amended by increasing said amount to \$61,046.

The resolutions were referred to the Committee on Corporate Stock Budget.

Department of Docks and Ferries—Salaries of Uniformed Employees (Cal. No. 148).

The Secretary presented a communication, dated December 5, 1917, from the Commissioner of Docks, transmitting for the attention of the Board, petition of the employees on the Municipal Ferry that they be accorded the same privileges as fixed in the award of the Board of Arbitration of the United States Shipping Board in connection with harbor wages at New York. A copy of the award referred to is transmitted with the communication.

Which was referred to the Committee on Salaries and Grades.

President, Borough of Queens—Transfer of Appropriation (Cal. No. 149).

The Secretary presented a communication, dated December 8, 1917, from the Acting President, Borough of Queens, requesting that there be transferred from the City Fund for Salary and Wage Accruals, or some other appropriate account, to

the appropriation of the President of the Borough of Queens for the year 1917, the sum of \$18,971.21, for the purpose of replenishing accounts for labor, materials and equipment, drawn upon on account of abandoned contracts.

Which was laid over one week (December 21st, 1917), and referred to Comptroller for report meanwhile.

Department of Water Supply, Gas and Electricity—Compensation of Counsel in Matter of Charges Made by Public Lighting Corporation (Cal. No. 150).

The Secretary presented a communication, dated December 11, 1917, from the Commissioner of Water Supply, Gas and Electricity, requesting that provision be made for payment of \$10,081.07 to Mr. Bronson Winthrop, for services as counsel to the Commissioner of Water Supply, Gas and Electricity, in the proceedings before the Commissioner of Accounts, between January, 1916, and November, 1917, relative to charges made by the Public Lighting Service Corporation.

Which was referred to the Comptroller.

Department of Education—Acquisition of Site for School Purposes (Cal. No. 151).

The Secretary presented a communication, dated December 6, 1917, from the Secretary, Board of Education, transmitting certified copy of resolution adopted November 28, 1917, by said Board, requesting acquisition, as a site for school purposes, of property bounded by Wool, Laconia and Van Horn streets and Lewis avenue, Nassau Heights, Borough of Queens.

Which was referred back to the Board of Education.

Isham Park, Extension to, Borough of Manhattan.

Public Park, Contiguous to Gerritsen Basin, Borough of Brooklyn.

Park Lane, Between Myrtle Avenue and Union Turnpike, Borough of Queens—Deeds of Cession (Cal. No. 152).

The Secretary presented the following resolutions from the Commissioners of the Sinking Fund, which were ordered printed in the minutes and filed:

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution of the Board of Estimate and Apportionment, adopted at meeting held October 26, 1917:

"Whereas, Mrs. Julia Isham Taylor has presented to the Board of Estimate and Apportionment a deed of conveyance to real property, bounded by Isham Street, Seaman Avenue and Isham Park, as heretofore laid out, to be used as an extension to said Isham Park, said deed having been executed on the 26th day of October, 1917; and

"Whereas, The Board adopted a resolution on the 26th day of October, 1917, changing the map or plan of The City of New York, by laying out thereon the said real property as an extension to Isham Park, as heretofore laid out; be it

"Resolved, That the Corporation Counsel be and he hereby is authorized to accept the said deed of conveyance, if satisfactory, and to have the same recorded and filed in the manner required by law."

A true copy of resolution adopted by the Commissioners of the Sinking Fund, December 6, 1917. JNO. KORB, JR., Secretary.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution of the Board of Estimate and Apportionment, adopted at meeting held November 9, 1917:

"Whereas, The Board of Estimate and Apportionment, on November 9, 1917, adopted resolutions changing the map or plan of the City of New York, by laying out thereon a public park within the territory bounded by Fillmore Avenue, East 32d Street, Avenue S, East 33d Street, Avenue U and Stewart Street, and a public park bounded approximately by Avenue U, East 38th Street, Avenue V, East 36th Street, Avenue W and Burnett Street, in the Borough of Brooklyn, City of New York, and authorizing the Corporation Counsel to institute proceedings for the acquisition of the real property required for said park; and

"Whereas, In a communication addressed to the Board of Estimate and Apportionment, dated September 1, 1917, Mr. Frederick B. Pratt and Mr. Alfred T. White have offered to convey to the City of New York, as a gift, certain real property now owned by them, lying within the limits of said park, and to reimburse the City for the expense which may be incurred by it in the acquisition of title to the remainder of the real property within the limits of the said park; be it

"Resolved, That the Corporation Counsel be and hereby is authorized to accept satisfactory deeds of cession from Mr. Frederick B. Pratt and Mr. Alfred T. White to the real property offered by them for the said park; also agreements to reimburse the City for the expense incurred by it in the acquisition of title to the remainder of the property required for said park."

A true copy of resolution adopted by the Commissioners of the Sinking Fund, December 6, 1917. JNO. KORB, JR., Secretary.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Board of Estimate and Apportionment on November 16, 1917:

"Whereas, The Kew Gardens Corporation, in communications dated October 31, 1917, and November 15, 1917, signed by its President and Assistant Secretary and with the seal of the corporation affixed, proposes and binds itself to dedicate or convey to the City of New York for the purpose of a public street, by sufficient and appropriate deed, the area owned by it within the lines of Park Lane, from Myrtle Avenue to Union Turnpike, in the Borough of Queens; and for street or park purposes the area owned by it lying southwest of Metropolitan Avenue, between the lines of the said Park Lane and the boundary line of Forest Park as heretofore acquired, provided, the Park Board or other proper City authority within a reasonable period dedicates or releases the remaining area lying within the lines of said lane for the purpose of a public street; the foregoing offer to dedicate or convey to the City to be revocable within three (3) months of the date thereof; and

"Whereas, The Park Board, by resolution adopted November 8, 1917, approved the above plan and consented to the necessary transfer of jurisdiction of Park lands within the proposed lines of Park Lane to the President of the Borough of Queens for street purposes; be it

"Resolved, That the Corporation Counsel be and hereby is authorized, subject to the concurrence of the Commissioners of the Sinking Fund, to accept satisfactory deeds of cession to the aforesaid real property offered by the Kew Gardens Corporation and, after examination, to have the instruments recorded and filed in the manner required by law."

A true copy of resolution adopted by the Commissioners of the Sinking Fund, December 6, 1917. JNO. KORB, JR., Secretary.

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

2nd Avenue, Westerly Side, from 24th to 25th Streets, and 25th Street, Southwesterly Side, 119 Feet West of 2nd Avenue, Borough of Manhattan—Amendment of Building Zone Resolution (Cal. No. 153).

(On August 22, 1917 (Cal. No. 30), the petition herein was referred to the Committee on the City Plan.)

(On November 23 (Cal. No. 3), November 30 (Cal. No. 106) and on December 7, 1917 (Cal. No. 132), the matter was laid over; on the latter date until this meeting.)

The Secretary presented a petition, dated July 23rd, 1917, from Robert P. Green requesting amendment to Use District Map, Section No. 8, so as to change from a business district to an unrestricted district the property at 242-246 East 25th Street, Borough of Manhattan; and the following report of the Committee on the City Plan:

September 29, 1917.

Board of Estimate and Apportionment:

Gentlemen—On August 22, 1917, the Board received and referred to the Committee on the City Plan the petition of Robert P. Green requesting an amendment to Use District Map, Section No. 8, so as to change from a business district to an unrestricted district the property at 242-246 East 25th Street, Borough of Manhattan.

At the request of the Committee the President of the Borough of Manhattan held a public hearing on the proposed change. A number of owners of property

in 25th Street, between Second and Third Avenues, appeared in opposition to the proposed change. They stated that the block was almost exclusively devoted to tenements of the store and dwelling type and that the introduction of a garage or other industrial use would seriously interfere with the use of neighboring property for residential purposes.

Your Committee believes that the proposed change would be inconsistent with the purposes of the Building Zone plan and recommends that the petition be denied. Respectfully submitted,

JOHN PURROY MITCHEL, Mayor, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; HENRY P. MORRISON, Acting President, Borough of Richmond; Committee on the City Plan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the petition, dated July 23, 1917, of Robert P. Green requesting an amendment to Use District Map, Section No. 8, so as to change from a business district to an unrestricted district property at 242-246 East 25th Street, Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Establishment of Rates of Compensation for Janitors of Various Public Schools (Cal. No. 154).

(On December 7, 1917 (Cal. No. 44), the Board adopted a resolution establishing rate of compensation for Janitor of Public School 45, The Bronx. The resolution covering Public Schools 32, The Bronx; 1, Queens; 8, 25, 26, Richmond; The Morris High School and the old Fire Headquarters building, Manhattan, failed of adoption through lack of affirmative votes; and the matter was then laid over until this meeting.)

The Secretary presented resolutions of the Board of Education, adopted October 24th and November 14th, 1917, requesting the establishment of rates of compensation for Janitors of Public Schools 32, 43, The Bronx; 1, Queens; 8, 25, 26, Richmond; The Morris High School and the old Fire Headquarters building at East 67th Street, Manhattan; and a report of the Committee on Education recommending the approval thereof. (Report printed in minutes of December 7, 1917 (Cal. No. 44).)

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of rates of compensation for janitors in the Department of Education, in accordance with the following list:

Janitor, Public School 32, The Bronx, for care of annex located at 179th Street and Clinton Avenue, per month.....	\$30 00
Janitor, Morris High School, The Bronx, per annum.....	8,616 00
Janitor, Old Fire Headquarters Building at East 67th Street, Manhattan, per annum (from October 1 to October 14, 1917, inclusive).....	4,260 00
Janitor, Old Fire Headquarters Building at East 67th Street, Manhattan, per annum.....	4,860 00
Janitor, Public School 1, Queens, per month.....	75 00
Janitor, Public School 8, Richmond, for care of portable, per annum.....	60 00
Janitor, Public School 25, Richmond, per annum.....	600 00
Janitor, Public School 26, Richmond, per annum, less \$221.....	2,052 00

Which failed of adoption, receiving the following vote:

Affirmative—The Deputy and Acting Comptroller and the Presidents of the Boroughs of Brooklyn and The Bronx—6.

Negative—The Acting Mayor and the Acting President of the Board of Aldermen—6.

Present and Not Voting—The Presidents of the Boroughs of Manhattan, Queens and Richmond.

Anna R. Kane—Claim of (Cal. No. 155).

The Secretary presented a report of the Deputy and Acting Comptroller certifying for payment pursuant to section 246 of the Charter, claim of Anna R. Kane for \$175, for services as Typewriting Copyist in the Department of Public Charities, for the period from January 1 to April 16, 1917, also a communication from Anna R. Kane, dated November 29, 1917, requesting favorable action.

(On November 16 (Cal. No. 59), November 23 (Cal. No. 91) and November 30, 1917 (Cal. No. 115), the matter was laid over; on the latter date until this meeting.) The matter was laid over two weeks (December 28th, 1917).

President, Borough of Brooklyn—Amendment of Resolution Authorizing Acquisition of Property as a Site for a Children's Court (Cal. No. 156).

(On December 7, 1917 (Cal. No. 56), the matter was laid over until this meeting.) The Secretary presented the following communication from the Deputy and Acting Comptroller:

November 28, 1917.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held August 14th, 1917, a resolution was adopted approving of the selection of the property known as parcels Nos. 3 and 4, Calendar No. 25, located on the northerly side of Schermerhorn Street, in the Borough of Brooklyn, said property being intended as a site for use as a Children's Court. Upon examination of the title to said premises it develops that there is a restrictive covenant which forbids the erection of any building, on a space at the south end of the lot intervening between the present north line of Schermerhorn Street, and the line of an old and discontinued Street, the adjacent parcels Nos. 1 and 2 have already been purchased, subject to the same restriction.

I would therefore recommend that the resolution adopted August 14, 1917, be amended to read as follows:

Parcel No. Three.

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly line of Schermerhorn Street, distant 225 feet, 11¼ inches westerly from the corner formed by the intersection of the northerly line of Schermerhorn Street with the westerly line of Smith Street; running thence northerly parallel or nearly so to the said westerly line of Smith Street, 116 feet 5½ inches; running thence westerly at right angles or nearly so to said last mentioned course 25 feet; running thence southerly parallel or nearly so to the westerly line of Smith Street 118 feet 2 inches to the northerly line of Schermerhorn Street; running thence easterly along the northerly line of Schermerhorn Street 25 feet ½ inch to the point or place of beginning, known as and by the number 115 Schermerhorn Street, Borough of Brooklyn. Subject to covenant and restrictions contained in instrument, dated July 12, 1852, made by Samuel Smith and wife, and recorded in the Register's Office of Kings County in Liber 290 of Conveyances, at page 423, on August 7, 1852.

Parcel No. Four.

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly line of Schermerhorn Street, distant 200 feet 8¾ inches westerly from the corner formed by the intersection of the northerly line of Schermerhorn Street and the westerly line of Smith Street; running thence northerly parallel, or nearly so, with the said westerly line of Smith Street, 114 feet 9 inches; running thence westerly at right angles or nearly so to the last mentioned course, 25 feet 2 inches; running thence southerly parallel or nearly so to the westerly line of Smith Street, 116 feet 5½ inches, to the northerly line of Schermerhorn Street; running thence easterly along the northerly line of Schermerhorn Street, 25 feet 2½ inches, to the point or place of beginning, known as and by the number 117 Schermerhorn Street, Borough of Brooklyn.

Subject to covenant and restrictions contained in instrument dated July 12, 1852, made by Samuel Smith and wife, and recorded in the Register's Office of Kings County in Liber 290 of Conveyances, at page 423, on August 7, 1852.

Resolved, That the Comptroller be and is hereby authorized to enter into a contract for the purchase, at private sale, of the property described above as Parcel No. Three, at a price not exceeding fifteen thousand dollars (\$15,000), and be it further

Resolved, That the Comptroller be and is hereby authorized to enter into a contract for the purchase, at private sale, of the property described above as parcel No. Four, at a price not exceeding fifteen thousand dollars (\$15,000), said contracts to be approved as to form by the Corporation Counsel. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on August 14, 1917, which reads as follows:

"Whereas, The Board of Estimate and Apportionment on May 4, 1917, and June 15, 1917, approved of and concurred in the selection by the Board of Aldermen, by ordinance adopted March 27, 1917, of lands and premises on Schermerhorn Street, between Smith Street and Boerum Place, in the Borough of Brooklyn, as a site for the location of a building for use as a Children's Court, hereinafter described, in part, as follows:

"Parcel No. Three.

"All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

"Beginning at a point on the northerly line of Schermerhorn Street, distant 225 feet 11¼ inches westerly from the corner formed by the intersection of the northerly line of Schermerhorn Street with the westerly line of Smith Street; running thence northerly parallel or nearly so to the said westerly line of Smith Street 116 feet 5½ inches; running thence westerly at right angles or nearly so to said last mentioned course 25 feet; running thence southerly parallel or nearly so to the westerly line of Smith Street 118 feet 2 inches to the northerly line of Schermerhorn Street; running thence easterly along the northerly line of Schermerhorn Street 25 feet ½ inch to the point or place of beginning.

"Parcel No. Four.

"All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

"Beginning at a point on the northerly line of Schermerhorn Street, distant 200 feet 8¾ inches westerly from the corner formed by the intersection of the northerly line of Schermerhorn Street and the westerly line of Smith Street; running thence northerly parallel, or nearly so, with the said westerly line of Smith Street, 114 feet 9 inches; running thence westerly at right angles or nearly so to the last mentioned course 25 feet 2 inches, running thence southerly parallel or nearly so to the westerly line of Smith Street 116 feet 5½ inches to the northerly line of Schermerhorn Street; running thence easterly along the northerly line of Schermerhorn Street 25 feet 2½ inches to the point or place of beginning.

"Resolved, That the Comptroller be and is hereby authorized to enter into a contract for the purchase, at private sale, of the property described above as Parcel No. Three at a price not exceeding fifteen thousand dollars (\$15,000).

"—and be it further

"Resolved, That the Comptroller be and is hereby authorized to enter into a contract for the purchase, at private sale, of the property described above as Parcel No. Four at a price not exceeding fifteen thousand dollars (\$15,000).

"—said contracts to be approved as to form by the Corporation Counsel."

—be and the same is hereby amended by striking therefrom the above technical description, and inserting in place thereof the following:

Parcel No. Three.

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly line of Schermerhorn Street, distant 225 feet, 11¼ inches westerly from the corner formed by the intersection of the northerly line of Schermerhorn Street with the westerly line of Smith Street; running thence northerly parallel or nearly so to the said westerly line of Smith Street 116 feet 5½ inches; running thence westerly at right angles or nearly so to said last mentioned course 25 feet; running thence southerly parallel or nearly so to the westerly line of Smith Street 118 feet 2 inches to the northerly line of Schermerhorn Street; running thence easterly along the northerly line of Schermerhorn Street 25 feet ½ inch to the point or place of beginning, known as and by the number 115 Schermerhorn Street, Borough of Brooklyn. Subject to covenant and restrictions contained in instrument dated July 12, 1852, made by Samuel Smith and Wife, and recorded in the Register's Office of Kings County in Liber 290 of Conveyances, at page 423, on August 7, 1852.

Parcel No. Four.

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly line of Schermerhorn Street, distant 200 feet 8¾ inches westerly from the corner formed by the intersection of the northerly line of Schermerhorn Street and the westerly line of Smith Street; running thence northerly parallel, or nearly so, with the said westerly line of Smith Street, 114 feet 9 inches; running thence westerly at right angles or nearly so to the last mentioned course 25 feet 2 inches; running thence southerly parallel or nearly so to the westerly line of Smith Street, 116 feet 5½ inches to the northerly line of Schermerhorn Street; running thence easterly along the northerly line of Schermerhorn Street 25 feet 2½ inches to the point or place of beginning, known as and by the number 117 Schermerhorn Street, Borough of Brooklyn.

Subject to covenant and restrictions contained in instrument dated July 12, 1852, made by Samuel Smith and wife, and recorded in the Register's Office of Kings County in Liber 290 of Conveyances, at page 423 on August 7, 1852.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Present and not voting—President of the Borough of The Bronx.

Public Service Commission for the First District—Approval of Contract with the Underpinning and Foundation Company for Construction of Railroad Duct Line Under the Bronx River, Section 2, Routes Nos. 19 and 22, of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, and Issue of Corporate Stock Therefor (Cal. No. 157).

(On December 7, 1917 (Cal. No. 74), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented the following requisition of the Public Service Commission for the First District, and report of the Comptroller relative thereto:

State of New York, Public Service Commission for the First District No. 120 Broadway, November 14, 1917.

To the Board of Estimate and Apportionment of The City of New York:

Pursuant to the direction contained in such resolution, I transmit herewith certified copy of the resolution adopted by the Commission on November 14, 1917, requesting your Honorable Board to consent to a proposed contract herewith transmitted, between The City of New York, acting by this Commission, and The Underpinning and Foundation Company for the construction of a Railroad Duct Line under the Bronx River, Section 2, Routes Nos. 19 and 22, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, and requesting your Honorable Board to appropriate the sum of fifty thousand dollars (\$50,000) for the purpose of providing the necessary means for meeting the City's obligations under said contract.

Inasmuch as an appropriation only to the amount of the aggregate of the unit prices contained in the proposal of The Underpinning and Foundation Company, to wit, forty-seven thousand one hundred eight and seventy-five hundredths dollars (\$47,108.75), would not afford any allowance for part of the work included in this contract, consisting of the installation of pumping apparatus, including the discharge connections to sewers, as the pumping capacity cannot be estimated at the present time, such capacity largely depending upon conditions to be encountered when the work is under way, the Commission has requested the appropriation of fifty thousand dollars (\$50,000), so as to afford a suitable allowance for such work.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

(Seal.)

(Copy of contract referred to herein is on file.)

December 5, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 14, 1917, the Public Service Commission for the First

District formally transmitted to the Board of Estimate and Apportionment for its approval, a contract proposed to be entered into between The City of New York, acting by the Commission, and the Underpinning and Foundation Company for the construction of a railroad duct line under the Bronx River, Section 2, Routes Nos. 19 and 22, being a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad. The Commission in its requisition requests the Board of Estimate and Apportionment to authorize the issue of corporate stock in the sum of \$50,000, to provide the necessary funds to meet the City's obligations under the contract.

The Director of the Bureau of Contract Supervision, in his report to me anent the proposed contract, says in part as follows:

"The portion of the duct line provided for under this contract connects with the duct line in Westchester avenue on either side of the Bronx River, and is required to furnish continuous duct, conductor and cable service to the elevated railroad which lies beyond the Bronx River in Westchester avenue, and to its terminus at Eastern Boulevard.

"By an opinion of the Corporation Counsel, railroad duct lines not constructed as an integral part of the railroad structure are held to be equipment, and under Contract No. 3, are to be provided by the operating company.

"Under date of May 16, 1917, the Public Service Commission for the First District addressed the following communication to the Interborough Rapid Transit Company, the operating company for the Westchester avenue line:

"The Public Service Commission for the First District hereby orders and requires Interborough Rapid Transit Company to provide the Railroad Duct Line for the operation of that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad known as Routes Nos. 19 and 22, Section No. 2 (Westchester Avenue), being part of the Railroad described in the contract dated March 19, 1913, and known as Contract No. 3, between The City of New York, acting by the Commission, and the Interborough Rapid Transit Company for additional rapid transit railroads upon the ground that such duct line, under the terms of said contract No. 3, constitutes equipment to be provided by Interborough Rapid Transit Company, and not a part of construction to be provided by The City of New York. Accordingly the Commission, pursuant to Article XXXIX of said Contract No. 3, hereby orders and requires Interborough Rapid Transit Company to provide the Railroad Duct Line for the operation of that part of the Railroad described in said Contract No. 3, being a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad and known as Routes Nos. 19 and 22, Section 2 (Westchester Avenue).

"In order to obviate the necessity of repeated demands upon Interborough Rapid Transit Company, the Commission would like Interborough Rapid Transit Company to indicate in its reply to this communication, whether its answer thereto is applicable to all duct lines to be constructed under said Contract No. 3, so that the Commission may proceed upon the ground that Interborough Rapid Transit Company expresses a general consent or refusal to construct duct lines as part of equipment under said Contract No. 3, for any portion of the Railroad described therein."

"On May 28, 1917, the Interborough Rapid Transit Company, by its President, transmitted the following reply to the Public Service Commission's letter above quoted:

"We are in receipt of your letter of May 16, 1917, in which you order and require this Company to provide the railroad duct line for the operation of that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad known as Routes Nos. 19 and 22, Section No. 2 (Westchester Avenue), upon the ground that such duct line constitutes equipment to be provided by this Company under the terms of Contract No. 3, and not a part of construction to be provided by the City. We cannot concur in such contention, and are therefore constrained to advise you that the order and requirement of the Commission is not accepted and will not be obeyed.

"In respect of the last paragraph of your letter, I have to advise you that this Company expresses a general refusal to provide as a part of Equipment under said Contract No. 3, duct lines of the character referred to in your letter."

"The refusal of the Interborough Company to proceed with the construction of the duct line leaves the Public Service Commission no option other than to proceed with the construction of the line and to seek reimbursement through the courts for the expenditure from the Interborough Company, which is held to be in default.

"Four schemes of carrying the duct line across the Bronx River were considered by the Commission before adopting the tunnel plan now under consideration. These are as follows:

"First—A duct line carried by high towers on either side of the river was proposed and abandoned, owing to the difficulty of transmitting over such a line without danger or loss a high tension current. The difficulty in such an installation seems to be with the induced currents at the connections between an underground and an aerial line. Inquiry of the engineers of the New York Edison Company and the New York Central Railroad Company has verified the statement of engineers of the Public Service Commission that it is no longer good practice to endeavor to carry high tension currents partly underground and partly by aerial line. It is said that lightning arresters, which must be used on such lines, function properly about half the time, are utterly destroyed, but save the cable and apparatus the other half of the time, with the exception of perhaps one case in a hundred, when the entire line is put out of service.

"Second—The carrying of the duct line upon the fixed bridge span, which is to be erected to carry the railroad over the Bronx River, was considered.

"The difficulties inherent in this plan were perhaps greater than that first mentioned. Added to the extraordinary care required in insulating the high tension cables, from the bridge structure, is the vibration of the bridge under traffic, which causes the lead covering of the cables to crystallize and disintegrate.

"Some fabrikoid or other covering is required for cables in such a location, and the protection of the cable from injury is much less secure than when the cable is covered with lead. Experience of eight years by the New York Central on the elevated line through Harlem has demonstrated the difficulty of insulation on a structure under continuous service, and about thirty failures have occurred in that time. In this case also, there are serious difficulties due to induced currents.

"On the other hand, the New York Edison Company has not in service on the Queensboro Bridge a cable of this character, which is carrying without serious trouble 13,000 volts to Blackwell's Island. It has also been stated that the Public Service Corporation of New Jersey is using such cables for carrying high tension current over and upon structures in the vicinity of Newark and Jersey City, with safety and satisfaction.

"Engineers of the Public Service Commission and an engineer of the Interborough Company commenting upon this, remarked that the carrying of a cable upon the Queensboro Bridge is not at all to be compared with carrying a set of cables upon the proposed truss bridge over the Bronx River. They say that the Queensboro Bridge is an extremely heavy and massive structure with practically no vibration, whereas the rigid truss bridge over the Bronx River will be subject to continuous vibration when in service, and under the heavy rolling stock to be used on the line by the Interborough Company.

"These engineers also point out the very short life of cables in exposed positions upon bridges, the high cost of repairs and maintenance, the difficulty of connecting such exposed cables to underground cables in such a manner as to prevent the introduction of water into the manholes. They also point out that the temporary impairment of the cable service over this bridge would put out of service the entire line to the eastward, which they expect will serve a very considerable traffic within three or four years after the line is put into operation.

"The high tension current which they propose to carry across the Bronx River at this point will be stepped down in a transformer station some distance from the bridge, and there will be only one such transformer station. In the case of a break or interruption of the cable service, the nearest substation west of the Bronx River will not be of sufficient capacity to furnish current for the operation of the line eastward, and such operation will therefore cease until the cable has been replaced or repaired.

"The Interborough Engineer also stated that the Company is steadily removing from elevated and bridge structures all lines carrying a voltage of not more than 2,500, owing to difficulties of insulation and excessive cost of maintenance and repair.

"Third—A dredged channel in the bottom of the Bronx River was considered as a location for the duct line, and the plan of placing the cables in such a position was rejected, owing to the impossibility of repair of cables in such a location when failures occur. The New York Central has such cables in operation under the Harlem River, but since they were placed there three cables have failed and have altogether been lost, owing to the impossibility of recovery without destroying others which have not yet failed.

"This is a serious matter, in view of the high cost of such cables. The location is so unsatisfactory that the Railroad Company contemplates negotiating with the City for duct room in the new subway tunnel adjacent to the Harlem River bridge of the railroad.

"Fourth—The tunnel plan, which has been adopted, calls for a shaft on each side of the Bronx River, about 68 feet deep below the street level, and a tunnel connection between the shafts of horseshoe section about 4½ feet wide and 6 feet high. The shafts will have an inside diameter of about 12 feet. These dimensions, both of shafts and tunnel, have been selected with a view to securing low cost in construction and installation of the duct lines with reasonable opportunity for inspection and repair. The shafts at the top will connect on either side with the duct lines in Westchester Avenue.

"On November 7, 1917, the Public Service Commission received and opened bids for the work, which ranged as follows from highest to lowest: \$83,937.50, \$75,605, \$54,750, \$50,520.90 and \$47,108.75, the lowest being that of the bidder with whom it is proposed to execute a contract.

"The Commission asks for an additional allowance above the low bid, amounting to about six per cent. of the bid, to provide for pumping and unforeseen contingencies which it is impossible to estimate. The bid prices are high and a study of the bidding sheet shows an extraordinary variation in the unit bids by the various bidders, due probably to allowances made by the respective bidders and unforeseen market conditions.

"In view of the extraordinary conditions prevailing both as to labor and material, I am of the opinion that the Board may properly consent to the proposed contract."

In view of the foregoing, I recommend for adoption the following resolution making available the necessary funds to meet the City's obligation under the contract with the Underpinning and Foundation Company, such funds to be provided by a sub-authorization from the appropriations of corporate stock heretofore authorized for the purposes of Contract No. 3.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following was offered:

Whereas, On May 16, 1917, the Public Service Commission for the First District formally directed the Interborough Rapid Transit Company to provide a Railroad Duct Line for the operation of that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad known as Routes Nos. 19 and 22, Section No. 2 (Westchester Avenue), being a part of the railroad described in the contract dated March 19, 1913, known as Contract No. 3, between the City of New York, acting by said Commission, and the Interborough Rapid Transit Company, upon the ground that such duct line, under the terms and provisions of said Contract No. 3, constitutes equipment to be provided by Interborough Rapid Transit Company and not a part of construction to be provided by the City of New York; and

Whereas, The said Interborough Rapid Transit Company, in a communication to the Public Service Commission, dated May 28, 1917, has stated that

"* * * the order and requirement of the Commission is not accepted and will not be obeyed."

—and further

"* * * that this Company expresses a general refusal to provide as a part of Equipment under said Contract No. 3 duct lines of the character referred to. * * *"

—and

Whereas, The refusal of the Interborough Company to proceed with the construction of the Duct Line leaves the Public Service Commission no option other than to proceed with the construction of the line and seek reimbursement through the courts for the expenditure from the Interborough Company, which Company is held to be in default; and

Whereas, On November 7, 1917, the Public Service Commission received and opened bids for the construction of a Railroad Duct Line under the Bronx River and has awarded the contract to the Underpinning and Foundation Company; therefore be it

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended, the provisions of section 45 of the Greater New York Charter and the requisition of the Public Service Commission for the First District, duly made by said Commission on November 14, 1917, the Board of Estimate and Apportionment hereby consents to the proposed contract to be entered into between the City of New York, acting by said Commission, and the Underpinning and Foundation Company, for the construction of a railroad duct line under the Bronx River, Section No. 2, Routes Nos. 19 and 22, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, at an estimated cost of forty-seven thousand one hundred and eight and 25-100 dollars (\$47,108.25), plus two thousand eight hundred and ninety-one and 25-100 dollars (\$2,891.25) as an allowance for conditions to be encountered when the work is under way, or a total estimated cost of fifty thousand dollars (\$50,000); and be it further

Resolved, That the Board of Estimate and Apportionment prescribes that the limit to the amount of proceeds of corporate stock available for the said purposes shall be fifty thousand dollars (\$50,000); and be it further

Resolved, That the Comptroller be and he is hereby authorized and requested to issue corporate stock of the City of New York to the amount of fifty thousand dollars (\$50,000) at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes of the contract with Underpinning and Foundation Company, as set forth in this resolution and as more particularly described in the requisition of the Public Service Commission to this Board, dated November 14, 1917, said issue of corporate stock to be a sub-authorization from and charged against the appropriation made by this Board on March 18, 1913, of twenty-eight million two hundred thousand dollars (\$28,200,000), and the supplemental or additional appropriations thereto, for the purpose of carrying out the terms of Contract No. 3 relating to the City's contribution.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Service Commission for the First District—Issue of Corporate Stock to Cover the Costs of Real Estate Acquired and to Be Acquired by the City for the Purposes of Rapid Transit Contracts Nos. 3 and 4 (Cal. No. 158).

(On December 7, 1917 (Cal. No. 75), the matter was laid over until this meeting under Rule 19.)

The Secretary presented the following requisitions of the Public Service Commission for the First District, and report of the Comptroller relative thereto:

State of New York, Public Service Commission for the First District, December 3, 1917.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, the Public Service Commission for the First District hereby makes requisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to be issued and sold by the Comptroller to the amount of three hundred thousand dollars (\$300,000), which, with the sum of thirty-five million one hundred thirty-five thousand six hundred and eighty-four cents (\$35,135,637.84) registered prior to March 18, 1913, on account of the railroads to be constructed under the contract known as Contract No. 3 between The City of New York, acting by the Public Service Commission for the First District and Interborough Rapid Transit Company for additional rapid transit railroads, and the sum of twenty-eight million two hundred thousand dollars (\$28,200,000) provided by the

Board of Estimate and Apportionment on March 18, 1913, together with the sums subsequently provided by said Board of Estimate and Apportionment, is required to meet the estimated additional expense to be defrayed by the issuance of corporate stock to carry out said Contract No. 3.

The above sum of three hundred thousand dollars (\$300,000) is required for the purposes of acquiring real estate and any rights, terms and interests therein and any and all rights, privileges, franchise and easements, whether of owners or abutters or others, to interfere with the construction or operation of said railroads to be constructed under said Contract No. 3, or to recover damages therefor which, in the opinion of this Commission, it shall be necessary to acquire or extinguish for the purposes of constructing such railroads free of interference or right of interference.

In witness whereof the Public Service Commission for the First District has caused this requisition to be subscribed by its Secretary, and its seal to be hereto affixed this 3rd day of December, 1917.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By JAMES B. WALKER, Secretary.

(Seal.)

State of New York, Public Service Commission for the First District, December 3, 1917.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, the Public Service Commission for the First District hereby makes requisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to be issued and sold by the Comptroller to the amount of five hundred thousand dollars (\$500,000), which, with the sum of forty million five hundred and one thousand nine hundred ninety-one dollars (\$40,501,991) registered prior to March 18, 1913, on account of the railroads to be constructed under the contract known as Contract No. 4 between The City of New York, acting by the Public Service Commission for the First District and New York Municipal Railway Corporation for additional rapid transit railroads, and the sum of sixty million dollars (\$60,000,000) provided by the Board of Estimate and Apportionment on March 18, 1913, together with the sums subsequently provided by said Board of Estimate and Apportionment, is required to meet the estimated additional expense to be defrayed by the issuance of corporate stock to carry out said Contract No. 4.

The above sum of five hundred thousand dollars (\$500,000) is required for the purposes of acquiring real estate and any rights, terms and interests therein and any and all rights, privileges, franchise and easements, whether of owners or abutters or others, to interfere with the construction or operation of said railroads to be constructed under said Contract No. 4, or to recover damages therefor which, in the opinion of this Commission, it shall be necessary to acquire or extinguish for the purposes of constructing such railroad free of interference or right of interference.

In witness whereof the Public Service Commission for the First District has caused this requisition to be subscribed by its Secretary, and its seal to be hereto affixed this 3rd day of December, 1917.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By JAMES B. WALKER, Secretary.

(Seal.)

December 5, 1917.

Subject: *Re Appropriation of \$800,000 from the General Debt-Incurring Power of the City for the Purpose of Covering the Costs of Real Estate Acquirements for Rapid Transit Contracts Nos. 3 and 4.*

To the Board of Estimate and Apportionment:

Gentlemen—The Public Service Commission has made requisition upon the Board of Estimate and Apportionment by resolution adopted December 3, 1917, asking that the sum of \$300,000 be appropriated, reserved and set aside from the general debt-incurring power of the City for the purpose of covering the costs of real estate and easements acquired and to be acquired for the purposes of Rapid Transit Contract No. 3, and that the sum of \$500,000 be also appropriated, reserved and set aside from the general debt-incurring power of the City for the purpose of covering the costs of real estate and easements acquired and to be acquired for the purposes of Rapid Transit Contract No. 4.

The unencumbered balances of the appropriations heretofore made by the Board for the purposes of acquiring real estate and easements under Contract No. 3 and under Contract No. 4 are in both cases insufficient to meet all of the costs of the liability for land already acquired and for which title has become vested in the City. The requisitions from the Public Service Commission asking that \$300,000 and \$500,000, respectively, be appropriated from the general debt-incurring power of the City for the purposes of these rapid transit contracts are therefore timely and the funds should be provided.

I therefore submit the following resolutions, which would appropriate from the general debt-incurring power of the City the amounts stated and for the purposes requested. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following was offered:

Whereas, In pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, the Public Service Commission for the First District made requisition under date of December 3, 1917, upon the Board of Estimate and Apportionment for the authorization of corporate stock of the City of New York to the amount of three hundred thousand dollars (\$300,000), which, with the sum of thirty-five million one hundred and thirty-five thousand six hundred and thirty-seven dollars and eighty-four cents (\$35,135,637.84) of corporate stock authorized prior to March 18, 1913, on account of railroads constructed and to be constructed under the contract known as Contract No. 3, between the City of New York, acting by the Public Service Commission for the First District, and the Interborough Rapid Transit Company, and the sum of twenty-eight million two hundred thousand dollars (\$28,200,000) provided by the Board of Estimate and Apportionment on March 18, 1913, for the purposes of said Contract No. 3, between the City of New York, acting by the Public Service Commission for the First District, and the Interborough Rapid Transit Company, together with the supplemental appropriations thereto from the general debt-incurring power of the City which were authorized subsequent to March 18, 1913, by the Board of Estimate and Apportionment, is required to meet the costs of real estate acquired and to be acquired by the City for the purpose of carrying out the City's obligations under said Contract No. 3; and

Whereas, Said additional appropriation of three hundred thousand dollars (\$300,000) requested by the Public Service Commission for the First District under date of December 3, 1917, will be a charge against the general debt-incurring power of the City in addition to the sum total of seventy-two million five hundred and thirteen thousand five hundred and fifty-seven dollars and twelve cents (\$72,513,557.12) heretofore authorized by the Board of Estimate and Apportionment (including thirty-five million one hundred and thirty-five thousand six hundred and thirty-seven dollars and eighty-four cents (\$35,135,637.84) registered prior to March 18, 1913), for the purpose of meeting the City's requirements under Contract No. 3; therefore, be it

Resolved, That, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and section 45 of the Greater New York Charter, and the requisition of the Public Service Commission for the First District, duly made under the seal of said Commission by the Chairman and the Secretary thereof, the Comptroller be and he is hereby authorized and directed to issue corporate stock of the City of New York to the amount of three hundred thousand dollars (\$300,000), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes specified in said requisition of the Public Service Commission and in the communication of said Commission transmitting the requisition in respect of the contract known as Contract No. 3 between the City of New York, acting by the Public Service Commission for the First District, and the Interborough Rapid Transit Company; this said additional appropriation of three hundred thousand dollars (\$300,000) of corporate stock from the general debt-incurring power of the City being stated in the requisition of the Public Service Commission of December 3, 1917, as being required to meet the costs of real estate acquired and to be acquired by the City for the purpose of carrying out the City's obligations under said Contract No. 3; and said authorization is in addition to the thirty-five million one hundred and thirty-five thousand six hundred and thirty-seven dollars and eighty-four cents (\$35,135,637.84) of contracts registered prior to March 18, 1913, and is in addition to the appropriation of twenty-eight million two hundred thousand dollars (\$28,200,000) of corporate stock authorized by the Board on March 18, 1913, and the supplemental appropriations thereto from the general debt-incurring power of the City, which have been authorized by the

Board of Estimate and Apportionment to carry out the City's obligations in respect of Contract No. 3.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following was offered:

Whereas, In pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, the Public Service Commission for the First District made requisition under date of December 3, 1917, upon the Board of Estimate and Apportionment for the authorization of corporate stock of The City of New York to the amount of five hundred thousand dollars (\$500,000), which, with the sum of forty million five hundred and one thousand nine hundred and ninety-one dollars (\$40,501,991) of corporate stock authorized prior to March 18, 1913, on account of railroads constructed and to be constructed under the contract known as Contract No. 4, between The City of New York, acting by the Public Service Commission for the First District, and New York Municipal Railway Corporation, and the sum of sixty million dollars (\$60,000,000) provided by the Board of Estimate and Apportionment on March 18, 1913, for the purposes of said Contract No. 4, between The City of New York, acting by the Public Service Commission for the First District, and New York Municipal Railway Corporation, together with the supplemental appropriations thereto from the general debt incurring power of the City which were authorized subsequent to March 18, 1913, by the Board of Estimate and Apportionment, is required to meet the costs of real estate acquired and to be acquired by the City for the purpose of carrying out the City's obligations under said Contract No. 4; and

Whereas, Said additional appropriation of five hundred thousand dollars (\$500,000) requested by the Public Service Commission for the First District under date of December 3, 1917, will be a charge against the general debt incurring power of the City in addition to the sum total of one hundred and seventeen million two hundred and ninety-one thousand seven hundred and eighty-eight dollars (\$117,291,788) heretofore authorized by the Board of Estimate and Apportionment (including forty million five hundred and one thousand nine hundred and ninety-one dollars (\$40,501,991) registered prior to March 18, 1913, and four million one hundred and ninety-four thousand seven hundred and ninety-seven dollars (\$4,194,797) authorized July 28, 1916, for the construction of the East River tunnel at 60th Street), for the purpose of meeting the City's requirements under Contract No. 4; therefore be it

Resolved, That, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and section 45 of the Greater New York Charter, and the requisition of the Public Service Commission for the First District, duly made under the seal of said Commission by the Chairman and the Secretary thereof, the Comptroller be and he is hereby authorized and directed to issue corporate stock of The City of New York to the amount of five hundred thousand dollars (\$500,000), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes specified in said requisition of the Public Service Commission and in the communication of said Commission transmitting the requisition in respect of the contract known as Contract No. 4, between The City of New York, acting by the Public Service Commission for the First District and New York Municipal Railway Corporation; this said additional appropriation of five hundred thousand dollars (\$500,000) of corporate stock from the general debt incurring power of the City being stated in the requisition of the Public Service Commission of December 3, 1917, as being required to meet the costs of real estate acquired and to be acquired by the City for the purpose of carrying out the City's obligations under said Contract No. 4; and said authorization is in addition to the forty million five hundred and one thousand nine hundred and ninety-one dollars (\$40,501,991) of contracts registered prior to March 18, 1913, and is in addition to the appropriation of sixty million dollars (\$60,000,000) of corporate stock authorized by the Board on March 18, 1913, and the supplemental appropriations thereto from the general debt incurring power of the City, which have been authorized by the Board of Estimate and Apportionment to carry out the City's obligations in respect of Contract No. 4.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Andrew D. Baird & Sons et al.—Claim of (Cal. No. 159).

The Secretary presented a report of the Deputy and Acting Comptroller, certifying for payment, pursuant to section 246 of the Charter, claim of Andrew D. Baird & Sons et al., of amount due for materials and labor supplied under contract of Wills and Marvin Co., in connection with the erection, etc., of additions F. & G. of Brooklyn Institute of Arts and Sciences.

(On November 30 (Cal. No. 49) and December 7, 1917 (Cal. No. 136), the matter was laid over; on the latter date until this meeting.)

The matter was laid over one week (December 21st, 1917).

Marble Arch Company—Claim of (Cal. No. 160).

The Secretary presented a report of the Deputy and Acting Comptroller certifying for payment, pursuant to section 246 of the Charter, claim of Marble Arch Company for amount due for materials used in completion of superstructure of additions F. & G., etc., Brooklyn Institute of Arts and Sciences, in connection with abandoned contract of Wills and Marvin Co.

(On November 30 (Cal. No. 50) and December 7, 1917 (Cal. No. 137), the matter was laid over; on the latter date until this meeting.)

The matter was laid over one week (December 21st, 1917).

Board of Estimate and Apportionment—Engineer's Financial Statement (Cal. No. 161).

(On December 7, 1917 (Cal. No. 76), the matter was laid over until this meeting.)

The Secretary presented the following report of the Chief Engineer:

Report No. 17252.

December 1, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Under the provisions of the rules adopted by the Board on July 30, 1914, as interpreted in a report submitted by your Engineer at the meeting of October 19, 1917, the amounts available for preliminary and final authorization of local improvements during the year 1917 are limited to the amounts given in the following table, which also shows the value of the authorizations already given, and the overdraft on each account:

	Limit Fixed	Authorizations	Under Rules of up to Decem-ber 1, 1917.	Overdraft.
Preliminary authorizations outstanding...	\$3,651,900 00	\$3,845,500 00		\$193,600 00
Final authorizations	\$4,900,000 00	\$6,121,900 00		\$1,221,900 00

On the basis of the collections between January 1 and November 20, and of the assessment lists returned to the Board of Assessors during the same period, the total value of these returns for the entire year 1917 will be as follows:

Probable collections during 1917..... \$5,590,000 00
Probable value of assessment lists returned to the Board of Assessors during 1917 2,915,000 00

For the last fifteen years the value of the assessment lists returned has averaged a little over \$5,160,000 per year, and during the last ten years the average has been about \$6,770,000, the record for the present year being in this respect lower than for any similar period since 1904.

The probable low value of the 1917 assessment lists will unquestionably be reflected in small collections during the year 1918, with the result, unless the rules are modified, of bringing about a radical curtailment of final authorizations in that year, thus making it practicable to advance very few improvements other than those whose urgency has already been recognized through the granting of preliminary authorization.

Among the latter improvements requests have now been presented for final authorizations in the various boroughs to the following amounts:

Value of Final Authorizations for Which Requests Are Now Awaiting Consideration.

Manhattan	\$93,400 00
Brooklyn	860,000 00
Queens	86,800 00

Total..... \$1,040,200 00

The additional improvements for which preliminary authorization is also outstanding, on the basis of such revision of the original estimates as may properly be made in recognition of the very great increase which has taken place in the cost of labor and materials since many of them were made, will probably involve the expenditure of approximately the following amounts:

Total Cost of Additional Improvements for Which Preliminary Authorization Is Now Outstanding.

Manhattan	\$500,000 00
Brooklyn	1,550,000 00
The Bronx	400,000 00
Queens	2,100,000 00
Richmond	7,000 00

Total..... \$4,557,000 00

The total preliminary authorizations, for nearly all of which the Board has recognized the urgency, would, therefore, involve an expenditure of about \$5,600,000. In addition to the improvements included in these schedules, requests have been or are about to be made for a large number of additional preliminary authorizations, the estimated cost of the more important of which for the various Boroughs is approximately as follows:

Estimated Cost of the More Important Improvements for Which Preliminary Authorization Has Been or Is About to Be Requested.

Manhattan	\$926,600 00
Brooklyn	250,000 00
Queens	2,932,100 00
Richmond	94,100 00

Total..... \$4,202,800 00

Included in the list of preliminary authorizations already given and in the list of those requested or about to be requested are trunk sewer improvements affecting territory now without a modern system of drainage, to the carrying out of which the Board is already committed or for which there is an urgent need, in order to permit of the development of areas adjoining new transit lines, these representing amounts approximately as follows:

Borough.	Preliminary Authorization Already Given.	Preliminary Authorization Requested or About to Be Requested.
Brooklyn	\$773,800 00	\$250,000 00
The Bronx	178,100 00
Queens	1,559,500 00	2,932,100 00
Richmond	94,100 00
Total	\$2,511,400 00	\$3,276,200 00

It would, therefore, appear that the obligations for the construction of trunk sewers which should be met in the immediate future, if the growth of the City is not to be seriously retarded, aggregate nearly \$6,000,000, all of which should be made available in the immediate future, to which amount it is obvious that a substantial addition should be made in order to permit of carrying out such surface improvements as are of a most urgent character, as well as for the lateral sewers required to complete sewerage systems for which the main trunks have already been provided.

It would also seem clear that there exists the most obvious reasons for conserving both labor and capital to the utmost extent practicable, to the end that other improvements now in progress may not be unduly delayed and that the resources of the Nation may be concentrated as far as practicable toward the successful prosecution of the war.

Under these conditions, instructions are desired from the Board as to:

1. Whether the overdraft on the limitation heretofore set up for the year 1917 is to be further increased through favorable consideration of requests for preliminary authorization of new improvements involving a large expenditure or for final authorization of those for which preliminary authorization has already been given.

2. In case the limitation is to be waived, does the Board desire to have improvements reported on the basis of the urgency rules adopted in 1915, or does it wish to consider only such improvements as cannot be deferred without serious prejudicial effect upon the growth of the territory adjacent to the new lines of rapid transit or upon the health of the community?

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The President, Borough of The Bronx, moved that the Chief Engineer be directed to report for final authorization only such public improvements during the present year as are of such emergency as to require action before the end of the year.

Which motion was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Union Hall Street, Between South Street and Brinkerhoff Avenue, Borough of Queens—Regulating and Grading (Cal. No. 162).

The Secretary presented a resolution adopted July 26th, 1917, by the Local Board of the Jamaica District, Borough of Queens, initiating proceedings for this improvement; and a report of the Chief Engineer recommending that the resolution be referred back to the Borough President to be amended in such a way as to include the full length of the street and to be withheld until after title to the street has been acquired.

(On November 30, 1917 (Cal. No. 82), the matter was laid over until this meeting.)

In accordance with the recommendation contained in the report of the Chief Engineer, the matter was referred back to the President, Borough of Queens.

Flatlands Avenue and Paerdegat Basin, Borough of Brooklyn—Temporary Sewerage Treatment Plant (Cal. No. 163).

The Secretary presented a joint resolution adopted October 25, 1917, by the Local Boards of the Flatbush and New Lots Districts, Borough of Brooklyn, initiating proceedings for this improvement; and a report of the Chief Engineer recommending that the authorization of the preliminary work be now given, irrespective of the fact that the allotment of funds for such purposes in this Borough has been exceeded.

(On November 30 (Cal. No. 71) and December 7, 1917 (Cal. No. 143), the matter was laid over; on the latter date until this meeting.)

The matter was laid over four weeks (January 11th, 1918).

Flatlands Avenue and Paerdegat Basin, Borough of Brooklyn—Installation of Mechanical Equipment of Sewage Pumping Station (Cal. No. 164).

The Secretary presented a joint resolution adopted October 25, 1917, by the Local Boards of the Flatbush and New Lots Districts, Borough of Brooklyn, initiating proceedings for this improvement; and a report of the Chief Engineer recommending that the authorization of the preliminary work be now given, irrespective of the fact that the allotment of funds for such purposes in this Borough has been exceeded.

(On November 30 (Cal. No. 72) and December 7, 1917 (Cal. No. 144), the matter was laid over; on the latter date until this meeting.)

The matter was laid over four weeks (January 11th, 1918).

Flatlands Avenue and Paerdegat Basin, Borough of Brooklyn—Constructing Superstructures of Sewage Pumping Station (Cal. No. 165).

The Secretary presented a joint resolution adopted by the Local Boards of the Flatbush and New Lots Districts, Borough of Brooklyn, initiating proceedings for

this improvement; and a report of the Chief Engineer recommending that the authorization of the preliminary work be now given, irrespective of the fact that the allotment of funds for such purposes in this Borough has been exceeded.

(On November 30 (Cal. No. 73) and December 7, 1917 (Cal. No. 145), the matter was laid over; on the latter date until this meeting.)

The matter was laid over four weeks (January 11, 1918).

12th Avenue, Between West 42d Street and West 51st Street, Borough of Manhattan—Acquiring Title (Cal. No. 166).

The Secretary presented a communication, dated November 20, 1917, from the Corporation Counsel referring to the resolution adopted by the Board on July 28, 1916 (Cal. No. 1), authorizing the acquisition of title in fee to new 12th avenue, between the north line of West 42d street and the south line of West 51st street, Borough of Manhattan, and stating that upon the presentation of the application to the Supreme Court for an order granting the right to condemn the property required, and authority to assess the cost on the property affected, the 42d Street and Grand Street Ferry Railroad Company, owner of all the property in the block between 42d and 43d streets, filed an answer objecting to the condemnation of its property on the ground that same was held and used for a public purpose; that such objection is valid. Further stating negotiations have been had with the Railroad Company by the Comptroller with a view to arriving at the basis for an agreement for the withdrawal of its answer, and any agreement to be made will have to be made by the Board.

In view of the above, the Corporation Counsel requests to be advised as to what further action the Board desires him to take in the premises.

(On November 23 (Cal. No. 77), November 30 (Cal. No. 124), and December 7, 1917 (Cal. No. 150), the matter was laid over; on the latter date to this meeting.)

Frank Joyce appeared in opposition.

The matter was laid over four weeks (January 11, 1918).

President, Borough of The Bronx; Bronx Parkway Commission—Improvement and Maintenance of Bronx Boulevard (Cal. No. 167).

(On December 7, 1917 (Cal. No. 118), the matter was laid over until this meeting.)

The Secretary presented a communication, dated December 3, 1917, from the President, Borough of The Bronx, submitting plan showing proposed improvement; and the following report of the Chief Engineer:

Report No. 17271.

December 5th, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—With a communication dated December 3rd, 1917, the President of the Borough of The Bronx has submitted a map or plan showing Bronx Boulevard, between Burke Avenue and East 233rd Street, the manner of its treatment and the portions of the said boulevard to be improved and maintained, respectively, by the Bronx Parkway Commission and the City of New York, said map being dated October, 1917, and signed by the members of the Bronx Parkway Commission and its Engineer and Secretary and signed also on December 3rd by the President of the Borough of The Bronx and the Chief Engineer of Sewers and Highways.

Accompanying the plan is a resolution submitted for adoption by the Board giving its approval and consent to the improvement and maintenance by the Bronx Parkway Commission of the portion of Bronx Boulevard between Burke Avenue and Magenta Street, and to the improvement, maintenance and use, but for public boulevard purposes only, of the portion between Magenta Street and East 211th Street, including the two bridges over the Bronx River and all that portion of Bronx Boulevard between East 211th and East 233rd Streets, except the easterly sidewalk and roadway as shown on a plan adopted by the Board of Estimate and Apportionment on March 30th, 1917. Another resolution provides that the traffic upon the portion of Bronx Boulevard, between East 211th and East 233rd Streets, which is to be improved by the Bronx Parkway Commission, shall be restricted against business vehicles. This action is requested by the Board of Estimate and Apportionment in accordance with the provisions of section 18a of the Laws of 1907, as amended by chapter 757 of the Laws of 1913, which authorizes the Bronx Parkway Commission to improve, maintain and use lands of the City of New York and other municipalities adjoining the parkway, with the consent of the local authorities having jurisdiction thereof, and to improve and maintain lands in public streets adjacent to or within the general lines of the parkway reservation. Bronx Boulevard bounds on the east the Bronx River Parkway reservation, between Burke Avenue and East 233rd Street, except between Duncomb Street and East 211th Street, where it lies wholly within the reservation. When the Board of Estimate and Apportionment, on March 30th, 1917, adopted a plan changing the grades of Bronx Boulevard, between East 211th and East 233rd Streets, this plan contemplated and showed that the easterly sidewalk and roadway, having widths, respectively, of 15 feet and 28 feet, were to be treated as an ordinary street, while the remaining or westerly portion of Bronx Boulevard was to be treated as a parkway and divided between parking spaces and a parkway drive. The adoption of the resolution submitted by the Borough President is designed to make it possible to carry out this general scheme of improvement by the consent of the Board of Estimate and Apportionment as the local authority having jurisdiction over lands or lands in public streets adjacent to or within the general lines of the parkway reservation. This general plan and the form of resolution has been the subject of a number of conferences between representatives of the Bronx Parkway Commission, the President of the Borough of The Bronx and this office, and both the plan and the resolutions are believed to be consistent with the general project for the erection and improvement of the Bronx River Parkway and the treatment of Bronx Boulevard as already determined by the Board of Estimate and Apportionment through its adoption on March 30th, 1917, of the plan changing the grades and subdividing Bronx Boulevard into sidewalk, roadway and parkway.

The effect of the plan upon the abutting property on the easterly side of Bronx Boulevard will be beneficial and it is recommended that the resolutions submitted with the Borough President's communication be adopted and the plan be filed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 18a of chapter 594 of the Laws of 1907, as amended by chapter 757 of the Laws of 1913, hereby approves and consents to the improvement and maintenance by the Bronx Parkway Commission of that portion of Bronx Boulevard between Burke Avenue and Magenta Street, and approves and consents to the improvement, maintenance and use, but for public boulevard purposes only, by the Bronx Parkway Commission, of those portions of Bronx Boulevard in the Borough of The Bronx, between Magenta Street and East 211th Street, including two bridges over the Bronx River, and all that portion of Bronx Boulevard between East 211th Street and East 233d Street, except the easterly sidewalk and roadway shown on a plan adopted by a resolution passed by the Board of Estimate and Apportionment on March 30, 1917, and approved by the Mayor on April 13, 1917; the said portions of said street, and the extent to which the Bronx Parkway Commission shall improve and maintain the same, to be as shown on map or plan entitled "Engineering Department, Bronx Parkway Commission, map showing Bronx Boulevard, between Burke Avenue and East 233d Street, the manner of its treatment and the portions of said boulevard to be improved and maintained, respectively by Bronx Parkway Commission and the City of New York," dated October, 1917, and filed with the Board of Estimate and Apportionment; and be it further

Resolved, That traffic upon that portion of Bronx Boulevard between East 211th Street and East 233d Street which is to be improved by the Bronx Parkway Commission shall be restricted against business vehicles.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Estimate and Apportionment; Commissioners of Sinking Fund—Amendment of Paragraph H of Rules Covering Acceptance of Deeds Conveying Real Property to the City Within Street Lines (Cal. No. 168).

(On December 7, 1917 (Cal. No. 116), the matter was laid over until this meeting and referred to the Corporation Counsel for an opinion in the meantime as to the advisability of this change and as to whether any further amendment of the rules would be necessitated by such change.)

The Secretary presented the following communication from the President, Borough of Brooklyn, transmitting letter from Wood, Harmon & Co., and the following opinion from the Corporation Counsel:

December 4, 1917.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—I am enclosing you herewith a letter addressed to the Board of Estimate and Apportionment and signed by Wood, Harmon & Co., asking that paragraph H, on page 5, of the printed rules covering acceptance of deeds conveying to the City real property within street lines, which now reads:

"H. A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership."

—so that it may read:

"H. A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership. Intersecting streets, the title to which is in the City, old roads, or railway rights of way shall not be considered as breaking the continuity of such areas."

I would ask that this matter be placed upon the calendar of the Board for next Friday, for consideration, as I am anxious to have the change made as soon as possible. Yours very truly, L. H. POUNDS, President, Borough of Brooklyn.

Wood, Harmon & Co., Real Estate, 261 Broadway, New York, December 3, 1917.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—We recently filed two deeds of cession made by the Brooklyn Development Company to The City of New York, one for the bed of Avenue O between 22d Avenue and 65th Street, and the other for Avenue P between a point east of West 10th Street and 65th Street, in the Borough of Brooklyn, and we are now in receipt of letter from Mr. Troy, Assistant Corporation Counsel in charge of Bureau of Street Openings, Borough of Brooklyn, dated November 26, which reads in part as follows:

"Upon examination of said titles it appears that land in the bed of Avenue O owned by your client should have been ceded as two parcels, as there is a strip across the entire street owned by the New York Consolidated Railroad Company. This is also true of Avenue P."

"As there are two parcels it will be necessary for you to forward a check for \$50 in each case, making \$100 in all."

Inasmuch as the intersection of these avenues by the right of way of the New York Consolidated Railroad Company does not in any way increase the work involved in the examination of the titles, we do not feel it is fair that an extra fee of \$50 should be exacted in each case.

Mr. Troy contends that under the technical wording of the resolution adopted by your Board on September 17, 1915, it is not within his power to treat these cessions as one parcel, and further states that the same condition would apply if either of the avenues were intersected by a right angle street, in which the City had vested title.

In view of the circumstances we would respectfully request that paragraph H on page 5 of rules covering acceptance of deeds conveying the City real property within street lines be changed to read as follows:

"H. A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership. Intersecting streets, the title to which is in the City, old roads, or railway rights of way shall not be considered as breaking the continuity of such areas."

This paragraph now reads:

"A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership."

The object of amending the Cession Laws of 1915 was for the purpose of facilitating the turning over of streets to the City, thereby eliminating the very heavy assessments brought about through condemnation proceedings. Unfortunately, the new law has resulted in street cessions being greatly reduced, which is apparently due to a drawn construction of the new law.

Our object in requesting the above change is due to the enormous number of streets we control in the Borough of Brooklyn. Our failure to cede these streets to the City will result in thousands of our customers, who have purchased lots, being compelled to pay an assessment for the City acquiring title to the street, in front of their lots. The property owner is not averse to paying an assessment for which he receives some benefit, but he is very much opposed to paying assessment for which he receives nothing.

Trusting that you will give this matter your early and favorable consideration, we are, Yours very truly,

WOOD, HARMON & CO., By ALAN McVEIGH, Manager.

Law Department, Office of the Corporation Counsel, New York, December 13, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—I am in receipt of a communication dated December 7, 1917, addressed to the Corporation Counsel by your Secretary, Joseph Haag, which is as follows:

"At the meeting of the Board of Estimate and Apportionment on December 7, 1917, the following was presented and laid over one week (December 14), and referred to the Corporation Counsel for an opinion in the meanwhile as to the advisability of this change and as to whether any further amendment of the rules will be necessitated by such change:

Cal. No. 116. "Communication, dated December 4, 1917, from the President, Borough of Brooklyn, requesting that paragraph H, page 5, of the printed rules covering acceptance of deeds conveying real property to the City within street lines be amended to read as follows:

"H. A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership. Intersecting streets, the title to which is in the City, old roads, or railway rights of way shall not be considered as breaking the continuity of such areas."

"A copy of a communication is transmitted herewith for your information."

In reply, I beg to advise you that I am of the opinion that there is no legal objection to making the proposed change in paragraph H, page 5, of the printed rules governing acceptance of deeds conveying real property to the City for street purposes. The effect, of course, will be to reduce the amount received by the City under these rules.

The amendment of said paragraph H, page 5, in the manner suggested will not necessitate a further amendment of the rules. Very respectfully,

LOUIS H. HAHLO, Acting Corporation Counsel.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, subject to the approval of the Board of Commissioners of the Sinking Fund, that subdivision H, of paragraph II, of the rules governing acceptance of deeds conveying to the City real property within street lines, adopted by the Board of Estimate and Apportionment on September 17, 1915, and approved by the Board of Commissioners of the Sinking Fund on October 6, 1915, reading

"H. A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership";

—be and the same hereby is amended to read as follows:

"H. A 'parcel' as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership. Intersecting streets, the title to which is in the City, old roads, or railway rights of way shall not be considered as breaking the continuity of such areas."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

Department of Education—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 169).

(On December 7, 1917 (Cal. No. 79), the matter was laid over until this meeting.)

The Secretary presented a communication, dated November 20, 1917, from the Board of Education, requesting approval of the form of contract, etc., for installing a moving picture booth in Public School 1, Borough of Richmond; and the following report of the Bureau of Contract Supervision recommending approval thereof:

December 4, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 22, 1917, you referred to the Bureau of Contract Supervision a communication from the Board of Education dated November 20, 1917, requesting approval of the form of contract, plans, specifications and estimate of cost, \$1,200, for the construction of a motion picture booth at Public School 1, Borough of Richmond.

The cost is to be charged to the corporate stock fund entitled "C.D.E. 9A, School Building Fund, All Boroughs, Providing Fire Protection."

It is proposed to construct a motion picture booth in the rear of the auditorium and exterior to the school building proper. This booth is to have reinforced concrete floor and roof and terra cotta walls, and to be supported by angle iron struts from the ground. The window openings leading to the auditorium are to be provided with steel shutters automatically closing when released by a fusible link inside.

This work is necessary to comply with the suggestions of the Fire Department regarding the operation of motion picture machines, and is a correct charge against the stated account.

The form of contract, plans and specifications are satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost, twelve hundred dollars (\$1,200), for the construction of a motion picture booth at Public School 1, Borough of Richmond, under the jurisdiction of the Department of Education, the cost to be charged to the corporate stock fund entitled "C D E 9A, School Building Fund, All Boroughs, Providing Fire Protection"; provided that if no bids are received for said work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or by any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

Fire Department—Approval of Increased Estimate of Cost (Cal. No. 170).

(On December 7, 1917 (Cal. No. 82), the matter was laid over until this meeting.)

The Secretary presented a communication, dated December 3, 1917, from the Fire Commissioner, transmitting increased estimate of cost (\$51,475), for furnishing and delivering five two-section 65 foot motor-driven aerial hook and ladder trucks, and the following report of the Bureau of Contract Supervision, recommending approval thereof:

December 4, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 4, 1917, you referred to the Bureau of Contract Supervision a letter from the Fire Commissioner, dated December 3, 1917, requesting approval of an increased estimate of cost, \$51,475, for furnishing and delivering five two-section, 65-foot, motor-driven aerial hook and ladder trucks.

On June 29, 1917, the Board of Estimate and Apportionment approved an estimate of cost of \$49,250 for these trucks. Since that date there has been a general advance in the prices of motor vehicles and apparatus varying for different companies from 10 to 17 per cent., due to what practically amounts to a bonus which manufacturers are compelled to pay for the prompt delivery of parts, and due also to the enormous orders which the government is placing for motor trucks.

A revised form of contract and specifications at the previously approved estimate of cost was approved by the Comptroller on September 18, 1917. The requested increased estimate of cost is only four and one-half per cent. greater than that approved, a saving having been made by adopting the suggestion of the Bureau of Contract Supervision in drawing the revised contract so that the tractor portion of the apparatus could be awarded to a firm making a specialty of the manufacture of tractors and the aerial ladder and chassis for same awarded to a firm adequately equipped for the manufacture of such apparatus.

The result of the bidding under this form of contract was a saving of \$1,245 on each piece of apparatus.

The bidding demonstrated that it was much more economical for the City to get ladder and truck manufacturers to manufacture the parts they were equipped to manufacture and to get tractor manufacturers to make the tractors. Under the old system a tractor manufacturer in order to compete was compelled to bid upon the complete apparatus. The result in one recent bidding was that a tractor manufacturer was compelled to go into the unaccustomed field of ladder and truck manufacture.

The bids for complete apparatus by the American La France Company on the five pieces of apparatus involved in this report were:

For apparatus with 4-cylinder motor..... \$55,200 00
For apparatus with 6-cylinder motor..... 57,700 00

For the tractors separately the American La France Company bid as follows:

Five with four-cylinder motors \$26,225 00
Five with six-cylinder motors 28,725 00

The Front Drive Motor Company bid for five four-cylinder tractors a price of \$22,500.

This was the low bid for tractors. Combined with the American La France bid of \$28,975 for five trucks and ladders, it makes a total low bid of \$51,475.

This is \$6,225 less than the American La France bid for the complete apparatus with 6-cylinder motors and \$3,725 less than the American La France bid for the complete apparatus with 4-cylinder motors.

There was a third bid from the Seagrave Company, which was \$4,525 higher than the combined low bids for the separate parts with four-cylinder motor and \$7,450 higher for the apparatus with six-cylinder motors.

It is proposed to award the contract for the tractors to the Front Drive Tractor Company, the lowest bidder for the tractors alone, and to award the contract for the aerial ladders and chassis to the American La France Company, which is the lowest bidder for this portion of the apparatus.

There is a sufficient unencumbered balance in the corporate stock fund entitled "C. F. D.—10E, Fire Department, Fire Apparatus, All Boroughs," to provide for the increased expenditure.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves an increased estimate of cost, fifty-one thousand four hundred and seventy-five dollars (\$51,475) for five sixty-five foot, motor-driven aerial hook and ladder trucks for the Fire Department, for which the form of contract, specifications and an estimate of cost, forty-nine thousand two hundred and fifty dollars (\$49,250), was approved by the Comptroller for the Board of Estimate and Apportionment on September 18, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 171).

(On December 7, 1917 (Cal. No. 83), the matter was laid over until this meeting.)

The Secretary presented a communication, dated November 13, 1917, from the Fire Commissioner, transmitting plans, specifications and estimate of cost (\$3,000) for three one-ton delivery trucks for the Division of Apparatus; and the following report of the Bureau of Contract Supervision relative thereto:

December 3, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1917, you referred to the Bureau of Contract Supervision a request of the Fire Commissioner, dated November 13, 1917, for approval of the form of contract, specifications and estimate of cost \$3,000 for three one-ton delivery trucks for the Division of Apparatus, the cost to be charged against the corporate stock fund entitled "C. F. D. 10E, Fire Department, Motor Fire Apparatus, All Boroughs," in which there is an unencumbered balance sufficient for the proposed expenditure.

One of these trucks is for use in the Borough of Richmond, and is to replace a Ford Runabout which is not suitable for the work. One is to replace a horse

and wagon in the Borough of The Bronx. The third is desired to replace a light Buick truck in the Borough of Queens.

Two of the trucks may be considered as original equipment, but the third, for the Borough of Queens, is a repair or replacement for which only budget appropriations should be expended. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the form of contract, specifications and estimate of cost for two trucks and that the Fire Commissioner be notified that the cost of the third truck, if its purchase is necessary, should be paid from the budget appropriation of 1918. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications and estimate of cost, two thousand dollars (\$2,000) for two one-ton trucks mounted on Ford Chasses for the use of the Fire Department, the cost to be charged against the corporate stock fund entitled "C. F. D. 10E, Fire Department, Motor Fire Apparatus, All Boroughs"; provided that if no bids are received within the estimate of cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or any official authorized to act in its behalf, provided that any of said bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Correction—Approval of Contract, Plans and Specifications, Etc. (Cal. No. 172).

(On December 7, 1917 (Cal. No. 87), the matter was laid over until this meeting.)

The Secretary presented a communication, dated December 1, 1917, from the Commissioner of Correction, transmitting contract, specifications, plans and estimate of cost (\$263,300) for the construction of the Administration and Dormitory building for the Women's Workhouse, Farm Colony, at Greycourt, Orange County, N. Y.; and the following report of the Bureau of Contract Supervision recommending approval thereof:

December 4, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 3, 1917, you referred to this Bureau a communication from the Commissioner of Correction, dated December 1, 1917, requesting approval of the form of contract, specifications, plans and estimates of cost aggregating \$263,300 for the construction of the Administration and Dormitory Building and Storage Building for the Women's Workhouse Farm Colony to be erected on the land purchased for this purpose at Greycourt, Orange County, New York.

The estimates of cost submitted are as follows:

	General Construction.	Plumbing.	Heating.
Administration and Dormitory Building	\$206,230 00	\$16,520 00	\$19,500 00
Storage Building	20,300 00	750 00
Totals	\$226,530 00	\$17,270 00	\$19,500 00
	17,270 00	19,500 00	
Grand Total	\$263,300 00		

The cost is to be charged to the fund of \$333,000 authorized on December 28 and 29, 1916, and entitled "C. D. C.—21, Construction of Workhouse for Women, and for Land." On December 4, 1917, the unencumbered balance in this account was \$287,965.51.

The work will be advertised and bids will be received for the three separate subdivisions, General Construction, Plumbing and Heating, of the work on each building separately, and also on the two together. Bids are requested in this way in order that an award may be made for the main building only, in case the bids on both buildings exceed the estimated cost of both.

At the time the authorization for this work was made, the Corporate Stock Budget Committee in its report to your Board stated that because of the number of frequent offenders and because of the serious physical condition of over eighty per cent. of them a women's farm colony for the care and treatment of women serving sentence was preferable to the present old workhouse and penitentiary for women. That if the Jefferson Market Detention Prison were reconstructed as a house of detention for women and if the south wing of the Workhouse, Blackwells Island, were reconstructed as a hospital and clearing institution for women, together with new facilities at Bellevue Psychopathic Department, and elsewhere, accommodations would thus be furnished which would be vastly superior and at considerably less cost than the proposed Court, Jail and Place of Detention for Women, which was to have been erected on West 30th Street and which was roughly estimated to cost \$1,000,000.

On December 28, 1916, the Board of Estimate and Apportionment rescinded appropriations made for the Women's Detention Jail on West 30th Street.

At the same time the appropriation for the work contemplated under the plans now presented for your approval was made, funds were made available for the reconstruction of Jefferson Market Prison and for the reconstruction of the south wing of the Workhouse. Plans and specifications for these last two projects have been prepared by the Department of Correction and approved by your Board. The approval of the plans for the Women's Workhouse Farm Colony will complete the buildings necessary to meet the requirements of the situation confronting the City in the detention, care and treatment of women prisoners.

The Bureau of Contract Supervision has been in touch with the architects during the preparation of the plans.

The final plans for this institution are in exact accordance with the layout of the preliminary plans approved by your Board on November 2, 1917.

The Main Building consists of a central administration pavilion, to which are connected three wings extending to the east and west and to the north of the Central Pavilion. The entire building, excepting for a one-story and basement kitchen extension, will be three stories above the basement. The wings extending to the east and west are arranged as cubicle dormitories on the three floors above the basement. The basement will be used for shops for industrial purposes. The north wing will have a laundry in the basement, a mess hall on the first floor, and two infirmary dormitories on the two floors above. This wing has a one-story extension in which will be located the kitchen and service rooms in connection with a mess hall on the first floor and a heating plant in the basement. The central pavilion will provide administration offices and quarters for the staff.

The Storage Building will be located on the property immediately adjacent to a siding of the Erie Railroad. It will be one-story high with a basement under the entire building.

The buildings will be of fireproof construction. The foundation walls will be of concrete with the exposed surfaces tooled. The upper walls, above basement, will be of selected common brick trimmed with cut cast stone. The roofs will be flat and covered with a built-up felt and slag roof.

Adequate toilet accommodations, including drainage and water supply, will be provided.

The main building will be piped for heating with a low-pressure system, to be connected to boilers, kitchen and laundry equipment later when the building is ready to receive them. The storage building will be heated by a stove.

The buildings will be wired ready to receive and connect the lighting fixtures, which are omitted at this time as it is considered more advisable to install them later.

As the institution, with the exception of the storage building, is all under one roof, and as the heating plant is entirely a low pressure system and does not require skilled employees for its operation, the force necessary for the operation of the institution will be small and the operating expenses low.

The design of the buildings is simple, yet strong and durable, and the cost of maintaining the same should be small.

The form of contract is standard, the plans and specifications are satisfactory and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request, with the alternative of awarding the contract for the Administration and Dormitory Building only, if the total bids are in excess of the total estimated cost of both buildings.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 12, 1912, hereby approves the forms of contract, the plans and specifications for all labor and material required for the erection of the Administration and Dormitory Building and the Storage Building for the Women's Workhouse Farm Colony at Greycourt, Orange County, New York, under the jurisdiction of the Commissioner of Correction at estimates of cost, as follows:

1. General Construction	\$226,530 00
2. Plumbing	17,270 00
3. Heating	19,500 00

The cost to be charged to the fund entitled "C D C 21, Construction of Workhouse for Women and for Land"; provided that, in the event that the aggregate sum of the lowest bids received for the three items for the two buildings or upon the Administration and Dormitory Building only, as provided under Bids A, B and C to be submitted, is equal to or less than the aggregate sum approved for the three items, then the awards may be made without further approval of the Board of Estimate and Apportionment, and provided that in the event that such aggregate sum of the lowest bids received for all three items for both buildings or for the Administration and Dormitory Building exceeds the aggregate sum herein approved for all three items, no award shall be made and the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or by any official designated by the Board, provided that the aggregate of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—15.

Negative—The President of the Borough of Queens—1.

President, Borough of Brooklyn—Approval of Contract for Architectural Services (Cal. No. 173).

(On December 7, 1917 (Cal. No. 117), the matter was laid over until this meeting and referred to the Bureau of Contract Supervision for report meanwhile.)

The Secretary presented a communication, dated December 3, 1917, from the President, Borough of Brooklyn, requesting approval of the form of preliminary contract for an architect for the Children's Court House, Kings County; and the following report of the Bureau of Contract Supervision, relative thereto:

December 6, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 3, 1917, you referred to the Bureau of Contract Supervision a communication from the President, Borough of Brooklyn, dated December 3, 1917, requesting the approval of the form of preliminary contract for the services of William P. Bannister, 69 Wall Street, Borough of Manhattan, as architect for the preparation of preliminary drawings and specifications of a proposed Children's Court House, Kings County, on Schermerhorn Street between Smith Street and Boerum Place, Borough of Brooklyn.

The cost of the work is to be charged to an intact fund of \$100,000 authorized December 27, 1916, and entitled "C. P. B. 42, Construction of a Children's Court House in Kings County."

The form of contract submitted is similar to that used prior to the resolution of the Board of Estimate and Apportionment adopted August 11, 1911, requiring the submission of forms of architect's contracts to the Board for approval, funds for the cost of which are derived from corporate stock issues. The form submitted has been recently replaced by a new form prepared by the Corporation Counsel.

The proposed contract requires the architect to submit preliminary studies and specifications of the proposed building, together with a detailed estimate, in writing, of the cost of said building based on the prevailing market prices of work, labor and materials for a building of 300,000 cubic feet at a total estimated cost, including architect's services, together with the costs of services and inspection for an amount not exceeding \$100,000.

To comply with these requirements the architect would be compelled to design a building to be constructed at a cost between 31 and 32 cents per cubic foot. Your Board has recently approved the plans and specifications for the new Third District Magistrates' Court at Second Street and Second Avenue. This building is the most simple in design of any court building ever constructed in New York City. It is built entirely of brick, and generally with cement floors. The contents are approximately 240,000 cubic feet, including the prison cells, and the estimated cost for construction only is 53 cents per cubic foot. It is readily seen therefore how utterly impossible it will be to construct a building with a cubical content of 300,000 feet for 31 cents per cubic foot at current prices. A building of the size proposed for the purposes intended would probably cost in excess of \$150,000.

The form of contract provides for a fee of \$1,500, to be paid in two equal installments, the first when the preliminary studies are presented to the Borough President and the second when they are finally approved by the President and the Board of Estimate and Apportionment. The established fee for preliminary plans and specifications is one per cent. of the proposed total cost of the project, which makes the fee \$1,000.

The tentative layout calls for a building the greater part of which would be devoted to probation officers, representatives of the Board of Education and private organizations interested in the work of the Children's Court.

The requirements of the Children's Court, Kings County, indicates that a building with a cubical content not exceeding 220,000 feet will provide adequately for the needs of that Court, and the size of the building should be reduced to this dimension.

The form of contract and the above facts are submitted for your consideration.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves of a preliminary contract for the services of William P. Bannister, 69 Wall Street, Borough of Manhattan, in accordance with the latest standard form of contract prepared and approved by the Corporation Counsel for preliminary plans and specifications for a building, with a cubical content not exceeding two hundred and twenty thousand feet (220,000), for the Children's Court House, Kings County, under the jurisdiction of the President of the Borough of Brooklyn, to cost, for construction, including architect's fees, not to exceed one hundred thousand dollars (\$100,000), the fee to be paid the architect for the work in accordance with the terms of the preliminary contract to be one thousand dollars (\$1,000), the cost to be paid from the fund entitled "C. P. B.—42, Construction of a Children's Court House in Kings County."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Present and Not Voting—The President of the Borough of The Bronx.

Department of Docks and Ferries; Department of Street Cleaning—Expenditure of Corporate Stock Funds and Approval of Schedule (Cal. No. 174).

(On December 7, 1917 (Cal. Nos. 119 and 126), the matter was laid over until this meeting and referred to the Bureau of Contract Supervision for report.)

The Secretary presented a communication, dated December 3rd, 1917, from the Commissioner of Street Cleaning, requesting authority to expend a sum not to exceed \$13,000 for the purpose of laying tracks and installing electrical conductors and appurtenances for electric traveling cranes to be installed on the north side of the pier at the foot of West 96th Street; and the following report of the Bureau of Contract Supervision relative thereto:

December 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 7, 1917 (Cal. No. 119), you referred to the Bureau of Contract Supervision for a report at meeting on December 14, 1917, a letter from the Commissioner of Street Cleaning, dated December 3, 1917, requesting authority to expend a sum not to exceed \$13,000, out of the corporate stock fund entitled "C. D. S.—17, Department of Street Cleaning, Construction and Equipment of Buildings and Purchase of Motor-driven Apparatus," for the purpose of laying tracks and

installing electrical conductors and appurtenances for electric traveling cranes to be installed on the north side of the pier at the foot of West 96th Street.

This request places before your Board for decision the question of whether the Department of Street Cleaning shall occupy the north side of 96th Street Pier, as requested, or shall use the pier at West 95th Street.

Acting under section 836 of the Greater New York Charter the Dock Commissioner has designated the pier at West 95th Street for the use of the Department of Street Cleaning. This pier, however, cannot be used until it is strengthened underneath and the deck rebuilt at a different grade. This involves the expenditure of about \$35,000 and will require at least four months time.

Acting, therefore, under authority given him in section 542 of the Charter the Commissioner of Street Cleaning has requested the use of the pier at 96th Street, which has recently been regraded by the Dock Department and requires strengthening only under the rails to be laid and a new upper sheathing, the cost being estimated by the Department of Street Cleaning at \$13,000, it being claimed that the work can be completed, if done under open market orders and with hired dockbuilders and laborers, within 40 days, or before February 1, 1918.

The Department of Street Cleaning has under contract refuse handling apparatus for the west side of Manhattan, between 72nd and 155th Streets, aggregating in cost \$310,701.01, as follows:

34 automobile tractors	\$190,577 51
Trailers and refuse compartments for same	67,923 50
Electric cranes	52,200 00

The tractors are now due under the contract and are being delivered. Nine have been received. The trailers are due but none have been received. The contract for the cranes requires that they be ready for shipment from Ohio on December 24, 1917.

The Department of Street Cleaning planned to use the piers at West 77th Street and West 96th Street for this apparatus.

A considerable amount of reconstruction for which the contract has not yet been let will be necessary at West 77th Street, so that the department depends for the early use of the apparatus upon obtaining 96th Street pier, and states that even if this occupation is only temporary, until the 95th Street pier is reconstructed, the expenditure of \$13,000 for tracks, etc., will be repaid several times by the saving in auto truck hire, due to obtaining the use of the new automobile apparatus after February 1, 1918, which can only be used in connection with the pier as proposed, instead of leaving the apparatus standing idle until May 1, 1918, if the use of the 95th Street pier is insisted upon.

The south side of 96th Street pier is now occupied by a Street Cleaning dumping board, which handles ashes and rubbish, but not garbage. The Dock Commissioner objects to the use of the north side of the pier, as requested, involving the dumping of both ashes and garbage, because of the prominence of the pier with relation to Riverside Drive, and also because the Navy Department intends to erect a building for storage and dormitory purposes upon the next pier adjoining to the north at the foot of West 97th Street.

It is now so short a time before the new administration takes office and the use of these piers is so intimately connected with improvements which may be made on the west side of Manhattan, I recommend that the request be returned to the Department of Street Cleaning, to be considered by the new Commissioner of Street Cleaning and the new Commissioner of Docks.

Respectfully,

TILDEN ADAMSON, Director.

Hon. John T. Fetherston, Commissioner of Street Cleaning, appeared in support of the request.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with its resolution adopted on July 11, 1912, and subject to the provisions of section 419 of the Charter, hereby approves the expenditure of a sum not exceeding nine thousand six hundred and ninety-eight dollars (\$9,698) from the corporate stock fund entitled "C. D. S. 17, Department of Street Cleaning, Construction and Equipment of Buildings and Purchase of Motor Driven Apparatus" for expenditures for other than personal service for the purpose of laying tracks and installing electrical conductors and appurtenances for electric traveling cranes to be installed on the north side of the pier at the foot of West Ninety-sixth Street, Borough of Manhattan, by the Department of Street Cleaning.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Present and not Voting—The President of the Borough of Richmond.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of a corporate stock schedule for the Department of Street Cleaning for the year 1917, as follows:

Personal Service, Wages, Temporary Employees.

2344A Corporate Stock Force (C-D-S-17)—	
Foreman Carpenter or Foreman Dock Builder, at \$6 per day (40 days)	\$240 00
Dock Builder or Carpenter, at \$5 per day (200 days)	1,000 00
Electrician, at \$5.20 per day (40 days)	208 00
Laborer, at \$3 per day (460 days)	1,380 00
Watchman, at \$3 per day (100 days)	300 00
Machinist, Iron Worker or Bridgeworker, at \$5.80 per day (30 days)	174 00

Schedule Total

Corporate Stock Allowance

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Present and not Voting—The President of the Borough of Richmond.

Department of Public Charities—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 175).

The Secretary presented a report of the Bureau of Contract Supervision recommending that the request of the Commissioner of Public Charities for approval of form of contract, specifications, blueprints and estimate of cost, \$54,500, for the construction of a dormitory for female help, Kings County Hospital, Borough of Brooklyn, be returned to the department without approval and with instruction that the plans be modified by increasing the dimensions of the rooms so that at least the smallest size bed can be placed in the room conveniently; also that approval of the Art Commission be obtained before they are submitted for further consideration.

(On November 23 (Cal. No. 47), November 30 (Cal. No. 120) and December 7, 1917 (Cal. No. 152), the matter was laid over; on the latter date until this meeting.)

The matter was laid over one week (December 21, 1917).

New York Consolidated Railroad Company—Exchange of Property (Cal. No. 176).

The Secretary presented a resolution adopted December 6, 1917, by the Commissioners of the Sinking Fund authorizing, subject to the approval of the Board of Estimate and Apportionment, an exchange of three parcels of land at Malbone street and Brighton Beach Railroad cut, Brooklyn, owned by the City, for lands owned by the New York Consolidated Railroad Company in the same locality.

(On December 7, 1917 (Cal. No. 164), this matter was presented and laid over to this meeting.)

The matter was laid over one week (December 21st, 1917).

President, Borough of Richmond—Issue of Special Revenue Bonds (Cal. No. 177).

(On December 7, 1917 (Cal. No. 165), this request was laid over to this meeting and referred to the Comptroller for report meanwhile.)

The Secretary presented a communication, dated December 6th, 1917, from the President, Borough of Richmond, requesting issue of \$8,000 Special Revenue Bonds to provide for snow removal during the month of December, 1917; and the following following report of the Deputy and Acting Comptroller recommending approval thereof:

December 13, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1917, the President of the Borough of Richmond requested that the Comptroller be authorized to issue special revenue bonds in the amount of \$8,000, or such portions thereof as may be required, for the purpose of snow removal during the month of December, 1917, in accordance with the provisions of section 546 of the Greater New York Charter.

The Bureau of Contract Supervision, to which this request was referred on December 10, 1917, reports thereon as follows:

"Section 546 of the Greater New York Charter, as amended by chapter 615 of the Laws of 1917, provides that 'If the necessary cost of removing snow or ice from the streets and avenues shall in any one year exceed the amount appropriated therefor, the board of estimate and apportionment may authorize the comptroller to provide for such expenditure by the issue and sale of special revenue bonds.'

"No budget appropriation has been made for the President of the Borough of Richmond for the removal of snow and ice for the year 1917. The custom has been for the President of the Borough of Richmond to request approval by the Board of the expenditure of funds from unexpended appropriation accounts, and when the actual cost of such removal has been ascertained, to make application to the Board for the issuance of special revenue bonds to replenish the accounts from which the expenditures have been made. This was in accordance with the provisions of section 546 of the Greater New York Charter prior to the enactment of chapter 615 of the Laws of 1917.

"The purpose of this request is to provide for the creation of an account to which may be charged the necessary cost of foremen and laborers, the hire of horses and carts and teams and trucks, and auto truck hire employed in the removal of snow and ice, should the occasion require, during the month of December, 1917.

"The records of the Bureau of Street Cleaning disclose that during the month of December, 1915, there was expended the sum of approximately \$1,500, and during the month of December, 1916, approximately \$2,200 in connection with the removal of snow and ice by emergency forces. While the amount necessary is problematical, in view of the recent storm, it is recommended that the request be granted."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 546 of the Greater New York Charter, as amended by Chapter 615 of the Laws of 1917, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue special revenue bonds of the City of New York to an amount not exceeding eight thousand dollars (\$8,000) redeemable from the tax levy of the year succeeding the year of their issue, the proceeds thereof to be used to defray the cost of emergency removal of snow and ice in the Borough of Richmond during the month of December, 1917, as certified by the President of the Borough of Richmond and audited by the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Railway—Pelham Bay Park (Cal. No. 178).

Plans and profiles for a railway through Pelham Bay Park, Borough of The Bronx. (A report was presented from the Bureau of Franchises at the meeting of October 26 (Cal. No. 62) and action was deferred until November 9 (Cal. No. 96), when the matter was laid over until November 23 (Cal. No. 99), when it was again laid over until December 7, 1917 (Cal. No. 155), at which time a supplemental report was presented from the Bureau of Franchises and the matter laid over until this day.)

H. S. Sayers appeared and requested that the matter be laid over until January, 1918.

Robert Jacobs and residents of City Island appeared in favor.

The following resolution was offered:

Whereas, Section 191 of the Railroad Law, as amended by Chapter 482 of the Laws of 1912, provides, in part, that

"a street railroad may be constructed or extended upon a route or routes within a right of way not exceeding fifty feet in width in Pelham Bay Park in the City of New York; said route or routes to be designated or fixed by the Board of Estimate and Apportionment of said City with the approval of the Park Board of said City, and shall constitute the most direct appropriate route or routes in the opinion of said Board of Estimate and Apportionment and said Park Board."

—and

Whereas, It is necessary to fix and designate appropriate routes for the extension within the said park before the same can be submitted to the Park Board for its approval; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment hereby designates and fixes the following route for a street railway within the park, namely:

Commencing at a convenient point in Pelham Bay Park on the easterly side of Eastern Boulevard between City Island Avenue or Road and the abandoned monorail railroad right of way, but not more than 350 feet from the center line of the Eastern Boulevard, nor more than 150 feet north of the center line of said monorail route, but so located that a connection by suitable curves may be made with either the existing electric railroad on City Island Avenue or with the said monorail right of way, as may hereafter be found necessary, such connection, when decided upon, to be a part of the route hereby intended to be fixed but now incapable of more accurate description; thence in a westerly direction, substantially parallel to the said monorail right of way but not more than 150 feet therefrom, to the Eastern Boulevard; thence in a westerly direction underneath the Eastern Boulevard in a tunnel which shall have sufficient head room for the operation of a street railway car with overhead trolley, and have such a grade as will make necessary the least possible change in the existing grades of the Boulevard and at the same time provide proper drainage of the tunnel, to the westerly side of the Boulevard; thence in a westerly direction, still substantially paralleling the said right of way of the monorail railroad, by such curves and tangents as will be best suited to the topography of the immediate locality, to a point near the southern entrance to the City Island Depot grounds; thence in a northerly direction, immediately adjacent to and paralleling the easterly side line of the said station grounds and at substantially the grade thereof, to the embankment which forms the easterly approach to the bridge spanning the tracks north of the depot; thence continuing in a northerly direction underneath the said embankment or approach in a tunnel to the northerly side thereof; thence still continuing in a northerly direction to a point at or near Prospect Avenue or Split Rock Road, such parallel route to be at such distance from the said railroad's right of way as may be necessary, but not to exceed one hundred feet therefrom; thence, by a suitable curve, in a westerly direction, passing underneath the tracks of the said New Haven Railroad to a point on the southerly side of Prospect Avenue west of such right of way; thence northwesterly, following substantially the direction of Prospect Avenue and on the westerly side thereof, to the northerly limits of the park. Such route to be so fixed and more definitely located that it will permit the portion which lies north of the approach to the bridge at City Island station to be screened from view from all points along the Boulevard and Prospect Avenue, by ornamental trees and shrubs.

—and be it further

Resolved, That the plan, together with the description of the route as contained herein, be transmitted to the Park Board with the request that it examine the same, and if the route is satisfactory to said Park Board, it approve the same in accordance with law.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

MATTERS CONSIDERED BY UNANIMOUS CONSENT.

The following matters not on the calendar for this day were considered by unanimous consent:

President, Borough of Manhattan—Establishment of Grade of Position of Secretary to the President (Cal. No. 179).

The President of the Borough of Manhattan offered the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the grade of position, in addition to those already established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Secretary to the President.....	\$4,500 00	One

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Queens—Issue of Special Revenue Bonds (Cal. No. 180).

The Secretary presented the following communication from the President of the Borough of Queens:

December 13, 1917.

To the Honorable, Board of Estimate and Apportionment, City of New York:

Gentlemen—In accordance with the provisions of section 546 of the Greater New York Charter, I hereby request your approval of the expenditure amounting to Fifteen thousand (\$15,000) Dollars on account of the emergency removal of snow and ice, and further request that your Board authorize the Comptroller to issue Special Revenue Bonds to such an amount to reimburse Appropriation Accounts from which such funds may be drawn. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

On motion, Rule 19 was waived in this matter and the following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 546 of the Greater New York Charter, as amended by chapter 615 of the Laws of 1917, hereby authorizes the Comptroller to issue special revenue bonds of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds thereof to be used to defray the cost of emergency removal of snow and ice in the Borough of Queens, as certified by the President of the Borough of Queens and audited by the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Appropriation for Repaving Streets and Avenues, Borough of Manhattan (Cal. No. 181).

The Acting Mayor offered a resolution authorizing, pursuant to sections 169 and 176 of the Charter, an appropriation of \$2,800,000 for repaving streets and avenues in the Borough of Manhattan.

Which was laid over one week (December 21, 1917) under Rule 19.

President, Borough of Richmond—Appropriation for Repaving Streets and Avenues, Borough of Richmond (Cal. No. 182).

The Secretary presented a communication, dated December 14, 1917, from the President of the Borough of Richmond, requesting an appropriation of \$368,636 for repaving streets in the Borough of Richmond during 1918.

Which was laid over one week (December 21, 1917) under Rule 19.

President, Borough of Queens—Appropriation for Repaving Streets and Avenues, Borough of Queens (Cal. No. 183).

The President of the Borough of Queens offered a resolution authorizing an appropriation of \$575,000 for repaving streets and avenues in the Borough of Queens.

Which was laid over one week (December 21, 1917) under Rule 19.

Department of Education—Amendment of Resolutions Authorizing Appropriations for School Buildings, Sites, and for Alterations, Etc., to Existing School Buildings (Cal. No. 184).

The Acting Mayor offered a resolution amending resolutions adopted in 1917, authorizing appropriations for specific school buildings, school sites, and for alterations, etc., to existing school buildings, so as to authorize the use of said appropriations for the acquisition of school sites, construction, alteration and equipment of school buildings, etc., generally.

Which was laid over one week (December 21, 1917).

Department of Street Cleaning—Issue of Special Revenue Bonds for Removal of Snow and Ice in the Boroughs of Manhattan, The Bronx and Brooklyn (Cal. No. 185).

The Secretary presented a communication dated December 4, 1917, from the Commissioner of Street Cleaning requesting an issue of special revenue bonds in the amount of \$400,000 for the removal of snow and ice during the month of December, 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

December 13, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On December 4, 1917, the Commissioner of the Department of Street Cleaning requested that the Comptroller be authorized to issue special revenue bonds in the amount of \$400,000, or such portion thereof as may be required, for the removal of snow and ice during the month of December, 1917.

The Bureau of Contract Supervision, to which this request was referred on December 10, 1917, reports thereon as follows:

"Section 546 of the Greater New York Charter, as amended by chapter 615 of the Laws of 1917, provides that 'If the necessary cost of removing snow or ice from the streets and avenues shall in any one year exceed the amount appropriated therefor, the Board of Estimate and Apportionment may authorize the Comptroller to provide for such expenditure by the issue and sale of special revenue bonds.'

"The budget appropriation made to the Department of Street Cleaning for snow removal is exhausted and the amount available in the revenue bond account is insufficient for the requirements of the department in case of a storm. While the amount necessary is problematical, the experience of the years 1915 and 1916 for the month of December would indicate that the amount requested should be made available in order to provide a fund to which could be charged necessary expenses of snow removal."

I recommend the adoption of the attached resolution granting the request.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

On motion, Rule 19 was waived in this matter, and the following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 546 of the Greater New York Charter, as amended by chapter 615 of the Laws of 1917, hereby authorizes the Comptroller to issue special revenue bonds of The City of New York to an amount not exceeding four hundred thousand dollars (\$400,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds thereof to be used to defray the cost of emergency removal of snow in the Boroughs of Manhattan, The Bronx and Brooklyn during the month of December, 1917, as certified by the Department of Street Cleaning and audited by the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Central Purchase Committee—Suspension of Rules and Regulations Governing the Purchase and Sale of Food Supplies (Cal. No. 186).

The Secretary presented the following communication from the Secretary, Central Purchase Committee:

December 13, 1917.

Board of Estimate and Apportionment, City Hall, Manhattan:

Gentlemen—Request is hereby made for the suspension of such provisions of the standard form of contract as are not required to be used by the Charter and are in conflict with rules and regulations heretofore promulgated or hereafter to be promulgated by the United States Food Administration, governing the purchase and sale of food supplies.

Immediate action is asked because the Food Administration's regulations governing the purchase and sale of flour require the use of a form of contract which includes the following clause and which is not in agreement with the standard form of contract adopted by the Board of Estimate and Apportionment.

"Exceptions to Seller's Responsibility: For delay in making shipment or delivery as specified, occurring through the fulfillment of Government contracts, or through fire, strikes or labor difficulties, or failure of Governmental agencies to supply wheat, acts of carrier, or similar causes beyond the control of the seller, the seller is not responsible."

Contracts for the purchase of flour must be advertised within a few days. If pending investigation develops that municipal governments are excepted by the Food Administration from the regulations prescribed, the standard form will be used without change. Very truly yours,

LEONARD M. WALLSTEIN, Secretary, Central Purchase Committee.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that such provisions of the standard form of contract for furnishing and delivering supplies, approved by the Board of Estimate and Apportionment December 5, 1912, as are not required by the Charter to be used, and are in conflict with rules and regulations heretofore promulgated or hereafter to be promulgated by the United States Food Administration governing the purchase and sale of food supplies, be and hereby are *suspended*.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of The Bronx—Appropriation for Repaving Streets (Cal. No. 187).

(On February 9, 1917 (Cal. No. 7), the Board adopted a resolution appropriating \$110,000 for repaving in the Borough of The Bronx.)

The Secretary presented the following communication from the President of the Borough of The Bronx:

December 8, 1917.

Board of Estimate and Apportionment, Municipal Building, Manhattan, N. Y. City:

Gentlemen—On February 9, 1917, your Board adopted a resolution providing for repaving streets and avenues in the Borough of The Bronx.

Among the streets referred to in the resolution for repaving appears Southern Boulevard from East 138th Street to Barretto street, excepting portions. The estimated cost of this improvement, including personal service, is \$120,000.

That portion of the Southern Boulevard between East 138th street and a point about 270 feet north of East 147th street cannot be repaved before late next Spring or the early Summer. Recently your Board has authorized the regulating, grading, curbing and flagging Third avenue and Park Avenue East from East 188th street to Fordham road, Park Avenue West from East 188th street to Fordham road, East 189th street from Washington avenue to Third avenue, and East 189th street from Park Avenue West to Webster avenue; and paving with asphalt (permanent pavement) Third avenue, Park Avenue East and Park Avenue West between the limits described, and East 189th street from Park Avenue West to Webster avenue.

Part of the roadways in this improvement will require repaving, viz.: Third avenue from East 188th street to East 189th street, East 189th street from Washington avenue to Third avenue, and part of Fordham road from Webster avenue to Park Avenue West. It is deemed advisable and to the best interests of the City to include such repaving in the contract recently authorized and referred to above. I wish to advertise this contract for letting during the latter part of this month.

Your Board is therefore respectfully requested to amend the resolution adopted February 9, 1917, in so far as it relates to the repaving of Southern Boulevard from East 138th street to Barretto street, excepting portions, so as to read repaving Southern Boulevard from a point about 270 feet north of East 147th street to Barretto street, excepting portions, and to add to the list of streets shown in said resolution Third avenue from East 188th street to East 189th street, East 189th street from Washington avenue to Third avenue, Fordham road (part) from Webster avenue to Park Avenue West.

If this be done a request will be made later to include the repaving of the Southern Boulevard from East 138th street to a point 270 feet north of East 147th street in the repaving schedule for 1918.

The work involved in these improvements is as follows:

For repaving Third avenue from East 188th street to East 189th street:
1,600 square yards granite block pavement (to be taken up, stored and relaid on a sand foundation) at \$1.25 per square yard..... \$2,000 00
1,750 square yards sheet asphalt at \$1.75 per square yard..... 1,750 00
170 cubic yards concrete at \$7.25 per cubic yard..... 1,232 50

Personal service \$4,982 50
Total \$67 50

The center line length of the improvement is 420 linear feet.

For repaving East 189th street from Washington avenue to Third avenue:
1,500 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$1,875 00
250 cubic yards concrete at \$7.25 per cubic yard..... 1,812 50

Personal service \$3,687 50
Total 362 50

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

The center line length of the improvement is 365 linear feet.

For repaving Fordham road (part) from Webster avenue to Park Avenue West:
450 square yards asphalt block pavement (to be taken up, stored and relaid) at \$1.25 per square yard..... \$562 50
75 cubic yards concrete at \$7.25 per cubic yard..... 543 75

Personal service \$1,106 25
Total 93 75

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
THURSDAY, JANUARY 3, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE THURSDAY, JANUARY 3, 1918.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date of the invoices or the registered number of the contract, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher the date of the earliest is given, excepting that when such vouchers are submitted under a contract the registered number of the contract is shown instead. CHARLES L. CRAIG, Comptroller.

RUDOLPH P. MILLER, Chairman.

Board of City Record.

The Board of City Record meets in the City Hall at call of the Mayor.
PETER J. BRADY, Supervisor, Secretary.

STATE INDUSTRIAL COMMISSION—DEPARTMENT OF LABOR.

Resolution Adopted.

WHEREAS, THE DIVISION OF FACTORY

Inspection has submitted to this Commission the following appeals from orders issued by the said Division, which are filed by the parties noted herein against the premises specified, granting of which appeals would necessitate a variation of law; and

Whereas, the said Division of Factory Inspection has had a reinspection made in each case and submits the following recommendations:

(1) Premises affected, Bronx, N. Y. City, 1395-7 Sedgwick ave.; appellant, E. R. Poerschke. 5—Reconstruct floor of water closet compartment to slope toward urinal drain. Aug. 17, 1917. Matter before the Commission on Oct. 31, 1917; order No. 5 referred back to Supervising Inspector. Premises visited Dec. 11, 1917, at which time the urinals were found to be clean, and although the day was cold there was hardly any accumulation of unsanitary substances on the slabs of the urinal floors. The use of one urinal has been discontinued.

Recommendation: Waiver of order.

(2) Premises affected, Buffalo, 2917 Main st.; appellant, Buffalo Meter Co. Re exits. (No orders issued. Plan approved in 1915 for exits not conforming to law, although a safe condition exists.) Four-story fireproof building erected since Oct. 1, 1913; 80 by 200 feet; no sprinkler; no combustibles; fire alarm signal system installed; exits, fireproof enclosed stairway in southeast corner of building, also fireproof enclosed stairway located between two fire walls; two openings in easterly fire wall and two openings in westerly fire wall, each of which is provided with a hinged self-closing fire door. The stairway accessible to the occupants of the westerly section is the other side of the westerly fire wall. Occupancy above the first floor, 88.

Recommendation: Inasmuch as a safe condition exists, disregard the westerly fire wall and accept the building with two horizontal exits and a fireproof stairway as exits from easterly section and a fireproof stairway and horizontal (not remote from stairway) as exits from westerly section.

(3) Premises affected, Buffalo, 472-474 Main st.; appellant, T. & E. Dickinson & Co., Inc. 1—Prohibit occupancy. 2—Additional exit. (Nov. 22, 1917.) Four-story nonfireproof building; open lobby; no sprinkler; no combustibles; no fire alarm; occupancy of building, 35; above the 1st floor, 16; above the 2nd floor, 13 (4th floor occupancy 13, other 22); 1 male on 4th floor occasionally; no safe egress from roof; imperfect horizontal exit on 3rd floor; same has swinging fire door on one side only; one interior stairway, 1st to 4th floors, doors to which open outwardly; straight ladder fire escape on west wall; 2d floor has three mercantile employees.

Recommendation: Accept as second means of exit straight ladder fire escape on rear and horizontal exit in 3rd floor, which has but one swinging fire door, on condition that no other portion of the building be used for factory purposes and that there be no increase in the number of factory workers.

(4) Premises affected, Canajoharie, Mill st., Building 5; appellant, Beechnut Packing Co. 3—Additional exit from 4th floor. 4—Prohibit occupancy. (June 25, 1917.) Four-story nonfireproof building; open lobby; sprinkler; no combustibles; fire alarm signal system; occupancy of building, 98; above the 1st floor, 81; above the 2nd floor, 14; two interior stairways, one from 1st to 4th floors and one from 1st to 3rd floors; doors open out and are self-closing; exits remote; no egress from roof.

Recommendation: Accept Rule 4 "A" fire escape to be erected on west side of building, north end building 5, extending from 4th floor to roof of two-story building (No. 15), giving access to tower stairs at 3rd floor of building No. 17.

(5) Premises affected, Elmira, Church and Baldwin sts.; appellant, La France Garage Co. 1—Additional exit. 3—Prohibit occupancy. (March 21, 1917.) Three-story fireproof factory building; open lobby; no sprinkler; combustibles carried; no fire alarm system; occupancy of building, 18; factory, 14; other 4; above 1st floor, 14; above 2nd floor, 8; exits, one fireproof stairway from 1st to 3rd floors, one fireproof stairway from 1st to 2nd floors, doors to which open outwardly; stairs not remote; building walls, stairs and floors of concrete construction.

Recommendation: Accept a fire escape conforming to Rule 4-a from 3rd floor to grade at northwest corner of building, with nonfireproof openings.

(6) Premises affected, Gloversville, 9 Division st.; appellant, L. S. Brown & Sons. 3—Prohibit occupancy. 4—Additional exit. (Feb. 7, 1917.) Three-story nonfireproof building; divided lobby; no sprinkler; no combustibles; no fire alarm; occupancy of building, 14; above 1st floor, 6; above 2nd floor, 1; proprietor only occasionally; one interior stairway, doors to which open outwardly but are not self-closing; no safe egress from roof; 3rd floor attic under eaves used only for storage of empty boxes and for shipping goods; one of the proprietors only goes there once or twice a day for shipping boxes.

Recommendation: If the attic floor be locked, the key in the hands of the proprietor and no one but a proprietor permitted to go to said 3rd floor, additional exit from 3rd floor will not be required; an exterior wooden stairway from 2nd floor to grade to be provided at northeasterly corner, said stairway to be enclosed with wooden partitions, to be thirty (30) inches wide, and to have nonfireproof openings at least 2 by 6 feet.

(7) Premises affected, Highland, State rd.; appellant, Highland Knitting Mills, Inc. 8—Two means of exit from all floors, same to be remote. (Aug. 31, 1915.) Four-story nonfireproof building; open lobby; no sprinkler; no combustibles; no fire alarm; occupancy, 13; above 1st floor, 12; above 2nd floor, 4; exits, one interior stairway, doors to which open out; an exterior stairway, which is imperfect, extending from 3rd floor to ground; exits remote; no egress from roof; imperfect horizontal exit on 2nd floor.

Recommendation: Accept present interior stairway from 1st to 4th floors; also another stairway from 4th to 3rd floors; one outside stairway from 3rd floor to ground in connection with stairway which extends from 1st to 4th floors, and imperfect horizontal exit on 2nd floor by means of covered bridge through 2nd story of storehouse to graded elevation or roadway, distance of about 58 feet.

(8) Premises affected, Newark, North Main st.; appellant, Joseph Gilbert. Provide substantial enclosure 5½ feet high on freight elevator car. (June 11, 1917.) This elevator or hoist is similar to usual type of carriage hoist found in garages, except that instead of being suspended

by a cable at each end it is suspended by ropes and operated by hand power. Car platform is about 5 1/2 feet wide by 13 feet long. In its present condition it is just large enough to hold a small sized automobile. The car is located in carriage and automobile repair shop, and is used occasionally to take light vehicles to upper floors for storage. If enclosure called for were provided, the width of the platform would be reduced to such an extent as to make hoist useless; it is impossible for any one to ride on car.

Recommendation: While conditions and occupancy remain unchanged, waive order.

(9) Premises affected, N. Y. City, 12 W. 31st st.; appellant, Block-Weill & Goodman, Inc. Re dressing room. Appellants occupy 7th floor of premises for manufacture of ladies' dresses. They contemplate rearranging their factory, which will necessitate removing their dressing room to a portion of the factory where there will be no window to the outer air; in lieu thereof, appellants propose to use their show room as an emergency room, the show room having window to outer air; 6 females now employed; maximum number, 20.

Recommendation: Accept a dressing room of suitable size with artificial illumination, on condition that permission to use show room is given in case of emergency.

(10) Premises affected, Rome, 521 W. Liberty st.; appellant, Fred G. Gorton, 1—Prohibit occupancy. 2—Additional exit. Three-story building; open stairs; no sprinkler; no combustibles; no fire alarm; occupancy of building, 18; above 1st floor, 18; above 2nd floor, 1 occasionally; exits, one interior stairway; no egress from roof; cigar factory; building measures 25 by 37 feet; stairway runs from front of building to 2nd floor, and at back of building is stairway from 2nd to 3rd floor, 3rd floor being attic under eaves, used for storage, one person going there occasionally.

Recommendation: Accept 36-inch unenclosed wooden stairway with proper hand rails, to be provided at rear of building, from 2nd to 1st floor, and an opening on 3rd floor provided with trap door, and a straight ladder from 3rd floor to 2nd floor at front of building.

(11) Premises affected, Troy, Fulton and 4th sts.; appellant, Nichols & MacLaughlin. 2—Enclose exit stairs fireproof. 3—Additional exit. Three-story nonfireproof tenant factory building erected since Oct. 1, 1913; divided into two parts; no combustibles; no fire alarm; occupancy of building, 41; factory, 11; other, 30; above 1st floor, 27; above 2nd floor, 7; occupancy of 1st floor includes eight proprietors; exits, one unenclosed interior stairway; imperfect rear fire escape; openings to fire escape balconies nonfireproof; building designed for office building, but used partially for factory purposes, there being a millinery shop on 2nd floor of seven employees; alteration shop on 3rd floor, 2 employees; dressmaking establishment on 3rd floor with two employees. Exit stairs is constructed of incombustible material and is 46 inches wide.

Recommendation: Waive order No. 2 to enclose stairs and accept as additional exit, while conditions and occupancy remain unchanged, a horizontal exit conforming to Section 79-4-9 leading from each floor to adjoining building on the south, openings to be constructed at east end of main corridor on each floor. Fire escape to remain with nonfireproof openings; same serves office only.

(12) Premises affected, Utica, 831-851 Broad st.; appellant, Oneita Knitting Mills. Provide additional means of exit from box shop. Four-story building; sprinkler installed; no fire alarm system; combustibles carried; 4th and 3rd floors used for factory purposes, paper boxes being made thereon; 1st and 2nd floors not used for factory purposes; on 3rd floor are 15 males, 11 females; 4th floor, 3 males; exits, one fireproof enclosed stairway from 1st to 2nd floors; from 3rd and 4th floors is fire escape extending to roof of office building adjoining.

Recommendation: Accept present interior stairs as first exit on condition that doors are left open at all times when any one is at work in building, and as 3d means of exit from 3rd to 4th floors accept fire escape extending to roof of office building if stairway in said office building be extended to roof, with bulkhead at roof level.

(13) Premises affected, Warrenburgh, River st.; appellant, Warrenburgh Woolen Co. (October 2, 1917.) Additional exit from southwest end of pants factory, 2nd and 3rd floors. Additional exit from southwest corner of spinning building, 2nd and 3rd floors. Additional exit from southeast end of weave shop. Three-story and basement nonfireproof building; open stairs; no sprinkler; combustibles; no fire alarm. Occupancy of building, 85; above 1st floor, 9; above 2nd floor, 9; three interior stairways. Above order refers to orders to provide exits from 3 dead ends, each more than 100 feet from an exit. Building of frame construction and would burn rapidly in case of fire. 3rd floor used for storage, but is visited frequently. Orders necessary to provide for safety of employees.

Recommendation: Accept as compliance with No. 1 present stairs connecting basement and 1st floor if same be extended to 3rd floor, or a wooden stairway on outside of building at southwest corner of pants factory. This stairway to extend from 3rd floor to basement and to be enclosed with wooden partitions; openings thereto at each floor to be nonfireproof self-closing doors measuring 2 by 6 feet, said doorway to open outwardly on to stair platform. As compliance with No. 2, provide interior ladder from 3rd to 2nd floor at point adjacent to 2nd floor window, which window leads to roof of a one-story extension where there is a ladder to ground. Accept as compliance with No. 3 present stairs at south end of weave shop, which extend to 2nd floor, if same be continued to 3rd floor.

AND it appearing that there are practical difficulties and unnecessary hardship in complying with the strict letter of the law and of the rules and regulations of the Industrial Code on the premises noted herein, and that in granting the variations recommended in each case, the spirit of the law and of the rules and regulations will be observed and public safety secured; and

It further appearing that each of the appellants herein has been advised that he would be given opportunity to be heard at this time and place if he desired to appear, and such of the appellants who appeared having been heard by the Commission, therefore

Be it resolved that the State Industrial Commission grant the variations noted in each case to the appellants herein specified, with the understanding that said variations be effective so long as conditions and occupancy remain as in this case.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.

I, WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 19th day of December, 1917, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 29th day of December, 1917.

W. S. COFFEY, Secretary.

DEPARTMENT OF STREET CLEANING.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Street Cleaning at Room 1244, Municipal Building, Manhattan, until 12 noon on

MONDAY, JANUARY 14, 1918.

FOR FURNISHING AND DELIVERING 1,000 ASH CART BOOMS AND 150 PAIRS OF PAPER CART BOOMS.

The time for the delivery of materials and supplies and the full performance of the contract is as to ash cart booms, on or before June 30, 1918; partial deliveries before said date to be made as stated in the specifications; as to paper cart booms, on or before May 31, 1918; partial deliveries to be made before said date, as stated in the specifications.

The amount of security required for the faithful performance of the contract is 30 per cent. of the contract price. Each bid must be accompanied by a deposit of not less than 1 1/2 per cent. of the amount of the bid in cash or certified check payable to the order of the Comptroller of the City.

Bids must be submitted in duplicate in separate envelopes, on the form prescribed by the Department of Street Cleaning; bids on any other form will not be accepted.

The bidder will state the price of each item or article contained in the specifications or schedules per ash cart boom and per pair of paper cart booms, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and awards made to the lowest bidder on each item.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms may be obtained at the office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan.

J. T. FETHERSTON, Commissioner.

Dated, Dec. 31, 1917. j3,14

See General Instructions to Bidders on last page, last column, of the "City Record."

SEALED BIDS WILL BE RECEIVED BY

the Commissioner of Street Cleaning, Room 1244, Municipal Building, Manhattan, until 12 noon on

MONDAY, JANUARY 14, 1918.

FOR FURNISHING AND DELIVERING 4,000 GALVANIZED IRON COVERS FOR SWEEPERS' CANS.

The time allowed for the delivery of materials and supplies and the full performance of the contract is on or before April 1, 1918; 1,000 covers to be delivered on or before March 1, 1918.

The amount of security required for the faithful performance of the contract is 30 per cent. of the contract price. Each bid must be accompanied by a deposit of not less than 1 1/2 per cent. of the amount of the bid in cash or certified check payable to the order of the Comptroller of the City.

Bids must be submitted in duplicate in separate envelopes, on the form prescribed by the Department of Street Cleaning; bids on any other form will not be accepted.

The bidder will state the price of each item or article contained in the specifications or schedules, per cover, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms may be obtained at the office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan.

DEPARTMENT OF FINANCE.

Corporation Sale of Buildings and Appurtenances Thereon on City Real Estate by Sealed Bids.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Brooklyn.

BEING the buildings, parts of buildings, etc., standing within the lines of W. 37th st., from Neptune ave. to Gravesend Bay, in the Borough of Brooklyn, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

PURSUANT to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held Dec. 20, 1917, the sale by sealed bids, at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

WEDNESDAY, JANUARY 16, 1918,

at 11 a. m., in lots and parcels, and in manner and form and at upset prices, as follows:

Parcel No. 10—Part of porch of two one-story frame bungalows on the east side of W. 37th st., 850 feet north of Neptune ave. Upset price, \$5.

Parcel No. 13-51—Picket fence on the west side of W. 37th st., from Neptune ave. to Gravesend Bay. Upset price, \$25.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m., on the 16th day of January, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to the City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened Jan. 16, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

E. D. FISHER, Deputy and Acting Comptroller.

City of New York, Department of Finance, Comptroller's Office, Dec. 27, 1917. j2,16

Confirmation of Assessments.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS IN THE BOROUGH OF RICHMOND:

SECOND WARD.

CUNARD PL.—TEMPORARY SANITARY SEWER between Richmond rd. and Cedar Terrace. Area of assessment affects blocks 624 and 625.

—that the above assessments were confirmed by the Board of Assessors on Dec. 26, 1917, and entered Dec. 26, 1917, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessment and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid on or before Feb. 25, 1918, which is sixty days after the date of said entry of the assessments, interest will be collected thereon at the rate of seven per centum per annum, to be calculated from ten days after the date of said entry to the date of payment, as provided in Sections 159 and 1019 of the Greater New York Charter.

The Board of Assessors has levied and assessed the foregoing installment in twenty equal annual installments.

The "Fifteenth Installment" in each case is now due and payable, and hereafter for five years an amount equal to one of the aforesaid annual installments, with interest, shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Fifteenth Installment" entered on December 29, 1917, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the "Fifteenth Installment" in each case shall be paid on or before Feb. 27, 1918, which is sixty days after the date of said entry of the assessments, interest will be collected thereon at the rate of seven per centum per annum, to be calculated from ten days after the date of said entry to the date of payment, as provided by Sections 159 and 1019 of the Greater New York Charter.

The above assessment is payable to the Collector of Assessments and Arrears at his office in the Municipal Building, Court House Square, L. I. City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 noon.

WILLIAM A. PRENDERGAST, Comptroller.
Dated, New York, Dec. 29, 1917. j2,12

IN PURSUANCE OF SECTION 986 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for OPENING AND ACQUIRING TITLE TO THE following named avenue in the BOROUGH OF THE BRONX:

SECTION 10 AND 14.

ACQUIRING TITLE TO LUDLOW AVE., from Tremont ave. near Avenue A to Whitlock ave.; WHITLOCK AVE., as widened, from Ludlow ave. to Hunts Point ave., and the Public pl. at the intersection of Whitlock ave., Hunts Point ave. and the Southern Boulevard opposite Dongan st. and the triangular parcel at the junction of Ludlow ave. and Tremont ave. Confirmed May 2, 1913, Dec. 4, 1914, Jan. 8, 1915, March 1, 1915, and Oct. 3, 1917. Entered Dec. 27, 1917. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of a line distant 1,172.54 feet northerly from and parallel with the northerly side of Ludlow ave., measured along a line at right angles to the line of Ludlow ave. at its intersection with Olmstead ave., the said line being located approximately midway between Haviland ave. and Powell ave., with the centre line of Westchester Creek, and running thence southerly along the said centre line of the Westchester Creek to the intersection with a line parallel with and distant 1,122.585 feet southerly from the southerly line of Ludlow ave., the said distance being measured along a line at right angles to Ludlow avenue at its intersection with Olmstead ave. and located approximately midway between Hermany ave. and Turnbull ave.; thence westwardly along the said line distant 1,122.585 feet southerly from and parallel with the southerly line of Ludlow ave. to the intersection with the centre line of the Bronx River; thence northwardly along the said centre line of the Bronx River to the intersection with the prolongation of a line midway between Garrison avenue and Seneca ave., through that portion of their length located between Edgewater rd. and Bryant st.; thence westwardly along the said line midway between Garrison ave. and Seneca ave. and along the prolongation of the said line to the intersection with the easterly line of Bryant ave.; thence westwardly to a point on the westerly side of the Hunts Point rd. where the said westerly side of the Hunts Point rd. is intersected by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Garrison ave., the said distance being measured at right angles to the line of Garrison ave.; thence southwardly and parallel with the southeasterly line of Garrison ave. to the intersection with a line midway between Hunts Point rd. and Manida st.; thence northwardly along the said line midway between Hunts Point rd. and Manida st. and along the prolongation of the said line to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly side of the Hunts Point rd. through that portion of its length northwest of Garrison ave., the said distance being measured at right angles to the line of the Hunts Point rd.; thence northwardly along the said line parallel with the centre line of the lands of the New York, New Haven and Hartford Railroad Company; thence southwardly along the said centre line of the lands of the New York, New Haven and Hartford Railroad Company to a point on the said line midway between Barretto st. and Tiffany st.; thence northwardly to a point on a line midway between Kelly st. and Intervale ave. distant 100 feet southerly from the intersection of the said line with the southerly line of Dongan st.; thence northwardly along the said line midway between Kelly st. and Intervale ave. to a point distant 100 feet north of the intersection of the said line with the northerly side of Dongan st.; thence eastwardly to a point on a line midway between Simpson street and the Southern Boulevard located midway between the intersection of the said line with Dongan st. and Westchester ave.; thence northwardly along the said line midway between the Southern Boulevard and Simpson st. to the intersection with the prolongation of a line midway between Aldus st. and Bancroft st.; thence eastwardly along the same line midway between Aldus st. and Bancroft st. and along the prolongation of the said line to the intersection with a line midway between Bryant ave. and Longfellow ave.; thence northwardly along the said line midway between Bryant ave. and Longfellow ave. to a point on the said line midway between its intersection with Bancroft st. and Westchester ave.; thence eastwardly to a point on the centre line of the Bronx River, where the said centre line is intersected by the course herein first described; thence eastwardly, parallel with the line of Ludlow ave. and along the course herein first described to the point or place of beginning.

The above entitled assessment was entered on the day herebefore given in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid on or before Feb. 25, 1918, which is sixty days after the date of said entry of the assessment, interest will be collected thereon at the rate of seven per centum per annum, to be calculated from ten days after the date of entry to the date of payment, as provided by Sections 159 and 987 of the Greater New York Charter.

The above assessment is payable to the Collector of Assessments and Arrears at his office in the Bergen Building, 4th floor, southeast corner of Arthur and Tremont ayes, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 noon.

WILLIAM A. PRENDERGAST, Comptroller.
Dated, New York, Dec. 27, 1917. j3,11

Corporation Sale of Machinery and Appurtenances Thereto on City Real Estate by Sealed Bids.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain machinery standing upon property owned by The City of New York, formerly used for water supply purposes in the

Borough of Brooklyn.

BEING certain machinery in the building formerly occupied by the Department of Water Supply, Gas and Electricity on the southerly side of 6th st., between 3d and 4th ayes, in the Borough of Brooklyn, which is more particularly described in a certain letter on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Manhattan.

PURSUANT to a resolution adopted by the Commissioners of the Sinking Fund at a meeting held Dec. 6, 1917, the sale by sealed bids of the above described machinery and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JANUARY 4, 1918,

at 11 a. m., in lots and parcels, and in manner and form as follows:

Parcel No. 1.—Two Laidlaw-Dunn Gordon Co. cross-compound duplex air compressors No. 21474 and No. 21475, each 15 inches and 28 inches by 23 inches by 24 inches; 2,500 cubic feet of air per minute against 50 pounds per square inch pressure, steam 150 pounds, in the building on the southerly side of 6th st., between 3d and 4th ayes, Brooklyn.

Parcel No. 2.—Two Laidlaw-Dunn Gordon Co. cross-compound duplex air compressors No. 21474 and No. 21475, each 15 inches and 28 inches by 23 inches by 24 inches; 2,500 cubic feet of air per minute against 50 pounds per square inch pressure, steam 150 pounds, in the building on the southerly side of 6th st., between 3d and 4th ayes, Brooklyn.

Parcel No. 3.—Two Laidlaw-Dunn Gordon Co. cross-compound duplex air compressors No. 21474 and No.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Manhattan, until 11 a. m. on the 4th day of January, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth herein.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened Jan. 4, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE MACHINERY WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

E. D. FISHER, Deputy and Acting Comptroller.
City of New York, Department of Finance, Comptroller's Office, Dec. 13, 1917. d17j4

Sureties on Contracts.

UNTIL FURTHER NOTICE SURETY COMPANIES will be accepted as sufficient upon the following contracts to the amounts named: *Supplies of Any Description, Including Gas and Electricity.*

One company on a bond up to \$50,000.
When such company is authorized to write that amount as per letter of Comptroller to the surety companies, dated Jan. 1, 1914.

Construction.
One company on a bond up to \$25,000.
Including regulating, grading, paving, sewers, maintenance, dredging, construction of parks, parkways, docks, buildings, bridges, tunnels, aqueducts, repairs, heating, ventilating, plumbing, etc.

When such company is authorized to write that amount as per letter of Comptroller to the surety companies, dated Jan. 1, 1914.
Asphalt, Asphalt Block and Wood Block Paving.

Two companies will be required on any and every bond up to amount authorized by letter of Comptroller to the surety companies, dated Jan. 1, 1914.

CHARLES L. CRAIG, Comptroller.

BOARD OF ESTIMATE AND APPOINTMENT.

Notice of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the hearing on the form of contract for the grant of a franchise to the Fifth Avenue Coach Company to establish, maintain and operate additional omnibus lines for public use in the Boroughs of Manhattan and The Bronx, which hearing was, by resolution adopted November 30, 1917, fixed for this day, was continued until Friday, January 25, 1918, at 10.30 o'clock a. m., in Room 16, City Hall, Borough of Manhattan, when and where all citizens will be afforded an opportunity to appear and be heard.

JAMES D. MCGANN, Assistant Secretary, Room 1307, Municipal Building, Borough of Manhattan. Telephone, 4560 Worth.
Dated, New York, Dec. 31, 1917. d31j25

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the consideration of the communication from the Public Service Commission for the First District, transmitting for approval resolutions adopted by said Commission modifying and amending the route and general plan of construction of the Southern Boulevard and Whitlock Avenue Route, in the Borough of The Bronx, which consideration was, by resolution adopted December 21, 1917, fixed for this day, was continued until Friday, January 18, 1918, at 10.30 o'clock a. m., in Room 16, City Hall, Borough of Manhattan, when and where all persons interested will be afforded an opportunity to appear and be heard.

JAMES D. MCGANN, Assistant Secretary, Room 1307, Municipal Building, Borough of Manhattan. Telephone, 4560 Worth.
Dated, New York, Dec. 31, 1917. d31j25

DEPARTMENT OF EDUCATION.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the Superintendent of School Supplies, at the office of the Department of Education, Park ave. and 59th st., Manhattan, until

MONDAY, JANUARY 14, 1918.
FOR FURNISHING AND DELIVERING SITTING-OUT BAGS FOR THE OPEN AIR CLASSES OF THE PUBLIC SCHOOLS OF THE CITY OF NEW YORK.

The time for the delivering of the articles, materials and supplies and the performance of the contract is by or before Dec. 31, 1918.

The amount of security required is thirty per cent. (30%) of the amount of the contract.

No bid will be considered unless it is accompanied by a deposit. Such deposit shall be in an amount not less than one and one-half per cent. (1½%) of the total amount of the bid.

The bidder will state the price of each item or article contained in the specifications or schedules, per bag and per 100 lbs. or other unit of measure, by which the bids will be tested.

Award, if made, will be made to the lowest bidder on each item, whose sample is equal to those referred to in the printed specifications.

Delivery will be required to be made at the

time and in the manner and in such quantities as may be directed.

Bids must be submitted in duplicate, each in a separate envelope.

Blank forms and further information may be obtained at the office of the Superintendent of School Supplies, Department of Education, Park ave. and 59th st., Manhattan.

PATRICK JONES, Superintendent of School Supplies.

Dated, Jan. 2, 1918. j2,14

See General Instructions to Bidders on last page, last column, of the "City Record."

SEALED BIDS WILL BE RECEIVED BY the Superintendent of School Supplies at the office of the Department of Education, Park ave. and 59th st., Manhattan, City of New York, until 11 a. m. on

FRIDAY, JANUARY 4, 1918.
FOR FURNISHING AND DELIVERING SITTING-OUT BAGS FOR THE OPEN AIR CLASSES OF THE PUBLIC SCHOOLS OF THE CITY OF NEW YORK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before Dec. 31, 1918.

The amount of security required for the faithful performance of the contract is thirty per cent. (30%) of the amount of the contract.

No bid will be considered unless it is accompanied by a deposit. Such deposit shall be in an amount not less than one and one-half per cent. (1½%) of the total amount of the bid.

The bidder will state the price of each item, contained in the specifications and schedules, by which the bids will be tested.

Award will be made to the lowest bidder whose sample is equal to the Board sample submitted for inspection.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Bids must be submitted in duplicate, each in a separate envelope.

Blank forms and further information may be obtained at the office of the Superintendent of School Supplies, Board of Education, southwest corner of Park ave. and 59th st.

PATRICK JONES, Superintendent of School Supplies.

BELLEVUE AND ALLIED HOSPITALS, DEPARTMENTS OF PUBLIC CHARITIES, CORRECTION, HEALTH.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the Departments of Public Charities, Correction, Health and Bellevue and Allied Hospitals, at the office of the Central Purchase Committee, Room 1220, Municipal Building, Manhattan, until 12.30 p. m., on

THURSDAY, JANUARY 10, 1918.
FOR FURNISHING AND DELIVERING MILK AND CREAM.

The time for the performance of the contract is on or before March 31, 1918.

The amount of security required is thirty per cent. of the contract amount awarded. No bid shall be considered unless it is accompanied by a deposit. Such deposit shall be in an amount not less than one and one-half per cent. of the total amount of the bid.

The bidder will state the price per unit, as called for in the schedules of quantities and prices, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards, if made, made to the lowest bidder on each item or class, as stated in the schedules.

Bids must be submitted in duplicate, each copy in a separate envelope. No bid will be accepted unless this provision is complied with. Specifications referred to in the schedules may be had upon application at the office of the Bureau of Contract Supervision, Room 1327, Municipal Building, Manhattan.

Blank forms and further information may be obtained at the office of the Central Purchase Committee, 12th floor, Municipal Building, Manhattan.

BELLEVUE AND ALLIED HOSPITALS, JOHN W. BRANNAN, M. D., President.

BOROUGH OF MANHATTAN.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the President of the Borough of Manhattan, at Room 2032, Municipal Building, Manhattan, until 2 p. m., on

THURSDAY, JANUARY 10, 1918.
NO. 1. FOR ALL THE LABOR AND MATERIALS REQUIRED FOR THE ERECTION AND CONSTRUCTION OF A MAGISTRATES' COURT BUILDING, TO BE LOCATED AT SOUTHEAST CORNER 2ND AVE. AND 2ND ST., BOROUGH OF MANHATTAN.

The time allowed for the completion of the work will be 150 consecutive working days.

The amount of security required will be Thirty Thousand Dollars (\$30,000), and the amount of deposit accompanying the bid shall be 5 per cent. of the amount of the security.

The bidder will state one aggregate price for the whole work described and specified, as the contract is entire and for a complete job.

The bids will be compared and the contract awarded at a lump or aggregate sum to the lowest bidder.

Blank forms, specifications and plans may be obtained at the office of the Architect, Alfred Hopkins, 101 Park ave., Manhattan.

NO. 2. FOR ALL THE LABOR AND MATERIALS REQUIRED FOR THE INSTALLATION OF PLUMBING AND GAS FITTING, AND ALL WORK INCIDENTAL THERETO, IN THE MAGISTRATES' COURT BUILDING TO BE ERRECTED AT SOUTHEAST CORNER 2ND AVE. AND 2ND ST., BOROUGH OF MANHATTAN.

The time allowed for the completion of the work will be 150 consecutive working days.

The amount of security required will be Three Thousand Dollars (\$3,000), and the amount of deposit accompanying the bid shall be 5 per cent. of the amount of the security.

The bidder will state one aggregate price for the whole work described and specified, as the contract is entire and for a complete job.

The bids will be compared and the contract awarded at a lump or aggregate sum to the lowest bidder.

Blank forms, specifications and plans may be obtained at the office of the Architect, Alfred Hopkins, 101 Park ave., Manhattan.

NO. 3. FOR ALL THE LABOR AND MATERIALS REQUIRED FOR THE INSTALLATION OF HEATING SYSTEM, AND ALL WORK INCIDENTAL THERETO, IN THE MAGISTRATES' COURT BUILDING TO BE ERRECTED AT SOUTHEAST CORNER 2ND AVE. AND 2ND ST., BOROUGH OF MANHATTAN.

The time allowed for the completion of the work will be 150 consecutive working days.

The amount of security required will be Two Thousand Dollars (\$2,000), and the amount of deposit accompanying the bid shall be 5 per cent. of the amount of the security.

The bidder will state one aggregate price for the whole work described and specified, as the contract is entire and for a complete job.

The bids will be compared and the contract awarded at a lump or aggregate sum to the lowest bidder.

Blank forms, specifications and plans may be obtained at the office of the Architect, Alfred Hopkins, 101 Park ave., Manhattan.

Dated, Dec. 28, 1917.

d28,j10 MARCUS M. MARKS, President.

See General Instructions to Bidders on last page, last column, of the "City Record."

SEALED BIDS WILL BE RECEIVED BY the President of the Borough of Manhattan, at Room 2032, Municipal Building, Manhattan, until 2 p. m., on

FRIDAY, JANUARY 4, 1918.

FOR FURNISHING ALL OF THE LABOR AND MATERIALS REQUIRED FOR CLEANING ALL THE GLASS IN ALL THE WINDOWS, DOORS, DOMES AND SKYLIGHTS IN THE VARIOUS PUBLIC BUILDINGS, COURTS AND OFFICES UNDER THE CARE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, DURING THE YEAR 1918.

COLLEGE OF THE CITY OF NEW YORK.

Proposals.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Trustees or the Curator of the College of The City of New York at Room 114, Main Building, 139th st. and Convent ave., Manhattan, until 2 p. m., on

THURSDAY, JANUARY 10, 1918.
FOR FURNISHING AND DELIVERING SUPPLIES AS FOLLOWS:

CLASS 10—CHEMICALS.

CLASS 1—CHEMICAL APPARATUS.

The time allowed for the delivery of the supplies herein scheduled and for the performance of the contract is 180 consecutive calendar days for importations and 60 consecutive calendar days for domestic supplies after the endorsement of the certificate of the Comptroller upon the executed contract.

The amount of security shall be thirty per cent. (30%) of the amount of the contract, except as otherwise provided in the specifications.

Bids will be received on any or all items per pound, dozen, gross or other unit of measure, by which the bids will be tested. The bids will be compared and the awards made, if made, by items. Each bid must be accompanied by a deposit of not less than 1½ per cent. of the amount of the bid.

Bidders must submit their bids or estimates upon the blank form prepared by the Board of Trustees. A copy of this form with an envelope in which to enclose the bid, together with a copy of the contract and specifications, in the form approved by the Corporation Counsel, may be obtained upon application therefor at the office of the Curator, Room 114, Main Building, The College of The City of New York, 139th st. and Convent ave., Manhattan.

A duplicate copy of the bid must be submitted at the same time for the Finance Department.

GEORGE MCANENY, Chairman of the Board of Trustees; JAMES W. HYDE, Secretary of the Board of Trustees; FERNAND M. BARUCH, FREDERICK P. BELLAMY, CHAS. E. LYDECKER, LEE KOHNS, WILLIAM F. MCCOMBS, MOSES I. STROOK, CHARLES H. TUTTLE, WM. G. WILCOX, Board of Trustees.

R. V. DAVIS, Curator. d22,j10
Dated, Dec. 22, 1917.

See General Instructions to Bidders on last page, last column, of the "City Record."

MUNICIPAL CIVIL SERVICE COMMISSION.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received by the Municipal Civil Service Commission, Municipal Building, Manhattan, New York City, from **THURSDAY, JANUARY 3, 1918, TO THURSDAY, JANUARY 17, 1918,** for the position of **PHYSICIAN (GRADE 3), MALE AND FEMALE.**

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m., **THURSDAY, JANUARY 17, 1918,** will be accepted. Application blanks will be mailed upon request provided a self-addressed stamped envelope or sufficient postage is enclosed to cover the mailing. The Commission will not guarantee the delivery of the same. Postage on applications forwarded by mail must be fully prepaid.

Applicants must be citizens of the United States and residents of the State of New York. The subjects and weights of the examination are: Experience, 5; 70 per cent. required. Technical, 5; 75 per cent. required.

A qualifying physical examination will be given.

Applications for this examination must be filed on a special blank, Form D.

Duties.—The duties of incumbents of these positions are to be responsible for the medical examination and treatment of applicants for admission to City institutions or to investigate, recognize, report, prevent or correct diseases or conditions unfavorable to the health of individuals or communities.

Requirements.—Applicants must present for inspection at the time of filing applications their licenses to practice medicine in the State of New York.

Candidates must be at least 21 years of age on the date of filing applications. The salary range of Grade 3 is from \$1,800 up to but not including \$2,400 per annum.

The compensation rates proposed by the Board of Estimate and Apportionment for this position are from \$1,500 to \$2,280. Under the terms and conditions of the budget for the year 1918, appointments will, as a rule, be made at the lowest compensation rate.

There is one vacancy in the Department of Charities at a salary of \$2,000.

The term of the eligibility of the list resulting from this examination is fixed at not less than one year nor more than four years.

j3,17 ROBERT W. BELCHER, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received by the Municipal Civil Service Commission, Municipal Building, Manhattan, New York City, from **WEDNESDAY, JANUARY 2, 1918, TO WEDNESDAY, JANUARY 16, 1918,** for the position of **LABORATORY ASSISTANT (PATHOLOGICAL), MALE AND FEMALE.**

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m., **WEDNESDAY, JANUARY 16, 1918,** will be accepted. Application blanks will be mailed upon request provided a self-addressed stamped envelope or sufficient postage is enclosed to cover the mailing. The Commission will not guarantee the delivery of the same. Postage on applications forwarded by mail must be fully prepaid.

Applicants must be citizens of the United States and residents of the State of New York. The subjects and weights of the examination are: Experience, 4; 70 per cent. required. Practical Test, 6; 70 per cent. required.

A qualifying physical examination will be given.

Applications for this examination must be filed on a special blank, Form B with insert.

Duties.—To assist in the routine work of the Pathological Laboratory in one of the large City hospitals. The work includes the preparation of bacteriological media, of tissues for microscopical examination, and the performance of complement fixation and other serological tests.

Requirements.—Candidates should have at least six months' experience in a hospital or research laboratory where the work above described is carried on. A practical test will be held in a laboratory. Candidates will be required to demonstrate their practical knowledge of (1) histological technique; or (2) of bacteriological and serological methods. Candidates will be required to indicate in which of these subjects they wish to be examined at the practical test, but they will be allowed to take both of the above practical tests.

The requirement of paragraph 12, Rule VII, that no person who has entered any examination for appointment to a competitive position and failed, or who has withdrawn from an examination, shall be admitted within nine months from the date of such examination to a new examination for the same position is waived for this examination.

Candidates must be at least 18 years of age on or before the closing date for the receipt of applications.

The usual salary is \$720 per annum, with maintenance.

Vacancies occur from time to time.

The term of the eligibility of the list resulting from this examination is fixed at not less than one year nor more than four years.

j2,16 ROBERT W. BELCHER, Secretary.

BOROUGH OF RICHMOND.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the President of the Borough of Richmond, at Borough Hall, St. George, New Brighton, S. I., until 12 noon on **TUESDAY, JANUARY 8, 1918,** Borough of Richmond.

NO. 1. FOR FURNISHING AND DELIVERING FORAGE IN LOFT OF STABLE "A," SWAN ST., TOMPKINSVILLE, S. I. The Superintendent's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

1. 210,000 lbs. No. 3 white clipped oats.
2. 200,000 lbs. No. 1 timothy hay.
3. 23,000 lbs. No. 1 straight rye straw.
4. 12,000 lbs. bran.
5. 600 lbs. oil meal.
6. 12 doz. salt bricks.

The time for the completion of the work and the full performance of the contract is by or before Aug. 31, 1918.

The amount of security required is 30 per cent. of total amount for which contract is awarded.

NO. 2. FOR FURNISHING AND DELIVERING FORAGE IN LOFT OF STABLE "B," CLOVE RD., WEST NEW BRIGHTON, S. I. The Superintendent's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

1. 130,000 lbs. No. 3 white clipped oats.
2. 115,000 lbs. No. 1 timothy hay.
3. 19,000 lbs. No. 1 straight rye straw.
4. 5,000 lbs. bran.
5. 1,000 lbs. oil meal.
6. 7 dozen salt bricks.

The time for the completion of the work and the full performance of the contract is by or before Aug. 31, 1918.

The amount of security required is 30 per cent. of total amount for which contract is awarded.

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract. Each bid must be accompanied by a deposit of not less than 1½ per cent. of the amount of the bid in cash or certified check payable to the order of the Comptroller of the City.

Bidders are requested to make their bids upon the blank form prepared by the President, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. Other information can be obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

CALVIN D. VAN NAME, President.

SUPREME COURT—FIRST DEPARTMENT.

Filing Final Reports.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of constructing trunk sewers in SEWERAGE DISTRICT 43, lying southerly of Westchester avenue, between Westchester Creek and Bronx River, in the 24th Ward, Borough of The Bronx, City of New York, more particularly shown on a map or plan adopted by the Board of Estimate and Apportionment on November 25, 1904, and filed in the office of the Register of New York County on May 4, 1905.

NOTICE IS HEREBY GIVEN THAT THE final reports of the Commissioners of Estimate and Assessment in the above entitled matter will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 8th day of January, 1918, at 10 o'clock in forenoon of that day; and that the said final reports have been deposited in the Office of the Clerk of the County of Bronx, East 161st street and 3rd avenue, there to remain for and during the space of five days, as required by law.

Dated, New York, December 31, 1917.
T. CHANNON PRESS, MARTIN C. DYER,
JOHN E. CONNOLLY, Commissioners
JOEL J. SQUIER, Clerk. d31,j5

Notice to File Claims.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the real property required for the opening and extending of EMMET STREET, from Fordham road to the lands of St. John's University, in the 24th Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court of the State of New York, First Judicial District, dated December 14, 1917, and duly entered and filed in the office of the Clerk of the County of Bronx on December 15, 1917, the application of The City of New York to have the compensation which should justly be made to the respective owners of the real property proposed to be taken in the above entitled proceeding ascertained and determined by the Supreme Court without a jury, and the cost of such improvement assessed by the Court, in accordance with the resolution adopted by the Board of Estimate and Apportionment on the 16th day of February, 1917, was granted. NOTICE IS HEREBY FURTHER GIVEN that, pursuant to Section 1000 of the Greater New York Charter, as amended by Chapter 606 of the Laws of 1915, the map or survey of the land to be acquired in this proceeding has been duly filed in the office of the Clerk of the County of Bronx, and each and every party and person interested in the real property to be taken for the purpose of opening and extending of Emmet street, from Fordham road to the lands of St. John's University, in the 24th Ward, Borough of The Bronx, City of New York, having any claim or demand on account thereof, is hereby required to file his claim, duly verified, describing the real property which the claimant owns or in which he is interested, and his post office address, with the Clerk of the County of Bronx, on or before the 7th day of January, 1918, and to serve on the Corporation Counsel of The City of New York, at his office, Room 1557, 15th floor, Municipal Building, Borough of Manhattan, City of New York, on or before the 7th day of January, 1918, a copy of such verified claim.

Dated, New York, December 24, 1917.
LAMAR HARDY, Corporation Counsel, Municipal Building, Borough of Manhattan, City of New York. d24,j5

SUPREME COURT—SECOND DEPARTMENT.

Filing Final Reports.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of RADCLIFF STREET, from Waldron street to a line 300 feet westerly from and parallel with the westerly bulkhead line of the Flushing River; STRONG STREET, from Waldron street to a line 300 feet westerly from and parallel with the westerly bulkhead line of the Flushing River, in the 2nd Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held at the Garfield Building, 26 Court street, in the Borough of Brooklyn, in The City of New York, on the 11th day of January, 1918, at 10 o'clock in the forenoon of that day, or as soon thereafter as Counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Clerk of the County of Queens, there to remain for and during the space of ten days, as required by law.

Dated, New York, December 28, 1917.

WALTER C. SHEPPARD, Clerk. d24,j5

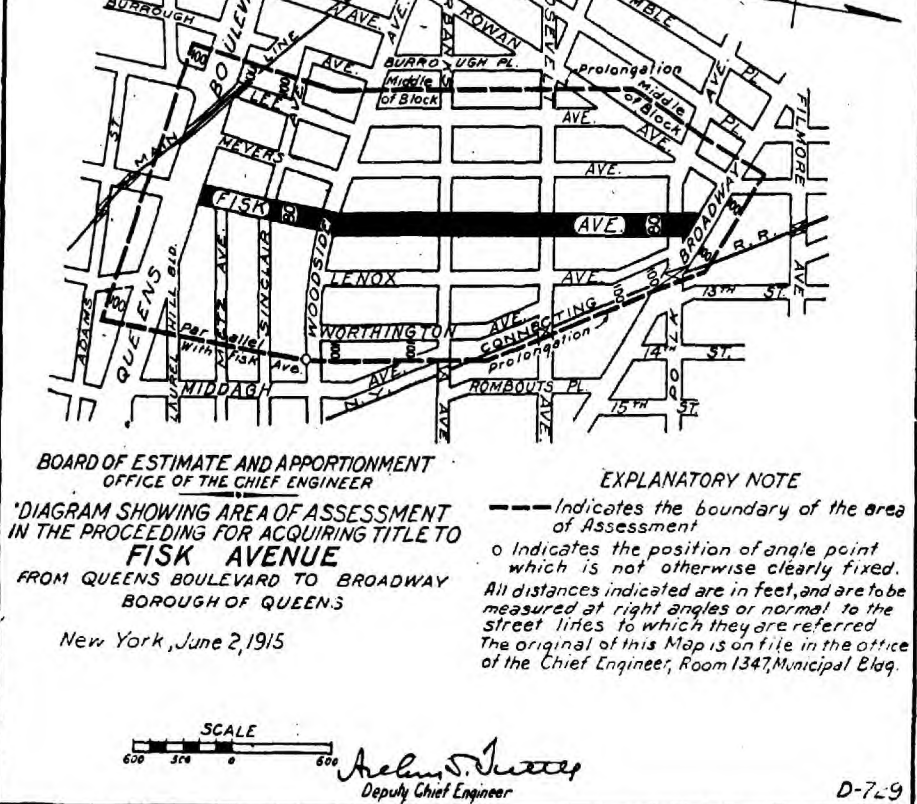

Filing Preliminary Abstracts.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FISK AVENUE, from Queens Boulevard to Broadway, in the 2nd Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owners or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit: First.—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 18th day of January, 1918, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at his said office on the 22nd day of January, 1918, at 9:30 o'clock a. m.

Second.—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 18th day of January, 1918, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 22nd day of January, 1918, at 9:30 o'clock a. m.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 1st day of July, 1915, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded as shown on the following diagram:

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 21st day of January, 1918.

Fifth.—That, provided there be no objections filed to either of said supplemental and amended abstracts, the reports as to awards and as to

thereafter as Counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Clerk of the County of Queens, there to remain for and during the space of ten days, as required by law.

Dated, New York, January 2, 1918.
WM. A. DEGROOT, DAVID OGGINS, LEONARD A. BARTHEL, Commissioners of Estimate; WM. A. DEGROOT, Commissioner of Assessment.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in said City, there to remain until the 17th day of January, 1918.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of THEODORE STREET, from Astoria (Flushing) avenue to the bulkhead line of the East River, in the 2nd Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office in the Municipal Building, Court House Square, in The City of New York, on or before the 10th day of January, 1918, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 14th day of January, 1918, at 3 o'clock p. m.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, in The City of New York, on or before the 10th day of January, 1918, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 15th day of January, 1918, at 3 o'clock p. m.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed by the Board of Estimate and Apportionment on the 1st day of July, 1915, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the bulkhead line of the East River where it is intersected by a line midway between Steinway avenue and Theodore street, running thence southeastwardly along the said bulkhead line to the intersection with a line midway between Theodore street and 15th avenue; thence southwestwardly along the said line midway between Theodore street and 15th avenue to the intersection with the center line of Berrian avenue; thence northwestwardly along the center line of Berrian avenue to the intersection with Theodore street and Purdy street; thence southwestwardly along the said line midway between Theodore street and Purdy street, and along the prolongations of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Astoria avenue, the said distance being measured at right angles to Astoria avenue; thence westwardly along the said line parallel with Astoria avenue to the intersection with the prolongation of a line midway between Theodore street and 11th avenue; thence northeastwardly along the said line midway between Theodore street and 11th avenue and along the prolongations of the said line to the intersection with the center line of Riker avenue; thence northwardly along the center line of Riker avenue to the intersection with a line midway between Steinway avenue and Theodore street; thence northeastwardly along the said line midway between Steinway avenue and Theodore street, to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, to-

gether with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 14th day of January, 1918.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 5th day of March, 1918, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to the provisions of the Greater New York Charter as amended.

Dated, New York, December 19, 1917.
MONTAGUE LESSLER, Chairman; GEORGE S. PARSONS, FRED S. MULLEN, Commissioners of Estimate; MONTAGUE LESSLER, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. d24,j11

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood, to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.
GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.
The certified check or money should not be in closed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.
For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.
No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.
The contract must be bid for separately.
The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.
Bidders will write out the amount of their bids in addition to inserting the same in figures.
Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.

DEPARTMENT OF CORRECTION.
Proposals.
SEALED BIDS WILL BE RECEIVED BY the Commissioner of Correction at Room 2400, Municipal Building, until 11 a. m., on FRIDAY, JANUARY 4, 1918.
