CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, November 5, 1873.

To the Board of Estimate and Apportionment :

In submitting the Budget for the year 1874, for the action of the Board of Estimate and Apportionment, I have thought it proper to accompany it with a statement of the reasons for the allowance of the amounts therein specified.

The estimated expense of conducting the City and County Governments, for each of the years 1873 and 1874, is shown by the following tables:

* This is only an apparent increase of \$53,438.41 for the Department of Taxes and Assessments, and is caused by the appropriation for this Department having been made on county account for seven months in 1873, amounting to \$59,600.41; showing an actual decrease in the appropriation for 1874 of \$6,162.

† The increase in the general appropriation for "printing, stationery and blank book" in 1874 over that for 1873, is accounted for by the fact that it covered only seven months in the later year, from May 1st to Dec. 31st.

Norm.—The appropriation for extra contingencies in 1872 was—\$200,000; and has been reduced to amount stated above by transfers.

The appropriation for extra contingencies in 1873 is—\$200,000; and has been reduced to amount stated above by transfers.

I.—THE LEGISLATIVE DEPARTMENT.

The reduction of \$16,322.17, exhibited in this Department for the year 1874 is chieffly occasioned by the omission of the advertising and printing, which was included in the estimate for 1873. This reduction is only apparent as, by the Charter, the advertising and printing is provided for under another head in this budget.

II.—THE MAYORALTY.

In this Department there is an increase of \$11,851.32 in salaries and contingencies, chiefly in the Bureau of Permits, on account of the probability of the necessity for employing a large force to perform the business of collection. The amount of moneys paid into the Treasury in 1872, the last

III.—THE DEPARTMENT OF FINANCE.

There is a net decrease of \$2,010,69 in this Department, although the Bureau for the Collection of Assessments has been added to it this year, and the volume of business generally has been largely increased by the Charter.

IV .- THE DEPARTMENT OF TAXES AND ASSESSMENTS.

The reduction in this Department is made up of \$3,000 in stationery which by the Charter is provided for under another head, and \$1,400 in contingencies, and for salaries \$1,762, amounting in the aggregate to the sum of \$6,162: \$3,000 of which appears in this estimate under another head.

V .- THE LAW DEPARTMENT.

Shows an increase of \$28,484.60, chiefly in salaries, on account of a large increase of business in this Department.

VI.—THE DEPARTMENT OF PUBLIC WORKS.

There is an increase over 1873 in the proposed allowances to this Department of \$118,000, made up of the following items:

VIII.—THE DEPARTMENT OF BUILDINGS.

The increase in this Department is \$20,200 for salaries on account of an increase of the number of officers employed, and a more effective prosecution of the business of the Department.

IX.—THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

The net increase of \$44,685 50 is occasioned by the allowances made for new buildings and improvement of old buildings under the charge of this department, greatly increased accommodation being absolutely necessary. A reduction was made in the amount called for by the Free Labor Bureau and School Ship "Mercury," providing for the same to July 1, 1874.

The item for printing and stationery is also omitted, the expense for this being provided for under another head, as in other departments.

X .- THE HEALTH DEPARTMENT.

A decrease in this Department of \$26.569 19 is mainly in the items for contigencies and printing, the latter being provided for under another head, as in other cases under the Charter.

XI.—THE POLICE DEPARTMENT. .

In this Department an increase is shown of \$244,342 47, made up by the following items:

Police Fund to provide for increase in the force.

For supplies (more being required).

Construction of stables, Eighty-seventh and Eighty-ninth streets.

For street cleaning—an increased expenditure being required to perform the work more effectively.

There is no room for doubt that the new fire steamboat, which will navigate the waters adjacent to the city, would be of great service to the shipping and to the dwellings and structures near the water. It is to be provided with adequate pumps of large capacity,

The aerial ladder is thought by the Department to be a valuable addition to the apparatus of the Department for saving life and property.

The new buildings asked for are necessary.

XIII.—THE BOARD OF EDUCATION.

The estimate of the Board of Education shows an increase over 1873 of \$452,500, which is occasioned by an increase on the amount of salaries of teachers and others of \$61,000 The balance is required for purchasing sites and erecting new buildings and alterations and repairs of

In the year 1871 the Legislature authorized \$680,000—to be raised by the issue of bonds for In the year 1871 the Legislature authorized \$680,000—to be raised by the issue of bonds for new buildings—which amount has been expended during the years 1871, 1872 and 1873. The amount required for this purpose in the year 1874 must be raised by tax, and is included in the present estimate, which accounts for the greater part of the increase for this Board. Many of the school buildings were left by the predecessors of the present Board in a very bad condition, their repairs being greatly neglected. Although the sum of \$200,000 was appropriated for this purpose in 1873, more is needed for repairs, and, as the population increases, the need for new buildings increases, and it is better to pay it from taxes than to go more into debt.

XIV .- THE COLLEGE OF THE CITY OF NEW YORK.

The amount is the same as was appropriated under this head in 1873, and as required by law.

XV.—ADVERTISING, PRINTING AND BLANK BOOKS.

all printing, stationary and blank books required by the Common Council and the Departments, as provided by the new charter. For this purpose the appropriation from May 1, 1873, was \$45,905.76. For 1874 the amount is estimated at \$92,000.

This appropriation includes those items of decrease for printing and stationery referred to under their respective heads in the estimates for the departments.

XVI.—THE CITY COURTS AND COURT EXPENSES.

The estimate under this head is for the expenses and salaries of Justices, Clerks and Attendants of the Police and Civil Courts; also for the expenses and salaries of Clerks and Officers of the Court of General Sessions and the Marine Court, and Attendants of the Supreme and Superior Courts and the Court of Common Pieas.

In 1873 the appropriation under this head was \$455,216.58. This Amount has been found insufficient. The amount required for these purposes in 1874 is estimated at \$502,100.

The following appropriations are also included in the estimates:

The increase in the item of interest on the City Debt is shown by the following statement:

A balance of \$1,326,071 61 remained unexpended of the appropriation for interest for 1872, and was applied to the interest account of 1873—thus requiring a less amount to be raised in 1873 than the actual amount of interest.

than the actual amount of interest.

For 1874, the estimate includes the amount necessary to provide for the interest on the debt of the city, and an amount to meet any additions to the same, in pursuance of laws now in force, requiring the issue of bonds for public improvements.

The item of \$250,000, under the head of Reduction of the City Debt, is included, in conformity to the provisions of sec. 17, of chap. 535, of the laws of 1873.

The principal items of increase in the county estimates for 1874 over those of 1873 are as

State taxes, including tax for common schools-

The tax for state purpose is to provide for the general expenses of the State Government, installments of Bounty Debt, new capital, new work on canals and extra repairs, canal floating debt, payment of awards by Canal Appraisers and Canal Commissioners, certificates of indebtedness, deficiency in the sinking fund, asylums and reformatories, academies and union schools and for common schools.

mon schools.

The state taxes are mandatory by acts of the legislature and are required to be raised by tax and paid over to the state for the various purposes indicated above.

The increase in the item for interest on the County Debt, and for the principal of debt falling due, and to be provided for in 1874, is as follows:

The increase in the item of "Interest," to be provided for in 1874, arises mainly from the issue of stocks to pay the proportion of awards, etc. due by the County for lands taken in the opening of the Northern Boulevard above One hundred and Fifty-fifth street, and also in part from bonds to be issued to pay the quota "chargeable to the City and County of New York for Canal and General "Fund deficiencies under and in pursuance of chapter 734 of the Laws of 1872," as provided in section 3, of chapter 95, Laws of 1873. The amount of bonds to be issued under this provision of section 3, of chapter 95, Laws of 1873. The amount is to be raised by tax in 1874, which is also law is \$3,644,387.77, and ten per cent. of this amount is to be raised by tax in 1874, which is also included in the estimate to be paid in liquidation of that portion of said bonds. Armories and Drill Rooms. The appropriation for 1873 for this purpose was \$100,000, which amount has been found insufficient to provide for the payment of claims under this head, on account of wages of armorers, rents, repairs, and fitting up of armories.

The estimate of \$250,000 for 1874 is deemed not more than adequate for such purpose as matters now stand.

ters now stand.

There is no doubt that all the expenses necessary for proper armories ought to kept within onehalf of this sum.

An additional amount is also included for Asylums and Reformatories, made necessary for the support of these charitable institutions by acts of the Legislature. The amount of this increase

An additional amount is also included for Asylums and reformatories, made necessary for the support of these charitable institutions by acts of the Legislature. The amount of this increase over 1873 is \$49,745 OO.

Besides these additional requirements for the County in 1874, it is also necessary to provide a further sum of \$16,500 for "Coroners' Fees" and \$10,000 for "Contingencies in the District Attorney's Office." In the item of "Jury Fees" \$5,000 is added; also, \$7,000 for "printing Executive Department and Judiciary," and \$8,056 16 for "Salaries Judiciary." For "Advertising" \$2,500 is included, for which account no appropriation was made in 1873, a balance of the appropriation for the year 1872 being sufficient for the expense of 1873.

For Connty Contingencies an appropriation of \$15,000 is made, which is an increase of \$6,353 44 over 1873, for the reason that a balance of appropriation was carried over from 1872 to this account. An item of \$200,000 for "Special Contingencies" is also included, which amount is intended to cover all matters that cannot a the present time be anticipated and provided for under their proper heads. By reference to the table it will be seen that the items of decrease in the appropriations for 1874, under certain heads, amount to \$98,311 71.

The net increase for all purposes in the Estimates for City and County for 1874, over those of 1873, is shown by the following statement:

MAYOR'S OFFICE, New York, October 28, 1873. To the Honorable the Common Council:

GENTLEMEN:—I return herewith, without my approval, the resolution of your Honorable Body, permitting James Cassin to build a vault on the line of the curb in front of building corner Worth

and Mulberry streets.

There is already an ordinance regulating the construction of vaults in the streets of the city, construction of vaults in the streets of the city, and I can see no necessity for setting it aside to meet this particular case. On the contrary there are good reasons why it should be fully enforced. I understand from the officer in charge of vaults in the Department of Public Works that Mr. Cassin never made application to the Department for a permit to construct this vault, but that he proceeded to excavate the same in dement for a permit to construct this vault, but that he proceeded to excavate the same in de-fiance of law, and the protest of the Inspector in charge of the district and that he continued work on the same until the Police authorities in-terfered and put a stop to it. He then applied to the Common Council and secured the passage of the resolution herein.

to the Common Council and secured the passage of the resolution herein.

By this means he seeks to avoid obtaining the permit required by law, the payment of the fee, which in this case, I am informed amounts to about \$1,500, and to evade the penalty of \$100 which he has incurred by commencing work on the vault without a permit.

I am sure your Honorable Body would not lend your sanction to this scheme, if you had been acquainted with these facts previous to the passage of this resolution.

W. F. HAVEMEYER.

Resolved, That permission be and the same is hereby given to James Cassin to build a vault on the line of the curb in front of building corner Worth and Mulberry streets, the same to be done under the direction of the Commissioner of Public Works

Which was received and ordered to be printed at length in the minutes, and laid upon the

OPINION OF THE COUNSEL TO THE COR-

Chapter 335 of the Laws of 1873 provides that the detailed canvass of votes at every election shall be published at the expense of the city only in The CITY RECORD. Chapter 823 of the Laws of 1873 provides that the official canvass shall be publicly ad tised for one day only, and that all advertising provided for in this later statute shall be done in two daily newspapers only published in the City of New York, to be designated by the Board of Police. HELD, that the two acts must be construed together, and that the publication must be made in THE CITY RECORD, in addition to the two newspapers to be selected by the Board of Police

It appears that THE CITY RECORD is not to be legally and technically held to be a "newspaper."

LAW DEPARTMENT,

OFFICE OF THE COUNSEL TO THE CORPORATION, New York, November 7, 1873.

Abraham Disbecker, Esq., Supervisor of the Ctty Record:

SIR:-The one hundred and eleventh section of chapter 335 of the Laws of 1873 provides that " The detailed canvass of the votes at every election shall be published at the expense of the city only in THE CITY RECORD."

The fourth section of chapter 823 of the Laws of 1873 provides that "The official canvass, immediately upon its completion and declaration by the Board of County Canvassers, shall be publicly advertised for one day only; all advertising provided for in this section shall be done in two daily newspapers only published in the City of New York, to be designated by the Board of Police."

You request my opinion whether the official canvass of the votes at the recent election should be published in THE CITY KECORD.

It is an established rule that, in construing two statutes relating to the same subject, both should be construed together, and, if possible, effect be given to the will of the Legislature thus doubly expressed. It is true that where the later law is plainly repugnant to that first passed, the last expression of the legislative will must prevail. In this instance, while the earlier statute declares that the publication in question must be in THE CITY RECORD, the more recent act seems to require that the publication should be made in only two newspapers, to be designated by the Board of Police. In the first place, the official publication called THE CITY RECORD can hardly be considered a "newspaper" for the purposes now under consideration. Indeed, it is restricted by law to the publication of an official record of the transactions of the executive and legislative departments of the municipal government. General news is by the very act under which it is established excluded from its columns. I think it safer to give effect to the two laws in this respect, rather than to throw ourselves upon the idea that by implication, in the absence of any express repeal, the provision which I have cited from the later act is to be regarded as abrogating the provision quoted from the first statute.

Upon the whole, it is my opinion that the publication to which you refer must be made in THE CITY RECORD in addition to the two newspapers which the Board of Police Commission ers are called upon to select.

I am, sir, Very respectfully yours, E. DELAFIELD SMITH, Counsel to the Corporation.
