AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, March 30, 1887, at 3 o'clock P. M.

Present—Commissioners Spencer, Dowd, the Commissioner of Public Works, and Commissioners Baldwin, Barnes, Ridgway, and Fish.

Also, Chief Engineer Church, and Chief Engineer Birdsall of the Department of Public Works. The minutes of the stated meeting of the 23d instant and of the adjourned meeting of the 25th instant were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills contained in vouchers Nos. 2502 to 2514, inclusive, and, on motion of Commissioner Dowd, the same were approved and ordered certified to the Comptroller for payment.

Commissioner Dowd, from the Committee of Finance and Audit, submitted the following report: The Committee of Finance and Audit, to whom was referred the three bids received for the construction of Additional Shaft No. 13½, situated on Section 7 of the New Croton Aqueduct, report that they have examined the same, and find that the checks received as security and accompanying said bids, amounting to \$450, were correct, and that the same have been transmitted to the Comptroller, and his receipt therefor is on file with the Commission.

The bids, however, were found to be informal in many respects, the bidders failing to plainly indicate the different items mentioned in the specifications on which they intended to bid; as, for instance, a price was bid "per cubic yard for rubble stone masonry for lining." A price "per cubic yard for brick masonry for lining." A price "per cubic yard for cut stone laid."

The specifications call for "a price per cubic yard for rubble stone masonry." "A price per cubic yard for cut stone (granite) masonry (including all face work) laid."

Bid No. 2, presented by Isaac N. Knapp and Edwin T. Eggleston, is not signed by either of said parties.

We are, therefore, of the opinion that the three bids so received are informal as aforesaid. Whereupon, Commissioner Dowd offered the following resolution, and moved its adoption:

Resolved, That the Aqueduct Commissioners, after due consideration of the bids or proposals received for the construction of Additional Shaft No. 13½, situated on Section 7 of the New Aqueduct, do hereby reject each and all of said bids and proposals, and they direct that the checks or deposits received from the respective bidders, at the time of the presentation of their respective bids, shall be returned to the bidders who deposited the same, and the Comptroller is hereby requested to so return the said checks. Adopted.

Also, that they have had under consideration the matter of the sale of the horse known by the name "Professor," now in the Tarrytown stables, and recommend the adoption of the following resolution:

Resolved, That W. W. Proctor, the Purveyor, be authorized and directed to sell the horse called "Professor," now in the Tarrytown stables, and report to the Committee of Finance and Audit the amount received for same. Adopted.

The Committee also reported that they had received and opened bids for the printing of the Contracts and Specifications of Sections Nos. 1 to 14 inclusive; and awarded the contract to the Evening Post Job Printing Office, for printing 100 complete sets of Sections Nos. 1 to 14 inclusive, for the sum of \$560, as per their bid.

The action of the Committee was approved, Commissioner Ridgway voting in the negative.

Commissioner Barnes, from the Committee on Construction, reported that they had had under consideration a communication of the Chief Engineer referred to them on the 23d instant, asking authority to alter the west end of the One Hundred and Thirty-fifth street Gate-house, within the provisions of the contract, in order to combine the old and new aqueduct terminals, so as to make early connection therewith; and they recommend that authority be given to the Chief Engineer to make such alterations as are therein mentioned.

2d. That upon the recommendation of the Chief Engineer, they have decided to recommend that the following-named persons, lately employed as Inspectors of Masonry, and now under suspension, be dismissed from the service, viz: William Klien, Edward Fitzgerald and J. E. Fitzgerald.

The question was then taken on the adoption of the first sub-division of said report, and the same was adopted.

On motion of Commissioner Spencer, the second sub-division of said report was adopted.

Commissioner Spencer, from the Committee on Real Estate, requested that for their use in Room No. 208, an appropriation of \$100 be made for the purchase of six chairs, one table, and the necessary cases for the proper keeping of the maps and records of said Committee taken for the New Aqueduct reservoir, etc., and for the expense of fitting up said room.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR FURNISHING, LIGHTING AND MAINTAINING ELECTRIC-LIGHTS ON THE STREETS, AVENUES, PIERS, PARKS AND PUBLIC PLACES OF THE CITY OF NEW YORK, FOR THE PERIOD OF ONE YEAR, COMMENCING ON MAY 1, 1887, AND ENDING ON APRIL 30, 1888, BOTH DAYS INCLUSIVE.

ESTIMATES FOR THE ABOVE WILL BE RECEIVED at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of TUESDAY, APRIL 26, 1887, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for the above shall furnish the same in a sealed envelope, indorsed 'Estimate for furnishing, lighting and maintaining material for, and lighting and extinguishing, cleaning, repairing, and maintaining the public lamps,' and also with the name of the person making the same, and the date of its presentation.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested therein, and, if no other person be so interested, they shall distinctly state the fact; also, that it is made without any collusion with any other person making any estimate for the same supplies and work; and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the bidder making the same; that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will on its being awarded become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to be paid by the contractor or contractors upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above required shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a household or freeholder in the City of New York, and is worth the amount of security required for the contract to be granted, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself with a surety in good faith, and with an intention to execute the same required by law.

Bidders are required to state in their estimates the district or several streets, avenues, piers, parks and places, or parts of streets, avenues, piers, parks and places in which they propose to perform the same; that the several lamps or parts of the illuminating or candle-power of the light they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture.

Bidders are also required to state the price per year for which they will furnish the lights for the period from May 1, 1887, to April 30, 1888, both days inclusive; stating the price, for the above-named period of one year, for each lamp.

Bidders proposing to furnish electric lights must state the kind or system of light they propose to furnish, whether the electric lights are to be supplied on the ordinary lamp-posts of the city, or on special lamp-posts to be fitted up by the bidder without cost to the city for such lamp-posts or their fittings. If the light is to be by the 'Voltaic Arc,' the bidder must state the number of such lamps to be used for third or second order of light, which the bid is made and the diameter of the carbon electrodes to be used in such lamps.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures. Should any alteration or any attachment be required to any portion of the lamps for which estimates are made in consequence of the use of illuminating material other than gas, then such alteration shall be done and such attachment placed on the lamps without expense to the bidder.

The number of hours the lamps are to be kept burning during the contract is 3,840 hours.

The amount of security required on any contract which will amount to \$400,000, and upwards, shall be \$150,000; on any contract which will amount to \$200,000, and less than \$400,000, shall be \$125,000; on any contract which will amount to \$100,000, and less than \$200,000, shall be \$75,000; on any contract which will amount to \$50,000, and less than \$100,000, shall be \$50,000; on any contract which will amount to \$20,000, and less than \$50,000, shall be \$20,000; on any contract which will amount to \$10,000, and less than \$20,000, shall be \$10,000; on any contract which amounts to less than \$10,000, \$5,000.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per cent of the value of the deposit required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimates, and the estimate may be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the depositor within the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or he accepted the same but does not execute the contract and give the proper security, it may be reawarded and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is also reserved, whatever may be the illuminating material named in the estimate, when an estimate is made containing bids for lamps in one or more streets, avenues, piers, parks or places, to accept from such estimate or bids so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, piers, parks or places, and to reject the remainder of such estimate or bids at the lowest rate as aforesaid. The contract for lamps in any particular street, avenue, pier, park or place will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, pier, park or place.

The right is also reserved to determine and designate in any locality, after the estimates are opened, what illuminating material shall be used in the public lamps, or any number of them, in such locality during the period above mentioned; also upon such determination to decline any estimate or part of such estimate, or to accept localities with illuminating material other than that so determined upon; also to decline all estimates if deemed for the best interests of the city. No estimate will be accepted from or contract awarded to any person who in arrears to the Corporation upon debt or contract, or who is a defaulter as security or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any lamps with which the pipes or conductors of such bidder are not connected at the place of the bid, and a contract for furnishing the illuminating material for and lighting, extinguishing, cleaning, repairing, and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract and such further time as may be deemed necessary, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or conductors with such lamps,

and all such connections shall be made by the party of the second part without expense to the city.

But no payment to such bidder, on account of any such lamps, will be made until the first of May, 1887, will the same shall have been connected with the mains or conductors of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Goods, Dry Goods, Hardware, Tin, Lumber, Etc." with his or her name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 54, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in, and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or her bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and address of all persons making the same; and the names of all persons interested with him or them therein; and if no other person is so interested, it shall distinctly state that fact; also that it is made without any consideration, and that the bidder is making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, Head of Department, Chief of Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, has any interest in the same, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the same, and of the sureties, if any, stated therein, in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two other persons or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, to the effect that they are freeholders in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety for the person to whom the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money shall be found to be in good faith, and the person making the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after the date of the contract, to have been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages, for such neglect or refusal; but he shall execute the contract within the time aforesaid, as the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice thereof, the same shall be awarded to his or her bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise to be made in conformity with the specifications of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., before making their estimates.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS, ROOM 127, STEWART BUILDING, CHAMBERS STREET AND BROADWAY, NEW YORK, June 2, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt and all needed information will be given. Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

That it is made without any connection with any other person making an estimate for the same work, and it is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded, at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, ROOM 6, NO. 31 CHAMBERS STREET, NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore makes an account of waste of water responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rates, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the premises.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that in case this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.
