JOHN H. MOONEY, Secretary.

BOROUGH OF BROOKLYN, July 25, 1899.

Board of Public Improvements, New York City:

GENTLEMEN—In the absence of the President of the Borough of Brooklyn, I submit for your consideration the inclosed resolution requesting the Comptroller to certify to your Board whether one-fifth of the total assessment has been paid by property-owners along the line of Hinsdale street, between Atlantic and Sutter avenues, for the grading and paving of said street, as required under the terms of the Twenty-sixth Ward Improvement Act before the contract can be let; and

also requesting the Comptroller, in case he finds the required amount has been paid, to bring to the attention of the Board of Estimate and Apportionment the necessity of at once authorizing the issuing of assessment bonds to meet the cost of said improvement.

This action, if approved, is in line with that followed by your Board in the matter of improving seven other streets pursuant to the Twenty-sixth Ward Improvement Act. When these proceedings were progressed by your Board (see Minutes, January 25, page 126), the necessary one-fifth of assessments had not been paid by Hinsdale street property-owners. Since then this amount has, I understand, been met, and as proceedings have been pending for several years, I wish to urge that there be no delay now in furthering them.

Very respectfully,

JOHN L. SHEA, Commissioner of Bridges.

CITY OF NEW YORK,

Nos. 13 TO 21 PARK ROW,  
NEW YORK, November 4, 1899.

Hon. RANDOLPH GUGGENHEIMER, President of the Council, City Hall, Manhattan, N. Y.:

DEAR SIR—The inclosed clipping from a paper, in reference to defective electric wiring in The City of New York, is a reminder to me to write to you again and ask your co-operation, as presiding officer of the Council, to persuade the Municipal Assembly to adopt ordinances so as to allow this Department to have some power to enforce its rules.

As I have written you two or three times about this matter, you may remember that more than a year ago the rules of this Department were transmitted from the Board of Public Improvements to the Municipal Assembly for approval, where they were referred to a committee in the Council, but I do not know of any meeting having been held to consider the same.

Numerous places throughout the city, in utter disregard to all precautions for the safety of life and property, have allowed wiring in houses to be done by irresponsible people, and this Department is powerless to prevent same.

One place that I have in mind where the most reckless work is done is known as Parker's Hotel, in Thirty-ninth street, between Sixth avenue and Broadway. The building is used as a hotel and is in danger of fire at the present time owing to the defective wiring, and the proprietor absolutely refuses to pay any attention to this Department. Should a fire occur in this place there is liable to be loss of life, and this Department will be severely criticised, though we are not in a position to compel the correction of the dangerous wiring.

Respectfully yours,

HENRY S. KEARNY, Commissioner.

M., at which such proposed laying out and extending would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed laying out and extending would be considered, to be published in the CITY RECORD for at least ten days continuously, exclusive of Sundays and legal holidays, prior to the 27th day of September, 1899; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons affected by such proposed laying out and extending, who have appeared, and such proposed laying out and extending was duly considered by this Board; now therefore be it

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest to alter the map or plan of The City of New York, by laying out and extending West One Hundred and Fifty-eighth street, from Avenue St. Nicholas to Edgecombe road, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same so as to lay out and extend the aforesaid street as follows:

William A. Spencer, Charles G. Spencer and Wolcott G. Lane, as trustees under the will of Lorillard Spencer, deceased, for the benefit of Eleanor L. S. Cenci and remaindermen, the said William A. Spencer, Charles G. Spencer and Wolcott G. Lane, as trustees under the will of Lorillard Spencer and remaindermen, and the said William A. Spencer and Charles G. Spencer individually, being the owners as tenants in common of all the land lying in the northerly half of the proposed bed of One Hundred and Fifty-eighth street, between St. Nicholas avenue and Edgecombe road, and a strip of land about 15 feet in width on the northerly side of said proposed One Hundred and Fifty-eighth street, and Eleanor L. S. Cenci, the owner of a lot of land situated on the easterly side of St. Nicholas avenue and immediately adjoining on the north the land last above mentioned, respectfully submit the following objections to the proposed opening of One Hundred and Fifty-eighth street, from St. Nicholas avenue to Edgecombe road:

1st. There is no general demand for the opening of any such street, between One Hundred and Fifty-fifth and One Hundred and Fifty-ninth streets.

2d. If there is a demand for the opening of any such street between St. Nicholas avenue and Edgecombe road, the street which should be opened is One Hundred and Fifty-seventh street, which is equidistant between One Hundred and Fifty-fifth street and One Hundred and Fifty-ninth street.

3d. The opening of One Hundred and Fifty-seventh street would be attended with less expense than the opening of One Hundred and Fifty-eighth street, as there is a decidedly less grade and much less filling.

4th. Taxpayers have already paid considerable assessments on property in this immediate neighborhood, and will soon be subjected to further large assessments for the opening of Edgecombe road and should not at this time be further assessed for the opening of an unnecessary street.

5th. The petition to the President of the Borough of Manhattan is signed by John Creeden and is stated to be signed by five others without giving their names. This method of procedure is irregular and should not be countenanced by the Board of Public Improvements.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 3813.

CITY OF NEW YORK—OFFICE OF THE MAYOR,  
December 5, 1899.

To the Honorable the Board of Aldermen:

I return herewith, without my approval, a resolution adopted by you on November 14, 1899, giving permission to A. E. Spall to place and keep a sign across the sidewalk, from the house-line to a post to be erected at the curb-line in front of his premises on Atlantic avenue, in the Borough of Brooklyn.

My objection to this resolution is that such encroachments upon the sidewalk are not in the public interest.

ROBT. A. VAN WYCK, Mayor.

Resolved, That permission be and the same is hereby given to A. E. Spall to place and keep a sign across the sidewalk, from the house-line to a post to be erected at the curb-line, in front of No. 2704 Atlantic avenue, in the Borough of Brooklyn, the work to be done at his own expense, under the direction of the Commissioner of Highways; such permission to continue only during the pleasure of the Municipal Assembly.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

No. 3852.

CITY OF NEW YORK—OFFICE OF THE MAYOR,

I return herewith, without my approval, a resolution adopted by you on November 21, 1899, permitting the William Garvey Association to place and keep a transparency on a lamp-post at the corner of Sixteenth street and Eighth avenue, in the Borough of Manhattan.

My objection to this resolution is that there is nothing to show that the advertisement to be placed on the transparency relates to a religious or charitable object, and that the use of lamp-posts for advertising purposes should be restricted to advertisements of that character.

ROBT. A. VAN WYCK, Mayor.

Resolved, That permission be and the same is hereby given to the William Garvey Association to place and keep a transparency on the lamp-post on the southeast corner of Sixteenth street and Eighth avenue, in the Borough of Manhattan, the work to be done at their own expense, under the direction of the Commissioner of Highways; such permission to continue only for a period of one month from the date of approval hereof by his Honor the Mayor.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

I return herewith, without my approval, a resolution adopted by you on November 21, 1899, giving permission to Zweig & Chotzen to place a sign upon an unused lamp-post on the corner of Broadway and Bond street, in the Borough of Manhattan.

My objection to this resolution is that the use of lamp-posts, which are public property, for purposes of advertising the business of an individual should not be permitted.

ROBT. A. VAN WYCK, Mayor.

Resolved, That permission be and the same is hereby given to Zweig & Chotzen to place a sign upon the unused lamp-post on the northeast corner of Broadway and Bond street, Borough of Manhattan, the work to be done at their own expense, under the direction of the Commissioner of Highways; such permission to continue only during the pleasure of the Municipal Assembly.

N. B.—We have certified similar copy of the annexed preamble and resolution to the Deputy Fire Commissioner of this Borough, asking his indorsement of our view upon the subject, upon receipt of which will transmit same to you.

Whereas, It appears from representations made to this Board that the fire-hydrants in connection with the City's water-supply pipes in the built-up portion of College Point, Third Ward, this Borough, are generally now located at every other street crossing only; and

Whereas, This Board, after due consideration of the foregoing subject, concurs in the views above set forth; it is hereby accordingly

Resolved, That recommendation be and it is hereby made to the Board of Public Improvements, this City, that this matter receive its most favorable consideration.

UNFINISHED BUSINESS.

By unanimous consent Alderman Woodward called up G. O. 320, being a report of the Joint Committees on Public Health and on Docks and Ferries, as follows:

No. 2990.

NEW YORK, May 2, 1899.

To the Honorable the Board of Aldermen:

The undersigned, Joint Committee on Public Health and on Docks and Ferries, have given due consideration to the following preamble and resolutions, referred to us:

"Whereas, The Recreation Piers established in this city have been productive of much good and have proven beneficial breathing spots for the poor residing in the neighborhood where they are severally located; and

"Whereas, There is a popular demand for the public use of these piers during the winter season, as well as during the summer months—a demand which would doubtless be met and gratified were funds available; therefore

"Resolved, That the Committees on Health and on Docks and Piers—forming a joint committee—be and they are hereby instructed to confer with the proper authorities and departments, with a view of bringing about the results desired, though it be necessary to curtail the benefits thereof to some extent.

"Resolved, That said joint committee take proper steps to influence the necessary demand for adequate appropriation in the provisional estimate for the coming year, now under consideration, in order that the Recreation Piers may be devoted to winter use thereafter, to the fullest extent desired by the public.

"Resolved, further, That said joint committee shall also advocate and urge sufficient appropriation for building and establishing additional Recreation Piers at such points throughout the greater city as will meet the requirements and necessities of the neighborhoods where the poor are most generally located.

"Resolved, That the joint committee shall report to this Board from time to time, showing what progress has been made, and shall introduce such resolutions or ordinances as will best serve the purpose of the foregoing, and provide all the legislative aid which the Municipal Assembly can render."

We are in full sympathy with the spirit of the foregoing, and believe all that is therein asked for should be complied with by the city authorities to the fullest extent.

We are gratified to report that additional Recreation Piers have been provided for, and that the Department of Docks and Ferries is disposed to continue locating these much-needed, health-promoting structures along our river front to the most liberal extent.

We are also pleased to state that the members of the Board of Estimate and Apportionment are all thoroughly impressed with the advisability of granting material aid, and will do so to a most satisfactory degree.

As to the proposition to heat these piers during the winter season, and thus utilize them at all times, much can be said favorable thereto. By attracting the poor to these places, and thus creating a love for the influences which the refining and elevating conditions and surroundings will occasion, is a long step in the right direction. To make these piers the rendezvous for men, women and children in the several neighborhoods of the poor, and to establish a plan or system of education for their moral and intellectual advancement, is worthy our earnest consideration and our most hearty support.

Under proper care of and supervision by the police, the respectable character of the piers will be maintained. The Board of Education and other city departments can and ought to be urged and induced to utilize the available and spacious quarters thus at their disposal for purposes of the most beneficial character, in many obvious ways.

Special Order No. 33, which has been on our calendar of unfinished business for many months, provides for adequate heating of one of the piers, the largest one of all.

As the reasons for the authorization asked for is not fully understood by our Board, we present herewith the following copy of a communication addressed to the President of the Board of Aldermen in 1897, which explains in the most satisfactory manner the causes which have prompted the request for legislative assistance on our part:

"OCTOBER 21, 1897.

"Hon. JOHN JEROLAMAN, President, Board of Aldermen:

"SIR—Under the present arrangement it is costing this Department about \$13,500 per annum to light the Recreation Pier at the foot of East Twenty-fourth street, and as the plans for inclosing the building and using it in winter as well as in summer have been approved by the Board, it is estimated that it will cost about from \$10,000 to \$12,000 a year to heat the structure.

"In order that the structure may be maintained as economically as possible, the Department believes it to be for the best interests of the City that it establish its own electrical plant on the pier for the lighting and heating of the premises. The installation of the two plants will cost about \$35,000, and for this amount can be obtained the most economical plant possible for the purpose. The saving on the lighting alone will amount to about \$9,000 a year.

"The devices that will be needed for lighting, and a great many of those for heating, as well as the boilers required, are patented articles, and it would be illegal for this Department to specify them in an advertised contract; consequently we would be restricted to the old types of generators, the patents on which have long since expired; to plain, uneconomical cylindrical boilers, and we would entirely fail in being able to obtain modern electrical lamps for lighting purposes.

"I have been directed to request your Honorable Body to authorize this Department to incur the necessary expense for the installation of the heating and lighting plant otherwise than by contract.

"Yours respectfully,  
(Signed) "GEO. S. TERRY, Secretary."

We recommend the adoption of said Special Order No. 33. We also offer the following:

Resolved, That the Commissioners of Docks and Ferries be and they are respectfully urged to locate Recreation Piers wherever the conditions of the surrounding neighborhood warrant it, and to do so at the earliest practical period.

Resolved, That the Board of Education be and is requested to co-operate with the Department of Docks and Ferries, with a view of preparing and completing arrangements during the summer months for a series of educational lectures, etc., at these piers during the season of winter.

Resolved, That the Park Department be requested to likewise co-operate with the Board of Commissioners of Docks and Ferries to place upon the piers next winter plants of various kinds; and to educate the nearby residents in botany, etc., and to teach them the benefits of cultivating a taste therefor.

JAMES E. GAFFNEY, MICHAEL LEDWITH, JOSEPH A. FLINN, STEPHEN W. MCKEEVER, ROBERT MUH, CHARLES METZGER, FRANK DUNN, Committees on Docks and Ferries and Public Health.

Alderman John T. McCall moved that the report be recommitted to the Joint Committees on Public Health and on Docks and Ferries.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

## MUNICIPAL ASSEMBLY.

### PUBLIC NOTICE.

AN ORDINANCE granting to the Fort George and Eleventh Avenue Railroad Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways and highways in The City of New York. Be it Ordained by the Municipal Assembly of The City of New York, as follows:

WHEREAS, THE FORT GEORGE AND ELEVENTH AVENUE RAILROAD COMPANY has duly presented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise or right to use the streets, avenues, parkways and highways in The City of New York, hereinafter mentioned, and for the construction, maintenance and operation of a double-track street surface railroad in or upon the surface of the same; and

Whereas, The said Municipal Assembly, by resolution adopted November 22, 1898, approved by the Mayor on the 5th day of December, 1898, gave public notice of such application, and that at the Councilmanic Chamber, in the City Hall of The City of New York, on the 22d day of December, 1898, at 11 o'clock in the forenoon, such application of said railroad company would be first considered and a public hearing had thereon, during which notice was published daily for at least fourteen days prior to the hearing, in two daily newspapers published in The City of New York, viz., in the "New York World" and in the "New York Journal and Advertiser," which papers were first designated, in writing, by the Mayor of said City, on the said 5th day of December, 1898; and

Whereas, After public notice given as aforesaid and at a public hearing duly held in pursuance of such notice, whereat all persons so desiring were given an opportunity to be heard and were heard, such application was first considered by the Railroad Committees of both houses of said Municipal Assembly:

Section 1. The Municipal Assembly of The City of New York hereby grants to the Fort George and Eleventh Avenue Railroad Company, subject to the conditions and provisions hereinafter set forth, the right and franchise to use the streets, avenues, parkways and highways of the city, and to construct, maintain and operate a double-track street surface railroad in and upon the following streets, avenues, parkways and highways, viz.:

Commencing at the intersection of One Hundred and Thirtieth street and the Boulevard, or Eleventh avenue, now known as Broadway, and connecting there with the railroad of the Metropolitan Street Railway Company at present constructed on the Boulevard; running thence northerly along said Boulevard, or Eleventh avenue, now known as Broadway, to the intersection of One Hundred and Seventy-fifth street and Eleventh avenue, including that portion of the Boulevard or Eleventh avenue, now known as Broad-

way, which is situated between One Hundred and Fifty-fifth street and One Hundred and Fifty-seventh street, which was also known as the Boulevard Lafayette; and also from the junction of said Boulevard, or Eleventh avenue, now known as Broadway, with One Hundred and Forty-fifth street; running thence easterly through, upon and along One Hundred and Forty-fifth street to the Harlem river; all in the Borough of Manhattan, City of New York, together with the necessary connections, switches, sidings and turnouts required for the accommodation and operation of said railroad.

Sec. 2. The grant of said franchise or right to use said streets, avenues, parkways and highways, is made subject to the following conditions:

First—That the said right, privilege and franchise to construct and operate its said railway shall be held and enjoyed by said railroad company, its lessee or successors, for the term of twenty-five years with the privilege of a renewal of said grant for the further period of twenty-five years upon a fair revaluation of the right, such revaluation to be of the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any value derived from the ownership, control or operation of any other railroad, line or tracks by the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, parkways and highways shall be first obtained, or in lieu thereof the favorable determination of three Commissioners, approved by the Appellate Division of the Supreme Court, that such railroad should be constructed and operated.

Second—Upon the termination of the said franchise or right, whether original or renewed, there shall be a fair valuation of the plant and property of the grantee in the streets, avenues, parkways and highways aforesaid, with its appurtenances, and the said plant and property shall be and become the property of the City on the termination of the grant on paying the grantee such valuation. Such payment shall be at a fair valuation of the said plant and property as property, excluding any value derived from the franchise.

Third—The mode of determining the valuations and revaluations herein provided for shall be as follows: One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder; the three so chosen shall act as appraisers and shall make the valuations and revaluations aforesaid. Such appraisers shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their report shall be filed with the Comptroller of the City not more than thirty days thereafter. They shall act as appraisers and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party; they shall have the right to examine the books of the railroad company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties.

Fourth—The said Fort George and Eleventh Avenue Railroad Company shall for and during the first five years after the commencement of the operation of any portion of its railroad annually, on November 1st, pay into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending September 30th next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City to the credit of the same fund, of five per cent. of its gross receipts, as required by section 95 of the Railroad Law.

The Board of Estimate and Apportionment having among other things made inquiry and determined said above mentioned percentage to be inadequate, and on December 5th, 1899, fixed and adopted as the money value of said privileges or franchises, as follows:

Four per centum of the gross receipts during the first five years of operation;

Six per centum of the gross receipts during the second five years of operation;

Eight per centum of the gross receipts during the third five years of operation; and

Ten per centum of the gross receipts during the remaining years of operation.

The said Fort George and Eleventh Avenue Railroad Company in addition to the percentages first herein set forth, as required to be paid by the Railroad Law, after commencement of the operation of any portion of its railroad, shall pay into the treasury of the City, to the credit of the Sinking Fund, percentages of its gross receipts as follows:

For and during the first five years one per cent. of such gross receipts.

For and during the second five years one per cent. of such gross receipts.

For and during the third five years three per cent. of such gross receipts.

That but one fare shall be exacted for passage over the railroad constructed under this grant and over the lines of any railroad system operated in connection therewith, and that the gross receipts from joint business shall be divided in the proportion that the length of said railroad operated hereunder shall bear to the entire length of the railroad system which shall be operated in connection therewith, and of the railroad to be constructed thereunder.

Fifth—The said railroad may be operated by underground electrical power substantially similar to the system of underground electrical traction now in use on the railroads in Second, Sixth, Eighth, Lenox and Madison avenues in this city, and by any other motive power except locomotive steam power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Sixth—The said railroad shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways and the Commissioner of Public Buildings, Lighting and Supplies, of the City of New York, in all matters with respect to which said Commissioners are respectively invested with the power of regulation and control by the Charter of said city.

Sec. 3. The said grant is also upon the further conditions, namely:

First—The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

Second—The rate of fare for any passenger upon said railroad shall be five cents; and said company shall not charge any passenger more than said sum for one continuous ride from any point on its road or any road, line or branch operated by it or under its control, to any point thereon or any connecting branch thereof within the limits of the City of New York. The cars on said railroad shall be run as often as the public convenience may require.

Third—The said railroad company shall apply to each car a proper tender and wheel-guard conformably to such laws and ordinances as may hereafter be enacted or adopted by the State or City authorities.

Fourth—All cars of said railroad company shall be heated during cold weather conformably to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fifth—In case of any violation or breach of or failure to comply with any of the provisions of this section, this grant may be forfeited by suit brought by the Corporation Counsel, on notice of ten days to the said railroad company.

Sec. 4. This grant is also upon the further and expressed condition that the provisions of article IV. of the Railroad Law applicable thereto be complied with.

Sec. 5. The said company shall at all times keep the street between its tracks and for a distance of two feet beyond the rails upon either side thereof free and clear from ice and snow.

Sec. 6. The said railroad company, so long as it shall continue to use any of its tracks upon said streets, avenues or public places, shall have and keep in permanent repair that portion of such streets, avenues and public places between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities and whenever required by them to do so and in such manner as they may prescribe.

Sec. 7. This grant is also upon the further condition that if the right to construct and operate a railway on the Boulevard now known as Broadway, between Manhattan street and One Hundred and Sixty-ninth street, shall also be acquired by any other railroad company under a grant for which application was pending on the 22d day of November, 1898, such other company shall have an equal right in and to the railway tracks constructed thereon and to the structure appurtenant to the tracks, upon paying one-half of the cost of construction; the said companies to adjust and arrange their respective rights and interests in said property and the ownership thereof as they may deem most beneficial to their interest; and convenient for the operation of their respective railroads, it being the intent and purpose of this provision to restrict the number of tracks on said portion of the Boulevard now known as Broadway to two, allowing, however, to each company its separate slot and conduit construction with necessary switches and connections.

Sec. 8. This grant shall not become operative unless, within ten days after the passage thereof, the said railroad company shall duly execute under its corporate seal an instrument in writing, wherein said company shall promise, covenant and agree on its part and behalf to pay the compensation and to conform to, abide by and perform all the conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of the City of New York.

#### PUBLIC NOTICE.

AN ORDINANCE granting to the Kingsbridge Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways and highways in The City of New York.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

**WHEREAS, THE KINGSBRIDGE RAILWAY** Company has duly presented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise or right to use the streets, avenues, parkways and highways in The City of New York, hereinafter mentioned, and for the construction, maintenance and operation of a double-track street surface railroad in or upon the surface of the same; and

Whereas, The said Municipal Assembly, by resolution adopted November 22, 1898, approved by the Mayor on the 5th day of December, 1898, gave public notice of such application, and that at the Councilmanic Chamber, in the City Hall of The City of New York, on the 22d day of December, 1898, at 11 o'clock in the forenoon, such application of said Railroad Company would be first considered and a public hearing had thereon, which notice was published daily for at least fourteen days prior to the hearing, in two daily newspapers published in The City of New York, viz.: in the "New York World" and in the "New York Journal and Advertiser," which papers were first designated, in writing, by the Mayor of said city on the said 5th day of December, 1898; and

Whereas, After public notice given as aforesaid, and at a public hearing duly held in pursuance of such notice, wherein all persons so desiring were given an opportunity to be heard, and were heard, such application was first considered by the Railroad Committee of both houses of the Municipal Assembly;

Section 1. The Municipal Assembly of The City of New York hereby grants to the Kingsbridge Railway Company, subject to the conditions and provisions hereinafter set forth, the right and franchise to use the streets, avenues, parkways and highways of the city, and to construct, maintain and operate a double track street surface railroad in and upon the following streets, avenues, parkways and highways, viz:

Commencing at the intersection of the southerly side of Manhattan street and the Boulevard or Eleventh avenue, now known as Broadway, and running thence with double tracks through, along and upon said Boulevard or Eleventh avenue, now known as Broadway, to the Kingsbridge road at or near One Hundred and Sixty-ninth street, including that portion of the Boulevard or Eleventh avenue, now known as Broadway, which is situated between One Hundred and Fifty-fifth street and One Hundred and Fifty-seventh street, which was also known as the Boulevard Lafayette, and connecting with the proposed tracks on the Kingsbridge road and Broadway.

Also commencing at the junction of the Kingsbridge road and the easterly side of Amsterdam avenue at or near One Hundred and Sixty-second street and extending thence with double tracks through, along and upon the Kingsbridge road to its intersection with Broadway at or near One Hundred and Sixty-ninth street and extending thence with double tracks through, along and upon said Broadway upon the bridge over the Harlem Ship canal and upon the proposed bridge when constructed, over Spuyten Duyvil creek to the northernmost point of intersection of West Two Hundred and Thirtieth street (formerly known as Riverdale avenue) with Broadway; thence westerly from the junction of Broadway with Two Hundred and Thirtieth street (formerly known as Riverdale avenue), through, along and upon West Two Hundred and Thirtieth street (formerly known as Riverdale avenue), to Riverdale avenue; thence northerly through, along and upon Riverdale avenue to the northerly boundary line of The City of New York; together with the necessary connections, switches, sidings and turnouts required for the accommodation and operation of said railway.

Sec. 2. The grant of said franchise or right to use said streets, avenues, parkways and highways, is made subject to the following conditions:

First—That the said right, privilege and franchise to construct and operate its said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years with a privilege of a renewal of said grant for the further period of twenty-five years upon a fair revaluation of the right, such revaluation to be of the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any value derived from the ownership, control or operation of any other railroad, line or tracks by the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, parkways and highways shall be first obtained, or in lieu thereof, the favorable determination of three Commissioners, approved by the Appellate Division of the Supreme Court, that such railroad should be constructed and operated.

Second—Upon the termination of the said franchise or right, whether original or renewed, there shall be a fair valuation of the plant and property of the grantee in the streets, avenues, parkways and highways aforesaid with its appurtenances, and the said plant and property shall be and become the property of the city on the termination of the grant on paying the grantee such valuation. Such payment shall be at a fair valuation of the said plant and property as property, excluding any value derived from the franchise.

Third—The mode of determining the valuations and revaluations herein provided for shall be as follows:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder; the three so chosen shall act as appraisers, and shall make the valuations and revaluations aforesaid. Such appraisers shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their report shall be filed with the Comptroller of the City not more than thirty days thereafter. They shall act as appraisers, and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party; they shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties.

Fourth—The said Kingsbridge Railway Company shall for and during the first five years after the commencement of the operation of any portion of its railroad annually, on November 1st, pay into the treasury of the City, to the credit of the sinking fund thereof, three per cent. of its gross receipts for and during the year ending September 30th next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City to the credit of the same fund, of five per cent. of its gross receipts, as required by section 95 of the Railroad Law.

The Board of Estimate and Apportionment having, among other things, made inquiry and determined said above mentioned percentage to be inadequate, and on December 5th, 1899, fixed and adopted as the money value of said privileges or franchises as follows:

Four per centum of the gross receipts during the first five years of operation;

Six per centum of the gross receipts during the second five years of operation;

Eight per centum of the gross receipts during the third five years of operation; and

Ten per centum of the gross receipts during the remaining years of operation.

The said Kingsbridge Railway Company, in addition to the percentages first herein set forth, as required to be paid by the Railroad Law, after commencement of the operation of any portion of its railroad, shall pay into the treasury of the City to the credit of the Sinking Fund, percentages of its gross receipts as follows:

For and during the first five years one per cent. of such gross receipts.

For and during the second five years one per cent. of such gross receipts.

For and during the third five years three per cent. of such gross receipts.

That but one fare shall be exacted for passage over the railroad constructed under this grant and over the lines of any railroad system operated in connection therewith, and that the gross receipts from joint business shall be divided in the proportion that the length of said railroad operated hereunder shall bear to the entire length of the railroad system which shall be operated in connection therewith, and of the railroad to be constructed thereunder.

Fifth—The said railroad may be operated by underground electrical power substantially similar to the system of underground electrical traction now in use on the railroads in Second, Sixth, Eighth, Lenox and Madison avenues in this city, and by any other motive power except locomotive steam power and overhead electrical power, except as hereinafter provided, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property, in accordance with the provisions of the Railroad Law. Provided, however, that the portion of said railway which lies between the south side of the bridge over the ship canal and the city line, upon Kingsbridge road (now known as Broadway), Two Hundred and Thirtieth street and Riverdale avenue, may be operated by the overhead trolley electric system upon double tracks or upon single tracks with turnouts, only until the grade of said streets, now undetermined, shall have been finally determined and the roadbeds thereof shall have been regulated, graded and paved according to such determination; the reconstruction of said railroad to be simultaneous with such grading and paving, which reconstructed system shall conform to the system in operation south of the said ship canal.

Sixth—The said railroad shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways and the Commissioner of Public Buildings, Lighting and Supplies of The City of New York, in all matters with respect to which said Commissioners are respectively vested with the power of regulation and control by the Charter of said city.

Sec. 3. The said grant is also upon the further conditions, namely:

First—The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

Second—The rate of fare for any passenger upon said railroad shall be five cents, and said company shall not charge any passenger more than said sum for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control, to any point thereon or any connecting branch thereof within the limits of The City of New York. The cars on said railroad shall be run as often as the public convenience may require.

Third—The said railway company shall apply to each car a proper tender and wheel-guard conformably to such laws and ordinances as may hereafter be enacted or adopted by the State or City authorities.

Fourth—All cars of said railway company shall be heated during cold weather conformably to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fifth—In case of any violation or breach of or failure to comply with any of the provisions of this section, this grant may be forfeited by suit brought by the Corporation Counsel, on notice of ten days to the said railway company.

Sec. 4. This grant is also upon the further and expressed condition that the provisions of Article IV. of the Railroad Law applicable thereto be complied with.

Sec. 5. The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side thereof, free and clear from ice and snow.

Sec. 6. The said railway company, so long as it shall continue to use any of its tracks upon said streets, avenues or public places, shall have and keep in permanent repair that portion of such streets, avenues and public places between its tracks, the rails of its tracks and two feet in width outside of its tracks under the supervision of the proper local authorities and whenever required by them to do so and in such manner as they may prescribe.

Sec. 7. This grant is also upon the further condition that if the right to construct and operate a railway on the Boulevard now known as Broadway, between Manhattan street and One Hundred and Sixty-ninth street, shall also be acquired by any other railway company under a grant for which application was pending on the 22d day of November, 1898, such other company shall have an equal right in and to the railway tracks constructed thereon and to the structure appurtenant to the tracks upon paying one-half of the cost of construction; the said companies to adjust and arrange their respective rights and interests in said property and the ownership thereof as they may deem most beneficial to their interest; and convenient for the operation of their respective railroads, it being the intent and purpose of this provision to restrict the number of tracks on said portion of the Boulevard now known as Broadway to two, allowing, however, to each company its separate slot and conduit construction with necessary switches and connections.

Sec. 8. This grant shall not become operative unless within ten days after the passage thereof the said rail-

way company shall duly execute under its corporate seal and instrument in writing, wherein said company shall promise, covenant and agree on its part and behalf to pay the compensation and to conform to, abide by and perform all the conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York.

Sec. 9. This ordinance shall take effect immediately. Published in accordance with resolution adopted by the Municipal Assembly of The City of New York on the 5th day of December, 1899, and approved by his Honor the Mayor on the same day.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article. (No bonds or deposit required on bids under One Thousand Dollars.)

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all the persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids wherein they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footing and

awards made to the lowest bidder on each item or class.

All estimates not conforming to these requirements may be considered as informal.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article. (No bonds or deposit required on bids under One Thousand Dollars.)

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids wherever they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footing and awards made to the lowest bidder on each item or class.

All estimates not conforming to these requirements may be considered as informal.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the Fresh Fish, etc., by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

No bonds or deposit required on bids under One Thousand Dollars.

No empty packages are to be returned to bidders or contractors except such as are designated in the specifications.

Bidders will state the price for each article, by which the bids are tested.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 410, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate of \$1,000 or over shall be accompanied by the consent, in writing, of two householders or freeholders, or security, trust or deposit companies in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he could be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine. The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, No. 126 and 128 Livingston street, Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

ADOLPH SIMIS, Jr., Commissioner,  
JAMES FEENEY, Commissioner,  
Department of Public Charities.

The articles, supplies, goods, wares and merchandise are to be delivered, free of expense, at the Storehouse, Flatbush, and are to be delivered in such quantities and at such times as may be required.

The quality of the Hospital Supplies must conform in every respect to the specifications and samples, and bidders are cautioned to examine both specifications and samples of the articles required before making their estimates.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate of \$1,000 or over shall be accompanied by the consent, in writing, of two householders or freeholders or security, trust or deposit companies in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of this deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, Nos. 126 and 128 Livingston street, Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

ADOLPH SIMIS, Jr., Commissioner,  
JAMES FENY, Commissioner,

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of Thirty-five Hundred (\$3,500) Dollars.

Each bid or estimate shall contain and state the names and places of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or trust or security companies, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of ONE HUNDRED AND SEVENTY-FIVE DOLLARS, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such

neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the price for each grade, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of Six Hundred (600) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of thirty dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner, and to be free of all expense.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (\$2,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or trust or security companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the Coal by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of One Hundred Dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment and other details, can be obtained at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or security, trust or deposit companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the articles by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; or if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles must conform in every respect to the samples of the same on exhibition at the office of the Kings County Penitentiary, or in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimate.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write at the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, or James J. Kirwin, Deputy Commissioner, No. 22 Borough Hall, Borough of Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.

No bonds or deposits required on bids under One Thousand Dollars. Awards will be made on the lowest terms.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or

refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates. Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment and other details, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.

## NEW EAST RIVER BRIDGE COMMISSION.

COMMISSION NEW EAST RIVER BRIDGE,  
CITY OF NEW YORK, November 9, 1899.

### NOTICE TO CONTRACTORS.

Proposals will be received by the Commissioners of the New East River Bridge, at their office, at No. 49 Chambers street, in the Borough of Manhattan, in The City of New York, at 2 o'clock in the afternoon of the

7th DAY OF DECEMBER, 1899,

indorsed "Proposal for Construction of Steel Cables, Suspenders, etc., of the New East River Bridge," for furnishing the materials for and constructing the steel cables, suspenders, cable bands, coverings, sheaves, and their appurtenances of the New East River Bridge, in accordance with the proposed form of contract and the drawings and specifications therefor. All bids shall be inclosed in sealed envelopes, addressed to Lewis Nixon, President of the Board of Commissioners of the New East River Bridge, and presented to him on that day and at that hour at said office, and such bids will be opened in public meeting by the said Commissioners on that day, at 2 o'clock in the afternoon.

Copies of the specifications and the general drawings for the work, with the proposed form for the bid, bond and contract, may be seen and further information will be given at the office of the Chief Engineer, No. 84 Broadway, Borough of Brooklyn, City of New York, on and after the 13th day of November, 1899.

The Commissioners require that all bidders shall carefully examine the specifications, drawings and proposed form of contract, in order that no question as to their meaning may arise hereafter. It must be distinctly understood that no changes in the quality of the materials or of the workmanship will be allowed, and that the specifications will be adhered to strictly.

The contract is to be completely performed within ten months after the cable sales are set in place upon the steel towers of the bridge.

Proposals will be made upon a form provided therefor, and only those proposals will be considered which are complete, in proper form, comply with the requirements herein stated, and are offered by parties of known reputation, experience and responsibility.

Each bidder will be required to deposit, with his proposal, in the office of the Commissioners, a certified check for \$12,000, payable to the order of Julian D. Fairchild, as Treasurer of the New East River Bridge Commissioners, as security for the execution by him of the contract and the giving of the required bond, if his bid is accepted, within two weeks after notice of acceptance of his bid.

The contractor will be required to give a bond in the penal sum of \$400,000, in the form annexed to the proposed form of contract, with an approved surety company doing business in The City of New York, conditioned for the prompt and faithful performance of the contract and its covenants and the work thereunder.

As by far the greater part of this work can be executed only by bridge establishments of the first-class, bids will be received only from such parties as have the requisite plant and facilities, which have been in successful operation on work of similar character for at least one year. The bidders must be, in the opinion of the Commissioners, fully qualified, both by experience and in appliances, to execute work of this character and importance, according to the highest standard of such work at the present time.

The Commissioners reserve the right to reject any and all of the proposals offered, and to accept any proposal offered.

LEWIS NIXON,  
President.

JAMES D. BELL,  
Secretary.

## POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET.

### TO CONTRACTORS.

#### PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with three copies of the Enrollment Books used on the days of Registration at the last General Election will be received at the Central Office of the Department of Police, in The City of New York until 12 o'clock M. of

FRIDAY, THE 8th DAY OF DECEMBER, 1899,

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Copies of Enrollment Books," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of copies required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and materials furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests. No estimates will be accepted from or a contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity is to be delivered as stated in the specifications and as shall be directed by the Superintendent of Elections of the City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Ten Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the city so to do, and to readvertise until satisfactory bids or proposals shall be received.

Blank forms for estimates may be obtained by application to the Superintendent of Elections of the City of New York, at his office in the Central Department.
