\*Miss Margaret M. Lynch was paid in May at rate of \$-06, this being \$576 + \$-30 bonus. The same is true of Misses Patterson, Dowling and Keenan. All were teachers of boys' classes. The explanation appears to be necessary, because of the wording of the resolution adopted by the School Board Dec. 20, 1899. Page 1411 of Journal.

## TWENTY-FIRST DISTRICT, BOROUGH OF THE BRONX.

## MINUTES.

Pursuant to call by President Haffen, the members of the Local Board, Twenty-first District, met at 3 P. M., January 25, 1900, at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park.

Present—President Haffen, Aldermen Geiger and McGrath and Councilman Hottenroth. Minutes of previous meeting read and adopted.

*West Two Hundred and Thirty-first Street Change of Lines, between Broadway and Riverdale Avenue.*

The following petition was read :

*To the Local Board, Twenty-first District, Borough of The Bronx :*

We, the undersigned, property-owners and residents of Kingsbridge, in the City of New York, respectfully petition your Honorable Body to authorize a change in the map and plan of that part of New York City, Borough of The Bronx, as is shown upon the annexed and accompanying map. These changes are rendered necessary by reason of the proposed change of line of the Spuyten Duyvil & Port Morris Railroad, and form a part of the general plan for abolishing the several grade crossings in and about Kingsbridge.

We also ask that you authorize the purchase of so much of the roadbed of the Spuyten Duyvil & Port Morris Railroad, for the purposes of Two Hundred and Thirty-first street, as changed, as is shown in blue upon the accompanying map, and your petitioners will ever pray.

Charles E. Ahneman, Nathalie avenue.

John Sellar, Church street.

M. C. Berleisch, Nathalie avenue.

I hereby certify that this petition was submitted to and unanimously approved by the Kingsbridge Improvement Association at a meeting held on January 4, 1900.

RICHARD ALEXANDER, Secretary.

Mr. H. H. Browne and Mr. Richard Alexander, Secretary of the Kingsbridge Improvement Association, and Mr. G. W. Stephens were among those who spoke for the petition.

Communications were also received from Mr. J. A. Goulden, President of the Taxpayers' Alliance, and Mr. John Kennedy, in support of the petition.

The New York Central and Hudson River Railroad Company was represented by counsel.

The petitioners said that all that they desired at present was the shifting of the lines of Two Hundred and Thirty-first street southerly, between Broadway and Riverdale avenue. It was stated that the property-owners in Kingsbridge had been discussing for six years past some method of obviating the many grade crossings in that section, and that, after many interviews with representatives of the railroad company, they had concluded that the proposed change, as an initiatory one, was the most desirable. It was stated on behalf of the petitioners that, if this change were recommended, and the railroad company satisfied, it would be compensated for its property to be abandoned between the points mentioned, they would proceed within a reasonable time to divert their track system to the south along the new Harlem River Ship Canal.

President Haffen stated that he was personally conversant with the conditions complained of in Kingsbridge, and that he was ready to further any proposition that would be satisfactory to the property-owners and for the good of the public in general. He thought that some definite proposition should at the same time be submitted by the railroad company. The latter's counsel said that the company had no proposition to offer at present, but he could say that it would consider no proposition that did not provide for compensation for such part of the property of the company as would be affected and which property was held in fee simple. He added that the company had options through private parties upon the land proposed to be used in case the company changed its route at Kingsbridge. Councilman Hottenroth and Alderman Geiger expressed the opinion that the subject was of such importance that it would be well to ascertain first what the intentions were of the railroad company. Councilman Hottenroth thought that if the street were changed as proposed, the railway company might look for compensation, not at the market rates of the property, but as compensation to be considered in the light of railway value, on the plea of being, in a sense, compelled by the municipal authorities to change its route. Counsel for the railroad company explained briefly the application of the railroad law, but did not discuss the nature of compensation as suggested by Councilman Hottenroth and Alderman Geiger other than to say that the railroad company would not be precipitate in looking for any award that might be made. The company would trust the City for payment within a reasonable time. Some of the petitioners urged immediate action, stating that if the railroad company did not respond, as it was understood it would respond, then the lines of the street could be shifted back to their position as shown upon the maps at present.

President Haffen thought that the petition presented might be altered to advantage, and while the discussion was pending a new petition was submitted and accepted in place and as of the same date as that of the original. This petition read as follows :

JANUARY 25, 1900.

*Hon. LOUIS F. HAFFEN, President, Borough of The Bronx :*

DEAR SIR—The undersigned property-owners of Kingsbridge, Borough of The Bronx, respectfully request your Board to recommend to the proper city authorities to shift the lines of West Two Hundred and Thirty-first street, between Broadway and Riverdale avenue, fifty feet southerly, to cover area occupied by the roadbed or property of the New York Central and Hudson River Railroad Company, so as to give the said railroad company an opportunity to divert its tracks to the south along the Harlem River Ship Canal, which we believe will be a great benefit to the locality at Kingsbridge in the future abolition of grade crossings that are not only dangerous but obstructive to general improvement, besides promising eventually to be extremely expensive in construction, in accordance with the map of the present street system. We also request that your Board recommend such changes of grade as may be necessary in connection with the above.

Respectfully,

T. & W. THORN & CO. and twelve others.

Councilman Hottenroth, on submission of the above petition, presented the following resolution :

Resolved, That it is the sense of this Board that when it is assured by the Spuyten Duyvil Branch of the New York Central and Hudson River Railroad Company, or such other authority having control of the tracks located between Broadway and Riverdale avenue at Kingsbridge, such railroad company will within a reasonable time divert its tracks to a location south, as shown on the diagram presented to the Local Board, immediately north of the Harlem Ship Canal, and will agree in any proceedings brought to condemn West Two Hundred and Thirty-first street as proposed to be shifted, between Broadway and the south line of Two Hundred and Thirtieth street at Riverdale avenue, to accept a fair market value of such land as private property and not as a portion of a railroad, the petition as amended, locating Two Hundred and Thirty-first street fifty feet south of its present location on the map between Broadway and Riverdale avenue be granted, provided the property within the new lines, as proposed, can be legally acquired.

Alderman McGrath said that he favored any improvement in the interest of the property-owners, but he thought that everything should be clear in advance as to the actual situation. After some more discussion, Councilman Hottenroth withdrew his resolution, as submitted above, and presented the following, which was adopted :

Resolved, That the Corporation Counsel be and he is hereby requested, at his earliest convenience, upon the minutes of this meeting being presented to him upon the petition affecting the shifting of the lines of West Two Hundred and Thirty-first street, between Broadway and Riverdale avenue, to inform this Board whether, under the circumstances, that as far as the minutes disclose and are applicable to his consideration of the subject, whether the City would be liable under a proceeding to acquire title on a change of street lines, as proposed in this case, to pay a greater compensation to the railroad company for the strip of land involved than the market value, as usually determined in such proceedings, would appear, and for such other advice in connection with this phase of the matter as the Corporation Counsel might deem proper to give to this Board.

*Hon. FRANK GASS :*

DEAR SIR—We, the undersigned residents, taxpayers and citizens of the Twenty-fourth Ward, Borough of The Bronx, City of New York, more particularly that part known as the Old Village of Eastchester, respectfully petition that you will use at once your influence in having removed from Fifth avenue and part of Boston road and Town Dock road the rails used by the Union Railway Company, and also the rails which they have placed alongside of said tracks, as they are dangerous to life and limb. We would also call to your attention the fact that under the franchise granted to the said company they were to keep the roadbed in repair, which they have not done, and your petitioners will ever pray.

WILLIAM HITCHCOCK, JR., Third avenue, Eastchester, and seventy-seven others.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, trust, bond or security companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of Two Hundred and Fifty (\$250) Dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The work and materials must conform in every respect to the printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The form of the contract, including specifications and plans, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, and Withers & Dickson, architects, 59 Bible House, Borough of Manhattan, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

**PROPOSALS FOR THE CONTRACT FOR THE** above privilege inclosed in sealed envelopes and indorsed with the title of the work, and with the name and address of the person or persons making the same, and the date of presentation of the same, will be received at the Main Office of the Department of Street Cleaning, Nos. 13 to 21 Park row, in the Borough of Manhattan, in The City of New York, until 12 M. of

**MONDAY, THE 5TH DAY OF FEBRUARY, 1900,**

at which time and place the said proposals will be publicly opened and read.

The work under the contract for which these proposals are to be received is to be begun on the Monday following the date of execution of said contract.

The said contract is to be for the term beginning with the date of execution and ending with the 15th day of August, 1900, with the provision, however, that it may at any time be terminated by the Commissioner of Street Cleaning on ten (10) days' notice to the contractor.

The person or persons to whom the contract may be awarded will be required to execute the said contract within five (5) days of the receipt of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned said contract and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may readvertise and relet the privilege, and so on until the contract be accepted and executed.

Bidders are required to state under oath or affirmation in their proposals their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state that fact; also that the proposal is made without any connection with any other person making a proposal for the same work; that it is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is required that the verification be made and subscribed by all parties interested.

The above prices must be written out and must also be given in figures.

Permission will not be given for the withdrawal of any proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all of the proposals should he deem it best for the interest of the City so to do. The said Commissioner also reserves the right to select from the proposals received that proposal the acceptance of which will, in his judgment, best secure the efficient performance of the work. No proposal will be accepted from nor will the contract be awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each proposal must be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, or of two guaranty or surety companies, duly authorized by law to act as surety, incorporated under the laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to the person or persons making the proposal, they will, on its being so awarded, become bound as his or their sureties for its faithful performance in the amount of One Thousand Dollars (\$1,000), and that if he or they shall omit or refuse to execute the same, they will pay to the City of New York any difference between the sum which he or they would have paid for four (4) weeks' privilege under the contract, and that which The City of New York may be obliged to accept from the person or persons to whom the contract may be subsequently awarded for the same period of four (4) weeks. On the acceptance of any proposal or the rejection of all the proposals, the check or money of the unaccepted bidders will be returned to them, and upon the execution of the contract the check or money of the accepted bidder will be returned to him.

This public notice or advertisement is to be deemed a part of the contract.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety; the adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated

damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

*N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.*
