Re: Agency-based Voter Registration Under LL29 of 2000, Mayoral Directive One of 2014, LL61 of 2014 and LL63 of 2014

January 1 to June 30, 2025 Report

Local Law 29 of 2000 requires that specified agencies offer voter registration in their encounters with the public. Mayoral Directive One of 2014 strengthened the requirements of LL29, putting a structure in place to monitor agency efforts to increase voter registration. Local Laws 61 and 63 of 2014 increased the number of agencies required to offer voter registration.

The Board of Elections reported that it processed 827 voter registration applications originating at City agencies (called Code 9 applications) between January 1 and June 30, 2025. This does not include applications from DSS/HRA, where voter registration applications are offered, collected, and sent to the Board of Elections under the requirements of the National Voter Registration Act (NVRA) and are not denoted as Code 9. DSS/HRA reported sending 4,694 applications to the Board of Elections during the reporting period, yielding a combined total of 5,683 City agency submissions to the Board of Elections. The total for the comparable period in 2024 was 9,399.

Highlights of agency activities during the reporting period include:

1. Agencies **leveraged community partnerships** to share voter registration information with the public:
 - a. ACS held Voter Registration Tabling Events and Civic Engagement and Voting Training for youth and staff throughout the voter registration period, engaging 20 people at the LGBT Center Valentine's Dance Event, 2,000 people at Pride Fest, 16 youth on the ACS Youth Leadership Council, and 45 staff for a civic engagement training.
 - b. DCLA's disseminates voter registration data through its Materials for the Arts program's social media.
 - c. DOC has continued its partnership with the Legal Aid Society and a coalition of other external stakeholders to offer civic engagement education and voter registration assistance to all interested and qualified people in custody.
 - d. DYCD conducts biannual Voter Education and Civic engagement drives through its network of over 270 community-based organization partners. DYCD also established a

Daniel Steinberg
Director, Office of Operations

formal partnership with NYC Votes to deliver training and technical assistance to over 60 of its non-profit providers on Voter Education and Registration practices.

2. Agencies found resourceful ways to **educate the public** about voter registration:
 - a. DHS staff receive daily reminders from tour leads to offer voter registration forms as a standard part of intake procedures.
 - b. DOC uses its tablet technology to increase awareness of upcoming elections and educate people in custody about the basic concepts of democracy and the role of the election process.
 - c. DOT's Customer Service, Language Access, and correspondence Unit (CSLACU) has a system in place to accommodate Limited English Proficient customer requests so that when CSLACU receives a service request in different languages, the unit sends the voter registration forms to the customer in their preferred language.
 - d. HRA includes voter registration forms in the Medicaid application kit – both for clients who request an application in-person or via phone call.
 - e. Several agencies provide voter spotlight links on their website as well as promotion on social media (HPD, Aging, TLC, DCAS, DCLA, DCP, DCWP, DORIS, DOT, and HPD).
3. Agencies include voter registration **materials in agency materials**:
 - a. Agencies include voter registration materials at client intake and place forms in client waiting areas (DHS, HRA, FDNY, and DOP).
 - b. DCP distributes registration forms at City Planning Commission review sessions, public meetings, public-facing events or tabling sessions and on the website. DCWP also includes voter registration materials in renewal packets sent to licensees.
 - c. DEP includes voter registration forms in water bills that are mailed to customers.
 - d. Parks includes a voter registration appeal as part of its new employee orientation.
 - e. DOP hangs informational posters in its waiting rooms and distributes voter registration forms at special events, Nutrition Kitchen (Pantry) lines, and the Mayor's initiative for tabling in high schools throughout the five boroughs.
4. Challenges:
 - a. Voter registration **eligibility and lack of information**:
 - i. NYC Aging has found that the majority of the agency's clients have already been registered to vote by virtue of the demographic served by the agency.
 - ii. DOP struggles with individuals not knowing whether they have the right to vote. The Department also faces challenges informing citizens on how to properly fill out voter registration forms.
 - iii. Many of TLC's licensee population are either limited English proficiency (LEP) persons or immigrants who are non-citizens and are not eligible to participate in

Daniel Steinberg
Director, Office of Operations

- federal, state, or local elections. However, licensees were informed about pending legislation to let non-citizens participate in local NYC elections.
- iv. DYCD reports that heightened pressures and fears of not being heard, along with social, emotional, and physical trauma, are hindering organizations' ability to engage and fulfill their mission
 - b. **Tracking and processing** voter registration forms:
 - i. Many people do not return their form to the agency to be submitted to the Board of Elections, and agencies report difficulty tracking completed voter registration through OTI's analytics system (CCRB, HPD, CCHR, DOT, DOF, DPR).
 - c. Lower priority and **competing needs**:
 - i. DHS applicants' immediate focus is often on securing shelter and addressing urgent family needs, so completing a voter registration form may not feel like a priority.
 - ii. FDNY is affected by staff shortages and is not always able to consistently engage with customers about voter registration.
 - d. Accessibility issues:
 - i. DOC faces challenges in the absence of a direct polling site, however the Department collects and delivers registration forms and absentee ballot applications directly to BOE for people in custody who choose to take advantage of this option.

A summary chart of agency-based voter registration and the individual report of each agency follows.

Best,

Daniel Steinberg

To ensure the Commission's staff can best address the needs of the public in a way that continues to comply with health and safety guidance, the Commission, where possible, schedules appointments to ensure utmost preparedness for those meetings and encounters. The Law Enforcement Bureau and the Community Relations Bureau, consistent with Citywide policy, have primarily resumed their public facing engagement work in person. This includes intake appointments and walk-in interviews, trainings, workshops, conferences, and presentations. Voter registration forms are distributed during these in-person exchanges and events and remain available to the public at all five (5) Commission offices.

The Department for the Aging (NYC Aging) requires each funded program, project and site (including contractor satellite offices) to offer voter registration materials to participants and any members of the public who inquire about NYC Aging or City services. As of 2021, this requirement has been incorporated into provider staff trainings offered by the agency. In addition, all public-facing NYC Aging units inform applicants for services about the opportunity to register to vote.

For January 1, 2025, through June 30, 2025, NYC Aging promoted opportunities to vote and other information to help residents remain civically active. A permanent tile linking to the NYC Board of Elections website is displayed on NYC Aging's website; from there, visitors can learn the dates for early voting, primary and election days, the location of their polling center, and how to request an absentee ballot. In addition, on June 24, 2025, NYC Aging posted on all the agency's social media channels, reminding residents to vote in the primary elections.

Applicants seeking temporary housing at the NYC Department of Homeless Services (DHS) Family Intake Center are provided with voter registration forms during the intake process.

Once completed, applicants have the option to submit their voter registration forms by placing them in a clearly marked, secure black collection box located on the lower level of the facility. DHS staff regularly collect the submitted forms from this box and when there are forms, they are mailed to the appropriate Board of Elections office for processing.

To ensure consistent implementation of this process, DHS staff receive daily reminders from tour leads at the beginning of each shift. During these shift briefings, tour leads reinforce the importance of offering voter registration forms as a standard part of the intake procedure.

Applicants often arrive during an extremely stressful and uncertain time in their lives. Many are navigating crisis situations, and their immediate focus is on securing shelter and addressing urgent family needs. As a result, completing a voter registration form may not feel like a priority.

Although staff are encouraged to offer voter registration forms to every eligible applicant, the demands of the intake process can sometimes lead to this step being unintentionally overlooked.

We acknowledge that current distribution numbers have room for improvement. To address this, we continue to reinforce the importance of voter registration during staff briefings and are exploring additional strategies to support and remind staff to consistently integrate this task into their workflow.

Additionally, the Agency will proactively monitor and replenish voter registration forms as supplies run low to ensure continuous compliance with local regulations and to prevent any disruption in clients' ability to register to vote.

The Department's Senior Program Liaison, who is part of the Division of Programs and Community Partnerships, facilitates monthly civic engagement events where volunteers meet people in custody and distribute voter registration forms as well as absentee ballot applications. The Department also ensures that voter registration forms and absentee ballot applications are readily available in each facility's law library and similarly upon discharge, but people in custody can also use their tablets to request these materials. People in custody can complete forms themselves and mail them directly to their local Board of Elections ("BOE") office or have DOC deliver them on their behalf to the applicable BOE office.

Describe any special registration activities, if any.

During the first half of 2025, the Department continued its partnership with the Legal Aid Society and a coalition of other external stakeholders to offer civic engagement education and voter registration assistance to all interested and qualified people in custody. Through this partnership, DOC leads monthly voter registration drives, where a small group of coalition volunteers visited select housing units to discuss the importance of civic engagement, distributed voter registration forms and absentee ballot registration forms, and assisted with getting these forms completed and collected.

The Department continues to utilize the voter education module that was developed in partnership with NYC Votes, the voting arm of the New York City Campaign Finance Board ("CFB") to educate people in custody on the basic concepts of democracy and the role of the election process. The Department continues to leverage its tablet technology to distribute non-partisan literature about issues and

candidates for each election cycle. This literature is provided by our external partners and physical copies are also distributed on registration drives and via the law libraries at each facility.

Additionally, the Department is leveraging its tablet technology to increase awareness of upcoming elections, distribute information about issues and candidates, and enable people in custody to request voter registration forms and absentee ballot applications. The Department also recruits student interns and volunteers, who conduct independent voter registration drives at our facilities after they have received training and necessary security clearances. As part of our collaboration with NYC Votes, we also hosted an in-person train-the-trainer session for 10 managerial staff members. These managers are now training DOC frontline staff to provide information to people in custody about ranked choice voting.

Describe challenges, both resolved and unresolved.

The voting process on Rikers Island remains challenging in the absence of a direct polling site, however, the Department works with stakeholders to identify solutions that mitigate the impact of this challenge. The Department collects and delivers registration forms and absentee ballot applications directly to BOE for the people in custody who choose to take advantage of this option. People in custody are also able to register to vote and cast a ballot on their own, just as they would in the community. Eligible individuals can opt to request and receive a voter registration form and/or absentee ballot form via the mail. The Department does not play a role in this process and is not privy to any data for those that choose to vote this way, but it does provide free stamps or pre-stamped envelopes to help facilitate this. Upon request, the Department also provides voter documents in various languages as well as voter assistance.

Reporting Period: January 1, 2025 through June 30, 2025

Describe how your agency distributes applications

- New York City Department of Transportation (NYC DOT) remains committed to distribute Voter Registrations (VR) forms to its customers.
- Customer Service, Language Access, and Correspondence Unit (CSLACU) handles the Service Requests (SR's) generated when customers contact NYC DOT via phone, postal mail, NYC DOT online form or 311.
- After CSLACU processes the SR's, it mails out a hardcopy of NYC DOT literatures/essential documents including VR forms to customers.
- There is a NYC DOT system in place to accommodate Limited English Proficient (LEP) customer requests.
- When CSLACU receives a service request in different languages, including English, CSLACU sends the VR forms in the same available language to the customer.
- Additionally, VR forms are available and distributed in our Public Service Centers (PSC).
- During January 1, 2025 to June 30, 2025, CSLACU received 2,399 Service Requests resulting in Voter Registration forms sent to customers in English, Spanish, Russian, Korean, Haitian Creole and Chinese.
- These CSRs resulted in 3,394 literatures/essential documents mailed out to customers in multiple languages including English.
- Including VR forms, CSLACU sent a total of 5,793 NYC DOT literatures to customers during January 1, 2025 to June 30, 2025.
- Additionally, VR forms are available and distributed in our Public Service Centers (PSCs).

Agency-Based Voter Registration

Reporting Period: January 1, 2025 through June 30, 2025

During this reporting period, CSLACU mailed out the following type of literature/MCD to NYC constituents along the VR forms:

- PPPD - Initial - City Application
- PPPD - Initial - State Application
- PPPD Brochure
- Alternate Side Parking Calendar 2025
- NYC Bike Map
- Bike Smart Guide
- Truck Route Map for New York City

The following chart represents the numbers of NYC DOT literature requests mailed out along with VR forms to NYC constituents:

January 1, 2025 to June 30, 2025

Agency-Based Voter Registration

Reporting Period: January 1, 2025 through June 30, 2025

Describe any special registration activities, if any

- As of June 30, 2025, VR forms are available to the public at the 10 NYC DOT Public Service Centers (PSCs).
- During elections, NYC DOT includes VR forms in all the email communications received by NYC constituents.
- NYC DOT website has a "[Register to Vote](#)" icon/tile permanently on its landing page. This active hyperlink sends NYC DOT customers directly to "NYC Votes"

Describe challenges, both resolved and unresolved

- As indicated on previous Agency-Based Voter Registration reports, the number of Voter Registration (VR) forms completed and sent to the Board of Elections (BOE) continues to be a challenge for NYC DOT.
- Currently, NYC DOT has no verification system to know whether customers who correspond with NYC DOT or visit the Public Service Centers (PSCs) are already registered to vote or may be ineligible to register to vote.
- NYC DOT is unable to monitor and track how many customers filled out the VR forms at the PSCs, how many forms were sent to the BOE once customers leave the PSCs, and/or if forms are not completed by the customers at the PSCs and sent to the BOE by the PSCs managers.
- It is important to mention that although PSCs are open to the public, NYC DOT typically distributes a small number of VR forms to customers due to the low walk-in rate for PSCs throughout the City.
- When customers visit the PSCs, NYC DOT cannot compel customers to fill out the forms, submit the completed forms to the PSCs managers, collect and send completed VR forms to the BOE.
- NYC DOT is unable to determine if customers complete and returns the VR forms to the BOE once they receive the VR forms with their NYC DOT correspondence and literature.
- NYC DOT maintains its previous recommendation sent to the New York City Campaign Finance Board suggesting that the BOE set up electronic sorting and agency scan codes to determine which VR forms were distributed by different City agencies to their customers.

Describe how your agency distributes applications.

NYC DYCD contracts with and provides direct support to 279 nonprofit youth and family service organizations across all 59 community boards in NYC.

Our network of agencies is composed of Human Service professionals and community service workers that are representative of the varied cultures, languages and overall demographics of host communities. In most cases, the organizations engaged in this work are indigenous to the communities they work with and bring a multitude of services to local communities beyond the scope of just NYC DYCD funding.

Contracted nonprofit organizations are encouraged to utilize and imbue program activities with specific content related to Voter Registration and Civic Engagement throughout the course of a program year. There are scheduled activity cycles in local communities over the course of a program year that are led and facilitated by the organizations as part and parcel of a formal work plan.

This runs the gamut from large group activities designed for Parent and Student engagement within our host schools and community-based settings to large-scale community-wide events and activities that are attended by Parents, Student participants, and host communities.

Agency-Based Voter Registration

Reporting Period: July 2024-June 2025

Describe any special registration activities, if any.

NYC DYCD conducts an outreach campaign to inform the network of 279 Provider organizations of reporting requirements regarding Voter Registration and Civic Engagement including a defined set of activity standards an overview of potential training opportunities, Election cycle dates and high activity periods, and any new resources we may be exploring.

All organizations receive orientation, Voter Registration and Education materials packets and a well-defined plan for the commencement of a new program year.

In addition, we have established a formal partnership with **NYC VOTES** for direct training and technical assistance support to selected and interested providers on a Citywide basis.

Over 60 nonprofit organizations participated in formal trading opportunities with **NYC VOTES**, and we will continue to expand these efforts as we enter a new program year.

This year we initiated some targeted efforts in low registration and Voter turnout districts specifically in identified Bronx, Manhattan and Brooklyn districts.

We also ventured into the training of identified CBO/School Partnership relationships that built on Scholl based leadership efforts intended to strengthen Parent Engagement.

In all cases NYC VOTES provided us with excellent materials in multiple languages related to Primary and Election Day activities.

NYC DYCD has provided us with access to applications and relevant requirements criteria in support of Registration and Engagement efforts. The information that we received on Ranked Choice Voting in multiple languages was welcomed and utilized by many local Community organizations engaged in Voter education activities.

Describe challenges, both resolved and unresolved.

Our organizations and participants speak to the heightened pressures of becoming active and engaged citizens while stepping into a theatre of many complex pressures that devalue the importance of all voices being heard. There are real and palpable expressions of social, emotional and in some cases real physical trauma that will and has dampened the abilities of organizations to engage and continue the work needed consistently with the mission and vision of NYC DYCD.

The challenges presented will have to be assessed and negotiated as we maintain our commitment to the ongoing development and maintenance of a functioning and vibrant democracy in NYC.

In most cases, the organizations engaged in this work are indigenous to the communities they work with and bring a multitude of services to local communities beyond the scope of just NYC DYCD funding.

Contracted nonprofit organizations are encouraged to utilize and imbue program activities with specific content related to Voter Registration and Civic Engagement throughout the course of a program year. There are scheduled activity cycles in local communities over the course of a program year that are led and facilitated by the organizations as part and parcel of a formal work plan.

This runs the gamut from large group activities designed for Parent and Student engagement within our host schools and community-based settings to large-scale community-wide events and activities that are attended by Parents, Student participants, and host communities.

Describe any special registration activities, if any.

NYC DYCD conducts an outreach campaign to inform the network of 279 Provider organizations of reporting requirements regarding Voter Registration and Civic Engagement including a defined set of

activity standards an overview of potential training opportunities, Election cycle dates and high activity periods, and any new resources we may be exploring.

All organizations receive orientation, Voter Registration and Education materials packets and a well-defined plan for the commencement of a new program year.

In addition, we have established a formal partnership with **NYC VOTES** for direct training and technical assistance support to selected and interested providers on a Citywide basis.

Over 60 nonprofit organizations participated in formal trading opportunities with **NYC VOTES**, and we will continue to expand these efforts as we enter a new program year.

This year we initiated some targeted efforts in low registration and Voter turnout districts specifically in identified Bronx, Manhattan and Brooklyn districts.

We also ventured into the training of identified CBO/School Partnership relationships that built on Scholl based leadership efforts intended to strengthen Parent Engagement.

In all cases NYC VOTES provided us with excellent materials in multiple languages related to Primary and Election Day activities.

NYC DYCD has provided us with access to applications and relevant requirements criteria in support of Registration and Engagement efforts. The information that we received on Ranked Choice Voting in multiple languages was welcomed and utilized by many local Community organizations engaged in Voter education activities.

Describe challenges, both resolved and unresolved.

Our organizations and participants speak to the heightened pressures of becoming active and engaged citizens while stepping into a theatre of many complex pressures that devalue the importance of all voices being heard. There are real and palpable expressions of social, emotional and in some cases real physical trauma that will and has dampened the abilities of organizations to engage and continue the work needed consistently with the mission and vision of NYC DYCD.

The challenges presented will have to be assessed and negotiated as we maintain our commitment to the ongoing development and maintenance of a functioning and vibrant democracy in NYC.

We distribute voter registration forms:

- 1-As part of our customer service process. After applicants' finish speaking with our greeters—and before we issue their queuing ticket—we ask if they would like to register to vote while they wait for their number to be called. This ensures they could complete the form without interrupting their visit.
- 2- After applicants complete their exam, they often read the voter registration message included in the exam materials. Upon exiting, some of them ask for a voter registration form, showing that the message effectively encourages participation.
- 3- Booklet are displayed the table where applicants are required to pick up forms for their tests, they often ask about the voter booklet placed nearby. When this happens, we take the opportunity to explain its purpose and provide any necessary information.

Due to budget cuts and ongoing challenges with the Accela system—which remains difficult to navigate—we are experiencing a significant shortage of staff. This has impacted our ability to consistently engage with customers, including asking whether they are registered. On some days, we must rely on customers noticing the displayed booklets and taking initiative to request assistance about the booklets.

Describe how your agency distributes applications.

The TLC currently maintains a staff of approximately 600 employees, many of whom interface daily with licensees. Voter registration forms are distributed in four separate ways to various TLC divisions and departments:

- **Human Resources** (located in Manhattan) includes registration forms in hiring packets for new employees.
- **Policy & Community Affairs** (located in Manhattan) distributes voter registration forms at outreach events.
- **The Licensing & Standards Division** (located in Long Island City, Queens) has forms available for visitors to take at its licensing transaction counters. Licensing maintains about 300 applications available for distribution at all times. Also, information on how to contact the Board of Elections is included on many TLC-issued forms for licensees.
- **Safety & Emissions Division** (located in Woodside, Queens, and Staten Island) has forms available for distribution at its counter operations that licensees must visit on a regular basis (ranging from three times a year to once every two years) for inspection of their vehicle.

By using these targeted strategies, TLC helps licensees and incoming employees receive voter registration information.

TLC continues to plan and attend public events where voter registration forms are available to the public. Additionally, TLC shares voter registration and upcoming election information with licensees and TLC employees through social media and email blasts. TLC emails are sent to a list of over 250,000 licensees.

During the reporting period, licensees were informed of various voting methods, including Early Voting, and Absentee Ballot Voting, prior to the June 2025 Primary Election.

We also continue to feature voter registration information on the TLC Website:

[Driver Resources Page](#)

Describe challenges, both resolved and unresolved.

Encouraging licensees to take the time to fill out voter registration forms at tabling events continues to be a challenge.

A significant portion of our licensee population are limited English proficiency (LEP) persons or immigrants who are non-citizens. As a result, many of our licensees are not eligible to participate in federal, state, or local elections. I would like to mention that multiple TLC licensees expressed interest in voting if they were eligible and were informed about pending legislation to let non-citizens participate in local New York City elections.
