re: Local Law 67 of 2022: Park and Playground Inspections

Dear Speaker Adams:

Pursuant to Local Law 67 of 2022, The New York City Department of Parks and Recreation is required to submit a report to the Council regarding park features under the jurisdiction of the department that were found to receive an unacceptable rating three or more times during a six-month period, resulting from inspections conducted by the department.

Between July 1, 2024, and December 31, 2024, the below site received three or more unacceptable ratings ("U," "U/S") during internal inspections:

Borough	Property ID	District	Site Name	Date	Failed Feature	Rating	Inspection ID
M	M208C	11	Harlem River Park	8/27/2024	Litter	U/S	186144
M	M208F	11	Harlem River Park	9/9/2024	Litter	U	186411
M	M208D-02	11	Harlem River Park	10/28/2024	Litter	U	187415

Inspection results and remediation efforts are reviewed monthly with the First Deputy Commissioner, Chief Operating Officer, and Borough Chiefs of Operations. A granular breakdown of inspection data with the district managers occurs biannually. Should you have any questions, please do not hesitate to contact me at (212) 360-3431.

Very truly yours,

John Luisi
